

RAILWAY TIE-UP IN BRITAIN COMPLETE

GERMAN TROOPS MUST DEPART AT ONCE FROM THE BALTIC PROVINCES

Supreme Council Will Inform German Government: Food Imports Will Be Cut Off and Financial Plans Ended If Obstinacy Displayed

Paris, Sept. 27.—The Supreme Council decided today to send the German Government through Marshal Foch a note demanding the evacuation of Lithuania by German troops under drastic penalties for non-compliance.

The note informs Germany that her provisioning will be immediately stopped and the financial arrangements she has requested will be held up if Lithuania is not evacuated.

Paris, Sept. 27.—If all German troops are not recalled from the Baltic provinces within a very short time the Allies will cut off supplies from Germany, re-establish the blockade and interrupt the repatriation of German prisoners of war, according to The Figaro, which states a note to this effect is being prepared by the Allied powers in answer to a communication from the German Government which stated that forces under General von Goltz were being retained in the Baltic provinces because it was impossible to prepare a plan of evacuation at present.

Repatriation.
Paris, Sept. 27.—The appointment of a commission to study the question of the repatriation of the German and Austrian prisoners in Siberia was decided upon today by the Supreme Council. The return home of these troops would be effected after the Czech-Slovak troops in the Far East have been repatriated.

Trousoff, Russian, Ordered Departed From This Country
Vancouver, Sept. 27.—George Trousoff, Jr., a Russian who has resided eight years in British Columbia, has been ordered deported by the Immigration Commission sitting here. Trousoff was found guilty of being a member of the Russian Workers' Union and agitating for the overthrow of constituted government in Canada. It was charged that he was secretary of the Union here and an active worker.

MOTHERWELL FOR HOUSE OF COMMONS
Saskatchewan ex-Minister to Stand in Bye-election in Assiniboia
Regina, Sept. 27.—W. R. Motherwell, formerly Minister of Agriculture of Saskatchewan, was nominated by the Liberals of the Assiniboia constituency at a convention held in Arcola to contest the bye-election for the Federal seat vacated by J. G. Turiff.
For more than thirteen years Mr. Motherwell was a member of the Government of Saskatchewan. In the first general election for the Legislature of the new province of Saskatchewan in 1905 he was elected in North Qu'Appelle and upon the formation of the first Ministry of Saskatchewan by Hon. Walter Scott was appointed Commissioner of Agriculture and Provincial Secretary. In September, 1907, he relinquished the portfolio of Provincial Secretary and continued to hold the portfolio of Agriculture from then until he resigned as a Minister in December, 1918. In the provincial general election of 1908 he was defeated in North Qu'Appelle, but was elected at a bye-election in Humboldt by a very large majority. In the general election of 1912 he was elected for the constituency of Kinrossdale, a success he repeated at the general election of 1917.
In P. E. I.
Charlottetown, P. E. I., Sept. 27.—Yesterday was nomination day for the bye-elections for the four members of the new Dominion Government who have to be re-elected.
Premier Bell, Hon. William Lea, Commissioner of Agriculture, and Hon. J. Johnston, Attorney-General, were re-elected by acclamation, but Hon. C. W. Crosby, Commissioner of Public Works, is opposed by Thomas Wigmore, Graham's Road. The election will take place on October 2.

Attacks Uchida
Viscount Kato attacked Viscount Uchida, the Foreign Minister, for agreeing to substitute an international for an inclusive Japanese settlement of the Shantung question, charging that the Foreign Minister's concession in this respect had been made in response to "pressure from President Wilson."
Speaking at Nagoya, Viscount Kato, former Minister of Foreign Affairs, and the man generally considered responsible for the treaty in 1915 with China, declared Japan would never consent to abandon her preferential rights in Manchuria and Mongolia. Viscount Kato, who is leader of the Opposition Party, said his organization also believed Japan's rights in Shantung were based on treaties and agreements which should be excluded from the proposed consortium, in which Great Britain, the United States and Japan would participate.

FRENCH DEPUTIES WISH TO BE SURE GERMANY DISARMING
Paris, Sept. 27.—The Chamber of Deputies Committee on the German peace treaty yesterday considered a proposition by Andre Lefevre, former Minister of Finance, to bring about new negotiations between the signatories of the treaty with a view to assuring the disarmament of Germany. The Committee decided to ask for the opinion of the Government.

Paris, Sept. 27.—Premier Clemenceau conferred yesterday with Andre Tardieu and Rene Viviani, according to The Petit Parisien, concerning the resolution introduced in the Chamber of Deputies by M. Lefevre, which seeks to bring about new negotiations between the signatories of the treaty with Germany with a view to assuring the disarmament of Germany. The conference recognized the impossibility of hoping to re-gather the negotiators of the Versailles treaty and it was pointed out that other means must be taken to arrive at the result desired, the newspaper states.
Washington, Sept. 27.—The German peace treaty got nearly six hours of speeding-up in the Senate yesterday afternoon and last night but the Fall amendments, which had been made the special order of business by a strict party vote earlier in the week, were not reached.
Senator Lodge, Chairman of the Foreign Relations Committee, called up the pact two hours ahead of the regular schedule and from that time until adjournment it was discussed without interruption.
(Concluded on page 4.)

FEE IMPOSED ON CHINESE PEDDLERS

Vancouver Magistrate Decides Vegetable Men Must Pay \$20

Peddlers May Quit or Push Their Prices Further Skywards

Vancouver, Sept. 27.—Vancouver housewives will find a shortage of fresh vegetables in the near future if the Chinese peddlers should decide that their vocation does not sufficiently remunerate them to permit them to pay the license fee which Magistrate Shaw yesterday decided is due the city. On the other hand, if the profits should not be enough to cover the \$20 fee, vegetables, in common with other commodities, may take a jump skywards.

Public Blamed.
Seattle, Sept. 27.—Completely disapproving complaints that dealers were guilty of profiteering and hoarding charges, the special Federal grand jury here returned a report yesterday afternoon placing a large part of the blame for the high cost of living on "reckless and extravagant" buying by the public.

EX-RUSSIAN LEADER LONGING TO HAVE A MONARCHY AGAIN

Berlin, Sept. 26.—Via London, Sept. 27.—(Associated Press.) According to The Kreuz Zeitung, Dr. Hertz, former Prussian Minister of Finance, addressing a Nationalist meeting at Breslau, declared that the monarchy would be revived by constitutional means.

D'ANNUNZIO SENDS APPEAL TO FRANCE

Says Fiume Seized Under Inspiration and Protection of God

Paris, Sept. 27.—Capt. Gabriele d'Annunzio, whose sensational raid on Fiume brought about serious complications in the Adriatic, has written an appeal to the French Government, the text of which is printed to-day by The Excelsior. It begins: "Brothers of France: "You know what we have done under the inspiration and protection of our God. The most Italian of the towns of Istria to-day, more Italian than Verona, Pisa and Perugia, was lost to us under the menace of profanations and violations."
Joined Him.
Capt. d'Annunzio explains that though ill in bed, he arose and under the influence of the spirit, with his comrades, took possession of the city and territory, some ships and a part of the line of the armistice zone in a few hours. He declares soldiers sent against him have come over to his side with their arms.

FRENCH DEPUTIES WISH TO BE SURE GERMANY DISARMING

Washington, Sept. 27.—President Wilson, it is learned authoritatively to-day, is extremely anxious over the fate of Armenia, believing it is "of immediate human necessity" for the United States to take forceful action to prevent extermination of the Armenian race and that it is the bounden duty of the Government to send an armed expedition to its relief.

Belgian King Invited.
Olympia, Wash., Sept. 27.—Governor L. F. Hart to-day forwarded to Assistant Secretary of State William Phillips at Washington, an invitation to King Albert and Queen Elizabeth of Belgium to visit Washington State.

Last of the British Troops in Archangel Region Moving Home

London, Sept. 27.—The British evacuation of Archangel has been completed with the exception of 200 Highlanders, who will embark to-day, according to announcement here.

LONDON PAPERS CONDEMN RAILWAYMEN FOR STRIKING

London, Sept. 27.—Several papers here, commenting on the nation-wide railway strike, urge an immediate summoning of Parliament, and there are some indications that this will be done. It is contended the nation does not know the full story and that only searching debates in the House of Commons will reveal it.

All shades of opinion in the London press, except the Laborite Herald, condemn the National Union of Railwaymen, the action of which in declaring a strike is society and an attempt to starve the country into submission. The newspapers appeal to the people to support the Government in a finish fight. Some editorials express the desire to treat the railwaymen fairly and admit they are "entitled to just consideration," but it is asserted they have put themselves entirely in the wrong by "needlessly forcing an industrial war upon the country three months before the negotiating period would elapse."

Disproportion.
The Daily News, which is always sympathetic to labor, says: "There was no shadow or semblance of excuse for the strike," adding that "the disproportion between the deadliness of the weapon which has been unleashed and the magnitude of the issues in dispute is such that even now there is ground for the hope that a sense of the wantonness of the wrong done the nation may bring a swift end to the strike."

Extremists.
J. H. Thomas, the Union leader, and certain of his colleagues, are credited by some newspapers with having tried to avert the strike, which is attributed in these quarters to alleged extremists who captured control of the executive committee of the Union. On the other hand, The Herald maintains that the Government, and not the railwaymen, precipitated the crisis.

A CHALLENGE TO DR. EDWARDS, M. P.

W. T. R. Preston Wants Public Debate on Election Vote Taken Overseas

Ottawa, Sept. 27.—W. T. R. Preston, who was chief Liberal Scrutinizer overseas at the last general election, in a letter given out to-day, issues a challenge to Dr. W. J. Edwards, Unionist member of Parliament for Frontenac, Ontario, to a public debate. Mr. Preston objects to the criticism of himself by Dr. Edwards in the House of Commons on Thursday night in the debate on the motion for the appointment of a parliamentary committee to inquire into the taking of the overseas vote.

Ontario Nomination.
Fort William, Ont., Sept. 27.—Archibald McGillivray, a farmer and Reeve of the municipality of Halpoungie, secured the Liberal nomination for the forthcoming provincial general election at a convention of Liberals held here yesterday. The contest was between McGillivray and Captain Douglas Kerr. McGillivray received thirty votes and Kerr twenty.

WILSON ANXIOUS TO AID ARMENIA

Washington, Sept. 27.—President Wilson, it is learned authoritatively to-day, is extremely anxious over the fate of Armenia, believing it is "of immediate human necessity" for the United States to take forceful action to prevent extermination of the Armenian race and that it is the bounden duty of the Government to send an armed expedition to its relief.

Belgian King Invited.
Olympia, Wash., Sept. 27.—Governor L. F. Hart to-day forwarded to Assistant Secretary of State William Phillips at Washington, an invitation to King Albert and Queen Elizabeth of Belgium to visit Washington State.

King Peter Is Back in Belgrade After Five Years' Absence

Belgrade, Sept. 24.—Delayed—King Peter arrived to-day from Arandjelovatz, Serbia, to resume his residence here after an absence of five years.

PRINCE AT FAIR FOR SHORT PERIOD

Warm Welcome Was Accorded Him To-day by Exhibitors

The Prince of Wales, accompanied by Sir Frank Barnard, Lieutenant-Governor, visited the Home Product Fair before lunch to-day. Although no announcement of his time of coming had been made public in the newspapers, it had leaked out, with the result that the building was crowded. So intent were the crowd on seeing and hearing everything that the Prince did and said that they jammed the aisles and impeded his progress.

The Prince left the Fair with an armful of souvenirs which included a small loaf of bread, a large box of chocolates, a tin of glove cleaner, a small model ham and a number of pamphlets and advertising matter. Hunters of the Royal autograph were busy, and there were swarms of small boys who wanted to be able to boast that they had touched the Prince.

Miss Irene Harrison, of Honolulu, and Miss Hazel Partridge, of Victoria, were the first to wailay the Prince and ask for his signature on photographs of himself that they carried. He took a fountain pen and signed "Edward P." on each. A few minutes later he gave his autograph to little Miss Margaret Taylor in an album she carried.

When the crowd saw that he was giving autographs, numbers of girls crowded around with pictures and albums, but they were so many that the Prince had to refuse.

As he was leaving the building A. J. Lewis, of the Nest-of-Kin Association, brought forth a picture of the Prince and asked him to sign. The Prince was inclined to decline at first, but when he noticed the returned soldier's button in the coat lapel of Mr. Lewis he took the fountain pen and wrote his signature.

(Concluded on page 4.)

Sir Edward Kemp Returns to Canada From United Kingdom

New York, Sept. 27.—Sir Edward Kemp, Canadian Overseas Minister of Militia, was among the passengers who arrived here late yesterday on the steamship Mauretania from the United Kingdom.

Other passengers who came on the vessel were Colonel Colin Campbell, Sir Arthur W. Brown, who made the first trans-Atlantic non-stop aeroplane flight from Newfoundland to England with Captain Alcock, Lady Brown; Sir T. Askley Sparks, of the Cunard Line; A. C. F. Anderson, director of the Anchor Line; P. W. Whatmouth, of the Cunard Line; Lieut.-Colonel A. C. Murray, M.P.; Sir Frank and Lady Warner, Sir Peter McClelland, Brigadier-General Critchley and the Earl of Hardwick.

VICTORY BONDS.

Ottawa, Sept. 27.—Notice is given by the Finance Department that owing to the interest payment due November 1, the transfer books of the 1918 Victory Loan will be closed from October 1 to October 12 inclusive. Bonds which are received for transfer after October 4 will not be transferred until after the opening of the books.

STRIKE MOVE FOR NATIONALIZATION

General Opinion of London Newspaper Writers on Railway Strike

Nearly All Papers Have Dropped Partisanship and Support Authorities

London, Sept. 27.—The railwaymen's strike which has Great Britain in its grip to-day is of a different nature from ordinary labor disturbances, because the railways and the mines are under Government management. Therefore there is no question of the Government maintaining neutrality between employers and employees, as it has generally attempted to do. The responsibility rests for the moment on the Cabinet, but Parliament may be summoned to support the Ministry in its task.

