

BIG DAY'S WORK

MORE THAN 1000 COMPRESSES MADE WEDNESDAY BY SURGICAL DRESSINGS DEPT.

The biggest day's work that has yet been accomplished by the Surgical Dressings Department of the Glendale Red Cross Chapter, was turned out Wednesday when more than one thousand 8x4 compresses were turned out. Mrs. Cleveland was instructor of the day and the ladies who did the work were: Mesdames W. F. Andrews, Walter Stamp, A. L. Lawshe, Carson Taylor, C. L. Peckham, E. M. Towle, Thomas Woods, W. M. Kimball, W. A. Reynolds, Archie Parker, A. R. Hildreth, Edgar Pack, A. R. Barnett, Mrs. Burchfield, Mrs. Goewey, Misses Anna and Gertrude Van Pelt, Mesdames J. A. Flint, C. L. Bullard, H. M. Oswald and Charles Douard.

In the hospital garment section in charge of Mrs. Lawrence Ellis it was also a very busy day because an inspection of garments was made preparatory to shipment the early part of next week. Every garment turned out is carefully examined to see that it meets in all respects the Chapter requirements, that all buttons and tapes are on and in the right place, that the pockets are perfect and bear the red cross, and that in every detail it will pass the muster of critical examiners at Washington. Nine or ten dozen garments were thus inspected by the ladies of the Baptist Church Woman's Society who assembled at headquarters yesterday, under general direction of Mrs. Ellis. In addition they made a goodly number of pajama suits.

The assorting committee was also employed assembling the different parts for the various garments which have been cut for the Chapter by Los Angeles manufacturers. Mrs. Cook who has made this her special business was at headquarters as soon as open in the morning and remained all day working hard every minute of the time.

Today is the regular sewing bee in this department and it will be another long, busy day for Mrs. Ellis. On Monday Mrs. Sadler will have charge.

Mrs. Blackburn reports that seven new memberships were taken out the first three days of this week.

RED CROSS EVENING

PLANS ARE BEING MADE TO ENTERTAIN WORKERS AT HEADQUARTERS

We are proud of the work of the women of Glendale for the Red Cross. They are working tirelessly for their country and an aggregate of thousands of hours with a production of thousands of articles is being piled up every month.

But the need is so much greater than the supply—two fold, ten fold, yes a hundred fold—that we cannot for one moment let up. In fact hard as we are working at present, we must put on a little more pressure, do just a little better.

So to facilitate this the manager, A. L. Lawshe is arranging for a weekly "Red Cross Evening," at the headquarters on Brand boulevard. Mr. Lawshe has spent years in the Orient and tells of his impressions of many of the large cigar factories in Manila and elsewhere where hundreds of men and women roll cigars with monotonous regularity day in and day out. The proprietors of these factories make a practice of hiring a reader who is perched up in the center of the large room and reads aloud. The news, short stories, science and what not are thus brought to those who are at work, their minds are occupied profitably, the time is seemingly shortened and their work is facilitated.

The Executive Committee is going to put a modification of this plan into practice soon. Commencing next Thursday evening at 7:45 till 9:15 or thereabouts the Red Cross rooms will be open for the manufacture of surgical dressings and any articles that can be cut, sewn and knitted without noise (no machine sewing) and arrangements have been made to have profitable entertainment during the work.

Many who now work during the afternoon can arrange to help a little more one evening a week; and many others, unable to come in the afternoons can spend an evening to great advantage to themselves as well as to the organization.

An announcement will be made later as to the character and extent of the program. You are invited to plan your affairs so that you can devote Thursday evenings to the Red Cross.

WEATHER FORECAST—Probably showers tonight and Friday.

AT CAMP LEWIS

HARRY FRANCY WRITES OF LIFE IN BIG ARMY CANTONMENT

Camp Lewis, Tacoma, Wash., February 4, 1918.
Mr. A. T. Cowan,
Glendale, Calif.

Dear Sir:—I promised you before leaving Glendale that I would drop you a few lines—so here goes.

It is just two months ago today that I arrived here in camp and have had some wonderful experiences in that length of time.

Being a greenhorn at the army game, I had many things to learn and have profited by lessons learned and still think army life is not so bad.

I find that the little word "obey" plays a big part in army routine and once you learn that you get along all right.

Mark and I are enjoying the best of health. So many of the California boys, on coming here get pneumonia, but Mark and I were lucky and have not been sick once, while here.

I think I would like Washington if it was not so rainy in the winter time. They say the Summers here are fine.

During the month of December it rained almost every day.

We were quite surprised when we stepped out of the barracks Friday morning and found Camp Lewis morning in white. During the night about three inches of snow had fallen, and it was sure a pretty sight, to gaze at the tall pines, covered with snow, glistening in the sunlight.

The weather is not cold, our coldest night was Wednesday, and it was only 27 degrees above.

This is certainly a great camp and is the second largest in the U. S. It will accommodate about forty thousand soldiers, and they are still making additions to it.

A person can step out on the parade grounds and see the men drilling and he then can realize that we are at war and that Uncle Sam is being prepared; but it will mean sacrifices for us all. The boys on the fields are making theirs, and it is up to the folks at home to do their utmost and back us up in every way possible and it is then that we shall win the world for Democracy.

The accommodations here are very good and the officials in charge try to make it as pleasant for the boys in olive drab as they can.

They are putting in an amusement zone—will call it Greene's Park, named after Maj. Gen. Greene, first commander of this division—a place where the boys can find good, clean entertainments, without having to go to the cities for them. They are erecting a hotel on the zone and when completed will contain 500 rooms, and will cost about \$150,000.

The Young Men's Christian Associations are doing a splendid work here, and one may spend many profitable and pleasant hours there. There are five of these associations at Camp Lewis.

I have an uncle that only lives thirty-five miles from here, and have spent several pleasant week-ends there.

Tacoma reminds me very much of San Diego, and is about the same size. Seattle is a much larger city and the people there seem to have more pep than those who live in Tacoma. Seattle has an excellent harbor, and they are building ships on a very extensive scale. It is only 50 miles from here.

The people here in the Northwest are very hospitable and try to entertain the boys, while in their city, the best they know how. Go to Seattle or Tacoma, and you are always invited out to their homes, and they think there isn't anything too good for the soldier boys, and if you refuse the invitations they are real peeved.

I was transferred to the Q. M. C. Thursday and am working in the payroll department of the Field Auditor. I like the work fine, and it is similar in many respects to banking.

Mark is also in the Q. M. C. and is timekeeper for one of the construction companies, which the government has taken over. His address is Camp Lewis, Tacoma, Wash. in care of Independent Asphalt and Paving Co.

My address is in care of Field Auditor. Give my regards to all in the office, and hoping the year 1918 may be the best ever for you, I am,

Very truly yours,
HARRY FRANCY.

Do not forget the meeting of the Glendale Garden Society this evening in the Library of the Third Street School. Come and hear about the Penny Seed Packets. Everybody welcome.

210 ARE LOST ON TUSCANIA

LIST OF THOSE MISSING MAY BE REDUCED WHEN LATER AND MORE ACCURATE REPORTS COME IN

(Special Service to Glendale Evening News)

WASHINGTON, February 7.—Two hundred and ten lives, 145 of which were officers and soldiers in the American army streaming across the Atlantic to France, were swept into eternity yesterday under the savage stealth of a German U-boat attack which sank the American transport Tuscania, a British steamer said to be under British convoy carrying American troops to France.

The ship was bound presumably for Liverpool when torpedoed off the north coast of Ireland. It carried scattered units of Headquarters Cos. D. E. and F. of the 20th engineers; 170th Military Police; 107th Supply Train; 100th, 158th and 213th Aerial squadrons and a replacement detachment of the 32nd division. Fifty-one unassigned officers were also aboard. The detachment of the 32nd division included Michigan and Wisconsin guardsmen.

