## BOMBARDED FACTORY AT LUDWIGSHAFEN

**Eighteen French Aeroplanes Visited Point on Rhine Where Explosives Are Made**

**SEVERAL BUILDINGS WERE SET ABLAZE**

**Raid Was French Answer to Attacks by German Air-men on Paris**

Paris, May 27.—A French aerial squadron composed of eighteen aeroplanes, each one carrying fifty kilos (110 pounds) of projectiles, this morning bombarded a chemistry factory at Ludwigshafen, on the Rhine, opposite Mannheim.

Fire broke out in several of the factory buildings, as a result of the bombardment.

This factory is one of the most important producers of explosives in all Germany. The French aviators were in the air six hours and covered more than 500 kilometres (240 miles).

This expedition against an important German military establishment was the French reply to the attempts of German aviators on the city of Paris.

The information was contained in the French official statement given out by the war office this afternoon. The statement reads:

"The Belgian troops last night repulsed two German attacks, one to the north and one to the south of Dixmude. The first was driven back by a counter attack and the second was stopped by artillery fire.

"In the sector to the north of Arras two engagements took place last night. To the southwest of Soissons we took possession of one of the trenches of the enemy near the Chateau de Carleu, taking at the same time some prisoners, including one officer. To the east of Neuville St. Vaast, the Germans advanced to an attack but were checked by our artillery.

"At various points along the front, notably near Rheims and in the Vosges, there were artillery engagements yesterday.

"One of our aerial squadrons, composed of eighteen aeroplanes, each one carrying fifty kilos (110 pounds) of projectiles, this morning bombarded at Ludwigshafen, on the Rhine, the factory of the Baden Aniline Chemical Products establishment, one of the most important manufacturers of explosives in all Germany. The results reached are proof of the efficacy of the bombardment. Several of the factory buildings were struck by the projectiles of our men and a number of fires broke out. The aviators were in the air for almost six hours and they covered more than 500 kilometres (240 miles).

"This expedition is the French answer to the attacks by German aviators on Paris."

Havrre, May 27.—The Belgian official report given out under date of May 25 reads:

"The artillery of the enemy has bombarded our advance posts and the village of Costkerd. Our batteries replied successfully, notably in the direction of Sochoore, where bursting shells caused a fire and violent explosions.

Paris, May 27.—A dispatch to the Havas Agency from Athens, dated May 25, says that the operations of the allies against the Turkish positions at the Dardanelles are being continued vigorously. Reinforcements constantly are being brought up. The Turks appear to be terrorized by the incessant renewal of attacks. These indicate to them the absolute determination of the allies to force the straits. From time to time the British and French artillery throw a veritable hail of shells on the Turks.

## FLEET BOMBARDING TURKISH POSITIONS

**Allied Forces on Gallipoli Peninsula Pressing Forward; Airmen Are Busy**

Paris, May 27.—A message from Athens, dated to-day, says that the allies are continuing their advance on the Gallipoli Peninsula. As a result of a bayonet attack, they have occupied important positions, where they now are strongly entrenched. The losses of the Turks have been heavy.

The aeroplane squadron of the allies is rendering splendid service. The fleet is continuing its bombardment of the Turkish positions night and day. News reaching Athens from Mitylene says that 400 Italian families have fled from Smyrna to Youlah, in Asia Minor, where they are waiting a steamship to take them to Italy.

## FIFTY GERMAN SOLDIERS WERE KILLED BY BOMB

Amsterdam, May 27.—Fifty German soldiers, passengers in a street car at Ostend, were killed by a bomb dropped from one of the allies' aeroplanes, according to a dispatch from that city, to the Telegraaf. The message describes a series of air raids made by the allied aviators. The railroad station, shipping in the harbor and numerous houses were damaged.

## LISTS HAVE REACHED A TOTAL OF 5,757

**924 Canadians Reported as Killed, 3,616 as Wounded and 1,217 as Missing**

## 23RD, 30TH AND 32ND BEARING SHARE NOW

Ottawa, May 27.—Up to and including this morning the casualty lists had reached a total of 5,757. Of this number 924 have been reported as killed in action, 3,616 as wounded and 1,217 as missing.

Casualties sustained at the battle of Langemarck still are being reported, and there are also names which are in the lists as a result of the more recent action near Postubert. Among the latter are names of men who formerly belonged to the 23rd, the 30th and the 32nd Battalions. These battalions crossed to England in February and have been used as reinforcements, together with men of the 9th, the 11th and the 17th Battalions.

The following casualty list was given out to-day:

Second Battalion—Died of wounds: Pte. T. A. Sheridan, Ottawa.

Fourteenth Battalion—Died of wounds: Pte. James Doherty, Ireland. Wounded and missing: Pte. James R. Stanton, Poplar, England.

Wounded: Sergt. James Harold Gregson, Gosport, Eng.; Pte. David Andrews, Liverpool, Eng.; Pte. Ivan Burke Savage, Dublin, Ireland.

Suffering from gas fumes: Pte. Edward Wm. Smith, Stockton-on-Tees, Eng.

Sixteenth Battalion—Wounded: Corp. Frank Satter, Bath, Eng.; Pte. Wm. Messias, Australia; Pte. Geo. Pollock, Scotland; Pte. Fred Herbert Burrows, Colchester, Eng.; Pte. James Clark McNeill, Scotland; Pte. Sydney Playfoot (formerly 6th Battalion), England.

## OFFICERS BELIEVE SHIP STRUCK MINE

**Nebraskan Will Be Put in Dry-dock at Liverpool; Name on the Sides**

Washington, May 27.—The American consul-general at Liverpool cabled late to-day that the Nebraskan would enter the Mersey at 9 o'clock this evening and probably would dock before midnight.

Whether it was mine or torpedo that crippled the steamship was not disclosed in advices to-day. This point probably will not be determined until the vessel has been drydocked in Liverpool.

Messages received by the state department to-day from Ambassador Page and Consul-general Skinner, at London, and Consul Frost, at Queenstown, failed to say definitely whether the steamship Nebraskan had been torpedoed or had struck a mine.

One of the dispatches said the Nebraskan's American flag had been hauled down five minutes before she was struck, and that her name was painted on her sides in letters six feet high.

The American naval attaché at London has been sent to Liverpool to examine the Nebraskan's hull.

C. H. Huff, counsel for the company owning the Nebraskan, who visited the state department to-day, said the circumstances of the affair, particularly the damage to the bow of the Nebraskan, indicated to him that the vessel had struck a mine. The officers of the steamship, he said, held this view.

## WILL BEAR BURDEN WITHOUT COMPLAINT

Rome, May 27.—Except for the flags which fly not only from every house, but almost every window, Rome gives no indication of being the capital of a country which has entered upon a great war. While the entire nation was eager for the conflict, a spirit of calm confidence has followed the stormy scenes which were enacted from the time the Salandra cabinet resigned until it was restored to power, and the demonstrations of rejoicing which followed until the opening of hostilities.

It is apparent that the nation is preparing to make without complaint whatever sacrifices the war may bring.

# CANADA!

## 2,200 CANADIANS HAVE ARRIVED IN ENGLAND

Montreal, May 27.—The Gazette states that the White Star liner Megantic has arrived in England with 2,200 Canadians on board. These men are bound for the front.

## DROVE HUNS BACK AT POINT OF BAYONET

Canadian and Indian Troops Repulsed Attack Near Richebourg L'Avoue

## PURSUED FLEEING GERMAN SOLDIERS

London, May 27.—"Canadian and Indian troops on Sunday night repulsed at the point of the bayonet a German attack near Richebourg C'Avoue. Having destroyed both wire entanglements by means of a heavy artillery fire, the enemy launched a strong attack and succeeded, despite severe losses suffered in the operation, in reaching the British trenches," says a Central News dispatch.

"They were met with an inferno of rifle fire before which they wavered. Then the Canadians and Indians leaped from their trenches and met the German reserves with the bayonet as the latter swarmed up to strengthen the advancing forces. The Canadians and Indians fighting with terrific vigor, simply fought the attackers off their feet and pursued them into the open.

"The losses suffered by the Canadians and Indian forces were heavy but the defeat suffered by the Germans was severe, both morally and materially.

"The progress made justifies the belief that the Germans' hold on the region of La Bassee will become loosened very soon, necessitating a withdrawal to new lines of defence."

## ANOTHER BIG BATTLE IN GALICIA SOON

Germany and Austrians Are Preparing to Make a Fresh Attempt

London, May 27.—Notwithstanding the superb weather the contending forces in the western arena of hostilities, realizing the fearful losses even an insignificant advance entails, have reverted, generally speaking, to the trench warfare of the winter, and it is Galicia, the Dardanelles, and perhaps the Italo-Austrian frontier, which are most likely to furnish spectacular developments during the next fortnight.

The Russians state that the Austro-German rush in Galicia has been held up and that Przemyel is in no danger. The smoothness of the Russian retirement, which is stated to have been as masterly as the retirement of the allies from Mons, is described in dispatches from Petrograd.

The Germans and Austrians now are bringing up reinforcements and fresh ammunition and another great battle will be fought to determine whether the new lines to which the Russians have fallen back are tenable.

Italy and Austria, dealing with the border fighting, announce that they have been as yet no important engagements. Of the 250 miles of common frontier between Italy and Austria, it is estimated that only one-fifth is of a character for critical military operations, and Italy's forces now in the field are following the course dictated by geographical necessity, one army driving toward the River Isonzo and Trieste and the other into the Tyrol, where the rough country prevents any decisive engagements at so early a date.

London was disturbed but little by the raid last night of Zeppelin airships at Southend. Such raids have ceased to be a novelty.

## FOLLOWING ADVICE BY PROF. A. ROBIN

Paris, May 27.—King Constantine of Greece is better, according to the Athens correspondent of the Havas Agency. It is understood that his majesty's physicians, at the request of the government, are consulting with Prof. Albert Robin, who is now in France, by telegraph, and taking his advice concerning the royal patient.

## SCANDINAVIAN NATIONS WILL REMAIN NEUTRAL

London, May 27.—Sweden, Norway and Denmark have sent to Italy, Germany and Austria-Hungary following their declarations of war, formal notification of the Scandinavian nations' determination to maintain strict neutrality.

## BERNSTORFF'S ALLEGATION

Washington, May 27.—Count von Bernstorff, the German ambassador, presented a memorandum to the state department to-day saying that German intimacies are of a type which become harmless if they drift from their anchorages.

## SAYS ITALIANS WILL CRUSH THEIR FOES

King Victor Emmanuel Issues Order to His Forces on Land and Sea

Rome, May 27.—King Victor Emmanuel, upon taking supreme command of the Italian army and navy, issued the following order:

"Soldiers! On land and sea: The solemn hour of the nation's claims has struck. Following the example of my grandfather, I take to-day supreme command of Italy's forces on land and sea with the assurance of victory, which your bravery, self-abnegation and discipline will obtain.

"The enemy you are preparing to fight is hardened to war and worthy of you. Favored by the nature of the ground and skilful works, he will resist tenaciously, but your unshakable ardor surely will vanquish him.

"Soldiers, to you has come the glory of unfurling Italy's colors on the sacred lands which nature has given us as the frontiers of our country. To you has come the glory of accomplishing finally the work undertaken with so much heroism by our fathers."

## STEAMSHIP DETAINED; AMERICANS ON BOARD

London, May 27.—The steamship *Prodam*, which sailed from New York May 14, has been detained at Liverpool and held up in the Downs by order of the admiralty. A number of Americans on board telegraphed to-day an appeal to Robert P. Skinner, American consul-general, that the departure of the ship be expedited so that they be permitted to land in England and continue their trip to Rotterdam on the regular mail boat from Tilbury.

## MEMORIAL SERVICE

New York, May 27.—Tributes to the memory of Alfred G. Vanderbilt, who perished when the *Lusitania* was sunk, were paid to-day in a memorial service held at the home of his mother, Mrs. Cornelius Vanderbilt, here. Mr. Vanderbilt's body was not recovered.

## SAVAGES KILLED ONE AND WOUNDED THREE

Steamship *Morwenna* Torpedoed and Shelled by Germans; Danish Vessel Sunk

Cardiff, Wales, May 27.—The steamship *Morwenna*, of Montreal, was torpedoed and shelled by a German submarine at mid-day on Wednesday at a point 100 miles west by south of St. Ann's Head.

One member of the crew of the vessel was killed and three were wounded. The others have been landed here.

The *Morwenna* was bound from Cardiff for Sydney, Cape Breton, in ballast. The Belgian trawler *Jaqueline* picked up the crew.

## ITALIANS NOW ARE BEFORE MONFALCONE

Geneva, May 27.—A strong Italian advance guard to-day crossed the Isonzo river after a sharp fight with an Austrian force, and arrived before the town of Monfalcone, which is thirty miles from the Austrian seaport of Trieste. The first of the Austrian wounded now are arriving at the latter place.

The Italians also attacked at several points along the forty miles of the Carinthian frontier.

A battle between the Italians and the Austrians now is raging around Ploken and also west of the Praedil Pass, in Austria.

In Adige the fighting has been limited to skirmishes.

Italian forces which penetrated the Tyrol at Candino and other Italian forces which captured Cormons, have reconstructed the railway and now are marching on Gorz, the capital of the Austrian crown land of Gorz and Gradisca.

Both the Austrian and the Italian aviation services are active along the frontier. Many machines have been gathered at Udine, in the province of Treviso, where the *Lusitania* was torpedoed.

## WILL RAISE REGIMENT

Toronto, May 27.—The Italians of this city say they will raise a regiment and will ask the government to supply uniforms and rifles. A big parade was held last night.