Drop Partisanship.
Heretofore the Government has been blamed by a large section of the press for the country's after-the-war troubles, but nearly all the newspapers have now dropped partisanship and are supporting the authorities. The general opinion expressed by the newspaper commentators is that the labor leaders are trying to use the strike weapon to enforce their campaign for nationalization of the railways and the mines.

Labour's Claims.
The labor interests, on the other hand, declare their only purpose is to secure a firm agreement for wages adequate to meet the increased cost of living and better living conditions.

The Government, in the struggle, has the advantage of its war service equipment, which has placed great fleets of motorcars and the machinery of the food organization in its hands. The chief danger of trouble is pointed to as the hostility of the labor interests to the use of military organizations in any form for opposing strikes.

No Clashes.
Up to this afternoon there had been no reports of any clashes between workmen and officials or disorders of other character.

A THEATRE STRIKE CALLED IN FRANCE

Paris, Sept. 27.—The Federal Convention of Theatre Workers has decided on a general strike to affect houses belonging to or conducted by members of the Owners and Managers' Union. The strike order is to take effect immediately. It affects seventy of the concert and music halls of Paris.

Serbian Soldiers of Italy Was Evacuated by

London, Sept. 27.—A dispatch sent out by the Serbian Press Bureau at Belgrade on Thursday refers to the evacuation of Trau by the Italians. It says inhabitants of Trau captured an armored car, three machine guns, many rifles, hand grenades and a quantity of ammunition.

MILITARIST FACTION SAID TO BE ACTIVE IN ITALY

Rome, Sept. 25.—Alarmist reports are current, one of which is that a civil war is imminent. On one side would be ranged the nationalist and militarist factions, which would be opposed by the Socialists. Several generals are credited with the intention of heading the militarist faction with a view to controlling the Government, it being said that they believe the weakness of those in power since the armistice caused the present deadlock. Some of these generals already have been mentioned as being in league with the Adriatic and have favored Jugo-Slav aims.

Tittoni's Opinion.
Foreign Minister Tittoni is said to have expressed the belief that the only thing to be done in the present serious situation was for the Cabinet to resign, thus eliminating one reason for discord. It is said his intention was the formation of a national Cabinet, including all the leaders of the meeting.
(Concluded on page 29.)

BLAME FOR STRIKE IS PUT ON EXTREMISTS BY MR. LLOYD GEORGE

Railway Tie-up in Britain Caused by "Small Body of Men Who Have Insidiously Exploited the Labor Organizations," Says Prime Minister

London, Sept. 27.—The Ministry of Transportation shortly before 3 p. m. to-day announced that the stoppage of traffic on the railroads through the strike was virtually complete except in Ireland, where the lines are not affected. The announcement said that no disturbances had been reported.

London, Sept. 27.—"The precipitancy of this action gives the impression of a deliberate and matured intention on the part of some individuals to seek to quarrel at any cost," said Mr. Lloyd George in a statement to-day on the nation-wide railway strike. "It has convinced me it is not a strike for wages or better conditions," continued the Prime Minister. "The Government has reason to believe it has been engineered for some time by a small but active body of men who have wrought tirelessly and insidiously to exploit the labor organizations of this country for subversive ends."

MINISTERS DIRECT FIGHT AGAINST BIG BRITISH STRIKE

London, Sept. 27.—Several members of the Cabinet went to Downing Street this morning and remained there in continued consultation throughout the forenoon, keeping in touch with the railway strike situation.

C. T. Cramp, president of the National Railwaymen's Union, interviewed Sir Eric Geddes, this morning. This is considered as a token that the Union men and the Government still maintain friendly terms toward each other.

FORMER AMBASSADOR DIES IN LONDON

Viscount of Thame, Who Was at Paris, Succumbs Suddenly

London, Sept. 27.—Francis Levesen Bertie, first Viscount of Thame, who was British Ambassador to France from 1905 to 1918, died here yesterday.

Viscount Bertie of Thame was born August 17, 1844, being the second son of the sixth Earl of Abingdon. He was educated at Eton and entered the British Foreign Office in 1863. From 1874 to 1880 he was attached to the British special Embassy in Berlin and became Assistant Under-Secretary of State for Foreign Affairs in 1894. From 1896 to 1903 he was chairman of the Uganda Railway Company. He was then made British Ambassador at Rome, where he remained until 1905, when he was sent to Paris.

ORGANIZING FOR DOMINION ELECTION

Plans Considered by Executive of British Columbia Liberal Association

Vancouver, Sept. 27.—Organization questions in view of the possibility of an early Dominion general election were dealt with at a meeting of the provincial executive of the British Columbia Liberal Association here last evening.
Resolutions of confidence in Hon. William Lyon Mackenzie King, Federal Leader, and Hon. John Oliver passed unanimously.
Among those present were Premier Oliver, Hon. J. H. King, Hon. John Hart, Hon. E. D. Barrow and the local members and candidates in the last Dominion election, together with the presidents of all the district associations and the members of the provincial executive. M. A. Macdonald, K.C., was chairman of the meeting.
An invitation was ordered sent by the executive to Mr. Lloyd George to visit British Columbia when he comes to Canada.

FARMERS SEEKING
LEGISLATIVE SEATS

United Farmers of Ontario Put
Forward Sixty-six
Candidates

Toronto, Sept. 27.—At least sixty-six candidates of the United Farmers of Ontario will be in the field when the polling takes place in the forthcoming provincial general election, according to J. J. Morrison, secretary of the United Farmers of Ontario.

He denied that the United Farmers were opposing Liberal candidates much more generally than Conservative candidates, as has been charged in some quarters.

"The fact is," said Mr. Morrison, "that the United Farmers have been absolutely impartial as between the two old parties. We have placed candidates in the field in practically every constituency in which in the judgment of the farmers concerned the proportion of rural population indicates that they should be represented by a farmer. There are sixty-eight constituencies of this class, and it is expected there will be at least sixty-six farmer candidates in the field."

PRINCE WILL VISIT
SOUTH VANCOUVER

Vancouver, Sept. 27.—When the Prince of Wales visits the municipality of South Vancouver on Monday morning next he will receive from the Soldiers' Mothers', Wives' and Widows' Association two gold membership badges which he will be asked to present to the Queen and to Princess Mary on behalf of the Association, which was the first of its kind to be organized in the British Empire, dating from September 16, 1914.

The Prince will be presented by the municipality with an address and he will review the children of the district at Carleton school.

BILL TO AMEND
BYE-ELECTIONS ACT

Measure at Ottawa Raises
Question of Voting by
Orientals

Ottawa, Sept. 27.—A bill to amend the Dominion Bye-election Act so as to provide for disqualification of Oriental voters in Federal bye-elections threatened to raise in the Commons yesterday afternoon the vexed question of Chinese, Japanese and Hindu immigration into British Columbia.

When the bill was in the committee stage, A. R. McMaster, Brome, took strong ground that any person who was admitted to Canada, Oriental or otherwise, should be allowed the franchise.

H. H. Stevens, Centre Vancouver, in reply, suggested that if Mr. McMaster had seen thousands of coolies arriving in Montreal, he would perhaps be less anxious to give such persons votes.

Hon. R. Lemieux, speaking as one who had been in Japan, declared that the Japanese, as a race, were up-to-date, highly cultured and clean, and that neither they nor the Hindus should be deprived of their vote.

The amending bill had become necessary, said the Solicitor-General, by reason of what appeared to be an oversight when the Bye-elections Act of 1919 was passed at the spring session. Under the Act of last session, Provincial disqualification of Oriental voters in British Columbia would have no effect. Such voters would be entitled to vote at a Dominion bye-election.

Ernest Lapointe asked if it was correct that under the provision a Japanese who had been naturalized and who was a British subject would be disqualified from voting in a Dominion bye-election in British Columbia, although qualified to vote in the other Provinces.

Mr. Guthrie—That is the effect of this bill. In effect it recognizes the right of the Provinces to make their own franchise.

But why was this discrimination? Mr. Lapointe proceeded. Why should a British subject be prohibited from voting in one Province and yet be entitled to vote in another?

The bill finally was reported and now stands for third reading.

Naturalization.
Third reading was given to a bill to amend the Naturalization Act by providing that foreigners in Ontario seeking naturalization might come before a judge of the Court of General Sessions.

Hon. Arthur Meighen introduced a bill to amend the Dominion Lands Act, which provides for the continuation in effect of Orders-in-Council giving priority in entry to returned soldiers.

Questions.
J. A. Ethier, member for Laval and Two Mountains, has given notice that he will ask in the House on Monday: "What has been the cost to date of the civil service re-classification; the total amount paid to the so-called experts; whether they are of British or American origin; and if the latter, why this work was given to Americans rather than British?"

SASKATCHEWAN G.W.A.
AND WAR GRATUITY

Regina, Sept. 27.—The Saskatchewan executive of the Great War Veterans' Association decided yesterday to leave the question of further assistance to returned soldiers with a sub-committee composed of the provincial president and the secretary, who will analyze the replies to the questionnaire sent returned soldiers in Saskatchewan regarding the war gratuity. One thousand soldiers have replied but the trend of the answers will not be divulged until all the returns are in.

The Provincial Government is being requested not to give commissions for justice of peace, notaries or commissioners of oaths to enemy aliens after December 31.

PILES

Do Not suffer from another day with itching, bleeding, protruding Piles. No operation required. Dr. Chase's Ointment will relieve you at once and as certainly as you use it. Write for details to Jameson, Rolfe & Willis, 407-409, 411, 413, 415, 417, 419, 421, 423, 425, 427, 429, 431, 433, 435, 437, 439, 441, 443, 445, 447, 449, 451, 453, 455, 457, 459, 461, 463, 465, 467, 469, 471, 473, 475, 477, 479, 481, 483, 485, 487, 489, 491, 493, 495, 497, 499, 501, 503, 505, 507, 509, 511, 513, 515, 517, 519, 521, 523, 525, 527, 529, 531, 533, 535, 537, 539, 541, 543, 545, 547, 549, 551, 553, 555, 557, 559, 561, 563, 565, 567, 569, 571, 573, 575, 577, 579, 581, 583, 585, 587, 589, 591, 593, 595, 597, 599, 601, 603, 605, 607, 609, 611, 613, 615, 617, 619, 621, 623, 625, 627, 629, 631, 633, 635, 637, 639, 641, 643, 645, 647, 649, 651, 653, 655, 657, 659, 661, 663, 665, 667, 669, 671, 673, 675, 677, 679, 681, 683, 685, 687, 689, 691, 693, 695, 697, 699, 701, 703, 705, 707, 709, 711, 713, 715, 717, 719, 721, 723, 725, 727, 729, 731, 733, 735, 737, 739, 741, 743, 745, 747, 749, 751, 753, 755, 757, 759, 761, 763, 765, 767, 769, 771, 773, 775, 777, 779, 781, 783, 785, 787, 789, 791, 793, 795, 797, 799, 801, 803, 805, 807, 809, 811, 813, 815, 817, 819, 821, 823, 825, 827, 829, 831, 833, 835, 837, 839, 841, 843, 845, 847, 849, 851, 853, 855, 857, 859, 861, 863, 865, 867, 869, 871, 873, 875, 877, 879, 881, 883, 885, 887, 889, 891, 893, 895, 897, 899, 901, 903, 905, 907, 909, 911, 913, 915, 917, 919, 921, 923, 925, 927, 929, 931, 933, 935, 937, 939, 941, 943, 945, 947, 949, 951, 953, 955, 957, 959, 961, 963, 965, 967, 969, 971, 973, 975, 977, 979, 981, 983, 985, 987, 989, 991, 993, 995, 997, 999, 1001, 1003, 1005, 1007, 1009, 1011, 1013, 1015, 1017, 1019, 1021, Real Service to Business Men

The Bank of Toronto is prepared to afford every assistance possible to responsible business men engaged in the development of the manufacturing, commercial and agricultural industries of Canada.

Many of Canada's prosperous business men, farmers, manufacturers and merchants, have achieved success through the aid given over a period of many years by this Bank. Many of our clients who started in a very small way, have established successful industries because from the very beginning they have received the Bank's co-operation.

Open an account in The Bank of Toronto and let us get acquainted with you and your business. Our service which has proven so valuable to others is at your disposal.

A. P. Boulbee
Manager

TOM MOORE RENAMED HEAD OF DOMINION LABOR CONGRESS

Hamilton, Sept. 27.—Tom Moore is again president of the Dominion Trades and Labor Congress. At the election of officers yesterday he was re-elected by acclamation, amid great enthusiasm, and a similar honor was accorded Secretary-Treasurer Drason.

The new vice-presidents, who with the former officers compose the active Council, are: A. Martel, Montreal; Controller P. J. Halford, Hamilton, and A. McAndrew, Moose Jaw. Lively interest was taken in the election and the defeat of David Rees, Vancouver, and Robert Baxter, of Glace Bay, supporters of the "revolutionary" reconstruction programme which was brought to light on Thursday was regarded by a great number of the delegates as a signal victory for the "moderate" faction in the Congress.

The unsuccessful candidates were: James Simpson, Toronto; J. H. McVety, Vancouver; David Rees, Vancouver; Robert Baxter, Glace Bay; Miss Helen Gutteridge, Vancouver, and W. H. Trotter, Vancouver.

Nominees who withdrew were: George Armstrong, Winnipeg; J. W. Wilkinson, Vancouver; Joe Gibbons, Toronto; Thomas Brammer, Brantford; A. E. O'Leary, Toronto, and J. C. Walter, Inverness.

