COUNCIL OF FOUR AWAITING DEVELOPMENTS

BASIS FOR SETTLEMENT OF ITALIAN QUESTION MAY BE FOUND TO-DAY

Problem Seems Nearer Solution Than It Has Been Yet; Italians More Willing to Make Concessions; Italians Fully Sharing in Negotiations

Paris, May 13.—The Italian problem seemed nearer solution when conferences began to-day among the Allied representatives here and it was thought probable that a basis of understanding would be reached to-day.

The discussions of the day began when Premier Orlando called this forenoon upon Colonel E. M. House, of the American delegation. This afternoon President Wilson will receive Thomas Nelson Page, American Ambassador to Italy, in connection with the Italian question.

Paris, May 13.—The Italian representatives have resumed complete participation in the pending peace negotiations by appointing a member of the Italian committee controlling all communications with the German delegation.

ARMY TO BE HOME BY END OF JULY

With Exception of Few Retained in Europe, Says Sir Edward Kemp

Ottawa, May 13.—Speaking to a number of press correspondents, Sir Edward Kemp, Overseas Minister of Militia, stated that the whole of the Canadian Expeditionary Force, with the exception of those men who could not be moved, probably would be in Canada by the end of July.

Horace Sold. Sir Edward drew attention to the fact that Canada had been able to dispose of her 24,000 horses which were in France at the signing of the armistice, to the Belgian Government at \$200 apiece.

The work of collecting the Canadian dead into suitable cemeteries, he said, was proceeding as well as could be expected.

JEWS OF THE STATES ARE HOPE OF RACE

War Dealt European Jewry Terrible Blow, Says Dr. Davis, Chicago

New York, May 13.—The war has dealt world Jewry a blow from which it will not recover for generations, and only the rising of the American Jews "in all their strength and nobility" can prevent annihilation of Jewry in Europe.

World Jewry is at the greatest crisis in its history, Dr. Davis declared. "Five years of terrible war have decimated the Jewish populations throughout Eastern Europe, and the ebb and flow of fighting in Poland, Austria, Czechoslovakia and Russia has virtually wiped out the younger generation of men."

SPOKE OF CHANGE OF GOVERNMENT

Possibility of German Overturn Caused by Treaty Mentioned by Scheidemann

London, May 13.—The possibility of a change of government in Germany as a result of the presentation of the Allies' peace terms was discussed by Philipp Scheidemann, the German Chancellor, at Berlin yesterday, according to a dispatch to the Exchange Telegraph.

"We thought that we Social Democrats were strong enough to prevent a peace by violence, but doubted whether the masses in the enemy countries could support us, because they are less strongly organized than we."

Change of Government. "It is possible a Government might be formed in Germany which would sign the peace terms, but it is doubtful whether the Allies would be satisfied with such a Government."

Calgary Strike. Calgary, May 13.—The Calgary Trades and Labor Council will support the metal workers in their demands. It has appointed a committee to endeavor to reach an agreement with the employers.

GUILTY AUSTRIANS ARE TO BE TRIED FOR CRIMES BY AN INTERNATIONAL COURT

Paris, May 13.—(Associated Press).—In the peace treaty with Austria, now well toward completion, a responsibility clause has been inserted identical with that in the German treaty, with the exception that the first clause, providing for the trial of former Kaiser Wilhelm, is omitted.

The frontier demarcation of the new Austria presents the one serious issue in the drawing of the treaty somewhat similar to that of the Saar Valley in the German treaty. This is as regards the lower Tyrol, a section of which is detached from Austria and placed within the boundaries of Italy.

Great Stores of Tobacco Consumed By Fire at Cadiz

Cadiz, Spain, May 13.—(Havas).—Warehouses with 2,000,000 kilograms of tobacco were destroyed by fire here yesterday.

WEATHER STILL IS DELAYING AIRMEN

"Hop Off" at Newfoundland Impossible To-day; Atlantic Reports Unfavorable

St. John's, Nfld., May 13.—Weather reports received at noon to-day indicated that no attempt by the aviators here to fly across the Atlantic will be made for a day or two.

Machine Delayed. Chatham, Mass., May 13.—Weather conditions this morning were still unfavorable for flying and officers at the naval air station here said there was no likelihood that the aeroplane N. C. 4 would resume its trans-Atlantic flight to-day.

MARKETS FOR AMERICANS. Washington, May 13.—Information intended to assist American industries in developing new foreign markets and regaining old ones temporarily lost during the war is being gathered abroad by a staff of more than ninety experts of the Department of Commerce.

Continues to Cling to Idea of Union. Brockdorff-Rantzau Still Talking of Fusion of Austria and Germany

Berlin, May 13.—Via London, May 13.—The Neue Freie Presse of Vienna declared that Count Brockdorff-Rantzau, head of the German peace mission at Versailles, has informed one of its correspondents that he is making every effort to secure the union of German-Austria with Germany.

Would Send Delegates. Paris, May 13.—It developed yesterday afternoon that Count von Brockdorff-Rantzau, head of the German peace delegation, intended to ask permission to send German delegates to receive the Austrian representatives, according to the Havas Agency.

Adopt Sacrilegious Course to Turn Masses in Russia Aside

London, May 13.—(Associated Press).—The Russian Bolsheviks are seeking to destroy religion by bringing it into contempt. According to a message from the Reuter correspondent at Ekaterinodar, Bolsheviks conducted in a church there will all ceremonial to a mock marriage between an aged priest and a mare.

Bottomley Says Treaty Not Right. Wishes British Parliament to Demand Germany Pay All Britain's Cost

London, May 13.—(Reuter's).—In the House of Commons, Horatio Bottomley has given notice of a motion declaring that the peace treaty does not fulfill the pledges of the British Ministers in regard to indemnities, and in view of the fact that the main financial burden of the war has fallen on Great Britain, no treaty is acceptable which does not provide for rendering to the enemy a bill for the entire cost of the war and arranging for the recovery of such costs regardless of the period over which it may be free to extend the payment.

Cash Payments. Replying to a question by Mr. Bottomley as to cash payments as detailed in the peace treaty, Mr. Bonar Law pointed out that bonds of £5,000,000,000 were deliverable on account of the total obligations, but further issues of bonds might be required as security.

ABOUT TO RETURN TO THE DOMINION; SIR ROBERT BORDEN

Paris, May 13.—Sir Robert Borden will return to Canada, according to Reuters, because the political situation there is such to require his presence.

BOTTOMLEY SAYS TREATY NOT RIGHT

Wishes British Parliament to Demand Germany Pay All Britain's Cost

London, May 13.—(Reuter's).—In the House of Commons, Horatio Bottomley has given notice of a motion declaring that the peace treaty does not fulfill the pledges of the British Ministers in regard to indemnities, and in view of the fact that the main financial burden of the war has fallen on Great Britain, no treaty is acceptable which does not provide for rendering to the enemy a bill for the entire cost of the war and arranging for the recovery of such costs regardless of the period over which it may be free to extend the payment.

Cash Payments. Replying to a question by Mr. Bottomley as to cash payments as detailed in the peace treaty, Mr. Bonar Law pointed out that bonds of £5,000,000,000 were deliverable on account of the total obligations, but further issues of bonds might be required as security.

Debate. London, May 13.—In reply to questions in the House of Commons, Rt. Hon. Bonar Law stated that he was not now able to announce when the debate on the peace terms would occur. This depended on circumstances which could not be foreseen at the present time.

Celebrations. Replying to questions regarding the peace celebrations, Mr. Bonar Law said that the Government would shortly announce its proposals and the date. The Government would consider a suggestion to invite Marshal Foch and representative detachments of the French army to visit Great Britain in connection with the celebrations.

BOLSHEVIKI TRY TO KILL RELIGION

Adopt Sacrilegious Course to Turn Masses in Russia Aside

London, May 13.—(Associated Press).—The Russian Bolsheviks are seeking to destroy religion by bringing it into contempt. No Session This Forenoon; Scheidemann Tells German Assembly His Government Considers Terms Stated by Allies Not Acceptable

Paris, May 13.—The Council of Four held no meeting this forenoon. No further communications had been received from the German representatives at Versailles and the experts to whom the last notes from Count von Brockdorff-Rantzau had been referred had not yet reported.

Paris, May 13.—(Havas).—Germany is willing to make integral reparations, but the conditions in the peace treaty take from her all means of doing so, Chancellor Scheidemann told the German National Assembly yesterday, according to the version of his speech received here from Berlin.

The German Government, he added, considered the peace conditions of the Allied and Associated Powers not acceptable. He criticized the actions of President Wilson and said that his attitude had deceived the German people.

Turning Point. Berlin, May 12.—Via London, May 13.—(Associated Press).—Philipp Scheidemann, Chancellor, in a speech before the German Reichstag yesterday, said that the occasion was the turning point in the life of the German people, as the Assembly was to decide the attitude "toward what our adversaries call peace conditions."

Oil Schemes Were Rejected by Ottawa

Shell Company of London Sought to Operate in Alberta

Ottawa, May 13.—The correspondence which passed between the "Shell" Transport Company, of London, and the Government of Canada in respect to an application made by the former for large oil concessions in Alberta was terminated at Ottawa, to Hon. W. J. Roche, then Minister of the Interior, asked exclusive oil and natural gas rights for the period of the war and five years thereafter, and in addition to other concessions required free right-of-way, freedom from customs duties, and a number of other special considerations.

Position Stated. The position of the Government as to that time was stated in a letter which Mr. Meighen wrote Sir Reginald Macleod in London. That letter in part stated:

"The Department would not be disposed to make special concessions in (Concluded on page 4.)"

HAMILTON PAPER SAYS ONTARIO MAY HAVE COALITION CABINET

Toronto, May 13.—As Sir William Hearst, Premier of Ontario, is absent in the south for his health and Mr. Proudford, Liberal Leader, is at Goderich, nothing official could be learned in Toronto last night regarding the Hamilton Herald's story of a proposed Coalition Government for Ontario.

The Herald speaks of Sir John Gibson, former Lieutenant-Governor of Ontario, as a possible member of the coalition.

IMPERIAL GUARDS REGIMENT URGED BY LONDON TIMES

London, May 13. (Reuter's)—The Times in a leading editorial says: "It is unthinkable that no single army unit should be left wherein the spirit of the mighty Imperial army which displayed to an astounded world the real power of the British Empire may survive. There must be some Imperial unit of the army if only to keep alive tradition."
Therefore, it suggests the establishment of a regiment of Imperial Guards with its home in Britain, but com-

manded, officered and manned by men of the Dominions. The regiment might comprise two battalions of Canadians, South Africans and the balance of the Empire. The Times says this is only a tentative suggestion, as it leaves India out of it. It is plainly open to criticism and revision, but could easily be modified if needed.

KEMP'S REPORT ON OVERSEAS FORCES

Volume Tabled in Commons Gives Figures Regarding Canada's Army

Ottawa, May 12.—The report on the overseas military forces of Canada tabled in the Commons yesterday afternoon by Sir Edward Kemp, Overseas Minister of Militia, is fairly comprehensive of the activities of the Canadian forces during the war period, with definite data as to the strength of the personnel of the various organizations at the time of the signing of the armistice. A large proportion of the volume is devoted to a description of the various military operations in which the Canadian forces were engaged during the four years of conflict, with accompanying maps and explanatory notes.

