The National Intelligencer, of Tuesday week ontains an article of nearly seven column

pondence between the governments of Great Britain and the United States. We quote

in view of the general sentiment of indig-nation awakened throughout the country by the recent transactions in the Guif, it is ap-

be concluding paragraph:

in vise of the direct and delived, and democracy. The tred it and failed, and democracy which have a seen that the work with the vertices in the direct and democracy and the democracy which have proved equalified and provided and the democratic principle, where the democratic principle, where the democratic principle, where the democratic principle, where the democratic principle, which we are far from being derived its influence slowers we are far from being derived its influence slowers we are far from being derived its influence slowers we are far from being derived with the derived with the derived with the derived with the democratic principle of direct direct than the unbrinked of the development of dirty in the premises, without desiring it necessary for this purpose to desire and burnanty. The obligations of the latter law will failst according to their own one-point of dirty in the premises, without desiring it necessary for this purpose to desire the provided by the democratic principle of a latter law we construct the principles of antional law as understood by them on the authority of its most distinguished expositions. The introduction of the cattern the democratic principles of the decirate happen in the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the condition of the ments. They testified that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was very deletion of the desired that it cases was SALE MILE - On Wednes

A CONTROL OF THE PROPERTY OF T

extensive gold mines in the region of Tuczon.

Str. Louis, June 9.—Arrived, stämmer Cora Anderson. Departed, the R. J. Lacktand. Chichiarat, Jane 8.—The river is rising very rapidly here, probably from the freebets in the Marth.

The track of the Ohio and Mississippi Railroad, six miles west of here, is weaked away. Some of the other rogds are likewise damaged.

Locisvilla, June 2.—The river is rising hare; there are nine best of water on the fails. A wifeyette, incl., it is a railsed essective from their rose to a fearful height, and the inhabitants were obliged to escape from their houses in boats.

The Valench river rose to a fearful height, and the inhabitants were obliged to escape from their houses in boats.

The Toledo, Wabash and Western Railroad bridge and several culverts were swept away; also a bridge on the New Albany and talem Railroad.

The Wabash and Eric canal is injured to an extent that it will be impossible to use it again this summer.

No mail train can leave for several days yet from Dayton, Ohio.

No mail train can leave for several days yet from Dayton, Ohio.

All the several dood of Lefe, and its still rising at the rate of three feet an hour.

MoTherson town on the opposite side of the river in nearly under water, and the whole country ments of feer is flooded.

Boardon American Sarr.—Oute and

Several large incisions had been made our bead, apparently inflicted with an av-

of this most stroctous murder.

JUTTICE IN EMPLANE.—In England lately a number of important trials have taken place. The obsergman names Hatolife. Afty five decease of his contraste, by which he obtained so his contraste, by which he obtained he had been seen as mond a Barrow, the wholesale stationers of London, convisited of longing acceptance to the extent of £200, have such been awarded to extent of £200, have such been awarded to of converted to the high seas. The case will of cleveland buttless from the late of clevelands buttless from the late of th

one who are networther an installage of the Electric Cill was from congular with Frvf. In Gardin as a book-bropour and correspondent, and then made to the confidence of the person of the second with the late of the confidence of the person of the second of the confidence of the confidence of the person of the second of the confidence of the confidence

the use of war veinels now preparing, and to prepare others if seccessary. The bill was placed.

The Leavenworth and Santa Fe mails have arrived, and bring reports of very rich as a face and an extensive sold mines in the region of Taxon.

By Louis, June 9.—The river is rising very rapidly here, probably from the frost in the Murth.

The track of the Ohio and Miesiesippi Railroad, six miles west of here, is washed away. Some of the other rogds are likewise damings.

Locisvilla, June 9.—The river is rising here; there are aims text of water on the fails.

At Lafryette, ind., it has raised steadily from Wedeeday noon till Friday morning.

The Wabash river rose to a fearful height, and the inhabitants were obliged to eccape from their houses is boats.

The Toledo, Wabash and Western Railroad bridgs and several only the western Railroad.

The Wabash and Erie canal is injured to an extent that, it will be impossible to man. Judge D. Augustin, counsel for plaintif.
Finer Degrator Cours.—Hen. T. G. Hunt.—
genry Wilson was arraigned yesterday, and
pleaded not guilty to a charge of having burgiarlousty entered the residence of S. F.

The Without and Erice cannal is injured to an extent that it will be impossible to use it are taken that it will be impossible to use it are the control of the present floor bearing the property and the summer. No mail train can leave for several days a serious proposed and the proposed of Leaf and it will rain can be set from Dayton, Ohio.

The Minner tree hear rises within four feet of the great flood of Leaf and its still rising at the rate of three feet an hour.

Morberson town on the opposite side of the river in nearly under water, and the whote country merit of there is flooded.

BOARDER AN ABBRICAN SHIP.—Quite an agreeable meeting at sea took place lately. An American ship, bound for Australia, fell in with a British transport. As a mark of repect, the American dipped her enign. This brought about with a number of officers from the transport, who were regaled on board, and, on leaving, were honored by the board with "Yankee Doudle" and "Qod Bave the Queen." At leaf, desirous te protong the Utilities, signal rockets were sent up to the covered with the proposition of the covered with the proposition with a state of our neighbors. We "to in" for an allow of the residence of Jan.

RESOURCE MURIEM.—The Opsionass Patrish.

RESOURCE MURIEM.—The Opsionass Patrish of the Side of the Arts of t

separate charges of violence.

Accumeratary Killan.—Barty yesterday morning, olider C. Brown, of the river police, was accidentally killed by the discharge of a gus, which west off in his own hands, on board of the police boat of the First District, while he was in the act of drawing the gun out from the covering under which it had been stawed for protection from the rais. An inquest was held on his body, and a verdict of "Accidental death" was rendered. Deceased was about twenty-fave years of age, and keaves a write and one child.

Allanta Mornier. Therefore meaning the