Only a few names of the survivors have begun to reach the war department today from Belfast, Ireland. They will be given out in their entirety to allay the anxiety of relatives at home.

It is believed that later today the list of those lost may be reduced with later and more accurate reports coming in, since it is declared there were a great many ships in the vicinity of the Tuscania when it was torpedoed.

American survivors are landing in Ireland and are being given every comfort and aid.

The Tuscania was warned by another vessel which spotted the torpedo, and was in the act of turning when struck, an eye witness declared today. He said the captain of his ship saw the wake of the torpedo and evaded its course. The Tuscania was signalled: "Torpedo coming! Dodge!" The huge transport started to turn and was caught broadsides, not having time to swing into the clear.

The ship sank in forty-eight minutes. Two explosions were heard, one apparently caused by the bursting of the boiler.

FEW CALIFORNIANS ABOARD TUSCANIA

MANY OF THE 1400 CALIFORNIA MEN BELONGING TO 20TH ENGINEERS ARE ALREADY IN FRANCE

(Special Service to Glendale Evening News)

SAN FRANCISCO, February 7.—Although 1400 Californians are members of the 20th Engineers, Cos. D. E. and F. of which were aboard the Tuscania, indications are today that not many Californians, if any, were aboard the vessel when it was hit by a torpedo from a German submarine. Most of the Californians in the 20th are in other companies which have already reached France.

TUSCANIA VICTIMS PROTECTED BY INSURANCE

AUTOMATIC PROVISION OF WAR RISK LAW WILL PROTECT ALL SOLDIERS LOST ON TORPEDOED TRANSPORT

(Special Service to Glendale Evening News)

WASHINGTON, February 7.—All the American soldiers lost in the torpedoing of the transport Tuscania will be protected by government insurance, Secretary of the Treasury McAdoo announced today.

How many of the men who are lost applied for insurance is unknown. However, those who did not will be protected as well as those who did, by the automatic provision of the war risk law which aggregates for each man \$4300 or \$25 a month for 240 months.

BOLSHEVIKI DEMAND RECOGNITION

THREATEN BRITISH SUBJECTS IN RUSSIA IF M. LITZINOFF IS NOT RECOGNIZED AS AMBASSADOR

(Special Service to Glendale Evening News)

PETROGRAD, February 7.—The People's Commissary are reported to have sent an ultimatum to the British embassy demanding recognition of M. Litvinoff, Bolshevik ambassador accredited to London.

"If Great Britain continues her refusal, stringent measures will be taken against British subjects here," the ultimatum declared.

SOLDIERS KILLED AT CAMP DONOVAN

PREMATURE BURSTING OF 6-INCH SHELLS RESPONSIBLE FOR DEATH OF THREE IN TRAINING CAMP

(Special Service to Glendale Evening News)

CAMP DONOVAN, Okla., February 7.—Premature explosion of 6-inch shells is assigned as the cause of the death of three soldiers in training here, one being a captain.

Two other privates were probably fatally injured.

AERIAL MAIL SERVICE

(Special Service to Glendale Evening News)

LONDON, Jan. 15 (By Mail).—Europe will soon have aerial mail service. "As soon as the military situation will admit, international aerial posts between London and the principal capitals of Europe will be instituted," Albert Illingworth, Postmaster-General, announced.

THE JUNIOR DRIVE

MEMBERSHIP CAMPAIGN FOR JUNIOR RED CROSS FROM FEBRUARY 12 TO 22

The conference in regard to Junior Red Cross Auxiliaries which was held Tuesday afternoon at the headquarters of the Los Angeles Chapter, was attended by several Glendale representatives the list including A. L. Lawshe, Vice Chairman and Business Manager of the Glendale Chapter, and Richardson D. White, Chairman of the Chapter School Committee.

These gentlemen report that the meeting was of an inspirational character rather than a practical nature, the aim being, apparently, to stimulate enthusiasm for this branch of Red Cross work. Mrs. Kluegel, Pacific Coast Director of Junior Activities and Mrs. Margaret S. McNaught, State Commissioner of Elementary Education, were speakers and reported in a general way the Junior Red Cross Conference recently held in Washington D. C., at which they were both present and where the general problems of Junior Red Cross activities were discussed.

Dr. Albert Shiels, Superintendent of the Los Angeles City schools, and Mark Keppel, County Superintendent of Schools also made addresses calculated to stimulate interest in this new work which is being introduced into school curriculums.

Announcement was made of a Junior Red Cross Membership Drive from Lincoln's Birthday, February 12th, to Washington's birthday February 22d.

At the end of the meeting, following the general promotion speeches, a few practical questions relative to methods of organization and kindred matters were considered.

In a general way the conference was a disappointment to Glendale representatives because it added nothing to their knowledge already obtained from the excellent pamphlets which have been sent out from the Washington headquarters which completely outline the plan of organization, and which place the responsibility for these Junior Auxiliaries in the hands of the School Committee of the local Chapter who will be expected to work out their problems with due regard to local conditions.

Richardson D. White, Superintendent of Glendale's Grade Schools, is chairman of the School Committee of the Glendale Chapter, and as he is intensely interested in Red Cross work and more conversant with school conditions than any other Glendale citizen, we can feel assured that our Junior Auxiliaries will be well directed.

The relations between the supervising Chapter and the Junior Auxiliaries will be entirely harmonious. The Juniors will be allowed considerable independence and they will handle their own funds and purchase their own supplies, but they must report to the parent chapter and be subject to its orders and standards as to the kind and quality of the products turned out, which products the Chapter will sell if salvage, or if army or hospital supplies will ship.

FUN IN CAMP

This paper is in receipt of a most interesting account of a concert and magical entertainment given by members of the 112th Aero Supply Squadron at Kelly Field near San Antonio, Texas. This has recently been reorganized and renumbered as 633d Aero Squadron and in it are two Glendale boys, viz. Sergeant Robert T. Philp, and First Class Private, Thomas V. Philp, both the sons of Mr. and Mrs. V. E. Philp of 225 Orange street, this city. As the company includes a number of men who were professional entertainers in civil life, among them Raymond Gallatovits, formerly known as "Raymond the Magician," the program appears to have been one of unusual excellence and must have proved vastly entertaining to the men and their friends who attended.

RED CROSS HOURS

Hereafter the headquarters of the Glendale Red Cross Chapter above the Bank of Glendale, 340 South Brand boulevard, will open at 9 o'clock a. m. on the six working days of the week, and will close promptly at 5 o'clock on the first five days of the week. On Saturday no work will be done in the afternoon. No work will be given out before or after the hours named, as chairmen must be given an opportunity to put away all work of the day which they are required to keep under lock and key except during the time it is being manufactured. This announcement is made that the public may know when to visit headquarters and not make fruitless trips to the rooms.

CLASSIFYING THE MEN

CARD INDEXING REGISTRANTS BY TEACHERS OF GLENDALE SCHOOLS

The work of indexing Questionnaires for the use of the government in classifying registrants, which is being done by teachers of the grammar and High School under the general direction of Miss Ida Waite, is going forward systematically. Miss Waite has been at the headquarters of the Exemption Board every afternoon and evening since Friday last and has been assisted by other teachers who have worked in relays, part in the afternoon and part in the evening. With all Questionnaires thus indexed the government will be able to mobilize an army quickly by calling the men it needs who are specially fitted for each department of the military service. It is not necessarily difficult work, but it must be done with intelligence and care.

Each card must state whether the registrant has been pronounced fit for military service, fit for limited military service, or disqualified for military service. It must give his first and last name, his native state, his place of residence, his age, what language he can speak, his education—whether grammar, high school, college or technical, his industrial qualifications and business, whether he is an owner or an employe. Under this there are several blanks in which can be listed the various occupations he may have followed. There are also blanks for the special tools or instruments with which he may have worked, the number of years he has worked, and the wages he has received, also for the name and address of his present employer, his physical condition and whether qualified or unqualified for military service as shown by the findings of the medical examiners.