## GERMAN AIR-CRAFT VISITED SOUTHEND

Huns Succeeded in Killing Two Women, According to Admiralty's Report

## TWO ZEPPELINS WERE SEEN OVER BURNHAM

British Aeroplanes and Seaplanes Went in Pursuit but Raiders Escaped

Southend, Eng., May 27.—Another Zeppelin airship raid was made upon this town last night and one person was killed and several injured by bombs. The victim was Mrs. Mary Fabin, who was here on a visit.

The entire town was illuminated by the bursting of shells dropped by the aircraft. The material damage caused appears to have been less than on the occasion of the last raid.

Some reports say that two, and others said that three Zeppelins took part in the raid. It was impossible to see clearly because of the heavy clouds.

The noise of the propellers of the airships was heard first shortly before 11 o'clock. Then came at once the shock of the explosions as the bombs rained down from above. Some of the missiles were of the incendiary type and threw out bright flares of light. Crowds assembled in the streets of Southend to view the raiders.

The one fatality, the killing of Mrs. Fabin, occurred while the woman was leaving a street car. On the previous raid the only victim was a woman.

British aeroplanes went up in pursuit of the raiders, but were not successful in overtaking them. Some time later two Zeppelins were seen over Burnham, seven miles to the northeast of Southend, but no more bombs were dropped.

London, May 27.—The secretary of the admiralty has issued a statement on the Southend raid, which, contrary to the dispatches, says that two women were killed. It reads:

"Late last night a Zeppelin visited the east coast and bombs were dropped on Southend. The casualties reported to-day are two women killed and one child injured badly. Very little material damage was done. Aeroplanes and seaplanes pursued the enemy, but the Zeppelin escaped in an easterly direction."

## GERMAN SOLDIERS ARE TIRED OF FIGHTING

Official Eyewitness Tells of Message Which Was Thrown into British Trench

London, May 27.—An account of the occurrences at the front, written by the British Eyewitness under date of May 25 and given out in London to-day, says:

"A building in La Bassee used by the Germans as a bathing establishment was hit recently by one of our howitzer shells while it was full of German officers. Between twenty and thirty of them were killed or wounded.

"Not far from Ypres our anti-aircraft guns brought down a hostile aeroplane, which fell headlong on a parapet of the German trenches within sight of the French lines. Both the pilot and the observer must have been killed. The French, noting that the falling machine was exciting considerable interest among the occupants of the enemy's works, trained machine guns on the spot and waited until a sufficient number of Germans had collected, when they opened fire on them."

The Eyewitness relates how a detachment of Germans, attempting to make use of their deadly gas at Ypres, were themselves suffocated by this gas after a French shell had burst the cylinder.

(Concluded on page 4.)

## NEW CABINET HELD ITS FIRST MEETING TO-DAY

London, May 27.—King George held a privy council meeting this morning, the seals and the warrants of office being handed to the new members of the cabinet. Subsequently the first meeting of the new coalition cabinet was held.

The king has conferred knighthood on Frederick E. Smith, who has just been made solicitor-general.

GERMAN AGENTS HAVE INFLUENCED RAISULI

Brigand is Carrying on Agitation in Northern District of Morocco

Paris, May 27.—Official information from Morocco indicates that Raisuli, the Moorish brigand and pretender to Morocco's throne, is conducting an agitation among the natives in the district of Charb, in the northern part of the country. It is stated that Raisuli's actions have been inspired by German agents.

General Lyautey, resident French governor of Morocco, dispatched a detachment of troops against the malcontents. The troops were attacked on May 14 near Boudouma, eight miles south of Quesano, by a band of 2000 mountaineers coming from the Spanish zone. The mountaineers were defeated with heavy losses. Raisuli many times has been reported dead. He is the bandit who seized an American citizen named Perdicaris and held him for ransom until President Roosevelt's message, "Perdicaris alive or Raisuli dead," brought about the American's release.

CUNARD LINE SAYS GERMANY SHOULD PAY

London, May 27.—Several Canadians who were saved when the Lusitania was sunk and who approached the Cunard Company regarding their position in relation to compensation, have been informed that the company is under no responsibility. The company advised them to approach Sir Edward Grey with a view to getting compensation from Germany after the war.

ITALIAN POLICE-WOMEN WILL WEAR UNIFORMS

Paris, May 27.—The Rome correspondent of the Temps telegraphs that nearly 11,000 women have enrolled in a female police force authorized by the Italian government. These women belong for the most part to the middle classes. They will undergo special physical training and will wear uniforms.

FRESH PROGRESS MADE BY BRITISH FORCES

Official Report Tells of Gains in Region of La Bassee; Successes North of Arras

London, May 27.—The following official statement was issued by the British war office last night:

"The first army continues to make progress east of Festubert. A territorial division carried last night a group of German trenches, capturing 25 prisoners, and this morning it captured one officer, 21 men and a machine gun. "Since May 21 the first army has pierced the enemy's lines on a total front of over three miles. The entire enemy trench system has been captured on a front of 3,200 yards and on the remaining portion the first and second line trenches are in our possession. The total number of prisoners taken is eight officers and 777 of other ranks. Ten machine guns in all have fallen into our hands, as well as a considerable quantity of material and equipment, particulars of which are not yet available."

Paris, May 27.—The following official communication was issued by the war office last night:

"The British troops have made a new advance in the direction of La Bassée, taking 49 prisoners, of whom several were officers, and capturing some machine guns."

"To the north of Arras the Germans have continued their desperate efforts to retake, in the region of Angres, the positions which they lost yesterday. The engagement throughout the day was one of extreme violence."

"At the Cornailles fortified works a counter-attack by the enemy at first forced us to withdraw, but in less than an hour we had reconquered the whole position, and we have maintained it since then."

"At a neighboring work, further to the south, the enemy, after sanguinary attacks, has retaken a part of the north salient, but we have held the west salient and carried part of the south salient."

"Between these two works and the road from Aix-Noulette to Souchez our attacks have made progress, and we have gained a footing at divers points in the lines of the enemy, who has not succeeded in recouping any of the trenches captured by us."

"At the northern outskirts of the wood north of the road from Aix-Noulette to Souchez spirited engagements have taken place, but the respective positions have not been modified. Between that road and the Massif de Lorette, in the Fond de Buval, the violent fire of the enemy's artillery has not been able to dislodge us from the positions taken, and we have gained new ground on the slopes to the northeast of the chapel of Notre Dame de Lorette. We advanced about 200 yards, notwithstanding an intense bombardment, in the outskirts of Ablain St. Nazaire, and captured a quickfiring. "At Neuville St. Vaast, after a very hard struggle, we occupied a group of houses which formed a dangerous salient. The enemy in these various actions suffered heavy losses."

"A German aeroplane which was flying over Paris this morning came into contact with a squadron of the entrenched camp. It dropped bombs without result on Villency, near Meaux. Our aeroplane squadron, having been forewarned, waited for the return of the German machine. The machine, which was carrying four bombs, was brought to the ground near Braine by our aeroplanes. The two German aviators were killed. "Our aviators have successfully dropped 50 shells on the aerodrome at La Drayelle near Douai. The hangars and machines which were on the ground were struck."

VIOLENT FIGHTING ALONG SAN RIVER

Struggle Continues on Both Banks Between Przemysl and Jaroslau

Petrograd, May 27.—The following official communication was issued by the war office last evening:

"In the region of Shavli there has been no important change, but the fighting there continues. "Near Ossowets, on the outskirts of the village of Sosna, a German attack was repulsed by the fire of the fort. In the vicinity of Lomza there has been violent artillery fire in this sector. "On the left bank of the Vistula on May 24 and the succeeding night we repulsed many feeble attacks by the enemy."

"A desperate battle on both banks of the River San, between Jaroslau and Przemysl, continued throughout the day of the 26th. "In the trans-Dniester region, and in Bukowina there is no change in the situation."

An official statement from the Russian army headquarters in the Caucasus says: "Our troops have occupied Miran-dush. During a fight in the region of Karaderbat, 200 Cossacks charged the Turks and sabred two companies of them. "There has been no change in the other sectors."

Vienna, May 27.—The following official communication was issued last evening:

"In the northeastern war theatre the battle near Przemysl is proceeding. General Mackenzen's army is making successful progress on both banks of the San in a southerly direction. A crossing of the San has been forced east of Radymno."

"The Austro-Hungarian sixth army corps has stormed the bridge head at Zagrody. East of Zagrody and south of Przemysl, our armies are progressing slowly toward strong Russian positions, which are partly strengthened by reinforced concrete trenches."

"The number of prisoners taken in the last two days has been increased to 25,000. Up to yesterday we had added 54 light and heavy cannon, 54 machine guns and 14 ammunition wagons to the munitions we had captured previously. South of the Dniester and in Russian Poland the situation generally is unchanged. In the fighting north of the Vistula we took 598 prisoners."

BASES HIS PROTEST ON JEWISH CUSTOM

Clergyman Sends Letter to Governor of Georgia Regarding Man Convicted of Murder

San Diego, Cal., May 27.—In a letter of protest he has sent to the governor of Georgia, the Rev. Dr. Alfred K. Glover, rector of St. James' Episcopal church, this city, claims that the religious beliefs and teachings of the Jewish people prove the innocence of Leo Frank. Dr. Glover states that never in the history of the Jewish race has a murderer by a Jew been recorded as having been committed in the manner alleged by Frank. "Neither man nor beast ever has been known to have been strangled by a Jew," says the clergyman. "The Jewish law and custom that compels, under pain of sin, the drawing of the life blood of all animals to be slaughtered also has unconsciously applied from the time of Moses to the present to the criminal acts of Jewish murderers, as a kind of second nature to them."

Dr. Glover bases his claims as a recognized Christian authority upon the laws and customs of the Jews, to which he has devoted thirty years' study.

MOTHER SHOT HERSELF; LITTLE CHILD DEAD

New York, May 27.—Mrs. Charlotte O'Neill, wife of Francis O'Neill, an architectural engineer employed by the Brooklyn Rapid Transit Company, was found dead yesterday with a bullet in her heart, in a bedroom of her home in an exclusive residential section of Brooklyn.

In an adjoining room lay two of her three children, Josephine, one year old, and Francis, aged four, with cords drawn tightly around their necks. The boy was revived later, but the baby died.

Detectives said that it was their theory that Mrs. O'Neill became demoralized, tied the cords around the children's necks, and then shot herself.

DUKE OF AVARNA AT ROME

Paris, May 27.—A dispatch from the Havas Agency from Rome says that the Duke of Avarna, former Italian Ambassador to Austria, arrived in the Italian capital at 3 o'clock yesterday afternoon, and was given an ovation by crowds gathered at the railway station.

Berlin, May 27.—Prince von Buelow, the German Ambassador to Italy, and the Princess von Buelow, arrived in Berlin yesterday.

RYNDAM AT NEW YORK

New York, May 27.—Seventy-seven passengers aboard the Dutch steamship Ryndam collided early yesterday with the tramp steamship Joseph J. Cuneo, off Nantucket Shoals lightship, were brought safely to port last night by the battleship South Carolina, which participated in the rescue.

The Ryndam, conveyed to Ambrose lightship by the battleship Texas, reached the harbor before her passengers arrived, and anchored down the bay.

COAST OF ALBANIA IS UNDER BLOCKADE

Rome, May 27.—The Italian government, believing that Austria-Hungary is utilizing several ports on the Albanian coast for secret commissarial departments, declared a blockade yesterday against "that portion of the Austro-Hungarian coast comprised between the Italian frontier on the north and the Montenegrin boundary on the south, including all islands, ports, anchorages and bays, and also the Albanian coast from the Montenegrin limits on the north to and including Cape Kiephalle on the south."

TURKISH GUNBOAT SUNK BY BRITISH SUBMARINE

Paris, May 27.—A Turkish gunboat of 275 tons was sunk in the Sea of Marmora within sight of Constantinople by a British submarine, according to a dispatch to the Journal. The loss of the gunboat, following close upon the destruction of Turkish transports last week, has caused a deep impression in Constantinople.

KILLED IN ACTION

Toronto, May 27.—Lieut. Alexander Gordon-Mackenzie, who was killed in action, on Friday last, was 32 years of age and had owned and conducted the Lakeview ranch, Kootenay lake, B. C. for the past four years. He was connected with the Queen's Own Rifles, Toronto, some years ago. A younger brother, Lieut. C. Gordon-Mackenzie, was killed in action last October.

PRISONERS IN GERMANY

Toronto, May 27.—Private Messias state that Corp. J. Lowndes, Corp. J. Sharp, and Pte. W. Harold Boyce, of the 48th Highlanders, are safe and well though prisoners in Germany.

WHAT VON BUELOW WAS TRYING TO DO MAY BE CARRIED TO THE SUPREME COURT. PLAN APPROVED. Washington, May 27.—The clause of the Underwood-Simmons tariff act granting a rebate of five per cent. in duties on goods imported into the United States in American bottoms was upheld yesterday by the court of customs appeals. The court held, however, that all merchandise imported in the vessels of nations with which the United States has had so-called favored-nation treaties must receive a similar discount. The case probably will be appealed to the supreme court.

The Best Treatment For Constipation The Experience of One Who Knows and Places Dr. Chase's Kidney-Liver Pills First. It is not difficult to secure a medicine that will effect movement of the bowels. To cure Constipation and the complications which arise from it is another matter. Constipation of the bowels is usually preceded by (desp) action of the liver. Hence it follows that if Constipation is to be cured the liver must be set right. And here lies the secret of the success of Dr. Chase's Kidney-Liver Pills. They awaken the action of the liver and insure a good flow of bile, which is nature's cathartic. The liver, kidneys and bowels are invigorated and regulated, and the troubles with the digestive system disappear. Mr. H. M. Bell, Innisfail, Alta., writes: "For some considerable time I have been using Dr. Chase's Kidney-Liver Pills, which I have obtained through your firm. I suppose, during my life, I have used nearly all the best-known pills, as I have been subjected to Constipation and digestive trou-

### GERMAN AGENTS HAVE INFLUENCED RAISULI

#### Brigand is Carrying on Agitation in Northern District of Morocco

Paris, May 27.—Official information from Morocco indicates that Raisuli the Moorish brigand and pretender to Morocco's throne, is conducting an agitation among the natives in the district of Charb, in the northern part of the country. It is stated that Raisuli's actions have been inspired by German agents.