The other feature of the day's proceedings was the adoption of an amendment to the constitution, which is virtually the final blow to the One Big Union. The amendment grants power to the Executive Council to revoke or suspend the charter of any Provincial Federation of Labor, trades and labor council or federal union chartered by the Congress where the officers have encouraged withdrawal from international unions.

MINERS ARE IDLE AT KIMBERLEY, B.C.

Nelson, B. C., Sept. 27.—Two hundred and fifty miners in the Kimberley camp, who went on strike on Sept. 12 for an increase in wages of \$1 per day, are still idle. The companies claim that the strikers are members of the One Big Union and state that they will refuse to negotiate so long as the men adhere to that organization. The strike was called by the Goodwin local union, said to be organized on One Big Union principles, and to be named for an alleged draft evader shot on Vancouver Island two years ago.

The WEATHER

Daily Bulletin Published by the Victoria Meteorological Department

Victoria, Sept. 27.—5 a. m.—The barometer is abnormally high over Northern B. C. and fine weather has been general along the Coast and throughout the Interior of this Province. Heavy frosts are reported in the Cariboo and in some parts of the Kootenay district.

Reports.
Victoria—Barometer, 29.86; temperature, maximum yesterday, 60; minimum, 49; wind, 14 miles N. westerly, clear.
Vancouver—Barometer, 29.90; temperature, maximum yesterday, 58; minimum, 49; wind, calm; weather, clear.
Kamloops—Barometer, 29.82; temperature, maximum yesterday, 68; minimum, 42; wind, 4 miles W.; weather, fair.
Barkerville—Barometer, 29.78; temperature, maximum yesterday, 42; minimum, 18; wind, calm; weather, clear.
Prince Rupert—Barometer, 29.26; temperature, maximum yesterday, 68; minimum, 46; wind, calm; weather, clear.

GRENADATE KILLS MAN AT PARRY SOUND

Parry Sound, Ont., Sept. 27.—One of the captured German guns loaned by the Dominion Government, which was among the attractions at the fair here, was the cause of the death of James Alves, of Carling, sixty-four years of age. He was Reeve of the Township of Carling and a director of the agriculture society, under whose auspices the fair was being held. The death dealing souvenir, a small machine with a grenade, was handled by hundreds on Thursday and was supposed to be harmless. A returned soldier yesterday placed his hand on the lever, and in an instant the war trophy exploded, with the result that Mr. Alves, who was standing some distance from it, received the grenade in the body. His death was almost instantaneous.

BIFF!

Stop jolting Liver and Bowels with violent drugs, but take "Cascarets."

"Dynamiting" bile out of your system with Calomel and other sickening purgatives is all wrong. Salts, Oil, and Cathartic Waters act by flooding the bowels with the digestive juices which are vital to the stomach. Cascarets are different. They act as a tonic to the bowel muscles, which is the only sensible way to relieve a bilious attack, a sour, acid stomach, or constipated bowels. There is no gripping or inconvenience. You naturally return to regularity and cheerfulness. Cascarets cost very little and they work while you sleep.

CHAIRMAN OF COMMERCE BOARD IN TORONTO

Toronto, Sept. 27.—For the first time in this city Judge Robson, chairman of the Board of Commerce sat with W. E. O'Connor, K.C., the vice-chairman, yesterday and the presumption is that the Board expects to hear something highly important at the sessions here.

Vice-Chairman O'Connor took occasion to reply in general terms to the strictures aimed at him by members of the House of Commons the other day. In brief, his explanation was that he had not said all the things he was said to have said done, and, he added, in justice to the press, no newspaper had published the statements attributed to him.

GIFT OF \$20,000

New York, Sept. 27.—A gift of \$20,000,000 from John D. Rockefeller for the improvement of medical education in the United States was announced yesterday by the General Education Board.

Mrs. Weather Has an Idea

Mrs. H. J. Weather says that no milk she has tried gives such satisfaction in custards.

She says "You never mention custards and I like it better for custards than in any other thing I make."

Thanks, Mrs. Weather.

LABOR AND THE TASKS CONFRONTING LEAGUE OF NATIONS

By George N. Barnes in The London Daily Chronicle.

Two or three years ago a League of Nations was talked about as an ideal possibility—it is now almost an accomplished fact. Politicians then regarded it as an amiable fad; they now welcome it as a means of deliverance from manifold troubles. When the British elections followed the termination of the war, and the Peace Conference was about to begin, those of us who had advocated a League of Nations pressed for its incorporation in the terms of peace. It is now a part of the Treaty which has been endorsed by the Parliament of the United Kingdom.

But other Parliaments have yet to endorse the Treaty, and in what follows I want to say nothing which will in any way lessen the chances of such endorsement. I want a more complete document for prevention of the future, but I do not want to jeopardise the chances of the Covenant of the present. The League of Nations Covenant is, I know, disapproved by many who looked to Paris for the emergence of a super-power to suppress aggressive war.

Strength of Nationalism. To the mind of the propagandist the course mapped out years ago for the purpose seemed simple enough. Nations were to pool their resources, they were to apply economic pressure, and then, if that were not enough, they were to subdue an aggressive Power by an international force which was to be ready constituted and mobilized. Like all pioneers, however, they underestimated the opposing elements. Some of us have been up against them since and we know their strength.

Chief among them is nationalism. It is a great force, to be reckoned with in our day and generation as the main factor in international relations. We have got to build internationalism upon nationalism.

And a brutal fact—nations are separated most by conflicting national interests. Under these circumstances, therefore, the problem of bringing—and keeping—the nations together in co-operation resolves itself into one of creating a common interest, or interests, between them.

The horrors of the war have given for the moment a sort of sense of community of interests. Any effort to prevent similar horrors for the future will get at least lip-service for the present. But that will pass away, as the horrors of the recent war fade from memory. Common action in matters of common concern must then become effective in the interests of world peace.

International Co-Operation. And this brings up a whole crop of questions to which adequate consideration had not been given. International co-operation is practical affairs had not been entirely unknown, but its advantages had not been fully realized. When the League came to be considered, however, as a practical proposition, it became evident that there was a fruitful field for further exploitation, and that the best way of getting the League developed was to get it to function in matters of every-day life and concern to the peoples. Industrial and economic questions are, or have been, disturbing factors in world affairs, because competing and selfish interests have been left free to make them so. There was no authority to control them.

One of the most important Articles, from the point-of-view of the foregoing considerations, is that by which the members of the League bind themselves together to maintain fair and humane conditions of life.

An organization of labor has been agreed upon to be established at the seat of the League. There will be a permanent secretariat which will gather information and prepare an agenda each year for the conference of representatives of States, employers, and employed. This conference will draw up conventions or recommendations for the competent authorities of the nations which are members of the League. By these means it is hoped and believed that a most necessary and wholesome check will be given to competition of countries in which labor is sweated and oppressed.

A Combined Advance. This will not only benefit the peoples of these backward countries, it will raise the standard of life everywhere. How often have emigrants in countries of comparatively high wages urged foreign competition of the low-wage countries as one obstacle to improvement? The argument is not always sound; emigrants may have had full value for relatively higher wages by relatively greater efficiency. But it has sometimes been effective. Hence the need for concurrent advance in all countries.

If Great Britain advances in its standard of wages only in the same degree as compared with Japan, then British employers are in no worse position as compared with Japan than before such advances. If India raises her starting age of children in industry to the same extent as America, then they both occupy the same position in the world competition as before the changes were made.

If women and children are protected everywhere from excessive work and poisonous processes, then no change is made to the detriment of any one country.

The concurrent advance in the matter of social and industrial well-being is what is aimed at in the Labor Chapter of the Peace Treaty. To achieve it is the business of the separate organization which has been set up under the aegis of the League of Nations, and which will hold its first meeting at Washington in October.

Detailed proposals, framed in the light of information collected in respect to industrial conditions in all countries, will be submitted. These proposals, however, will be submitted to the Governments prior to the conference, so that the Governments may advise their representatives upon them, and will therefore be to an extent morally bound to accept the principles involved in them. This, indeed, may be said to be the feature which will distinguish the conferences of the League organization of labor from international conferences no labor with which we have been familiar. These gatherings have been in the main, of representatives of labor only, and they have adopted resolutions of an idealistic character which, whatever their effect on the

OWES HER LIFE TO "FRUIT-A-TIVES"

The Wonderful Medicine, Made From Fruit Juices and Valuable Tonics.

MADAME ROSINA FOISZ

29 St. Rose St., Montreal.
"I am writing you to tell you that I owe my life to 'Fruit-a-tives.' This medicine relieved me when I had given up hope of ever being well."

"I was a terrible sufferer for Dyspepsia—had suffered for years; and nothing I took did me any good."

"I read about 'Fruit-a-tives'; and tried them. After taking a few boxes, I am now entirely well. You have my permission to publish this letter as I hope it will persuade other sufferers from Dyspepsia to take 'Fruit-a-tives' and get well."

Madame ROSINA FOISZ.

"Fruit-a-tives" is the only medicine in the world made from fruit.
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

public mind, have not eventuated in immediate practical results. In future practical results will be achieved by all-round co-operation.

Employers also will be represented. In fact, the new conditions bring in all interests to work together for the common good.

The new organization does not enter into competition with any existing organization because there is no other—and never has been any other—like or similar to it. It is supplementary to other organizations. It is designed to bring humane aspirations into relation with the realities of daily life.

Admission of Germany. There has been much discussion in respect of admission of Germany. Such admission is clearly desirable, inasmuch as the Conference, writ ought to run there as elsewhere. The matter is one, however, for the League itself to decide, and is left therefore for decision at Washington, where there is little doubt as to the result. Germany will, I believe, be invited to join, and thereby the door opened for her to enter again into the family of nations. It will be a pride to her entry into the League.

But now, apart from these activities on Labor matters, which in themselves will contribute to promoting a spirit of unity—how can the League itself function in keeping the peace?

Its Covenant now makes provision for arbitration, but the award may be disregarded after its issue. It is a danger that aggression without submission to arbitration is recognized as an act of war, involving instant boycott, and it is also true that the submission to arbitration gives time for reflection.

The danger still exists of a self-sufficing Power breaking through and achieving its object before the League forces could be mobilized. Provision must be made against this possibility. The League must be armed with some moral force to back its decrees. There is already a copedition of things in south-east Europe in which international action would be justified, but which cannot be taken because as yet there is no international force available for the purpose. Small States have flouted the advice of the Allies. The condition of things is becoming intolerable.

Material Force Necessary. An agitation is on foot for retention of British troops in the Caucasus to protect the Armenians against the two adjacent republics who have severed connection—for the time being—with Russia. The Turks are near, and are said to be preparing to co-operate in the congenial operation. Masacre is said to be impending in the event of our troops being withdrawn.

But, terrible as is this prospect, the time has come when Great Britain must get relief from some of its obligations. We cannot afford to police the world. The war has left some problems, but has left—has, indeed, created—others which are essentially international in character, and should be dealt with by an international authority. The League of Nations must become that authority.

I believe that, in order that the League may become a reality in actual affairs of this kind, it should be armed with some force to be applied on behalf of all its members.

No provision is made in the Covenant of the League for the establishment of such a force, but, on the other hand, there is no express consent against it, and I hope that its establishment may be discussed by the League at an early date. Meantime, it is up to those specially interested in the Armenians to show sympathy by practical help and co-operation in their protection.

CHILDREN NEED HELP
Spanking doesn't cure bed-wetting—the trouble is due to weakness of the internal organs. My successful home treatment will be found helpful. Send no money, but write me today. My treatment is equally successful for adults, troubled with urinary difficulties.

THE STRIKE COMMENCED.

Great Britain's nation-wide railway strike has begun. So far as could be learned at ten o'clock this morning, the members of the National Union of Railwaymen had walked out in a body, and transportation services all over the country had come to a complete standstill. Early this afternoon the President of the Union interviewed Sir Eric Geddes, Minister of Transportation, but there is no indication that the meeting had anything to do with re-opening negotiations. It may suggest that the Government and the men intend to keep on friendly terms.

It is too early for cable reports of any detailed effects of the tie-up, although a meagre knowledge of Great Britain's vast network of transportation services is sufficient upon which to form an idea of the dislocation that would follow the withdrawal of train services. It is estimated, for instance, that between the hours of seven and nine in the morning very considerably more than a million of London's toilers pass their daily tasks through Liverpool Street station alone. At the other great termini there are similar early morning scenes. At Birmingham, Manchester, Bradford, Leeds, Liverpool and at all centres with scattered residential communities surrounding, this morning's conditions would present a striking contrast to normal times. Just how much or how many of the services it may be possible to operate with volunteer or military workers depends upon the weight the Government intends to put into its fight with the National Union.

Mr. Lloyd George apparently has come to the conclusion that some individuals at least want a quarrel at any cost. He sees in the precipitancy of the Union's action a deliberate and matured intention to cause trouble. There would appear to be very little doubt about his diagnosis, and in the meantime it can be expected that the miners and the transport workers are devising an easy means of adding to the trouble.

Britain is undoubtedly facing a very uncomfortable set of circumstances. Her belief that the "direct actionists" had been wooed from their plots has had a rude awakening, and it looks as if the Glasgow Congress had a definite object in avoiding a straight vote on this particular question. It will be remembered that the discovery of a technicality automatically shelved the discussion of the subject.

In the event, however, of the railwaymen being joined by the miners and transport workers "direct action" will have been applied, and the people will know exactly how it feels to be under "Smilie" rule. Nobody can tell yet how far the public will side with the strikers. But it is well known that for years the railwaymen and the miners for that matter, were poorly paid. Profits from both businesses have been consistently enormous. On the other hand, very many liberal concessions have been made during the last two years. Apparently, however, reforms brought about by the pressure of war are not sufficient to convince the miner and the railwayman of the Old Country that the future is going to be a bed of roses.

ALIENS AND COMMISSIONS.

