## NORTH GLENDALE

### SOMETHING DOING ALL THE TIME IN SOCIAL WAY UP NORTH

Mr. and Mrs. Frank Olmstead of 1431 North Pacific avenue entertained as their house guests their cousins, Mr. and Mrs. William Schur of Glencoe, Ill., who are touring California, having spent several days in Los Angeles, stopping at Hotel Lankershim, and are now on their way to San Francisco, where they will view the exposition and other points of interest.

Mrs. Lewis Cadwallader of 1624 Ruth street was the guest of her parents, Mr. and Mrs. H. Largey of Alhambra, last Saturday.

Mr. and Mrs. H. L. Howe of 1546 Burchett street, Mrs. Howe's sister, Mrs. Edgar Galloway, and children of Hillsdale, Mich., who are house guests of the Howes, and their mother, Mrs. Louise Blackman of 1550 Burchett street, formed a happy party who enjoyed a trip to Griffith park last Saturday afternoon. After rambling over the beautiful hills and viewing the animals in captivity the party had dinner in the open before returning home, reporting a most interesting and pleasant day.

Mrs. D. W. Nichols of 1101 West Seventh street is entertaining in honor of the birthday of her little daughter, Miss Virginia Jane, who is celebrating her sixth birthday today. The decorations are pink and white and the refreshments, consisting of ice cream and the very important birthday cake, will be served in the rose arbor. The table, arranged for twelve little guests, will be graced with vases of beautiful pink roses and the following little Misses will enjoy the delightful occasion: Patricia Kinney, Leonia Colton, Edith Colton, Josephine Cadey, Caroline Gomell and Masters Myles Van Fleet, Carl Gomell, Fred Gleason, Stewart Steelman and Harry Essman. Mrs. Nichols was assisted by her mother-in-law, Mrs. W. H. Nichols, in the entertainment of the happy guests.

Mrs. Ida Van Strum of 1616 Ruth street returned home Saturday from Los Angeles, where she was the house guest of Mrs. W. J. Leighton, former Minnesota friend.

Mr. Robert Parnell and family, who for the past year have occupied Dr. Wilkinson's home at 1636 Ruth street, will move to Rockdale Monday. Mr. Parnell expects to leave for the east and Miss Parnell and Mrs. Parnell and children will stay with her sister, Mrs. James Wells of Rockdale, while Mr. Parnell is away.

Miss Winnifred Olmstead and sister, Miss Edith Olmstead, of 1431 North Pacific avenue, with Miss Polly Bumgarner of Bakersfield, Cal., and Messrs. Pike Dwyer, Harry Brostrom and Edward Martindale of Los Angeles formed a merry party of six who motored to Little Tejon Sunday, enjoying a picnic dinner and a day in the open.

Mr. and Mrs. Geo. H. Marsh of 1645 Ruth street, with their sons, George, Eeuny, Jack and Frank, and Mrs. Marsh's parents, Mr. and Mrs. A. E. Wilber of Rancho La Solano, San Gabriel; Mr. and Mrs. George T. Paine and son Russell of 118 Orange street, and Master Fred Wilson of Glendale, formed a party who, in two machines, motored to Redondo Beach Sunday, enjoying the day at that delightful resort.

In the evening Mr. Paine with his machine, motored to Long Beach from Redondo, where they met Mrs. Paine's friend, Mrs. A. L. Fletcher of the Elkins apartments, who returned home with them and will be their house guest for the week.

### ROBBINETTE CLUB TO ACCOMPANY MRS. ROBBINS IN LULLABY

The Hanscomb Lullaby, one of the most beautiful ever written, has been sung by Mrs. Robbins from east to west and on Tuesday evening Glendale will have the pleasure of hearing this number, accompanied by the entire club with violin obligato played by Miss Frances Payne, a well known young violinist of Glendale who has complimented the club by offering her services for this number.

#### MRS. BRIGGS

Elizabeth S. Briggs of 1437 Valley View road, mother of Mrs. Dr. Lyle, passed away at the home of her daughter, Mrs. Dr. Lyle, Sunday afternoon, April 11, at the age of 84 years and 5 months. Mrs. Briggs was born in New York, but California had been her home for the past fourteen years.

Funeral arrangements have not been completed at this writing.

## IN GLENDALE CHURCHES

### GLENDALE MINISTERS SEND HOME THE TRUTH AT SABBATH SERVICES

#### WEST GLENDALE METHODIST EPISCOPAL CHURCH

The Ministry of Life was the subject of a sermon delivered by the Rev. H. Jackson Hartsell yesterday morning at West Glendale Methodist Episcopal church. He took for his text Matt. 20:28: "The Son of Man came not to be ministered unto, but to minister, and to give his life a ransom for many," and also I John 3:16: "He laid down his life for us and we ought to lay down our lives for the brethren." In part he said: "We are apt to fall into the error of seeking the blessing of God for our own sakes, for our personal perfection. The essential element in Christ's death is 'for others,' 'for the brethren.' It suggests the question as to how far we are to go in giving our lives for others. The answer is 'we ought to lay down our lives for the brethren.' He that would save his life shall lose it." Here the question of "refined selfishness" came in for a scoring. "We need more and more to realize that we are to lay down our lives for others. Paul said to the Corinthian church, 'We which live are delivered unto death for Jesus' sake that the life also of Jesus might be manifest in our mortal flesh. So then death worketh in us, but life in you.' The crying need of this age is for more men like Paul who are willing to 'fill up the sufferings of Christ' and 'bear in their bodies the dying of the Lord Jesus,' who feel the impulse of the dying love on Calvary and thereby become debtors to all men who are willing as much as in them lies to preach the gospel to others. A gospel that shall not be covered up with ease and comfort, that looks out for 'me and my wife, my son John and his wife, us four and no more,' but a gospel of self sacrifice.

"Every life should be a life ministering for God. The perfect life service of Jesus Christ is our model. He was conscious of authority, yet he took upon himself the form of humanity and filled his life with a ministry that has blessed the world. When his disciples desired the chief places in the kingdom He laid aside His garments and girded himself with a towel and washed the disciples' feet, and from this incident taught them the true road to greatness by humble service. The sweep of his ministry is seen in his work shop at Nazareth, in the wedding feast at Cana in Galilee, in the home of Lazarus at Bethany, in the temple, and before the authorities of government. To friends and enemies, to rich and poor alike he ministered. Caring for body and soul, alleviating sorrow, binding up wounds, dealing with sin at its fountain and driving out the money changers from the temple of God. What a life filled with service. As contrasted with this, grudging is our service; what mockery is our salvation which insists so strongly on what others owe us and does not seek by humble service to in some degree show gratitude for Christ who ransomed us from eternal death by paying the price with His death. How we feel slighted when we do not get the sympathy and notice we think we deserve, or get the place of honor or official position we think is ours. Would it not be well for us to stop and enquire why we lost our job, or failed to get one to lose? God has never failed to honor the humble servant. David from among the sheep, Moody from the shoe store, Gypsy Smith from the tent. Because Christ laid down his life a ransom for us we ought to lay down our lives in humble service for the brethren."

#### SEVENTH-DAY ADVENTIST

"Proper Education of Children" was the subject of a symposium given at the Glendale Seventh-day Adventist church, Third and Isabel streets, Saturday morning. Dr. V. H. Lucas led this service. Those who took part were C. E. Kimlin, Dr. D. D. Comstock and Dr. Belle Comstock. The necessity for home training was emphasized. Sunday night meetings are being held each week. Elder G. B. Starr of Melrose, Mass., spoke last night.