General Lyautey, resident French governor of Morocco, dispatched a detachment of troops against the malcontents. The troops were attacked on May 24 near Boudouma, eight miles south of Quesano, by a strong force of mountaineers coming from the Spanish zone. The mountaineers were defeated with heavy losses.

Raisuli many times has been reported dead. He is the bandit who seized an American citizen named Perdicardis and held him for ransom until President Roosevelt's message, "Perdicardis alive or Raisuli dead," brought about the American's release.

### FRESH PROGRESS MADE BY BRITISH FORCES

#### Official Report Tells of Gains in Region of La Bassée; Successes North of Arras

London, May 27.—The following official statement was issued by the British war office last night:

"The first army continues to make progress east of Festubert. A territorial division carried last night a group of German trenches, capturing 25 prisoners, and this morning it captured one officer, 21 men and a machine gun.

"Since May 21 the first army has pierced the enemy's lines on a total front of over three miles. The entire enemy trench system has been captured on a front of 3,500 yards and on the remaining portions the first and second trenches are in our possession. The total number of prisoners taken is eight officers and 77 of other ranks. Ten machine guns in all have fallen into our hands, as well as a considerable quantity of material and equipment, particulars of which are not yet available."

### VIOLENT FIGHTING ALONG SAN RIVER

#### Struggle Continues on Both Banks Between Przemysl and Jaroslau

Petrograd, May 27.—The following official communication was issued by the war office last evening:

"In the region of Shavl there has been no important change, but the fighting there continues.

"Near Osowetz, on the outskirts of the village of Sosnia, a German attack was repulsed by the fire of the fortresses. In the vicinity of Lomna there has been violent artillery fire in this sector.

"On the left bank of the Vistula on May 24 and the succeeding night we repulsed many feeble attacks by the enemy.

"A desperate battle on both banks of the River San, between Jaroslau and Przemysl, continued throughout the day of the 25th.

"In the trans-Dniester region, and in Bukovina there is no change in the situation."

"An official statement from the Russian army headquarters in the Caucasus says:

"Our troops have occupied Mirandub. During a fight in the region of Karaderbet, 200 Cossacks charged the Turks and sabred two companies of them.

"There has been no change in the other sectors."

### CUNARD LINE SAYS GERMANY SHOULD PAY

London, May 27.—Several Canadians who were saved when the Lusitania was sunk and who approached the Cunard Company regarding their position in relation to compensation, have been informed that the company is under no responsibility. The company advised them to approach Sir Edward Grey with a view to getting compensation from Germany after the war.

### ITALIAN POLICE-WOMEN WILL WEAR UNIFORMS

Paris, May 27.—The Roms correspondent of the Temps telegraphs that nearly 11,000 women have enrolled in a female police force authorized by the Italian government. These women belong for the most part to the middle classes. They will undergo special physical training and will wear uniforms.

### WHAT VON BUELOW WAS TRYING TO DO

Rome, May 27.—Prince von Buelow, the German ambassador, who has returned to Berlin, is reported by the Giornale d'Italia to have declared in an interview that he came to Italy in the hope of bringing about an Austro-Italian rapprochement on a basis that Austria undoubtedly always had treated Italy unfairly and that Germany attached supreme importance to the preservation of friendly relations with Italy, as this meant the maintenance of Italian neutrality. The Italian public must understand, however, the prince said, that an attack on Austria-Hungary meant an attack on Germany.

### PLAN APPROVED.

Washington, May 27.—The proposal for the arbitration of commercial disputes made by representatives of Argentina attending the Pan-American conference here has been approved unanimously by the executive committee of the United States Chamber of Commerce.

### TO DEAL WITH DRINK.

London, May 27.—The central board of control to deal with the drink questions in the munitions, transport and camp areas, created by an amendment to the Defence of the Realm act, was named yesterday. Baron Abercromby is chairman.

### BAPTISTS APPROVE OF WILSON'S COURSE

Los Angeles, May 27.—The Northern Baptist convention, at its closing session yesterday, adopted resolutions endorsing the president's stand for the rights of neutrals and urging national prohibition, the enactment of federal statutes to govern divorce and the strict enforcement of Sunday closing laws everywhere. Another resolution recommended international arbitration as a means of insuring world peace.

### BASES HIS PROTEST ON JEWISH CUSTOM

#### Clergyman Sends Letter to Governor of Georgia Regarding Man Convicted of Murder.

San Diego, Cal., May 27.—In a letter of protest he has sent to the governor of Georgia, the Rev. Dr. Alfred K. Glover, rector of St. James' Episcopal church, this city, claims that the religious beliefs and teachings of the Jewish people prove the innocence of Leo Frank. Dr. Glover states that never in the history of the Jewish race has a murderer by a Jew been recorded as having been committed in the manner alleged by Frank.

"Neither man nor beast ever has been known to have been strangled by a Jew," says the clergyman. "The Jewish law and custom that compels, under pain of sin, the drawing of the life blood of all animals to be slaughtered also has unconsciously, applied to the criminal acts of Jewish murderers, as a kind of, second nature to them."

Dr. Glover bases his claims as a recognized Christian authority upon the laws and customs of the Jews, to which he has devoted thirty years' study.

### MOTHER SHOT HERSELF; LITTLE CHILD DEAD

New York, May 27.—Mrs. Charlotte O'Neill, wife of Francis O'Neill, an architectural engineer employed by the Brooklyn Rapid Transit Company, was found dead yesterday with a bullet in her heart, in a bedroom of her home in an exclusive residential section of Brooklyn.

In an adjoining room lay two of her three children, Josephine, one year old, and Francis, aged four, with cords drawn tightly around their necks. The boy was revived later, but the baby died.

Detectives said that it was their theory that Mrs. O'Neill became despondent, tied the cords around the children's necks, and then shot herself.

### DUKE OF AVARNA AT ROME.

Paris, May 27.—A dispatch to the Times from Rome says the Duke of Avarna, former Italian Ambassador to Austria, arrived in the Italian capital at 3 o'clock yesterday afternoon, and was given an ovation by crowds gathered at the railway station.

### RYNDAM AT NEW YORK.

New York, May 27.—Seventy-seven passengers saved from possible death when the Holland-American liner Ryndam collided early yesterday with the tramp steamship Joseph J. Cuneo, off Nantucket Shoals Lightship, were brought safely to port last night by the battleship South Carolina, which participated in the rescue.

The Ryndam, conveyed to Ambrose Lightship by the battleship Texas, reached the harbor before her passengers arrived, and anchored down the bay.

### COAST OF ALBANIA IS UNDER BLOCKADE

Rome, May 27.—The Italian government, believing that Austro-Hungary is utilizing several ports on the Albanian coast for secret commissariat departments, declared a blockade yesterday against "that portion of the Austro-Hungarian coast comprised between the Italian frontier on the north and the Montenegrin boundary on the south, including all islands, ports, anchorages and bays, and also the Albanian coast from the Montenegrin limits on the north to and including Cape Kiephalle on the south."

### TURKISH GUNBOAT SUNK BY BRITISH SUBMARINE

Paris, May 27.—A Turkish gunboat of the Aidin class was sunk in the Sea of Marmara within sight of Constantinople by a British submarine, according to advices to the Journal.

The loss of the gunboat, following close upon the destruction of Turkish transport last week, has caused a deep impression in Constantinople.

### KILLED IN ACTION.

Toronto, May 27.—Lieut. Alexander Gordon-Mackenzie, who was killed in action, on Friday last, was 32 years of age and had served and conducted the Lakeview ranch, Kootenay lake, B. C., for the past four years. He was connected with the Queen's Own Rifles, Toronto, some years ago. A younger brother, Lieut. C. Gordon-Mackenzie, was killed in action last October.

### PRISONERS IN GERMANY.

Toronto, May 27.—Private messages state that Corp. J. Lowndes, Corp. J. Sharpe, and Ets. W. Harold Royce, of the 4th Highlanders, are safe and well though prisoners in Germany.

## The Best Treatment For Constipation

The Experience of One Who Knows and Places Dr. Chase's Kidney-Liver Pills First

It is not difficult to secure a medicine that will effect movement of the bowels. To cure Constipation and the unpleasantness which arises from it is another matter.

Constipation of the bowels is usually preceded by torpid action of the liver. Hence it follows that if Constipation is to be cured the liver must be set right. And here lies the secret of the success of Dr. Chase's Kidney-Liver Pills.—They awaken the action of the liver and insure a good flow of bile, which is nature's cathartic. The liver, kidneys and bowels are invigorated and regulated, and the troubles with the digestive system disappear.

Mr. H. M. Bell, Innisfail, Alta., writes: "For some considerable time I have been using Dr. Chase's Kidney-Liver Pills, which I have obtained through your firm. I suppose, during my life, I have used nearly all the best-known pills, but I have been subject to Constipation and digestive troubles. A friend recommended Dr. Chase's Kidney-Liver Pills, and I can honestly say that of all the pills I have tried nothing has suited me better. My bowels are now always regular, and fine for the kidneys. This is how I have found them after a thorough test, and you may use this statement if you like."

This letter should convince you of the merits of Dr. Chase's Kidney-Liver Pills, but there is nothing like personal experience. If you do not feel like risking 25 cents for a box, write to us for a free sample box, mentioning where you saw this advertisement. Put this medicine to the test when you have indigestion, constipation, biliousness, backache or kidney derangements. The results will soon prove to you the superiority of Dr. Chase's Kidney-Liver Pills. One pill a dose, 25 cents a box; all dealers or Edmondson, Bates & Co., Limited, Toronto.

Wounded: Pte. Geo. Siddell, England.

London, May 27.—The majority of the wounded Canadians in England are doing well. Lieut. Chipman, of the 5th Royal Highlanders, is at Highgate with a wound in his left heel. Lieut. Grant, of Montreal, is at Osborne, Isle of Wight, with a shot in his shoulder. Capt. Hargrave, of Winnipeg, has been discharged from the hospital. Capt. Perry, of the 5th Royal Highlanders, who was wounded slightly, probably has returned to duty. Capt. Alderson, of the artillery, who was shot in the thigh, is in the same London home with Capt. Gray, of the Princess Patricia's. Both are doing well.  
The following men are at Sheffield: Pte. Hurlbush, of the 14th Battalion; Pte. McKenzie, of the 14th Battalion; Pte. Robertson, of the 15th Battalion (slightly wounded), and Sapper Kenning, of the Engineers (ill).  
The following, who were posted as missing, now are reported as prisoners: Pte. Weymouth, 2747; Pte. Clifford, 14514; Pte. Jamieson; Pte. Hayward, 28632; Corpl. Griffiths.

WHAT PREMIER TISZA SAID AT BUDAPEST  
Budapest, May 27.—Count Stephen Tisza, the Hungarian premier, delivered a speech before the chamber of deputies yesterday. He explained Austria-Hungary's attitude toward the Italian demands during the past four weeks, and received a tremendous ovation when he closed with the following declaration:  
"We shall now, more than before, astonish the entire world with the spectacle of our power of action. The Hungarian nation, united with all the peoples of the Austro-Hungarian monarchy and with our powerful ally, will wage this war to the last breath against all the devils of hell and force victory from fate."  
STILL INCREASING.  
Ottawa, May 27.—An increase in some points of the department of labor's index of wholesale prices occurred during the month of April. The increase was chiefly the result of advances in metals and textiles, but animals and meats, grains, miscellaneous foodstuffs and building material also showed higher prices. On the other hand, there were decreases in the prices of dairy products, fish, fruits, vegetables, hides and lumber.

**CONTINUING THEIR ILL-TIMED CAMPAIGN**

Northcliffe Papers Attempting to Justify Attacks on War Secretary Kitchener

London, May 27.—The Daily Mail and the other papers known as "The Northcliffe Press" continue the persistent campaign devoted to attempting to justify the attacks on Lord Kitchener on the question of the supply of ammunition. Taking as their text the constitution of the new national ministry, they point to the unexpected strength and tenacity the Germans are displaying in all theatres of the war, and the necessity of the heaviest sacrifices if the war is to be brought to the desired end.

The Times, in an editorial, says: "The mistakes and the shortcomings will be rectified quickly. The scales are falling from British eyes and the country looks the situation in the face boldly and without dismay."

The Mail, in a similar editorial, says: "We can recruit almost as many men as the Germans can, and we shall need them if we are ever to accomplish the march to Berlin so loudly boasted of by optimists a few months ago."

The Mail strongly advocates recourse to the United States for ammunition supplies, and says:

"The Germans have complained bitterly of the efficiency of American shells turned out by American bedstead-makers. It is calculated that there are no fewer than 17,000 metal-working businesses in the United States alone that could help us in the manufacture of war munitions."

**URGE ALL TO ANSWER THE EMPIRE'S CALL**

Archbishops of Canterbury and York Issue Pastoral Letter; Will Be Read in Churches

London, May 27.—The Archbishops of Canterbury and York have issued the following joint pastoral letter, which is to be read in all Anglican churches in the two ecclesiastical provinces on June 6:

"After ten months of war we see more clearly than at first the greatness and severity of the ordeal which is putting the spirit of our nation to the test.