From an executive meeting of the Provincial command of the Saskatchewan Great War Veterans' Association a request has been sent to the Government urging that no commissions be issued to alien enemies for J. P.'s, Notaries Public, or Commissioners for Oaths after December 31 next. In a brief dispatch from Regina it is not disclosed whether the Government of Saskatchewan has been in the habit of placing enemy aliens in privileged positions of this kind during the war. If such is the inference the nature of the Association's request is easily understood. It should not be necessary, however, for any organization to pass a resolution of this kind. Whatever benefit attaches to public offices in this country should be reserved for Canadians, with preference given to returned soldiers.

THE UNION GOVERNMENT.

Sir Robert Borden's ill-health and the announcement that he will be unable to attend the present Session of Parliament have given birth to the rumor that he is about to retire from the leadership of the Government. This rumor has been denied, although not very emphatically, but a caucus of the Government will be held next week after which we shall know, perhaps, exactly what the disposition of the Prime Minister is and what his future course is likely to be.

It has been stated that if Sir Robert resigned his successor probably would be Sir Thomas White, but this is very doubtful. The former Finance Minister has been unwell for some time and, in any case, is hardly likely to aspire to the leadership of a party whose stability and prospects are so precarious.

Notwithstanding the efforts that are being made to establish the Unionist party on a sound basis, there are so many obstacles in its path that it is a bold prophet who will venture to predict with any degree of certainty that it will be in existence a year from now. It was an expedient dictated by the exigencies of war and, like most expedients of its kind, it is exceedingly difficult to adjust to the conditions of peace.

The war mentality and the peace mentality are two absolutely antagonistic things, and war Governments seldom survive more than a short time beyond the peculiar stage for which they

are created. They are invariably composed of elements which, while united on war policy, are hopelessly irreconcilable in respect of the problems of peace. The high protectionist and low tariff members of the present Unionist party at Ottawa cannot find a common understanding unless one or the other groups throw their convictions and principles overboard, in which case they will find it hard to square themselves with their constituents. Leadership of the Government, therefore, is beset with formidable complications and calls for qualities which no member of the Cabinet, from the Prime Minister down, possesses.

THE BOARD AND SHOES.

When the Board of Commerce commences its inquiry into the textile and boot and shoe industries at Montreal it is probable that the Provincial Governments of Saskatchewan, Manitoba and Alberta will be represented by counsel. In that case it is proposed that an eminent Winnipeg lawyer shall represent the three Provinces jointly. There is no suggestion that British Columbia should join in and, as matter of fact, it might be just as well if this Province were to send its own representative. If the Board is to be placed in possession of information leading to relief for the consumer it is absolutely necessary that all evidence should be given with a due regard for a complete knowledge of the circumstances affecting each Province. Conditions in British Columbia have their peculiarities and, while its own representative may not succeed in halving the price of boots and shoes, there should be some satisfaction in pleading our own cause.

AMAZING IGNORANCE.

Some of the critics of the peace treaty south of the international boundary line appear to be hard-pressed for material. Here is a sample of the stuff dished out to the public by the Republican Publicity Association:

"In Canada, which is to have a vote equal with the United States in the League Assembly, the Governor-General is chosen by the King of England. The Governor-General chooses the upper House of Parliament, whose members must have property of the value of not less than \$4,000. Any law passed by the Dominion Parliament can be vetoed by the Governor-General and even if approved by him, may be nullified within two years by the King of England. Canada is not a self-governing as the State of New York and has not as large a population."

If this expresses the average conception of the political system of Canada in the party in whose behalf this statement has been issued, it is apparent there is vast room for enlightenment among our neighbors concerning the greater part of the world; for, obviously, the authors of this amazing document must know even less of the political conditions of other countries than they know of Canada, their closest neighbor. Any ordinary High School boy in Canada has a much better knowledge of the system of Government in the United States than these public men have of Canadian affairs.

THE FARMERS' PARTY.

Unusual interest will lie in the elections to be held in Ontario on October 20 on account of the appearance of the United Farmers as an organized independent political party. There will be sixty-six candidates of this new element in the field, and their nomination has occasioned no little concern on the part of the old-line party managers. Each side has been endeavoring to show the United Farmers that their true interests lie in associating themselves with the respective Conservative and Liberal camps and, having failed to do this, it is trying to convince the electorate that the third party candidates are masquerading under false colors and are actually affiliated with its party opponents.

The secretary of the United Farmers party has issued a statement declaring that the farmers' candidates are strictly independent of both Conservatives and Liberals and have no understanding secret or otherwise with either. The Labor party also is well represented in the contest and the prospects are that if there is any fusion at all it will be between that party and the United Farmers. This is the first time in any provincial election in which a group independent of either of the old political parties has been so strongly represented among the candidates, and unless the margin between Liberals and Conservatives proves to be very large the United Farmers and the Labor party are likely to have the balance of power in the Legislature.

If any considerable number of the United Farmers' candidates should be returned the result will act as a powerful stimulant to the farmers' political movement elsewhere, and probably will encourage this element to try the wider field of Federal politics on a large scale. In any case the outlook in Ontario at this range appears to be that the monopoly of representation in the Legislature by the Liberal and Conservative parties is at an end.

BOTHA AND LAURIER.

With the passing of General Botha there has disappeared one of the most eminent statesmen of the Empire, one who represented more than any other perhaps, that principle of colonial liberty to which we wish to see the Government of the different Dominions remain faithful. The personality of Botha was singularly like that of Laurier, and these two great men, animated by the same spirit, always had great admiration for each other. Representative, both of them, of minorities, they had the same conception of colonial bonds, the same ideas of toleration. At the head of the Boers during the war of 1899, Botha was one of those who accepted with good grace the free government which, in the sequence, Great Britain offered to South Africa. He passed through the period of war and the period of reconstruction, playing a preponderant part in the one as in the other. And it was one of the victors of British colonial policy that transformed the enemy of yesterday into a firm and loyal ally—a victory alike for Britain and the young republicanism over whose destinies Botha was called to preside. His life stands a striking lesson in toleration. He stood high above the clamors of prejudice and against isolation, and pleaded for that good understanding between races of which Botha and Laurier were the two most brilliant examples in the Empire.

SAANICH EXHAUSTS HOUSING ALLOWANCE

Further Applicants Will Have to Wait Till Spring For Additional Appropriation

While some of the municipalities on Vancouver Island are still hesitating with the soldiers' housing scheme, the Saanich Council last evening found itself obliged to suspend any more loans, the appropriation of \$45,000 allowed under the regulations having been exhausted.

The Council, in approving two further loans, previously under consideration, and accepting another application, decided in view of the exhaustion of the appropriation to notify applicants that further loans would not be available until the spring, by which time it is hoped that additional sums will be appropriated.

The average cost of the 14 houses approved will be, for small houses \$2,600 each, and larger ones \$3,000. The balance of the vote has been used in purchasing lots for soldiers without the sites for building.

The Council, which has been paying \$6 a day for carpentering work on the houses, was notified that \$6.50 was considered the proper wage. The matter was left to the officials for adjustment.

Library Question.

A deputation from Ward Four, headed by Trustee P. C. Coates, waited on the Council with regard to the deprivation of library facilities owing to the dispute between the City Library Commissioners and Saanich Council about the grant in aid. The deputation wanted the situation cleared up in the interests of education, and eventually it was decided that the Council members would seek an early meeting with the city commissioners on the subject.

Threatened Suit.

Notice was given of a threatened suit on behalf of John Watt, for alleged trespass on the hill at Seale, near Maple Farm, by the municipality using land and removing timber on land claimed by the plaintiff.

Other Matters.

In the course of a long session the Council appointed Reeve Jones, Councillor Henderson and Municipal Clerk Cowper as the Saanich delegation at the Good Roads League Convention, and the Convention of the Union of British Columbia Municipalities, at North Vancouver, during the week commencing October 5.

Several sub-division plans were before the Council. The Council leased a piece of waterfrontage on the Gorge for the swimming pavilion of the Victoria Amateur Swimming Club. A claim for damages for an accident on an old subdivision bridge in Garden City, lodged by Mr. Ryan, was considered, and while liability is denied by the Council, some settlement to avoid a lawsuit was indicated.

Owing to the late hour the lighting question was not taken up at the meeting.

VANCOUVER OBJECTS TO TRANSFER HERE

Want Soldier Patients to Remain in Hospitals on Mainland

That there is no justification for the action of the military authorities in transferring all soldier patients from the military annex of the Vancouver General Hospital to Esquimalt and other hospitals on Vancouver Island, was the unanimous opinion voiced by members of the Vancouver Hospital Board.

It was announced that the total funds collected in the hospital drive would be at least \$200,000, although the exact figures are not yet available by the drive committee. That the Vancouver federal members be asked to assist the hospital in securing the loan of some of the equipment left by the military upon vacating the annex, and be requested to bring the matter before the Government, was the effect of a resolution endorsed by the board.

"It is a shame after the citizens have spent \$40,000 on the erection of the building," and "they are most arbitrary, to say the least," were some of the expressions heard during the discussion concerning the decision of the military authorities to convey all returned soldier patients from Vancouver to the Island.

Taken to Esquimalt.

Under a reorganization of the military hospital system the C. A. M. C. will on October 15 be taken over by the Invalid Soldier Commission. While there are only 150 military hospital cases on the mainland at present the General Hospital has accommodation for 250. At the time of the Shaughnessy Hospital fire Dr. MacEachern advised the military that the lower floor of the Military Annex was empty, as was also the whole of the emergency hospital across the road; and although the soldiers from Shaughnessy used this accommodation for a short time they have since been conveyed to Esquimalt.

TO FRENCH FAMILIES.

Paris, Sept. 27.—Ninety French families with nine children living will each year hereafter receive donations amounting to 25,000 francs each. The French Academy has just received a donation for the foundation of this work from M. and Mme. Cognac.

PRINCE AT FAIR FOR SHORT PERIOD

(Continued from page 1.)

"You are a returned soldier, and I will give you the last one," said the Prince as he handed back the photograph.

Gifts From Stalls.

As he passed the Phillip's chocolate stand Miss May Knight, of Esquimalt, who was in charge, gave him a large box of chocolates. He took them, thanked her, and smiled at her.

At the next stand Mrs. E. Frew held up a tin of cleaning compound as the Prince was starting down another aisle. The tin caught his eye. "What is that for?" he asked, and went back to see it. Mrs. Frew then gave him a demonstration of cleaning gloves, after which the Prince accepted the tin, while the crowd cheered and applauded.

When the Prince arrived he was met by Mayor Porter, who presented to him the Hon. John Hart, Carl Pendray, president of the Fair; George I. Warren, manager, Publicity Commissioner McAdam, Gordon Jameson, S. J. Halls, J. C. Richards, W. A. Jameson, W. H. P. Sweeney, J. F. Scott, president of the Rotary Club; John Cochrane, President of the Canadian Club; S. F. Newton and F. Westley Newton, secretary of the Royal Wreck Committee.

The Prince then asked what the object of the Fair was, and Mr. Pendray told him it was to encourage Victorians to patronize their own industries and help out in righting the balance of trade which is running against Canada.

"That's a fine idea," remarked the Prince. While he was inspecting the fruit exhibit the Prince asked Mr. Warren if oranges grew here, and when told that they did not he asked whether the tomatoes shown ripened outside. He was much interested in the apple exhibits.

At the exhibit of dolls by the Beehive the Prince stopped. "Are all these dolls made here?" he asked.

Other returned soldiers who shook hands with the Prince were Joe Parker, W. Pugh, H. Hillingworth, C. Ogden and Jack Biggen. The Prince stopped at the art exhibit of Miss Nora Southworth and signed her album. He also signed "Edward P." on the back of a small miniature belonging to Miss Grace Roshier who was in the same booth.

Mrs. J. H. Staveley welcomed the Prince to the brilliant exhibit of the Gordon Head Women's Institute. He shook hands with her. "You won't forget B.C. when you leave?" asked Mrs. Staveley. "No, I won't and I want to come back again," replied the Prince. "You are enjoying our nice weather here?"

"Yes, very much indeed." At the stand of the S.P.C.A. Mrs. Henry Crane greeted the Royal Visitor, who said he would like to become a member of the association.

At the end of the booth was an old English bottal dog and a number of puppies. One of the women asked him to name one of the puppies. "I'm afraid that I can't run to that as I have not an inventive brain," replied the Prince.

The Prince signed his name at the stand of the Navy League, where he was greeted by Seymour Greene. He signed the register and then the following were presented to him: Mrs. Thompson, president of the Ladies Guild; Mrs. Gilbert Cook, in charge of the stall; Mrs. Mortimer Appleby, Mrs. W. Row-Sayer, Mrs. Seymour Greene, Mrs. Hamilton Gray, Mrs. Charles Moore, Mrs. Evans and Mrs. Purser. The Pathfinders, Norman Yarrow showed the Royal

The Casserole Makes New Dishes Possible and Old Ones More Delicious

In our main floor display some newly-arrived casseroles of brown Guernsey ware are marked at specially attractive prices.

 GOVERNMENT STREET. OPPOSITE POST OFFICE

asked. He was informed that they were.

Visits Restaurant.

As the Prince was passing the foot of the stairs, Mrs. E. J. Hearn, of the King's Daughters, smiled at him. "Won't you come up?" she asked. The Prince turned and followed her upstairs, where he looked over the lunch room of the King's Daughters. Mrs. Hardy and little Miss Hearn were introduced.

At the bee exhibit the Prince made an extended stop. There G. D. Davis was in a cage of netting with thousands of live bees flying around and crawling in his living. The Prince moved up close to the netting, when Mr. Davis took a slab covered with bees out of a hive and pressed them to his cheek. Other bees were crawling over his clothes and around his neck.

"You can come in with safety," said Mr. Davis.

The Prince thought he would rather not.

At Soldiers' Exhibit.