Dr. Comstock's reading was compiled largely from the writings of Mrs. E. G. White. He said in part:

"The order and prosperity of the kingdom (of Israel) depended upon the good order of the church. And the prosperity, harmony and order of the church depended upon the good order and thorough discipline of families. God punishes the unfaithfulness of parents, to whom he has intrusted the duty of maintaining the principles of parental government."  
(Continued on Page 4)

## EVENING NEWS

### A PAPER THAT REPRESENTS THE ENTIRE COMMUNITY AND NOT ANY FACTION

The name, Glendale Evening News, is known in almost every home in Glendale. The editor thanks the men and women who are giving the little daily such loyal support.

It is the people's paper and will become more so as the citizens of the Glendale community become familiar with the plan upon which the editor does business.

The management has invested \$18,000 in a printing and publishing plant in Glendale. The investment has been made single handed. He is financially not under obligations to the city, the banks, the churches, the schools or any organization or individual in Glendale or elsewhere.

The Evening News plant is not for sale. There is no one who would wish to buy it at present at the price it is worth. The owner of the plant is not turning a grindstone by which any individual or set of individuals may do axe grinding. All grinding is done in a business way for the good of the community in which the paper circulates. The Evening News is not strictly a Glendale paper. It is a Glendale community paper. Its mission is to work for the best interests of the citizens of the territory lying tributary to Glendale, comprising Casa Verdugo, Tropic, Montrose, La Canada, La Crescenta and Sunland. As time goes on the territory covered by the Evening News will broaden and in a few years the Evening News and its companion, the Tri-City Progress, will be read in all the homes in the eastern part of the San Fernando valley.

It is the desire of the editor of the Evening News to give courteous treatment to everybody, and represent every cause that is worthy of representation. You are invited to call and view our facilities for doing work in the printing line. We are ready to listen to suggestions from our friends, and so far as we know everyone with whom we have formed an acquaintance is a friend.

#### GLENDALE WINS, 7-4

The Glendale High School baseball team made its initial league season debut last Saturday afternoon by trouncing the Monrovia aggregation to the tune of 7-4. All this occurred on the new athletic grounds in the rear of the high school campus before a fair-sized audience of fans.

Lukins occupied the mound for the local boys in the opener and kept things fairly interesting for several innings. He let the Monrovia nine annex four runs altogether. Hasty Bidwell went on duty in the first of the eighth and finished the game in the one, two, three order. Bob Kolts did honors behind the plate very creditably.

Glendale secured a three-run lead in the first inning and kept it till the end of the fray. Monrovia's pitcher was a little wild throughout the game. The game couldn't really be called a fast exhibition of ball, but it was sufficiently interesting to keep the attention of the fair sized group of fans who were present.

One noticeable thing about the game was the inauspicious way in which Glendale celebrated. A stranger in town would not have known there was a ball game.

#### The line-up was as follows:

GLENDALE		MONROVIA	
Stauffacher	2b	Spence	ss
Coole	lf	Miller	3b
Fishel	ss	Ribkopf	1b
Bidwell	1b, p	Collins	rf
Lukins	p	Smith	lf
Middleton	rf	Kirchenschlager	cf
Kolts	c	Kelly	c
Livingston	3b	Harris	p
Phillips	cf	Scott	2b
Heacock	lf, 1b		

#### SUMMARY

Runs: Glendale—Stauffacher, 1; Coole, 1; Bidwell, 2; Lukens, 2; Middleton, 1. Monrovia—Spence, 2; Kirchenschlager, 1; Scott, 1. Umpire, Buss.

#### ANOTHER JUNKETING TRIP

The assembly, after voting itself funds for a junketing trip to the Panama-Pacific exposition at San Francisco, last week went a step further and voted something more than \$2000 for a junketing trip to the San Diego exposition. The criticism which has followed this action bids fair to defeat the very purpose of the appropriation. The idea was to get as many to go to San Diego as possible. But it now develops that members who do not approve such methods will refuse to go on the trip lest the charge be made that they are benefiting from the assembly's course.

## BUSINESS MEETING

### A WORKING ORGANIZATION WHOSE ANNUAL REPORTS SHOW RESULTS

Recently in the parlors of the First Baptist church there was held the annual business meeting and election of officers of the Women's Missionary society. The reports for the year were encouraging.

The secretary reported a membership of fifty-five, with an average attendance of twenty-five.

With few exceptions the meetings were held in various homes of members.

Three missionaries have spoken to the society during the year and in February the circle was invited to a luncheon given by the Hollywood Baptist Women's Mission circle, where they were delightfully entertained and had the pleasure and inspiration of hearing Miss Inga Pettison speak.

The financial report was very gratifying, showing they had met their apportionments and been able to help considerably with the "over and above" funds. The mite boxes, which were given out in June and opened in February, were very well filled. The Philanthropic work has been very ably handled by Mrs. O. W. Tarr and her report was a very pleasing one, showing that many holiday dinners, clothing, etc., had been given to needy families, and cheering visits have been paid to many homes and institutions.

The society also sent a barrel of canned fruit to an Indian mission in Arizona and gave six dressed dolls to a Los Angeles mission at Christmas time.

During the past year the Ladies' Aid society have consolidated with the missionary society, making but one women's organization in the church, where all are invited to come and get acquainted, and help with the Lord's work, both at home and abroad.

The officers elected for the coming year are:

President—Mrs. R. A. Salisbury.  
Honorary president—Mrs. John H. Troy.  
Vice president—Mrs. O. A. Lane.  
Vice president city missions—Mrs. A. M. Hunt.  
Vice president philanthropic work—Mrs. O. W. Tarr.  
Treasurer—Mrs. D. P. Flory.  
Secretary—Mrs. D. B. Pingree.  
Reporter—Mrs. N. M. Knaus.

#### WE LEFT OUT ONE

When we printed the list of the players who would make their bow in the forthcoming production of the drama, "Polly of the Circus," which is being rehearsed by the High School Alumni association we very unfortunately omitted the name of Miss Gladys Justema. In order that the young lady may not indulge in a fit of temperament so dear to every true thespian we wish to say that the fault is not ours. We printed the cast as it was given us, so we charge the whole thing up to the publicity man—and we hereby give him fair warning.

Miss Justema's part in the play is one of the darkest spots in that much discussed drama, for she is cast as a motherly old colored woman. If her former work in amateur theatricals may be taken as a criterion we predict that her part will be amply taken care of.

#### LOS ANGELES NOT INTERESTED

The rumor is that the Municipal Annexation Commission of Los Angeles has preferred charges against E. H. Tatum of 1300 North Maryland avenue, North Glendale, an employee of the Los Angeles City Engineer's Department, for working for the annexation of North Glendale to Glendale while drawing his salary from the city of Los Angeles.

The rumor says Tatum is charged by citizens of Casa Verdugo and North Glendale, who favor annexation to Los Angeles, with working against that city's interests, and a certain citizen of Casa Verdugo has been asked to appear before the Civil Service Commission to make his charges.

The Municipal Annexation Commission, according to a statement by Miles S. Gregory, secretary, will insist that city employees of Los Angeles show their loyalty by aiding its work for a greater city.

As a citizen of the Glendale community the editor of the Glendale Evening News falls to see wherein the city of Los Angeles would be interested in this local fight, and it is certainly only a rumor.

When the first legislature convened on earth it met on Mount Sinai—and the senate and the house agreed pretty well. Only ten bills were passed, and none were vetoed.

## DAN CUPID'S SEASON

### MISS CORRINE BUDWAY BECOMES BRIDE OF GEORGE EVERETT WITTEMORE

This is Dan Cupid's busy season, and Glendale seems to be his love-ship's headquarters this year. There are weddings and rumors of weddings on every hand.

