Now for Active Work.

Much interest is being taken in the contest for the Piano and other prizes to be given away by the CAMPBELL INTERURBAN PRESS. There is yet time for others to enter and stand an equal opportunity of earning these gifts. Send the PRESS to your eastern friends and relatives, or have them subscribe and let the credits be applied to the one desired. Let us see how many new subscriptions can come in this week. How they stand:

...THIS IS THE PIANO...

Some Young Lady Will Get.

Given Away by the "Interurban Press."

READ!

ON MARCH 4, 1905, the day the President will be inaugurated, we propose to give absolutely FREE OF COST to the lady who secures for us the largest amount of money for subscriptions or advertising to the CAMPBELL INTERURBAN PRESS a beautiful Golden Oak Curtaz Piano, costing \$325.00, now on exhibition in our show window. It must be seen to be appreciated.

To the young man or lady, boy or girl, who brings in the second largest amount we will give a \$50.00 Scholarship Course in the Pacific Coast Business College.

To the young man or lady, boy or girl, who brings in the third largest amount we will give a beautiful solid Silver Hair Brush and Comb in a neat case.

To the young man or lady, boy or girl, who brings in the fourth largest amount we will give a fine French Plate Hand Mirror.

WHO WILL WIN THE
\$325 CURTAZ PIANO?

Now As to the Plan

Every subscription to the PRESS of \$1 will count as 100 credits, and you can subscribe for as many years as you wish and have 100 credits for each subscription placed to the credit of any of the young lady contestants. Every advertisement secured for the paper will be governed by the same rule. A dollar a month ad. will count for 100 credits; a two dollar ad. 200 credits, etc. Paid locals will count the same. Credits given for every penny turned into this office between now and March 4th, '05. We want young men and young ladies in the outlying districts to go to work for the PRESS, as well as in town. How can you earn such valuable premiums more easily? An hour or two a day from now on may do it. The contest will be conducted in a perfectly honest and honorable manner and all parties going to work can depend on it that they will be treated absolutely fair. Come in and get the necessary information. Let us explain the plan to you.

NOTE--Those who have paid anything since the PRESS started either for back subscriptions or in advance, or for advertising, are entitled to come in and have their credits counted.

Miss Mary Lewis is home San Francisco for the holidays.

Mrs. Schuyler and daughter Mary are in Berkeley visiting Mrs. Schuyler's sister.

Avery Kennedy is home from the Polytechnic School at San Luis Obispo, for the holidays.

The house of Mrs. George Davis on First street has been painted and a new fence placed around the lot.

The Masque ball Wednesday evening was largely attended and the band boys are well pleased with the results.

Mesdames Savage, Nelson, Martinia, Poor, and Fablinger attended a W. C. T. U. meeting at Los Gatos on Tuesday.

Ada Rebekah Lodge held an interesting meeting last Tuesday evening. A banquet added to the pleasures of the occasion.

The Grange are planning something unusual for the meeting next Tuesday evening. A Christmas tree is to be the special attraction; we understand.

A baby boy made its appearance in the home of Mr. and Mrs. James Sawyer on Friday, Dec. 16th, and in consequence Jim is stepping high now.

Pride of the Valley Lodge, A. O. U. W., had a pleasant gathering Monday night in conjunction with the Degree of Honor. A "Spread" was much enjoyed at the close.

The local Grange will have the honor of entertaining the Pomona or County Grange some time in February. The Pomona Grange has been recently organized and is composed of representatives from Mountain View, Sunnyvale, Cupertino, Campbell and San Jose. Mr. Farrell was elected Treasurer, and F. M. Greenwood, and Geo. Culver are Steward and Assistant Steward respectively.—*Mountain View Register.*

Christmas exercises were observed last night in both churches, but as we go to press too early to be able to give the program, this will be deferred until next week. It is needless to say, however, that splendid entertainments were provided by the Sunday schools of each church. At the Methodist Church a tree was used, and presents were also brought for the Fred Finch Orphanage. At the Congregational Church no tree was used, but the method of bringing gifts for less fortunate ones was adopted.