At the exhibit of art, needlework, basketwork and hammered brass by the soldiers of the R. C. B. Board, the Prince shook hands with J. W. Cashmore and Pte. A. C. Lane, of the 7th Battalion, who was in uniform. He complimented them on the exhibit and told them of being up at Qualicum, where he saw many of the returned boys.

The returned soldiers' electrical shoe repairing stand was in full operation when the Prince came to it. He shook hands with Ted Hawkes, asked him what battalion he had been with in France and how he was getting on with his training for civil life. He had a long talk with F. Smith, instructor of the shoe repairing class, asking about the work of the men.

"I suppose that little fellow there has been a member of the Life Guards in London," the Prince jokingly inquired, pointing out a very short man who was working at one of the machines.

Other returned soldiers who shook hands with the Prince were Joe Parker, W. Pugh, H. Hillingworth, C. Ogden and Jack Biggen. The Prince stopped at the art exhibit of Miss Nora Southworth and signed her album. He also signed "Edward P." on the back of a small miniature belonging to Miss Grace Roshier who was in the same booth.

Mrs. J. H. Staveley welcomed the Prince to the brilliant exhibit of the Gordon Head Women's Institute. He shook hands with her. "You won't forget B.C. when you leave?" asked Mrs. Staveley. "No, I won't and I want to come back again," replied the Prince. "You are enjoying our nice weather here?"

"Yes, very much indeed." At the stand of the S.P.C.A. Mrs. Henry Crane greeted the Royal Visitor, who said he would like to become a member of the association.

At the end of the booth was an old English bottal dog and a number of puppies. One of the women asked him to name one of the puppies. "I'm afraid that I can't run to that as I have not an inventive brain," replied the Prince.

The Prince signed his name at the stand of the Navy League, where he was greeted by Seymour Greene. He signed the register and then the following were presented to him: Mrs. Thompson, president of the Ladies Guild; Mrs. Gilbert Cook, in charge of the stall; Mrs. Mortimer Appleby, Mrs. W. Row-Sayer, Mrs. Seymour Greene, Mrs. Hamilton Gray, Mrs. Charles Moore, Mrs. Evans and Mrs. Purser. The Pathfinders, Norman Yarrow showed the Royal

visitor the Pathfinder at the exhibit of Yarrow, Ltd. and a number of photographs of the plant at Esquimalt. After this Mr. Yarrow walked to the door with the Prince, who discussed with him details in connection with the trans-Pacific aeroplane flight for which Mr. Yarrow and others have announced a prize of \$50,000.

As the Prince left the building Mayor Porter called for cheers, which were given by the crowd. Even after he got into his motor car on the street, the crowd swarmed around him seeking his signature and offering him samples.

At the request of Seymour Greene, secretary of the Navy League, the Prince signed the visitor's book of the Connaught Seaman's Institute.

FRENCH DEPUTIES WISH TO BE SURE GERMANY DISARMED

(Continued from page 1.)

Turmoil

Washington, Sept. 27.—A heated clash between Senator Johnson of California, one of the leaders of the treaty opposition, and Senator Williams of Mississippi, one of President Wilson's chief spokesmen, over the right of the United States to have as many votes as the British Empire in the League of Nations, kept the Senate in such a turmoil yesterday afternoon that extra guards had to be stationed in the galleries to maintain order.

Senator Williams presented a petition signed by many Californians,

among them twelve members of Senator Johnson's campaign committee in 1916, urging the immediate and unqualified ratification of the peace treaty.

FREDERICK HARTWICK ACQUITTED AT KINGSTON

Kingston, Ont., Sept. 27.—This morning, after having been out three hours, the assize jury here brought in a verdict acquitting James Hartwick of the charge of shooting and killing his stepson, Frederick Hartwick, near Parham.

When the foreman announced the verdict the crowded court room burst into handclapping, which continued for several minutes.

Hartwick, who had been in jail since last February, said: "Now I suppose I had better go down the street and buy a straw hat."

NO SURVIVORS OF STEAMSHIP VALBANERA

Key West, Fla., Sept. 27.—With the Spanish steamship Valbanera known to be rapidly sinking into the quicksands off Rebecca Shoals, hope of definitely ascertaining the fate of her complement of 458 passengers and crew rapidly is waning. No word has reached here of any survivors from the lost ship having been landed.

It's the Personal Guarantee That Counts

Mr. Thos. A. Edison is personally back of every Phonograph bearing his name.

His is the only sound-producing instrument of any note on the market to-day that is sold under the name of the inventor and known all over the world as

The NEW EDISON

Mr. Edison's reputation cannot be questioned. He has devoted years of his life to perfect his Phonograph and place real music within the reach of every home. He is personally interested in every Edison Phonograph sold. He insists that his Re-Creations should only be played on the New Edison, the only instrument which uses a proper diamond for re-creating music, and from which can only be had that life-like reproduction which uses the most critical to detect the difference between Edison's Re-Creation and the original voice of the artist.

Don't be ejected into buying some makeshift that you may be told is as good as an Edison.

PLAN FOR GIRLS' CONFERENCE HERE

Plans are being completed for the Conference for older girls which will be held in Victoria from October 3 to 5, as part of the national co-operative movement under the United Church Forward Movement embracing all churches.

Miss Renny, of 500 St. Charles Street, is secretary of the billeting and registration committee, and is assisted by a local advisory committee on girls' work.

Among those conducting the Conference here will be the Rev. A. H. Sovereign, of the Anglican Church; the Rev. W. E. Galloway, of the Methodist Church; the Rev. E. R. McLean, of the Presbyterian Church; Miss Isobel Harvey, of the Y.W.C.A.; and T. H. Hutchinson, of the Y.M.C.A.

VANCOUVER ISLAND NEWS

Threatened by Fire.

The little settlement at Grant's Mine, near Nanaimo, was in great danger Thursday of being swept away by fire. The bush fire which began last Thursday on the Hinksman property is threatening the residences at the mine, which are emptied of their contents by the frightened families. The surface works of the mine have been saved only by hard fighting during the last two days by a large force of men. The Nanaimo fire engine answered an appeal for help and did good service in pumping water from the bay to extinguish the blaze that was menacing the pithead. While the situation is serious, the latest reports are hopeful.

May Form Women's Body.

Next Tuesday a meeting will be held to consider the organization of a local Council of Women such as is found in Vancouver and Victoria. The local Council of Women aims to bring together women's organizations, and according to the constitution is a "federation of societies and associations of women interested in philanthropy, religion, education, literature, art and social reform, banded together for the furtherance of the Golden Rule." The Easton Chapter, I. O. O. E., is calling the meeting, which will be held in the Odd Fellows' Hall at 8 p. m.

NEWS AND NOTES OF THE MINES

Approximately 1,000 tons of ore has already been shipped from the Dolly Varden mine, and it is going well over fifty dollars a ton on the total shipments.

The suggestion is being made, and it is understood it meets with the entire approval of the mining engineer, that the Government should do something to increase the facilities at Alice Arm. One suggestion is that they should purchase the Dolly Varden Railway wharf and increase its capacity. The purchase money would give the company some funds with which to increase its equipment and provision could then be made for bunkers, both for the use of the Dolly Varden and for the other mines up the valley which will be making shipments almost immediately.

Work is proceeding on the development of a good many of the properties up the valley, and by spring there should be a number of shipping mines in the district.

Drum Lumber.

The Drum Lumber Copper Co. has elected the following directors for the ensuing year: Messrs. W. P. Sloan, president and managing director; Capt. Kenney, W. Paterson, J. Maitland, J. F. Mends, J. Thom; secretary-treasurer, E. McLaugh. Considerable gold is being obtained. The mill has produced fifteen tons of concentrates of high grade, which are ready for shipment to the smelter.

Nugget Mines.

With the object of placing the Mother Lode compressor beyond the reach of any fire water shortage in Sheep Creek, the management of the Nugget Mines, Ltd., says The Nelson News, has decided to rebuild the broken portion of the pipe-line, from the north fork of Sheep Creek. Only the pipe-line from the south fork has been in use since the Nugget Mines took over the Mother Lode, and during the recent dry season the water shortage became acute. Conditions are now better, and the compressor operates for one shift a day.

During the period of the long shut-down, when the two big properties on Dominion mountain were idle, a slide took out a section of the north fork pipe-line. The water, pouring from the broken 16-inch pipe, did some effective natural ground-slucing, and in process of time the wash was swept away and the bed-rock exposed, a hole 39 feet deep and 120 feet long being formed. A trestle will be built across this hole, to carry the new section of pipe. It is intended to later carry cables across and suspend the pipe, so that the trestle can be removed, and the pipe be no longer in danger from slides at that point.

The long crosscut into Nugget ground from the workings of the Mother Lode is proceeding steadily, but slowly, as a belt of extremely hard rock has been encountered.

"Wonderful!" said Dubbon, enthusiastically as he gazed at the new Garraway baby.

"Do you wonder I am proud of him?" asked Mrs. Garraway.

"No, madam, I do not," said Dubbon. "Indeed, I realize more than ever now the truth in the old saying that a woman's crowning glory is her heir."

A BEDTIME STORY

UNCLE WIGGILY AND THE COCOANUTS
Copyright, 1919, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

"Dear me, Uncle Wiggily!" said Nurse Jane Fuzzy Wuzzy, the muskrat lady housekeeper, when the bunny rabbit gentleman came down stairs in his hollow stump bungalow one morning. "Here is another."

"Another what?" asked the rabbit.

"Another funny little letter written on white birch bark paper with purple poke berry ink," said the muskrat lady. "Jackie Bow Wow, the little puppy dog boy, left it here not five bars ago. Perhaps it is another invitation to a candy pull."

"Perhaps it is," said the bunny. Then he opened the letter and read it. "This is an invitation from Jackie Bow Wow to come to his camp fire to-night," said the bunny. "He and his brother Peetie, and some of the other animal boys, are going to roast chestnuts at a camp fire in the woods."

"You aren't going, are you?" asked Nurse Jane, "even if they did invite you?"

"Of course I'm going!" cried Uncle Wiggily. "Do you think I want any of those animal boys to get burned? I guess not! I'm going to look after them!"

"Oh!" said Nurse Jane, and she never spoke another word. But she thought a lot.

And so, a little later in the evening, Uncle Wiggily, putting on some

IN WOMAN'S DOMAIN

Social Personal

Thomas Cavan, former member for Cranbrook, arrived in the city yesterday.

Mr. and Mrs. Jack Allen are now on their way to New Brunswick on a three weeks' visit.

Mr. and Mrs. E. V. Chaplin, of Vancouver, are holidaying in this city for a few weeks.

Col. and Mrs. Thomas Henley, en route to Sydney, Australia, are now at the Empress Hotel.

Mrs. Napier Gowen, of this city, was the guest of honor at a tea given a few days ago at the Hotel Vancouver by Mrs. Adam, of Holly Lodge.

Major and Mrs. Roger Monteith, formerly of this city, who have been residing in Vancouver for a year, are returning to Victoria shortly to make their home.

The engagement is announced of Miss Constance Bryson, daughter of Mrs. L. A. Currie, of 1758 Seventh Avenue West, Vancouver, and Harry H. Boyle, of the law firm of MacFarlane & Boyle, of this city. The marriage will be celebrated next month.

Announcement is made of the engagement in England of Margaret, the only daughter of Mrs. J. B. Clarke, of Calgary, and Captain A. G. Dobbie, K. O. S. B., second son of Col. H. H. Dobbie, of Maple Bay, Vancouver Island. The marriage will take place very shortly.

Travers Davis, son of Dr. L. T. Davis, of Parksville, Vancouver Island, has arrived in Vancouver to attend the University, when he will take a special course in agriculture. Mr. Davis has just recently returned from overseas. He is for the present a guest of Fred Dykes, Granville Street.

Lieut.-Col. W. W. Foster, head of the 52nd Battalion in France, returned yesterday to Victoria from Ottawa. He has been on a three months' trip to the East with his family, during which time he took a holiday in the mountains and looked

good for Jackie's camp fire party," spoke Uncle Wiggily.

"That's right!" chattered the monkey chap.

Then all three of them hurried along in the woods and pretty soon they saw a bright light shining through the trees.

"That's the camp fire!" cried Jumbo.

"And now for some fun!" added his brother. "Come on, Uncle Wiggily!"

A little later they were in the midst of a happy, jolly crowd of animal boys—none of the animal girls were allowed that life.

There were plenty of chestnuts, Johnnie and Billie Bushtail, the squirrels, had gathered them in the woods. And now, seated about the fire, Uncle Wiggily and his friends began roasting the brown nuts.

"Oh, how good the chestnuts smell!" The next best thing to them is a baked potato. I'll tell you about them, some day.

All of a sudden, when everybody was happy, and the chestnuts were almost roasted through, and ready to eat, all at once there was a loud laugh in the darkness behind Uncle Wiggily, and a voice said:

"Come on! Here he is!"

A moment later, and before Uncle Wiggily could jump up, the Pipsaw and the Skeesticks leaped out of the bushes and grabbed him.

"This time we have you!" growled the Pip.

"Yes, and you can't get away, either!" howled the Skee.

"Dear me! This is quite too bad!" said Uncle Wiggily with a sad sigh. "Will nothing make you let me go?"

"No Nothing!" growled the Pip.

"We want some souse!" howled the Skee.

Jacko Kinkytail, the monkey boy, rose up with the bag he had been carrying in his paw.

MRS. RITER HAMILTON'S FRENCH PICTURES READY

A wonderful collection of new paintings, drawings and sketches of the war zone in France prepared for the Amputation Club, Vancouver, by the well-known artist, Mrs. Mary Riter Hamilton, will be shortly on view in Vancouver. Mrs. Hamilton went to France to fulfill a commission for the club.

The veterans of the Amputation Club had the enterprise to grasp the opportunity of securing the services of such a talented Canadian painter, and so put into effect the very natural desire to secure while it was yet possible an outstanding series of vivid impressions of that part of the war zone which is hallowed in Canadian blood and the hundreds of graves of Canadian heroes.