Dealing with the Canadians in the Royal Air Force, the report says it will no doubt be a matter of surprise to hear that more than 8,000 Canadians held commissions in the air forces. The Flying Corps service appeals strongly to the individual character of the Canadian, and in that respect he was an outstanding success. An interesting table is given showing the comparative strength of the Imperial and Canadian railway construction forces on the Western front at the close of the various years of the war. While on December 31, 1914, Imperial railway construction troops numbered 1,476, the situation had so changed by armistice day that Canadian construction troops numbering 14,478 were in the field, while Imperial troops of the same class numbered only 7,340.

In addition there were four Canadian railway operating companies with a strength of 1,587 on November 11, 1918, and 2,164 Canadian railway troops in England. During their careers at the front, the personnel of the corps of Canadian troops won 487 honors and decorations.

Forestry Corps.
The report also shows that on armistice day the total strength of the Canadian Forestry Corps was 31,447, including thirteen companies of prisoners of war numbering 5,021. At the time the armistice was signed over seventy per cent. of the total timber used by Allied armies on the Western front was supplied by the Canadian Forestry Corps.

The number of Canadian officers attached or seconded to the Imperial troops on other forces outside the military forces of Canada was 1,381 at the date of the armistice. Of these 824 were seconded or attached to the Royal Air Force.

On November 11, 1918, there were 234 officers seconded to the War Office for military duty.

Awards.
"It is gratifying to record," says the report, "that since the overseas military forces of Canada first went into action, they have been awarded upwards of 17,000 medals, honors and awards, including fifty-three Victoria Crosses, 1,185 Military Crosses, nine Distinguished Flying Crosses, 1,204 Distinguished Conduct Medals and 6,610 Military Medals.
"The discipline of the overseas mili-

tary forces of Canada in the year 1918 was distinctly satisfactory and this was largely due to the efficient administration and discipline by commanding officers and to the esprit de corps which had been nourished and developed among all ranks of the Canadian forces."

DOMINION SOLDIER SETTLEMENT MEASURE

Bill Introduced by Meighen Yesterday Extends Scope of 1917 Legislation

Ottawa, May 13.—The Soldier Settlement Bill introduced by Hon. Arthur Meighen in the House of Commons yesterday afternoon extends the scope of the legislation passed in 1917, by which Dominion lands within thirteen miles of railways were made available for soldier settlement, and it provides for the purchase of privately owned lands in any Province for resale to eligible soldier settlers. It also enables the Soldier Settlement Board compulsorily to purchase lands which appear to be retarding agricultural development.

Those eligible to take part in the benefits of the Act are members of the Canadian, Imperial, Dominion or colonial forces who served with an honorable record in an actual theatre of war, or outside the country of enlistment, or members of the C. E. F. who were in receipt of pensions for injuries occasioned by such service. The privileges also are extended to widows of such persons, and the purchase of privately owned lands in any Province. The Soldier Settlement Board may loan up to \$4,500, repayment in twenty-five annual instalments, with interest at the rate of five per cent. amortized. For the purchase of livestock, implements, etc., the Board may loan up to \$3,000, repayable in four equal annual instalments, beginning the third year, with interest at the rate of five per cent, but no interest will be charged for the first two years. A further sum of \$1,000 may be loaned for permanent improvements, repayable in twenty-five years, at five per cent.

Training.
The bill also provides for agricultural training for those eligible soldiers who are not ready to go immediately on the land, and for the payment of allowances for subsistence for the settler and his dependents during the period of training. This training may be at a training centre, specially equipped, or with specially selected farmers. Instructors and assistant settlers who participate in the benefits of the Act.

With regard to compulsory purchase of lands, the bill provides that settlement areas shall be established only in districts wherein by reason of lands remaining undeveloped agricultural production is retarded. The Board will be the sole judge of this. A settlement area shall be deemed to be established when the Soldier Settlement Board has gazetted such estates.

Within thirty days thereafter each owner of a block of land within such settlement area shall file with the Board a return naming the price at which he is willing to sell, and such other information as may be required. Provision is made in case of resistance for forcible possession.

With Provinces.
The Board also may arrange with the Government of any Province for acquiring or utilizing any Crown or other provincial lands in such Province, and settlement upon such lands will be, as nearly as possible, upon the same terms and conditions as those which are provided for with respect to settlers to whom the land is sold. Lands acquired by it. The Board may acquire from the Crown Indian lands which under the Indian Act may be valued released or surrendered. The soldier grant will not be made to any settler who has secured land from the Board by purchase or has secured an advance of money for clearing off an encumbrance on land, or the improvement of any land, or is the owner in whole or in part of agricultural land of the value of \$5,000. Conversely, the Board may sell lands to any settler who has obtained a soldier grant, or has secured advances of money for the clearing off of encumbrances on land, or is the owner of agricultural lands which are considered an average farm.

OMSK GOVERNMENT AND THE ALLIES

Tokio, May 12.—It is learned that negotiations are actively proceeding which will probably lead to the recognition of the Kolchak Government at Omsk.

A Washington dispatch on May 8 stated that because of the urgent need of \$20,000,000 for immediate use of the Siberian Railway, the Omsk Government might be accorded recognition sooner than had been planned by the Allied and Associated Governments. Other dispatches have pointed out that the recognition of the Omsk Government might go far toward causing the collapse of the Bolshevik regime in Russia.

GERMAN SHIPS IN HANDS OF BRITISH

London, May 13.—(Reuter's)—In the House of Commons at question time yesterday Leslie Wilson stated that 22 German passenger steamships of 168,889 tons, and 89 cargo ships, of 663,211 tons, had been handed over to Great Britain.

Rt. Hon. F. H. McNamara, Secretary of the Admiralty, stated that at the time of the signing of the armistice, 15 German liners of 249,754 tons, and 649 cargo ships, of 2,251,439 tons, were interned abroad. Besides these, 230 German vessels of 1,000,000 tons of 31,231 had been operated by the Allies. The figures included ships operated by the Allies.

SPARTACANS LOST CITY OF LEIPSIC

Copenhagen, May 12.—Via London, May 13.—The occupation of Leipzig on Sunday by forces of Gustav Noske, Minister of Defence, was a complete surprise, says a dispatch from Berlin to The National Tidende. The Spartacans made only slight resistance. A state of siege was immediately declared and steps were taken to restore the authority of the Government.

BIG OFFICIAL OF INSURANCE COS. GIVES OUT FACTS

Was Left Almost Helpless By Flu—Tanlac Puts Him in First-Class Condition

When so many well-known people of unquestioned integrity make statement after statement, and each and every one of them testifying to the same thing, and each and every statement corroborating to the other, the truth of such statements can no longer be doubted.

One of the largest to testify regarding Tanlac, the medicine that is accomplishing such remarkable results is R. Maynard, residing at 821 Second Avenue, Calgary. Mr. Maynard is superintendent of the British Crown Haul Underwriters, and Eagle Star British Dominion Insurance Companies, for Alberta, and when men of this type testify it cannot be doubted that Tanlac is all that is claimed for it. In a recent interview at his office, 315 Bolderidge Building, Mr. Maynard said:

"As far as relieving physical ailments is concerned, such as I had been suffering with for several months, Tanlac, in my judgment, is the finest medicine to be had. Last October I was taken down with an attack of influenza, followed by double pneumonia, and was left in an almost helpless condition. My stomach was so weak I could hardly retain anything I would eat, and my nerves just seemed to be completely shattered. My appetite was gone entirely, and gas would form from what little I did eat, causing intense suffering from indigestion. I not only suffered after meals, but it was continuous twenty-four hours a day, and I could get no rest on account of it. I was kept away from my office for over two months, and while I tried various medicines, I got no results.

I realized that something must be done, if possible, to set me right. I decided on Tanlac because of the high endorsements, and in one week's time I saw a wonderful improvement in my appetite and general condition, and ten bottles have brought me up to my normal condition. I eat three hearty meals a day with no sign of indigestion afterwards, and my sleep at night is always sound and refreshing. As a matter of fact, I weigh about forty pounds more than I did before taking Tanlac, and a thorough examination a short time ago showed me to be in first class physical condition. I think any one who has had my experience can reasonably endorse Tanlac, and should be glad to do so for the benefit of others."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas.—Adv.

NURSE OF VICTORIAN ORDER AT DUNCAN

Duncan, May 13.—The Woman's Institute here has been instrumental in forming a general committee for the purpose of making arrangements for a Victorian Order nurses and the district is being canvassed for funds. The canvassers are meeting with very encouraging success.

Continued Drive.
The Y. M. C. A. drove to raise \$500 last week did not come up to expectations at present. One sportsman being contributed. This was due in part to the fact that collections were being taken up for various other causes. The collections for the Red Triangles will continue for a few days longer.

FLOWER SHOW IN JUNE IN DUNCAN TO AID HOSPITAL

Duncan, May 15.—The Cowichan King's Daughters' Flower Show Committee has decided to hold a rose show on June 25, in conjunction with Alexandra Rose Day for the Duncan Hospital. This event will take the place of the usual summer flower show.

Fishing in the Cowichan River is good at present. One sportsman brought in eleven speckled beauties as the result of two hours' fishing, the smallest of them being close to a pound in weight.
A few grilse and an occasional spring salmon are being taken at Cowichan and Maple Bays.

CIVIL SERVICE ACT BEING PREPARED

Will Be Introduced at Ottawa in Two Weeks, Says Maclean

Ottawa, May 12.—A definite assurance by Hon. A. K. Maclean that a bill to amend the Civil Service Act will be introduced and put through at this session was a feature of the afternoon sitting of the Commons yesterday.

Mr. Maclean emphasized the enormous labor involved in the reclassifying of 50,000 employees. The legislation and schedules, the Minister said, would make 600 or 700 printed pages. The printing would be completed in a fortnight, when the bill would be introduced.

Mounted Police.
During consideration of the estimates for the Royal Northwest Mounted Police Western members pressed for a considerable increase in the personnel of the force, and expressed the fear that there may be developments which will call for a larger body of these mounted men than now exists.

Forest Act.
Second reading was given to the bill to amend the Dominion Forests and Parks Act, and the House went into committee on it. The bill was reported.

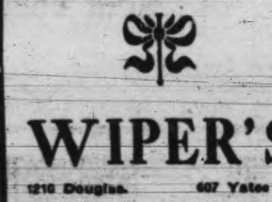

Hon. F. B. Carvell, when public works estimates were under consideration, expressed his dissatisfaction with the progress being made on the new Parliament Buildings. He said that the cost would exceed the estimate of \$5,000,000 by \$3,000,000.

Army Figures.
In answer to a question by W. D. Euler, Waterloo, the Minister of Militia stated that 47,509 drafted men actually had gone overseas. The number of men who volunteered for service after the Military Service Act was passed, other than Class 1 men who came under the provisions of the Act, was 79,007.

The House went into committee on a resolution to amend the Judges Act to provide for the salary of an additional judge of the county courts of British Columbia at \$3,000 per annum.

58th Battery, C.F.A., Made Up of Boys of Old 62nd Battery, On Its Way Home

BELONGED TO RENOWNED "POLITICAL DIVISION"

Information has just been received from France to the effect that the 58th Battery, Canadian Field Artillery, will come to Victoria for demobilization. Owing to the fact that no artillery unit from this city was represented in the Great War it was believed that the citizens would not have a chance to welcome any of the boys who stood by the guns and played such an important part in the crumpling up of the Hun's defences, which were considered impregnable.