If the registrant has failed entirely to fill out a Questionnaire, the card must show that, and finally, the date of carding is entered.

It is by no means a small job. It is exacting, calling for continual reference to different portions of the Questionnaire, and it must be strictly accurate. Miss Waite states that fifteen minutes is sometimes consumed in filling out one card. From this, some idea of the magnitude of the task can be gained.

The Board and the Government are exceedingly fortunate in being able to command the trained intelligence of these patriotic teachers who are so unselfishly giving their service, after their regular day's work, without compensation.

As before stated, Miss Waite has general supervision of the work and is at her post afternoon and evening, devoting to it about four hours daily. She has been assisted by about twenty-five other teachers of Glendale; the list including: Miss Nellie Todd, Miss Loraine Mitchell, Mesdames M. O. Ryan, Fannie O. Stone, M. Longley, Zella Robinson, Marie Schwarze, Misses Margaret Knepper, Helen Darcy, Jessica Prindle, Mary Circle, Margaret McPherson, M. Cooper, Ella Mosher, Lucile Sparks, Elizabeth Jackson, Ethel Chase, M. Speck, Sadie Yarnell, Clara Midcall, A. M. Rucker, R. Abbott, Helen Goldthwaite, Miss Fenton, Mr. Blanford and others.

SENIOR PLA TO SING

FAMOUS SPANISH OPERA SINGER TO APPEAR AT RED CROSS BENEFIT

The big Red Cross benefit concert to be given Tuesday evening, February 12 promises to be quite the best of the series both in excellence and in attendance. The committee, headed by Miss Alice Frank are outdoing themselves in trying to secure unique and artistic numbers for the program. They feel highly honored that Senor Pla, a Spanish opera singer who has made a national reputation for himself in the musical world has consented to sing that night.

The quartet from N. P. Banks Post, G. A. R. made up of civil war veterans has been asked to sing and has promised its services. This will be a number that all will enjoy.

Samuel Parker has written an original poem for the occasion and this will be read by Miss Cora Hickman. Mr. Parker, of course, will be a special guest at the entertainment.

Mr. Jensen of the Palace Grand has some specially made colored slides which he is using each evening to advertise this concert. The committee has not yet completed compiling the program and will have other good things to announce between now and Tuesday night.

GLENDALE, CALIFORNIA, THURSDAY, FEBRUARY 7, 1918.

KEEP YOUR LIBERTY BOND

The Liberty bond is a government bond—as good a bond as the government has ever issued. Just as safe. Just as reliable. Don't forget this. Nor that in all its history the government has never defaulted one of its bonds. There is no better security on earth. It is as good as a greenback, so far as its safety is concerned. It pays you 4 per cent interest annually, just as much as you can get for your greenback at any savings bank. And its face value will never shrink.

There have been times when government bonds went below par, just as in recent months Liberty bonds have sold below par. But there was never any valid reason why they should have done so. And they never stayed there so very long at a time. Since the war of 1812 there has never been an issue of United States bonds that failed to go above par. Some dropped below for a time, but they always rose again. Five per cent bonds due in 1865 sold at 127 in 1863; 6 per cent bonds due in 1881 sold at 123 in 1873; 4 per cent bonds due in 1907 sold at 130 in 1889; another 4 per cent issue due in 1925 sold at 139 in 1901; 2 per cent bonds due in 1930 went to \$109.

And the day is coming when these Liberty bonds will sell above par. Where the government bonds went below par there was always just one reason: Someone needed money quickly. In order to get it bonds were offered on the market for whatever price they would bring. This happened usually in tight money periods. With normal conditions they went back to normal value.

Loss is impossible upon a government bond investment. Back of these bonds are all the wealth of the nation, something more than \$250,000,000,000. Every dollar of this wealth can be taxed by the government for the redemption of its bonds. So long as there is a United States its bonds will be the best investment on earth. No other country is so rich; no other has such security back of its bonds. Don't sell your Liberty bonds. Keep them. You will be rewarded by having the price equal and exceed what you paid for them.

SLIGHT FALLING OFF IN AGRICULTURE AT BERKELEY

Enrollment statistics in the College of Agriculture of the University of California at Berkeley show that there has been a falling off of city-bred students of agriculture. The number of country-bred students has not decreased, it is stated. This information is contained in Dean Thomas F. Hunt's report to President Wheeler, which is published as part of the annual report of the President of the University to the Governor of California.

Dean Hunt points out that although in the College of Agriculture proper the enrollment has somewhat decreased, in the Short Courses there has been a large increase, due mainly to the introduction of a new course on tractors.

In his personal report to the Governor President Wheeler comments upon the decrease in enrollment in the College of Agriculture, saying: "Agriculture appears to be holding its own among the colleges of the University. It seems to have passed its period of rapid student increase."

MONEY TO PLAY WITH

In Washington it is predicted that the money shortage in Petrograd will shortly be relieved by an issue of paper roubles, printed in Berlin from the same plates that were used by the banknote company there to get them out for Russia before the war.

This will help the situation about as much as Mexico has been helped by the various revolutionary issues of currency during the past seven years; as the Confederate states were helped, and before them, our own revolutionary war government.

But such an issue and its inevitable depreciation to the zero point will help to bring the Russian people to their senses. It is one of those cases where things must get worse before they can be better.

No doubt Germany has this in mind in supplying the Bolsheviks with plenty of pretty paper to play with, only Germany counts on the reaction going far enough to put a Romanoff or hanger-on of the Hohenzollern house back on the throne as her secret retainer. —Ex.

LIFE'S KEENEST PLEASURE

The attainment of success should always be in the future. If you succeed today, tomorrow you should succeed again. If you have reached a goal for which you have struggled for many years, you can enjoy your victory to the full, but life will become dull, monotonous and fruitless unless you set another goal, begin another chase. For the eternal reward comes only with a life of continuous achievement.

It matters not what you accomplished last year, the year before, or many years before. It is what you are doing now, today, that is of real importance. If the time comes when you are fully satisfied, when the goal you have reached completely fulfills every longing within your soul, then life will no longer be of interest. It will be time to die.—Physical Culture.

WHAT AILS THE SENATE?

What is the matter with a senate that investigates a Hoover and does nothing in the case of a La Follette? We may well ask. Mr. Hoover survived the grilling as could only a man honestly conscious of duty done and of substantial achievement. He induced millions of Americans to save enormous quantities of the more important foodstuffs. He gave sugar to our needy allies, kept the price down and prevented any real famine at home. He brought down the price of flour but saw to it that the farmers got more for wheat. Yet at the demand of disgruntled profiteers he was investigated. Meanwhile and long before alarmed patriots have demanded the expulsion of La Follette from the senate, but La Follette has not even been investigated. What do you make of it, disinterested citizens of

the United States? Can you beat it even if you look into all the records of the past?

La Follette has publicly derided as make-believe and trivial the issues that forced this country into war. He has scoffed at the reasons so solemnly and convincingly presented by our highest government officials. He has glibly passed along the fool's charge that this is a war of our rich men—our rich men who are surrendering half their incomes at the government's commands and are glad to do it because they know that if the Kaiser gets this country he will rob them of every dollar! La Follette shouts that "the bloated representatives of wealth" are "the fellows who are waving the flags most frantically" and he has even sneered at the principle of a world safe for democracy by declaring that the "new converts to democracy" are "masquerading in a livery of heaven while they serve the devil" (St. Paul's speech). Is La Follette an egregious ass or a conscious traitor? Doubtless he is a miserable mixture of both. But what of a senate that tolerates and even protects him?—Westmoreland, Pa., Patriot.