One of the most recent and prettiest affairs of the past few days was the marriage of Miss Corrine Budway and Mr. George Everett Wittemore. The ceremony took place Sunday morning at ten o'clock at the parish rectory and was performed by the Rev. Jas. S. O'Neill. The bride was dressed in a traveling gown of blue silk poplin, with white picture hat, and carried a shower bouquet of Cecil Brunner roses and maidenhair fern. She was attended by Miss Frances Webber, dressed in pale pink with lace drape. The groom was attended by Mr. Gordon Kierstead. Mrs. W. A. Tanner of Glendale played the wedding march. A large number of friends were present to wish the happy couple all joy and to shower them with rice and roses.

Mrs. Wittemore is the daughter of Mr. and Mrs. F. A. Budway of 1432 West Fifth street, and after the ceremony an elaborate dinner was served at her parents' home. The rooms were beautifully decorated for the occasion with lilies, roses and orange blossoms; a large wedding bell of the latter hung in the archway. Covers were laid for the bride and groom, their attendants and the following guests: Mr. and Mrs. Peter Pudway of Pasadena; Mr. and Mrs. C. Kierstead, Messrs. Gordon and Walter Kierstead and the Misses Theresa and Ida Kierstead of Los Angeles; Mr. Theodore Bernstein of Los Angeles; Mr. Andrew Canton of Bakersfield; Mr. and Mrs. P. F. Bell of San Bernardino; Mrs. J. W. Cousins and son Kenneth, Miss Marie Rigali, Mr. and Mrs. Edw. Burlingham, Mr. and Mrs. F. A. Budway and Mr. Arthur Budway, all of Glendale and vicinity. Many beautiful gifts were received by the happy pair.

While the guests were talking after dinner, the bride and groom slipped out the rear door into a waiting automobile, and were well on their way to San Diego ere they were missed. After a honeymoon of a couple of weeks they will return and live either in Glendale or in Los Angeles, where Mr. Wittemore is in business.

#### INTERMEDIATE PARENT-TEACHERS

The Intermediate Parent-Teacher association held a most delightful meeting in the auditorium of the Intermediate school on Friday afternoon. There were a large number of parents and friends present to enjoy the afternoon. Dr. Jessie A. Russell presided, and a short business session preceded the program. Mrs. E. S. McKee reported progress on the plans for a moving picture benefit to be given by the association. Mrs. Arthur C. Brown reported that the eighth grade girls had decided on white middie suits, white accessories and green ties as their graduation costume. The association is proud of the fact that this is the first eighth grade in the county to take such action in regard to graduation exercises.

A class party will be given on the 7th of May for the June graduation class, and the executive board of the intermediate association will have charge of the party.

The following excellent program was given: Solo, "Come Down Living Streamlet" (Stromm) by Miss Helen Beatrice Cooper. As an encore Miss Cooper sang "At Parting" (Rogers). Miss Bertha Jackson of Glendale gave two very fine readings, "The Leopard's Spots" and "Ye Modern Maids." Miss Florine Proley of Los Angeles, accompanied by her mother, whistled in her clear, birdlike notes, "The Dragon Fly" and "The Song of Spring." Then Miss Florence Meade of Los Angeles, accompanied on the piano by Mrs. John R. Barrows, and with a flute obligato by her father, Mr. Wm. H. Meade, sang very sweetly "Lo, Here the Gentle Lark," and responded with an encore.

After the program refreshments were served in the domestic science room by Mrs. Greely Kolts, Mrs. C. J. Newcomb and Miss Lulu Woolbridge, supervisor of domestic science in the Glendale school. The ladies were assisted by several of the eighth grade girls, who had baked the delicious little cakes.

Really, when any person is "laying" for you can you call him your "hen?" Here is where grammar and the dictionary are seemingly mixed this morning.

## ANNEXATION LOSES

### RESIDENTS OF CASA VERDUGO VOTE TO REMAIN OUT OF GLENDALE

The election in Casa Verdugo Saturday for and against annexation to Glendale brought out a very fair vote in the territory concerned. There were 287 votes cast, 159 being against annexation and 124 being in favor of it. There were three ballots thrown out on account of being mutilated.

At this election as at many other elections things were said by both sides that should not have been said, but life is too short to foster a spirit of opposition after voters have said by ballot just what they favor, so may it be the desire of all citizens of Casa Verdugo to work in harmony to better everything whether they are in or out of Glendale. It is the opinion of the Evening News that there are good people on both sides who worked conscientiously for what they deemed to be for the best interests of the community in which they live.

#### TROPICO

Dr. Jason Morse, who has been the house guest of his sister, Mrs. Charles A. Barker of South Glendale avenue, for the past few months, left for Detroit, Michigan, Saturday, where he will remain several weeks. Dr. Morse was medical superintendent of the State hospital at Pontiac, Mich., for twenty-six years. The medical staff of this institution is considering reorganizing and has requested that Dr. Morse be present and assist at the reorganization, as this learned doctor of medicine is eminently qualified to assume the responsibility of this important office.

Interesting as well as very instructive was the afternoon enjoyed by the Norton Art club, at the home of Mrs. Frank I. Marsh on North Central avenue Saturday, when Mrs. Marsh entertained the club, in her usual happy and gracious manner. The program included two very interesting subjects, Leonardo da Vinci and Raphael's works in connection with the renaissance and modern art.

Following a most delightful vacation trip of three weeks or more enjoyed on the desert, at Victorville and in Southern Nevada, motoring to these several interesting places, Dr. Samuel A. Pollock has returned to his home on West Park avenue. The doctor returns with several coats of tan which his friends declare is equally as becoming as the ten or twelve pounds of avoirdupois he added to his physique.

Mrs. M. R. Stough of Illinois, who has been spending the past week as the guest of Miss Ellen Sharp and her sister Miss Amaretta Sharp of West Cypress street, left for South Pasadena this morning, where she will visit a week before returning to her home in Illinois.

Mr. and Mrs. Marcus Stebbins of Louise street left Sunday evening for Silver Creek, New York, where they will reside in the future.

A very happy social affair was the luncheon given by Misses Agnes and Marie Rigali at their home 560 S. Brand Boulevard Friday afternoon, when they entertained about thirty-six friends in honor of their sister-to-be, Miss Florence Caldwell. A buffet luncheon was served, a shower of wistaria centering the table concealing cards bearing a certain important date. These cards were attached to streamers which ended in pretty little French corsage bouquets and when each guest pulled the ribbon that confined her bouquet the dainty card was released and the secret was out, that on May 5, Miss Caldwell will become the bride of Mr. Albert J. Rigali, brother of the two young hostesses. Music and merriment helped to make the occasion one of much pleasure and one to be long remembered. The guest of honor was, of course, showered with good wishes and congratulations.

#### MISS GREGG HOSTESS

Miss Margaret Gregg of 206 South Central avenue gave a party for a number of her friends on Saturday evening. A fine time was enjoyed by the young people in games, music and dancing, after which they were all ready for the delicious refreshments served by Mrs. Gregg and Mrs. Lord.

Among the guests of the evening were the Misses Katherine Lord, Eloise Seaman, Aileen Freeman, Frances Peckham, Helen McMullin, Lois Shepherd, Carol Willisford and Rebecca, Eleanor and Evelyn Gregg and Messrs. Montgomery Coole, Madison McNutt, Harry Glazier, Lawrence Davis, Wayne Smith, Jamie Shea and Robert Kolts.

GLENDALE, CAL., APRIL 12.