The 58th Battery was organized in Fredericton N.B., by Major Fisher in the early part of 1916 and went to Petawawa Camp, Ont., in May to spend three months in training in open warfare. At that time it was sent to the 14th Brigade, 4th Division. On September 11, with the remainder of the division, including the 62nd Battery and 15th Brigade Ammunition Column from Victoria, it embarked on the troopship Metagama and reached Liverpool on September 22.

From Liverpool the battery proceeded to Witley Camp, Surrey, and was equipped as a 4.5 howitzer battery. The division was expected to proceed to France before the end of the year and relieve the Lahore Division, which had been supporting the 4th Canadian Division, but orders came to organize the Fifth Division. Brigadier-General Doddie returned from France and assumed charge of the artillery under Major-General Garnett Hughes, G.O.C. The re-organization

In January, 1917, the division was sent to Salisbury Plains to fire its tests. On return re-organization of the artillery in both England and France was ordered, all batteries being increased in strength from four guns to six guns and making the personnel approximately 200 each. At that time in the re-organization the 62nd Battery was split up and half of it joined the 58th Battery. Major W. M. J. Martin, who commanded the 62nd Battery, took command of the 58th Battery. The other half of the local battery joined the 51st Battery from Ottawa.

In March the division received mobilization orders to proceed to France, but these were cancelled and for the summer the whole division was kept in England, capturing all the hills in Surrey. Owing to the enforced stay the division was dubbed the "Political Division." As conscription had not come into force General Currie did not want another division in France owing to the inability to fully reinforce the four divisions which were at that time in the field. On the other hand, General Hughes wished to keep his division intact. In the meantime men who had been wounded in France once were being rushed back, while 20,000 fresh troops were kept hanging about England without a chance of getting over.

Finally on August 21st, 1917, the 5th Division Artillery moved to France and relieved the Lahore Division in Lievin, opposite Lens, at the end of the month. In January of the following year the infantry and other branches of the 5th Division were split up in order to bring the units in France up to strength following the Passchendaele show.

The 5th Artillery Division, having no infantry, was used on various fronts supporting Imperial troops for a great deal of the time. In May and June of last year the Division was behind the Division, the famous Jock Territorials. The 5th Division was the first artillery to cross the Rhine in support of the First Division infantry. This honor was conferred on them owing to the splendid work done in the final months of the war.

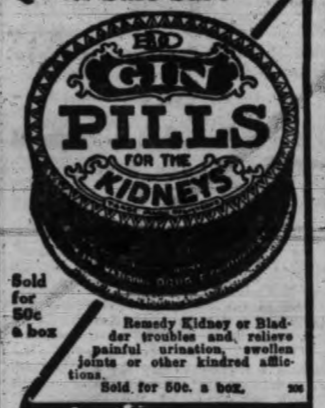

The Split-Up.
When the Canadians came out from Germany the 5th Division was split up into dispersal areas for demobilization and the 58th Battery was allotted to Victoria, due no doubt to the efforts of Lieut.-Col. A. T. Ogilvie, C. O., 14th Brigade. This will mean the re-establishment of the 62nd Battery, as the boys from the 51st and 68th Batteries will be together once again and the Victorians, who on the splitting up of the 15th Brigade Ammunition Column were drafted into various batteries in the division, will merge together in the 58th Battery.

According to the latest word the battery was due to cross over to England during the last days of April. It is expected to arrive here some time in June.

The battery includes a very large number of well-known Victoria boys and will more than likely return under command of Lieut.-Col. Ogilvie, who was D. O. C. Military District 11 prior to his departure overseas.

Published "O-Pip."
The 58th Battery had the distinction of being the only artillery unit in France to publish a trench paper. It was known as the "O-Pip," and de-

Quick-Safe-Sure

Developed an extensive circulation in England and Canada. The paper was started while the unit was in England and was maintained throughout its tour of duty in France. The last number was published while the battery was on the Rhine.

REFUSE TO LISTEN TO ANY AMENDMENT

Civil Service Local Branch Determined to Affiliate With Organized Labor

The Victoria Branch of the Provincial Civil Service Association refused last night to alter its decision to affiliate with organized labor, despite the argument of some of the members that it would be more constitutional to leave a matter of this importance to the vote of the entire provincial membership.

At the last meeting of the local branch it was decided to affiliate with labor and a good deal of discussion has taken place on the subject since. At last night's meeting amendments were offered by Mr. Stokes, Mr. Vallance and G. A. Duncan. Mr. Stokes took the stand that it would be inadvisable for the Victoria branch to shoulder the whole responsibility in regard to the question of affiliation with organized labor, such action having been taken independently of the main Provincial body, of which the Victoria branch is an integral part, and that inasmuch as the annual general meeting of the Provincial Association will be held in the latter part of July, at which the question is to be discussed, that any further question of affiliation be tabled until after that convention, and his resolution was to that effect.

Was Unconstitutional.
Messrs. Vallance and Duncan moved amendments that were virtually identical, and Mr. Duncan thereupon reported Mr. Vallance's motion. This was to the effect that "inasmuch as many members of the Association had no notice, official or otherwise, of any such motion regarding affiliation with the Trades and Labor Congress of Canada as was, at the last meeting adopted; and whereas others feel that in an important resolution of this kind full deliberation should have been allowed and the matter decided by ballot; and whereas it is in the best interests of this Association that such resolution, if adopted, should be entirely free from any suggestion of irregularity; Be it resolved that such resolution be again put before the Special General Meeting of the Association, and that its adoption be either confirmed or rejected by a ballot of the members present, pursuant to express notice given all members of the Association."

Proper notice was given of these amendments, all of which were turned down, that of Mr. Stokes being defeated by a vote of ninety-seven to sixty-seven.

The Returned Soldiers.
There was a distinct feeling against affiliation with labor on the part of the returned soldier membership of the association. On behalf of the returned soldiers, Major Clark said that they were not in favor of affiliating with labor at present. The attitude of labor while the men were away overseas fighting did not exactly meet with their approval. The returned soldiers were in favor of appealing to the Government on questions of salary, and asking the other returned soldier organizations to support them in their appeal.

Major Clark said it was true there were many points in common between labor and the returned men, and no doubt in time the ideals of the returned men would lift the ranks of labor to higher planes of usefulness than labor had sometimes established during the war.

The Vision Before Them.
"But at present, with those visions of bloodshed we have, with that grief we feel at the deaths of our comrades, I say it is a supreme test of our loyalty to this organization to expect us to take this step now. Under the protection of labor enemy aliens have been sheltered and slackers during the war have drawn large salaries and been established in positions which are being held by white men who have done their best and are still without employment. But when women or the weak or the elders are concerned they will find ready champions among the returned men." He said, as he asserted the returned men have the moral support of the public.

Mr. Bamford, who presided at the first meeting held by the civil servants, said that he was in favor of opening up the whole question of affiliation with labor, and after thorough discussion on the matter the taking of a ballot on the question.

Women Speak.
Miss Kenny, speaking for the women members, was strongly in favor of immediate affiliation and was heated in her remarks when referring to the address given before the Association, by Civil Service Commissioner MacInnes. Miss Peddie, another lady member, remarked: "We have lost precious time. I speak for the women. The men can speak for themselves. Our injustices are going on. We should put this affiliation plan through and then perhaps we can get decent treatment."

Would Benefit Labor.
E. S. Woodward, president of the Victoria Trades and Labor Council, addressed the meeting. He expressed the belief that the trades union movement

Could well benefit from the presence of a class whose training and status would improve conditions within that movement and give to trades union principles greater weight and influence. He thought that much objection to the affiliation plan among civil servants was due to their fear of strike methods being adopted. He showed that no union can be forced to strike or to join in a strike against the expressed will of a majority of the union.

An amendment to the constitution was made providing for an expression of views from men who are engaged on night work, such as janitor duties and work of a similar nature.

Delegates to the forthcoming Vancouver central convention were selected as follows: Messrs. French, Stokes, Major Clark, Miss Peddie and Manson. Alternates: Miss Russell and Messrs. Bridge, Edwardson, Bamford and Napier. Secretary Pilmer reported that at

the last meeting of the Provincial Executive the question of holidays was considered and that body approved of twenty-one full days. He had communicated this decision to Hon. Dr. MacLean, Provincial Secretary, but so far had received no answer. But, it was pointed out, the Minister has just returned from the East and doubtless had not had time to consider the matter.

OLEOMARGARINE SALE IN CANADA IS URGED

A petition urging the Dominion Parliament not to rescind a certain Order-in-Council, so that the sale and manufacture of oleomargarine in Canada may proceed, is being circulated by the Retail Merchants' Association of Canada.

"There can be no denying the fact," says the petition, "that oleomargarine takes the place of butter in an innumerable number of homes throughout the world; likewise the fact is undisputed that oleomargarine is equally as wholesome and healthful as butter.

The difference in price between the two articles has, during the past year, been from fifteen to twenty-five cents per pound in favor of oleomargarine.

"The privilege of buying and using oleomargarine should not be denied to those who desire it, or who cannot afford to purchase butter. If this Order-in-Council is repealed it will not be possible for the consumer to purchase oleomargarine in Canada.

"If you are desirous of having the sale of oleomargarine continued in Canada, we would suggest that you sign your name and address to this petition."

The City Council has already declared itself in favor of the sentiments of the petition. Among the stores

where copies may be signed are H. O. Kirkham & Co. and the People's Cash Grocery.

THE FIRST ROUND TRIP.

We congratulate the Vancouver branch of the Aerial League of Canada upon the completion, under its auspices, of the first round trip by air between the Mainland and Vancouver Island.

The performance of Captains Eckley and Dull opens up wide possibilities in the way of aerial communication between the Island and the Mainland, which we may be sure will be freely exploited.

PENSIONS

Nobody will suggest that a separate pension scale for each province of the Dominion is either necessary or practicable. Yet none can refute the assertion that the rate for the eastern provinces at present does not meet the needs of British Columbia.

Using the returned man's ability to earn a partial livelihood as a reason for limiting the pension is wrong in principle, and the practice actually imposes a penalty upon patriotism.

There are many other phases of this question that could be gone into, but it is to be hoped the

Pensions Committee at Ottawa has forgotten nothing at this important stage of the country's history. We see a good deal to commend in the argument for equalizing pensions, particularly in this country, the citizen army of which contained many cases in which incomes were totally reversed.

A little more humanizing into the administration of pensions in general and less of the policy of "get by" would mean a more contented returned citizenship as well as a practical demonstration of the country's gratitude.

ENLARGING ITS SCOPE.

Under legislation introduced in the House of Commons yesterday, the Soldier Settlement Board will contain powers which ought to increase its usefulness to a considerable extent.

Under the old legislation the Soldier Settlement Board was limited to Dominion lands within thirteen miles of a railway. It was quite evident from the start that this restriction would severely handicap the activities of the Board, and the Dominion Government was pressed to make such changes as would permit the Board, by arrangement with the Provincial Governments, to acquire lands anywhere, provided they were suitable for settlement.

This was recommended particularly by the Government of British Columbia, which expressed its readiness, and showed its good faith by introducing the necessary legislation two sessions ago, to transfer provincial lands to the Soldier Settlement Board for settlement purposes.

We note, too, that the Board may acquire from the Crown Indian Lands, which may be surrendered under the Indian Act. This is an important provision, which should release for settlement and production considerable areas of fertile land, of which no use is now being made.

