COVER TO CLEAR UP CHINATOWN

GENERAL ELECTION BEFORE CHRISTMAS IS FORECAST BY BRITISH POLITICIANS

Labor Premier Will Appeal to Country if Defeated on Either of Two Issues Says Government Paper. Censure Vote on Sedition Charge and Anglo-Russian Treaty Create Crisis

London, Oct. 2.—Talk has again arisen of the "imminent fall of the Labor Government," and the probability of a general election before Christmas. It may be recalled that similar expectations have been raised more than once since the Laborites assumed office "without power," but this time the forecast is declared to be the real thing.

The crisis, for so it is regarded on all sides, came suddenly late last night when notice was given in Parliament of two motions against the Government. One by the Conservatives, censured the Government's conduct in reference to the abandonment of criminal proceedings against James Ross Campbell, acting editor of the Workers Weekly, a communist publication.

The other by the Liberals, voices disapproval of the Anglo-Russian Treaty which, according to the wording of the motion "instead of providing a genuine contribution toward dissolving the problem of unemployment, threatens to divert resources which are urgently needed for national and imperial development and contemplates that the British taxpayer should be made liable for further loans to Russia, raised by means of a guarantee of the British Government as the condition upon which the private claims of certain British creditors should be recognized or met by the Soviet republic."

Of the two motions the latter is regarded for the moment as more certain than the former to bring the Government down, because the attitude of the Liberals toward the Conservative's censure motion is yet rather obscure.

Mr. Asquith, addressing yesterday a Liberal party meeting at which the anti-treaty resolution was approved, said that if the Conservative's motion "a reasonable motion" regarding the handling of the Campbell case, the Liberals should support it. Whether Sir Robert Horne's motion can be considered as yet undetermined, and it is understood the Liberal leaders will decide the matter to-day.

It had been recently understood that the Liberals were prepared to support a motion condemning Attorney-General Patrick Hastings for mishandling the case, but doubted whether to support it if it involved the whole Government. It had been further believed, however, that Premier MacDonald was determined to stand by the Attorney-General, and that if the latter were censured, the Premier would not allow him to resign while the rest of the Government continued in office, but would retire with him. The distinction, therefore, seems a fine one for the Liberals to make.

One supposition is that they will refrain from voting on Sir Robert's motion leaving to the Conservatives the task of turning down the Government, which the Conservatives are sufficiently numerous to do if the Liberals leave the Laborites to their fate.

The situation regarding the anti-treaty motion is much clearer, as it is inconceivable that the Conservatives will abstain from supporting a motion directly aimed at defeating the Government, which the Conservatives are sufficiently numerous to do if the Liberals leave the Laborites to their fate.

The question is raised, if the Government is beaten next Tuesday or Wednesday on the anti-treaty motion and then resigned, what is to become of the Irish Boundary Commission Bill, which will not have passed all the stages toward enactment, but the opinion is general that all the parties will allow the measure to go through as soon as parliamentary procedure permits.

COLLAPSES ON STREET

Vancouver, Oct. 2.—Mrs. W. J. Budd, who came here from Calgary a year ago, collapsed on Granville Street here to-day and died within a few minutes.

LOCAL ATHLETE KILLED BY TRAIN WHILE IN EAST

Frederick R. Lewis, of This City, Train Victim at Ignace, Ontario

Frederick Roberts Lewis, twenty-six years of age, son of Mr. and Mrs. A. E. Lewis, 1410 Harrison Street, was instantly killed in a railroad accident twenty-five miles east of Ignace, Ont., according to word received here yesterday afternoon.

The late Mr. Lewis, whose popularity in Victoria makes his

JURY HEARS OF NERVOUS STRANGER

Dr. C. W. Duck Takes the Stand For Defence in Hearing of Rex Versus Boak

Jurors Discover One Witness For Defence Inadvertently Heard Proceedings to Date

Word of an unknown man "with an American accent" who stood agitatedly wiping the fender of his car at 9.35 p.m. on a quiet side road in Saanich on the night of August 20 was entered by the defence in the case of Rex versus Boak, hearing on its eighth day, entering this morning before Mr. Justice Murphy in the Assize Court. Apart from the account of the agitated man who "responsibly" asked a witness for the defence for a match and declined all offers of assistance, the morning session was quiet. Dr. Charles W. Duck, appeared as chief witness for the defence. Dr. Duck stated he served to see what shadows had occasioned the sudden change in the direction of the Boak car, the primary cause of the dual crash.

PRINCIPAL OF SCHOOL

He graduated from Victoria College over a year ago, and was principal of a school in Hope, B.C. From there, during the summer, he went East, with the intention of attending Queen's University, where his brother Arthur, has been for the past four years, and has won a name for himself as one of Canada's greatest football players.

Besides the great number of close friends who are so deeply affected at the death of Mr. Lewis, he leaves his father and mother, two sisters, Mary and Ella, as well as a brother, Arthur. All are residing here, at 1410 Harrison Street. F. G. Lewis, an uncle, resides in Vancouver, as does an aunt, Mrs. Thomas Mason.

The message from the East, which was received by the father of Mr. Lewis yesterday, stated that the remains would be immediately forwarded to this city, when funeral arrangements will be made.

Mr. Lewis was born in Belleville, Ontario, in 1898, and came West with his parents when but a child.

Letters on Spies Reveal Orders to Burn Shanghai

Shanghai, Oct. 2.—Two spies, employed by the Ki-angsu forces attempting to take Shanghai, were shot to death to-day by Chekiang troops as they fled from the burning town of Lotien, ten miles north of here. Letters on the spies, Chekiang Headquarters announced, revealed instructions to burn Shanghai.

VANCOUVER GOING DRY; MAJORITY OF HOUSE ANTI-BEER

With Terminal City in Dry Column 26 Members Represent Anti-beer Ridings

Count on Mainland to be Close; House to Thrash Out Whole Question Again

Final counting of beer plebiscite ballots in Vancouver is putting that city in the dry column and changing the complexion of the Legislature from a majority in favor of beer to a substantial majority against it, according to advices received here from the Terminal City to-day. Last night the majority against beer in Vancouver was four, which was a considerable drop from the majority of twenty-one against it early in the day.

Whether all dry members will vote flatly against the opening of beer parlors in any district, regardless of the local vote, remains to be seen. If they adopted this course no Government would be opened in British Columbia.

In any case beer looms up as a major issue at the Fall session of the House—a role which it has frequently played in the past. The House is identified with a number of questions in the course of long beer debates. Apparently the issue must be decided by the House itself as the Government has no intention of issuing any beer licenses before the House meets. The matter will go before the Cabinet immediately, it is understood, but will be made until the members assemble as powerful Liberals are flatly opposed to beer under any circumstances and would heavily resist any action to make its sale more general.

OPEN VERDICT ON DEATH OF WEALTHY LETHBRIDGE MAN

Lethbridge, Oct. 2.—An open verdict was returned by the coroner's jury at the inquest into the death of Mark Rogers, local oil man who was found dead in his home Tuesday morning with the top of his head blown off by a shotgun. The jury admitted inability to decide whether the shooting was accidental or intentional. The contents of the note left by Mr. Rogers to his wife was not divulged to the public but was read by the jurymen.

FRANCE FIRM ON IMPORT TAX ON GERMAN GOODS

Paris, Oct. 2.—Premier Herriot in a formal note dispatched to Germany yesterday replying to the German ultimatum against France's imposition of a 36 per cent import tax on all goods from Germany, makes virtually no mention of the German charge of unfairness when he presented the protest last week, namely, that this way of collecting reparations is entirely illegal and according to established precedent.

SIR WM. PRICE KILLED TO-DAY BY LANDSLIDE

Quebec Multi-millionaire Was One of Most Influential Business Men in Canada

Quebec, Oct. 2.—Sir William Price, president of the Price Brothers Company, was killed this morning at Kenogami. According to reports reaching this city, Sir William and two engineers, named Munro and McDermott, were inspecting the work being carried out at Kenogami when a landslide occurred. Sir William is said to have been buried under the debris, while the two engineers escaped with their lives.

Sir William was one of the most influential business men in Canada. He was associated principally with the pulp and paper industry and owned large mills in Northeast Quebec.

Sir William was born at Talca, Chile, in 1867. He was Conservative member of Parliament for Quebec West from 1908 to 1912, but of late years preferred being considered as an independent politician. He went overseas as Lieutenant-Colonel of the 171st Battalion.

MAN RESCUES FOURTEEN FROM FISHING VESSEL

Santa Cruz, Calif., Oct. 2.—The Lafelco, a fishing schooner owned by Ed. Linder of Pico 23, San Francisco and Monterey, went ashore on the rocks last night off Moore's Beach, four miles north of here. A crew of fourteen men were rescued after being labor by Joe Alvarez, who managed to get a rope to the vessel. The crew came down the rope hand over hand. The vessel, abandoned, is badly damaged.

BANK EXECUTIVES TO VISIT HERE

Bank of Nova Scotia President and General Manager Expected in City

George S. Campbell, president, and J. A. McLeod, general manager of the Bank of Nova Scotia, who are on a Western tour, are expected to arrive in Victoria this evening from Nanaimo.

Mr. Campbell, who is connected with G. S. Campbell and Company, Halifax, is identified with a number of directorates in the maritime provinces, including the British Empire Steel Corporation. He is a shipping broker.

NANAIMO MINERS SIGN FOR THREE YEARS AT SLIGHT REDUCTION

Nanaimo, Oct. 2.—Following a meeting attended by over one thousand employees of the Western Fuel Corporation Limited of Canada here last night, a three-year working agreement was signed by representatives of the men and the company. A slight reduction in the pay of the men is the result of the new agreement, although the cut is not as much as had been anticipated when negotiations for the new agreement were commenced.

Wheat Continues Sensational Jump

Winnipeg, Oct. 2.—Wheat prices continued their sensational advance right from the opening this morning when October wheat quickly scored 34 cents to 14 1/2 cents high mark for the present movement. Higher Liverpool cables, unfavorable weather in the Canadian West and an excellent crop of buying by foreign interests and speculators were the chief factors in the strength shown.

Canadians Return To Native Country

Ottawa, Oct. 2 (Canadian Press)—The return of Canadians from the United States is given at approximately 5,000 a month, according to a bulletin issued by the Department of Immigration. Since May 23,861 Canadians have returned home. Since May 1 the total immigration to Canada has been 6,715, as compared with 80,161 for the same period last year. The largest movement from the United States during August was from Michigan which amounted to 249. The State of Washington came next with 372, New York State third, with 172.

HANGING HALTED

Montreal, Oct. 2.—Leo Davis will not hang on October 24 with the other five bandits, as he has been convicted of the murder of Henri Cleroux, Bank of Hochelaga chauffeur, because the Supreme Court of Canada, to which he had right of appeal, does not meet until February.

JAPANESE AGREEMENT MAY BE BROUGHT BEFORE PREMIER HERE

League of Nations Assembly Debate Heightens Canadian Interest in Immigration From the Orient

Ottawa, Oct. 2.—With the problem of Japanese immigration to the League of Nations assembly, Canadian interest in the issue raised by Japan is heightened by negotiations between the Canadian and Japanese Governments in regard to the interpretation of the "gentlemen's agreement" which regulates at present the immigration of domestic servants and laborers to 150 in the year, but certain other classes of Japanese in addition are permitted to enter. These include Government representatives, merchants, students and the wives and children of Japanese citizens already resident in Canada.

It is the regulation of the immigration of the wives and children of Japanese residents which has led to the renewal of negotiations with Japan. The matter came up at the close of the session and British Columbia members expressed doubt of the sufficiency of the protection accorded by the "gentlemen's agreement."

A question was raised whether the quota of 150 included contract laborers, but Premier King replied that the Government had not given its consent for the entry of that class of labor and did not intend to do so. He agreed, however, that there was a "loophole" in the agreement in regard to the wives of those Japanese already in the country and he announced that the Government was taking that matter up with the Japanese authorities. No official statement is available here as to the result of these negotiations, but it is not regarded as unlikely that the Premier will receive representatives of the British Columbia on his present tour.