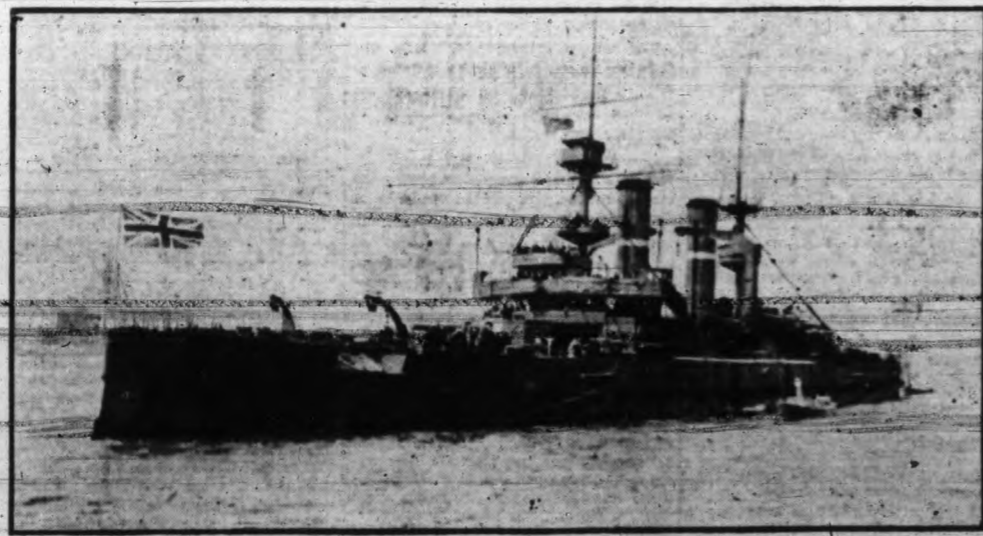

The forces arrayed against us threaten the very foundation of civilized order in Christendom. They wield an immense and ruthless power. They can be decisively rolled back only if we, for our part, concentrate the whole strength of body, mind and soul which our nation and our empire hold."

"We solemnly call upon all members of the church and urge upon all fellow-citizens that they meet with glad and united response whatever sacrifices they are called upon to make. On behalf of righteousness and in our country's cause there is nothing too dear or too sacred to be offered."

**BEING MADE IN CANADA.**

Ottawa, May 27.—The manufacture of toluol, the new and powerful explosive, has been begun at the Dominion Steel Company's works at Sydney.

**SUNK IN DARDANELLES; H.M.S. TRIUMPH**

The British admiralty announced last night that the battleship Triumph, while operating in support of the Australian and New Zealand forces on the shore of the Gallipoli Peninsula yesterday afternoon, was torpedoed by a submarine and sank shortly afterwards.

The majority of the officers and men, including the captain and commander, are reported to have been saved. The submarine was chased by destroyers and patrolling small craft, but escaped. The Triumph, which was completed in 1904, carried four 10-inch guns, four

teen 7.5-inch guns, fourteen 14-pounders, one 12-pounder and four 6-pounders and two submerged torpedo tubes. Her length was 455 feet, her beam 71 feet, her displacement 11,800 tons, her speed 19.3 knots and her complement 700.

**ANGUS CAMPBELL & CO., LTD.**

Reported That Germans at Ancona Signalled to Austrian Squadron

Milan, May 27.—Destruction of the railroad junction evidently was the object of the bombardment of Ancona by an Austrian squadron which raided the Italian coast on Monday, according to anonymous details which have been received here. The warships appeared off Ancona about midnight, accompanied by two aeroplanes, which flew over the city.

The bombardment continued for two hours. The guns were trained not only upon the railroad yards, but upon the military hospital, the Bank of Italy and two barracks. The cupola of the cathedral was damaged. Slight damage to the railroad, between Porto Recanati and Porto Civitanova, was caused by shells. The Austrian warships retired from before Ancona when an Italian squadron appeared. Because of reports that the Austrian squadron had been signalled from an

**MEN AND MUNITIONS NEEDED, SAYS BISHOP**

London, May 27.—The Bishop of Pretoria, who spent a month at the front in Northern France and Flanders, writes a letter to the Times on the urgent need of national service. After extolling the spirit of the troops, which he describes as "amazing," the bishop proceeds to say:

"It is all the more surprising to realize that this spirit is there in spite of the fact that the men who show it feel in their bones that somehow the nation is not to be able to win the war could and should."  
"After fighting desperately day and night for days and weeks, with frightful losses, the men who are left are dog-tired and need a rest. Then they are called out to get this rest, and after three days are sent back into the firing line again. The only conclusion they can draw is that there are not enough available to take their places."  
"Then battalion after battalion of infantry has to sit in the trenches day after day and night after night, being pounded by high explosives from the enemy's guns, with no guns behind them capable of keeping down the enemy's fire. The conclusion they draw is obvious: namely, that the nation has failed to provide sufficient guns or ammunition to meet those of the enemy."  
"When, night after night and day

after day, the men in the trenches know that for every hand grenade or rifle grenade or trench mortar bomb which they throw at the enemy they will get back in answer anywhere from five to ten, then the conclusion they draw also is obvious: namely, that the nation somehow does not realize the situation, or if it does has not made it its business to supply what is necessary. Man for man, they know they have nothing to fear either from the German infantry or cavalry. They have proved it again and again. But they know also that it is little short of murder for a nation to ask men, however fit or of the right spirit, to face an enemy amply equipped with big guns and the right kind of ammunition, unless they are supplied with equally effective munitions of war."  
"And yet, in spite of all this, they keep being sent back to the front, they keep being sent back to the front, they keep being sent back to the front."  
"It is in this spirit, backed by guns and high explosives, and the legitimate munitions of war, which is going to smash this enemy of ours, and nothing else."

**SENT TO JAIL.**

New York, May 27.—Several German sailors on board the North German Lloyd and Hamburg-American steamships which have been docked at Hoboken since the beginning of the war, have become mentally unbalanced and have been placed in jail. Physicians attributed their strained mental condition in part to enforced idleness and melancholia and homesickness.

A FAULTY SYSTEM.

The slackness, red-tapeism and faulty administration generally of the Ottawa military authorities, as shown by conditions prevailing among the men in training at this point, were strongly criticized at the meeting of the board of trade on Tuesday afternoon.

The cause of the trouble lies in over-centralization of administration and authority. The job is too big for the minister and his immediate staff, who are trying to apply to emergent conditions the red-tape formalities which was satisfactory enough in time of peace because nobody to the trouble to challenge it.

We have been at war for more than ten months. By this time order should have been restored out of the chaos which was inevitable in the early stages. Our resources of supply should have been mobilized from ocean to ocean, but in a country the size of Canada this cannot be done from one centre.

fields of Flanders. Our military administrative system should be overhauled completely; and if General Hughes is unable to undertake the task he should be replaced by somebody who is able to do it.

SOMEWHAT NEBULOUS.

The morning paper tells us that had the war not broken out the Canadian Northern Pacific would have been completed and the Pacific Great Eastern nearly completed before this.

Sir Richard McBride promised faithfully on the front page of our contemporary to resign if his railway "undertakings" were not completed on the time originally agreed.

The announcement that clearing the right-of-way for the island division of the Canadian Northern has begun and that work is to be pushed so that the forty miles of the road will be completed within a year, hardly causes a ripple in the public mind.

PREPARING FOR A BIG JOB.

The political upheaval in Great Britain is not an unhealthy sign, but on the contrary, is symptomatic of the country's realization of the need of readjusting itself to a set of conditions altogether new to it.

Developments in the opening stages of the spring campaign have shown more convincingly than ever that if there is to be a complete overthrow of Prussianism every power opposed to it must bring to bear all of its resources.

At the same time it is evident that the allies on the western and eastern fronts have not begun to bring to bear upon the enemy the full weight of their resources. The new armies of several million men organized by Kitchener and Joffre have not been brought into the conflict, and they probably will not take a hand until vast stores of munitions of all kinds are ready for their use.

AN OPENING FOR LABOR.

According to G. N. Barnes, labor member in the British parliament, and W. Wyncham, representing the British Board of Trade, who are in Ottawa, thirty thousand additional men are required for work in the munitions factories in Britain.

Canada should be able to supply a large part of this total, if not all of it. The labor needed is skilled, the men being able to handle metal and operate lathes of all kinds and to assemble parts, but there are hundreds of our workmen competent to perform this work who are idle in the cities of this province, especially in Victoria and Vancouver.

In Great Britain the demand for labor exceeds the supply. In Canada the supply greatly exceeds the demand. There must be something wrong if the two conditions cannot be pieced together to the advantage of both countries.

FARMERS NOT FARMING.

In spite of the fact that the activities of the national immigration department were declared to be confined to the encouragement of immigrant farmers, sixty-five per cent. of those who came to Canada in the last three years did not go on the land.

There are tens of thousands of farmers now in the Canadian cities, and until they can be induced to go on the land we do not want any more. But people cannot be expected to embark in agricultural pursuits in the face of obstacles deliberately erected in their path.

A correspondent hopes the allies will not descend to the use of gas against the Germans. For our part we hope the allies will hit Germans with any implement available, whether or not it be in accordance with the "recognized rules of warfare."

The Navy, the organ of the Navy League, in its May issue, says: "The Australian government have well deserved the praise contained in his dispatch to them by the Secretary of State for the Colonies. The thanks of every Englishman are due to their enemy, Germany, for it is she who has been the means of demonstrating to Great Britain the value of the Empire."

Punch has dug many a good thing from the columns of its contemporaries, but none to compare with the following from a German paper. Die Welt: "Clad in virtue and in peerless nobility of character, unassailable by insidious enemies either within or without, girded about by the benign influences of Kultur, the German, whether soldier or civilian, pursues his destined way, fearless and serene."

Dispatches from all parts of the continent report "unseasonable weather."

Well, on Vancouver Island the conditions are somewhat unusual, but the rain is fine for the growing crops. The showers of the past week fell at an opportune time.

OVER THE HILLS.

Off when the world and I were younger, Oh, we are old, so old to-day, I longed to go over the great hills yonder into the world, so far away.

Care they brought me, and bitter sorrow, Long grew the nights, and long the day, But I dreamed of the path the great hills

Ah, but still I bide in the valley, Darker the nights and longer the day, And I never shall pass the great hills

THE VANISHING CABARET. The disappearance of the eating house cabaret would cause no regrets. When the time comes to say "good-bye" to the songsters, dancers and the humorous men who, in obedience to a quickly developed fad, have been entertaining us

AWAKENING. Mr. Wilson himself took up the task of answering Count Bernstorff, and his letter speaks for itself. In the polite and most sly way, it applies the cold steel. The ambassador is given to understand that he had displayed both ignorance and impudence, but is rebuked with such an excess of grace that he would be unable to put his finger on a single phrase in the president's reply to him which he could allege to have an insult turn.

"CLEAN-UP" TIME. Boston Herald. It is time to furbish and scrub, to paper and paint, to cart away rubbish and span within and without, there will come a sense of righteousness that will be its own reward.

THE PROOF. London Telegraph. The British fleet has been submitted to the severest test since the cloud burst last August; evidence accumulates from week to week of the manner in which it has stood the arduous trial.

TORTURED BY CONSTIPATION

"Fruit-a-tives" Cured Paralyzed Bowels and Digestion. "St. Boniface de Shawinigan, Que., Feb. 3, 1914. "It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2 1/2 years, I have been cured by 'Fruit-a-tives'. While I was a student at Berthier college, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take 'Fruit-a-tives' and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-tives' for they are the medicine that cures.

"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

VALVES WILL BE OPENED TO-MORROW

Sooke Waterworks Ceremony Will Be Quiet One; Party Proceeds to Lake Direct. The party of members of the city council and officials who will leave from the city hall to-morrow morning for the purpose of visiting Sooke lake, to perform the opening ceremony of the waterworks, will be reinforced at the lake by some private citizens who will travel in their own cars. There will be four cars from the city hall, which will proceed by way of Goldstream and the Summit. Some of the private cars, it is expected, will use the Malahat and Shawnigan, as the road is stated to be in better condition.

The opening of the valves at the dam will be performed by the mayor shortly after eleven o'clock, and the party will shortly afterwards take an all fresco lunch at the caretaker's house. The arrangements for the afternoon have been left to the individual will of the visitors, and it is probable that some will take a launch for a trip up the lake. There is, of course, not so much for the visitor to see at the lake as at Humpback, but it is doubtful whether the time will permit for a detour by way of Humpback on the journey home, owing to the distance from the city.

As, however, it is estimated it will take over seven hours for the water to flow from the lake into the reservoir, it is practically impossible to expect that the citizens will drink Sooke water till some time on Saturday. The rainy weather of to-day promises that the visitors will see the city's source of supply under the conditions which normally prevail in the Sooke hills, and that they will fully appreciate the precipitation which is henceforth to be harnessed to the use of the consumer in Victoria.

INFORMATION RE PRISONERS. Friends of Soldiers in Captivity in Germany May Make Inquiries Through Consul at Geneva. Information of an authoritative character has been received by a subscriber to the effect that friends of missing soldiers who are prisoners in Germany can obtain information of these through Mons. d'Arbonne, British consul at Geneva, who will make inquiries through the international bureau, an organization of three hundred women who have given their services voluntarily to the work of learning everything possible about missing English prisoners. Friends cabling to the consul for information must prepay the reply.

Navy League Chapter.—The regular monthly meeting of the Navy League Chapter, I. O. E., took place yesterday afternoon in the Temple building, the vice-president, Mrs. Edwards, in the chair. The treasurer reported a balance of \$224.14. A committee was formed to visit sailors from H. M. S. Kent, who are in hospital. The sum of \$5 was voted to buy a new hose for the Pembroke Street boys' school, and \$12 to the local branch of the Federated Navy League. The meeting was adjourned to the next chapter.