DIRIGIBLES TO TRY IT.

Trans-Atlantic aerial navigation by aeroplane is purely a gamble, with the most careful consideration demanded for weather conditions.

Both the British and United States Governments have been constructing mammoth aircraft of this character in preparation for a flight across the ocean, and the British air attaché at New York now announces that R-33, one of the new British dirigibles, will make a trans-Atlantic trip within three weeks.

The trip of the dirigibles will be the real test of the practical possibilities of aerial communication between Europe and America, and it may be that one of them will be the first aircraft of any kind to fly from continent to continent.

WHY NOT IN CANADA, TOO?

Lieut.-General Sir Robert Baden-Powell, head of the Boy Scout movement, suggests that the Boy Scouts all over the world celebrate the signing of peace by a chain of bonfires and appropriate ceremonies.

BIG STEP TOWARD ACTION ON BRIDGE

Conference Cuts Down Size of Span; Soundings to Commence Next Week

What is regarded as a big step toward the construction of a new Johnson Street bridge was taken at a conference yesterday afternoon between representatives of the Canadian Pacific Railway and the city.

The only notable change which the conference decided upon was a decrease in the span of the bridge from 150 feet to 120 feet and a short decrease in the width of the structure.

The city was represented at the conference by the Mayor, and the majority of the Aldermen. M. R. Fairbairn, Chief Engineer, and P. B. Motley, Bridge Engineer, who recently arrived here, appeared for the interests of the C. P. R.

The whole bridge plan was examined in detail and various minor changes were suggested. It was the contention of the railway officials that the smaller the span required for the work of installing the bridge, the more likely would be the passage by the ratepayers of the necessary appropriation by-law.

A Johnson Street Approach. The city's plan, which was examined at the conference, provides for a curved vehicular approach to the way of Johnson Street. The road crosses the water to the south of the railway track and on the Indian Reserve turns northward.

A BEDTIME STORY

Uncle Wiggily and Bunty's Ball

Copyright, 1913, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

"Will you come for another nice walk in the woods, to-day, Uncle Wiggily?" asked the Baby Bunty, the little rabbit girl, as she danced around the hollow stump bungalow where she lived with Mr. Longears.

"Hum! Another nice walk in the woods; eh?" asked Uncle Wiggily, suspicious like and premeditated. "Are you going to wear a big hair ribbon bow, that comes untied all the while?" he asked.

"Oh, no!" laughed Baby Bunty. "I'll only wear a tiny bow to-day. I won't keep waking you up all the time to tie it for me."

"That's what Baby Bunty did in the story before this. If you kindly remember, but, after all, it was a good thing she did. On account of the fox, you know."

"Well, come along!" said Uncle Wiggily, after he had asked his markat lady housekeeper, Nurse Jane Fuzzy Wuzzy, what they were going to have for dinner.

"May I bring my rubber ball?" asked Baby Bunty, as she came out of the hollow stump bungalow with a very small pumpkin-colored hair ribbon around her ears.

"Oh, yes, bring your ball along," said Uncle Wiggily kindly. "But, please don't sprinkle any water from it on me while I'm asleep."

"I won't," promised Baby Bunty. And then, as Uncle Wiggily hopped along on his red, white and blue striped rheumatism crutch, and as Baby Bunty ran along beside him, the little rabbit girl said: "Oh dear! If he's going to sleep every time we come to the woods, I'll have no fun at all. But maybe I'll find a way to keep him awake," she said to herself, as she bounced her rubber ball.

On they went through the green woods, Baby Bunty running and fro as fast as an automobile, and Uncle Wiggily coming along more like a trolley car, but substantial-like, though unpoetical. The little rabbit girl poked pretty flowers now and then, while Mr. Longears chewed a bit of birch bark, or nibbled at sassafras and wintergreen, hoping it would cure his rheumatism.

"Now, here is a nice place for you to play, Baby Bunty," said Uncle Wiggily when they reached a green glade in the

forest. "And I'll just sit down on this soft, mossy log and think a bit."

"Yes, I know what that means!" whispered Baby Bunty to herself. "It means he'll go to sleep and won't play or anything with me, and I can't have any fun! Oh, dear!"

"She bounced her ball on a bare, sandy place, while Uncle Wiggily picked out the softest, green, mossy log he could find. He laid aside his rheumatism crutch, took off his tall silk hat, and, folding his paws over his red vest, closed his eyes. His pink nose stopped twinkling."

"All of a sudden her bouncing rubber ball gave a big jump, and before the little rabbit girl could get her paws on it the rubber ball bounded right over to Uncle Wiggily's bare head."

"Oh, I say! A-ker-choo! What's that?" he cried, waking up all at once and not partly, as he did sometimes.

"It is only my rubber ball!" said Bunty sweetly. "I'm so sorry it struck you! But, now that you are awake, don't you want to play tag with me?"

"Not now," said Uncle Wiggily. "I will later. I haven't had my nap out yet. Please be careful of your ball, Baby Bunty."

"I will," said the little rabbit girl with a smile.

"Uncle Wiggily closed his eyes again, and he was just slumbering nicely when, just as Baby Bunty gave her rubber ball an extra hard bounce, away it flew again, and this time it landed right on the rabbit gentleman's pink nose."

"My goodness me, sakes alive and some rice pudding without any raisins in!" he cried. "What's that?"

"Only my rubber ball," said Bunty sweetly. "I'm sorry it awakened you. Don't you want to—"

"I want to finish my nap!" said Uncle Wiggily. "Please go away far off and bounce your ball, Bunty."

Once more he went to sleep. Baby Bunty, with a funny look on her face, hopped off in the woods. Then, all of a sudden, through the trees came an arrow it flew, and it struck Uncle Wiggily right on his red vest.

"Oh, my goodness me, sakes alive and some peanut lollypops!" he cried. "Is that you ball again, Bunty?"

"Yes," said the little rabbit girl, "it

J. W. Weart, M.P.P. of Vancouver, was in the city yesterday.

Mr. and Mrs. F. Collins and daughter, of Toronto, are staying at the Empress Hotel.

Lieut.-Col. and Mrs. Charles Lennox, of Regina, have arrived in the city.

A party from Ingersoll in the city yesterday included Mr. and Mrs. J. A. Coulter, Misses Norris and Beatrice Coulter, Misses Boniface, Dundas and McCallum.

Miss Margaret Russell, a missionary educationalist, of Bombay, India, is home on furlough and is making a short stay in the city as the guest of Capt. Knight, of Oak Bay.

Mrs. A. de B. Harris and her sister, Miss Frances Kierstead, of Toronto, left on this afternoon's boat for Vancouver, where they will attend the closing ceremonies at the British Columbia University.

Miss Paula Irving returned to her home in this city yesterday after a stay in Vancouver, where she had been visiting Mrs. A. S. Mohr, Shaughnessy Heights.

Lady Diana Manners, daughter of the Duke and Duchess of Rutland, and perhaps the most famous English beauty of the present day, is in the city. She is the daughter of the Hon. Alfred Duff Cooper, D.S.C., of the Grenadier Guards, according to an announcement made in London recently.

Colonel Sir A. Montague Bradley, a well-known English solicitor, is at present staying at the Empress Hotel, having arrived in the city yesterday. Col. Bradley is a Dover man by birth and was educated at Dover College. He took his solicitor's examinations with honors and practiced law in Dover. Since 1892 he has been a member of the Borough Corporation, and he has served as president of the Dover Incorporated Chamber of Commerce and as member of the Kent Territorial Force Association. He has also commanded the "Second North Midland Brigade, R.F.A." during the war.

On Thursday evening Mr. and Mrs. J. McClung, of 1205 St. Patrick Street, were the guests of the choir of St. Columba Church, Oak Bay, on the occasion of their leaving Victoria for their home in Glasgow, Scotland. During the evening they were made the recipient of a pair of silver vases as a token of the esteem in which they were held by members of the congregation and choir. Philip Hughes, organist and choirmaster, made the presentation, and spoke of the valuable services rendered to the church by Mr. and Mrs. McClung. Mr. McClung suitably replied.

Sergt. E. J. Gollop arrived from Seattle on this afternoon's boat accompanied by his bride, Miss Amelia Mitchell, to whom he was married in Vancouver on Saturday last. During their short stay in Victoria, Sergt. and Mrs. Gollop will be the guests of Mr. and Mrs. James S. Greig, of 734 Burrard Avenue, who are the bridegroom's parents. Sergt. Gollop has made his home for the past eighteen years. Sergt. Gollop is very well known in Victoria as a crack shot, he having been captain of the Civilian Rifle Club for four years, in which capacity he trained many of the marksmen in the overseas forces. Sergt. and Mrs. Gollop will make their home in Vancouver, where the groom is attached to the Ordnance Corps.

NO VISITS FOR THEM.

The Kirk was in urgent need of repair and Mr. and Mrs. Gollop, a member, had been invited to collect subscriptions for the purpose.

One day the minister met Sandy walking irresolutely along the road. The good man at once suggested the cause.

"Sandy," he said, earnestly. "I'm sorry to see you in this state. It's not the good of the cause," replied the delinquent, happily. "Ye see, minister, it's through these subscriptions. I've been down the Glen collecting funds, and every house they made me a wee drappie."

"Every house! But—but surely, Sandy, there are some of the Kirk members who are teetotalers!"

"Aye, there are; but I wrote tae those!"—T.H.H.

I was trying to throw it so Bunty No-Tail, the frog boy, said to me. But I guess I didn't throw straight enough. I'm sorry my ball hit you, Uncle Wiggily, but now that you are awake, don't you want to—

"Oh, yes, I'll play tag or hide-and-go-seek or even turn at somersaults!" laughed the bunny. "Between you and your ball, Bunty, I'll never get any sleep."

"I thought you wouldn't," said Bunty, smiling in a funny way. Then she and Mr. Longears had lots of fun. And, if the sunshine doesn't tickle the raindrops and make them fall on the umbrella plant, I'll tell you next about Uncle Wiggily and Bunty's carriage.

POPULAR COUPLE WERE WEDDED LAST NIGHT

Lieut. T. W. Greenfield and Miss H. C. Atkinson Married at Christ Church

A military wedding of interest to many out-of-town residents as well as to Victorians was solemnized at Christ Church Cathedral last night when Miss Helena Cleely Atkinson, daughter of Mrs. Leighton Atkinson, 303 Burrard Avenue, became the bride of Lieut. T. W. Greenfield, 49th East-India, C. F., son of T. A. Greenfield, of "Pedmore," Stourbridge, Worcestershire, England.

The bride, who entered the church on the arm of her brother, Sergt. F. Bertram Atkinson, last of the 191st Battalion, was met at the church door by the choir, the procession moving up to the altar, while the congregation sang "The Voice That Breatheth Life." She looked radiant in her girlish in her bridled gown of white satin with embroidered overskirt of chiffon and embroidered court train, and beautiful lace veil worn under a coronet of orange blossoms. Her bouquet was of bridal roses and fern. Miss Louise Durand made a charming bridesmaid in pale mauve georgette and white tulle, carrying a bouquet of pink roses and carnations. The bride's train was borne by little Miss Melba Neal in dainty white frock and poke hat, and Master Billy Blackley, diminutive Jack Tar, to little Miss Catherine Atkinson fell the duties of ring-bearer, while Miss Stella Barker was a dainty flower-girl, both of these attendants being prettily attired in pale pink silk and hats to harmonize with the bride's attire. The bride's mother, Mrs. Leighton Atkinson, supported the groom. The bride's mother was smartly gowned in mauve taffeta and chic black hat.