CANADIAN CONTRIBUTES

Geneva, Oct. 2.—The Hon. Raoul Dandurand, Canadian representative at the Assembly of the League of Nations, speaking before the Assembly to-day, declared Canada would be loyal to the covenant of the league and would support the protocol of arbitration and security. His speech was a noteworthy contribution to the debate which preceded the unanimous adoption by the assembly of a resolution urging that all Government ratify the protocol.

DUBLIN SHIPYARD TWO-YEAR STRIKE IS NOW SETTLED

Dublin, Oct. 2.—The shipbuilding-strike which has lasted two years has been settled, according to an official announcement. It was said that work would start again Monday.

UNIVERSITY MEN ARGUE TO DRAW ON PROHIBITION

New York, Oct. 2.—Debating teams representing Columbia University and Oxford University last night argued the question of prohibition to a draw. The British team, led by Malcolm MacDonald, son of the British Premier, argued against prohibition, while the United States team took the affirmative.

CALIFORNIANS OWN OVER MILLION AUTOS

Washington, Oct. 2.—Automobiles registered in the United States during the first six months of 1924 totaled 15,532,077, an increase of 29 per cent over the corresponding period of a year ago, the American Automobile Association announces.

WAR ON GAMBLING, DOPE AND LIQUOR SELLING OPENS IN ORIENTAL QUARTERS

Gaming House Quarrel Blamed for Lew Murder; Conditions Culminating in Assassination Have Become Intolerable Says Vancouver's Mayor; "Clean up Everything," Says Commissioner to Chief of Police.

Vancouver, Oct. 2.—Gambling must be stopped in Chinatown; selling of narcotics must cease; tong activities must be curbed so that all fear of safety of life and limb will be removed; sale of liquor in chop suey house and blind pigs must be suppressed and the civic by-laws must be rigorously enforced, according to orders issued to police officials by the police commission to-day. "Conditions culminating in the assassination of David Lew last week have become intolerable in the Chinese quarter," declared Mayor W. R. Owen. "There has got to be a clean-up—a real one. I do not intend to be satisfied with half-way measures."

The Mayor said it was no secret that liquor could be purchased in some chop suey houses; and that the traffic in narcotics in Chinatown had been an abomination for years and must stop.

"Gambling," said Mayor Owen, "has been a life and the murder of last week is said to have resulted from jealousies and strifes arising from factions connected with gambling resorts. Whether this is or is not true has to be fully determined, but this we do know, that on the night of his death Mr. Lew was to give the police information in connection with a fracas which was said to have its origin in gaming house war."

COMMISSIONERS AGREE

The other two commissioners, Alderman F. C. Gibbons and Robert MacPherson, nodded their heads in agreement when the Mayor declared he would like Chief H. W. Long to understand he had a free hand to go the limit in putting an end to gambling in the Oriental.

"We want you to clean everything up," said Mr. MacPherson. "I want you to co-operate with the police of this municipality. I want to see more co-operation between your own departments."

Mr. MacPherson inquired if any further action had been taken to bring to justice the operators of the B.C. Veterans Weekly competition. Inspector Jackson said it was difficult to get direct evidence of conspiracy to defraud but said that the case would be followed up.

OLIVER RECOVERS QUICKLY AND GETS BACK TO HIS DESK

Finds Much Accumulated Business Awaiting His Attention; Sees MacDonald Appeal From Railway Commission's Rate Decision Inevitable, He Believes

Premier Oliver arrived at his office this morning, completely surprising the Cabinet, who understood that their chief would be confined to his bed for some days with a cold. The Premier arrived here quite unwell, but a good night's rest at home had almost restored him to his usual vigor this morning.

Mr. Oliver immediately commenced to handle the enormous pile of correspondence which accumulated during his absence in OTTAWA. Early this morning he conferred with Hon. E. C. MacDonald, Provincial Secretary, who was recently defeated in the North Okanagan by-election, but Dr. MacDonald's resignation was not discussed. The Premier later declined to talk about the political situation or the reorganization of his Cabinet until after he and his colleagues were recalled to-morrow.

The Premier indicated to-day that the freight rate dispute is far from over. Whether the Railway Board rules in favor of British Columbia's contention or supports the railway companies, he declared, its decision will be appealed. If the Board decides against British Columbia, he said, the Government will take the case direct to the Governor-General in Council, and if the decision is in favor of the Province then the railway companies will appeal it.

CROWD'S NEST RATES

The Board must decide in the first place, the Premier said, whether the railway companies are right in passing that the Crow's Nest Pass rate agreement is invalid. If the Board agrees with this contention and scraps the agreement, the Premier pointed out, British Columbia will benefit to some extent as the Okanagan fruit growers will be relieved of the competition of Eastern fruit moving westward on the low Crow's Nest Pass rates. The removal of the agreement, however, would not be sufficient, he added, as

IRISH BOUNDARY BILL PASSES ITS SECOND READING

London, Oct. 2.—The government bill providing for the Irish boundary commission passed its second reading in the House of Commons last night. Previously an Ulsterite motion for rejection of the bill was defeated 231-124. J. H. Thomas, Colonial secretary, said the government had exhausted every effort to avoid introducing the bill, but conference after conference had broken down because Ulster insisted that President Cosgrave must abrogate his rights under Clause Twelve. Neither Mr. Cosgrave nor Sir James Craig was an unreasonable man, but both were faced by facts they were unable to control. He only wished the people they represented were as reasonable as they.

SERVICE INTERRUPTED

During the night and the early hours of this morning the city had the practical demonstration of the anticipated value of the second transmission line from Jordan River to convey light and power. The present high tension line was put out of commission by insulator trouble during the night, and upon noon the difficulty had not been located, gangs working from either end seeking to locate it. The Brentwood Bay and Goldstream plants were put into operation to serve the city meanwhile. Considerable interruption to the street railway service resulted in the early hours.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, October 2, 1929

Alderman Williams has posted notice of motion that he will move at the next meeting of the City Council that a reward of \$100 should be offered for the arrest of the murderer or murderers of Mrs. Bings, who was killed in a particularly brutal manner while crossing the Reserve to Victoria West on Friday night. No clue has yet been discovered.

Criticism of the way in which Island farmers ship their produce, particularly fruit, to market is voiced by local wholesale men. The quality of the Island apples sold here is said to be inferior to those imported, and it is hoped greater care in selection will be shown in future.

Saanich Council to Debate Effect of Victoria's Levy on Motor Buses

The Saanich Council will hold its regular meeting on Friday evening next at 8 o'clock. It is expected that Reeve Robert Macnicol will direct attention to the City of Victoria's private bill, in which the City Council is applying for permission to impose and collect license fees from owners of vehicles carrying more than eight persons, to an amount not to exceed \$250 for every six months.

While not wishing to oppose the city's private bill, it is the opinion of the Saanich Council that the municipality must protect itself in this matter, as a considerable number of persons run over the Saanich municipality's roads. His feeling is that Saanich should protect itself by seeking similar powers to the City of Victoria, and unless such powers are promised to Saanich, then the City of Victoria should come to an arrangement with Saanich as to their attitude on the question of licensing buses, etc., that run into the city over Saanich roads.

At 7.30 o'clock the special transportation committee consisting of Reeve Macnicol and Councillors Oldfield, Robertshaw and Hagan, will meet to discuss the report which they will present to the council in regard to the closing down of the railway. It is not expected that the committee will make any recommendation to the council, in view of the conflicting views they have met with at the meetings in Wards Four, Five and Six, but will suggest that the members of the council discuss the question with representative committees from these wards.

The ratepayers asked to serve on the committees appointed at the various ward meetings held in connection with the closing down of the interurban, are invited to meet the council at 9 o'clock on Friday evening.

JURY HEARS OF NERVOUS STRANGER

(Continued from page 1)

accident site en route home for a period of three minutes, and its occupants saw nothing. The stoppage was due to engine trouble and occurred at 9.40 p.m. Pressed by M. B. Jackson, K.C., Crown counsel, witness admitted he could not see the site of the Duck car from where his car stopped on the road, but added that in driving by the party had observed nothing.

John Alderson, a witness called by the Crown and recalled to-day by defence, gave his occupation as shop foreman for the firm of H. A. Davis Limited. Witness said he went to the accident scene on the night of August 29, cut his finger in working under the car or around the place, and may have smeared blood on the vehicle. On cross-examination witness agreed that he had not suffered extensively from the loss of blood occasioned. He agreed, too, that he lost neither hair nor brains at the scene.

J. Findlay told the court of the stranger on the Old Saanich Road, whom he took to be an American by reason of his accent. Witness said he drove by way of Estevan Avenue, via Fort, Blanshard, to Quadra, and thence north along the Saanich Road. He stopped his car at the junction of the Old Saanich Road and there saw a car by the headlights of his own vehicle.

Witness asked if anything was the matter, the stranger replied, "No, no, no—it is all right," and added he did not need any help. Witness saw the man first leaning over the bumper of his car and wiping it off. The stranger asked for a match and appeared nervous or agitated.

On cross-examination witness added that the stranger's car had its back to him, and he saw the man in the lights of the car's own headlights. He did not see what the man did with the match. Later witness drove past the accident scene and saw nothing. Mr. Jackson pointed out that the Blanshard Street route was out of his way, en route home to Prospect Lake. Witness said he had gone that way, anyway.

It was recalled to the stand by Mr. Justice Murphy that witness said the stranger's car was headed away from the accident scene. Witness saw the man bending over the bumper. The lights of that car were on.

Norman Williams took the stand to tell of the finding of a piece of paper behind a stone post at the Ellis driveway. Witness found a piece of white cloth behind the companion post on the other side of the drive. On the paper was an American address, which included a street address in California.

At this stage a juror remarked that the witness had sat in the courtroom for the first six days of the trial, though witnesses were supposed to be excluded.—Witness admitted it frankly and said he had not understood the situation. Another juror stated that witness had attempted to get into the jury room one day last week. Witness admitted that, too, but explained his error to that, too. Another juror asked if the paper found could have been seen from the road. Witness replied it was behind the stone.

DR. DUCK TESTIFIES

Dr. Charles William Duck, driver of one car at the time of the accident, stated he had attended the Fraser party and returned home with Messrs. Turpel and Higgs, medical students, in his car. Dr. Duck passed the witness' car slightly south of the Prairie Hotel, witness leaving the party about 9 p.m. or 9.15 p.m. Royal Oak witness passed the car

SIGN AGREEMENT

Nanaimo, Oct. 2.—Eight husband-and-wife employees of the Western Fuel Corporation of Canada last evening met, and after hearing the terms of a working agreement between the company and the men, instructed their representatives to sign up. The agreement will be for three years, instead of two. Some small reductions in wages are made, and the dollar bonus is cut to ninety cents. Later representatives of the operators and the employees conferred and signed the agreement.

of the accused when it slowed down. There was no racing. At the accident scene the Boak car appeared suddenly abreast of his own and then swerved in front. Witness who had been driving in the centre of the road, took to the ditch.

Witness got out of his car and walked across the road to where the other had disappeared. He shouted twice but got no answer. He went to the embankment and found the others out of the Boak car and about ten minutes and then returned to the Duck car. At this time Dr. Boak went to telephone. His car's rear light that night, it with the number plate, being broken off by the car of Dr. Hunter at the Fraser party.

Witness affirmed that the car occupants had no idea anyone had been hurt until the service car showed up the bodies. None, he said, had gone back on the road to the point of the swerve or the subsequent site of the bodies. They had not looked to ascertain the cause of the swerve, he repeated.

The lights of his car were on after the accident for about an hour. Then he turned them off.

As soon as the bodies were discovered, Dr. Boak rushed over to them. Dr. Duck followed. One body was lying down and the other sitting up. Dr. Boak went to telephone again.