MISPLACED CONFIDENCE

When Marechal Villars, in taking his leave of Louis XIV, said, "Defend me from my friends; I can defend myself from my enemies," he voiced an aphorism that seems extremely appropriate today.

If we were face to face with our enemies and knew them as such we would have no difficulty in handling them. It is the enemy who masquerades as a friend who is most dangerous. These very traitors are common in our country and every day new treason develops. We must be watchful and above all things profit by lessons of misplaced confidence.

The action against Paul Hennig, a naturalized German, who was employed as a foreman in a Brooklyn factory, engaged in the manufacture of war munitions, should be enough to serve as a warning to all manufacturing plants in this country.

The Brooklyn plant was engaged in the manufacture of torpedoes for the United States government. Hennig is charged with mutilating the devices by which the torpedoes were to be controlled in a way to make them worse than worthless for the purpose of this country, of no evil against the enemy, and there was danger, in fact, that they might prove engines of destruction against those seeking to use them. Happily, the tampering with the missiles was discovered before a large quantity was damaged and there are no fears that the practice is of wide extent. Results achieved by our navy in the war zone indicate that the torpedoes furnished thus far are all right.

Government officials claim that they have a clear case against Paul Hennig. If it is proven that he is guilty as charged the extreme penalty for traitors should be imposed upon him without delay. The traitor is always more dangerous than the ordinary foreign spy, because of the confidence placed by his countrymen in his citizenship.

In 1916, little over a year ago, and after it was practically certain that the United States would be forced to take a part in the war, Hennig renounced the relations with the kaiser and took oath of allegiance to the United States. This was no doubt done with a specific purpose in view.—National Jeffersonian.

ONE SANE GERMAN

"Prince Hohenlohe, son of a former German chancellor, is in exile because he dared to say that his country went to war for conquest and is doomed to failure. According to Swiss report, this enlightened man is convinced that "every American soldier sailing for Europe goes in the firm belief that he is to fight for the threatened freedom and justice of the world," and he deprecates the "fixed idea" in Germany that America entered the war "only for selfish and material interests." The banishment of so clear-sighted a man and so true a friend of his country is an impressive symptom of the insanity that rules in the kaiser's dominions.

RUSSIA RUNNING WILD

The president's sympathetic expressions do not appear to have been very warmly received in Russia. One Petrograd newspaper actually refers to them as a "confession" indicating that the American money power "found it necessary not only to reckon with the Bolshevik authority but to make a courtesy to it." Shameless ingratitude could go no further. Though this particular sheet may not be widely representative it would appear that the Bolsheviks are not ready to listen to Samuel Gompers, let alone the president. After his experience as a neglected Socialist in our back street, Trotzky must have gone back to Russia convinced that we care only to make money and enslave the proletariat.

WAR BENEFITS

A London hospital for women reports that the war has decreased cases of neurasthenia 50 per cent. "Women are so busy with war work," the account reads, "that they have no time to get nervous or imagine that they are ill. Their minds and hands are occupied and that keeps them healthy." There has not yet been time for similar results in America, but no doubt they will be widely observed if the war lasts.

WHAT WILL BE NEXT?

We now have meatless, wheatless, heatless, powerless, coalless, showless, boozeless and a number of other "less" days to observe. If the list continues to grow we will have to add a few more days to each week in order to observe all of them.

The grim execution of some half dozen convicted Teutonic persons in the Tower of London ripped the German spy system in England up the back, and nothing short of the same heroic remedy will ever do the business in this country.

When the chaplain of the house of representatives prayed that the nation might be united "in the bonds of patriotism" he seemed to forget to include the stamps of thrift.

A TIP FOR GARFIELD

If Fuel Administrator Garfield wants to square himself with the people and do something that will send his name whirling down through the corridors of time, let him proclaim a few snowless and iceless days.

Personals

Mrs. George Pyett was the guest last week of Mrs. E. E. Hearin, of Fernando Court.
 Mrs. J. P. Ritchie, daughter of Mr. and Mrs. I. J. Phillips, 710 West Fifth street, returned Monday to her home in Denver.
 Mr. and Mrs. Walter Stamps and children, Doris and Barbara, of 1304 Lomita avenue, enjoyed a motor party picnic in Topanga Canyon last Sunday. Dr. and Mrs. C. J. Lund, Misses Elizabeth Maynard and Olive Leach accompanied them.

Dr. George Guild, editor of the Santa Monica Outlook, will be the speaker at the Thursday Afternoon Club which will meet this afternoon at the home of Mrs. Joseph Ashton, 222 El Bonita avenue. His theme will be "The War and Red Cross Work."

I. T. Jackson of Los Angeles, recently from the Imperial Valley, was a visitor yesterday afternoon at the headquarters of the Exemption Board where Mrs. Jackson is employed as Chief Clerk. Mr. Jackson is a booster for the Imperial and may return there in the near future.

The Music Section of the Tuesday Afternoon Club will meet at the home of Mrs. LeRoy Bosserman, 814 South Central avenue, Friday, February 8th at 2:30 o'clock. The afternoon will be devoted to Russian music and the program prepared is of unusual worth and interest which no member should miss.

Mrs. Eva Tuft, who conducts the class in Home Nursing at the Red Cross headquarters may have to call upon some of her pupils. She has been struggling against an incipient attack of grippe and had to give up her work and go home Tuesday, but is hoping to throw it off and be in her usual good health in a few days.

Mr. and Mrs. Cyrus Hollister of Long Beach and Mrs. Gathels of Huron, South Dakota, old time friends of Mr. and Mrs. H. M. Beckman of 447 South Belmont street, were their guests on Tuesday. Mr. and Mrs. Hollister have been regular visitors to Southern California for a number of years, but it is Mrs. Gathels' first trip to this coast.

James Carpi of 301 Glendale avenue, was injured while assisting in the moving of a piano Monday. His foot slipped and he fell bruising his arm, hip and chest and straining ligaments. He was confined to his bed for several days but is now able to walk around the house. He will not be able to undertake any work for another week if he obeys the doctor's instructions.

Mrs. A. M. Beamon who has been compelled by serious illness to resign the chairmanship of the Comfort Bag Department of the Glendale Red Cross Chapter, is confined to her bed and will be compelled to remain there for several weeks if she obeys the orders of her physician. Mrs. Beamon is an enthusiastic worker and overtaxed herself when the chapter moved from the old to the new quarters and is suffering the consequences.

Miss Evangeline Hunchberger came down from Pomona College, where she is a student, to spend the week end at her home, 344 Central avenue. When she returned Monday morning her mother, Mrs. J. G. Hunchberger accompanied her and remained for the night in order to attend a wonderful organ recital given at the college Monday evening. Mr. Hunchberger motored to Claremont Tuesday and brought Mrs. Hunchberger home.

Merma and Merle Kahler, who were to have begun their season on the Pantages circuit in Salt Lake City, have been sent to Edmonton, one of the most northerly cities in Canada, instead. They left yesterday, accompanied by their mother, and will open the season at a matinee next Monday. They will come south over the entire circuit, appearing in Seattle, Portland, Vancouver, Oakland, San Francisco, etc., getting home in about twelve weeks.

Mrs. D. E. Johnston, 1446 Hawthorne street, entertained at luncheon Wednesday. Mrs. Charles Halliwell and Mrs. H. Hannon, old neighbors from Los Angeles, it was quite an informal function and Mrs. Johnston was assisted by her daughters Misses Louise and Christina Ferris. Red Carnations and flags were employed in decoration. A very pleasant afternoon was willed away with knitting and conversation enlivened by music of the victrola. Mrs. Halliwell, who has a fine soprano voice, singing several numbers.