The ceremony was performed by the Bishop of Columbia, assisted by Dean Quainton, in the presence of a large assembly of friends of the young couple. The service was fully choral, "O Perfect Love" being sung by the choir, and Mrs. W. Whidden singing "Because" very sweetly during the signing of the register.

Following the ceremony the bridal party and about fifty guests feasted at the home of the bride's mother, where the reception was held. The reception rooms were charmingly arranged with a profusion of spring flowers.

Following the serving of a delicious buffet supper and the cutting of the handsome three-tier wedding-cake, Lieut. and Mrs. Greenfield left on the midnight boat for their honeymoon trip to the Mainland, the bride traveling in a smart-tailleur suit of blue with becoming black hat.

The bride is well-known in Vancouver and Victoria, she having been with the North Vancouver branch of the Bank of B. N. A. at the outbreak of war. Resigning to volunteer for National Service work, she accepted a position with the Imperial Oil Company and had the distinction of being the first girl in Canada to work on a gasoline service station, working for some time at the station at the corner of Yates Street and Quadra. Streets and returned from overseas service in March of the present year, and is now attached to Military Headquarters.

Popular Girl Contest—Owing to an error in the report handed to the press the name of one of the girl candidates in the Popular Girl Contest has been published as Miss Eleanor Carlow. This should read Miss Myra E. Carlow, who is the nominee of Gordon Drysdale, Ltd., and whose poll is growing steadily each day.

WILL AMALGAMATE COMMITTEES ON RECONSTRUCTION

Local Council of Women and Reconstruction Group to Co-ordinate Effort

WOMEN TO START GIRLS' HOME HERE

One of the primary factors leading to the dissolution of the women's department of the Victoria Reconstruction Group was the overlapping of the work of the sub-committees of the branch with the province of the standing committees of the Local Council of Women. At yesterday afternoon's meeting of the Local Council Mrs. H. S. Day, late chairman of the women's department, and Mrs. J. A. Spofford, Group and Provincial vice-president of the Council of Women, moved a resolution suggesting the amalgamation and co-ordination of these two branches to avoid much overlapping. The suggestion was heartily endorsed by the Council and as a result the committees will meet as joint committees of the Reconstruction Group and Local Council, and joint action will be taken wherever possible by the two bodies.

Joint Conveners Appointed—This co-ordinated work will be greatly facilitated by reason of the fact that the conveners of two of the standing committees of the Council have been acting in the capacity of conveners of sub-committees carrying on similar work in the Reconstruction Group. Mrs. Spofford, who was convener of the Women in Industry section, is also convener of the Law Affecting Women and Children committee of the Council and will head the joint committee on industry; while Mrs. MacLachlan is to be the convener of the joint committee on Public Health. Miss Stewart having resigned the convener of the Education Committee, Miss Alice Ravenhill will be asked to accept this office. Miss Crossin's recommendation of the amalgamation of the two bodies as a strengthening of the forces in social reconstruction work was endorsed by the members.

Public Health Ministry

In supporting the proposal to unite Mrs. J. A. Spofford, interpolated a plea for the establishment of a portfolio of public health, with proper machinery for taking care of the public in the event of a recurrence of the epidemic of last year.

High Cost of Living

Mrs. W. Johnston, a delegate of the Women's Independent Political Association, spoke to the meeting of the measures taken to inaugurate a campaign by the women of the province against the high cost of living. The matter gave rise to some discussion, the general consensus of opinion being that action should be taken against the profiteers.

Will Start Girls' Home

Mrs. Williscroft's announcement that steps had been taken to start a girls' home in the city for the benefit of girls whose earning capacity was not large enough to permit them to stay at the Y. W. C. A. or for friendless girls who found themselves in difficult positions through no fault of their own, was received with warm approval by the meeting. A suitable home has been found, large enough to accommodate eight or ten girls, and will be opened as soon as it can be made habitable. An appeal was made to members for donations of furniture for the home.

Local Oriental Situation

In response to a letter from the Victoria Board of Trade asking the Council to elect delegates to meet the Retail Merchants' Association and discuss the local Oriental situation, Dr. Helen Ryan and Mrs. W. J. H. Holmes were appointed to attend the meeting and report back to the Council. A request from the National Council that the Local Council send a delegate to the annual meeting held in the motion by Mrs. Gordon that Mrs. A. U. de Penier, who is to represent the Vancouver Local Council, be asked to represent the Victoria body also.

Manufacture of Oleomargarine

Mrs. Gordon, reporting an emergency meeting of the executive, stated that consideration had been given of a request from the National Council asking for the local body's views on the subject of the continuance, or otherwise of the manufacture of oleomargarine. The manufacture of this commodity had been permitted in Canada only as a war-measure, and as such would automatically cease on the signing of peace. After due consideration the executive decided that with the present price of butter so high as to place it beyond the reach of poor people, the Government should be asked to allow the continuance of the manufacture of margarine, and a communication to this effect was sent to the authorities at Ottawa and to the National Council. This action of the executive received the endorsement of the meeting.

A number of resolutions emanating from the National Council and to be discussed at the annual meeting of that body were considered by the meeting. A letter from Dr. Raynor on the subject of recreational and community work was referred to the Supervised Playgrounds Committee for consideration.

BOARDS OF HEALTH WORK ASSIDUOUSLY IN PUBLIC BEHALF

Veneral Disease Campaign Discloses an Alleged Combine in Antidote

Although possessing the necessary legislative machinery by virtue of the Act placed on the statute books of the Province at the recent session of the Legislature, it has not been possible for the Provincial Board of Health to make very much headway in connection with the combat and regulation of venereal disease.

While in Ottawa recently the Hon. J. D. MacLean, Minister of Education and Provincial Secretary, as head of the Provincial Board of Health, discussed the question of co-operation as between the Federal and various Provincial authorities.

It appears that some time ago the Toronto Board memorialized the Commissioner of Patents with a view to obtaining permission to manufacture the remedy in the public interest. This petition was refused, however, on the ground that proof had not been shown that the proposed process of manufacture would be cheaper than that employed by the present sole makers.

At the suggestion of the Toronto Board the British Columbia Board of Health has memorialized the Commissioner of Patents without success.

The question is regarded by the Minister as an extremely important one and one in which the presence of an alleged monopoly, placing the public health at a disadvantage, demands serious attention.

SPRING ASSIZES MAY TERMINATE TO-MORROW

Reginald Shields Is Found Guilty of Bicycle Stealing; Sentence in Morning

Reginald Shields, defending himself in the Assize Court this morning before Chief Justice Hunter on the charge of stealing a bicycle, the property of Wm. Newman, told the Judge and Jury that the bicycle had come into his possession through a man named Peterson, a fisherman, whom he had loaned \$5.

Despite Shields's assurance to the jury that he was guiltless, a verdict of guilty was brought in, and sentence will be pronounced in the case to-morrow. It was a matter of surprise to His Lordship that accused had not properly known the machine when it was taken to Ruffies for repairs.

The Crown's case against Giegiemo of rape has been withdrawn, and the charge against the same man of indecent assault, which was brought in, is appearing for accused.

The case of Rex vs. Brill was listed for hearing this afternoon, and it is believed that the Assize will be over by noon to-morrow at the latest. The Hindu, Indar Singh, who was found guilty of an indecent assault, will probably be sentenced in the morning.

CITIZENS DO NOT YET REALIZE THE CHANGE

People Fail to Realize That Market is Now Held on Tuesdays

Victorians have not yet realized that it is on Tuesday and Wednesday that the Public Market is open for business according to the city officials in charge of the popular institution.

In order that the stall holders may not have to do business on the holiday the City Council decided last night that the market should stay open on Friday, May 23, instead of on Saturday, May 24.

The market is notable at present for the remarkable variety and quality of the bedding plants exhibited on various stalls. It is evident by the widespread purchase of these plants that the movement toward more and better gardens is making headway in the city.

Several years ago the steamer Princess Victoria set the record for regular passenger service. From Brichle Ledge to First Narrows she was exactly three hours and nine minutes. These however, were exceptional passages, favored with wind and tide.

Arrived Unexpectedly.—The Vancouver plane arrived unexpectedly yesterday afternoon at 5:45 o'clock after a trip of one hour and twenty-two minutes. When the machine was seen above Victoria it was believed to be the "Pathfinder" out for a spin.

The bearer, Capt. Eckley, will convey to you the regards of myself and the City Council, and I know you will give him a suitable greeting.

According to official statistics in the hands of the Hon. J. D. MacLean, Minister of Education and Provincial Secretary, the number of deaths in British Columbia due to Spanish Influenza during the period between October 3 and March 31 totaled 3,835.

It has now been definitely established by the Provincial Board of Health that Spanish Influenza was brought to this Province by a number of cadets from the East, only to be followed a few days afterwards by a troop train containing a number of men of the Siberian Expeditionary Force who were badly infected.

THINKS GYMNASTICS ARE THING OF PAST

Captain Simons Addresses Luncheon at Y.M.C.A. To-Day; Drives Continues

In addressing a luncheon at the Y. M. C. A. to-day Capt. Simons, M. C. the second senior physical director in Canada, predicted the passing of the old programme of gymnasium work, which developed only certain parts of the body, and the substitution of the military physical training, which played such an important part in the development of the boys who donned khaki.

Capt. Simons pointed out that the gymnastics which were used in Y. M. C. A.'s and other athletic institutions did not tend to the complete development of men. It caused abnormal development of certain muscles and many boys were unable to participate in them. It also debarred men of advancing years. In the military physical training, any man from fifteen to forty-five years could undertake the work and continue the development of every muscle.

The programme of military training had been worked out by many skilled doctors, explained the speaker. In order to keep the blood circulating properly a similar number of exercises were performed by each part of the body. The exercises worked in sequence from the toes to the head.

Capt. Simons advocated the wiping out of the class of school drilling which was now employed, and conducting the military physical training. Dr. M. Saylor drew the attention of those present to the fact that the City Council had turned down the proposal to expend \$1,500 in the supervision of the public playgrounds. He looked upon it as a disgrace to the city. When interviewing members of the council, the doctor stated that he had asked them how much money was being spent in keeping the zoo at Beacon Hill, and by how much more they would be required to receive any reply. He thought that the training of children was more important than the keeping of a zoo.

Capt. George McGregor, who presided at the luncheon, urged the necessity of getting men who went overseas back into the association and under good influences. To achieve this he considered it essential that men who had been overseas should be given employment in the association.

A brotherhood had been formed between these men that we know nothing about," stated the captain, "and we will send men here who understand the feelings of the returned man if we wish to obtain results."

Reports received from the canvassers to-day, indicated a fair increase in the total. Alex. McKenzie has taken hold of the drive for the week, relieving Dr. Raynor and Fred McGregor of a great deal of the work.

LIEUT.-COL. MOORE MAY RESIGN HIS OFFICE

Has Been Assistant-Adjutant General Here For Some Time; Long Record as Soldier

Vancouver, May 13.—An announcement is expected shortly of the officer appointed to succeed Col. Moore as A. G. M. D. 11, who is retiring.