It was in March of this year that, after arrangements had been made, Mrs. Hamilton left Canada for France. After a brief visit to Paris and to the Canadian military headquarters, Mrs. Hamilton proceeded to Arras and about the middle of April was at Vimy Ridge and Lens, seeing for the first time the spots so familiar to every Returned Canadian soldier. The principal numbers are in oils, and some are very ambitious canvasses.

She is well-known in Victoria, where she made her home for a considerable period.

Not A Bleamish mear the perfect appearance of her complexion. Permanent and temporary skin troubles are effectively concealed. Reduces unnatural color and corrects greasy skins. Highly antiseptic, used with beneficial results as a curative agent for 70 years.

PAYS TESTIMONY TO W. R. A. F. GIRLS

Mrs. Moss, O.B.E., Speaks of Women's Work for Aviation in Britain

"One sometimes hears adverse criticisms on the manner in which the girls smoked and wore male dress, and generally comforted themselves as good sports, and their behaviour is contrasted—to their detriment—with the modest decorum of their grandmothers. But I know through experience that their hearts are as sound as their grandmothers." In these words Mrs. M. Moss, O. B. E., of Cowichan station, to a Times' representative defended the integrity of the 11,400 girls of the Women's Royal Air Force, with whom she was associated for over two years in England.

Mrs. Moss was among the ladies honored by the Prince of Wales at Duncan on Friday—His Royal Highness chatting with her for some minutes.

Canteen Work.
When her husband, Col. Moss, who is a former Imperial officer, left early in 1915, Mrs. Moss followed to England. She worked for some time in the canteens connected with the camps in Shropshire, where her husband was stationed. Later she joined the Women's Royal Naval service, commonly known as the "Wrens," taking her training at the Crystal Palace.

Chief Staff Officer.
After qualifying she was appointed principal of the Portsmouth division. Six months later, Mrs. Moss was transferred to the Women's Royal Air Force, and owing to her executive ability was made chief staff officer of the S. E. Area, Headquarters, her command covering London and the Home Counties.

Her duties were purely of an administrative nature, including inspection, and her command embraced 11,400 girls and 200 officers. The girls were employed in every branch of aerial construction and repair work, including the cleaning of the guns used in the aerial defences, carpenters, riggers, fitters, acetylene-welders, storekeepers and in every other phase of work.

Menial Duties.
"The women were simply marvellous," said Mrs. Moss. "It requires a very high sense of patriotic duty to get up at daybreak on a cold winter's morning and cheerfully go down into a 'galley' to do work of a menial character. I consider it a very valued privilege to have come in contact with such splendid women. After the signing of the armistice when strikes among the men workers were, unfortunately, a frequent occurrence, the women worked on harder than ever, never relaxing their output or effort."

Decorated by King.
On her husband's return from Italy early this year, Mrs. Moss applied for demobilization in order to return to Canada. In recognition of her services she was cited for the Order of British Empire, and received the decoration at Buckingham Palace at the hands of the King in April of this year.

Referring to the boyish simplicity of the Prince's manner, Mrs. Moss compared it to the personal charm of his parents. While she was with the W. R. A. F., Queen Mary paid a surprise visit to the Camp at Regent's Park one morning, entering without any fuss or ostentation, passing freely among the girls and stopping to chat to many in her kindly way. Mrs. Moss now stores in her treasure-house of memories delightful recollections of the real democracy of Their Majesties and the Her Apartment.

WHAT EVERY WOMAN KNOWS.
Keating's Powder KILLS Cock-roaches. "Keating's" is unrivalled—and harmless to everything but insects. Once a cockroach is brought into thorough contact with "Keating's" it DIES. Sold everywhere in cartons only, 15c, 25c, and 40c.

Quaker Jam Is a Tonic

Too much is said about eating heat calories, carbohydrates and such things. They are quite necessary, it is true, but the body needs the purifying and tonic things as well. The physician does not have to prescribe meat, because the body probably eats too much now. But he does give these iron because these neglects to eat jam.

Presenting the New Fashions for Autumn, 1919

A cordial invitation is extended to all to inspect our Autumn Exhibition of Fashions

WOMEN MISSES CHILDREN

- SUITS
- BLOUSES
- FROCKS
- MILLINERY
- WRAPS
- SKIRTS
- CHILDREN'S WEAR
- PIECE GOODS
- SPORTS WEAR
- ACCESSORIES.

Suits—

of soft velours are shown in smart distinctive styles and in subdued shades. Of course, models are shown in other materials, but velour in plain, silvertone and other weaves is popular and is considered decidedly smart. The coats are cut in a new length and are mostly in novelty styles, featuring embroidered or embossed designs and an unstinted use of buttons.

Coats—

in velours, pelouche, camelion cord and other fashionable coatings in styles that will be admired for their smartness and pleasing lines. They are presented in various tones of brown, new blue, navy, henna, green, taupe, purple, Burgundy, etc.

Frocks—

for afternoon wear or other informal occasions are presented in some of the daintiest styles that we have seen for many seasons. Silks of various weaves are oftentimes used in combination with crepe georgette. The colors are in the richest tones, two or more colors sometimes being used with pleasing effect. Embroidered or beaded designs are favorite forms of trimming.

Blouses—

Georgette crepe leads in popularity for blouses and is used in delicate pastel shades and rich full tones. The handsome models that we are featuring during these opening displays represent the newest styles.

\$1550 per Annum for Family of Five

RECENT report of the Civil Service Commission states that while \$1,000 a year supported a family of five in moderate comfort before the war, owing to the increased cost of living, \$1550 is necessary to-day. According to the above report \$1.55 has only the purchasing value now that \$1.00 had in 1914.

In view of this, do you think your Life Insurance would be sufficient to protect your household in event of your death? Do you ever stop to consider how the increased cost of living would add to the struggle of your loved ones if you were taken away?

For example, if you have \$1,000 in insurance to-day it is equal to about \$600.00 before the war according to the Government Report. This means that to have the same protection your insurance should be increased by at least 60%. It would be safer to double the amount.

There is a Mutual agent in your vicinity. See him to-day or write us. We have the right class of policy to suit your requirements.

Krotor Shur-on

You Can Work Better When Your Eyes Are Right

There is a natural amount of effort required in normal vision. When this is the case YOU DO NOT NEED GLASSES. But when an abnormal amount of effort is required, followed by fatigue, headache and nervous exhaustion the chances are too much nervous energy is being drawn on to maintain good vision and there is every indication you do need glasses, not to improve the vision, but to relieve the excessive strain. Many suffer from this condition but are unaware of the cause. We are specialists in the correction and relief of eyestrain.

WORK FOR 30,000 FAIR ATTENDANCE

Community Sing To-night and Judging of Best Exhibit in Show

With a total attendance that will be well above the records of former years, the Home Products Fair will be brought to a close to-night with a community sing at 9 o'clock. This will be conducted by Bert Kent, and the feature will be the singing of a number of parodies on local subjects, written especially for the occasion, by E. J. Down. Sheets with the words will be distributed to those attending the fair.

Mayor Porter to-day issued a special appeal to the public to attend the fair this afternoon and evening to make sure of a record attendance. The attendance yesterday was 3,351, making a total so far this week of 22,303.

President Carl Pendray and Manager George Warren to-day are working for an attendance of 8,000, to bring the total up to 30,000 for the week. On the Saturday of last year the attendance was swelled greatly by the visit of the American warships.

The fair opened early this morning with the full orchestra in attendance, because of the visit of the Prince to the building.

Exhibitors will keep their stalls in order until the formal closing to-night, when Mayor Porter, John Cochran, president of the Canadian Club, and J. F. Scott, president of the Rotary Club, will award the prize to the best exhibit in the fair.

One of the exhibits that has attracted much attention is that of the Gordon Head Women's Institute under Mrs. J. S. Staveley. Besides a brilliant collection of fruits and vegetables the stall is showing samples of artistic taxidermist work by Mrs. Staveley.

Preparations for Girls' Conference.—Final preparations for the older girls' conference to be held here October 3 to 5 are to be made at a meeting called by Mrs. Daniels, chairman of the committee on girls' work and 'tween age teachers at the Y. W. C. A. at 7.30 o'clock Monday evening. A special request has been issued that all leaders and members of the committee attend.

Breathe Deeply, Then Listen For That Bronchial Wheeze

Dangerous to Neglect Troubles in the Chest, Throat or Nose at This Season.

Rough, wheezy breathing means danger ahead. Every day you defer treatment makes it harder to cure. Don't delay. Bronchial and lung troubles are all too frequent. Start to-day with "Catarrhosone," breathe in its pure balsamic vapor. Let its healing fumes do for you what stomach medicine never can. Nothing so certain as a Catarrhosone Inhaler to strengthen a weak throat, to rid you of Bronchitis, to drive out catarrh, cough and colds. Use Catarrhosone to prevent, to cure your winter ills. Physicians endorse it, hospitals use it. Thousands swear by it. Two months' treatment, large size, \$1.00; smaller size 25 cents and 50 cents, all dealers or The Catarrhosone Co., Kingston, Canada.

POST OFFICE BURNED.

Chehalis, Wash., Sept. 27.—Littell post office, three miles west of Chehalis, was burned last night.

TEXAS OIL Profits! Profits!

SENSATIONAL DISCOVERIES OF OIL IN TEXAS made poor men FORTUNATE OVER NIGHT. Over SIX MILLION DOLLARS IN DIVIDENDS paid the FORTUNATE INVESTORS in 90 DAYS. Do NOT be a pessimist. INVESTIGATE the WONDERFUL OPPORTUNITIES to MAKE LARGE RETURNS on a SMALL INVESTMENT. Surely it DOES NOT COST anything to

INVESTIGATE
 YOU OWE THAT MUCH TO YOURSELF AND FAMILY

and you will certainly learn there is SOMETHING NEW UNDER THE SUN in the State of Texas, the poor man's OIL FIELD, over FOUR HUNDRED POKER NIGHT made millionaires from TEXAS OIL discoveries in two years. Thousands of people made small fortunes, and the opportunities are getting greater.

WARNING!
 But get the TRUTH about TEXAS OIL PRODUCTION and DIVIDEND payers. We will mail you ABSOLUTELY FREE an official State Government report made to the office of the State Comptroller by all producing Oil Companies of TEXAS with their

SWORN STATEMENT
 for the second quarter (90 days) of 1919, reporting 17,654,187 barrels of high-grade oil, valued at \$21,255,192, to the State Income Tax Department, as required by the Texas laws. We will furnish you the entire list, giving names of companies, their production of oil, the amount of money they received for the oil, carefully compiled. We want the world to know the TRUTH ABOUT TEXAS OIL PRODUCTION.

OBITUARY RECORD

The funeral took place this afternoon of May, the one-month-old daughter of Mr. and Mrs. Harry Watson, of 633 Belton Avenue, from the B. C. Funeral Chapel. Interment was made at Ross Bay.

Yesterday morning the death occurred at the family residence, 719 Front Street, of Sergeant Frederick Ward of the R. C. G. A., who for the past eight years has resided in this city. The deceased was born in Yorkshire, Eng., forty-eight years ago. He was a member of United Service Lodge No. 24, A. F. & A. M., of Esquimalt, also of Admiral Bercford L. O. L. No. 2407; he also was a member of the Army and Navy Veterans in Canada. The remains are reposing at the B. C. Funeral Chapel, from whence the funeral has been arranged to take place on Monday at 2 o'clock, the Rev. Canon Hinchliffe officiating. Interment will be made in Ross Bay Cemetery.

The funeral of Emily, widow of William Godman, who passed away on Thursday night at the Jubilee Hospital, took place this afternoon from the B. C. Funeral Chapel at 3.30 o'clock, Rev. H. T. Archbold officiating. The late lady was a native of Reading, Eng., and had only resided in this city since last March. She is survived by one daughter, Mrs. E. M. Smith, 15 Menzies Street. The remains were interred in Ross Bay Cemetery.

KILLED BY BANDIT.

Seattle, Sept. 27.—Mrs. Edna Siltuna, aged 34, shot Thursday night by a masked assailant in a room at the Ewing Hotel here, has died at the City Hospital.

SUES C. P. R. FOR SOPHIA VICTIM

Action Started For Damages Through Drowning of Klondike Pioneer

M. B. Jackson, K. C., M. P. P., of Jackson & Baker, to-day commenced action against the C. P. R. for the loss of the life of Alexander R. McLean in the Princess Sophia tragedy last year. Mr. Jackson, who is representing the relatives, is asking for unstated damages.

Mr. McLean's body was only recently found. He was one of the pioneers of the Canadian West. For a number of years he was a Hudson's Bay Trader and with the gold rush to the Klondike. He was coming out for good, having made his "pile," when he was drowned in the sinking of the Sophia.

Mr. Jackson is also representing the relatives of a number of other victims.

LONDON IS BADLY HAMPERED BY STRIKE

Many Workers Unable to Reach Places in Centre London

Automobiles and Horse Vehicles Carried Many to Work To-day

London, Sept. 27.—Probably less than half the working population of the centre of London got to business to-day, as a result of the railway strike. All the trains which ordinarily bring tens of thousands of people from suburban towns daily were cut off by the strike and the suburban buses were unable to accommodate a fraction of the people desiring passage. The heads of businesses were generally able to command motorcars, and the result was an enormous concentration of automobiles and horse vehicles from all directions upon the city.

Mines Affected.

The mining industry already has been affected by the railway strike. Advice from the Welsh fields announces that because of a shortage of coal cars and lack of transportation for the miners from the villages to the pits, two of the pits were forced to shut down.

A Doncaster message announces that the shopmen at the extensive plant of the Great Northern Railway there have gone on strike.

Food.

The Government offices superintended the placing of all army cars at strategic points for the distribution of food rations.