**THE MAY FESTIVAL**

Southern California in general and Los Angeles in particular is to be the mecca for thousands of tourists early next month, when nine days of typical western celebration are to be staged under the direction of the 1915 General Committee of Los Angeles City and County. The festivities commence May 1.

Combined with a series of magnificent pageants and La Fiesta de las Flores, a typical Southern California institution, is to be produced the 1915 Rodeo, the most spectacular wild west spectacle ever attempted.

The Rodeo will revive the early days of the golden west, its glory, grandeur and splendor. A complete panorama of the golden state from its earliest days to the opening of the Panama canal will be depicted in the big nine days' celebration.

One thousand world-famous cowboys, cowgirls, bronco busters, stage coach drivers, relay drivers, pony expressmen, and others impersonating the famous figures of western fiction and history will take part in the mammoth spectacle.

Cash prizes aggregating thousands of dollars have been hung up to attract these experts from all over the world. The famous stars of the western film dramas have signed articles of entry, while the wildest and most daring horses of the world have been assembled for the occasion.

Three great parades will open the celebration. On the morning of May 1 a world-wonder historical pageant will be staged. "The Story of the Golden West" it is called. The same evening the monster electrical parade, "Queen Flora," will take place. On Monday, May 3, La Fiesta de las Flores, the great floral parade, will give pleasure to the hundreds of thousands of visitors who are expected. The Rodeo proper will start Saturday afternoon, May 1, in the Stadium at 35th and Hooper streets, Los Angeles, one of the largest open air amusement centers in the world.

Here is the complete program as announced by Motley H. Flint, chairman of the 1915 General Committee of Los Angeles City and County.

Saturday, May 1, 10 a. m.—The Story of the Golden West. Wonderful street pageant portraying the thrilling pioneer days of western life. There will be included in the parade many old-time relics, reminiscent of the early development of California prairie schooners, mining outfits, fire apparatus and paraphernalia, stage coaches, pack trains, chuck wagons, cowboys, range riders, from the plains and desert, and representative riders from great ranches of the country famous in the history of the development of the great southwest.

Saturday, May 1, 2 o'clock—Opening of Great Rodeo or Roundup. Continuing each afternoon up to and including May 9 at the Stadium, Thirty-fifth and Hooper avenue, seating over 20,000 people. Biggest thing of its kind ever held. Greatest aggregation of bucking horses ever brought together at one point. Actual conditions of range life, with its perils and hardships, presented by daring cowboys and cowgirls. Riding and roping, relay races, stage coach races, pony express, races and exhibitions of bucking horses riding, in which the most vicious equines from seven states will appear.

Saturday, May 1, 8 p. m.—Great electrical pageant, Queen Flora, a feast of flowers. The crowning achievement of Fawcett Robinson, the world's greatest decorative electrical artist. The last word in perfection of artistic creation. Fifteen floats.

Monday, May 3.—La fiesta de las flores. The great floral parade.

**SAN FRANCISCO NINE YEARS AFTER**

To celebrate the progress of the city since the catastrophe of April 18, 1906, which laid it waste, San Franciscans are joining to make the Nine Years After exposition year celebration the greatest yet held. A great carnival and mask will be held in the civic auditorium, where replicas of bread lines, relief kitchens, refugee camps and other incidents of the fire and earthquake time will be presented. The Mission Promotion association has taken in charge the arrangements for the festival.

The man who is not loyal to home and home enterprises must have a screw loose in his think box.

The four words that are cornerstones of business character—manliness, gallantry, kindness, industry!

Hell has room reserved for the man or woman who rejoices in pinching innocent hearts by circulating tattling tales.

**ANNOUNCEMENTS**

**BAKED BEAN SUPPER**

The ladies of the Episcopal church will give a baked bean supper at the Guild hall April 13. Tickets for sale by the members. Price 25 cents. Only 150 will be sold, so come early. Supper will be served at 6:30 sharp, so that those who desire may attend the Robbinette concert. 199-201-202

**ATTENTION, EPWORTHIANS, ATTENTION**

The Epworth league of the First Methodist church will hold its business meeting and semi-annual banquet Tuesday at 6:30 p. m. instead of Friday as was planned. Remember the time—Tuesday, 6:30 p. m. All young folks of the church are invited.

The General Richard Gridley chapter, D. A. R., will meet on Wednesday, the 17th of April, with Mrs. Wayland Chapman of 218 El Bonita avenue. This is the regular monthly meeting of the chapter and a pleasing program has been arranged by the hostess. The following numbers will be given: Patriotic reading by Mrs. Wayland Brown. Vocal solo, Mrs. Wm. Herman West. Violin solo, Mrs. Edgar Ayers. There will be several special guests for the afternoon, and a good time is anticipated by all.

**P. T. A. MEETING**

The monthly meeting of the high school P. T. A. will be held in the music room of the domestic arts building tomorrow, Tuesday, afternoon at 3:15 o'clock.

An interesting program is planned. Professor G. F. Taylor will speak on "Character in Education." Two musical numbers will be rendered. A question box will be opened.

An interesting and profitable time is anticipated. All patrons of the school are invited to attend.

**BROWN & CURRY MEETINGS PASADENA BEGINNING APRIL 12**

An auto buss line accommodating 21 passengers will be operated to the tabernacle, leaving the Pacific Electric depot, Broadway and Brand, at 6:45 p. m. Stops will be made at Broadway and Glendale avenue and corner of Colorado boulevard and Adams street. In co-operation with the churches, the line will be operated only on Tuesday, Thursday, Friday and Saturday evenings. Afternoon excursions will be arranged for on application. Round trip 25 cents. For further particulars call F. Radley, auto transfer, 420 S. Kenwood or phone Glendale 1080W. General transfer and moving. 102-t2

**CERTIFICATE OF BUSINESS**

**Fictitious Firm Name**

The undersigned do hereby certify that we are conducting a retail clothing and tailor business at 427 South Main street, Los Angeles, California, under the fictitious firm name of Bradford Woolen Mills and that said firm is composed of the following persons, whose names and addresses are as follows, to wit:

O. H. Wyckoff, 427 South Main street, Los Angeles, California; I. Lavine, 427 South Main street, Los Angeles, California.

Witness our hands this 23rd day of March, 1915.

O. H. WYCKOFF,  
I. LAVINE.

STATE OF CALIFORNIA) ss  
 COUNTY OF LOS ANGELES)

On this 23d day of March in the year nineteen hundred and fifteen, before me, Florence W. Saunders, a notary public in and for said county, residing therein, duly commissioned and sworn, personally appeared O. H. Wyckoff and I. Lavine, known to me to be the persons whose names are subscribed to the within instrument and acknowledged to me that they executed the same.

Witness my hand and official seal.

FLORENCE W. SAUNDERS,  
Notary public in and for said County and State of California.  
190-t4-Mon.

The first of the many important extensions of the usefulness of the United States postal service was put into effect sixty years ago yesterday, when the registry system was established. The provision for the registration of letters, for their greater safety, was not an American innovation, however. In this, as in the adoption of postage stamps and the adoption of a low and uniform postage rate, the United States only followed the example of the British government. The postal money order system, which had been established in England in 1792 and came into general use in that country in 1840, was not set up in the United States until 1864, at about the same time as free delivery of mail was inaugurated in the cities. The special delivery system was authorized in 1885. Rural free delivery was the next important step in extending the utility of the postoffice. Parcel post and postal savings banks are comparatively recent innovations in the United States and were adopted much earlier in the leading countries of Europe.

The constructionist deserves encouragement—the iconoclast and destructionist create nothing but wreckage, and they deserve all the frowns they get.