On cross-examination witness denied that he had ever made the assertion that his car "could easily do sixty." He tried it out at forty-five miles an hour or about

that speed. At the Prairie Hotel witness said his car was going "somewhere around twenty-five to thirty miles an hour." That of Dr. Boak might have been going three, four, or five miles faster, in passing. The Court—Did you slow down at the Prairie Hotel?

Witness—At the curve, naturally I did.

Witness continued he followed behind the Boak car at varying distances at a speed of between twenty to twenty-five miles an hour. At the accident scene witness's car was in the road centre and though witness had not looked at his speedometer he would estimate his speed at "twenty-five or thirty miles an hour." Witness reaffirmed he was not trying to prevent Dr. Boak passing.

When the sudden swerve came it left him no option but to take the ditch. Witness agreed with Crown counsel that the path of the Duck car left a space of some twelve feet to the left of the car before the bank was reached.

The Court—Can you tell us the speed you were traveling at the time you made that turn?

Witness—Well, it was somewhere around twenty-five miles an hour.

The Court—Did your lights go out when your car stopped?

Witness—No, sir.

The Court—Did they go out afterwards?

Witness—Yes.

The Court—Who put them out then?

Witness—I did.

Dr. Duck explained that this would be about one hour after the accident. Mr. Jackson—Did any of you go back to look for the bodies or to look for anything?

Witness—No.

Mr. Jackson—Did Dr. Boak go back?

Witness—No.

Mr. Jackson—Did Dr. Boak tell you why he answered so suddenly?

Witness—He said he saw a shadow.

Mr. Jackson—Did you believe him?

Witness—Yes.

Mr. Jackson—But no one went back to see?

In reply to further questions, witness stated Dr. Boak had started up his car engine, shortly after the water spurted out over the radiator and the accused had shut off the

power. Witness could not remember whether he had attempted to help push the car up the bank or not. The examination was continued until the noon recess.

TWO DEGREES BUT CANNOT VOTE

Dr. J. H. Jacobs is Example of Educated Aborigine

A graduate in arts and medicine of McGill University, and yet unable to vote, disfranchised owing to the fact that he is a full-blooded Indian of the Caughnawaga reservation, Dr. J. H. Jacobs, B.A., M.D., was a visitor to Victoria this week with his wife.

Dr. Jacobs is medical officer for the Indian hospital on that reservation, and has also a considerable practice among the white people of the district near Montreal.

This remarkable man, who has broken the bounds of family antecedents and racial barriers, is one of the best educated Indians in Canada, his brightness as a boy encouraging the department to give him the facilities of a high school and university education, opportunities of which he has made full use.

Dr. Jacobs called on Commissioner W. E. Ditchburn while in the city, and informed him of the progress made in the public health of the Quebec Indians, most of whom have been educated in the advantages of public health, giving them the lowest aboriginal death rate in Canada. Dr. Jacobs spoke of the extent of tuberculosis in the Indian population of Canada, stating that the estimate of fifty per cent was not excessive.

serious injustices to the Province would still exist.

DEMAND-FULL JUSTICE

"What we demand," he said, "is the removal of all discrimination and the scrapping of the Crow's Nest Pass agreement would not accomplish this. If the Board merely scraps the agreement, we certainly will not be satisfied and will appeal. In any case, whether the Board favors our argument or supports the railway companies there is bound to be an appeal."

Mr. Oliver indicated that the rate question was too involved to be discussed fully in a brief space.

\$1,200,000 FIRST YEAR PROFIT IN MANITOBA ON LIQUOR SALES

Winnipeg, Oct. 1.—Manitoba gross profit from the first year's operation of the Liquor Control Act amounted to approximately \$1,200,000, according to figures announced today by the Provincial Revenue Audit Department.

Out of the total revenue, the city of Winnipeg will receive a share of \$175,000 while the municipalities in the province will also receive a proportional share of the net profit.

HARVEST SUPPER

Special to The Times
Nanaimo, Sept. 29.—The Harvest Home Supper and Dance held last evening in the Five Acres Mission under the auspices of the Ladies' Guild proved an unqualified success.

The dinner which had been provided by the ladies of the Mission was excellent and fully two hundred people who partook of the refreshments were highly delighted. Following the dinner a splendid musical programme was rendered after which several pleasant hours were spent in dancing.

CUP PRESENTED

Special to The Times
Nanaimo, Oct. 1.—A gift of a magnificent silver cup is being made to the local Golf Club by Mr. James Fox. The cup is to be awarded to the winner of the Men's Handicap, the event to be played for annually. Three successive wins entitling the holder to have permanent possession of the trophy.

Those Precious Children!

HOW they love their morning bowl of Quaker Puffed Rice with milk. How they revel in the light, fairy-like, flavoury grains which lure the appetite and make the milk dish more inviting.

And how wise a daily food it is for them.

Puffed Rice is so appetizing. The whole grain is there—with all its essential food elements and minerals. But each kernel has been steam exploded to make digestion easy.

Gives a new charm to breakfast for grown-ups, too. Just try it.

Quaker Puffed Rice and Quaker Puffed Wheat are the famed inventions of Professor Anderson—foods shot from guns, the most thoroughly cooked grain foods known.

FINAL AWARDS AT SAANICHTON FAIR

Splendid Attendance Marked Closing Day of Saanichon Fair

With fine weather prevailing for the Saanichon fair yesterday afternoon, an excellent attendance of Victoria and Saanich residents inspected the exhibition, the affair becoming somewhat of a reunion, many of those present meeting old friends for the first time in months. The parking space provided for automobiles was taxed to capacity, and all comments agreed that the show this year was a high credit to Saanich, the record number of entries in the main hall being of unusually high type.

The judging of the livestock was conducted in the course of the afternoon, with a critical audience of farmers watching the judges with keen interest. Awards made yesterday are as follows:

BONES OF ANIMALS 6,000,000 YEARS OLD FOUND IN CANADA

Saskatoon, Oct. 2.—Fossilized bones of the giant animals that reigned

three to six millions of years ago were recently discovered by Ralph Nelson, of Unity, Sask., in the vicinity of Muddy Lake, in the Unity District. The discovery has been reported to the University of Saskatchewan and the Dominion Department of the Interior and the deposit has been identified as a typical bone bed of the Cretaceous Age. It is the first discovery of its kind in Saskatchewan.

MR. MEIGHEN'S MOANS

IN HIS ADDRESS AT Fort William last night Mr. Mackenzie King put his finger on a very important flaw in the Opposition Leader's armor

There is no doubt about it. Mr. Meighen has put himself completely in the hands of anti-immigration forces in this country

There is no doubt about it. Mr. Meighen has put himself completely in the hands of anti-immigration forces in this country

In Canada, however, Mr. Meighen's tariff talks are easily seen through. When he blames the freer trade policy of the King Government for every business failure

At the next election the Conservative Leader will no doubt say to the people of this country that the preference should be refused to Great Britain

THE SYNOD AND WOMEN

ALTHOUGH AN ACcredited representative from the diocese of Caledonia, Miss Inez Smith, of Hazelton, B.C., was not permitted to take her place at Tuesday night's sitting of the General Synod of the Anglican Church

The incident naturally developed the need for action in order that procedure at future gatherings of the Synod should be clearly understood

Before the expression of the gathering was taken Canon Scott informed his colleagues that "if the Synod passes this motion, I shall go home absolutely disgraced with the Church"

CANADA INTERESTED

CANADA'S NATIONAL debt in 1914 stood at \$335,996,850; to-day it totals somewhere in the region of \$2,400,000,000

Canadians are far from despairing of ever meeting such a large debt; they know that they will be able to pay it under comparatively comfortable circumstances

These proposals are simple and direct and the nation which can not accept them invites suspicion

WORDS OF WISE MEN

Happiness belongs only to those who are contented.

Conscience chastises the soul.

It is a kind of encumbrance to be overmuch praised.

Think before action, that nothing foolish may result.

Old age and the wear of time teach many things.

It is disgraceful to stumble against the same stone twice.

It seems harder to find a man who bears good fortune well than one who bears misfortune well.

On the fall of an oak every man gathers wood.

If you put by little to little, and do so often, it will quickly become much.

A sensible man judges of present by past events.

It is hope which maintains most of mankind.

Search, then, the ruling passion: there alone the will be constant, and the cunning known.

The fool consistent, and the false sincere.

EDWIN L. GODKIN

Irish-American journalist, was born on Oct. 2, 1831. Coming to the United States as a correspondent of the London Daily News, he eventually became editor of its American Unitarianism, and was for many years pastor of the Federal Street Church in Boston.

WILLIAM ELLERY CHANNING

American clergyman, writer, and philanthropist, died on Oct. 2, 1842. He was one of the founders of American Unitarianism, and was for many years pastor of the Federal Street Church in Boston.

JOSEPH ERNEST RENAN

Noted French philologist and historian, died on Oct. 2, 1892. He was the acknowledged leader of the school of critical philosophy in France. Called to the chair of Hebrew in the College de France, he was forced to resign his professorship because he denied the divinity of Christ. He is, however, celebrated for his "Life of Jesus."

SAW TRACE OF HUBBARD'S BOAT CAR

Five Witnesses For Defence Saw Neither Blood Nor Brains

Mr. Justice Murphy Scores Sensationalism

That they observed no traces of blood nor human remains on the Boak car while working on it after the accident on August 20 was the evidence given by five witnesses for the defence, called in the afternoon session of the Assize Court yesterday.

The session marked the end of the seventh day of trial, with H. A. McLean, K.C., for the Crown, and B. Jackson, K.C., for the defence.

Witnesses for the defence again remarked on the security for speeding up the hearing, and once more scored any tendency to turn the proceedings, which are classed as exceedingly serious, into a "vaudeville show."

Sidelights on a Great Industry

British Columbia the Exception?

ALL NATIONS SEEKING TO REDUCE TAXATION AND ENCOURAGE INDUSTRY

Further Burden Would Put British Columbia Lumber Out of Competitive Market

WHEN every nation in the world is seeking ways and means to reduce taxation and when industry in all centres is clamoring for legislation that will permit it to regain its economic foothold, it is no time for a young and progressive province like British Columbia to handicap its forest industries in such a manner as to prevent their country from competing with other timber-bearing areas for a place in the world's markets.

In no country in the world is the standing timber taxed to such an extent as in British Columbia, and yet on January 1st, 1925, the present uneconomic Royalty measure that is now in operation will, unless repealed, automatically increase the present rate by 300 per cent, making an increase of 700 per cent, since its enactment in 1914.

Two facts must be recognized. Firstly—a large portion of our timber is mature and should be harvested as soon as possible. To hold up the logging of it by impossible taxation at this stage is to sanction its deterioration.

CENTENNIAL YOUNG PEOPLE ACTIVE

In the recent reconstruction of the work of Centennial Church, a great deal of emphasis is being placed on the work of the Young People's Department, which is being recognized by the officials that this work constitutes the most important feature of church activity.

HOW PRICES WERE REDUCED

The highly skilled specialist is usually found in private practice. His services are expensive, within reach only of those to whom cost is not a consideration. In this public practice, a fully qualified Registered Optometrist is in personal charge of the examining department, and through a constant broadening of our clientele the high cost of this skilled specialist is divided again and again, until each patient pays but a tiny portion, and the result is that our fees are as low as in any practice on the Coast.

TOOK FRIEND'S ADVICE

Nutana Man, a Martyr to Rheumatism, Gets Splendid Relief From Famous Herbal Remedy, Dreco.

"My kidneys had been in bad shape for a long time, and although I tried every remedy I heard of, could get no relief," says Mr. J. Rease, of 9th Street, Nutana, Sask. "I would get severe pains across my back, so that I could hardly straighten up. My joints ached with rheumatism, so that some nights I would have to get up and move around to get relief. One day I was discussing my condition with a friend and he advised me to try Dreco.