Most of London's families were without milk to-day, while the Food Ministry was arranging for collections of milk by motorcars from 300 stations in the country.

Aeroplanes.

Aeroplane companies advertised flights to Amsterdam, Paris and provincial towns, but they were able to carry only a few persons at a high rate of fare.

CENSOR BANS MORE BOLSHEVIK LITERATURE

Ottawa, Sept. 27.—More Bolsheviki and Socialist literature has been banned by the Censor. "Programa Komunistiv," Bolsheviki, printed in Ukrainian; "Naukovi I Optyni Socializm," Ukrainian; "Manifest I. Programa Internationalu," Ukrainian, and "Brand" (Confagration), a weekly newspaper in the Swedish language, have been denied admission to Canada, with the usual penalties provided for those found in possession of the forbidden literature.

WAS ON TRIUMPH IN DARDANELLES

Chief Gunnery Instructor J. A. Cree Has Many Decorations For Service

Several British naval officers arrived from the Orient on the N. Y. K. liner Kashima Maru yesterday en route to England.—Naval Surgeon C. McKillop, who has been stationed at Vladivostok, was met at the dock by representatives from the Esquimalt dockyard, which he visited during the afternoon. Warrant Officer J. H. Moffat and Chief Gunnery Instructor J. A. Cree were also passengers by the Japanese liner. Chief Gunnery Instructor Cree has been with the British gunboat service on the Yangtze River for the past two years and is now returning to England to get his discharge from the service.

"I have been with the service for the past thirty years and I think it is about time I had a change," said Cree on board yesterday. Cree was with the British fleet which sought to make the passage of the Dardanelles in the face of the impregnable Turkish defences.

Sank Under Hijm.

He was serving aboard H. M. S. Triumph, which together with H. M. S. Ocean, Irresistible and other warships were sunk by the Turks.

These vessels were lost by the Turks sending a large number of floating mines down the narrow channel, which were carried by the current right amongst the advancing British ships.

Cree wears on his breast the Mons Star, Boxer medal and long service medal.

Keep the Bowels Regular and You'll Be Healthy

For a Quarter You Can Assist Them Wonderfully With Dr. Hamilton's Pills.

You'll never have health if the bowels are inactive. By keeping them right you ensure a clean, wholesome body. Why wait for constipation to clog up and sicken the whole system—use Dr. Hamilton's Pills—they are the finest, mildest laxative known; put strength into the muscles of the stomach and never injure the delicate lining of the bowels. They get you in the habit of performing a certain function at a certain time, and thereby restore normal conditions. Dr. Hamilton's Pills are best because they help Nature help herself, and thereby keep the stomach strong, digestion good, blood pure, complexion clean, spirits bright and happy. Price 25c.

PUPILS' SPORTS

Saanich School Principals Complete Plans For Events at Fall Fair.

Arrangements were completed this morning by the principals of the Saanich schools for the sports to be held at Saanichton Fair on October 8. There will be races for boys and girls, the flat events being as follows: Hundred yards for boys and girls over fourteen, two events; seventy-five yards for boys and girls between eleven and thirteen; two events; fifty yards for boys and girls of nine and ten, two events; fifty yards for boys and girls under nine, two events. The broad jumping will be divided into four classes, one each for boys and girls between thirteen and fifteen, and one each for boys and girls from nine to twelve. There will be a corresponding set of events for boys and girls in the high jumping classes.

Other events are four three-legged races, two sack races, two wheelbarrow races, two cycle races, two thread-the-needle races, two egg and spoon races, and a relay race. Four teams will be invited to compete in the tug-of-war, and there will also be a carnival race.

Arrangements have been left with Trustee Watson and Secretary Colin Chisholm for the prize fund.

YUKON NAVIGATION SEASON ABOUT OVER

Freight Is Being Rushed Into Northern Interior by Last River Boats

Dawson, Sept. 27.—Much delay has been occasioned to the last freight shipment for interior Yukon points, now rushing forward to catch the last boats of the season by reason of the washout of a railway bridge near Skagway. Freight, however, is now beginning to move in dispatch from Whitehorse says a train is due at Whitehorse to break the blockade with one hundred and forty tons of freight.

The American Government transport steamer Jacobs, with a full load of freight for the quartermaster at Fort Gibbon will leave Monday. Four hundred tons of Dawson freight is now at Skagway. The last rush freight for Dawson will leave Whitehorse, Sunday on the steamer Selkirk. No trouble is anticipated in cleaning up final Dawson shipments but it is probable that some freight for the Alaska Railway Commission that is not required at Nenana before Spring will remain at Whitehorse until then. The steamer Casca left Whitehorse last night with 600 sacks for interior mail and full cargo of freight and fifteen passengers.

INCREASE IS SHOWN IN VALUE OF SEA PRODUCTS IN AUGUST

Ottawa, Sept. 27.—An increase of \$225,882 in the total value of sea fish at the point of landing, during the month of August, as compared with the same month last year, is shown by the monthly statement issued from the naval department. Fish to the value of \$485,722 were taken on both coasts last month.

On the Pacific coast, while the halibut fishing results were some eight thousand hundredweights larger than in August, 1918, the total salmon landings fell off by 57,000 hundredweights. In the southern and Vancouver Island districts there was an all-round increase in the catch of 20,000 cwts.

Chief Gunnery Instructor J. A. Cree Has Many Decorations For Service

Several British naval officers arrived from the Orient on the N. Y. K. liner Kashima Maru yesterday en route to England.—Naval Surgeon C. McKillop, who has been stationed at Vladivostok, was met at the dock by representatives from the Esquimalt dockyard, which he visited during the afternoon. Warrant Officer J. H. Moffat and Chief Gunnery Instructor J. A. Cree were also passengers by the Japanese liner. Chief Gunnery Instructor Cree has been with the British gunboat service on the Yangtze River for the past two years and is now returning to England to get his discharge from the service.

"I have been with the service for the past thirty years and I think it is about time I had a change," said Cree on board yesterday. Cree was with the British fleet which sought to make the passage of the Dardanelles in the face of the impregnable Turkish defences.

Sank Under Hijm.

He was serving aboard H. M. S. Triumph, which together with H. M. S. Ocean, Irresistible and other warships were sunk by the Turks.

These vessels were lost by the Turks sending a large number of floating mines down the narrow channel, which were carried by the current right amongst the advancing British ships.

Cree wears on his breast the Mons Star, Boxer medal and long service medal.

Phone "Two Nine Oh Eight." 1901 Government Street

There was an epidemic of chicken-pox in the village, but fortunately little Johnny had kept free from it. One morning, however, he came rushing downstairs excitedly.

"Oh, daddy," he shouted, "I'm sure I've got chicken-pox. I've found a feather in the bed!"

Mother: "Did you call Edith up this morning?"
 Daughter: "Yes, but she wasn't down."
 "But why didn't you call her down?"
 "Because she wasn't up."
 "Then call her up now, and call her down for not being down when you called her up."

THE CORPORATION OF THE DISTRICT OF OAK BAY.

A BY-LAW To Raise the Sum of \$65,000.00 for School Purposes.

WHEREAS the Board of School Trustees of Oak Bay did cause to be prepared and laid before the Municipal Council of the Corporation of the District of Oak Bay, on the 2nd day of September, 1919, being the date in the year 1919 fixed by the resolution of the said Municipal Council for such purpose, detailed estimates of the further sums required to meet the special or extraordinary expenses of the said Board of School Trustees of Oak Bay, namely, the sum of sixty-five thousand dollars (\$65,000.00), being the Corporation's share of the estimated cost of a new school building to be erected on that portion of Section 61, Victoria District, owned by the Corporation of the District of Oak Bay, registered in the Land Registry Office at the City of Victoria under indefeasible Certificate of Title No. 421, and lying between Cadboro Bay Road and Musgrave Street;

AND WHEREAS the Municipal Council of the Corporation of the District of Oak Bay disapproved of the said estimated expenditure of sixty-five thousand dollars (\$65,000.00) for the said purpose and duly notified the said Board of such its disapproval.

AND WHEREAS the Municipal Council of the Corporation of the District of Oak Bay in writing, requested the Municipal Council of the District of Oak Bay to submit for the assent of the Municipal Electors of the District of Oak Bay, a by-law authorizing the proposed expenditure and the raising of the money by the Corporation of the District of Oak Bay.

AND WHEREAS in order to raise the said sum of sixty-five thousand dollars (\$65,000.00) and provide the expenses in connection with the issuance of the said loan, it is necessary to borrow the sum of sixty-eight thousand dollars (\$68,000.00);

AND WHEREAS the amount of the debt which this by-law is intended to create is the sum of sixty-eight thousand dollars (\$68,000.00);

AND WHEREAS the said debt is to be created for the purpose of raising the cost of erecting the hereinbefore mentioned new school building, as aforesaid, and expenses in connection with the loan;

AND WHEREAS the amount required to be raised annually in accordance with the Municipal Act for paying the debt to be created hereunder is the sum of two thousand two hundred and eighty-three dollars and fifty-eight cents (\$2,283.58), and for paying the interest thereon is the sum of three thousand seven hundred and forty dollars (\$3,740.00);

AND WHEREAS the amount of the whole rateable land and improvements within the Municipality of the Corporation of the District of Oak Bay, according to the last revised assessment roll of the Municipality, namely, the assessment roll for the year 1918, is the sum of two hundred and twelve thousand eight hundred and thirty dollars (\$212,830.00);

The Municipal Council of the Corporation of the District of Oak Bay hereby enacts as follows:

1. The expenditure of the sum of sixty-five thousand dollars (\$65,000.00) for the erection of a new school building on the lands hereinbefore described is hereby authorized.

2. That for the purpose aforesaid there shall be borrowed upon the credit of the Corporation in large by the issue and sale of the debentures herein mentioned, from any person or persons, or body or bodies corporate, persons, or body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of sixty-eight thousand dollars (\$68,000.00) in currency or in the alternative thirteen thousand nine hundred and twenty-two pounds (\$13,922.22) in sterling money, and such sum as may be advanced shall be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinbefore recited.

3. It shall be lawful for the Reeve of the Corporation of the District of Oak Bay to cause any number of debentures to be made, executed and issued, for such sums as may be required, not exceeding, however, the sum of sixty-eight thousand dollars (\$68,000.00), each of the said debentures being for an amount not less than one hundred dollars (\$100.00), and all such debentures shall be sealed with the seal of the Corporation and signed by the Reeve and by the Treasurer of the Corporation. It shall be lawful for the said Reeve in his discretion to alternately cause each of the said debentures to be made, executed and issued, for an amount not less than twenty pounds (£20) sterling, with the exception of one debenture which may be for a less sum in sterling money to complete the authorized issue.

4. The said debentures shall bear date the fifteenth (15th) day of October, 1919, and shall be made payable twenty (20) years from the said date, in Canadian currency or sterling, in any of the Dominion of Canada, Great Britain or the United States of America, as the Council shall by resolution decide, and shall have attached to them coupons for the payment of interest, and the signatures to the interest coupons may be either written, stamped, printed, lithographed or engraved.

5. The said debentures shall bear interest at the rate of five and one-half per centum (5 1/2%) per annum, from the date thereof, which interest shall be payable half-yearly on the fifteenth (15th) day of April and the fifteenth (15th) day of October in each year during the currency of the said debentures, in Canadian currency or sterling money of Great Britain, at such place either in the Dominion of Canada, Great Britain or the United States of America, as the Council shall by resolution decide.

Saves Fuel and Food

The continued high cost of food-stuffs and household supplies require the strictest economy.

The most expensive foodstuffs are used in baking, so always be careful to use the right kind of Baking Powder, otherwise great waste may result.

Many thousands of people recommend

EGG-O Baking Powder

because it effects the greatest economy.

Its double action absolutely assures perfect baking at all times.

Egg-O also helps save fuel because it does not require so hot an oven as is required by other powders.

Always follow the directions—one level teaspoonful to one level cup of well sifted flour. You use from a quarter to a half less powder when you use Egg-O.

When buying Egg-O the larger tins are the most economical size for family use.

Egg-O Baking Powder Co., Limited, Hamilton, Canada

BY-LAW NO. 260.

Being a By-Law to Raise the Sum of \$65,000.00 for School Purposes.

PUBLIC NOTICE is hereby given that the votes of the electors will be taken on the above By-Law, at the School Building, 2167 Oak Bay Avenue, on Saturday, October 4, 1919, between nine o'clock a.m. and seven o'clock p.m., and that James Fairweather has been appointed as Returning Officer for taking the said votes.

O. W. ROSS, Municipal Clerk, Oak Bay, B.C., Sept. 26, 1919. No. 7127.

PRINCE HAD HIS FIRST RIDE IN CAB OF BIG LOCOMOTIVE

Forsook His Luxurious Coach to See How New Headlight on Engine Was Operated—Enjoyed Trip Over Vancouver Island

One of the chief characteristics of His Royal Highness the Prince of Wales is his great desire to attain knowledge. He is always anxious to investigate and examine any inventions or innovations. This desire led to him having a most unusual but pleasant experience yesterday evening when returning from his thoroughly enjoyable trip up the Island. He was informed that the locomotive which was hauling the Royal train was equipped with the only "dirigible" headlight in the world, the invention of

Walter Byrd, master mechanic of the E. & N. Railway. Immediately he requested to be shown the headlight, and on reaching Cobble Hill the Prince and some of his party left their coach and mounted the cab along with the engineer. The Future King listened with marked attention to the explanation of the light and then watched with interest the working of the oil-burners and the various other mechanism in the cab of the locomotive.

This was the first occasion on which the Royal visitor had ever traveled on a locomotive. He joyfully spoke of his new experience and when that he returned to the coach, the Prince replied that he was enjoying himself so much that he would prefer to remain. And he stayed as a guest of the engineer until the train rumbled into Colwood when, much to his regret, he quit the narrow confines of the cab for the ease and comfort of his coach.