President Ide Wheeler said that Arithmetic is a fetch which has long dominated the minds of educational opinion seems to be coming his way. This year the grammar grades of the schools have been instructed by the Board of Education to put their greatest stress on reading and language in the lower grades, and kindred subjects higher up. The arithmetic work has been made much lighter, each grade taking that of the grade below it. So that this year most of the pupils are going over last year's work. This relieves the average pupil of their greatest bugbear.

P. F. Farrington; Miss Lawrence—Holiday Gifts. Farmers' Union—Paints.

PATRONIZE OUR ADVERTISERS.

THE PRESS wishes its subscribers and friends a Merry Christmas and a Happy New Year.

IF our town is to prosper and take its place among the progressive towns of the county it must incorporate. Nothing else can do it.

SOMEHOW we miss the Eastern custom of the New Years calling tour. How would it be to inaugurate the plan here? Begin the new year by making a social call; never mind if there is not the accompanying snow, ice, etc., that you are accustomed to.

It is surprising how many business men and other citizens there are who crawl in their shell and shut up tight when a public question arises where they must express themselves one way or the other. The world would move very slowly if all men did the same. Thanks to the men who have an opinion and are not afraid to take their stand.

It is very nice for the newspaper to get in and blaze the way for any needed reform or progressive move, but we think there are others who should put their shoulder to the wheel. The ones who were loudest in their demand for incorporation a month or so ago are going around now hav-

ing nothing to say. What is the matter anyway? It might be interesting if we should state what the matter really is.

PRESS NOTES

C. H. Whitman was in the city Thursday.

Chas. White has gone to Santa Barbara to work.

Delmont Phillips is expected in Campbell tomorrow or Monday.

Rev. E. S. Williams of Saratoga was here visiting friends Thursday.

E. R. Kennedy was in San Francisco and Berkeley Monday and Tuesday.

G. L. Beaver and family are spending Christmas with relatives in San Francisco.

Nelson Weaver and family of Alma are visiting at the Fay home during the holidays.

Mr. and Mrs. Adams of Aberdeen, South Dakota have rented the St. John house on Harrison Avenue.

J. H. Campbell has completed the survey of his five-acre orchard tract and it has been subdivided into lots. Rincon avenue will be extended through the tract and Second Street will be extended south another block to join Rincon. As this lies between town and the schools it is bound to sell rapidly. Mr. Campbell had his plot recorded Monday. He is placing the lots on the market at a reasonable figure. See advertisement elsewhere.

Next Sunday Rev. Mr. Atkinson will preach on "Bright Christians," the second in a series of five Sunday morning services. In the evening the theme will be "Christ the Light of the World," being a special address for young people, using lessons from Radium as an illustration. January 1, 1906, will be our next Communion service. The Christian Endeavorers are arranging a special programme for that evening. All are most cordially invited.

Miss Lawrence has folio paper, pencil tablets, ink tablets, pencils of various kinds, pencil boxes, pencil sharpeners, erasers, fountain pen ink and fillers, cinch paper clips, paper binders, visiting cards, souvenirs.

Why Shouldn't He When Elected ?

A San Francisco dispatch says that an application for a writ of mandate was filed in the supreme court Saturday in the case of Thomas W. Treanor vs. C. B. Williams for the office of recorder of Santa Clara county. Treanor now holds the office and refuses to give it up. Treanor received the certificate of election, Williams contested his election and won the case in the supreme court and the judgment in favor of Williams was affirmed November 15, 1904, and remittitur issued, but Treanor still insists upon holding his office.

SAN JOSE, CAL.

Somewhat Sarcastic.

