MEMORANDUM FOR THE RECORD

SUBJECT: Administration of SCAPIN 550 re Former Career Army and Navy Officers and Former Kempei Tai in the Government Service

A. DEMOBILIZATION AND REPATRIATION

1. The employment of career military and naval personnel in the demobilization and retatriation machinery of the Japanese Government has since the issuance of SCAPIN 550 been under the operational supervision of G-2, COMNAVFE, and Government Section as the principal responsible SCAP agencies.

2. In July 1947, in order to provide closer check on the demobilization and repatriation structure the Japanese Government was instructed to submit individual applications for retention of all former career military and naval personnel for whom retention was deemed essential.

3. SCAPIN 1791, dated 4 October 1947, directed the Japanese Government "to undertake a complete and comprehensive study and survey of the organization, personnel, functions, and operating procedures of all boards, bureaus, and agencies of the Japanese Government now engaged in or charged with responsibility for demobilization, repatriation, investigation, or research of matters pertaining to the war or personnel serving in the Japanese armed forces or in any manner connected with former Japanese military organizations and to submit not later than 1 January 1948 to the Supreme Commander for the Allied Powers for approval, a detailed plan for the effective ultimate elimination of separate demobilization agencies and the efficient and gradual adsorption of all necessary remaining functions and operations connected with demobilization and demilitarization into the permanent administrative structure of the Japanese Government. Implementation of such plan shall in no event be undertaken until the Supreme Commander for the Allied Powers has given final written approval but such plan will be so devised as to initiate such elimination and absorption within four months after the date of submission. Such plan will insure the continued efficient execution of existing directives and instructions of the Supreme Commander for the Allied Powers relating to demobilization and demilitarization. Such plan will provide for the control of the policies of agencies thereafter engaged in demilitarization and demobilization by persons not subject to the provisions of SCAPIN 550 and will insure the speedy elimination of remaining ex-military officers subject to SCAPIN 550, approval for whose retention has not been specifically granted in each individual case by the Supreme Commander for the Allied Powers."

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 773012

4a. After several authorized postponements the Japanese Government submitted a reorganization and reduction plan on 4 May 1948. This plan was approved by SCAP on 14 May 1948 and Memorandum for Japanese Government (SCAPIN-A) directed the Japanese Government "to take all steps necessary to put the plan into effect by 31 May 48".

b. According to Memo for the Record, subject: Demobilization, dated 21 May 48, Mr. Hussey of Government Section informed the CLCO that this plan had been approved and of the effective date.

c. SCAPIN-A and complete reorganization and reduction plan of the Japanese Government are to be found under Tab A of the Memo for the Record cited in b above.

5a. Attached as Tab A hereto is a composite chart of the numbers of former career army and navy officers in the demobilization and repatriation organizations as of 31 May 48, the numbers of persons to be dismissed monthly, and the personnel levels from June 48 thru Mar 49.

b. Also included in this file are name lists of the former career army and navy officers in the demobilization and repatriation agencies on 1 June 48 (Tab B).

c. Monthly lists of persons dismissed from such agencies will be filed under Tab C as received and deletions will be noted on original lists (Tab B) as effected.

6. It has been agreed that as part of the over-all reorganization and reduction plan that at the end of March 1949, at which time the numbers of career army and navy officers in these agencies will have been reduced to fifty percent of the June 1, 1948 totals, further consideration of the demobilization and repatriation machinery of the Japanese Government will be undertaken.

B. OTHER GOVERNMENT SERVICE

1a. Radio W 97791 from JCOS dated 18 Mar 48, item 13 clarifies policy with regard to employment of former career military and naval officers and gendarmerie in government service as follows:

> "For the purpose of prevention of the revival of Japanese militarism, persons who have at one time fallen within any of the following categories should not be nominated or employed in the government service, public office, or educational institutions except as they may be necessary in performing duties essential to the demobilization of repatriated military and naval personnel.
>
> "a. Generals, admirals, and all other senior officers and all career officers of the Army, Navy, and gendarmerie;
>
> "b. Other officers of the Army, Navy and gendarmerie, including members of the reserve, if their employment would harm the cause of peace and security;

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 773012

"c. Officials of ex-officers; and other military associations and of bodies closely associated with the Armed Forces.

"The Supreme Commander for the Allied Powers may authorize the nomination or employment of a person coming within categories a and c if his record shows that he has been an opponent of Japanese expansionism and totalitarianism."

b. The Japanese Government was informally notified that this policy was to be immediately applied to all agencies of the Government both on the national and local levels, and to include official and non-official positions. They were further instructed that these removals were to be accomplished by 30 April 1948, and that certifications would be required from all responsible organizations in the Japanese governmental structure that these instructions had been carried out.

2a. Over the signature of TOMABECHI, Gizo, Chief Cabinet Secretary, a certificate was received from the Japanese Government on 19 July 48 to the effect that no former career army or navy officers or former Kempei Tai are in the employe of the Japanese Government on the national level, in either official or unofficial capacity, except those engaged in demobilization or repatriation or in positions connected with operations of the Allied Forces and whose retentions have been recommended by SCAP sections concerned.

b. Certificates from the responsible officials of central government ministries and agencies were submitted on the same day in support of covering certificate mentioned in a above.

c. Certificates from the prefectural governors covering the local level status of the same subject are expected to be submitted to Government Section by the end of May.

d. Above certificates are found under Tab D.

3. Certain individuals or groups of individuals, of specialist categories (i.e., meteorologists, etc. employed by the 43rd Weather Wing) have been recommended for retention on the operational level, and a memorandum covering such exceptional retention requests is being prepared for consideration by the Chief of Staff.

DECLASSIFIED E.O. 11652 SEC. 3(E) AND 5(D) OR (E) NNDG # 773012

"The Supreme Commander for the Allied Powers may authorize the nomination or employment of a person coming within categories a and c if his record shows that he has been an opponent of Japanese expansionism and totalitarianism."

b. The Japanese Government was informally notified that this policy was to be immediately applied to all agencies of the Government both on the national and local levels, and to include official and non-official positions. They were further instructed that these removals were to be accomplished by 30 April 1948, and that certifications would be required from all responsible organizations in the Japanese governmental structure that these instructions had been carried out.

2a. Over the signature of TOMABECHI, Gizo, Chief Cabinet Secretary, a certificate was received from the Japanese Government on 19 July 48 to the effect that no former career army or navy officers or former Kempei Tai are in the employe of the Japanese Government on the national level, in either official or unofficial capacity, except those engaged in demobilization or repatriation or in positions connected with operations of the Allied Forces and whose retentions have been recommended by SCAP sections concerned.

b. Certificates from the responsible officials of central government ministries and agencies were submitted on the same day in support of covering certificate mentioned in a above.

c. Certificates from the prefectural governors covering the local level status of the same subject are expected to be submitted to Government Section by the end of May.

d. Above certificates are found under Tab D.

3. Certain individuals or groups of individuals, of specialist categories (i.e., meteorologists, etc. employed by the 43rd Weather Wing) have been recommended for retention on the operational level, and a memorandum covering such exceptional retention requests is being prepared for consideration by the Chief of Staff.