A Wealth of Songs and Dances Columbia Double-Disc Records for June

LEPER TO BE DEPORTED

Man Arrives From Winnipeg in Box Car, and Will Be Sent Home This Week. The city health authorities are holding a Chinaman afflicted with leprosy, who came through in bond on Sunday, for deportation to China. He will be sent back on the Yokohama Maru on Friday. The man has been sent on from Winnipeg, where he appears to have developed the fell disease. In order to avoid infection he was placed in a box car, and all his food put aside for him. Everything which reaches him in his present retreat is sterilized, and the utensils washed in a chemical solution. During his voyage across the Pacific Ocean he will be confined in a special place built for that purpose, on deck, which is hoisted overboard at the conclusion of the voyage and burned.

MISUSES HIS WEALTH

Songhees Indian Spends His Money on Liquor; Given a Lesson by Magistrate. A case of a Songhees Indian whose wealth is proving a source of temptation to him came before the police magistrate this morning, when Jimmie Fraser was charged with being in possession of intoxicating liquor yesterday. The circumstances of the case were explained to the court by Dominion Constable Thomas O'Connell, who had found the man wandering along the street in a state of intoxication, and with the bottle in his pocket. Mr. O'Connell stated that Fraser has been constantly drinking for some months, coming into town and getting the liquor somewhere or another and bringing it out to the reserve. He and

LOCAL DRUGGIST SAYS: "TAKE ONLY ONE DOSE"

We want to tell those in Victoria suffering from stomach or bowel trouble that we are agents for the simple mixture of buckthorn bark, glycerine, etc., known as "Just One Dose," which became famous by curing appendicitis. This is the most thorough bowel cleanser known and JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. You will be surprised at the QUICK action of Adler-Lika. Hall & Co., 192 Yates St.

GRAY HAIR
Dr. Tremain's Natural Hair Restorative used as directed is guaranteed to restore gray hair to natural color, or money refunded. Positively not a dye, and non-injurious.

Mrs. H. VON RODEN of LYNDON, KY.

Recommends Lydia E. Pinkham's Vegetable Compound for Backache, Nervousness, Headaches.

Lyndon, Ky.—"I have been taking Lydia E. Pinkham's Vegetable Compound for headaches, neuralgia pains, backache, nervousness and a general run down condition of the system, and am entirely relieved of these troubles. I recommend your remedies to my friends and give you permission to publish what I write."

When a woman like Mrs. Von Roden is generous enough to write such a letter as the above for publication, she should at least be given credit for a sincere desire to help other suffering women, for we assure you there is no other reason why she should court such publicity.

Canadian Woman's Experience: Windsor, Ont.—"The birth of my first child left me a wreck with terrible weak spells, but I am glad to tell you that I do not have those weak spells and I feel like a new woman since taking Lydia E. Pinkham's Vegetable Compound. I am now well and strong and can do my own housework. I do not take medicine of any kind. It was Lydia E. Pinkham's Vegetable Compound that restored me to health."

Mrs. ROBERT FAIRBAIN, 72 Parent Avenue, Windsor, Ontario.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

VICTORIA CASUALTIES

Lieut. George Shaw Wounded and Pte. Donald Campbell Missing; Both Went From City.

In the latest casualty list is the name of Lieut. George Edward Shaw, wounded. Lieut. Shaw belonged to the 88th Fusiliers before the war, and left with the first draft from that regiment which went to Valenciennes from Victoria last August. Twenty-nine years of age, he is a native of England, and had only recently married a Miss Margaret Webb, of London, England. He lived in Victoria for four years, and during the Nanaimo coal mining strikes served with his regiment in that district. He was associated with the firm of David Shaw & Co., real estate agents, Union Bank building.

Pte. Donald Campbell, missing, was employed for some time by Esquimalt municipality. He joined the 50th Gordon Highlanders soon after the organization of that body, and went with the first C. E. F. to France, being on the headquarters staff of Lieut. Col. Hughes. He was 28 years of age, and came to Canada three years ago, his first post being as a surveyor on the Grand Trunk Pacific railway line from Edmonton to Fort McMurray. His brother is superintendent of roads for the provincial government, and lives in Esquimalt.

ROBBERIES AT KEATING

Two Cases Occurring This Week Are Under Investigation by Saanich Police.

Robberies in the Keating district are being investigated by the police. W. S. Butler's store, at the Victoria & Sidney Railway depot, was burglarized, and some provisions of considerable value taken a few days ago. Now a Hindle has lost his savings, which are stated to be \$48 in English money, from a trunk, and the circumstances of the robbery resemble in every respect that from the store.

A Chinaman, who was fined this morning \$20 for being in possession of opium, is under surveillance, and his connection, if any, with the incidents, is being investigated to-day.

COMPLETE WORK ON HOLLYWOOD SCHOOL

Building Construction is Finished, but Heating Plant is Not Taken Over

The completion of the city school board's building programme is practically effected by the payment of the last cheque for building construction of the Margaret Jenkins school. The Pease heating system, however, has not been taken over, as it is regarded as somewhat of an experiment in graded schools to use the fuel oil system. The building has cost \$46,467.50 to construct.

Circumstances have altered somewhat at Hollywood since the school was commenced, and board officials agree that it is improbable that the school will be opened in the fall term as a separate graded school, the more probable course being to transfer the children from the manual training building there, which has been in use for months, and have a school of a few rooms under an acting head teacher, rather than a principal. This course has found to work well at Quadra street school.

Provision is made in the last school loan for the Hollywood school, which is to be rebuilt on the King's road site, but which will not be proceeded with under present circumstances. A new site has been provided at Spring Ridge, but no appropriation has been made yet for a building in that district, pending further information on the probable development of the school population. An extension of Bank street school has also been contemplated.

It is improbable, however, with the school attendance hovering round the 5,000 mark, that any further building will be undertaken, as there are now plenty of school places for all. Some further adjustment of the classes next term and rearranging the number per teacher is anticipated, if that course can be adopted without having to release teachers from employment.

FOR MAKING SOAP SOFTENING WATER DISINFECTING CLOSETS, DRAINS SINKS, &c

FORECLOSURE SUIT AGAINST THEATRE

Case Involving \$25,666.66 Goes by Consent in Supreme Court

A foreclosure action in connection with the Royal Victoria theatre went by consent in the supreme court this morning. The plaintiff in the suit was Ernest B. C. Hanington, physician, and the defendants Charles Trevor Cross, the Victoria Opera House Company, F. B. Pemberton, Andrew Wright, Continental Shipping & Trading Company, Limited, Northern Clay Company, Lyman E. Nelson, Camille E. Dorley, Ne-Page, McKenny & Company, Grandview Iron Works, Limited, Henry Hasell, Pacific Heating & Plumbing Company, Limited, and Henry B. Scott.

Several of the defendants were made parties to the suit because they appear on the land registry records. Mr. Scott is a contractor at Port Angeles, Mr. Cross is the mortgagor, Messrs. Pemberton and Wright are registered as mortgagees, and the Continental Shipping Company, the Grandview Iron Works and the Pacific Heating Company are registered as holders of mechanics' liens.

The plaintiff's claim was that he is the first mortgagee of the lands and premises owned by the Victoria Opera House Company. The mortgage is dated October 25th, 1911, and is for \$25,666.66. He claims for this amount with interest at 7 per cent.

In his writ of action the plaintiff asked that accounts be taken of what is due him for interest, costs and other expenses. He wants payment of the total, and in default asked for foreclosure against the property.

M. B. Jackson appeared for the plaintiff and H. A. Maclean, K.C., for the defendants.

MOTOR ACCIDENTS

Two Occurring Last Night Are Reported by the Drivers Concerned in Them.

Two motor car accidents were reported to the police this morning by the four drivers who were concerned in them.

At half-past seven o'clock last evening, near the corner of Hillside avenue and Fifth street, the cars driven by John I. Staples and John C. B. gas came into collision. Mr. Staples was following the other car, at a speed of four or five miles an hour, he says, when Boggs turned around to come back and the cars collided. Staples being in a lighter car was forced into the curb and his machine sustained a broken front wheel. The other car was not materially damaged.

Shortly before midnight the cars driven by W. D. Todd and L. A. Bradley collided at the corner of Blanshard and Yates streets. In their reports both drivers throw the blame on the other. Todd's car was considerably damaged.

DAM BLOWN UP

Small Barrage at Prospect Lake Destroyed; No Clue to Perpetrator.

A small dam maintained by the Vancouver Portland Cement company across one of the northern outlets of Prospect Lake, for the purpose of conserving water for industrial purposes, was destroyed yesterday, apparently by dynamite.

The police investigation indicates that the attempt was deliberate. The company is having the matter thoroughly examined, and the Saanich police continue their inquiries to-day.

Some months back the dam on the Williams river, near Burnside road, was similarly destroyed by an explosive. A reward failed to bring the matter home to the perpetrator.

THE ARCH PLOTTERS An Absurdity

By J. McM.

Characters represented: His Satanic Majesty; Kaiser Bill, Emperor of the Earth; Donner-und-Blitzen; Von Tirpitz, Lord High Admiral of the Seven Seas.

Place—The Ramparts of Kiel. Time—Present month. Kaiser Bill—Gott strafe England! Good morning, Tirpitz! Von Tirpitz—Gott strafe England! Good morning, sire. What wouldst thou wish thy servant?

K. B.—How fares our grand blockade? My unterssee fleet, what of it? Von T.—Excellent, sire; excellent! propitious; the gods are to our cause and lend their aid. Within the hour a worthy captain makes report that by his efforts we achieved a noble victory even in that "silver streak" that lies, alas! between us and those cursed islands, to-wit, the English Channel.

K. B.—How so? What farings had he there? This worthy captain's name? Von T.—His name, most mighty emperor, is Bumperink! An't please you, a jovial fellow truly. Thy honor's sides would ache didst thou but hear the forms of speech he used to grace his deeds; his humor would have pleased thine august ear. 'Twas wondrous to hear how that he did construe the cries of drowning folk to sound like music, and thus to qualify the noble need he did. This wise it chanced: A British ship, to England bound with passengers and eke a godly number of those khaki cut-throats who make so bold as to withstand thine honored forces even in thine own territory of Belgium.

K. B.—Speak easy there, my Tirpitz! Unguarded is thy tongue. 'Twere better that thou should send this worthy captain to our presence that we might hear the good news from himself, and thus prove his merit of our noble decoration, the Iron Cross!

Von T. (sotto voce)—Methinks there is that in his voice which augurs doubtfulness. It shall be so, your majesty. K. B.—And so thy good work goes on apace, my Tirpitz, and victory after victory comes to my ships, most worthy

man! Thinkest thou that it were well to now dispatch this mighty fleet of mine, which frets and vexes at its anchorage in rusted idleness, impatient to engage our black contemptuous foe? Von T.—Even so, but say the word, most mighty emperor, and it shall be. But could thy wondrous wisdom be by mine o'ercome I would upon thee prevail to such an act defer until more favorable time shall chance for such an undertaking.

There rankles in my mind e'en yet the thoughts of what befel our noble ship, the Bluecher— K. B.—There! A truce to that! Gott is good and favors me. His chosen one, forgettest thou the Lusitania? That were a noble deed and worthy of the best traditions of our mighty race.

Von T.—'Tis true, she was not armed, and thus could not— K. B.—Sss-h! These very stones have ears! We'll say she was, at any rate to justify our mighty prowess in sinking such a ship—although her decks would crowded be with women folks and babes. Their blood be upon their own heads!

Von T.—But, sire, forgettest thou that among such folks there needs must be a godly number travelling who own another flag than Britain's? The great United States may large exception take, and make protest 'gainst such a noble deed. K. B.—A fig for that! My gallant admiral, your memory fails, else you would recollect. Some little time ago a Yankee ship—a neutral—did chance upon the seas a voyage to Europe, and there it did befall that she should meet a gallant cruiser, with our flag apeak. Of course, as you'd expect, the Yankee made protest, which, being neutral, he had right to do. But—my commander, 'tain to miss the chance of demonstrating to the world our German pluck, did there and then despatch her to the deep.

Von T.—Truly a noble deed, my sovereign, and worthy of thy sons! K. B.—Protest! Der Teufel! They might with such formalities comply to please their folks, 'tis only so: Since they, that self-same captain did embrace and make right welcome to their banquet halls, to glorify his deeds 'mid civic splendor and display.

Protest! Bah! Von T.—Then, sire, your royal will remains the same, that we should still

"Its Delicious Drawing Qualities" Are manifested in millions of Teapots daily "SALADA"

THE TEA OF STERLING WORTH BLACK, MIXED or GREEN—Sealed Packets Only FREE Sample Mailed on Enquiry Address: "SALADA," Toronto

pursue this noble work and leave nothing to chance? K. B.—'Tis so, my admiral. Von T.—Thou art, I know, a mighty man, and gifted, and, furthermore, thou art endowed from heaven with power and might to prosecute this war, since for a sacred cause we fight—our fatherland!

K. B.—Yes! Let that thought then permeate thy deeds, and let them all be honored in her name. None are so black, but that the flush of pride shall mantle o'er the cheeks of all my sons.

Spare none! But use all means within our hands, And whether those same means be foul or fair, I hold a partnership from heaven with God!

The means are His—'twas He who put them there.

INJUNCTION AGAINST CITY

Practice at Beacon Hill of Dumping From Military Camp to Be Stopped.

An injunction for the discontinuance of a nuisance at Beacon Hill park was granted to H. W. R. Moore, solicitor for Dr. Arthur Pallant against the city of Victoria in supreme court chambers this morning. The injunction will not be acted upon for one week by Dr. Pallant so as to give the city an

opportunity to make other arrangements. Dr. Pallant is the owner of Hampton Court apartments and formerly was a mouth and throat specialist at 72 Harley street London. In his application to the chamber he says that it has been the practice since September last of the dumping of the night soil of the Willows military camp into a sewer trap in Beacon Hill park on Cook street, almost opposite Hampton Court.