Fayette Mitcheltree, assemblyman-elect from this district, and editor of the *San Jose Ledger*, has "started" a new paper at Morgan Hill; that is, he has printed a number of copies of a paper on the Tree and Vine press at San Jose, and placed at the head of it a Morgan Hill date line and a name. Morgan Hill is a village of some 500 inhabitants and already has one hyphenated paper—the Sun-Times. Just how brother Mitcheltree expects to make this venture succeed we are at a loss to know, but it's none of our business. We understand that it is Mitch's intention to "start" a lot more papers in this county. Now, if there is any one thing under heaven that Santa Clara county needs more than another, it is more newspapers. Why, there is room right here in Mountain View for seven or eight; Sunnyside only has—or will have—one, it ought to have at least five; Lawrence and Castro and College Park have none, they ought to have two or three each! Truly brother Mitcheltree's scheme is a great one, and if carried out brother Mitcheltree will be a benefactor to his race!—*Mountain View Register*.

Stanford Notes.

Miss Mary Moulton completes her four years' course at Stanford this semester. She will graduate from the department of Botany.

George Schuyler spent Saturday and Sunday at Stanford as the guest of Stuart Smith at the Welakahai Club House.

Theodore Cutting, who has been teaching this fall in Monterey County is

spending his winter vacation in Palo Alto.

Charles Beardsley has been chosen vice-president of the Nestoria Debating Society for the coming semester.

The first semester closes on Thursday of this week. Most of the Campbell students will spend the vacation or part of it, in Campbell.

Anna Ball to Edw. Gilman—Lot 32, B 1, Rucker's Addition, for \$10.

Improvements in Sunnyside Tract are still progressing. The cement sidewalks are being placed with rapidity. Lots are still being sold. From present appearances there will be a number of pretty cottages erected there very soon, one already being under construction. It is a good omen for Campbell when such tracts of land are subdivided and placed on the market at such reasonable figures. The plat was recorded last week.

CAMPBELL

(THE ORCHARD CITY)

Lies 50 miles south of San Francisco on the Santa Cruz division of the Southern Pacific Railway, 5 miles from San Jose, in the famous Santa Clara Valley, the garden spot of the State. Campbell is also connected with San Jose, Los Gatos, and Saratoga by a new Interurban electric car line.

SCENERY SUPERB

With the Santa Cruz Mountains to the west and south and the Coast Range on the east, a majestic amphitheatre is formed, the beauty of which can not be excelled anywhere. Campbell has an altitude of 195 feet. The cool breezes from San Francisco bay at the north insure an even and comfortable temperature throughout the summer months, while the winters are warm and pleasant. Flowers bloom out of doors the year around.

EDUCATIONAL ADVANTAGES

Campbell has a population of about 600. It maintains a (third class) postoffice which distributes mail to 3,000 patrons, covering over 30 square miles of orchard homes. There are two churches—Methodist and Congregational—a first class High School and Graded School, and within a few miles are two Universities, two Colleges, a State Normal School and several Business Colleges and private schools.

The Stanford University with its marvelous architecture is only 20 miles away.

NO SALOONS

Campbell has a complete water system of its own. It has electric lights and power for mechanical purposes, which is distributed throughout the orchard district. A telephone exchange serves over 40,000 people. A prohibitory clause in all deeds to property within the town limits, prevents the saloon from being established.

MINERAL SPRINGS

The hot springs of Alum Rock Canyon and Congress Mineral Springs are within two hours' drive, giving a panoramic view of the entire valley.

The Almaden Quicksilver Mines, the largest in the world are within easy access by rail or team.

The largest seed farms in the world only 10 miles distant.

FINE ROADS AND RESORTS

The Santa Clara Valley boasts of the finest roads to be found in the State. It has over 350 miles of sprinkled rural highways. In attractions for tourists the Santa Clara Valley can not be surpassed. Thirty-two miles eastward over a magnificent mountain road is the famous Lick Observatory on Mt. Hamilton, 4,444 feet above sea level. There are numerous mountain retreats within two hours' drive for those who love the camp and sparkling brook. The sea beach to the southward 27 miles by rail or carriage drive, and through the most beautiful mountain scenery in the world.

A trip to the Big Trees, twenty feet in diameter and two thousand years old, will furnish a delightful day's outing.