**MOTOR RUN TO SAN DIEGO**

SAN DIEGO, April 12.—What is expected to be the greatest turnout of motor cars ever engaging in an intercity run will be the tour of the Automobile Club of Southern California from Los Angeles and its contiguous territory to the San Diego exposition. The dates of the tour are April 23, 24 and 25. The motor tourists will leave Los Angeles the morning of April 23 and will come to San Diego over a specially marked route, which will be through Riverside, Bonsall, Oceanside and La Jolla into San Diego. This course takes in part of the inland and coast routes between Los Angeles and San Diego. The greater part will be over the inland route with the last lap from Oceanside to San Diego over the coast route.

In honor of the visiting motorists the San Diego exposition has officially designated April 24 as Motor Day at the exposition. Every branch of the Automobile club of Southern California is interesting club members in the run and it is expected that at least 1000 machines will engage in it. On the trip to San Diego a barbecue will be served.

In order to avoid congestion on the roads on account of the great number of machines that will be in the run the cars will be sent away from Los Angeles in sections, each section to be led by an official pilot car.

Each section will also have an emergency and repair car with it. On these cars spare equipment and a crew of mechanics will be carried so that motorists will not be inconvenienced or forced to drop out of the tour should their cars need adjustment or repairs en route.

On account of the magnitude of the run and from the great number of motors which will engage in it the tour has been properly termed "The Glidden of the West." It will be the greatest motor caravan ever traveling through California and probably the greatest ever seen in the west. Arranged as a week-end affair it will permit many to engage in it which could not do so if the run was held on other days of the week. There will be many novel features in connection with the run, one being that a detail of militiamen will be along to act as guards over the cars when they are parked for the motorists to enjoy the barbecue on the way down.

The exposition and San Diego is preparing a warm welcome for the motorists. A band and escort of machines will meet the tour at the city limits and bring it into the city. In honor of the visit of the club members the exposition is arranging a special carnival to be held on the isthmus the night of April 24. This will be Saturday. Another attraction arranged for the visitors will be the initial appearance at the exposition of Creator's famous band. The engagement of this noted organization has been arranged so that its first concert will be given during the visit of the club members.

The club run is arranged for a dual purpose. It will be to give members opportunity to tour the exposition in a body and also to celebrate as a club the completion of important highway work in the Southland. The course over which the run will be held has recently been improved. Work on the route will be continued up to date of the tour so that all roads will be in prime condition for the caravan.

At several points along the route motion pictures will be made of the tour so that it can be duly advertised later throughout the United States. The dates of the tour will allow ample opportunity for a good inspection of the exposition and trips to many points of interest in San Diego, making in all a pleasant week-end entertainment.

**OPPOSING ROAD BILLS**

The organized supervisors and the organizing county surveyors are also having their troubles with measures before the present legislature.

The fact has been pretty thoroughly demonstrated that the present plan of road maintenance is not the most satisfactory. Under the present arrangements, county road work is under the direction of the boards of supervisors. The abuses of the system in many counties became scandalous. Several bills are pending before the present legislature to place road work on a more practical basis. Unfortunately, the "rights" of the supervisors—from the supervisors' standpoint—are interfered with. The organized supervisors are accordingly combatting all such legislation.

The interests of the county surveyors comes from the fact that it is proposed to place such work in the hands of competent engineers. Heretofore, the surveying and engineering work has been in the hands of the county surveyors. So the surveyors have joined with the supervisors in the effort to defeat any and all the measures that have been offered to correct the admitted abuses and inefficiency of road work in the several counties.—Legislative Bulletin.

**WOOD IN FLYING MACHINE**

Flying machines are made almost entirely of wood. The propellers of the aeroplanes are in most instances made of selected ash, which, in addition to being strong and light, will not split under vibration or shock. Built up layers of spruce and mahogany centers are also in use. Spruce is used in the construction of the frame because of its markedly straight grain and freedom from hidden defects.—Washington Star.

**RETHINKING WITH A FORTUNE**

A man in the east retired from business the other day at the age of fifty, with a fortune supposed to be a million. His reasons were that he thought he had enough, and that it was a duty to make way for the man below. Whether he was wise in his individual case, or whether the principles laid down could be given wide application with satisfactory results, are questions not possible of direct answer. It is said that a man at fifty forms few new friendships, and that he would have difficulty in forming new and agreeable associations at that age, seems reasonable. It may be taken for granted that a man who at fifty has acquired a million in commercial pursuits, has been thoroughly devoted to the methods and purposes of acquisition. For him suddenly to cut loose would seem to be something like launching a boat on an untried sea, without rudder or sail. What, in such circumstances, would the man find to do? It hardly is to be assumed that one who has sold tobacco, for instance, until a millionaire, and half a century old, could find joy in absolute idleness. The chances would be against his having a desire to investigate scientific problems, to indulge in art collecting, or to have capacity for this. Books hardly could make an appeal, nor the charm of golf be lasting. Purely intellectual research has to be left to minds inherently free from tendency to barter. Now there is some satisfaction in work itself, apart from its tangible rewards, while loafing, save for the extremely lazy, and for short periods, is an unwelcome experience. To attain a certain volume of wealth, and then quit, is to indicate that the only object in working has been accomplished. If all wealthy men felt this way, many of the important affairs of mankind would languish. Men who do their work well, learn to love it, to take pride in it, and to be cut off from the opportunity of performing it becomes a hardship. Often the man, long busy, who relaxes at his ease because in one sense he can afford to do so, finds that his mind and body fail from disuse, though while called upon to serve, they were alert and strong. In all likelihood the retired merchant whose act provoked this comment, will pine for the old responsibilities, and find the cares of leisure a heavier burden than he ever bore when active.

You can't fool folks long—they will size you up finally not far from where you really and truly do belong.

**IRON IN WATER**

Half a part per million of iron in water is detectable by taste, and more than 4 or 5 parts make water unpalatable. In some mineral springs iron is the constituent which imparts a medicinal value to the water, but ordinarily it is undesirable. More than 2.5 parts per million in water used for laundering makes a stain on the clothes. Iron must be removed from water from which ice is made, or a cloudy, discolored product will result. An iron content of over 2 or 3 parts per million in water used in the manufacture of paper will stain the paper. Iron is harmful in water used for steaming, for it is in equilibrium with acids which inside the boiler become dissociated, with the result that the free acids corrode the boiler plates; but the amount of iron carried in solution by most waters is so small that the damage it does to steam boilers generally amounts to little.

Waters having a high iron content have in some places, where they have been used as city supplies, caused an immense amount of trouble and expense, for they favor the growth of crenothrix to such a degree that the water pipes become clogged with the iron sheaths of that organism. The removal of iron from water is sometimes easy and sometimes very difficult. (Water Supply Paper 273, U. S. Geological Survey.)

To be tactful and truthful is to be sensible on a Golden Rule basis.

Folks who take things to heart are to be more pitied than censured.

### CONCERT TONIGHT

The people of Glendale will enjoy a fine musical treat tonight when Miss Melicent Virden, talented pianist, and Ferdinand Rigali, well known violinist, will appear at the high school auditorium. A long list of notable women of the community have lent their support to this affair, which is something exceptional in musical circles.

## PERSONALS

Mrs. Adam Haish and Mrs. Clara Wilson of De Kalb, Ill., spent a day with Glendale friends last week.

Mr. David Coey of Yucaipa, Cal., spent Sunday with his nephew, Mr. Duane Perley Snow of 817 Lomita avenue.

Wm. Wright and wife, son Earl and wife and Ray Kennedy, mother and family motored to Arrowhead Springs Sunday.