He said that the odors and gases resulting from this practice were a nuisance and that the noise made by the men employed in this work during the night disturbed the peace of the residents of the neighborhood.

An affidavit by Mr. Moore was to the effect that the city had been approached and had promised that the custom should be stopped. There had been delay in finding another dumping place, but the city had now promised to alter the practice. When the injunction was allowed, Mr. Moore said it would not be taken out for seven days to allow the city to act.

It is understood that the city officials have been busy in the matter with the military authorities.

"I saw a war picture in one of the papers, and one of the soldiers on the firing line, amid bursting shells and dead and wounded men, was yawning." "He was probably a football player to whom the surroundings seemed tame."

SADO DELAYED THREE DAYS LEAVING ORIENT Nippon Liner Will Not Arrive Here Until June 5; Panama in To-morrow

Owing to delays in the Orient, the Nippon Yusen Kaisha liner Sado Maru, Capt. Anakawa, did not sail from Yokohama for Victoria until May 22, three days behind her schedule.

Word was received to-day by local agents of the Panama-Pacific line, that the steamship Finland sailed from San Francisco for New York, via the canal, at 10 o'clock yesterday morning, with 212 first-class and 219 intermediate passengers.

Among the local organizations which are extending their hospitality to the men of H. M. S. Kent are the Y. M. C. A. and the Seaman's Institute. The swimming tank at the "Y" has been quite popular with the soldiers, and now the sailors are to have an opportunity of disporting themselves in it.

Mrs. J. W. Troup, Mrs. N. Shaw and Miss Macdonald, representing the Connaught Seaman's Institute, went on board the cruiser yesterday and informed the bluejackets that the building was at their disposal while they were in port.

Six of the Kent's sailors are now in the hospital, and the Navy League Chapter, I. O. D. E., appointed a committee at its meeting held yesterday to visit the invalids.

It was on February 17 that the Triumph assisted at the opening of the operations against the Dardanelles. The destroyers made dashes to within a thousand yards of the batteries at the entrance to the Strait, but the Turks did not fire on them.

The Triumph opened a slow, deliberate, indirect fire with her 19-inch guns at 7.00 a.m. The Queen Elizabeth was lying farther out, sending 15-inch shells. The enemy did not reply, and the Ark Royal, the waterplane parent ship, reported that Battery 59 was undisturbed.

Bad weather then interfered with the operations until February 25, when the Triumph had a big day. The fleet found Battery 59 at last and pounded it to pieces. The gunnery lieutenant, whom the Triumph's crew privately claimed to be one of the most accomplished masters of his craft in the navy, said he had never remarked so vividly before the terrific force of modern heavy projectiles.

MUCH NITRATE NOW MOVING TO ENGLAND Norwegian Steamship Hesperia With Joseph J. Cuneco Ports; Frisco's News

San Francisco, May 27.—The Norwegian steamer Hesperia is due from Astoria this week with a cargo of nitrate for the Atlantic. It is presumed she is under charter to W. R. Grace & Co. The Fenwick is now on her way to San Pedro. With this fixture the Hammond Lumber Company has now all its fleet under charter.

The Pollard steamer Tallac, due at New York from Genoa Bay, B. C., will load general cargo at Philadelphia for this port, consigned to J. C. Settle. The Norwegian ship Bell, chartered for wheat from Portland to the United Kingdom at 75s., October loading, was the former British ship Brilliant, well known here as one of the Standard Oil fleet of sailing vessels. Her name was recently changed to Bell from Perko.

When H. M. S. Triumph was sent to the bottom in the Dardanelles by a torpedo, the British navy lost one of its most notable fighters. It had been said that the Triumph had been in some fighting than any other ship in the fleet, and had fired more heavy shells than any ship in the whole history of the navy.

CHIEF ENGINEER WALLACE IS SERIOUSLY INJURED Word was received here to-day from England stating that Chief Engineer Wallace, of the C. P. R. steamer Princess Irene, which is now in the service of the British admiralty, has met with a serious accident while on duty.

Mr. Wallace left Victoria last summer to superintend the construction of the turbine engines for the Irene. As soon as the 23 knotter had undergone her trials and was ready to steam to Victoria, the admiralty requisitioned her, along with her sister ship, the Princess Margaret, for scouting purposes.

KENT'S COMPANY WAS ROYALLY ENTERTAINED Captain, Officers and Men Are Guests of Shearwater's Company

There was plenty of amusement and an abundance of good fellowship at the smoking concert given last night in the Canteen, Esquimaux, in honor of the captain, officers and ship's company of H. M. S. Kent, by the officers and bluejackets of H.M.S. Shearwater.

It was a typical sailor's concert, and the only instrument lacking to make it complete was an accordion. There were tin whistle solos, mouth-organ selections, comic songs and recitations. The bluejackets of the two ships performed in a most admirable manner, and their commanders, officers and shipmates loudly applauded them for their efforts.

Lieut. Jones Presided. Lieut. Jones, commander of H. M. S. Shearwater, the submarine parent ship and also commander of C. C. I., presided at the concert, and at the table with him were Capt. John D. Allen, C. B., the heroic commander of the Kent, and Commander Bedford, second in command on the cruiser.

The entertainment opened at 7 o'clock, and for one hour the men chatted over their experiences. The men from the Shearwater listened with interest to the many and varied accounts of the battles in which the Kent was such a conspicuous figure.

At 8 o'clock Lieut. Jones called the meeting to order and the lengthy programme was started. The chairman stated that it was a real pleasure for the Shearwater to have the privilege of entertaining Capt. Allen and his officers and men, and he called upon his men to give three hearty cheers and a tiger for their guests.

This was followed by a brief speech by the captain of the Kent. He had great difficulty in securing a hearing, as the bluejackets sent up cheer after cheer for their superior officer. Capt. Allen is a most genial gentleman, and his men have the highest respect for him.

When he had an opportunity of making himself heard he thanked Lieut. Jones and his officers and men for their kindness in extending such whole-hearted hospitality to the Kent. Three cheers were then given for the Shearwater.

The two features of the programme were provided by H. M. S. Kent. Stoker Kennedy recited "The Battle of the Falkland Islands," a most excellent poem which he had written himself. It was the first time he had presented his work, and he greatly surprised his officers and shipmates.

Stoker Potter sang the praises of the Kent's last cruise, introducing the sinking of Admiral von Spee's squadron and laying special emphasis on the way the Kent got the Nürnberg, following later with a verse on the surrender of the Dresden. A tin whistle solo by N. Falkner called for an encore, "Where the River Shannon Flows." The others who took part were: J. A. Marsden, C. Sparks, J. Sergeant, J. Dunn, F. Fanthorpe, W. H. Hadley, J. Hardman, F. J. Hickman, W. G. Jones, D. Russell, J. Lee, P. Dingwall, H. Reading, H. Tapper, C. C. Beresford, J. Larkin and H. Welsh.

At the conclusion of the concert Lieut. Jones made reference to the part played by the Kent in the war and called for three more cheers for her captain, officers and men. In reply, Capt. Allen said that if it had not been for the Shearwater and the submarines Admiral von Spee might never have gone to the Falkland Islands and given the Kent the opportunity to play such an important part, but would have come to Esquimaux. He then called for three cheers for the officers and men of the Shearwater and the submarines.

The concert was completed with the singing of the National Anthem.

### LEAFS CUT DOWN PITCHING STAFF LEFT HANDED TWIRLER NOW SOUGHT

#### Howard House Was Let Out by Owner Kingham Last Night; Menges Will Get Back Into Game To-day

Howard House, formerly of the Detroit and Chicago American League clubs, was released last night by the Victoria club. Owner Kingham already has taken out for a first-class left-handed pitcher, so he decided to cut House loose and get along with four here. The Leafs made enough hits yesterday to win a couple of ball games, but the pitchers did not hold up. Manager Nye will work Bonner, McKenry, Leonard and Hanson in rotation, and will keep this quartette working until he can land a port-sider who will win in this league.

Marty Nye will go back to his old lineup this afternoon, showing Shaw into centre field, while Billy Menges will hold down the hot corner. The Victoria infield did not work as smoothly with Menges out of the game, and the local pilot is anxious to take the series from the Tigers, hence the change. Hunky Shaw is more at home in the outfield, and this department will also be bolstered. Haworth may be given a rest because of the Charley horse he is carrying around. Hoffman is hitting the ball now and Haworth will come in handy as a pinch hitter, until his leg rounds into shape.

Ed. Dugdale evidently secured a nice piece of money for first baseman Beatty, or he would not have parted with this classy first sacker. Seattle's Batteries: Eastley and Cadman; Noyes and Altman.

#### TO OPEN COURTS.

Bernie Schwengers will give an exhibition on Saturday on the First Presbyterian Church courts. Mrs. M. King has kindly loaned the Church Tennis club the courts for the season, and quite a few members will take advantage of the grass courts this year.

#### WELLS ENLISTS.

London, May 27.—Bombardier Wells, the English heavyweight pugilist, has enlisted as a private in a Welsh regiment, according to The Daily Telegraph.

Detroit is hitting Washington (writers hard). They have an edge on this week's series.

When a team cannot win a ball game on eighteen blows, then something is wrong with the system.

TACOMA vs. VICTORIA  
Mid-week Games ..... 3.30 p.  
Saturday Game ..... 3.45 p.

#### VICTORIA LACROSSE

### PRACTICE TO-NIGHT

#### Angie McInnis May Join Local Squad; Oak Bays' Final Workout

Coch Spring will have his Victoria Lacrosse club out at the ball park to-night, and he will likely make a few changes in his attack. The local coach is not altogether satisfied with the manner in which his home players worked in Monday's game, and he figures that a couple of changes will make a big difference. Victoria would have won on the holiday with a little better passing near the Westminister nets, and this is the department that needs attention.

Another glaring fault of the Victoria club was the slowness of the defence and home fielders in going after the ball. Instead of covering up every pass and running after the rubber when it was thrown wide, the locals waited until the Westminister fielders got going. Victoria has plenty of speed in the representative team, but the "pop" was lacking on Monday. Better fielding must be shown if the club is to win many matches this season.

Angie McInnis, the stellar home player of last year's club, is back from Portland, and he may be induced to get into the game. McInnis hurt his shoulder two years ago at Vancouver, and has been a little uncertain of taking any chances since then. McInnis is a shifty player and a nice stick handler, so that he would undoubtedly strengthen the goal getting division.

The Oak Bay Junior Lacrosse club will hold their last practice to-night at 4.15. The team will be chosen for the game on Saturday with the Nationals at Oak Bay. All junior players, 19 or under, who would like to play for the team are asked to turn out.

### KAUFMAN'S LUCK WAS ENOUGH TO WIN

#### Leafs Clouted Tiger Twirler for Eighteen Hits but Could Not Win

It's a good thing Dick Kaufman is lucky. The Ancient One managed to last nine innings yesterday and beat Victoria 16 to 7, the Tacoma club being aided in its victory by the willingness of the Victoria infield to kick the leather all over the lot when runners were tearing around the sacks. The defeat slid the Leafs down a few points and cost them a place at the top, as both Vancouver and Spokane were beaten, while Tacoma draws up to within striking distance of the leadership.

Eighteen real solid wallops, including a triple and a few two-base blows, were not enough to win for the local squad. Tacoma's peppery fielding cutting off a few rallies, while the Leafs failed to reach Kaufman in the pinches. It was a shame to lose yesterday's contest, the Tigers being outplayed at every stage of the game, except in the eighth inning, when a brace of boots landed the Bengals six runs and the game. House seems to have a little more of the "punch" he had to give way to Pinch Hitter Menges. Hanson was called in to finish the game, but he was given miserable support. The Tigers bunching a few clouts in the eighth for the necessary runs.

Despite the continual drizzle of rain, that at times deluged the field, the teams played bang-up baseball, some of the fastest fielding ever witnessed in the capital being uncovered in the defensive tactics of the two clubs. Tacoma three times cut down runners at second, on what looked like sure sacrifice plays, while Victoria also cut in with three two-ply killings that averted trouble.

Tobin starred with a couple of flashy catches in left field. The entire Tacoma infield appeared surcharged with pepper, handling no less than twenty chances. A greasy infield helped along the hitters, for it was almost impossible to judge the hop of the ball, but the batting averages were surely boosted yesterday. Victoria opened the scoring in the fourth when Kaylor tripled and crossed the pan on Nye's single. Tacoma hung up three in the fifth when Kaufman walked, went to third on Johnson's double and scored on Wilson's tap to Butler. The latter stole second, Strokke's single scoring two. In the sixth Johnny Butler's double and Shaw's error counted another. Victoria staged a batting rally in the second half. Tobin walked, Nye, Haworth and Hoffman singled in a row, clearing the bases. Kaylor and Butler singled, but were left there when Shaw, Kelly and Tobin could not get the ball out of the infield.

Hanson got through the seventh nicely, but the Tigers reached him in the eighth. Stevens doubled and Butler singled. Both scored when Butler let Grover's drive through his legs. Kaufman popped out. Johnson again doubled, Heister walked. Wilson singled, Grover and Johnson scoring when Tobin let the ball get by him. Hanson's single counted Wilson with the final Tiger run. In the ninth Nye doubled, scoring on Hoffman's single. Umpire Casey got in bad with the fans by giving the Tigers several close ones, and the crowd went home just a wee bit sore over losing a contest that the Leafs appeared to have suited away.

**FIVE C'S CRICKET CLUB.**  
A special general meeting of this club is called for Friday evening, at 8 p. m. in the Cathedral schoolroom. All members are urgently requested to attend this meeting.

# ALLEN & CO. ALTERATION SALE

## Entire Stock of Fit-Reform Clothing Placed on Sale at Sweeping Price Reductions

MANY LINES OF GOODS WILL BE SOLD AT COST AND LESS THAN COST

Sale Opens Saturday Morning, May 29, at 10 o'clock

STORE CLOSED THURSDAY AND FRIDAY to mark down prices and re-arrange stock for quick selling. We are going to alter and re-model the interior of our store, and before doing so we intend to reduce our large stock of Fit-Reform clothing.