"At first, I thought it would be like the rest and it wasn't until I had finished my second bottle that I noticed any improvement. So I kept on with the treatment and to-day feel better than for years. The pains have all gone; my kidneys are apparently in first rate shape, and my whole system has benefited. Dreco, in my opinion, cannot be equalled."

Thousands of people know Dreco and its good works, and never miss an opportunity to recommend it. Its pure juices, extracted from medicinal herbs, roots, barks and leaves, are rich in natural corrective properties. It cleanses the system of clogging, poisonous waste matter and purifies the blood. Dreco contains no mercury, potash or habit forming drugs.

Dreco is being specially introduced in Victoria by Vancouver Drug Co., Limited, corner Fort and Douglas Streets. Go there to-day and ask for Mr. Vaughan, the Dreco expert, and let him explain the merits of this great remedy. There is no charge and he will tell you honestly if he believes Dreco will benefit you. Dreco is also on sale in New Westminster and Vancouver, by the Vancouver Drug Stores, and in other towns as follows:

Port Haney—Campbell's Drug Store. Marpole—C. H. McFarlane.

Port Moody—Graham Knight. Sidney—J. E. Mettall.

Hammond—H. C. Betts. Esquimalt—A. G. Fulmer.

Port Couillard—J. O. Neave. Nanaimo—Van Houten's Retail Drug Store.

Abbotsford—E. T. Weir. Cumberland—Lang's Drug Store.

Chilliwack—H. D. Hipwell. Dreco is sold by all good druggists everywhere.

Langley—Francis—R. A. Royston.

St. John—City—Alex. J. Stephen.

NEWS IN BRIEF

Rev. J. Williams Ogden will deliver a lecture this evening at St. Andrew's Presbyterian Church at 8:30 o'clock on "Mighty London." The lecture will be illustrated by 150 lantern slides.

The City Court of Revision adjourned yesterday afternoon to a date to be set later, after dealing during the day with fifteen cases, and partially hearing two others. There are eighty-three in the appeal list.

New permits issued for electric wiring include Bank of Nova Scotia, fittings, Alcorn, 1350 Rockland Avenue, house wiring; St. Margaret's School, 1450 Fort Street, additions; Hanbury's Bakery, 2120 Quadra Street, alterations; and McGillivray, 1335 Johnson Street, house wiring.

The regular meeting of Victoria Assembly No. 1, Native Sons of Canada, will be held this evening in the society's hall at 8 o'clock. One of the many questions to come before the meeting will be the employment of Orientals in British Columbia industries.

Four lots were sold at the resumed tax sale this morning, the upset price being \$1,425.70, and several were bought in on behalf of the city. It is through publicity propaganda. They go away and tell their friends of what they have seen and how they have enjoyed it. Then, little by little, and later in leaps and bounds, the tourist trade will thrive and grow.

In view of the expected report of Mayor Hayward to the City Council on the request of the Dominion Securities Corporation for authorization of the arrangement affecting paying of sterling bonds at par of exchange, messages are now being exchanged with the former fiscal agents, and it is hoped as a result of the negotiations that the report may be ready by Monday.

Reimar Remidav, editor of the Swedish Canada News, has returned to the city in connection with his effort to secure data for Swedish immigrants. He will have an office at the Victoria and Island Publicity Bureau while in the city. He intends to visit several up-island points before leaving Vancouver. Mr. Remidav, who is located at Winnipeg, said his office cleared through 12,000 inquiries last year for Scandinavian immigrants en route west.

Approval was given yesterday afternoon by the City Council to a recommendation to acquire from Dr. Ernest Hall part of the Fort Street frontage of his property at St. Charles Street, for the purpose of widening the street. The city will acquire 300 feet of the street, \$27 towards the delinquent taxes, the balance of the taxes due to be paid. This will conform with the new line of Fort street at the Dardanelles.

Lake Hill Community Centre.—The usual weekly military five hundred was held Monday evening, September 29. There was a good attendance, the prize winners being: first table, Mrs. Simpson, Mrs. Holdcroft, Mr. Ganes, Mr. Goodwin; second table, Mrs. Wm. Peddie, Mrs. McCallum, Mr. Campion, Mr. Bond. The ten bid after cutting was won by Mrs. Simpson and Mr. Goodwin. A military five hundred drive will be held in the hall every Monday evening, commencing at 8:15. Next Monday details of a competition for which prizes will be given at the end of the season will be announced. The usual monthly business meeting of the centre will be held in the hall next Saturday evening, October 4, at 8 o'clock.

The funeral of the late Edward Minnie, who passed away at his home, 3164 Davin Street, last Monday, took place this morning, the cortege leaving the Sands Funeral Chapel at 8:50 o'clock. Ten minutes later Mass was celebrated at St. Andrew's Cathedral by the Rev. E. H. Wood, and the service at the graveside was conducted by Mgr. J. Letierne. Relatives and a large gathering of friends were present, and the pallbearers were: Messrs. J. A. MacLeod, H. Johnson, A. J. Pease, W. Le Jones, H. Campbell and J. Morell. The remains were laid to rest in Ross Bay Cemetery.

The funeral of the late Henry Westlake will take place from McCall Bros' Funeral Home on Friday at 2 p.m. Interment will be made at Ross Bay Cemetery.

The remains of the late George Alexander North were laid to rest yesterday afternoon. The funeral took place from the B.C. Funeral Chapel at 2:30. Service was conducted by the Rev. R. Connell at the Chapel and grave. The hymns sung were "Lead, Kindly Light," and "Jesus, Lover of My Soul." There was a very large attendance of friends and the casket and hearse were completely covered with beautiful flowers. The following gentlemen acted as pallbearers: Messrs. J. W. Meldrum, W. Duck, S. G. Thompson, C. Fay, W. H. Carroll and J. G. Dodd.

The funeral of the late Richard Henry Bassett took place yesterday at 2:45 from the B. C. Funeral Chapel, where service was conducted by H. P. Thorpe, secretary of the Canadian Legion. A large number of friends attended and many beautiful floral offerings were sent. The following acted as pallbearers: Messrs. R. Graham, D. Thompson, W. G. Godwin, H. W. Hart, representing the Canadian Legion, and L. Whitlaw and F. Elston.

Read conditions on the Upper Island highways are reported to be much better since the pressure of the motor touring season is over. Victorians who have been over the roads north of Nanaimo state that now that an opportunity occurs to give the roads attention, repairs are being executed.

The ladies of the First Congregational Church will hold a sale of home cooking in the basement of David Spencer's store on Saturday. The rummage sale to be held by the ladies of First Presbyterian Church in the lecture hall there on Friday morning promises to be very worthy of patronage as a fine collection of useful commodities will be on hand on that occasion.

On Friday, October 3, the James Bay Methodist Church will hold a rummage sale, starting at 2 p.m., at 143 Menzies Street.

HUDSON'S BAY CO. EMPLOYEES PLAN SERIES OF DANCES
The Hudson's Bay Company Employees' Association have completed arrangements for their series of monthly dances throughout the winter, similar to those which proved such a success last year. Strong committees have been formed to take charge of the arrangements and the opening dance will be held on Tuesday evening next at the Alexandra ballroom, Courtney Street. Stated orchestra has been engaged to play the latest dance successes. Tickets for the affair may be obtained from any member of the association.

PUBLICITY ASSISTED MUCH IN ATTRACTING TOURISTS

E. G. McMicken, Admiral Line Passenger Traffic Manager, Congratulates Men Who Advertised Victoria and Other Northwest Points, Thus Attracting Unprecedented Tourist Travel

"The advertising work which the Associated Chambers of Commerce of the Pacific Northwest did this year was responsible for bringing a much more encouraging reciprocal passenger trade between British Columbia and Californian points," said E. G. McMicken, passenger traffic manager of the Pacific Steamship Company, Admiral Line, whose headquarters are in Seattle, in an interview with The Times this morning. "The plans of the Victoria and Island Publicity Bureau, and the splendid co-operation of the other cities, will bring more tourists northwards next year than ever before," he continued.

"This process of attracting tourists and increasing your city, and this beautiful island, is a surprisingly slow one. But once it has begun it gradually gathers speed. For Vancouver Island is self-advertising. Tourists brought first of all through publicity propaganda. They go away and tell their friends of what they have seen and how they have enjoyed it. Then, little by little, and later in leaps and bounds, the tourist trade will thrive and grow. This is Mr. McMicken's view of the present tourist trade situation as it affects Victoria.

CUMBERSOME LAWS
The American immigration laws, which have been so widely criticized in Canada, are really a very cumbersome thing, Mr. McMicken stated, and they affect intercourse between Canada and the United States in a great measure. But they were not intentionally planned to worry Canadians. They were drafted, originally, with a view to restricting the influx of Europeans through Eastern Canada.

"It should not be more difficult to go from country to country, than from state to state," added Mr. McMicken. "For we in America are after all of the same stock, and nearer to brothers than to cousins."

EMMA EXPECTED
The offices of the Admiral Line announced here to-day that the Emma Alexander would arrive from the British Columbia and California coast to-day may keep the vessel later than is expected, and every allowance is being made for her time. She should be here before 10 o'clock to-night.

The Dorothy Alexander will sail for the South at 3 o'clock to-morrow morning. She and the Emma also carry heavy passenger lists, it was announced.

made no allowance for those who were merely temporary residents. Figures now kept by Canadian authorities showed that thousands of Canadians were returning from that country. Mr. King quoted a statement prepared by the Department of Immigration that 50,000 Canadians resident in the United States for more than one year will have returned to Canada in the present fiscal year by its close. In April, 4,987 returned; May, 4,995; June, 4,720; July, 5,127; August, 4,991; and the average was being maintained. This was quite apart from the movement of United States settlers, of whom 7,005 came in the first four months of the fiscal year. The tide was setting in again from Great Britain. "I believe," he continued, "that the wallings and moanings and berating of Mr. Meighen and the recent 'Whisper of Death' campaign have done more to impede immigration than anything else. We don't want Jeremiahs going up and down the country, but we do want people who have faith in the country and who are able and willing to give the reason for their faith."

BIG ANNUAL BALL OF AGRICULTURAL SOCIETY AT SAANICH FRIDAY
Ozard's four-piece orchestra will supply the music at the annual ball of the North and South Saanich Agricultural Society, to be held Friday evening from 9 until 2 o'clock at the Agricultural Hall, Saanich. For the convenience of patrons the Flying Line stage will leave opposite the Dominion Hotel at 8:15, returning to town after the dance. A big committee has charge of decorations, refreshment and the other details, and nothing to conduce to the pleasure and comfort of patrons is being overlooked.

THAN ANY NATION
The Premier said he believed it was an actual fact, supported by statistics that Canada was in a better position than any other nation on the globe. He recalled the difficulty met by the Government in its financial administration. Interest on war debts had now brought down its third budget and each revealed an improved condition while the last showed the first national surplus in ten years.

REFUNDING LOAN
The success of the recent refunding loan was cited as evidence of financial stability. Advances to the National Railways should not be added to national debt, he insisted and in this regard the Government had made no departure from the custom of last twenty years. Tax reductions effected by the last budget saved the people \$24,000,000 in taxation.

Evidence all went to show, said Mr. King, that the country had vastly increased its export trade, while imports were slightly decreased. He believed the people were buying more of their goods at home and consequently custom returns were somewhat lower. The Premier thought the Government should have some credit for Sir Henry Thornton's appointment to the Canadian National Railways. They had given Sir Henry and his board just as free a hand as Mr. Beatty and the Canadian Pacific board.

EMIGRATION
United States figures of emigration to that country from Canada were inaccurate, said Mr. King, as they

SEEK AMICABLE SETTLEMENT OF SUMAS DISPUTE

Settlement of the dispute between the Government and the contractors who carried out the Sumas reclamation scheme over the cost of the work was sought to-day at a conference between officials of the Public Works and Agricultural Departments and legal experts of the Attorney-General's Department. The Public Works and Agricultural officials are anxious to learn all the legal aspects of the dispute, following their own investigations into the conduct of the work and its cost. It is hoped that as a result of the present conferences a lawsuit may be avoided.