Mr. P. A. Pulley of San Diego visited Saturday and Sunday with his sister, Mrs. C. W. Ludwick of the Kenwood apartments.

Miss Octavia McCarroll and Mrs. F. Allan of Chicago will be the guests of Mrs. Colin Cable of 755 Columbus avenue for several days this week.

On Saturday evening Mr. and Mrs. George Blake of 1564 W. Fifth street were guests at the house party and dance given at the home of Mrs. Blake's sister, Mrs. Riggs of Los Angeles.

The Clarion Singers will be heard at the Presbyterian church of Tropic at 7:30 this evening. There is no admission and every one is welcome. A fine temperance lecture will be given with good music and readings.

Mrs. W. A. Mulligan of 1409 Oak street underwent quite a serious operation on Saturday morning. She is in a Los Angeles hospital and her physicians say she is doing nicely and will soon be about again. Her many Glendale friends await her return home with the hope that her recovery may be very speedy.

E. H. Learned of Colorado and San Fernando road met with a painful accident Friday last. He was heating a can of tomatoes for his noonday meal while at work on his Burbank ranch, when the can exploded, flooding his face with steam and hot fluid. At first it was feared his eyes were blinded, but happily this proved untrue and beyond severe burns his injuries were not serious. He hopes to be at work again in a few days.

Mr. and Mrs. C. O. Pulliam, with Mr. and Mrs. George Mitchell, Miss Johnson, Miss Myrtle Pulliam and Mr. Mumford of New York, have just returned from a delightful trip to San Diego, taken in Mr. Pulliam's big seven passenger machine. The party left here Thursday morning, taking the inland route, and arrived in San Diego that same evening. They spent a good deal of time at the exposition, took in many of the delightful side trips around the city, and returned to Glendale late Sunday evening, via the coast road.

Mr. and Mrs. Oliver O. Clarke of 100 S. Louise St., have just returned from a business trip up into the back country of the North fork of the Kern river. There were two large machines of people in the party and a trip of about 387 miles was made in less than three days. The party left here Saturday morning and returned today. They passed into the Kern river country from the desert side and came out over the pass to Caliente. Altogether it was a very interesting and enjoyable trip, stops were made at big ranch houses along the route, and the fine quality of the food served them at these places was much enjoyed.

Mrs. C. R. Carmack of 715 N. Central avenue entertained a number of friends with a spring hat luncheon on Thursday. This was something new in Glendale, and much merriment was caused when each article of food appeared in some fanciful style, each representing one sort or another of Easter bonnet. Luncheon was at one and the afternoon was pleasantly passed in embroidery and fancy work. Those who enjoyed the day were Mrs. John Hobbs, Mrs. Olaf Anderson, Mrs. W. A. Hough, Mrs. Glenn Craig, Mrs. W. Gorman, Mrs. Lovell, Mrs. Will Hamilton, Mrs. Tom Neagher, Miss Kathleen Gorman and the hostess.

While playing in the street in front of his home, 1426 West Fifth street, Sunday afternoon little Franklin Beyea, was struck by a passing automobile and thrown to the pavement with such force that he was made unconscious. A physician was called, who stated that the boy was not seriously injured and no bones were broken, though one side of his face was badly bruised from contact with the street. Fifth street is paved for a distance and is such a good street that motorists, especially a number of delivery wagons, have a habit of speeding up when they strike this stretch. The only wonder is that more children are not hurt, as they play on the street a good deal.

### MUSICAL EVENING

Sunday evening a number of friends from Los Angeles motored out to the home of Mr. and Mrs. G. E. Steele, 1509 West Fifth street, to enjoy an evening of music. Among those who came were Mr. and Mrs. Pearson, Mrs. Woody and baby, Mr. and Mrs. Carr and Miss Carr, Mr. and Mrs. Lawrence and baby boy.

A pleasant hour was enjoyed with both vocal and instrumental music, after which they all motored back to the city through the warm summer night.

Cheerfulness and helpfulness are twin sisters—and pretty girls they are, too.

## KNOCKER SAW DOUGHNUT

"The champion knocker came into my office Saturday," said J. F. Lilly, secretary of the Chamber of Commerce, "and wielded the hammer for a half hour with mighty fury. I didn't ask his name or where he came from, because I wanted to forget him as quickly as possible. He jumped onto California with heavy feet and positively refused to be comforted. I was about to hand him a dose of liver remedy when he took a turn for the better, as we used to say when a patient showed signs of improvement. Finally he partially redeemed himself by saying that of all the places he had visited in Southern California, he considered Glendale, with possibly one exception, the most desirable city he had seen. Which goes to prove that you can't look at the hole all the time without finally seeing the doughnut."

Even a monkey can use a hammer!

## Highest Quality-- Lowest Price

## Children's Bank Accounts

Teaching children the value of money is a very important part of their education.

Thrift does not come at our beck and call, nor can it be slipped on or off like an old coat. It is established by practice rather than theory, by example more than precept.

Girls as well as boys should be encouraged to earn money by real service, and both should early learn what banks are for and how money grows when it is planted in the right soil, so to speak.

THE BANK OF GLENDALE encourages children's accounts and pays the largest rate of interest consistent with good banking.

You can start a savings account with one dollar.

## LOCAL CLUB DEFEATED

The local ball club went down in defeat at the hands of the Harris & Frank team at Verdugo park yesterday, but they forced the enemy to go into extra innings and both teams played good ball all the way and the five hundred fans were well pleased with the game.

The game was clean from start to finish and the usual rojydism and "rag chewing" were conspicuous for their absence. Umpire Guyheinx held the indicator and kept both clubs on the jump all the time, which greatly tends to make a game interesting. The following is the play by innings:

First inning—Harris & Frank. Reagan hit by pitched ball, out stealing second; Berson walks but is caught off first. Gomes walks, Sharp singles, scoring Gomes. Cosby fans. One run.

Glendale. After Flores fans, Sissney goes out, Cowan to Sharp, and Eves goes out, Moses to Sharp. No runs.

Second inning—Harris & Frank. Werner singles to right, Moses beats out a bunt and Cowan singles to left, but forces Werner at third. After Reagan fans, Berson draws four wide ones and fills the bases, but Gomes fails to connect with the pigskin and leaves his three comrades stranded on the bases. No runs.

Glendale. Mason singles, but is caught napping off first; C. Bidwell goes out, Reagan to Sharp; Robertson safe on pitcher's error; Vanosdol out, Cosby to Sharp. No runs.

Third inning—Harris and Frank. Sharpe fans, Widener is an easy out, Bidwell to Sissney; Cosby draws four bad ones, but is caught pilfering second. No runs.

Glendale. After Philp fans H. Bidwell and Flores go out the Cosby to Sharpe route. No runs.

Fourth inning—Harris and Frank. Werner out, Bidwell to Sissney; Moses fans, Cowan singles to right, Reagan fans. No runs.

Glendale. Sissney flew out to Moses; Eves singles past third, but is forced at second by Mason; C. Bidwell fans. No runs.

Fifth inning—Harris and Frank. Berson loses the ball in the left brush for a homer; Gomes doubles to deep center and scores on Sharpe's sacrifice; Widener out, Bidwell to Sissney. Two runs.

Glendale. Robertson out, Cosby to Sharpe; Vanosdol out, Reagan to Sharpe. Philp beats out an infield hit; H. Bidwell knocks homer to left, scoring Philp. Flores and Reagan to Sharpe. Two runs.

Sixth inning—Harris and Frank. Moses flies out to Berson. Cowan draws four wide ones and takes second on Bidwell's wild throw to first. Reagan out, Robertson to Sissney. Berson fans. No runs.