A native of Johnstown, P. E. I., Lieutenant-Col. Moore donned the uniform when quite a young man, and was first gazetted on April 28, 1884. Since that time he has a record of almost continuous service. He was promoted to the rank of captain, in June, 1892, and he was active service in the Boer War as a member of the 1st Canadian contingent.

In 1901 Col. Moore received an appointment in the South African Constabulary, transferring in 1904 to the Natal Mounted Police, remaining in the service of that body up to the time of its disbanding. He returned to Canada in October, 1911, and became appointed to the militia staff, subsequently taking the position District Staff Adjutant of M. D. No. 3 (Prince Edward Island). His appointment to this district followed soon after and he was serving here in that capacity when the war broke out in August, 1914.

The office of Assistant Adjutant General was created in M. D. No. 11 in March, 1916, and Major Moore was appointed to fill the post with charge of administration, Captain G. Sisman at the time being appointed as Deputy Assistant-Adjutant and Quartermaster-General. Since his arrival in this district Colonel Moore has served under no less than four district officers commanding. On his arrival here Col. Wadmore was the holder of the office, and his own pledge, which was subsequently followed by Colonels Ogilvie, J. Duff Stuart, and Major-General Leckie.

London, May 13.—Eddie McGoorty, of Oshkosh, Wis., middleweight, knocked out Hardy Reeve in the third round of their bout here last night.

Fined For Speeding.—Mrs. W. Eberts, was fined \$15 by the police court this morning for speeding on Fort street.

Publicity Fund.—The count to date shows that the recent drive of the Victoria and Island Development Association to raise a \$7,000 publicity fund is short of the mark by nearly \$1,000, though there are still a number of firms to hear from regarding contributions. The total as far as can be figured to date is \$6,154.

Returning To-morrow.—Capt. F. Beasley, R. A. F., will return here to-morrow, after three year's service overseas.

ALDERMEN TO CONTINUE
TO GRANT LICENSES

Centering its deliberations for the most part last night around Victoria's milk supply the City Council determined to urge upon the Provincial Government the necessity of appointing sufficient officials to inspect all dairies on the south end of Vancouver Island.

Defends Test.
The Deputy Minister of Agriculture informed the Council by letter that certain charges lodged by Mr. Wooster, of Oak Bay, against the tuberculin test of cows and the manner of its application by Government inspectors were not well founded.

"Oh, what is a few dollars compared with the health of the community?" asked Alderman Johns.

Defends His Department.
Launching a vigorous defence of his Department, Dr. Price wrote in a report, which was filed:

During April, the influenza epidemic has been spreading with the time opportune to enforce the milk regulations without causing a shortage of milk in the city, finding that a number of milk vendors had neglected to obtain licenses or had been unable to obtain them by reason of not having their cows tested by the Provincial Inspector, such test being necessary before a license can be granted.

ENTERTAIN SOLDIERS OF CONGREGATION
Returned Men Guests at Anniversary Supper at First Presbyterian Church

In celebration of the fifty-eighth anniversary of the founding of the church and the fourth anniversary of the building of the new edifice, the First Presbyterian Church last night held a successful function to welcome back the returned men of the congregation. The affair opened with the serving of a repast at which about one hundred and fifty, including returned soldiers and their wives, sweethearts and sisters, sat down. The supper was served under the direction of the Ladies' Aid. Rev. Dr. Cammell pronounced the blessing and Rev. J. G. Inkster and Rev. J. McLorie, on behalf of the Session, welcomed the men. W. L. Saunders expressing the pleasure of the Board of Management at their presence at the gathering. Mr. Inkster made a stirring appeal to the soldiers for their co-operation and help in solving the problems arising in the church. Major Barty and Privates Lansdale and McBryer replied on behalf of the veterans, the latter speakers expressing their appreciation of the church and its work in reconstruction.

At the conclusion of the repast and adjournment was made to the large hall, where games were indulged in and an excellent and highly enjoyable programme given under the direction of the choir. Altogether the affair was held under the auspices of the church. Sunday Services.

On Sunday special services were conducted by the Rev. Principal Fraser, Montreal, the church being filled to capacity at both morning and evening services. In the evening Dr. Fraser spoke of the Missionary Function of the Church, citing its early history and emphasizing the vast opportunities for service open to every congregation and every individual at the present crisis in the world's affairs. Mr. and Mrs. R. W. Morrison contributed appropriate vocal numbers at the morning service, and Mrs. Morrison sang in the evening.

FAMOUS ARTILLERY OFFICER IN VICTORIA
Col. W. K. Walker, Commander of Canadian Motor Machine Gun Brigade, Here

One of the most famous officers who has reached the coast recently is Lieut.-Col. W. K. Walker, D. S. O., M. C. and bar, Croix de Guerre, who commanded the 1st Canadian Motor Machine Brigade in France and who was in Victoria yesterday. His physique is magnificent, and he looks the typical soldier perhaps better than any distinguished officer who has reached here in the years of war.

He commanded the Canadian Motor Machine Gun Brigade last year when the services it rendered in France were of incalculable value, the mobility of the brigade enabling the guns to be rushed up to threatened points in the drive last March, where they held back the German army until the requisite line of defence had been reached and consolidated.

Colonel Walker succeeded to the command of the brigade when it was relinquished by Brigadier-General Brunel, C. M. G., D. S. O., who took the unit across from Canada.

Col. Walker returned with his brigade from England and was present at Ottawa when the unit was finally mobilized. On arrival there the colors of the unit were deposited in Christ Church Cathedral. There was an elaborate ceremony for the occasion, the ceremony being performed by Bishop Roper, of Ottawa, and formerly of Victoria.

Steps are being taken to form an association of all former members of the Canadian Machine Gun Corps throughout Canada. It is expected that this association ultimately will have over 10,000 members, forming one of the largest organizations of the kind in the Dominion.

AGRICULTURALISTS TO MEET AT SMITHERS
Farmers' Institutes Advisory Board Will Gather in North Shortly

A meeting of the Farmers' Institute Advisory Board, together with representatives of the various farmer associations of the Province, will be held at Smithers from June 18 to 20.

M. F. Nourse, advisory board member for that district, on the recommendation of A. Manson, M.P.P., has decided on Smithers as being a central location for farmers to congregate. The Minister of Agriculture will personally attend this convention, together with the other farmer representatives.

Many important matters will receive attention during the conference. One in particular is the proposed creation of a Council of Agriculture for British Columbia. It is hoped that as a result of this gathering of men actively engaged in the agricultural industry that a plan can be devised for bringing about such a central association, and that this will be ready for presentation at a Provincial conference which it is proposed to call during the coming winter.

Delegates are to be in attendance as follows: Vancouver Island district, C. E. Whitney Griffiths, Bulkley Valley, M. F. Nourse; Kootenay Central Institute, Wm. Harrison; Prince George district, J. D. Charleston; Lower Mainland district, Jas. Halley; Grand Forks and Boundary district, Harvey Smith; Okanagan Central Institute, L. E. Taylor; Kootenay Lake and River district, A. D. Clyde; Southeast Kootenay and Columbia Valley, A. R. Smith; B.C. Stock Breeders' Association, president; B.C. Fruit Growers' Association, B.C. Dairymen's Association, United Farmers of B.C., it is hoped to have the presidents of these associations in attendance; Vernon Fruit Union, W. F. Laidman, vice-president; Returned Soldiers' representative, H. W. M. Roletson.

Other invitations are being forwarded.

The members of the advisory board, M. F. Nourse and J. D. Charleston, assure the delegates that the citizens of the central districts are going to do everything to bring the knowledge of the vast resources of their little-known district before the visitors. Cars are to be provided so that the delegates will return south to their particular districts with a good knowledge of this sector of the Province.

TIMBER WOLVES PLAN RE-UNION MEETING
Various Units Have Set Meetings This Week—Imperial Men to Assemble

Major Spurgin, the popular second in command of the 103rd Battalion, familiarly known as the Timber Wolves, calls for members of the Battalion to be present at a meeting to be held in the basement of the Belmont Building on Friday, commencing at 8 o'clock. Following the example of several other Victoria units the veterans plan to hold several re-unions of the men who have returned from the firing line, and to honor the many men of the battalion who have made the supreme sacrifice on the battlefield. Although many of the men who left with the unit of which Col. Henker was the O. C., are back in Victoria, there is still a large number overseas with the Postal Division, and it is welcome to the members of the unit as they return to Victoria is one of the matters that will be discussed at Friday's meeting. Plans for a dance and reunion banquet will also be considered. The meeting was originally arranged for Thursday, but the date has been changed to Friday.

The Western Scots.
Ex-members of the Western Scots meet to-night at 8 o'clock at the Comrades of the Great War rooms for a short business meeting, followed by a smoking concert. The formation of a Western Scots Association will be perfected at the business meeting, and a number of artists have promised to appear at the concert which will follow.

The British Campaigners have decided to take over the rooms in the Union Bank Building occupied by the Navy League after June 1, to be used as club rooms. The cost of furnishing the rooms has been defrayed by William Fernie, a member of the Campaigners, in memory of his brother, the late Peter Fernie, who held the medal for the Crimea, with clasps for Balacava, Inkerman, Sevastopol and Alma, and the Indian Mutiny medal.

Announcement of the date of the formal opening of the new rooms will be made as early as possible.

Ex-Imperial Men.
All ex-services men from the Imperial forces are invited to attend a meeting to be held in the office of Major A. D. Macdonald, 510 Central Building, at 8:30 p. m. on Thursday.

Free From Infectious Diseases.
Victoria is remarkably free from infectious diseases at present, according to a report handed to the City Council by City Health Officer Dr. Price last night. The influenza epidemic, said Dr. Price, seemed to have completely subsided.

President Boys Plans to Restore Matches For Canadian Tennis Titles This Season

Canada is to go ahead full steam this coming season with tennis. Plans for restoring the Canadian championship are being considered by W. A. Boys, of Barrie, Ontario, president of the Canadian association.

The matches with Portland, Seattle and other Oregon and Washington cities, which have been featured in previous seasons, will be revived by the Vancouver and Victoria clubs this year. The British Columbia championship also has been scheduled and the tournaments at Toronto and Niagara-on-the-Lake will be played during the summer. The arrangement now contemplated is to have a champion determined for each Province and these winners will meet for the title.

May Be Rival for Molla.

The interest aroused among American tennis players by reports of the playing of Mlle. Suzanne Lenglen, the remarkable French girl, has been increased by accounts of recent tournaments just received in this country. During the officers' tournament at Cannes, she was paired with Max Decugis, who is one of the best mixed doubles players in France.

That they made a formidable combination is shown by the fact that they defeated a team composed of Capt. Douglas Waters and Lieut. Dean Mathey. Captain Waters is former intercollegiate champion of the South and was ranked in class 2 in 1916. Lieut. Mathey ranked tenth in 1916 and with George M. Church won the clay court doubles championship that year. The assumption is therefore that they would be able to put up a fairly good game, even though short of practice. The fact that they were beaten by Mlle. Lenglen and M. Decugis is in itself not so surprising as the manner of the defeat, for the score was 7-0, 6-0. Accounts of the match say that Mlle. Lenglen's playing was easily the feature.

While interest in all that is going on overseas is keen, tennis players at home are further encouraged by news that Canada is resuming its tournaments.