MACHINERY BROUGHT FOR CARTON PLANT ON COLONIAL TO-DAY

Ship From U.K. Has Factory Equipment For Victoria Concern

When the Harrison Line freighter Columbia arrived here this morning at 7:45 a.m. she brought an extensive carton box plant for the firm of Davis and Schmeick Limited, manufacturers of this city. "We will install the machinery immediately," said R. T. Williams, first vice-president and managing director of the new concern, this morning. "Doubtless the plant will be in full operation by the end of October, and possibly before that time," he added.

The engineers will install the plant at 1222 Wharf Street, at the foot of Bastion Street, which premises will make a commodious factory and warehouse. The plant was taken from the wharf to the new factory floor this morning, as soon as it was landed here. Mr. Williams personally attended to the unloading, and the commencement of the installation work to-day.

The first invoice of board stock will arrive on October 5, asserted Mr. Williams. The company is entirely controlled by local capital. Its management and directors are local men. The machinery which is being placed in operation here, will be followed shortly by more. Everything which goes into the factory is British made and entirely up-to-date. Every modern contrivance for the saving of time and money have been taken into account, and will be installed here for the business.

The chief officers of the company are as follows: P. Schmeick, president; R. T. Williams, first vice-president and managing director; M. J. Davis, second vice-president, and Albert Speer, secretary-treasurer.

Ralph Berill, architect, is the instructor at the building construction and architectural drawing classes which open at 7:30 to-night at the High School. The classes will be held on Mondays and Thursdays.

OBITUARY

There passed away very suddenly at the Royal Jubilee Hospital last evening George Smith, aged fifty-six years, a resident of this city for the past fourteen years, lately residing at 403 Jessie Street. He leaves to mourn his loss his widow and one son, George Smith and Harry Smith in England, and five sisters in England. The late Mr. Smith was a native of London, England, and a member of Court Gannoun No. 9233 A.O.F. It is requested that flowers be omitted. The remains are resting at the Thomson Funeral Home, 1625 Quadra Street, from where the funeral will take place on Saturday afternoon at 3 o'clock. Rev. W. G. Wilson, D.D., of the First Presbyterian Church, will conduct the service after which the remains will be laid to rest in Ross Bay Cemetery.

OBITUARY

McLennan, Chas. Grant, Robert Cross and Lawrence Pelling acted as pallbearers. The remains were laid to rest in the family plot at Ross Bay Cemetery.

MRS. ADAMS BECK TO LECTURE ON WIVES OF HENRY THE EIGHTH

"The wives of Henry the Eighth" will form the subject of a series of addresses which are to be given by Mrs. Adams Beck under the auspices of the Camosun Chapter, I.O.D.E. It was announced at yesterday's meeting of the Chapter. The first address dealing with Katharine of Aragon will be given at the New Thought Temple on Monday, October 13, and the proceeds will be devoted to the Chapter's Hospital Fund. Donations of \$5 to the War Memorial Fund and \$10 to secondary education were made by the chapter, and it was decided to vote half of the proceeds of the Halloween party at the Alexandra House to the V.O.N. Arrangements were made for a rummage sale on Saturday of this week at 1185 Douglas Street, for which Mrs. Walker will act as convener. Mrs. Andrew Wright, the regent, presided and at the opening of the meeting the members passed a standing vote of sympathy to Mrs. Lutton in her bereavement.

LEAGUE ASSEMBLY HEAR WOMAN'S PLEA TO ABOLISH WAR

Mrs. Helen Swanwick of Great Britain Addressed Geneva Gathering

Geneva, Oct. 2.—The memorable debate before the Fifth Assembly of the League of Nations to-day, ending in the unanimous adoption of a resolution urging all governments to ratify the protocol of arbitration, concluded on the dramatic note of a woman's plea that war be forever banished, because "it is first victim is always the child."

The speaker was Mrs. Helen Swanwick of Great Britain, the last of the delegates to speak before the voting. In introducing her President, Donat Cattin, she said she was glad to see that it is most fitting that a representative of the world's womanhood should be the last speaker to address the assembly.

Mrs. Swanwick spoke in low tones and yet her voice carried to every corner of the huge auditorium as she sketched the huge audience to humanity that she represented. Women the world over, she declared, abhorred vengeance and detested war. In this connection she referred to the request of Signora Matteotti, of Italy, that no attempt be made to avenge her slain husband.

"Young men," Mrs. Swanwick declared, "must act for the dumb millions of the world. You must see to it that the security you have promised in the past will this time be different."

Raising her arms in an emotional gesture of appeal, she cried: "Remember that when you take up arms against one another, my brothers, that the first victim is always the child."

Nine delegates participated in the closing debate to-day.

Dominion Board Elects Mrs. Ferrabee President at Hamilton Meeting

Hamilton, Ont., Oct. 2.—Mrs. H. Ferrabee of Montreal was yesterday elected president of the Dominion Board of Management of the Women's Auxiliary to the Missionary Society of the Anglican Church at the session of the triennial convention succeeding Mrs. Patterson Hamilton. Mrs. Ferrabee is a popular member of the Dominion board and has held the presidency of the Montreal diocesan branch for some years.

Mrs. C. de V. Schofield, Victoria, was elected vice-president for British Columbia and Mrs. Mathieson, Balfour, vice-president for the prairie provinces. Mrs. James, Calgary, was elected girls' secretary.

A total of 418 branches was reported with a membership of 6,397, a substantial increase.

Among those attending the session of the Board of Missions of the M.S.C., which is being held concurrently with the General Synod in London, are Mrs. Donaldson, Toronto, Dominion treasurer; Miss Taylor, Montreal, recording secretary; Miss Metcalfe, Grimsby, candidates secretary; Miss Halson, Toronto, Dorcas secretary; Mrs. James, Calgary, girls' branch secretary; Miss Minty, Toronto, literature secretary.

ADDRESS BY BISHOP

The triennial session opened yesterday with a communion service in All Saints' Church, when the sermon was preached by Right Rev. J. A. Richardson, D.D., Bishop of Fredericton. Luncheon followed, and the sessions proper opened in Christ Church Cathedral in the afternoon.

To Mrs. Leather of Hamilton, president of the Niagara diocesan branch, fell the honor of welcoming the Dominion visitors to which Mrs. Theobald of Winnipeg, president of the Rupert's Land branch, replied. Dr. Catherine Travis of Honan, China, was a speaker.

In the evening a reception took place and on Wednesday officers' reports will be resumed.

TO TAKE UP RESOLUTIONS

Several important resolutions will come up before the board, dealing chiefly with routine business of the W.A. and the financial situation. One of these resolutions suggests "That a committee of the Dominion board be appointed to confer with representatives of the M.S.C. and G.B. R.E. and the Brotherhood of St. Andrew to see if some way may be found whereby the boys who are too old to belong to Junior branches of the W.A. could be kept in touch with missionary interest sustained in every way possible."

B.C. REPRESENTED

Mrs. A. U. De Pender of Vancouver, national vice-president, Miss Willicent Wright of Vancouver, president of the Vancouver W.A., and Mrs. Nelson of Victoria, are B.C. delegates to the triennial meeting.

FRIDAY, OCTOBER 3

Friendly stars rule this day, according to the dominant configurations. Sol is "in conjuncture" with Jupiter, parallel with Mercury, and sextile Luna an astral combination, making for general propitious conditions and presaging increase of business and money and promise of advancement and preferment for those in the employment of others, if undeniably qualified. Nevertheless, the best of interests might be jeopardized by ill-considered change or travel.

Those whose birthday it is have the forecast of a lively and successful year, with increase in business and money, and those in the employment of others, if undeniably qualified, may hope for preferment or promotion. However, it may be unwise to change or attempt travel of importance. A child born on this day is likely to have a successful career and to make a rapid rise in life, despite a restless disposition.

MARIS HALE WEDS MISS NELLIE WALLS

Pretty Wedding of Well-known Couple at St. John's Church To-day

At St. John's Church at 2 o'clock this afternoon a quiet wedding took place when the Rev. Mr. Bruce united in marriage Ellen (Nellie) Louise, eldest daughter of Mr. and Mrs. J. J. Walls of 657 Superior Street, and Mr. F. Maris Hale, son of the late Mr. and Mrs. Thomas Hale of Duncan, B.C., formerly of London, England.

Given in marriage by her father, the bride made a charming picture in a gown of white satin, simply fashioned, and wore a white picture hat trimmed with ostrich plumes. A spray of Ophelia roses completed the bridal attire.

Miss Nina Walls, sister of the bride, made a pretty bridesmaid dressed in apricot satin, with which was worn a smart hat in grey and apricot shades. Her bouquet was composed of carnations to match. Little Miss Daphne Hale made a dainty flower girl in a frock of shell pink georgette and carried the conventional basket of flowers. The groom was supported by Lieutenant Maurice Wood, R.C.N.

SOOKE HARBOR

Owing to the concert which is to take place in the Sooke Hall on Friday evening, there will be no dancing at Paradise Inn on Saturday, October 4.

Mr. J. A. Murray has returned to his home here after spending a holiday at Paradise Inn on Saturday, October 4.

Miss A. Daley spent last week-end in Sooke as a guest at the home of Mr. and Mrs. G. Throup.

Mr. and Mrs. P. Graigne have as their guest Mr. Graigne's sister, Mrs. L. Chevalier and child of Waldron Island.

Mrs. P. Snape and children spent the week-end in Victoria as the guest of her sister, Mrs. Beasley, Beach Drive.

Mrs. A. Munn has returned to her home in Victoria after spending the past week in Sooke as the guest of Mr. and Mrs. L. Gettle.

EVANGELICAL BIBLE COLLEGE OPENED

Local Ministers Attend Formal Dedication of New School

The official opening of the Evangelical Bible College of British Columbia at 1033 Fairfield Road, took place on Wednesday, October 1, at 3 p.m. when a large number of people were present. The house is eminently suitable for a college; it has accommodation for about fifty students, and stands in spacious grounds comprising about four acres. It has every modern convenience, with steam heat, and is very comfortably furnished. The dormitories, dining hall and auditorium were beautifully decorated with Autumn flowers, which obliterated the school-like atmosphere, giving a very attractive appearance.

The chair was taken by the principal, Rev. H. Wesley Cooke, and the service opened with the singing of All Hail the Power of Jesus' Name. Rev. T. A. Sandall leading in prayer. Rev. Mr. Cooke made the opening address, giving a brief outline of the formation of the school and its curriculum. Mrs. Rachel Nalder, well known to Victorians, then addressed the meeting, followed by the Rev. Arthur de B. Owen and the Rev. J. Smith Patterson, Mrs. T. A. Sandall, Mrs. Smith Patterson and Mrs. Chesworth rendered musical items. Miss N. Wheeler officiating at the organ. Rev. J. Sharp offered the dedicatory prayer and the Rev. T. W. Gladstone, retired Methodist minister, declared the college open. Refreshments were then served, and the freedom of the house was given to the guests for inspection. Among the guests was Mrs. Fraser, a returned missionary from Trinidad. All expressed their appreciation of the good work being done, this being the first Bible school of its nature on the Island, in fact in Canada. Already a number of students are enrolled, and classes will commence immediately.

The Faculty wish to take this opportunity of thanking all who have so kindly contributed to the support of the college.

MRS. MARSHALL FIELD, Sr., an American woman, has had social opportunities accorded to few. For in addition to an interesting and delightful personality she bears a name known the world around.

It is as a gracious and cosmopolitan hostess that Washington knows Mrs. Field. The drawing-room of her lovely home is as nearly a salon as one finds in the United States. Against its pearl grey walls moves the brilliant pageant of official and diplomatic society.