SIGN ANNOUNCEMENTS
 When an announcement asks the readers of the Evening News to take into their confidence a lecturer, singer or performer unknown to the management of the Evening News, the name of the contributor of the announcement will be required to be signed to such announcement.

R. O. Wildman, proprietor of the Wildman Transfer Company, 110 E. Laurel Street is the owner of a new Republic truck with which he is now able to give better service than ever before. If Mr. Wildman is as prompt in answering calls to do transfer work as he is in paying for his advertising card that is published regularly in the Evening News he must indeed give his patrons first class service. The Wildman check comes to us promptly on the first of every month.

86TH ANNIVERSARY
 A most pleasing service is being planned for this coming Sunday night in the Lutheran Church celebrating the 86th anniversary of the birth of the very popular hymn writer William Howard Doane. A personal friend of his and the Doane family lives in Glendale, who often was consulted as to her opinion of music just composed by Mr. Doane. This friend will give a most interesting story of his life, interspersed with music of his own composition. Mr. Doane had the honor of setting to music many of Fanny J. Crosby's famous poems. It is well for us to stop a while with such national characters as Mr. Doane and gather some inspiration from his life. Service at 7:30. Come and bring a friend with you. W. R. MOTTERN, Pastor.

EIGHTY-EIGHTH BIRTHDAY
 J. J. Laws of 105 East Palmer avenue, was guest of honor at a family dinner given Wednesday evening by his daughter, Mrs. James R. Maxwell, at her home, 136 West Park avenue, in celebration of his eighty-eighth birthday. Other guests were Mr. and Mrs. Lloyd Whitaker of Los Angeles and Mrs. Josie McCune of Moscow, Idaho, who surprised her father and sister by arriving unexpectedly Tuesday evening. Under these circumstances the good, old-fashioned bountiful chicken dinner, with all the "fixings", prepared by Mrs. Maxwell, was a delightful affair. There was of course a beautiful birthday cake with candles, there was salad and all the good things that go to the making of a birthday feast.
 Mrs. McCune hopes to be able to spend six weeks here with her father and other relatives, but she has extensive interests in the North which make it impossible for her to remain too long away from them. Her home acres which are nearly opposite the State University, contain orchards of cherries and winter apples.

RED CROSS CONFERENCE
 Mrs. E. V. Bacon of 115 San Fernando boulevard represented the Tropic Auxillary at a meeting of Red Cross Chairmen and Directors held Wednesday at Los Angeles headquarters corner of Tenth and Main streets. It was addressed by Mr. Newell, Chairman of the District, and by Mrs. Goldman, Director of Home Relief. Mrs. Goldman stated that during the month of December relief was given to 136 families in Los Angeles, who were the dependents of soldiers.

It was also stated at the meeting that the government has under consideration a ruling to standardize all the wool garments knit for both army and navy and make them all gray.
 The various auxiliaries of the Los Angeles Chapter were instructed to put all their energies for the next thirty days into work instead of onto raising money. Auxiliaries which have exhausted their credits were to be given additional credits, the aim being to determine as far as possible the working capacity of each auxiliary.
 About five hundred chairmen and directors from all parts of Los Angeles County were in attendance. Similar conferences will be held monthly hereafter.

THE KELLER SCHOOL
 Pupils of the Pearl Keller School are to give a little entertainment from 4 to 4:30 in the lobby of the Alexandria Hotel in Los Angeles Saturday afternoon where the Knights of Pythias and Pythian Sisters are selling tickets for the grand ball which is to be given at the Shrine Auditorium February 12th by that Order for the benefit of the Red Cross. Little Elizabeth and Beatrice Turner, Robert Lehman, Mary Alice Ross, Dorothy Dutton and Doris Cook will give exhibition dances.

The regular Saturday afternoon class of the Pearl Keller School is to have a variation in its usual program this week. Instead of the afternoon lesson it will have a party at the studio Saturday night from 8 to 10 o'clock. This will give pupils an opportunity to demonstrate just what they have actually learned in ball room dancing and will also be a test of manners and behavior which will be as beneficial as the lesson.

CAPT. ROBBINS AT CAMP LEWIS
 A friend of Captain William Robbins, who formerly lived at 911 Lomita street, this city, reports that he is now at Camp Lewis instead of at Fort Sill. It will be remembered that he was sent to the School of Musketry at Fort Sill and at the examination he was the only one of a large number examined who passed. He was then sent to American Lake, where he now is, with the 363d infantry, drilling other men.

In order to eliminate all extra expense and better serve the government by conserving man power, gasoline and tires, beginning
February 11
 we will make two deliveries a day (instead of four). The first or morning delivery will leave the store at 9:30 a. m., delivering all orders received after 2 p. m. of the day before and all orders received before 9 a. m. The next delivery will leave the store at 2:30 p. m., delivering all orders received between 9 a. m. and 2 p. m.

RED CROSS SALVAGE REPORT

Saturday February 11, junk will again be collected by the Red Cross. Last Saturday owing to lack of help and machines we were unable to cover the territory west of Brand so this next time the task ahead of us is to finish that and all of the territory east of Brand. We are going to do our best to accomplish this.
 Mrs. S. L. Gillan, Mrs. C. W. Heinen and Mrs. J. W. West drove their own machines for us and Mrs. Chas. H. Toll sent her machine to our assistance for a time.

In the work room Mrs. Florence Wintersgill and Mrs. H. V. Brown worked all day superintending the tying of papers, the sorting of junk and washing of bottles. Miss Margaret Sharpe helped us several hours and Mrs. Griffith was a great help. We were woefully short of young people and children so the women found the work much harder than usual.

The following children assisted:
Intermediate
 Newton McGillis, 4 hr. 5 min.
 Virginia Hunchberger, 2 hr.
 Frederick Eastley, 4 hr. 20 min.
 Frederick Stofft,
 Roy Jefferson, 2 hr. 15 min.
 Bradley McGibbon.

Columbus Avenue
 Walter Hertzog, 3 hr. 5 min.
 Edwin Eichelberger, 3 hr. 5 min.
 Jack Clarke, 2 hr. 40 min.
 Eugene Clarke, 2 hr. 40 min.
 Elizabeth Eustis, 1 hr. 25 min.
 Charles Eustis, 1 hr. 25 min.
 Robert Bradbury, 35 min.
 Horatio Butts, 1 hr.

Colorado
 Robert McReynolds,
 Thomas McFadden,
 Leslie H. Tronsier,
 William Bradbury.

Boy Scouts
 Richard Case, Troop 2, 2 hr.
 Laufman Jeter, Troop 1, 2 hr.
 Robert White, 3 hr. 30 min.
 If all those who worked last Saturday and did not turn in their time will turn it in next week it will be printed.

FREE LECTURE

A free lecture will be given by Mr. Edgcomb Pinchon at the Union High School Auditorium on Saturday, February 16th at 8 p. m.

Mr. Pinchon will lecture on the story of the greatest experiment in industrial democracy the world has ever known. He will tell of a people who are living in industrial peace and plenty on the products of only two hours' work a day. Where there are no landlords nor mortgages, nor money nor interest, nor laws nor jails nor need for them; where there are no saloons nor booze nor poverty nor fear of it.

It is a marvelous story and in these days of food cornering, money grabbing and world-wide slaughter is restful to hear.

Mr. Pinchon is a journalist, a writer of ability besides being a brilliant speaker. His lecture before the Toward Democracy Club was listened to with breathless interest. All who attend will be assured of a delightful hour.

Mr. Pinchon also brings the tidings of the great movement towards opening up the land for use in California this year by means of the amendment to the state constitution to be voted on next November.

TOWARD DEMOCRACY CLUB

Meets every Sunday at 1330 Colorado boulevard. Time changed to 7:30 p. m.