Glendale. Sissney pops out to Werner. Eves singles to left, but is forced at second by Mason. C. Bidwell safe on wild throw to first, but sharpe retrieves the sphere and scores Mason out at third. No runs.

Seventh inning—Harris and Frank. After Gomes fouls out Sharpe singles and Widener hits into a double, retiring the side. No runs.

Glendale. Robertson hits a line drive to center for a single. Vanosdol fans. Philp singles to left, Robertson going to third on the hit, but their hopes of seeing home fade as Bidwell and Flores hit only the air. No runs.

Eighth inning—Harris and Frank. Both Cosby and Werner pop out to the infield and Moses fans. No runs.

Glendale. Sissney singles to center. Eves draws a pass and Mason singles to right, scoring Sissney. C. Bidwell fans, Robertson out to Sharpe unassisted. Lewis goes in to bat for Vanosdol and draws a pass. Lang goes in to bat for Philps and fans. One run.

Ninth inning—Harris and Frank. Cowan is an easy out, Bidwell to Sissney. Reagan and Berson both fail to locate the ball and retire the side. No runs.

Glendale. H. Bidwell walks. Flores out, Cosby to Sharpe. H. Bidwell out trying to make the winning run on Sissney's double to left. Eves fans. No runs.

Tenth inning—Harris and Frank. Gomes singles to left, Sharpe forces Gomes at second. Widener singles to left. Colby goes out on infield fly. Werner safe on Bidwell's error, filling the bases. At this stage Bidwell seemed to lose control and issued a pass to Moses, forcing Sharpe in with the winning run. Cowan flies out to Eves. One run.

Glendale—Mason singles, C. Bidwell fans like Robertson, and Lewis flew out. No runs.

Score  
R. H. E.

### WILL CHALLENGE DRIVERS

Charles Letts, driving his Baby Pugeot in the Culver City, Jr., races on Saturday, was ruled out on account of protests from drivers of other machines.

Letts and his mechanic, M. Jackson, averaged 70 miles an hour during a couple of trial laps. Both are Glendale boys and are soon going to challenge Harry Hartz, the master juvenile auto driver of the world, for the cup he holds.

### STEALS WIRE

Joe Martinez, a Mexican, was convicted Saturday of stealing \$49 worth of belting and \$45 worth of wire from the Glendale & Montrose Railway company and sentenced to six months in the county jail for each offense.

## NO KNOWN CURE FOR COLDS

"Common colds are due solely to contact with somebody who already has them, and there is no known cure except, perhaps, going to bed for 48 hours," was the statement of Dr. G. S. C. Badger, Harvard instructor in clinical medicine, at the regular Sunday afternoon lecture at the Harvard medical school.

"Colds are the most common of all the infectious diseases, and are considered by every one as an annoyance, but by very few as a serious disease," said Dr. Badger. "It is a serious disease, however, because it is caused by a micro-organism that may go either up into the head or down into the bronchial tube, often causing incapacity for work in the adult, which makes for economic loss, and in infancy resulting in many cases fatally."

"That it is one of the most prevalent diseases may be shown by the results of a canvass made by the Boston chamber of commerce, which sent out 15,000 cards asking for replies regarding colds. Out of 4000 answers received more than one-half stated that they had had several colds in the preceding six months, while 63 per cent of 3500 others acknowledged that they had been af-

ected at least once. The canvass showed further that the more common kind of a cold was the head cold; that it was most frequent among persons between 30 and 40 years of age, and it occurred oftener in the month of March.

"One can spread a cold among one's friends simply by shaking hands, for on coughing, sneezing or blowing one's nose the spray from the nostrils is spread to the hands and the handkerchief is, of course, saturated with bacteria," the doctor said. Handkerchiefs of people with colds should be thoroughly boiled. A person with a cold should never talk directly into another's face, because that is a prolific way of spreading it. It seems to be practically impossible to protect others in the home, the school or the store, for though the best means of preventing the contagion is for the individual to isolate himself, yet he will not do it.—Boston Transcript.

House cleaning time suggests the better and brighter things—these days when you hunt for everything, everywhere, every time!

Home trade is to a community a good deal like "making it at home" is compared to buying it canned from Halifax.

The Stenographer's Share

THE "lion's share" of the cost of your typewritten letters goes into your stenographer's pay envelope.

One stenographer at \$15 a week (or \$780 per year) costs 4% on \$19,500.

In other words, you are investing approximately 4% on \$20,000 in the bank — to pay ONE STENOGRAPHER'S SALARY.

GLENDALE CHURCHES (Continued from Page 1)

ment, which lie at the foundation of church discipline and the prosperity of the nation. One undisciplined child has frequently marred the peace and harmony of a church, and incited a nation to murmuring and rebellion.

"You may never be called to do a work which will bring you before the public. But all the work we do that is necessary to be done, be it washing dishes, setting tables, waiting upon the sick, cooking or washing, is of moral importance, and until you can cheerfully and naptly take up these duties, you are not fitted for greater and higher duties. The humble tasks before us are to be taken up by some one, and those who do them should feel that they are doing a necessary and honorable work, and that in their mission, humble though it may be, they are doing the work of God just as surely as was Gabriel when sent to the prophets. All are working in their order in their respective spheres. Woman in her home, doing the simple duties of life that must be done, and should exhibit faithfulness, obedience and love, as sincere as angels in their sphere.

"There are many in our world who are starving for the love and sympathy which should be given them. Many men love their wives, but are too selfish to manifest it. They have a false dignity and pride, and will not show their love by words and deeds. There are many men who never know how starved is the heart of the wife for words of tender appreciation and affection. They bury their loved ones from their sight, and murmur at the providence of God that has deprived them of their companions, when, could they look into the inner life of those companions they would see that their own course was the cause of their premature death. The religion of Christ will lead us to be kind and courteous and not so tenacious of our opinions. We should die to self, and esteem others better than ourselves.

"In the early education of children, many parents and teachers fail to understand that the greatest attention needs to be given to the physical constitution that a healthy condition of body and brain may be secured. It has been the custom to encourage children to attend school when they were mere babies, needing a mother's care.

"Parents should be the only teachers of their children until they have reached eight or ten years of age. As fast as their minds can comprehend it, the parents should open before them God's great book of nature. The mother should have less love for the artificial in her house, and in the preparation of her dress for display, and should find time to cultivate, in herself and her children, a love for the beautiful buds and opening flowers. By calling the attention of her children to their different colors and variety of forms, she can make them acquainted with God, who made all the beautiful things which attract and delight them. She can lead their minds up to their Creator and awaken in their young hearts a love for their heavenly father, who has manifested so great love for them. The only school room for children from eight to ten years of age should be in the open air, amid the opening flowers and nature's beautiful scenery. And their only text book should be the treasures of nature. These lessons, imprinted upon the minds of young children amid the pleasant, attractive scenes of nature, will not be soon forgotten.

"In many cases parents who are wealthy do not feel the importance of giving their children an education in the practical duties of life as well as in the sciences. This is due their children that, should misfortune come, they could stand forth in noble independence, knowing how to use their hands. If they have a capital of strength they cannot be poor, even if they have not a dollar."

PRESBYTERIAN CHURCH

The entire program of the Presbyterian church yesterday morning was devoted to the administration of the rites of baptism, the reception of new members and the communion service. The choir rendered the particularly appropriate anthem, "Broken for You," and Miss Irwin sang in an effective manner, "Lead Me to Thee." A large addition was made to the membership of applicants presenting letters from other churches, and another large class composed of those making for the first time a public expression of faith, was given the right hand of fellowship by the minister and congregation. In administering the solemn communion service the minister, Rev. W. E. Edmonds, was assisted by Rev. Field. The invitation to partake of the communion was extremely liberal and inclusive and was accepted by probably the largest number of communicants that ever met together in the church on a similar occasion.