TO PRESENT PRINCE TOTEM POLE BOOK AS A SOUVENIR

Vancouver, Oct. 2.—A beautifully bound and suitably inscribed book describing and illustrating the totem poles erected in Stanley Park by the Arts, Historical and Scientific Society will be presented to H.R.H. the Prince of Wales during his visit to Vancouver.

There will be no formal presentation. A telegraphic request to the Prince that he receive a deputation from the A. H. and S. Society on Saturday brought answer from his private secretary that as the visit of the Prince of Wales is purely a holiday he cannot receive deputations of any kind. He would, however, be pleased to accept the souvenir book mentioned, the telegram said, and the book will therefore be handed privately to the secretary.

Mrs. Marshall Field urges women to give their skin the wisest care

The Regence mirror and sofa add distinction to this charming room in Mrs. Field's Washington home, which also contains her famous collection of jade

"I am always impressed with the charming youthfulness of American women. They manage to keep such clear, delicate skins in spite of the strain of their many activities and strenuous out-of-door life. I believe that women everywhere can have the same lovely complexions with the aid of Pond's Two Creams."

How Exquisite Women Keep Young! The society woman learned long ago to depend on just two creams that answer the two great needs of every normal skin—a rejuvenating cleansing, and a delicate protection and finish.

A thorough cleansing every night with Pond's Cold Cream. Apply it generously on the face and neck, letting it work deep into the pores, ridding them of excess oil and powder, dust and dirt. Wipe the cream off with a soft cloth, apply once more and wipe off again. Now how soft, smooth, and fresh your cheeks are!

Baseball Involved In Serious Scandal On Eve of Series

O'Connell, Prize Beauty Purchased From San Francisco By Giants, Ineligible

Offered Philadelphia Short-stop \$500 to Throw Deciding Game September 27

New York, Oct. 2.—As preparations were being made to receive baseball prodigal son of the Nation, back into the hearts of the people, a new scandal has been revealed whose ultimate effects can not now be estimated.

Commissioner Landis, who announced last night that Jimmy O'Connell and Cozy Dolan of the Giants, had been declared ineligible for attempted bribery of the people, his investigation in Washington today in an effort to discover who put the \$500 into the hands of the substitute outfielder, who charged that scheme now credited to Dolan and to what extent it was practiced during the season.

Heinie Sand, Philadelphia short-stop, looms as the hero in baseball's latest family tragedy. The commissioner acted upon information furnished by Sand, who charged that O'Connell had offered to him \$500 to "throw the game between the Giants and Phillies on September 27."

GIANTS WON GAME

New York won the contest 5-1 and clinched the pennant. O'Connell called before the commissioner, President Heydler of the National League and John McGraw, manager of the Giants, who charged that Dolan, who was the pitcher and Cozy Dolan, coach of the team, Captain Frank Frisch, George Kelly and Ross Youngs, the latter this composing the backbone of the team.

Frisch, Kelly and Youngs are completely absolved by the commission following a hearing, but Dolan, whose testimony in favor of himself was of such a character as to be unacceptable, the commissioner said, was blamed as the man who instigated the plot.

Immediately after announcing the story to the Associated Press in New York, Commissioner Landis, under supervision of details of the world series which is now expected to be played in an atmosphere whose drama can only be guessed.

HARD BLOW TO COAST

The newest blow to baseball has landed most heavily on the Pacific Coast where Jimmy O'Connell, \$75,000 beauty, purchased by New York in 1923, but who did not play until the end of 1922, occupied the same relative position in public esteem that Babe Ruth now holds. Dolan, whose name wherever he went and was especially popular with the younger boys. Before he left for New York an O'Connell Day was held at the San Francisco club and he was presented with a house.

Washington, Oct. 2.—Commissioner Landis upon his arrival here today said he had nothing to add to his statement given out in New York last night concerning bribery charges placed against players of the New York Giants.

GRAND CIRCUIT RACING

Columbus, Ohio, Oct. 2.—Defeat of Baron Worthy and Colonel Bidwell, equal favorites in the Ohio State Journal \$3,000 stake for 2.06 pacers featured yesterday's Grand Circuit programme when racing was resumed after a postponement of two days because of rain.

Making his first start in two weeks Baron Worthy was not a contender in the first mile, which was won by Prince Loree. In the second Baron Worthy led to the finish, where he was nosed out by Colonel Bidwell. Baron Worthy again set the pace in the third mile, but Prince Loree had the most speed at the finish. His stablemate, the other stake event, the Buckeye, for 2.12 trotters, went to Tillie Broker.

After winning the first heat of the 2.15 trot, Sara Thomas, the favorite, lost the next two to Peter Mills, although she was a contender in each heat.

The 2.17 pace proved a stubborn battle. Three Rocks won the first heat and Henry Ford the second and third miles.

Racing was halted for half an hour at 4 o'clock when a memorial tablet was unveiled in memory of E. F. "Pop" Geers, who drove his first mile in less than two minutes on the local track. The veteran horseman, who was killed in a race at Wheeling, W. Va., September 3, drove Napoleon Direct in 1.52 1/2 here August 16, 1916.

M'DONALD IS BEST

A. McDonald leads in the Victoria quilting league with an unbeatable record to date. His last victim being H. Robertson, the score being 21-15.

The usual handicap will take place on Saturday at 2 o'clock sharp.

ZEV LOSES AGAIN

New York, Oct. 2.—Big Blaze, Glen Huddell farm entry, won the \$3,500 Interborough handicap at a mile and a sixteenth at Jamaica yesterday.

18 IRISH CHAMPION

New York, Oct. 2.—Bartley Madden, Irish-American heavyweight, who played the Saint in this season with Harry Wills and Jack Renault, successfully defended his claims to the Irish heavyweight title last night in Dublin, when he knocked out Tim Macdonald of Belfast in the eleventh round of a twenty-round bout, according to a cable received today by his manager.

INVOLVED IN NEW BALL SCANDAL

JIMMY O'CONNELL

Baseball has been shaken to its roots again by the revelation that the practice of throwing games has not been eliminated. According to an announcement made last night by Judge Landis both Jimmy O'Connell and Cozy Dolan of the New York Giants have been declared ineligible for the world's series. O'Connell admitted making an offer to Heinie Sand, Philadelphia shortstop, to throw the game which gave the Giants the pennant this year. Other members of the Giants' team have been questioned but have been exonerated.

O'Connell was one of the finest players developed in recent years in the Pacific Coast League. He started both at the bat and in the field for the Philadelphia Phillies for several years before John McGraw parted with \$75,000 for his services. O'Connell was originally a first baseman but McGraw wanted him as an outfielder and during his last year on the coast he was used in the outfield.

When he joined the Giants last season he proved one of the worst failures the majors have witnessed since Marty O'Toole fell down with the Pittsburgh Pirates. O'Connell could not hit and was promptly benched. Recently he was thrown in the line-up with his hitting, having been put back into the line-up due to injuries to the regulars.

Pittsburg, Pa., Oct. 2.—Calling off the world's series "not too far to go to get the right results" was declared today by Barney Dreyfuss, owner of the Pittsburg Pirates, who issued a statement declaring Jimmy O'Connell and Coach Cozy Dolan of the New York Giants, accused of offering a bribe to have a game with Philadelphia thrown on last Saturday were only the goats.

Dreyfuss, whose team for a time threatened to win the pennant in the National League, declared that Dolan last year approached Pie Traynor, stellar third-baseman of the Pirates, and he was informed, "advised Traynor to hold me up for a \$15,000 salary for 1924."

Kennel Club To Hold First Show Saturday Night

Victoria City Kennel Club to Stage Dog Show in Eagles Hall; Mr. Hogg to Judge

On Saturday evening in the Eagles' Hall, 1319 Government Street, the Victoria City Kennel Club will open the first of its evening parlor shows. It is the intention of the club to stage a series of these shows during the winter months, as has been the custom in past years. The idea of running these shows was to allow fanciers a chance to exhibit their novice dogs in order to get them used to a ring in preparation for the club's big annual show in the Spring. These shows will be held every four or five weeks up until the time of the annual affair. Any competitor is allowed to enter a dog in the parlor show, and a prize for the member making the largest number of entries during the season.

A valuable trophy is being offered by the Victoria City Kennel Club for the best puppy, any breed, owned and bred by an exhibitor, to be won outright. A number of prizes for the number of wins during the season. The club is also giving eight cash prizes for the top sporting and non-sporting breeds.

Mrs. S. Boldero, local fancier, has donated prizes for the following events: Best terrier bred by exhibitor; best sporting dog bred by exhibitor; and a prize for the member making the largest number of entries during the season.

Entries can be made between 4 and 7 o'clock on the evening of the show. A charge of twenty-five cents being made for each dog. It is expected by the officials of the club that one of the largest entries ever made will be in on Saturday evening on account of it being the opening show of the season. The club held a number of successful affairs last season, but the officials look for a larger entry list this winter.

Coronation Held In Washington Is A Great Success

President and Mrs. Coolidge Among Thousands Who Cheered Baseball Champs

Greatest Reception Ever Attended Anyone or Anything in American Capital

Washington, Oct. 2.—The wheels of government yesterday centered on a ceremony for the coronation of King Baseball, a usurper who, after twenty-three years of exile, rode into the national capital on the back of a wildly heralded cabinet—the Washington Senators, pennant winners of the American League.

High-ups in government life turned out to join with street urchins in shouting a hearty welcome to the city's baseball heroes, who were escorted in a colorful welcome home procession up Pennsylvania Avenue from the Peace monument to the Ellipse south of the White House, where President Coolidge extended an official greeting to the players.

The keynote of the welcome home celebration was sounded by the President who, in presenting Manager Stanley Harris with a loving letter to the citizens of the district, assured him that his team had won "the affection of the home town constituency."

Thousands of shouting fans, some waving pennants, others waving hats, and still others too busy scrambling for points of vantage to wave anything, swarmed around the Ellipse to hear the President.

SOME BUSINESS "As the head of an enterprise which transacts some business in this town," Mr. Coolidge said, "I have the double satisfaction of welcoming home the victorious ball team."

Smiling as he spoke, the President said: "When the entire population reached the park and requiring the President to describe play by play, I began to doubt whether the highest efficiency was being promoted. I contemplated action of a vigorous nature, but the outcome makes it impossible."

"We are a somewhat democratized community," he added, "but exceedingly so. The President, by leaving his desk to take part in the ceremonies, set the fashion for the day, for all Washington, and during his last year on the coast he was used in the outfield."

SURPASSED EVERYTHING "For well on to a hundred years Pennsylvania Avenue has been the highway of processions and pageants—the parade ground on which a presumably representative cross-section of the American people has expressed the national emotions."

The memory of the present-day chronicler of events, rubbed not to the chagrin of the spectators, villagers and others when Andrew Jackson rode his charger in lonely and simple state, but to the gratification of those for his inauguration or what have been the outburst of enthusiasm from the solid walls of humanity banked high on the main street of the city.

On all these occasions the displays of human motions ranging from positive staidness to mild curiosity, interested approval and Fourth of July enthusiasm.

TURNED INSIDE OUT "But it remained for a pennant-winning baseball club to extract a real hooley from the public. It looked as though tens of thousands of men, women and children were trying to turn themselves inside out."

And as it was the city, supposedly of its own, the city, supposedly a sedate capital, celebrated in the way it liked best, and in a way tinged with the earmarks of Main Street.

The whooping, hurrying fans, instead of remaining along sidewalks, rushed into the avenue and formed such a narrow passageway that for a time it looked as if the automobiles carrying the players would never reach the Ellipse to receive the President's greeting.

Police could do but little with the crowd—they were too busy cheering themselves. Traffic on the south side of the avenue, which was not cleared, became congested about half an hour before the parade left the Peace monument. Traffic officers didn't worry about helping the motor-sets move along, and from the Treasury to the Capitol machines, in motorists sary to the

places four abreast, remained in the grounds of the marchers, and a bedlam of honking horns added to the din, and a circus in a two-by-four room couldn't have kicked up more racket.