Mr. C. A. Salyer was leader of the program, topic Industrial Democracy at the latest meeting of this club. He inaugurated a new plan of working the truth out of the vast sea of apparently conflicting facts floating in the popular mind. He introduced the Socratic method of questions. By this means, one by one incorrect premises were detected and eliminated by general consent leaving the incontrovertibly true to stand. It was an admirable way to induce general discussion and was conducted in the true Platonic fashion. The hour for closing however, prevented the working out quite to the end. It will be finished at the next meeting.

The next meeting will be addressed by Mr. W. D. Hoffman on "What is the Single Tax?"

CECIL SHAVER FUNERAL

The body of Cecil Shaver, who was killed Wednesday by an explosion of gasoline, is to be brought from Bakersfield to Glendale and interred in Forest Lawn Memorial Park. Services, which will probably take place Saturday afternoon, will be under the auspices of the Elks Lodge of this city, of which he was a member.

CARNATION THIMBLE CLUB

Mrs. T. C. Arbuthnot entertained the members of Carnation Thimble Club Wednesday afternoon at her home, 334 North Maryland avenue. Most of the members were present and after the business of the Club was over, the ladies spent the time with fancy work and general conversation. At the close of the afternoon light refreshments were served by the hostess. Mrs. John Molloy of Los Angeles was a guest of the club. The next meeting will be held Thursday, February 21, at the home of Mrs. Laura Jones.

A PICTURE OF PERSHING

Our General Pershing has the physical and mental characteristics of a true product of our soil. He is as American as any Indian and might easily be taken for one. Looking on his tall, straight, athletic figure, his granite, imperturbable bronzed face, with its prairie born, perpetual "sun grin," its clefts and hollows like hill-side erosions, and the stark, stoic, atmosphere that invests him, one is irresistibly reminded of one of the great chiefs of the red men. Old Gerónimo had much the same look, even in captivity—the air of immeasurable superiority to circumstance.—Chicago News.

FARMERS' PATRIOTIC RALLY

On February 15th, the County Farm Bureau will hold a "Farmers' Patriotic Rally" which it is intended shall be the biggest meeting of farmers ever held in the county. It is to be the start-off of the 1918 Food Production Campaign in which California's farms have to serve the needs of the trenches of France.

Dean Thomas F. Hunt of the College of Agriculture, University of California has, during the past winter studied at first hand the ways by which Canada, while maintaining one-fourth of her men in the army and munitions, has increased her acreage of crops forty per cent, and their production forty-six per cent, without bringing in any appreciable amount of outside labor. How this was accomplished will be presented to the great audience of farmers by Dean Hunt in a remarkable address. Never before have Californians heard how the other Anglo-Saxon nation of America has for three years maintained an immense army, almost doubled her food production and suffered sacrifices of which we have not yet dared to think. Through three years of war, Canada has done the work that must fall largely on America in the future.

The Rally, resplendent with flags, patriotic songs and enthusiasm, will be held at 2:30 p. m., at the Los Angeles High School Auditorium on West Pico street.
 At a special conference called by Farm Adviser Coit a committee was appointed to take charge of the event in order to give all farmers in the county full knowledge of the rally and advise them to be present. The committee is as follows: Seth R. Brown, John J. Byrne, Mrs. H. A. Cable, Senator P. F. Cogswell, J. Eliot Coit, Hon. Gavin W. Craig, E. G. Dazell, Edward L. Doheny, Chas. F. Edson, Senator Frank P. Flint, John J. Hamilton, Dr. John R. Haynes, H. S. Hazeltine, Mark Keppel, Ralph McNeese, W. S. Rosecrans, Dr. Jessie A. Russell, Dr. Albert Shiels, Francis Q. Story, Ben Thorpe, Frank Wiggins and William Wood.

Sub committees as follows are now hard at work arranging the details:
 Committee on Program, J. Eliot Coit;
 Committee on Music, C. F. Edson, Clifford Lott and Mrs. W. H. Jamison;
 Committee on Decoration, W. S. Rosecrans;
 Committee on Hall, Frank Wiggins;
 Committee on Publicity, All Officers and Center Directors of the County Farm Bureau.

J. ELIOT COIT,
 County Agent.
 Not one Frenchman in this country has used his foreign citizenship as the basis of a claim for draft exemption. Once more—vive la France!

Park Syrup
 This is a syrup put up in pint and quart bottles, made of pure rock candy and maple syrup—very pleasant to the taste—free from the brown sugar flavor. Please try it once. You will like it. Costs no more.

LA CANADA

All voters must re-register since January 1st, 1918, in order to be able to vote at coming elections. La Canada voters can register with Miss Dorothy Lester, at the Flintridge Garage.

Another soldier from La Canada, Fred Skow enlisted last week in the Aviation Corps, and arrived safely in barracks at Vancouver. He has received the usual small attentions like vaccination and so forth.

Red Cross met for all day work on Tuesday as usual. One or two new workers were present. Any woman in the valley whether a member or not will be welcomed as a worker, as more are needed, work is plenty—the laborers are few. The exchange which is held the first Tuesday of each month netted \$4.

The Junior Red Cross is in working order. Salvage of all kinds is being gathered by its members just now. By salvage we mean, bits of iron old or new, metal of all kinds, corks, old shoes, bits of leather, clipped postage stamps, newspapers, magazines, tin cans, bottles. In fact things of seemingly no use are not only gathered but every atom of use is commercialized. You might wonder what use have tin cans, old tin cans. Every iota of solder is saved from them. So, save, collect and the Junior Red Cross will get what you have ready.

Leo Coburn has still to spend three weeks in bed. His injury was not a simple fracture but a splintered bone.

Wilbur Seright was appointed school trustee to fill the vacancy caused by C. B. Anderson's removal to Eagle Rock.

W. R. Jewett was made assistant Secretary of the La Canada Water Co. on Friday, Feb. 1.

Mr. Akin who has had charge of water extension for Mr. Earl in the Hall-Beckley canyon is developing water in Hay Canyon at the present time.

The Valley Water Co. had an election of officers Jan. 26. All those holding office were unanimously re-elected:

- H. S. Mackay, President;
- F. D. Lanterman, Secretary;
- E. A. Brigham, Treasurer;
- Messrs. H. E. White and S. F. Ash, Members of Board.

Mr. and Mrs. Dutour have been confined to the house for eight days with la grippe.

Mr. Stultz of La Canada Store has been suffering from neuralgia of the face and head.

On the bulletin at the P. O. is a government mandate to be obeyed by all. "No flour can be purchased unless at the same time is bought some cereal that is not wheat, or a product of wheat."

Miss Dorothy Lester has been appointed registrar and will register at Flintridge Garage all voters of this polling precinct. A state election occurs in November.

E. H. Brooks, president of La Canada Improvement association resigned at last meeting and P. H. Johnson Vice President, will have charge of the next meeting, Saturday evening, February 9.

From the Evening Express, Feb. 2, 1878, Forty Years Ago. Will D. Gould, grand worthy chief of the Independent Order of Good Templars, will go to Vallejo tomorrow to preside over a meeting of the executive committee of the Grand Lodge.

Saturday morning, February 9, Ex-Senator Flint's son William, will be married to Miss Ruth Grant at the home of her mother, Mrs. Robert Grant, 1032 South Alvarado St. Only members of the families, about twenty in number will be present. The Grants are from Sunbury, Pa., Los Angeles being their winter home.

Alex Younie, a wealthy banker of Blackfoot, Idaho, visited the Williams' on Sunday last. Mrs. Younie's trip here was delayed by the death of her grandchild, daughter of Mrs. Nettie Younie Boyle. Mr. and Mrs. Younie come to California every winter. Mr. Younie had considerable interest to relate about the unusual severe weather Idaho has been experiencing. Apples froze on the trees on the 17th of October last. Mr. Younie lost over 4000 boxes of apples. Fifty per cent of the potato crop froze in the ground. One man sustained a loss of 75 per cent after gathering and sorting the potatoes six times. Laborers were hard to get and when hired at \$12 a day—at noon struck for \$14. Such is life.