Officials of the United States National Lawn Tennis Association had an excellent opportunity at the last meeting of the executive committee to learn of recent developments in international tennis, by conferring with three prominent Australians who were in New York. They were Lieut. E. F. Wilding, of Christchurch, New Zealand; William F. Dunlap and H. Y. Braden.

Australians Will Play.

Lieutenant Wilding is a brother of the late Anthony Wilding, whose playing in the Davis Cup matches of 1914 will long be remembered. Lieutenant Wilding was on his way home from service in the British air forces, and while not closely in touch with con-

ditions in Australia, he voiced the opinion that the Australians would have been glad to have this country represented in the Davis Cup matches the coming summer. However, the reasons which led the United States not to challenge were understood and appreciated—and he felt that the resumption of the matches would be a splendid thing for the game.

Mr. Dunlap is a former vice-president of the Australian Tennis Association and Mr. Braden has been a member of the Davis Cup Committee from that country. The latter is now attached to the Australian Trade Commission in New York. Their knowledge of the game, with the resumption of international tennis leads them to anticipate renewed interest in the game. With the resumption of international competition they were unanimous in the belief that these overseas matches will prove extremely popular.

Proof of the attention being devoted to tennis overseas is contained in the accounts of the recent tournament at Cannes, showing thirty-eight states represented. California and New York were the leaders with fourteen entries each. This event was a preliminary to the inter-allied matches in the spring. In response to a cablegram signed by Capt. R. N. Williams, Capt. Watson M. Washburn and General Perthing, the United States National Lawn Tennis Association has shipped overseas sixty rackets, 100 dozen balls and a supply of extra grass and nets to be used by the American team.

Vincent Richards Suspended. New York, May 11.—Vincent Richards, the fifteen-year-old holder of six United States national tennis championships, has been suspended from all tournaments played by the United States National Lawn Tennis Association on the charge of commercializing his name and reputation as a tennis player.

Will Use Lee-Enfield at Bisley Meeting. London, May 12.—The Bisley programme this year is largely of an experimental nature, in view of the suspension of the meeting during the last four years. The King's Prize is open to every man who has worn His Majesty's uniform, which presumably includes members of the naval forces. The rifle is to be the short Lee-Enfield, as issued, with no sling, and the maximum range is 600 yards.

Annual Track Meet. Akron, Ohio, May 12.—Gary, Ind., was selected for the staging of the first national annual field and track meet July 4, by order of the American Industrial Athletic Association, who met here today.

Fifty industrial institutions employing over a half-million men will send representatives to the meet, it is said.

COLLIERIES IN FORM AGAINST FOUNDATION

But Foundation Snatched Game With Bating in the Eighth

The Canadian Collieries made a big fight to register a win in the Amateur League at Royal Athletic Park last night in a game which was declared to be the fastest played since the league opened. The shipbuilders started off with two in the first innings, but the Collieries tied the score with one in the fifth and one in the sixth and then jumped ahead in the seventh innings by finding the home bag three times. A bating rally in the eighth during which the Foundation players hit up six runs saved the situation for the shipbuilders and gave them a win of nine to five.

Harry Copp pitched a good game for the Collieries in spite of the fact that the shipbuilders managed to make the rally which won them the game. He also got three hits including a two bagger. With James he made a pretty double start in the seventh, and then gave way to W. Gravlin. Score:

TENNIS

New York, May 11.—The suggestion that lawn tennis be included in the programme of Olympic games is made in a letter to George T. Adee, president of the United States National Lawn Tennis Association, from H. Anthony Scott, secretary of the British Lawn Tennis Association. That the matter is considered of much importance is evident from the fact that the British Association has submitted the proposal to the Commission Centrale de Tennis in France, the United States National Lawn Tennis Association, the Canadian Association, the Australian Tennis Association, the International Federation and the Belgian Lawn Tennis Association.

PORTLAND SUGGESTED FOR NORTHWEST TENNIS

Portland, Ore., May 12.—In all probability Portland will be the scene of the annual Pacific Northwest junior tennis tournament this year, according to an announcement made by Walter Goss, regional delegate of the U. S. N. T. A.

The meet, which was held in Tacoma last year, had been offered to Spokane this season, but the inland simpler sends in the proposal to the Commission Centrale de Tennis in France, the United States National Lawn Tennis Association, the Canadian Association, the Australian Tennis Association, the International Federation and the Belgian Lawn Tennis Association.

LABOR TROUBLES SET BACK BALL OPENING

Winnipeg, May 12.—Owing to the builders' strike and the threatened aspect of the labor situation in Winnipeg, President McConnell of the Winnipeg baseball club, has decided to postpone the opening of the professional baseball season here next Friday until the following Wednesday.

DE ORO PROTESTS.

New York, May 12.—A protest of the victory of Robert Cannefax, of Chicago, in the recent world's championship three-cushion billiard match, made by Alfred de Oro, of Cuba, who lost the title, will be considered by an arbitration committee of three. De Oro charged that Cannefax made a foul during the second night's play by hitting the white ball twice with his cue.

TYEES HAVE HOME GAMES TO-MORROW

On Wednesday afternoon holiday makers will welcome the news that the Tyees have a home game. Jim's boys will meet Brother Bob's nine from Vancouver, the game to start at 3.30, and the local manager is hopeful of hanging up a brace of wins while his team is going strong. The evening game is set for 8.45. Harry Brown believes that the afternoon game, and either Engie or Melvor the evening game. Bill McKinley has left the local squad, although the Tyees still have a string to pull. Brown believes that the youngster has the making of a good pitcher, and when he gets warmed up a bit will be able to hold the hitters down. He has gone to Lethbridge, but may be on the mound for the Tyees later in the season. Pinkie Grindie will umpire the games, with Frank Moore watching the bases. Another request is sent out for owners of autos to make arrangements to take the boys from Equimait Hospital to the games. Ladies bringing a party of "blue" boys to the games are admitted free to-morrow afternoon, the game which is the June 23 game transferred from Vancouver, was originally set to commence at 3 o'clock, but on account of the expected reposition of Col. Peck will not start until 3.30 o'clock.

THREE TEAMS ARE AFTER INTERMEDIATE LACROSSE BUNTING

Schedule Opens June 7—Victoria Association Elects Officers

Three teams reported their ambitions for the pennant in the intermediate lacrosse race at the meeting of the Victoria Amateur Lacrosse Association held last night. Victoria West, Sidney and the Nationals will take part in the series which will open June 7. Arrangements were made last night for each team to have two home games, and the complete schedule will be drawn up later.

The Sidney stickhandlers are keen for a game on their home ground May 23, and if enough local men can be induced to take the city that day a team will make the trip to provide the Sidney team with some excitement. The schedule drawn up last night was as follows: Victoria West v. Sidney, June 7. Nationals v. Victoria West, June 18. Sidney v. Nationals, June 23. Sidney v. Victoria West, July 5.

The election of officers resulted in G. H. Walton, of Sidney, being selected honorary president; Stephen Jones, Alex. Stevens and E. Dowdell, vice-presidents. Ed. Christopher was elected president, Walter Lorimer, vice-president, and R. McInnes, secretary-treasurer.

The list of possible referees was gone over and among the names were those of Boss Johnson, Ed. Brynjolfson, E. Cotton, Stanley Okell, Stanley Peelo, W. Moreby and A. Forman. Representatives of the three clubs in the league have been chosen as follows: Victoria West, Stan. Okell and Ed. Popham; Sidney, J. B. McDonald, J. B. Burton and F. E. Purdy, alternate. Nationals: Homer Alexander and Walter Lorimer.

LACROSSE

More Players. Two lacrosse players who will work for a place on the Foundation team in the Mann Cup race have arrived in Victoria. Both are experienced stickhandlers, and may throw in their lot with the shipbuilders in chasing the handsome piece of goldware.

Defense Man

Joe Painter, one of the players who played for the V. A. C. on the Mainland for several years in the Mann Cup series, and if he is in as good shape now as he used to be should be an acquisition to the Foundation team.

Played at Sidney

Barney Feedham is the other player. Feedham is a returned man and while at Rehaven last season several times appeared in the games at Sidney. He is reported to be a great home man.

The Intermediates

Judging from the enthusiasm shown by representatives of the intermediate teams at the meeting at the Dominion Hotel last night when the three-cornered league was organized there will be plenty of excitement for the followers of the gutted stick game outside of the Mann cup series.

The Frozen Breath of Bolshevism

If Bolshevism comes to Canada it will do here what it has done in Russia and what it seeks to do in Germany.

LIBERTY will be destroyed, because Bolshevism means that one class shall rule over all other classes.

PROPERTY will be confiscated without payment to its owners. Your house, your household belongings if you do not own a house, your savings in the bank, your Victory Bonds—you will lose all these.

FOOD will be put beyond the reach of all, except those who can seize it by brute strength, for Bolshevism takes the farmer's land, eats the food that is in sight, and makes no provision for to-morrow.

LAWS will be annulled and the whole social system thrown into chaos. There will be no courts to adjust wrongs; no punishment for wrong-doers.

GOVERNMENT will be transferred from the elected representatives of the people into the hands of committees, or soviets, without any central authority—without legislatures and governments.

WOMEN AND CHILDREN will be the property of the State. One of the soviets which set the fashion in Russia—the soviet of Vladimir—has already decreed that all women over 18 must register at a bureau of free love, and there hold themselves subject to the will of any man who may order them to follow him.

RELIGION will vanish when respect for law and for women and children vanishes. Bolshevism worships not the God of our fathers, but License.

Russia, after her months of Bolshevism, is almost a desert, with millions of her people dead and other millions dying of famine; her industries paralyzed; her government in the hands of ruthless assassins; her law-abiding men and women either murdered or living in hiding, stripped of everything they possessed.

The Canadian idea guarantees every man a free and open opportunity to share in prosperity and happiness. The workman of to-day may be the millionaire of to-morrow. Labor, to be efficient and productive, must co-ordinate with capital; both must live under the laws which are made by the elected representatives of the people.

Our greatest bulwark against Bolshevism must be the intelligence, the thrift and the patriotism of the Canadian workman.

How Good Should Boys Shoes Be?

If anything a Boy's Shoe should be made even better than a Man's. A boy is not so careful in his every-day use of footwear, and the foot that is not fully grown is more likely to be harmed by poor fitting shoes.

See our Boys' Skufflers and Sandals, light and strong; made of tan calf or smoked elk, with elk soles; all sizes. Priced from \$1.25 to \$4.75

MISS MARGARET WILSON DEPARTS FROM METZ

Metz, May 12.—Via London, May 13. (French Wireless Service)—Miss Margaret Wilson bade farewell to Metz last night at a soldiers' concert at which she sang M. Prevel, the Mayor of Metz, was present. On leaving, Miss Wilson said: "We now belong to one big family—the League of Nations. I will not say good bye to you, but au revoir."

SCHEIDEMANN PUT ON A BOLD FRONT

German Assembly Cheered When He Said Allies' Terms Not Acceptable

HE DESCRIBED TREATY AS "MURDEROUS" ONE Repeats Old Fable of Wilson Forsaking His Former Attitude

Berlin, May 12.—Via London, May 13.—The declaration by Chancellor Scheidemann in the National Assembly to-day that the peace terms presented by the Allied Powers were unacceptable brought the members of the Assembly, the spectators and those in the press gallery to their feet in a hurricane of cheers and applause.

After the Chancellor's speech the members of the various parties, with the exception of the Haase group, made speeches in which they declared they backed up the Government.