THE STOCK IS NEW—Every garment offered is good style. We have no job lots, left-overs, or has-beens. This is a clothing sale event that you cannot afford to overlook.

EVERY GARMENT IN THE STORE WILL BE REDUCED IN PRICE and all reduction will be bona fide. No questionable sale methods or juggling of prices. Our merited reputation for honest and straightforward business methods protects you against any misrepresentation.

## MEN'S SUITS

### In the Season's Newest Designs and Fabrics

SUITS for Business and Professional Men. SUITS for Men Who Know and Appreciate Good Clothes. Full Dress Suits—Tuxedos—Frock Coats and Vests—Men's Extra Pants—New Light Weight Spring Overcoats, Zambrenes, Showerproofs, and Rubberized Rain Coats

Fit-Reform Clothes are hand tailored by expert workmen, and fashioned from all wool fabrics and thoroughly shrunk. They give the utmost in value and service for money spent. This being so you must appreciate the bargains we give you, when you get these self-same goods at a substantial reduction in price.

The Retail Price of Fit-Reform Clothes is the same throughout the whole of Canada; you pay the same price in Montreal that you pay in Victoria. The prices are sewn into the pockets of the clothes by the tailors before the garments leave the workrooms. The Fit-Reform label on a garment means as much to you as the "Sterling Mark" does on silver. It is the "Hall Mark and Seal of Quality."

Watch To-morrow's Newspapers for Further Particulars and Prices.

Sale Opens Saturday Morning at 10 o'clock

Four runs, 6 hits off Hanson in 6 innings; 6 runs, 7 hits off Hanson in 3 innings. Struck out—By House, 4; Hanson, 1; Kaufman, 2. Time of game—1:35. Umpire—Casey.

### SPORTING GOSSIP

One thing, the Leafs are out of their batting slump. Kaufman was certainly there with the rabbit foot yesterday. Victoria failed to slam the ball in the eighth.

Billy Menges came through with a nice pinch hit. He will likely get back into the game to-day.

Haworth is troubled with a bad charley horse in his left leg. The Leafs slipped up yesterday with a chance to go into the lead.

Hanson would have held that two-run lead, but for the poor support.

A big workout of the Victoria Lacrosse club will be held to-night. Several changes will be made on the local team for the next league game.

The Barrieau boys are in town and looking for bouts.

### TO RACE IN IRELAND.

Dublin, May 27.—At a meeting of the Irish Turf club yesterday it was decided that three would be the interference with racing in Ireland this season.

### Victoria Winners at Terminal Show

The Times is indebted to J. W. Creighton, who has just returned from Vancouver with a big string of dogs, for the following list of wins by local exhibitors:

Mrs. R. Waddell, the only exhibitor of Scotch terriers, took the blue in every class, also winners in dogs and bitches.

Mrs. E. M. Whyte's Skye terrier was awarded first and winners.

Plinton took first in every class where entered, winners, and special for best smooth fox-terrier in the show. Geo. Florence was awarded second in novice dogs, and second in puppy bitches.

Fox-terriers, wire-haired: Mrs. A. H. McConnell and Miss Winslow captured a good share of ribbons.

Airedales: Dr. Vye took thirds in puppy and novice classes.

Boston Terriers: Mrs. C. Castle's Tipperary Toss took second in puppy dogs. Mr. E. G. Maynard, with Kitchener carried off the blue, special, and reserve winners for best dog in show. Mrs. Fred. E. Bilsett's Kiddo Demon II. took first and winners.

Bull-dogs: Mrs. P. D. Morrison, third in puppy dogs.

Old English Sheepdogs: Mrs. R. Waddell took first and winners.

Cocker Spaniels: Dr. J. L. Milne, first novice, open and winners; J. W. Creighton second, open and reserve winners; Black, with Jesmond Willow.

With Jesmond Monmouth (parti-colored), first novice and special. In open bitches, first, winners and reserve for best Cocker in show, with Jesmond Frances.

Maltese Poodles: Mr. C. Gladding took first open, winners and special, with Jackie.

Field Spaniels: Dr. P. Wells took firsts, dogs and bitches, winners and special.

Irish Setters: H. W. R. Moore, with Ch. Killarney Kim, first open, winners, and special.

English Setters: T. Withler, with his famous brace, Ch. Arbutus Swallow and Arbutus Ladybird, swept everything before them, scoring firsts in their classes, winners, special for best English Setter in show, special for best sporting dog in the show, and special for best brace of any breed.

Pointers: J. L. Wolfenden showed Victoria Sport and Victoria Speck II. Sport went through his classes from puppy to winners, also featuring special for best Pointer in show. Speck took first in open bitches and winners, and special.

Mrs. Fred. Bilzard, with the best Toy Boston Terrier in Canada, Kiddo Demon II, has arrived back from Vancouver dog show. Kiddo Demon II. is at stand weight, 12 lbs., from this date.

## IS WITH MEDICAL CORPS IN FLANDERS

Victorian Describes Horror of Ypres Fight From Another Viewpoint

Few people stop to realize how great a share the medical corps are taking in the great war, or the hourly danger to which they are subjected in the pursuit of their work of mercy.

Some insight into the perils and arduousness of the work is given in a letter received by D. E. Campbell, the well known Victoria citizen, from Charles A. Gilbert, who is attached to the medical division of the Canadian contingent now fighting in Flanders.

The letter is dated May 1, and tells of fierce fighting against the Germans and of the terrible scenes witnessed when the wounded are brought in for treatment.

He says that he was practically six days without sleep, with his nerves clean on edge from the continuous roaring of heavy cannon and the whirring overhead of high explosive shells.

Mr. Gilbert was in the big fight near Ypres. He says the carnage through it was indescribable, but was hidden while it lasted, and on May 1 when he wrote the letter it still was going on. April 22 he was in Ypres with others for four days' rest, and had a letter from Mr. Campbell half written when the Germans shelled the town with 17-inch high explosive shells. They were ordered to dig themselves in on the canal bank, and while doing it French troops gave warning that the Germans had used poisoned gas to suffocate them and then had charged and drove the French out, and that thousands of the enemy were a short distance away.

The Canadians, says Mr. Gilbert, got the order to charge, and went right on top of the enemy, who employed machine guns, causing heavy losses. The Canadians cheered and soon had the Germans on the run, bayoneting them out of their position.

Mr. Gilbert speaks of the terrible scenes he witnessed when the wounded began to arrive following this encounter. Though cut up with rifle bullets and shrapnel, some of the men, he says, were cheerful, but others suffered terribly. After working all night the medical staff, to which Mr. Gilbert was attached, had sent away between seven and eight hundred men. What was left of the medical staff, he says, then sought food, and after a march found a loaf of bread which provided half a slice each. On this sustenance they returned to another night of blood and misery, and stayed by it until Sunday morning, when everybody was sent to reserve trenches, where they remained all day under a hail of shells like a rain storm, gas, shrapnel, lyddite and high explosive, and without artillery to reply. Thousands of reinforcements were on the way, he writes, to hold the line, and the men stood by gallantly until these came. Later the Canadians were sent back, but not many of them were left. Then they fell back to a small town to collect stragglers, and had another night of hospital work. This was worse than the charge hospital work, he says, because the wounds were from shrapnel.

Mr. Gilbert speaks with admiration of the courage of the Hindus and the Gurkhas while under the surgeon's knife. They stand pain without flinching, he says.

After a night in a field they were marched to the bank of the Yser, where the shells burst day and night, affecting the nerves of many of the men and preventing sleep. They could not hear each other speak, and felt the earth tremble with the roar of the

guns behind and in front of them. The atmosphere became very bad from the fumes, and this made the men drowsy, and after a while Mr. Gilbert was able to sleep.

The ranks, he writes, have been made up to full strength, but there are only seven officers left of about twenty-four. He mentions among the wounded George Foster, formerly of the police force here, and John Richardson, also of Victoria.

Continuing the story of the fighting, he says: "Yesterday the front line advanced, driving the Germans back five lines of trenches and taking a number of prisoners. The Germans are surely carrying out their threat that they would lay waste everything as they went back. The city of Ypres and all the surrounding villages are nothing but a mass of charred ruins, unburied bodies of men, women, children and horses. It is murder the way they use high explosives on the civilian population, and every church and cathedral seems to be their first mark. If this paper was a gramophone record you would hear some ear-splitting explosions; there is a French 75 m. m. battery just behind us firing over our heads. The enemy are trying to drop shells on it, but so far have not succeeded."

## PAYS CHEQUE FOR ALIENS EMPLOYED

## Interment Authorities Abandon Position and Liquidate City's Claim

The city officials had a welcome surprise when the mail was opened this morning, for they found that the Dominion government interment department had abandoned its untenable position and forwarded a cheque for \$3,454.70 for the cost of keeping alien enemies from September to the middle of last April.

Correspondence between the mayor and Sir William Otter, in charge of this department, was published in the Times last week, in which his worship told the Dominion officials to look for a cheque of \$3,454.70 for the cost of keeping alien enemies from September to the middle of last April.

The amount of the cheque is that claimed by the city for the expense of men working on rock piles in the period above named. These gangs were stopped last month.

The solicitor for N. R. Foxgord, owner of land on Pandora avenue which has been expropriated, has notified the council of the appointment of Arthur Coles as the arbitrator for the owner. The acting city solicitor has been authorized to make arrangements to facilitate the arbitration proceedings.

Two interesting communications have been sent from the Berlin, Ont., board of trade for endorsement by the Victoria council, one being the desire to urge on the Dominion authorities the employment of ex-service men returning from the front, and the other the necessity of steps being taken to reduce the fire losses in Canada, which are higher per capita than in almost any part of the world.

The police commission is meeting this afternoon with regard to a case of alleged kidnapping of a Chinese woman from Victoria, which was described at length in a recent issue of the Times. The detectives who were connected with the case and other witnesses are being heard.

CONVENIENT—Burns coal, coke, or wood. Large feed doors make firing easy.

## LETTER BOX

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter its chance of insertion. All communications must bear the name of the writer. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

### THE RIFLE RANGE.

To the Editor.—I read John Haddon's letter explaining the methods employed at the rifle range, so would like to add my own experience. Being told that the only possible chance of getting work there was by interviewing a certain person at Royal Oak, I went to that individual. After receiving a courteous refusal, I asked for an explanation why workmen were discriminated against; why one should be privileged to the disadvantage of the other? I reasoned that most of us were from the four corners of the earth and expect equal chances. He did not seem willing to reason with me, but remarked, "Why not join the local Conservative association? You'll be all right."

### CLAUDE MARTIN.

Garden City, May 25.

### COURTESIES TO SAILORS.

To the Editor.—I read in the papers of recent date that the Jitney association had kindly offered a motor drive to the sailors of H. M. S. Kent, which no doubt they will gratefully accept. Also the provincial government and city will entertain the officers and men of this ship. Might I suggest that men of the sick and wounded now in St. Joseph's hospital be not overlooked, and that some attention be given to them in the way of supplying late English papers, cigarettes, and when these men are convalescent and able to get about that some kind friend may place at their disposal their motor. Unfortunately I do not possess one or I should gladly be one of them.

### BRITISHER.

May 27.

### ALIEN ENEMIES.

To the Editor.—How gratifying to see the people of the coast showing a determined spirit in the question of alien enemies. I heard the speakers at the Oak Bay meeting of citizens and their personal knowledge of Germany's secret spying tactics for years past, as explained by them. Also read the interesting and instructive letter by a correspondent in your Saturday's issue of the Times, which produced a profound feeling in myself and many others as to the seriousness of the situation. It's a pity these men with more knowledge of this subject than some of us in British Columbia have not stirred the public before with their efforts. I firmly believe that much information is conveyed to the enemy by the least expected people living in the city of Victoria. Unfortunately circumstances unexplainable prevent many from airing their views.

### LOYALIST.

May 25, 1915.

### OUR SOLDIERS.

To the Editor.—I do like to see justice done, and for that reason I would like to say a few words in answer to the letter in yesterday's Times entitled "Canadians Don't Count." It may be true that some ill-advised Englishman did pass that remark; but I think it was an insult to her own countrymen more than to Canadians. I am not an Englishwoman, but I can't help noticing the splendid way in which the Englishmen in Victoria and vicinity have joined the colors. The typical Englishman with his "brogues" and tweed suit has practically disappeared from our streets; as in all of the word to say against the English, I think if "A Canadian Soldier's Wife"

## Eczema for Two Years Cured by Zam-Buk

Mr. A. Warwick, Cooksville, Ont. writes: "For two years I was badly troubled with eczema on my leg. I used various salves and lotions, but could get no relief. The sores kept getting worse until finally I was obliged to give up my work. I was in despair when one day a friend advised me to try Zam-Buk. I did so, and I cannot tell you how pleased I was with the result. Zam-Buk quickly allayed the itching and smarting sensation, and finally healed the sores. My leg is now as well as ever."

Hundreds of others suffering from eczema have ended this disease by using Zam-Buk, some even after suffering twenty-five years and spending hundreds of dollars on medical treatment.

Zam-Buk is purely herbal. Unlike ordinary ointments it does not contain harsh minerals, poisonous coloring matter, or corrosive animal fats which in a short time go rancid. As soon as Zam-Buk is applied to a wound or sore its herbal essences penetrate to the very root of the trouble, kill the disease, and relieve the pain.

Use Zam-Buk for cuts, burns, bruises, eczema, piles, pimples, chronic sores, chapped hands, frost bites, and all skin diseases and sores. At all drug stores and stores, or postpaid from Zam-Buk Co., Toronto, on receipt of price. 50c. box; \$1.00. 3 boxes \$2.50.