Our mail carrier, Mr. Hall, is on his route again.

There's the making of a bad hole on the pave of La Canada boulevard, about 100 feet south of Fairview avenue.

Born to Harold and Laura Gould, February 4, a son. Mrs. Gould is at her mother's, Mrs. M. J. Stickney's.

Born to Hubert and Rachel Bentley, at noon Feb. 5, a son. William Richard by name.

A moving picture concern was busy making La Canada famous Tuesday.

Mrs. Ella Abernethy and daughter of Minneapolis, Minnesota, and Mrs. Auchenback of Hollywood, were

guests of Mrs. Stultz on Wednesday, January 30.

The Arias family are back from San Fernando and will live where they did formerly.

E. A. Brigham has a new car, a Dodge.

Several parties have been in La Canada lately looking for furnished apartments.

Miss Hausam states emphatically that no child's standing can be affected by his being a member or not being a member of the Junior Red Cross.

Mrs. Penfield and Mrs. Pate attended the 1st District California Congress of Mothers in Los Angeles on January 29.

P.-T. A. met February 1st at the school house. Mrs. Best, president of the Pasadena Women's Committee of the National and State Councils of Defense, spoke on the part women are taking in the present activities, also on the need of cooperation in Food Conservation. Mrs. Best's husband is patriotically engaged also. Mr. Best being secretary and treasurer of Junior Red Cross.

Mrs. Sydney H. Ellis had her father as a week-end guest.

Dr. C. A. Smalley of Commonwealth Avenue who was called to service in August last and left here in October, was sent to the 8th Infantry of the Regular Army at Camp Fremont, Palo Alto. Dr. Smalley entered as Lieutenant and now has title of captain. His specialty is lecturing on trench gas and kindred subjects.

Mr. and Mrs. W. T. Selleck went on a two days' trip to Santa Barbara.

Ex-Senator Flint will confer with Supervisor Delony before going to Washington in order to hasten flood control work.

A warning issued January 31 says, "Los Angeles City and County must buy \$41,000 worth of War Savings Stamps per day until the end of 1918 to achieve its quota of \$15,000,000."

The church service next Sunday morning will be a Lincoln Memorial one. Plan of study for Matthew 15, next Sabbath evening: 1 What is meant by the tradition of the elders? 2 What was the relation of tradition to law? 3 Note the various groups of sermons in the verses 1-20 and the teachings to each group. 4 What previous warning had Jesus given concerning the Pharisees? Compare the warning in chapter 15 with the other. 5 Compare teaching in law, chapter 5:17 and the teaching in chapter 15. 6 What fundamental principles are set forth in 15:1-20? 7 Why did Jesus go to Tyre? 8 Explain 15:24 Account for the hesitation of the final answer. 9 What is the place of the second miracle in the chapter? 10 Note the geographical movements in chapters 14 and 15. Of Mark 7:31. 11 Study the Training of the Twelve in the chapter. Classify it in some way.

TUJUNGA

There was a fine attendance at the Friday sewing day last week. The ladies finished the making of the undergarments and began on the bath robes. Mrs. Woodruff and Miss Arthur who took the instruction, showed the others just how they should be made, and eight of the dozen were in fair stages of completion at the end of the day. While two machines were busy making garments for the French Relief and those who did not sew busily worked on their knitting.

A business meeting was called by the chairman at three o'clock, and the list of members had reached 104, with more promised, which speaks well of our little village. Mrs. Dean reported that the Commonwealth Homebuilders who own the Club House, had donated the use of the same for one day each week for the Red Cross sewing bee. The chairman for the Service Flag was by unanimous vote ordered to purchase the flag ready made. Miss Benedict and Mrs. Ludke, treasurer and secretary of the auxiliary went to Pasadena Wednesday to turn in a report of the auxiliary and take in and bring out more work. Committees were appointed for the Board of Trade meeting on Tuesday evening and Mr. Leslie Henry a Red Cross speaker from Pasadena, will lecture. Every Friday until further notice, will be a Red Cross day and everyone is invited to come and sew even if for only an hour or two. Bring your lunch and coffee will be served at noon.

Word has been received that Mr. Walter Paul has joined the army and is now at Camp Kearny.

Little Manteese Bates who has been very ill for a few days threatened with pneumonia is reported better.

Mr. and Mrs. Thomas Douglas of Los Angeles were in Tujunga Monday.

Mrs. Bertha Hardy is again at her home here for a few days.

Mrs. Reed and sister Mrs. Chase, have closed their home for a short time and will visit in Long Beach.

Mrs. Dunn has sold her home on Stephens Way and left Tuesday to join her husband in Salt Lake City.

Mr. and Mrs. Spray have come to their home for a short stay, and to enjoy the delightful winter weather.

Miss Adelaide Bailey and sister from the Soldiers Hospital at Sawtelle were in Tujunga looking after their property here. They have been putting in foundations and repairing the place to make it habitable.

Mr. Rose of Sawtelle came up on Tuesday to look after his bees. A good rain would bring on the flowers and give the busy little fellows plenty of work. As it is many will have to feed.

Robert Copeland who went with Mr. Johnson to Imperial Valley to hunt ducks, returned last Saturday and has decided to return to Brawley about the 15th for a longer stay. He is much enthused over the prospects in the valley and enjoys the climate there.

The rock crusher, stone roller and cement spreader have arrived to put the finishing touches on the highway. A good heavy rain would help matters greatly, otherwise it will be necessary to give the road a good wetting.

Mr. and Mrs. Atwood of Minnesota have been visiting with Mrs. Ward the past week.

Mr. Treat of Pasadena, was in Tujunga at his new home on Monday.

D. C. Dean and Al. Bragdon were at Ocean Park Heights on Wednesday.

Red Cross

A very interesting social meeting of the Red Cross was held at Bolton Hall on Tuesday evening. On being called to order by the president of the auxiliary, Mrs. Wilmot Parcher, she took the occasion before entering upon the program of the evening to thank the members and people present for their manifest interest and good work done and being done for the Red Cross. A synopsis of her talk, and report of membership and work done makes interesting reading: "Beginning on January 2, 1918 our membership numbered 21. On that day we appointed a membership committee with Mrs. Frost as chairman, and under her supervision and aid of her efficient helpers the members with five new members this evening have been increased to 113, proving the liberality and generosity of the people of Tujunga."

A service flag containing fifteen stars given by the ladies of the auxiliary was presented and dedicated in a very appealing and patriotic address by Rev. Weiman, who has given one daughter and two sons to the cause. Appropriate selections of music by our mandolin boys was then given. Mr. Lesley Henry, chairman of the speakers' committee and also chairman of the liberty bond committee of Southern California, who was sent us from the Pasadena chapter, then gave a stirring patriotic address on the accomplishments of the Red Cross and what it means in the final bringing back of our own boys through their humanitarian efforts and care, and what the ultimate winning of the war meant to America.

Miss Bissell of the Pasadena chapter gave a very interesting talk of the work being done by that chapter, and what the auxiliaries and their work means to the chapter.

Much work by the ladies of this auxiliary has been done for the relief of children in France through the French Red Cross. In this work Mrs. M. L. Fairfield deserves special mention as she has devoted most of her time and energy in the completion of hundreds of garments for the little ones of France. An earnest request is made that every woman in Tujunga come out to the all-day workers' meeting, both knitting and sewing, which is held every Friday at Bolton Hall.

