The copy filmed here has been reproduced thanks  
to the generosity of:

National Library of Canada

The images appearing here are the best quality  
possible considering the condition and legibility  
of the original copy and in keeping with the  
filming contract specifications.

Original copies in printed paper covers are filmed  
beginning with the front cover and ending on  
the last page with a printed or illustrated impres-  
sion, or the back cover when appropriate. All  
other original copies are filmed beginning on the  
first page with a printed or illustrated impres-  
sion, and ending on the last page with a printed  
or illustrated impression.

The last recorded frame on each microfiche  
shall contain the symbol → (meaning "CON-  
TINUED"), or the symbol ▽ (meaning "END"),  
whichever applies.

Maps, pictures, charts, etc. may be filmed at  
different reduction ratios. Those too large to be  
entirely included in one exposure are filmed  
beginning in the upper left hand corner, left to  
right and top to bottom, as many frames as  
required. The following diagrams illustrate the  
method:

L'exemplaire filmé fut reproduit grâce à la  
générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le  
plus grand soin, compte tenu de la condition et  
de la netteté de l'exemplaire filmé, et en  
conformité avec les conditions du contrat de  
filmage.

Les exemplaires originaux dont la couverture en  
papier est imprimée sont filmés en commençant  
par le premier plat et en terminant soit par la  
dernière page qui comporte une empreinte  
d'impression ou d'illustration, soit par le second  
plat, selon le cas. Tous les autres exemplaires  
originaux sont filmés en commençant par la  
première page qui comporte une empreinte  
d'impression ou d'illustration et en terminant par  
la dernière page qui comporte une telle  
empreinte.

Un des symboles suivants apparaîtra sur la  
dernière image de chaque microfiche, selon le  
cas: le symbole → signifie "A SUIVRE", le  
symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être  
filmés à des taux de réduction différents.  
Lorsque le document est trop grand pour être  
reproduit en un seul cliché, il est filmé à partir  
de l'angle supérieur gauche, de gauche à droite,  
et de haut en bas, en prenant le nombre  
d'images nécessaire. Les diagrammes suivants  
illustrent la méthode.

# The Library List.

*BEING A LIST OF PUBLIC LIBRARIES IN THE UNITED STATES AND  
IN CANADA OF OVER 1000 VOLUMES, WITH CLASSIFICATION  
BY SIZE AND NAME OF LIBRARIAN.*

---

NEW YORK :  
OFFICE OF THE LIBRARY JOURNAL, FRANKLIN SQUARE.  
1887.

*Le*  
COPRIGHT,

1887,

BY R. R. BOWKER.

## P R E F A C E.

THE LIBRARY LIST is a compilation based on the list of libraries compiled by the United States Bureau of Education, and forming part of the Annual Report of the Commissioner of Education, now the Hon. N. H. R. Dawson. It differs from that, however, in eliminating the minor libraries of under a thousand volumes, in adding the names of Librarians, and in classifying, by means of types of different face, libraries of corresponding numbers, as over 50,000, over 10,000, over 5000, and over 1000. There is also added a supplementary list of libraries, made partly by the Bureau of Education and partly from the records of the office of the LIBRARY JOURNAL. In the present shape, with the opportunity given by the printing on alternate pages for correcting and extending the list to any date, it is hoped that this LIBRARY LIST may be of service to all concerned with the library interest.

The LIBRARY LIST includes also the Libraries of Canada and the other British North American Provinces, for which it is indebted to the enterprise and courtesy of James Bain, Jr., Librarian of the Free Public Library, Toronto. This is an addition which we believe will be of great value and interest, as it is, we think, the first careful census of Canadian Libraries. It was at first proposed to add schedules of Libraries of Great Britain and of other countries, but the facts that the present material is inadequate, and that Messrs. H. R. Tedder and E. C. Thomas, whose list in the fourteenth volume of the new edition of the "Encyclopaedia Britannica" is the best existing authority, are now at work upon a similar undertaking for Great Britain, has precluded the inclusion of foreign libraries.

The distinction by means of type will enable those who have occasion to communicate with libraries to address few or many as they prefer, and many libraries will find it peculiarly useful for exchanging their reports and publications with libraries of corresponding size. The Brooklyn Library, for instance, has used this list, as originally published in the LIBRARY JOURNAL, to send its annual report and its musical bulletin to all libraries of over 10,000 volumes in the country.

It is proposed to devote the next record number of the LIBRARY JOURNAL, at the beginning of 1887, to a schedule of private libraries, and the co-operation of all who receive this List is asked for that important work. Private libraries often contain many treasures of specialists which are lacking in public libraries, and by giving their features in a List of private libraries it can be made of the utmost use as a supplement to the present list. We shall be greatly obliged to any who will kindly send for blanks on which to make returns of private libraries known to them in their vicinity or elsewhere. In the hope that the LIBRARY LIST may be of sufficient value to the library profession and others interested in library work to justify its re-issue some years hence in more extended shape, this volume is respectfully submitted.

R. R. BOWKER.