FRUIT CENTER

Campbell's mammoth fruit dryer and packing house is the largest in the world. It has a capacity of over 10,000,000 lbs. The Campbell Orchard District is noted for the quality of its fruits. For delicacy of flavor and beauty and perfection of color, its cherries, apricots, peaches, apples, plums, grapes and pears, have no equal in their fresh state, and command the highest market price. As cured or dried fruit the Campbell prune, apricot, and peach is shipped to every civilized country on the globe. Nearly one-half of all the prunes grown on the continent are from Campbell orchards. One and a half million cans of fresh fruits are packed in Campbell every season.

The demand for intelligent labor is increasing every year. Families desiring profitable employment in orchards, packing houses and canneries find this an ideal home.

LAND VALUES MODERATE

Land values are very moderate—bare land brings from \$80 to \$300 per acre and when set to trees sells from \$200 to \$1,000 per acre, according to location and age of orchard. Ten to fifteen per cent is an average net income, while many places yield a much higher rate.

In short a Campbell home is one surrounded with HEALTH, WEALTH AND PLEASURE.

AN ACCIDENT.

Gravel Train Collides With a Passenger Train.

The carelessness of the men in charge of a gravel train at Campbell nearly resulted in an appalling disaster Monday morning. As it was, one side of a coach was ripped out and five people were more or less injured.

The early morning train from Santa Cruz, due at 8:36 o'clock, had just begun to slow up before arriving at Campbell, but its speed had not been appreciably retarded, when the passengers were suddenly alarmed by a crunching sound along the east side of the train that ended with a heavy crash at the rear; the cars oscillated violently, and then came to a standstill. The passengers in the smoker and the two middle coaches opened the windows to see what had happened, but those in the rear coach were in no condition of mind to investigate. One side of their car had been ripped open from end to end. The seats on the right side of the car had been torn from their fastenings and twisted into all kinds of shapes. The passengers themselves had been tossed about like chips, and several of them were suffering from wounds that at first seemed very serious.

As soon as order was restored it was found that a gravel train on the switch alongside the main track had not been pulled far enough, and the passenger train had run into the projecting end. Had it been out a few inches further there would have been a ghastly story of broken limbs and lifeless bodies to tell.

The end of the rear gravel car missed the passenger engine and smoker, but struck the first coach at the third window, cutting through the outer casing of the windows as the train swept along, and it would seem that the gravel train was backing toward the main line, as when the last coach came along it struck the forward end of the car and ripped its way the entire length of the car's side.

This coach was well filled with members of the Thirteenth Infantry band, who were returning from Santa Cruz to Angel Island, and a sprinkling of other passengers. Three of the musicians had their heads cut, and one was hurt in the side by being caught in the side between two of the smashed seats. Another man in this coach was also cut in the head. None of the men, however, were seriously injured, although at first the flow of blood indicated that the wounds might be dangerous. The men went on through with the train to their destination at San Francisco.

Important to Fruit Growers

A communication of vast importance to the people of this valley has been received by Judge Leib of San Jose from Professor McAdie of San Francisco. The letter is as follows:

United States Department of Agriculture Weather Bureau, San Francisco, Cal., Dec. 15, 1904.—Mr. S. F. Leib, San Jose, California.—My Dear Mr. Leib: In reply to your note of December 14, I have pleasure in listing you for all publications of this office, and hope you will find in them something of value in connection with your orchard work.

I am sending also, with my compliments, a copy of the "Climatology of California." On pages 227 to 235 of this

appears an article upon "Frosts," which will probably interest you. You will see that something has been accomplished; but only a beginning has been made, and I hope that this office may sometime be able to render special service to the fruit growers of the Santa Clara valley in connection with the late spring frosts. Sometime there may be a station at San Jose similar to the one at Fresno, which would enable the forecaster at San Francisco to obtain a more effective distribution of any information he may have; but in the meanwhile we are doing the best we can by sending every night a forecast to the college observatory at Santa Clara, at which point it is transmitted to the San Jose Mercury and possibly to other newspapers. Therefore, if at any time your weather conditions are threatening the orchardists can telephone either to the college or the newspaper offices for the evening forecast. Our service is, of course, free and for the benefit of the public, and I should be glad if you will make this known to your fellow orchardists.