RAILWAY SYSTEMS OF UNITED STATES IN THREE DIVISIONS

For purposes of operation railroads of the United States have been placed in three divisions, as follows:

Eastern railroads.—The railroads in that portion of the United States north of the Ohio and Potomac Rivers and east of Lake Michigan and the Indiana-Illinois State line; also those railroads in Illinois extending into that State from points east of the Indiana-Illinois State line; also the Chesapeake & Ohio, the Norfolk & Western, and the Virginia Railways.

Southern railroads.—All railroads in that portion of the United States south of the Ohio and Potomac Rivers and east of the Mississippi River, except the Chesapeake & Ohio, Norfolk & Western, and the Virginia Railways, and also those railroads in Illinois and Indiana extending into those states from points south of the Ohio River.

Western railroads.—All railroads not included in the above definitions and, broadly speaking, all railroads in the territory west of Lake Michigan and of the Indiana-Illinois State line to the Ohio River and west of the Mississippi River from the Ohio River to the Gulf of Mexico, excepting those railroads in Illinois included in eastern territory and those railroads in Illinois and Indiana included in southern territory, as above stated.

The Department of Agriculture estimates that only one-third of the marketable surplus of the potato crop had been moved by January 1, 1918. Last year's potato crop was the largest ever produced in the United States.

DEAN HUNT TO SPEAK

The opening rally of the Los Angeles County Farm Bureau's 1918 drive for increased production of crops will be held Friday afternoon, February 15, at 2:30 o'clock, in the Los Angeles High School auditorium on West Pico Street.

Dean T. F. Hunt, of the University of California, will be the principal speaker and will give intimate glimpses of his recent investigations of crop conditions in Canada. The dean has just returned from an extended trip to learn how Canada increased its acreage of crops 40 per cent and its production 46 per cent without depending on any appreciable amount of outside labor.

Los Angeles county farmers expect to have one of the most efficient bureaus in existence. Already they have passed the quota of 1,600 members necessary and expect to have 3,000 on their membership roll within six months.

Two assistant farm advisers already are on the job. They are R. W. Hodgson, recently of the University of California and W. D. Norton, who has been doing similar work in Imperial Valley.

The rally on February 15 will be patriotic in character, with old fashioned singing, stirring addresses and informal discussion. Every tiller of the soil in Los Angeles county is invited to attend.

FOREIGN WOMEN HERE HELPING UNCLE SAM

That foreign women in the United States are volunteering to work for Uncle Sam and the allies is evident from the registration taken by the woman's committee of the Council of National Defense. There have been many reports of Italian women doing Red Cross work or buying Liberty bonds. Polish women, Russians, Portuguese, and Japanese offer all sorts of service. The Chinese were a feature in Chicago's registration. But the last report from the States is possibly the most striking of all, for in Idaho Basques are volunteers.

"There never was such a test of our melting pot as this which is on us now," says the woman's committee, "and the response of the many aliens who are with us has been as touching as it is magnificent."

NO CHOCOLATE CANDY IN PARIS

Commercial Attache Veditz, at Paris, reports:

The Paris Association of Chocolate Manufacturers (Chambre Syndicale des Chocolatiers de Paris), because of the shortage of sugar and as the result of an interview with the minister of food supply (ministre de ravitaillement), has decided hereafter to make only tablet chocolate and to abandon entirely the production of the various forms of chocolate candy, such as cream chocolates.

The association has requested the minister to take the necessary steps to prohibit the manufacture of chocolate candies throughout France. It has also requested that under these circumstances the importation of such products be likewise prohibited.

NOTICE OF PUBLIC WORK

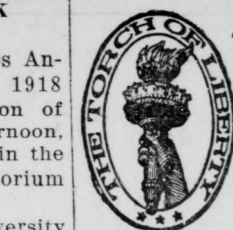

Public notice is hereby given that the Board of Trustees of the City of Glendale, on the 31st day of January, 1918, did at its meeting on said day adopt a Resolution of Intention No. 982, to order the following improvement to be made to-wit:

That the Public necessity and convenience require and it is the intention of the Board of Trustees of the City of Glendale, to close up, vacate and abandon for street and highway purposes, all that certain portion of Colorado Street (formerly Sixth Street) in the City of Glendale, described as follows, to-wit:

All that portion of Colorado Street (formerly Sixth Street) lying South of a line drawn parallel with and sixty (60) feet Southerly from, measured at right angles to the northerly line of Lot "A" of Tract Number 1178, as per map recorded in Book 18, page 23 of Maps, Records of Los Angeles County, California and lying between the Southerly prolongation of the Westerly line of Lot 4 of said Tract No. 1178 and the Westerly line of Verdugo Road.

The district to be assessed to pay the damages, cost and expenses for the above described improvement is described in and reference is hereby made to said Resolution of Intention No. 982, for further particulars of said work.

T. W. WATSON, City Manager, Ex-Officio Street Superintendent of the City of Glendale.

NEW MEANINGS OF WORDS

The American habit of coining new meanings for words already known is closely allied to that of coining words. Take, for example, the current slang use of that much used word "some." What a wealth of meaning and insinuation the American has invented for the word! "Some" as an adverb, may be heard in many places. For instance, in the Teign Valley district of Devon, the natives may say, "It did rain zum yesterday." But the American would use the word as an adjective and say, "That was some rain yesterday." This use is hard to define. In the middle of the last century "some," meaning considerable, or notable, was called "a modern slang word." Today "some" is almost limitless in its capacity for application. It implies approval, enthusiasm, disgust—or amusement.

The seeds may have been sown in Cornwall, in Devon, or in Lancashire but it is doubtful if a native of any of these counties would ever say enthusiastically, "This is some book!" Another word to which Americans have given a new meaning, is the verb rise. In England, men raise crops; in America, they also raise children.—C. Jefferson Weber in North American Review.

FARMERS URGE CREATION OF EMERGENCY CROP COMMITTEE

WASHINGTON, Feb. 7.—American farmers, facing the danger of a short crop this year and the gruesome spectacle of a national food shortage, are demanding that the government take necessary steps to prevent the catastrophe.

Over two million farmers, represented at the gathering of the Federal Board of Farm Organizations here today, are demanding the creation of a national emergency crop committee, with sufficient power and financial appropriation to aid them in raising this year's crops.

Representatives of seven national farm organizations comprising the Federal Board of Farm Organization are planning to go before President Wilson to plead for the institution of a national farm program that will assure a supply of farm labor and grant financial aid to the farmers to meet the emergency.

With over two million mechanics and laborers taken away from the farms, since America entered the war, and facing danger of a crop shortage this year, the farmers painted a gloomy picture today declaring immediate government action is imperative.

Not only will the food supply be

short, should the necessary aid to the farmers be lacking, but shipments of food to the allies may be endangered, farmers declared today. "Unless sufficient government action is taken, the country will face the greatest food shortage ever," they said. "Labor has drifted to the industrial centers to obtain higher wages. Farm machinery is scarce. The seed supply is greatly diminished and farmers are overburdened financially."

They declared that "even if the constitution must be ripped to pieces," the government must adopt a policy that will prevent the danger of a crop shortage by distributing money, labor and supplies to the farmer. The hands of the food administration and the Department of Agriculture are tied as power to aid the farmers materially has not been granted them by congress.

Higher prices of food are threatened should there be a crop shortage this year, it was said. Price fixing is not favored. The farmer's only demand is that the government allow them a sufficient profit.

With the wheat production in France fifty per cent normal the necessity of shipping more wheat abroad is fully realized by the American farmers, who patriotically wish to raise more than a normal American crop.

Farm organizations will demand representation among various government bodies engaged in war work.

MISSED NOTHING

They arrived hurriedly at the fifth inning. "What's the score, Jim?" he asked a fan.

"Nothing to nothing," was the reply. "Oh, goody!" she exclaimed, "We haven't missed a thing!"

YELLOWSTONE PARK

Yellowstone park measures fifty-four miles from east to west and sixty-two miles from north to south.