Mrs. Coolidge was among the sideline enthusiasts. Accompanied by Mr. and Mrs. Frank W. Stearns, close friends of baseball, and the President, she viewed the marchers from a point of vantage at the rear of the executive mansion as they trooped on the Ellipse.

Discussing His Team's Success With the High Commissioner of Baseball

CLARK GRIFFITHS (LEFT) AND JUDGE LANDIS

Clark Griffith had added to his long and enviable baseball record another chapter reciting how he won a pennant for Washington in 1924—the first the capital city ever acquired.

This achievement practically makes Griffith's baseball record complete. To date that record runs something like this: "90's—Star pitcher with Pop Anson's old 'White Sox.' His battery mate was Malachi Kittridge.

1904—Came within a wild pitch of winning pennant, Jack Chesbro out-pitched and managed Comiskey's White Sox to pennant. Hung up pitching percentage of .775 in thirty-five games.

1903—Given management of newly formed New York team. "As the head of an enterprise which transacts some business in this town," Mr. Coolidge said, "I have the double satisfaction of welcoming home the victorious ball team."

Winter Gymnasium Classes Have Now Started at Y.M.C.A.

Fine Schedule Drawn up Which Provides Classes For Men of All Ages

Boxing and Wrestling

Gymnasium classes at the Y.M.C.A. are now under way and the officials are looking for a bumper Winter season. A fine schedule has been drawn up and the program provides for the man who wishes to take his exercise in classes or the other, who on account of lack time, wishes individual work.

The first class on the programme is for senior business men and is, practically speaking, for those thirty-five years and upwards, who work until 5 o'clock. This class includes doctors, dentists, lawyers and merchants and is held on Mondays and Thursdays commencing at 5.15 o'clock. The junior business men's class is for those under thirty-five years of age. The business men have been placed in two groups because some of the older men have not the speed and would not be able to do the same amount of exercise as the younger men. The young men's business group is held on Tuesdays and Fridays starting at 5.15 o'clock. The morning business men's class commencing at 10.30 o'clock is for those who can attend classes at that hour.

Another class called the busy men's group is held on Mondays and Thursdays at 6.15 o'clock, and is for any senior, regardless of age, and the class is for those who cannot remain in the managerial class with minor holdings in the Washington club.

The pennant will bring more gold into the Washington treasury. But the gold won't thrill Griffith half as much as the pennant itself—and a chance at a world's series tag.

INTEREST IN SERIES CENTRES ON JOHNSON

Queen's Will Have Hard Time To Hold Title This Year

Loss of Evans Will Hurt Backfield Play of Dominion Champions

WALTER JOHNSON

Interest in the series between Washington and New York for the baseball championship will centre in the achievements of Johnson, probably the only ball player of all time who rivals in popular esteem the former Giant marvel, Christy Mathewson Johnson, a public idol, not only because of his brilliant playing record over an eighteen-year span, but also because of his sterling qualities as a sportsman, will pitch the first game for the Senators. Outside of the most rabid of Giant partisans, fans throughout the country will root for him in union that day. Even the tense rival struggle for team honors will be lost in the all-vital question of what Johnson will do upon reaching the goal of his great career.

The Senators' chief hope, too, will centre around the big waster, whose speed ball has fanned more batters than any other pitcher in the game's history. If Johnson, after one of the most successful seasons he has ever had, can carry his old stamina and form into the series, Washington's chances will be in the ascendency.

WHAT HE HAS DONE Johnson, in his prime, has twirled over three games in successive playing days. He performed that feat against New York in 1908. His arm could not stand such a strain now, but if he is able to bear the heat of the Senators' mounting work the Giants will find it a difficult barrier to break down.

Johnson's major league record over sixteen seasons is studied with marvelous achievement. He holds by wide margin the world's strike-out record. With the completion of this season, he had passed the 3,200 mark and is practically 1,000 ahead of his nearest rival, Mathewson. He led the American League marksmen in this respect this year for the twelfth time. Old-time baseball players say that when Johnson was at his best, his "smoke ball" was virtually unhittable.

The "Kansas Cyclone" has won 359 games, only thirteen less than Mathewson. With a tall, club-footed build, Johnson's winning record is all the more remarkable. In 1913, his greatest year, he worked in fifty-one games, winning thirty-six and losing seven, and he held the highest position. He won sixteen consecutive games in 1912, an American League record, which he shared with Joe Wood.

SHUTOUT KING He also is the shutout king of all time by a wide margin having run up his record to 107 this year. In 1913 he was not scored on in fifty-five consecutive innings.

The "Cy" Young has topped Johnson's record of service. "Cy" was in the majors twenty-two years, twelve in the National and ten in the American League. He holds the record for length of service in any one league, having spent all of his eighteen seasons with Washington. Mathewson was seventeen years in the National.

Johnson was born in Humboldt, Kansas, and will be thirty-seven next November 6, two days before his twenty-eighth birthday. Johnson, who stands six feet one inch and weighs 195 pounds, was with the Tacoma, Wash., club for one season. The following year, he started with the Weiser, Idaho, club, but joined the Senators before the close of the season.

Queen's Will Have Hard Time To Hold Title This Year

Loss of Evans Will Hurt Backfield Play of Dominion Champions

WALTER JOHNSON

Toronto, Ont., Oct. 2.—Will Queen's University repeat for the senior rugby football championship of the Dominion this Fall? There are many who believe that the Presbyterians, who have dominated senior play for the past two years, are due to make way for someone else this year. This is figured because the Presbyterians have lost a number of regulars. But particularly will they miss Johnny Evans at quarter-back. True, Batstone and Leadley will probably carry the palm for backfield work again, but Evans will not be there to start these on their famous runs.

Quarterbacks of class are not picked up every day. Queen may have another Evans in their 1924 squad but present indications do not point in that direction. And Queen's tackling strength will not be so good either. However, any team with Batstone and Leadley on it will be on top or mighty near it and while Queen's tackling strength will not be so good either, they should take the Intercollegiate honors.

HAMILTON PICKED Hamilton Tigers appear to be the likely successors of the Presbyterians on the top of the rung. They gave the Intercollegiate champions a real tussle right in Kingston in the playoff last year. And every one of these self-same Tigers are back again. But on top of that they have new material. Evans will give them strength at quarter just as he gave Queen's the best of the attack last year. It was the Hamilton rear-guard that did not measure up last year, although at that it was not weak. But with Evans to start those backfield plays, more points should come in that direction. The Tiger line, best of the lot last year, will be so many men having to work. Timmis of Ottawa ranked as one of the best. And they may have "Gear" Eiford also. One may be of surprise. While Queen's should win the Intercollegiate race, keen opposition will come from McGill and Varsity. McGill looked better last season than they do at present, and while Frank Shaugnessy hardly looks for a championship, he does look for his squad to give real competition on every occasion. Varsity will again build around Snyder on the backfield. Jack Newton has a real task on his mind to start this year. He certainly did not set any world's on fire.

MONTREAL MAY COME UP Montreal may do well in the Inter-provincial race but Montreal always seems to get the best of the world's but fall in actual conflict. But with Major Greenwood as coach, the Winged Wheelers are likely to show out as the best of the world's. Greenwood showed one of the best trained teams in Canada last Fall in Royal Military College, and if the Montreal players do as well as the present is bound to be noted. Ottawa are not likely to provide much opposition. They didn't last year and this Fall look ever weaker. Argonauts have lost Hughes from the backfield and are minus a good kicker. But much young material is available and the Double Blue may unearth one or two stars who left will go to the O.R.F.U. team.

The western situation is also uncertain. Winnipeg last year built on a team expected to eliminate all others, but Regina surprised. Perhaps Winnipeg will do better this year. But at any rate it does look as if the western winners will not be there for the senior playoff after the terrific drubbing Regina received at the hands of Queen's last Fall.

CITIZENS JOIN SEARCH FOR MISSING GIRLS—Hundreds of infuriated Los Angeles citizens have joined police in the search for Nina and May Martin, nine and twelve, believed to have been kidnaped and probably murdered by degenerates. It is one of the most thorough hunts in the city's history. Here a posse is shown beating through a field, near the little girls' home, in an effort to find some tangible clue. Stretched out in a line several blocks long, the men tramped through the weeds and bushes, covering every foot of the ground.

ITALY IS PROUD OF HER—Mile. Glax Letti has been selected as the most beautiful blonde in Italy.

HERE IS THE FIRST PICTURE OF ONCE MIGHTY BATTLERS—By means of improved salvaging equipment, the German fleet, sunk at Scapa Flow in 1919, is being raised. Here is the first photo taken of the work. It shows the fore-deck of the torpedo boat destroyer S-131 as it appears after five years' immersion. Not the seagull, the "lone sentinel" of a vanquished fleet.

ESKIMO DOG JOINS IN—Dr. Donald MacMillan, explorer, just returned from Arctic regions, broadcasts with his pet Eskimo dog "Kudla," from a New York station. The dog said "bow-wow," which means in Eskimo, "Howdy do."

RETIRES—Nearly 100 years of service in the navy by members of one family ended when Rear Admiral Edward Simpson, U.S.N., retired on reaching the age limit. Admiral Simpson was born at the naval academy in Annapolis while his father was an instructor there. He commanded the forward turret of Admiral Schley's flagship Brooklyn in the battle of Santiago Bay in the Spanish-American War.

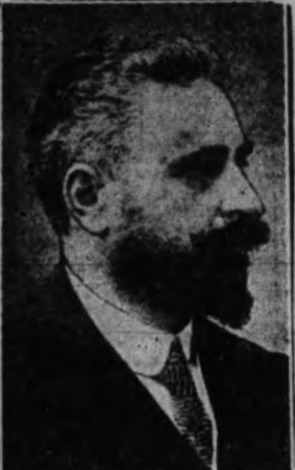

POPE'S WREATH FOR UNKNOWN SOLDIER—Delegates to the national convention of the Holy Name Society in Washington saw a wreath from Pope Pius placed upon the tomb of America's unknown soldier in Arlington National Cemetery. It was done by his eminence, William Cardinal O'Connell, Archbishop of Boston, the Pontiff's personal representative at the sessions.

ACCUSES BRITISH—Leon Kameneff, member of the "treika" which governed Russia, who has startled Europe by accusing English diplomacy of inciting the numerous revolts now in progress in the Soviet domains and outside its frontiers.

SOMETHING FOR ALL NATIONS—Down in New York town there are many kinds of peoples, and many languages are spoken. So most news stands are equipped to furnish newspapers in many tongues. Note the Hebrew and Spanish newspapers. They appear to outnumber the English ones.

WANTS MONEY AGAIN—M. Bratiano, who has just made a vain effort in the European capitals to float a loan for his native land Rumania.

IN POISON PLOT—Rev. Lawrence Hight, former jockey and circuit rider, Minister of Mount Vernon, Illinois, who is alleged to have confessed to poisoning his wife and also the husband of a woman friend, Mrs. Sweeting.

"SWEET MICKEYS" WHILE YOU WAIT—Down in Mulberry Street, New York, street vendors push their rolling ovens along the highway. Their fuel is salvaged from the gutter. They bake sweet potatoes, which sell for a penny to five cents, according to size. Customers eat the "sweet mickeys" on the spot. These same curb merchants sell ice cream in the Summer.

WHERE 100,000 GATHERED—President Coolidge and Cardinal O'Connell of Boston (shown in centre) addressed the annual convention of the Holy Name Society in Washington. A crowd of 100,000 heard the two at Arlington.

By MILDRED BARBOUR—A "her of "Love Stakes," Etc.