With kind regards. Very respectfully,
ALEXANDER G. McADIE,
Professor.

Fight Will Be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles if not ended earlier by fatal termination. Read what T. R. Beall of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her." Guaranteed by P. F. Farrington, Druggist. Price 50c, and \$1.00. Trial bottles free.

PRESS NOTES

Mr. and Mrs. E. W. Allen and Mrs. L. F. Shaw will spend Christmas at Palo Alto visiting relatives.

The exercises at the public schools yesterday were very elaborate and reflect great credit on the teachers, Principal Rubell, Miss Cooper, Miss Fullegher and Miss Brown. The work of the primary grades under Miss Brown's direction did excellently. The costumes specially provided for the occasion were extremely quaint. The little folks much enjoyed being brownies, etc.

The stores in Campbell are presenting an unusually fine display of holiday presents, the window of P. F. Farrington being an especially fine one. The show windows of F. O. Putnam, Miss Lawrence, A. D. Phelps, Wm. Beattie, The Farmers' Union, C. H. Whitman, and Mrs. Sutter, will give you a thought as to a suitable Christmas present. And we trust our merchants will be liberally patronized. At least they should be visited before going outside of town for purchases. Patronize Campbell merchants.

A men's glee club was organized Thursday evening, for the purpose of practice during the winter months. J. F. Duncan was elected president and Dr. P. C. Hartman secretary-treasurer. Those already belonging are J. F. Duncan, Prof. E. A. Powers, Marshall Ross, W. H. Blodgett and E. C. Hurlbert, tenors; Dr. C. N. Cooper, Dr. F. E. Sparks, Dr. E. C. Abbott, Dr. P. C. Hartman, and Harlow Plimpton. There will be two more members added. Weekly rehearsals will be held and the men are anticipating pleasant gatherings during the winter months. A name will be chosen at the next meeting.

New subscribers to the PRESS are coming in steadily, but not as fast as they should, considering the low price and the inducements offered. Send the PRESS to your Eastern relatives as a Christmas present. It will keep them posted on what is happening at Campbell. We are glad to acknowledge that some are doing this. But why not many more? Remember some young lady is to get the piano and you may be the means of helping her earn it. Every subscription carries with it 100 credits to the young lady or gentleman desired.

The High School special Christmas number of the Oriole is out. It has on its cover page a holly wreath in colors, and the paper is larger than usual—20 pages and cover. It is well filled with short stories and poems, appropriate to the occasion. The following articles appear: "A Christmas Sleigh Ride," by '08; "Christmas," (Poem) by '07; "Jack the Waif," by Miss Allie Hutton '05; "The Black Puma," by J. E. H. '07; "The Brook," (Poem) by Miss Alta J. Chesbro '05; "A Glimpse of Indian Life in California," by C. F. B. '08; "Christmas Vacation," by C. B. '07; "Croquet," (Poem) E. E. S.; "Tramp Stories," by S. B. S. and S. B. Editorials, Locals, Athletics, Exchanges, and Joshes make up the balance of the reading matter. Miss Edna Briggs is the Editor-in-Chief and Ralph Hyde the Manager is to be congratulated upon the large amount of advertising secured. The number as a whole is a credit to the school.

Interurban Railroad

A new time table has been put into effect since the cars began running to Los Gatos. We are given an hourly service, except in the evening. There is a stop from 7:30 to 9:00 and from 9:00 to 11:00. Consult table below for exact schedule.

Since the cars run to Los Gatos there is a larger patronage, the Los Gatos coming over the short line in preference to the route via Saratoga.

The fare to San Jose has been reduced by the selling of 30-ride tickets for \$3.00, good for use during six months, and good for any member of the family. This makes it possible for merchants and others to live here and do business in San Jose.

L. D. Bohnett is home for the holidays. Miss May Reeder, Miss Ruby Reeder, James Reeder, I. J. Hattabaugh and wife and Mrs. Smith of San Jose were recent visitors at the home of Mr. and Mrs. C. J. Ringe on the Santa Clara and Los Gatos Road.
