File No.: Subject: Projected Civilian Personnel Strengths in Japan

Note No. (1)

From: G-4 To: G-1

Lt Col Dyekman 26-6056
Date: 8 September 1948

1. G-4 will issue a budget directive during September 1948 calling for a statement of the requirements of the occupation forces for the procurement of indigenous supplies, services and labor during the Japanese Fiscal Year 1949 (1 April 1949-31 March 1950).

2. To establish the policies and assumptions to be used as a basis for computing these requirements, it is necessary to have tentative projected strengths of civilian personnel employed by the occupation forces and of dependents in Japan showing their deployment within major areas; that is, Southern, Central and Northern. Attached is Map of Japan showing breakdown of the areas as used in estimating the military deployments as furnished by G-3.

3. It is therefore requested that G-4 be furnished soonest for Japan, the civilian personnel strengths and number of dependents, indicated separately, for the Japanese Fiscal Year 1949 and broken down by area by Army, Air, Navy and BCOF. It is further requested that the Central Area strengths be broken down by Tokyo, Yokohama and Other and that all civilian personnel strengths be broken down to indicate the number in grades CAF-12 - P-5 or higher and grades CAF-11 - P-4 or lower. It is recognized that firm figures are not available and consequently best estimates are desired.

MEMORANDUM TO: Mr. J. R. Mead

SUBJECT: Projected Civilian Personnel Strengths in Japan

1. 15 August 1948 estimate of dependent requirements for the Tokyo Area as of 15 May 1949 as submitted to the Engineers is 3,865 families (711 Air Force, 3154 Army). This estimate exceeds currently authorized permanent and temporary housing which as of 15 May 1949 will be 3,787. This estimate is based on applications received to date against actual arrivals and departures projected nine months ahead.

2. Using a factor basis against authorized strengths as of 30 June 1949, we arrive at a figure of 5,200 (950 Air Force, 4,250 Army).

3. In spite of the unexpected increase in applications recently, which is reflected in Paragraph 1, we do not believe the figure in Paragraph 2 will be reached. For planning purposes, our estimate of the maximum requirement based on expansion of the Army and Air Force is 4,000 families (800 Air Force, 3,200 Army).

SUBJECT: Projected Civilian Personnel Strengths in Japan

TO: Commander-in-Chief, Far East, APO 500
ATTENTION: G-1

1. Submitted herewith as inclosure 1, report "Projected Civilian Personnel Strengths in Japan", Reports Control Symbol QGA-(OT)-44, as required by Letter, GHQ FEC, AG 230 (11 Sept 48)GA, subject, "Projected Civilian Personnel Strengths in Japan."

2. The report shows the projected number of civilian employees (appropriated and non-appropriated) and the projected number of dependents of military and civilian personnel under the jurisdiction of the Commanding General, Eighth Army, for the Japanese fiscal year 1949.

3. Pursuant to authority granted in conversation between Lt Col Dyekman, G-4 Section, GHQ, and Lt Col Gall, G-1 Section, Eighth Army, on 15 September 1948, these figures are broken down by areas as shown on attached map, inclosure 2. Breakdown by area as indicated on inclosure 1 of original request is not available within this command.

4. Dependents of military and civilian personnel of Eighth Army units in Tokyo are not included in this report, because all provisions for billeting and administration of dependents in Tokyo is provided by GHQ, FEC.

5. The figures for personnel in the BCOF area do not include any members of the British Commonwealth Occupation Force.

SUBJECT: Projected Civilian Personnel Strengths in Japan

THRU: Commanding General
Eighth Army
APO 343

TO: General Officer Commanding
British Commonwealth Occupation Force
Kure, Japan

1. During September 1948, a budget directive will be issued by the Commander-in-Chief, Far East, calling for a statement of the requirements of the occupation forces for the procurement of indigenous supplies, services and labor during the Japanese Fiscal Year 1949 (1 April 1949 - 31 March 1950).

2. To establish the policies and assumptions to be used as a basis for computing these requirements, it is necessary to have projected strengths of civilian personnel employed by the occupation forces and of dependents of civilian and military personnel in Japan showing their deployment within major areas; that is, Southern, Central and Northern. Attached is a map of Japan showing breakdowns of the areas as used in estimating the military deployments.

3. It is requested the Supreme Commander for the Allied Powers, Attention: G-1, be furnished projected civilian personnel strengths and number of dependents of civilian and military personnel, indicated separately, for the Japanese Fiscal Year 1949, broken down by areas as shown on attached map. It is further requested that Central area strengths be broken down by Tokyo, Yokohama, and other. It is recognized that firm figures are not available and consequently best estimates are desired. It is desired information requested be furnished not later than 25 September 1948.

(1) 1. G-4 will issue a budget directive (on or about 1 September 1948 calling for a statement of the Requirements of the Occupation Forces for the procurement of indigenous supplies, services, and labor during the Japanese Fiscal Year 1949 (1 April 1949 - 31 March 1950).

2. To establish the policies, assumptions, and construction program to be used as a basis for computing these requirements, it is necessary to have a tentative troop strength for military forces in Japan by component within major areas; i.e. southern, central and northern. It is recognized that such figures are not firm and consequently best estimates are desired.

3. It is therefore requested that G-4 be furnished by 16 August 1948 the military strength of the forces in Japan for the Japanese Fiscal Year 1949 broken down by area for Army, Air, Navy and BCOF, insofar as practicable to be used for budget logistical planning purposes.