FIRST ENGLISH EVANGELICAL LUTHERAN CHURCH

This church is continuing to hold its services in the I. O. O. F. hall, Third and Isabel street. The splendid interest taken in this young congregation and the liberal and cordial response given by the members and many friends all augur most excellently for good. The members, friends and pastor, R. W. Mottern, are much encouraged. They are anxious to have the knowledge of the presence of the Lutheran church

known in the community as widely as possible. All who are Lutherans, who have had Lutheran training, who desire their mother church, no matter what nationality nor language, and whose ever may desire to worship with us, whether of church or no church, now are most heartily welcome. Bible school 10 o'clock a. m. Preaching services, 11 o'clock a. m. You will receive a very warm welcome by pastor and people. We want you. Bring your friends.

SUPPORTING THE CHURCH

Mr. Cunningham, choir leader of the local Baptist church, is succeeding remarkably in his important service of song, a more popular leader would be hard to find. Just to look at this musical genius makes one feel like singing and where he leads everybody sings and enjoys the healthful exercise. It is a splendid opportunity for the young people to learn chorus work. Spend a few months under Mr. Cunningham—all that is needed is a fairly good voice and ability to keep up with the new music. Choir practice is held every Saturday evening at 7:30.

Pastor Troy's annual sermon on supporting the church financially without recourse to oyster suppers, bazars, etc., caused quite a stir. The splendid record of the past six quarters, covering the present pastorate, is proof enough that the present spiritual method of freewill offerings works to entire satisfaction and it is not likely that tickets will be sold by the First Baptist church for keeping up the treasury of the Lord. A church which makes an oyster the basis of its financial system will soon be in "the soup." Giving to God is an act of worship. More than the money is the spirit of giving and the motive back of the giving. God looks first upon the heart and then upon the gift.

Over forty took part in the open air service, corner of Brand and Broadway. New life has been imparted to the B.Y.P.U. by the spirit of the open air service. All records have been broken in the past two services.

The evening message was followed by a beautiful baptismal service. Among other things, Pastor Troy showed that we reveal our love for Christ by our obedience. Many of the commands of Christ have been made of no effect by the traditions of men formulated in human creeds. But there are those who insist on doing just what Christ has commanded, that, and neither more nor less. The command to be immersed comes from Christ through the Holy Apostles. All who joined the early church were obedient to the gospel in baptism. The reception of the Holy Spirit either in a miraculous fullness or as the simple gift always followed baptism in water with the one and only exception of the household of Cornelius in which case the Spirit was given, as Peter explains in the 11th and 15th chapters of Acts, as a witness that the Gentiles were accepted into the communion of the New Testament church. And even though the Spirit was thus given, baptism was nevertheless commanded.

There is a spirit of toleration which does not signify loyalty to Christ. "If ye love me ye will keep my commandments." Many think to keep Christ's commandments by modifying them. "Into the water" is changed to "with water." Burial in baptism is changed to sprinkling in baptism. The only scriptural baptism is changed into a number of modes so that people can get just what they want, a sort of department store church, anything from a needle to an automobile, baptism in any and all forms, only come join us! Is it not suggestive that many churches without baptisteries are contemplating putting in an old-fashioned Baptist pool and is it not also a significant fact that people who have been scripturally immersed seldom if ever apply to be baptized by sprinkling, while thousands who have been sprinkled are daily seeking to be scripturally immersed? Surely the light is breaking everywhere and the correct forms of the New Testament are coming to their own.

A big prayer service is announced for Wednesday evening. All who were present last Wednesday have promised to be on hand and to invite another to accompany them.

CHRISTIAN CHURCH

The address by Prof. B. C. Hagerman of Lexington, Kentucky, was a great spiritual uplift to the audience at the Christian church last night. John 3:16 was his text and God's love for man was his theme. He said if we could be made to understand the cost of the giving we would better understand the depth of the loving.

CONGREGATIONAL CHURCH

The people of this church were especially privileged yesterday. In the morning Dr. J. K. Browne, for forty years a missionary to the land of Eden, gave a most instructive and interesting address. The speaker told now the work is carried on and related the great success that has been attained. Many of those who heard Dr. Browne said it was the greatest missionary sermon they had ever heard.

At the evening service Rev. J. Horace Malloys of Los Angeles preached a strong and helpful sermon on the "Providences of God." The speaker showed how that out of apparent trouble and failure permanent and ultimate good and blessing

came. The choir rendered some of the splendid Easter music.

On Wednesday evening Miss Patterson will give an illustrated lecture on "China New and Old." The address will be illustrated with many beautiful pictures. The lecture is free and the public is cordially invited.

SERIOUS ACCIDENT

There was a serious accident at First and Central Sunday afternoon when A. Berger who resides at 506 West Tenth street, Tropic, and who runs a Ford jitney from a stand at the P. E. station, collided with a horse and surrey belonging to S. S. Ganst, who resides on West Broadway outside the city limits. The surrey was coming toward Glendale and met the bus near First street, the collision taking place in some unaccountable way. In the bus were C. O. Hammon of Glendale, Miss Helen Schumaker, Miss Helen Bouse, H. M. Gates and F. J. Cohn, all of Los Angeles. The two ladies and the driver were badly bruised and shaken up. In the carriage were Mrs. S. S. Ganst, Nina Ganst, Samuel Ganst, Mrs. Allen and baby, Mrs. Sprague and A. Hutchinson. Mrs. Sprague was seriously injured, the full extent of her injuries not yet being determined. The others in the carriage were badly shaken up and bruised. Dr. Thompson of Burbank was called and attended to the injured.

The front wheels and the axle of the Ford were badly bent and damaged while the left front wheel, shaft and dashboard of the carriage were smashed.

DOINGS AT SACRAMENTO

SACRAMENTO, Cal., April 12.—The committee on appropriations reported at last week's session of the legislature that it would probably finish its labor by the latter part of the month so that the session might figure on adjournment somewhere between the 23rd of April and the 1st of May. In general, the report of the committee on appropriations is one of the last received during the session and it is customary to adjourn soon after its adoption. There are many, however, who are of the opinion that the present session will run along until the middle of May. The senate is up with its reading file but the assembly is over 300 bills behind.

Many of the more important measures considered at last week's session were the following: Senate bill 1203, by Senator Owens of Contra Costa, prohibiting any person or persons from restraining any one from learning a skilled or useful trade. This was stubbornly contested by the labor lobby, but was passed by the senate by a vote of 21 to 16. A motion to reconsider was made and on the next day the senate refused to reconsider the vote by which the bill was enacted. It now goes to the assembly. The labor lobby has now centered its forces on the assembly, claiming that the measure threatens "open shop" conditions in California. The proponents of the bill claim that it is in the interest of the American youth and that he should have every opportunity to learn a trade if he so desires. At the present time union labor rules limit the number of apprentices to a minimum.

Assemblyman Meek's bill providing for convict labor on highways in the mountain counties where there are no funds for the construction of such roads has passed both houses, the vote in the senate being 24 for and one against. This bill was also opposed by organized labor.

In the assembly the non-partisan issue was revived when that body took up Speaker Young's bills providing for adoption of a non-partisan ballot, changes in the registration and other technicalities. One bill—1456—provides the form of ballot and that names be placed on the ballot without any party designation.

Assembly bill 1457 permits voters to express their preference for presidential nominees in voting for electors. This was opposed on the ground that it eliminates the present