## PROHIBITION AND WAR

### Monster Mass Meeting to Take Place at First Presbyterian Church on Monday.

A monster mass meeting of the young people of Victoria will be held at the First Presbyterian church next Monday evening under the auspices of the Christian Endeavor Union and the A. R. C. association. The subject of the meeting will be "Prohibition During the War," and the speaker of the evening will be Rev. E. A. Henry, B. A., of Vancouver, an eloquent orator, who is certain to present the highest ideals as well as the practical issues of the campaign for national efficiency along the lines of temperance.

The young people will march in procession to the church, the men to meet at the Y. M. C. A. before 7.30, and the women at the Y. W. C. A., and to march through the principal downtown streets to the church. The Salvation Army silver band will head the procession, and the music of the evening will be furnished by a chorus of fifty men and a male quartette. The body of the church will be reserved exclusively for those in the procession, and the galleries will be thrown open to the rest of the public. During the evening federation banners will be presented, and the roll call of the union will take place.

"While did you see my new shaving brush?" "Yes; mom is using it to repaint the bird cage."

A few weeks ago a Sunderland collier was anchored outside the Humber waiting for his pilot, and incidentally chafing at the delay. Eventually the pilot was shipped, and the safe channel entered for Hull, when the captain rather sarcastically remarked: "No, you know where the mine are?" "No," replied the pilot. "I do not."

"What you've taken over my ship and you don't know where the mine are?" The pilot smiled indulgently upon the enraged skipper and said: "Aye, captain, 'tis true I don't know where the mines are, but I know where they are not."

### AN IRISHWOMAN.

May 27.

[The Times has received a number of letters, some criticizing, others endorsing, the remarks of a "Canadian Soldier's Wife." For obvious reasons we shall publish no more letters on the subject.—Ed.]

### "THE CRISIS IN B. C."

To the Editor.—In the exposure under the above caption by Mr. Moses Cotworth correct, as vouched for by his well-known professional ability and standing in financial and government circles and the backing of the Ministerial Union of the Lower Mainland, or is it a tissue of misrepresentation as set forth by the Hon. Messrs. Bowers and Ross and the Colonel? The public has a right to know.

If the statements contained in the pamphlet are substantially correct, then the people of British Columbia owe Mr. Cotworth and the union an undying debt of gratitude for forcing the issue in a practical way against the most corrupt government of any country. If, on the other hand, the government can disprove the allegations and so justify its past and present existence as in the best interests of the province, it is entitled to higher honors than has yet been accorded it.

Here we have a most serious situation, alleged direct evidence of the most serious malfeasance of office compassing possible heavy criminal proceedings, a situation which cannot be met by the assertions of the accusing parties or the counter assertions of the parties accused. Neither will the results of any ordinary court proceedings on a side issue clear the atmosphere.

Mr. Cotworth and the union are evidently not adverse to, in fact, do not fear, the closest investigation as to the truth of the matter set forth. On the contrary, their main object and effort is toward an impartial and thorough investigation by an independent non-partisan body.

If the attitude of the Hon. Messrs. Bowers and Ross and the Colonel can be proved by them, namely, that there is practically no truth in the matter contained in the pamphlet, they have their accusers at their mercy and need waste no time on evasive arguments and statements. In which event and in view of the too-evident shaken faith of the electorate in the McBride administration, and further in order to reinstate confidence at home and abroad, the government should be even more determined than the people for a prompt investigation. Any other course can only be construed as an admission of guilt.

Mr. Cotworth has sacrificed his personal and professional time and interest, and the Ministerial union, individually and collectively, has placed itself in a difficult position, all in order to do what others in the province have seemingly lacked the courage and ability to do. The writer at least wants these gentlemen, who are too evidently actuated by honest indignation and a sense of duty, to be appreciated. While the general public cannot be expected at this stage of the proceedings to attempt to vote for the technical correctness of the pamphlet, it is our duty, one and all, to stand back of these men and to accord them moral and material support in every emergency, and particularly in aiding them to obtain the investigation upon which now rests the only possible solution of good government in British Columbia.

Permit me to suggest, if not already started, the immediate general circulation of a petition to the Governor-General of Canada to invoke the necessary machinery without delay. Among the first to sign this petition should be the premier, the cabinet ministers and the management of the Colonist.

A. J. MORLEY.

### PROHIBITION FAVORED FOR PERIOD OF WAR

Mass Meeting Last Evening Passed Resolutions Aiming at Greater Efficiency

The following three resolutions were passed at a mass-meeting held last evening at the Alexander hall under the auspices of the Social Service commission with a view to forwarding temperance legislation effective during the period of the war:

"1. That this meeting of citizens of Victoria hereby expresses its hearty appreciation of the steps taken by His Gracious Majesty the King in offering his high example of total abstinence from intoxicating liquor during the period of the war."

"2. That this meeting of citizens of Victoria respectfully requests the provincial government, in the interests of the national efficiency required by the present necessities, to take steps to bring about the prohibition of the sale of liquor during the period of the war."

"3. That this meeting of citizens of Victoria on presenting to the provincial government the request for legislation prohibiting the sale of liquor during the war shall also ask that legislation shall not be repealed without a referendum."

Venerable Archdeacon Scriven presided, and supporting him on the platform were Rev. William Stevenson, Rev. J. B. Warnicker, Rev. H. E. B. Speight, Rev. J. G. Inkster, Rev. Robert Connell, and Messrs. Bone, Noah Shakespeare, Leonard Tait, and Alderman Sargent. Rev. Dr. Scott, who remained for sometime in the audience in order to vote as a layman, was called to the platform during the course of the evening.

The first resolution was moved by Rev. Robert Connell, who spoke appreciatively of the example set by His Majesty the King in the matter of abstinence during the period of the war. Mr. Connell also cited the chaplain-general of his majesty's army as having said that the present war was the greatest spiritual struggle in which the empire had ever engaged, and that the forbearance which people would have to exercise would be to the nation's advantage in strengthening character.

In moving the second resolution Mr. Tait gave statistics showing the extent of the liquor business in the country, and the expenses which were entailed in policing owing to the effect of intemperance. Reference was made to the abolishing of vodka in Russia since the war, and the great improvement which had taken place among the people of that country as a consequence. If national efficiency were to be tested under the most favorable conditions, the drink evil must be lessened. The empire's rulers and statesmen had realized as never before the necessity for highest national efficiency.

The third resolution was moved by Rev. H. E. B. Speight, who pointed out that while the prohibitive measures asked for would only be pressed for the duration of the war any legislation passed might be repealed only by referendum, this to give the electors an opportunity of voicing their approval or otherwise of the further continuance of the act.

Rev. J. G. Inkster addressed the meeting, announcing that a big temperance procession of all citizens sympathetic to prohibition during the period of the war would be held on Monday evening next, to parade all the principal streets of the city with the object of enlisting public sympathy.

The resolutions having been passed, a committee of three was appointed for the purpose of organizing a deputation to call on the provincial government and formally present the motions adopted. The members of the committee are Alderman Sargent and Messrs. Tait and Bone.

Brief addresses were made by a number of the clergy and laity present. In opening the proceedings Archdeacon Scriven voiced the hope that everyone in the province of British Columbia would be willing and ready to do everything in their power to increase the efficiency of the empire for the present struggle. Prohibition legislation for the period of the war must surely appeal to all as a wise measure, although there might be differences of opinion as to the advisability of making permanent any such enactment.

Alderman Sargent offered a practical suggestion intended for the lessening of liquor traffic. If the public expressed its desire for prohibition measures in sufficiently strong numbers, the government would have no alternative but to pass the legislation required and see that it was enforced.

Rev. Dr. Scott pointed out that the moral appeal would never settle the question of intemperance. The business appeal, however, would. And as a business proposition the traffic in strong drink was militating against the Empire's chances of success in the present great struggle. It was thus that the people and legislators in British Columbia awoke to their responsibilities.

Alderman Bell embodied the same idea in his remarks. The serious effect of intemperance on the national efficiency at the present time would make the object of the present appeal obvious to all.

Noah Shakespeare endorsed the resolutions, applauding the patriotic as well as the economic appeal which was embodied in the motions submitted to the meeting. Another speaker of the evening was Mr. Morgan, who was strongly in favor of the legislation proposed.

Rev. J. G. Inkster referred to the recently formed coalition government as an indication of the realization by the leading statesmen of Britain of more efficient measures for meeting the critical needs of the moment. Every citizen could throw in the measure of his influence and help. Every energy must be bent to the national exigency.

Rev. J. B. Warnicker pointed to the brave sacrifice of life by the soldier. Those at home would be doing less than their duty if they failed to sacrifice all within their power to save the loss of further life and end the war at the earliest possible moment.

The meeting, which was most enthusiastic and well-attended, concluded with the singing of the National Anthem.

Early in the proceedings Rev. William Stevenson read letters from Rev. Father Leternie expressing regret that Rt. Rev. Blahop Macdonald, who was out of the city, would be unable to be present; and from H. C. Brewster, who was also unable to attend. Both, however, sent expressions of their sympathy with the objects of the meeting.

Rev. Father Leternie, stating that Bishop Macdonald had pledged himself to total abstinence during the war, and Mr. Brewster urging every possible measure making for efficiency at the present time. A letter from F. A. Pauline expressed regret at his inability to be present, but enclosed a resolution in favor of the proposed temperance measures passed by the congregation of Centennial Methodist church.

### Week-End Sale of Children's Straw Hats

These are all made of the very finest Milan straw—soft and will not break. You may choose from several shapes and good colorings. They are trimmed with ribbons and in some cases pompons. This is an extraordinary offering and one that should not be overlooked. Mostly \$3.00 values. Week-end price ..... 75¢

### Cloth Skirts Specially Priced for the Week-End

Materials are principally serges in black and navy. Also a few in tweeds and checks. They are made in good styles. The special price for the week-end only ..... \$2.90

### Fabric Gloves for Present Wear

"Niagara Maid" Silk Gloves, short, colors black and white. Price, pair ..... 85¢  
 Long Silk Gloves, in all leading shades. Pair, \$1.00, \$1.25, and ..... \$1.50

### PRICES ON NEW SUMMER SUITS RECEIVE A SMART CUT

Regular Values to \$25.00  
 Special Price ..... \$15.00

Distinctive Suits, embodying all the newest novelty effects. Coats with plaited and belted backs and flare effects. Skirts in plain, flare and pleated styles. Materials include finest quality gabardine, serge and novelty suitings in pearl grey, navy, Belgian blue, black, brown and white, and black and white checks. At their regular prices these Suits were very conservatively marked.

Regular Values to \$50.00  
 Special Price ..... \$27.50

Gabardines figure largely as the material used, the colors being khaki, putty, navy and black. Very fine serges in navy, black and battleship grey add to the variety. Hints at the military are effected in pockets, belts and buttons, while other novel features may be noted in the small belt effects at the sides of the coats, plaited and flared backs and diagonal and patch pockets.

While the majority of the skirts are plain, one at least shows a remarkably smart novelty—it is shirred on each side to plain patch pockets at the hips, the fullness thus given adding largely to the appearance of the suit.

 NOIRE UNDERSKIRTS \$1.65  
 These pretty Skirts have sold exceedingly well; there are only a few left, so hurry if you want one. Very special at ..... \$1.65

### HERE TO INVESTIGATE THE LUMBER INDUSTRY

Commissioner of Commerce Arrives to Confer With Ministers and Lumbermen

Here to investigate the trade outlook generally, and to make efforts to encourage the lumber business in particular, the commissioner of commerce, Richard Grigg, is in the city from Ottawa.

Mr. Grigg said: "My object is to confer with the members of the government, particularly Hon. W. R. Ross, with regard to conditions in British Columbia, and to find out personally how circumstances are by consultation with some of the leading lumbermen. Sir George Foster recently sent Mr. MacMillan on a world tour, and Mr. MacMillan's impressions of trade openings for the export of lumber will be published from time to time in the bulletin of the department of trade and commerce. It is very necessary that we should be able to know the exact situation in the province, and therefore I came from Ottawa for that purpose. With information of that nature I shall be better able to inform the minister of the position of the industry on the coast."

"I do not expect to be here long, because there is a great deal of work to be done now in the department, my instructions covering conferences with ministers and men engaged in the industry."

Mr. Grigg's visit is, he says, a proof of the desire of the federal department to co-operate with the provincial government in one of its staple industries, and one which at the present is suffering from lack of tonnage on account of the war, and of domestic restriction through the financial conditions prevalent in the west.

Mr. Grigg is one of the best known commissioners in the British empire. His extensive business interests in England before he became associated with the British board of trade especially fitting him for assignment here.

On severing his connection with the British government, he received his present appointment at Ottawa in 1912, and has been since that time one of the heads of the department of trade and commerce.

"When a well-known doctor, an enthusiast on phenols, visited a lunatic asylum in Paris, he was shown round the establishment by one of the inmates, who was quite rational in his talk. The doctor therefore felt his head, and remarked:—"Not a bit likely that you will detect any trace of lunacy on the head which you now see on my shoulders; for you must know that it is not my head at all. I only had it stuck on after I was guillotined, during the revolution." The doctor was satisfied with the explanation.

"You don't know what I mean," said you just before you came in, Mr. Highcollar," said little Johnnie. "I haven't an idea in the world, Johnnie. That's it. You guessed it the very first time."

"I don't think Mr. Highcollar is much of a conversationalist," observed Miss Cawker. "Well, he called on me last evening," said Miss Plinn, as she carelessly twirled a new ring on the third finger of her left hand, "and I found his conversation quite engaging."

### New Pump Styles That You Should See

Patent Grecian Strap Pump, silk side gore, Louis heel.  
 Mat Kid Vanity Pump, turn sole, Louis heel.