SEPARATION
It took all Julie's determination to force her to remain in Washington during the Summer. She had reached her decision by degrees. Sometimes she believed that she was mad to entertain such an idea. Sometimes the peace and security of Cranston, the success from loneliness, the joy of seeing again kindly Mrs. Ames and Peter, beckoned unmercifully. But she set her small teeth determinedly and closed her ears to the whispered promises. She knew that if she went back now she could never again force herself to the ordeal she had undertaken. No one who has not tried it could guess what it cost Julie to revolutionize her life. If she abandoned her determination, even temporarily, she felt that it would be just so much sweating agony to be gone over again. She had decided upon a Summer course offered by a well-known local university. Latour was unconsciously responsible for that. He had presented Julie with complimentary tickets to various lectures he had given under the patronage of the French embassy. She had attended them faithfully and been appalled at her ignorance of the subjects under discussion. Hence the university course! But she told Blake nothing of this, saying merely, with a finality unfamiliar in the gentle, acquiescent Julie, that she preferred to remain in Washington since the Summer recess would be brief this year and Blake himself intended to be away from Cranston most of the time. "You can't be really serious, Julie," he questioned her in amazement. "I thought you were lonely here and would be glad to return." She shook her head. "It seems a pity to give up our apartment. We might not get it again next winter, and it's very pleasant. I'd as soon wait for you here as in Cranston, and you do mean to go to Canada, you know, with those men for a fishing trip." "But won't you be very lonely?"

flames in the piquant face framed in soft, tawny curls. Her whole slender body, encased in its simple, well-cut frock, quivered with eagerness. Julie—with her shyness forgotten, with a new poise and vivacity! Blake to draw her into his arms. He held her gently, pleasantly conscious that her heart fluttered madly against his own. Her lips were soft and warm and fragrant. He kissed them several times. When he had gone, she stood staring at the door that had closed after him. She could still feel the strength of his arms, the touch of his beloved lips. She loved him with all her heart and soul. The blackness was shot through with a quivering flame of jealousy. The arms that had held her, the lips that had caressed her—Anna Deniston had prior claim to them. And Julie was sending him back to Anna! The vision of Anna in Blake's arms came back to torture her anew. She knew that it would remain with her throughout her voluntary Summer isolation. Anna was in Cranston and Blake was going to her! Julie fairly fled to Latour's studio to find forgetfulness. To Be Continued

BEDTIME STORY
Uncle Wiggily Mails a Letter

Copyright, 1924, by McClure Newspaper Syndicate (By Howard R. Garis)
"Uncle Wiggily, if I go out and leave you now, will you get your own tea and cakes?" asked Nurse Jane Fuzzy Wuzzy of the rabbit gentleman one evening at the supper table. "What kind of tea—catnip?" asked Uncle Wiggily, joking like. "Of course not! Regular tea—the kind I always make for you!" laughed Nurse Jane. "What kind of cake—strawberry long cake?" went on the rabbit. "Strawberry LONG cake—there isn't any such thing!" said Nurse Jane. "I suppose you mean straw-

berry SHORT cake, but I can't make that at this time of year—with no strawberries. I mean chocolate cake. Will you get that and your tea for yourself if I go away now?" and she arose from the table and hopped toward the door. "Where are you going?" asked the bunny. "Seems to me you are asking many questions," Nurse Jane laughed again. "But I am going to the post office to mail a letter." "Let me mail it for you," offered Uncle Wiggily kindly. "You get my tea and cake and I'll mail the letter." This suited Miss Fuzzy Wuzzy and "Stuck!" What do you mean?" asked the bunny, turning quickly around. "How am I stuck?" "You are stuck because you can't get away from here until I nibble your ears!" growled the voice, and there stood the Skillery Skillery Alligator with humps on his tail. "Yes, you are stuck!" he chuckled. "You are stuck worse than a stamp." Uncle Wiggily didn't quite know what to do, but the postmaster dog barked: "If stamps are stuck you are going to be stuck, too, Mr. Gator! You are going to be stuck with sticky stamps badly stuck!" With that the postmaster dog jumped through the little window, and wetting some sheets of sticky stamps he stuck them over the eyes of the Alligator. He would have stuck the stamps over the Gator's mouth, but it was open too wide—like a barn door. But when Uncle Wiggily helped the postmaster dog stick stamps over the Gator's eyes the bad chap couldn't see to nibble any ears at all. He couldn't even see where he was going, that Gator couldn't, and he cracked his nose, and served him right, I say! "Oh, Wurr! Wurr! Wurr!" howled the Gator. "It be good—!" wron't, Uncle Wiggily. Only take the stamps off my eyes so I can see to waddle home!" So, after Uncle Wiggily had gone, the postmaster dog took the sticky stamps from the Gator's eyes, and the bad chap went home. And I'm glad of it, aren't you? So once more the bunny gentleman didn't get nibbled. And if the mosquito doesn't bore holes in the molasses cookies to make wheels for his sidewalk scooter, I'll tell you next about Uncle Wiggily and the tomatoes.

SYMPHONY ORCHESTRA TO PLAY AT DOMINION THEATRE TO-NIGHT

Another delightful programme will be rendered at the Dominion to-night by the symphony orchestra under the leadership of Director Prescott. The following are included in the numbers to be played: Overture, "Light Cavalry" (Suppe); waltz, "Chanson de Mon Couer" (Joyce); serenade, "In Love" (Primm); one-step, "Charles, My Boy" (Berlin); fox-trot, "Sleep Night" (Simpson); waltz, "It Had to Be You" (Jones). The feature presentation for this week includes Cecil B. DeMille's latest contribution to the Metro picture, "Feet of Clay." A very funny Felix cartoon comedy and news complete the bill.

ous parts in "Prodigal Daughters," "Shadows of Paris" and "Icebound." to the moment when Cecil B. DeMille saw in this player of semi-character parts a type he wanted, the flapper grown-up to marriage and seriousness.

"They tell me I have a wonderful chance," said the new "comet," at the home, just a block from a big studio, where she was brought up. "I know I think it is glorious. But I got the opportunity because people all around the country liked my personality and I've got to stay just as natural as I have been in the past—or put—I'll be blown right back where I came from!"
 Featured with Miss Reynolds in "Feet of Clay," which is showing at the Dominion, are Rod La Rocque, Victor Varconi, Richardo Cortez, Julia Faye, Theodore Kosloff and Robert Edson. Beulah Marie Dix and Bertram Millhauser wrote the scenario from Marguerita Tuttle's magazine story.

FINE COSTUMING AND SCENIC EFFECTS SHOW FEATURES

A great deal of the success of modern musical plays depends on the costuming and scenic effects and in these particulars Reginald Hincks is taking no chances in his forthcoming presentation of that delightful musical comedy, "The Isle of Spice," which opens at the Royal Theatre on Monday, October 13. Every effort is being made to make this production an outstanding success as the company is determined to measure up favorably with the best road shows that visit this city. In addition to this there is a re-hearing of delightful Eastern dances and melodies that cannot fail to please.

on this occasion to the technical and engineering courses, one of the most popular in the former class, owing to the demand for motor mechanics, being that on gasoline engines.
 The language courses will be in French and Spanish. A very efficient instructor has been appointed for French in the person of Madame Hainey, who was formerly associated with Bedford College, London, and three and a half years in Winnipeg, during which time she was connected with St. John's College.
 In addition to all the usual courses of such a syllabus of study, the supervisor has arranged a course in for those needing special instruction in supplemental.
 Copies of the syllabus will be available at the school board office, and at a number of places in the city.

CHANGES MADE IN MASTERPIECE FOR SCREEN PRODUCTION

The widely heralded Universal production "The Hunchback of Notre Dame" is showing at the Coliseum to-night.
 From all available sources of information Universal has reached the zenith with this production. Certainly no production was ever made with better ingredients of success. The producer had the story—one that is filled with action; he had the greatest of character stars, Lon Chaney; a capable director in Wallace Worsley, and unlimited funds and studio facilities not excelled anywhere in the world. Just that the total cost was just a trifle under a million and a half dollars gives some idea of the greatness of the production.
 The noted cast in addition to Lon

LITTLE GIRL BEGAN CAREER ON BACK LOTS, NOW SCREEN STAR

A nery little tomboy who shocked the neighbors of those days by playing baseball with the boys on a Los Angeles sandlot has risen overnight to the centre of the cinema spotlight.
 Cecil B. DeMille focussed the attention of the film world on Vera Reynolds, five feet one, petite, assured, night from obscurity he picked her overnight to play the leading feminine role in "Feet of Clay."
 "I don't know how it all happened," says little Miss Reynolds, born in Richmond, Virginia, but brought up in Los Angeles, from the age of eighteen months, "but perhaps never being afraid helped a lot. I'm almost shocked at myself as I look back at the little tom stockinged kid who ran the bases with fish flying while my boy friends looked on—but I'm glad I grew up that way. It gave me assurance when most girls are awkward. It enabled me to be natural. I'm awfully small—but I've never been afraid as I have faced various directors. And because I was just myself perhaps my chances were improved over those other girls who, after hours of careful preparation, lost everything through sheer fright."
 Little Vera got her first chance as a girl dancer with Wallace Reid and Cleo Ridgely in an early picture. Then the twelve-year-old, chubby, comical, disheveled father's mandates an unknown to him played on comedy lots for several years until his consent to leave high school was finally gained. Then came seri-

STAGE VERSUS SCREEN CALLS FOR DIFFERENT TEMPERAMENTAL NEEDS

Laurette Taylor, noted stage star, who recently appeared before the camera in the Metro picture of "Happiness" now playing at the Playhouse Theatre, likes both mediums of expression, but finds that there is a vast difference between them.
 "On the stage," says Miss Taylor, "the audience is before you and judgment of your work is almost momentary. Each phase of a player's work gets an instant reaction from the audience and it is communicated to the player in various but unmistakable ways.
 "But the screen is different. There is no audience for you. You start out to interpret a role, you feel your way along, but as to whether you are right or wrong lies only between you and the director. You trust solely that future audiences will warm up to your interpretation as you've seen it in your heart and mind."

TOM MIX SEEN IN ZANE GREY TALE AT CAPITOL ON MONDAY

William Barclay ("Bat") Masterson, born in Fairfield, Illinois, in 1854, was an Indian fighter and a trail blazer of note. His ability with the rifle and pistol was well known from Texas to Wyoming, the country that he scouted. Masterson served with General Miles in 1874, against the Cheyenne tribe.
 Trapped with a handful of men, Bat stood off a band of 300 Indians for two weeks, finally killing their leader and driving them away.
 He was a friend of Theodore Roosevelt, who wrote in a foreword to one of his books—"Masterson is the squarest, whitest man I have ever met on the western trails."
 Bat was Sheriff in Dodge City, Kansas, where Tom Mix, Fox star, knew him.
 In his closing years Masterson took to writing and held the berth of sporting editor on The New York Morning Telegraph, until he died at his desk in October, 1923.
 Tom Mix will be seen in Zane Grey's tale of the Texas Rangers, "The Last of the Duanes," at the Capitol for six days, starting Monday.

EVENING CLASSES COMMENCE HERE

The evening classes under the direction of the Victoria School Board will begin this evening and continue until March 31. The High School and Central technical school will be the buildings to be used. Students should enrol, Supervisor W. H. Binn stars, in their classes on the opening night in order that the school may get into harness at once.
 All fees should be paid on the opening night. Those students who join the dressmaking class enrolled this afternoon under the direction of Mrs. Lennie. The musical class under Dr. J. E. Hodgson is intended to be choral only, and not instrumental. This class, however, will not begin until next Tuesday in the Girls' Central School.
 Special attention is being given on

Getting Too Fat? Try This—Reduce

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be glad to follow the suggestion which is endorsed by thousands of people who know. Ask your druggist for Mar-molite Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmolite Co., General Motors Bldg., Detroit, Mich. By doing this you will be able to reduce steadily and easily and pleasantly, without starvation or dieting. Start taking them to-day and get slender.

SALTS FINE FOR ACHING KIDNEYS

When Back Hurts Flush Your Kidneys as You Clean Your Bowels
 Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.
 You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.
 Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.
 A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year. (Adv.)