The Chancellor described the peace treaty as a "dreadful and murderous document." He said it would make an enormous jail of Germany in which 60,000,000 people would have to labor for the victors in the war. German trade would be strangled should the peace terms be accepted.

He criticized President Wilson and said that the President by his attitude had deceived the hopes of the German people.

"The world has once more lost an illusion," said the Chancellor. "The nations have in this period, which is so poor in ideals, again lost a belief. What name of thousands from the trenches, in orphan families and among the despairing and abandoned has been mentioned during these four years with more devotion and belief than the name of Wilson? To-day the picture of the peace-bringer as the world pictured him is paling beside the dark forms of our jailers, of one of whom, Premier Clemenceau, a Frenchman, recent wrote: 'The wild beast has been put in a cage on bread and water. He is allowed to keep his teeth, while his claws are hardly cut.'"

"All over Berlin we see posters intended to arouse a practical love for our brothers in captivity. They show sad and hopeless faces behind the prison bars. That is the right frontispiece for the so-called peace treaty, a true portrait of Germany's future."

Behind Bars. "Sixty million are behind the barred wire and the prison bars—sixty millions at hard labor for whom the enemy makes his own land a prison camp. Should the peace conditions be accepted Germany no longer could call anything her own—her land, her sea, her narrow bounds. Germany has ceased to exist abroad, but as if that were not sufficient, her cables have been taken from her and her wireless stations can send only commercial telegrams, and then only under control of the Allies. This would separate us from the outer world, for what business can be done under the control of competitors need not be described."

Treaties Void. "But this is far from enough. The Council therefore determines treaties between enemy countries to be null and void except such treaties whose execution is in favor of Governments of the Allied Powers."

"What does President Wilson so apparently say? That the first principle of peace itself is equality, equal participation in common benefits."

our mercantile fleet passes into Eminent hands; without cables, without colonies, without foreign settlements, without reciprocity and legal protection, yes, and even without the right to co-operate in fixing the prices for the goods and articles which we have to deliver as tribute.

A Question. "I ask you what honest man will say that Germany can accept such conditions? At the same time as we shall have to bestir ourselves to perform forced labor for the benefit of the entire world, our foreign trade, the sole source of our welfare, is destroyed and our home trade is rendered impossible. Lorraine iron ores, Upper Silesian coal, Alsatian potash, the Saar Valley mines and the cheap foodstuffs from Posen and West Prussia are to lie outside our frontiers. We are to impose no higher tariff or protection than existed on August 1, 1914, while our enemies may do as much as they like at every point in stragling us at home. All German revenues must be held at the disposal of our enemies for payments not for war invalids and widows. All our labor, forced, is to be used for products, the prices of which will be fixed by our customers."

What is a people to do which is confronted by the demand that it is responsible for all losses and damage that its enemies suffered in the war? What is a people to do which is to have no voice in fixing its obligations?"

Cabinet Crisis. Paris, May 13.—The heads of the two German Democratic parties and the parties of the Centre have informed Chancellor Brüning that their parties will withdraw their representatives from the Government in case the Cabinet should decide to sign the peace treaty, according to a dispatch from Berlin received here by way of Basle. The Socialist newspaper, Vorwärts, in commenting on this action, says it is the first step toward a cabinet crisis.

ROUMANIANS AND CZECHO-SLOVAKS IN HUNGARY NEAR

Basel, May 13.—(French Wireless Service).—The Roumanian and Czecho-Slovak forces which have been working their way into Hungary have approached each other during their operations and the Allied Governments have considered it advisable to define the zones of operation of the two forces. Determination of the limits of these two zones is now in progress.

ANOTHER PARTNER

Johnson had realized the dream of his life and taken his only son into partnership in the business he had worked up himself. There was great pride in the old man's heart the first day they were installed in the office together.

As the days went on, however, all did not work as Johnson had expected and the youngster's overbearing manner annoyed him considerably.

"Look here, young man," said he one morning, "let's have a little less of the 'I' and a little more of the 'we' in this business. Remember, I'm still here, and you're only junior partner."

The youngster was quiet for a week, and the father thought his few words had struck home. A few days later, however, his son appeared, looking just as bright as ever. "I say, dad," he began, "I've got an idea. Why don't you and I go into business together?"

NEW YORK STOCKS STILL GOING STRONG

Shares were Featured To-Day

(By Burdick Bros. & Brett, Ltd.) New York, May 13.—There is no slackening in the heavy volume of trading on the exchange. The equipment stocks were taken up to-day and under the leadership of Baldwin Locomotive made sharp advances.

The railroad stocks were also in great demand and buying is again moving confidently toward the group. Oil stocks recovered from their early drop and closed at top prices.

Mexican Petroleum recovered five points from the low. Baldwin Locomotive, American Steel Foundry and American Air Brake were all over five points higher at the close. The motor and copper shares were easier.

COUNCIL WARNED NOT TO SELL CHURCH LAND

Because of Writ Filed by Bishop; Mayor Given Power to Act

Following the deliberations of the City Council, last night, it is probable that neither the land, covered by the Roman Catholic Cathedral nor any other church will be sold because its taxes are delinquent until a legal judgment has been handed down on a writ recently filed by the Bishop of Vancouver Island. City Solicitor Hannington warned the Council against the sale of the land in question, and the Mayor was given by his colleagues power to act in line with these suggestions.

The writ filed by the Roman Catholic Bishop sought a declaration that the assessment and taxes on the lots covered by the Cathedral on Blanshard Street and the possible disposal of them at a tax sale was illegal.

Presuming that he would be instructed to defend the city in the legal action, City Solicitor Hannington thought that in the meantime, in view of this litigation, it would be "unwise to attempt a sale of the property in question or to oppose the application which will undoubtedly be made for an interim injunction pending the trial of the action."

Mr. Hannington, therefore, suggested that the Collector should withhold the church site from the tax sale on May 23.

Whether or not any other church property in the same position as the Cathedral should be withdrawn from the Tax Sale was a matter for the discretion of the Council, thought Mr. Hannington. At the same time, he pointed out that should the city lose out in the legal action the result would be that similar taxes on other church property would be invalidated as would any sale of this land.

"It would be wiser on the whole," wrote the Solicitor, "to instruct the Collector not to proceed with the sale of any land covered by a church building until this action has been determined. In that way the necessity for further actions in relation to other church property would be obviated."

"Would it not be weak policy to leave that church out of the sale?" queried Alderman Fullerton. "The City Solicitor gives no reason for such action except that it is not good policy."

"It doesn't weaken the city's claim for taxes," explained Alderman Sargent. "We are paying Mr. Hannington for his advice. If we cannot take it what do we pay him for?"

"If the city were to sell this property and the legal action went against it we might have to pay damages," observed Alderman Patrick.

The legal issue would be decided before the day of the tax sale, replied Alderman Fullerton.

How to Bat'e Face to Remove Wrinkles

Since its remarkable astringent and tonic properties became known, clever women all over the country have been using the saxolite face bath to "tone up" their faces, remove wrinkles and draw flabby cheeks and neck back and normal. After using the solution, the face immediately feels much firmer. The skin tightens evenly all over the face, thus reducing lines and sagging. The formula, in powdered saxolite, one ounce, dissolved in one-half pint of water, is harmless and there is no difficulty in obtaining them at any drug store.

PARKS COMMITTEE SHARPLY CRITICIZED

Aldermen Do Not Like Its Report on Beacon Hill Lighting

When presenting a report last night the Parks Committee of the City Council came in for criticism at the hands of Alderman Dinsdale, while the other aldermen agreed that, contrary to the committee's recommendation, the proposed extension of the lighting of Beacon Hill Park should be considered further.

Alderman Dinsdale, in a few remarks, complained that the "one-man" way of doing business still went on, and that he had not been invited to the meeting of the Parks Committee. The aldermen thought there should be a further investigation of the park before it was finally decided not to extend the present lighting facilities. If he had been present at the committee meeting he would have seen that a more explicit report had been forthcoming.

"I am surprised at the committee's recommendation that there be no extension to the present lighting of the park," remarked Alderman Sargent, who said he had noticed that there was quite sufficient power to extend the lights in the district about the park.

The proposal which the committee was considering, Alderman Clark hastened to explain, was that the whole hill be lighted. There was not sufficient electrical power for this purpose, he said.

"No, the lighting of the whole hill cannot be considered," agreed Alderman Sargent, "but we should make a little improvement each year."

SAYS VICTORIA WEST NOT TREATED FAIRLY

Must Be Given More Money For Road Work, Declares Alderman

"Victoria West has not had a fair show in road work, and it needs a good deal of this kind of improvement," declared Alderman Johns when he requested that certain repairs be carried out on a highway in the western portion of the city was received from the Victoria West Brotherhood by the City Council last night.

In the opinion of residents of the district, Wilson Street between Catherine Street and Esquimalt Road carried the bulk of the traffic between the city and Victoria West. This changed the character of the thoroughfare from a private street to a trunk road. Repairs suitable to an ordinary street were therefore totally inadequate and the highway should be treated as a trunk road.

Alderman Cameron stated that the special committee of the Council considered the laying of macadam trails had taken Wilson Street into consideration, and he intimated that something would be done.

The communication from the Brotherhood was referred to the special streets committee.

HOME FOR AGED MEN NOT BOARDING HOUSE

Members of Council Air Interesting Views on Local Institution

The interesting views of the civic authorities on the Aged Men's Home were aired at length during a meeting of the City Council last night. Aldermen declaring that the city was not running a boarding house, and should not, therefore, take into the domicile elderly men who had a small income. The Council was called upon during the evening in question the case of one aged man who had an income of some \$15 a month, and who desired to enter the home.

Strong objection to this request was immediately raised by Alderman Cameron. "Anybody who has \$15 to \$20 a month should not be admitted," he declared, "we are not keeping a boarding house."

"The Home is not a place for men to go into and pay board for that privilege," agreed Alderman Sargent. "There are men who used to reimburse the city fully, but now they give nothing. If we take men with small incomes we will not have room for those who have nothing, and who need the protection of the Home."

WOULD USE FIRE HALLS AS SCHOOL EXTENSIONS

The suggestion was made by Mayor Porter at the City Council meeting last night that the empty fire halls owned by the corporation should be utilized as school annexes to relieve the present congestion.

The Council recently decided to rent three vacant halls and accordingly called for tenders. A number of these tenders were received last night and their production inspired the Mayor's proposal.

The School Board is finding it necessary to build annexes to the schools," observed His Worship. "The fire halls might fill the bill."

Alderman Fullerton brought about the demise of this scheme, remarking that the Trustees had heard about the empty halls and had done nothing to secure them. It was no use bothering further about the proposal, he thought.

TAG DAYS AGITATE CITY COUNCIL AGAIN

The collection of money on the streets of Victoria by means of tag days or the sale of flowers agitated the City Council once more at its meeting last night. In spite of their previous protestations that street collections were far too numerous, the Aldermen finally agreed to reconsider their former decision and to allow the I. O. O. F. to sell heather to the public on August 26.

COMPLAIN ABOUT LEASE OF ELK LAKE PROPERTY

The use of the Elk Lake watershed area was again brought to the attention of the City Council last night when tenders were received for the lease of the property. The Aldermen expressed the opinion, however, that long lease was not desirable at present and that the arrangement with the former caretaker was quite satisfactory. They therefore could not accept