Had Splendid Trip.

The Prince had a most enjoyable trip up the Island. Everywhere he was greeted with great warmth and fervor. His distinct personality made a marked impression upon all the residents and their chief regret was that he did not remain longer in their midst. After his visit to Dunsmuir, Ladysmith and Nanaimo, the Prince proceeded to Qualicum, where he inspected the hospital. Brigadier-General Money, C.M.G., D.S.O., recently returned from Palestine; Colonel Donald, the A.D.M.S., and Captains Davidson and Shaw, of the hospital staff, greeted the Prince at the station, and hundreds of people from the neighborhood cheered His Royal Highness as he detrained. A Hindu mill-operator who was among the crowd, was singled out by Prince for a greeting. The Oriental was greatly pleased to have the honor of shaking hands with his future Emperor, and he bowed and smiled profusely.

Outside the hospital building the Prince inspected the staff of nurses and orderlies and on the verandah he spoke to about forty returned veterans who are now recuperating from their injuries. Matron Handford was presented to His Royal Highness after which he proceeded to inspect the hospital. The Prince congratulated the staff on the efficiency of the institution. While passing through the hydro-therapeutic and electric massage department, the Prince watched a case under treatment. He then thought of his own right arm which was suffering from a look which was suffering from the strong men of Winnipeg. He immediately asked to have the injured member treated and for some minutes a masseur worked on the arm.

Anything to Please.

The Prince has shown on his tour a remarkable desire to please everyone and has altered his plans on many occasions in order that he may not cause disappointment. After a visit to Courtenay the Royal train was scheduled to return to Victoria, but at Qualicum the Prince was informed that a dance had been arranged at the hospital in his honor. He immediately informed the staff that he would have his train stop at the hospital on the return. Late in the evening the Prince and his party proceeded to the hospital. He spent forty-five minutes there, dancing with nearly all the nursing sisters and several ladies from the district.

Arriving at Courtenay the Prince was welcomed on behalf of the citizens of Courtenay and Cumberland by Mayors William C. Duncan and D. R. McDonald respectively. The large crowd of citizens, reinforced by settlers and farmers from miles around, loudly cheered the Prince. The official welcome was tendered at the agricultural grounds, where Mayor Duncan read an address, in which he referred to the glorious actions of the 102nd Battalion, which was largely recruited in that district. He also informed the Prince of the honor which he had conferred upon the district by paying a visit. In reply the Prince stated that while attached to the Canadian Corps he had heard of the remarkable fighting qualities of the 102nd Battalion and assured them that few units had a better record of military accomplishment.

The Prince displayed a great deal of interest in the presentation of a number of Indians. Among the copper-skinned introduced were Chief Joe Nimmim, of the Comox tribe; Chief Billy Assoo, of the Cape Mudge reservation, and John Prolesca, son of the aged chief of the Campbell River Indians, who was unable to attend the ceremony.

A massed choir of school children sang "God Bless the Prince of Wales," "O Canada" and "God Save the King," in a very capable manner. Things of Interest From the agricultural grounds the party motored to Comox, where St. Joseph's hospital was inspected and then proceeded to the Courtenay land settlement area. During the trip the Prince displayed great interest in a logging train which was hauling out some very heavy timber and in the

Potatoes or Bread—Which?

Are You Neglecting the "Staff of Life"?

ORE or less as a matter of habit, we have been eating our meat with potatoes and forgetting bread. Yet bread is twice as nourishing, twice as energizing, and therefore very much cheaper. Bread builds muscle and energy; potatoes, fat and heat. Bread, rich in gluten and phosphates, should be the principal item on the menu of the brain-worker. Eat more bread.

Royal Standard Flour

is "oven-tested in our laboratory," the richest in gluten—therefore the most nourishing and best bread-making flour to be had. You'll know it the minute you taste bread baked from it. The "homey" flavor and hunger-satisfying something making a big difference. It is milled in British Columbia and any grocer has it.

Vancouver Milling and Grain Co., Limited

Branches: Victoria, Nanaimo, New Westminster, Mission City. Agencies: Duncan, Courtenay, Langley Prairie, Cloverdale, Ladner.

Brown & Co., 1392 Douglas St.

Prince's Acceptance — A local authoress and playwright, Mrs. L. A. G. Brownlee, of Esquimalt, has received an acknowledgment from the Prince of Wales of the acceptance by him of a book containing two dramatic pageants entitled "Relics" and "Dance." The following is a copy of the letter: "The private secretary for the Prince of Wales presents his compliments to Mrs. Brownlee, and is desired by His Royal Highness to thank her for the book which accompanied her letter of the 22nd inst. and which His Royal Highness has been very pleased to accept." The motif upon which the above dramas or pageants have been written appears in Greek mythology and the authoress has adapted the ideas and constructed the plot, dialogue and action so as to facilitate a future open-air performance. It is hoped that some opportunity may later arise which will give Victoria public an idea of the possibilities of pageants founded on the stories taken from Greek mythology.

Lieut. Paul Edmonds will show on Monday night slides that were made with a camera that two of his brother officers manufactured whilst in captivity at Yozgad, with the aid of a lens saved from a pair of field glasses destroyed at the surrender of Kut. The Turks never knew anything about it. Films were obtained from home hidden in parcels, and chemicals to develop the films were bought in the native bazaar. Mr. Edmonds will tour in the States on his way home to England, and begin with a lecture at Tacoma on October 8.

WALTER J. LOVELAND, HIGH SCHOOL BOY, DEAD

Walter Jarvis Loveland, seventeen years old, and only child of Mr. and Mrs. W. F. Loveland, 2211 Point Street, died yesterday at the Royal Jubilee Hospital, after a day's illness. An attempt was made to operate on him Thursday night just after he entered the hospital but mortal complications set in.

He was born at "Loveland's," West Saanich, attended the Collegiate School for five years and last Christmas entered the Victoria High School. On the opening of the Fall term this month he resumed his studies in the matriculation class. He was a member of the Five C's Cricket Club and the Victoria Lawn Tennis Club. The father was up the Island and was summoned to the city by long distance telephone after his son's death.

The funeral will take place from the B. C. Funeral Parlors at 1.45 o'clock Tuesday afternoon, and fifteen minutes later from Christ Church Cathedral.

THE PRINCE'S TROWEL

The above is an illustration of the trowel used by His Royal Highness the Prince of Wales at the stone-laying ceremony in the grounds of the Parliament Buildings on Wednesday morning. The blade is appropriately inscribed and surmounted by the Provincial coat of arms, and will form a tangible reminder to the Prince of his association with the statue of his great grandmother, Queen Victoria.

From The Melita — The British Columbia Returned Soldier Commission, Parliament Bldg., has been advised by telegram from the O. C. Clearing Service Command, Quebec, that the following party from the R. M. S. Melita left there on Sept. 25 for this district, with their dependents: For Victoria: Major L. A. Willmot, 423 Government Street; Sergt. S. McElmphy, 2149 Empress Street; Pte. J. H. Smith, Royal Oak, P. O.; Lance-Corp. R. A. Sedge, Lampson Street.

Bicycles Stolen — The police were notified last night that two bicycles had been stolen from the "Teas of Parkway" Apartments, corner of Cook and Pandora Streets.

WILSON'S FLY PADS

Kill them all, and the germs too. 10c a packet at Druggists, Grocers and General Stores.

LADY RHONDDA'S PARTY DUE TO-DAY

Has Been Investigating Valuable Holdings in Peace River District

Viscountess Rhondda, in company with her husband, Sir Humphrey Mackworth, Baronet, and her mother, Lady Rhondda, widow of the former food controller of the United Kingdom, were due this afternoon at the Empress Hotel from Vancouver. They have just reached the coast cities from Prince Rupert.

They have been on a tour of the Peace River country and a visit of inspection of the Rhondda holdings there. All are greatly impressed with the wonderful possibilities of that country.

Air Development.

Sir Humphrey Mackworth, who was with the air service in the Dardanelles, and later with the Air Ministry in Britain, spoke enthusiastically of the use of seaplanes in developing the North.

In a Vancouver interview he said: "An immense amount of work could be done by the aid of seaplanes in the great north land." The air-plane, because of the vast forest stretches, is hardly feasible, but with the plentitude of lakes and rivers the seaplanes could be used to advantage. "With your great distances in this country, it is certain that aircraft will be used tremendously for rapid transit, as soon as depreciation and grouping cost can be lessened sufficiently to make it commercially valuable. The Air Ministry is working on these problems now, and we hope to keep the lead that we now have in the air. While the movement for economy may have cut down our programme a little, we are going ahead with everything in connection with the development of the industry."

Digribles Are Valuable.

"I know nothing of the reported stoppage of work on the digribles, and I would regret it if such were the case. The digribles is undoubtedly the great long-distance flights. In the first place they travel day and night, something that the plane can do as yet only with difficulty, and in the second place, their cost of upkeep is negligible in comparison with that of the number of planes that would furnish the same lifting power. With England as a sort of crossroads for the world's aerial traffic, we while the movement routes through to the Cape and to Australia as well as over here, and if Canadians and Australians retain their keenness that they now exhibit, our task is assured of success. Within the near future regular digribles traffic will commence over long distances, and within the next year or so remarkable developments will be occurring all along the line."

Acknowledges Gifts.

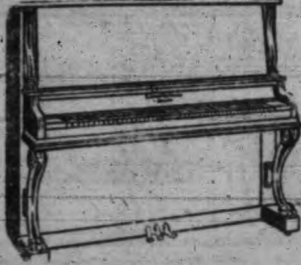

The Medical Superintendent, Craigdarroch Hospital Department of Soldiers' Civil Rehabilitation, desires to express his sincere thanks for the following donations to Craigdarroch Hospital: Pears, Mr. and Mrs. Coomber, 924 Pandora Street; books and magazines, Mrs. F. D. Todd, 1351 Carnarvon Street; Mr. Harris, 1466 Elford Street; Dr. Rogers, Jubilee Hospital; R. F. Romie, 455 Moss Street; Mrs. Stewart, 87 South Turner Street; Mrs. Parker Hibben, Gorge Road; Mrs. Stewart Williams, Carberry Gardens; Canon Hinchliffe, Y.M.C.A.; F. W. Battrick, 1762 Dunes Street; Mrs. Veitch, 540 Dunedin Street; Mrs. Rowley, Joan Crescent; Mrs. George, Vancouver Street; Mrs. Ernest Hall, Fort Street; R. W. Hibberden, 1619 Hampshire Road; L. O. Paterson, 1542 Hampshire Road; Miss Hickman, 1903 Dunes Street; The Colonist and The Daily Times, Victoria, free daily papers; books, The Booklovers' Library; Mrs. Le Page, 1637 Craigdarroch Road; Mrs. Knapman, Cook Street; Mrs. Peter Wilson, Victoria; Mrs. A. A. Townsend, 137 Clarence Street; magazines, Mrs. Cathart, 1274 Johnson Street; Mrs. J. Lloyd Keating, 19 Mount Edwards; pair of jam, A. Friend.

Concert and Dance.

A concert and dance was held by the Sons of England, Pride of the Island Lodge, at the Comrades of the Great War rooms last night. A musical programme during the evening was contributed to as follows: Song, Mrs. Zala; song, Mr. Pritchard; trombone solo, E. L. Mjody; comic song, E. S. Figg; cornet solo, G. W. Hook. The lodge orchestra, under the direction of Mr. Zala, played for dancing.

WINCARNIS gives New Health to all who are Weak, Anaemic, Nervous, Run-down

DON'T let your life be clouded by indifferent health. Don't let ill-health steal your good looks. Don't remain weak, or anaemic, or nervous, or run-down. Don't suffer needlessly. Get well the Wincarnis way—the quick, sure and safe way to new and vigorous health.

Wincarnis is the quick way, because the benefit begins from the first dose—the sure way, because it has given new health to countless thousands of sufferers for over 30 years—the safe way, because it does not contain depressing drugs. Wincarnis is recommended by over 10,000 Doctors, because it possesses a four-fold power in producing new health. It is a Tonic, a Restorative, a Blood-maker, and a Nerve Food—all in one. Therefore it promotes new strength, new blood, new nerve force and new vitality. This life-giving Wincarnis is the one thing you need when you are Weak,

In two sizes: \$1.00 and (extra large bottle) \$1.75. Proprietors: COLEMAN & CO., WINCARNIS WORKS, NEWBURN, ENG. Canadian Office: 67 FORTLAND ST., TORONTO. FRANK S. HALL, Resident Director. Sales Agents for the Dominion: RALPH J. PARSONS & CO., Foy Bldg., TORONTO.

PRINCE'S VISIT PROVES TRIUMPH OF MOTOR CAR

Less Than Two Decades Ago There Was Not a Motor in Victoria's Welcoming Ceremonies to Duke and Duchess of York

Eighteen years have elapsed since Victoria took to her bosom an heir to the British throne, and during those eighteen years Victoria has changed.

In no way has the life of the community changed more than in its means of transportation. Just how great the change has been was emphasized this week with the arrival of the Prince of Wales.

In October, 1901, when Victoria welcomed the Duke and Duchess of York, now King George V. and Queen Mary, the best

ELGIN SUCCESSFUL IN BIG TEST TRIP

Worth of New Six Cylinder Car Proved in Severe Trial Run

Word has been received by the Milliken-Downer Motor Company, View and Vancouver Streets, local distributors of the Elgin Six, that a trial run from the factory near Chicago was made a few days ago that showed unusually good results.

The test was made under the observation of representatives of the Motor Age and a Chicago newspaper for observation of endurance and economy at sustained high speed to supply additional information to the engineering department of the Elgin factory.

The distance was 193 miles from Chicago to Indianapolis and was covered in four hours and six minutes, an average of 47.7 miles an hour. This is fifty-six minutes less than the running schedule of the fastest express between the two cities. This run breaks all the records for the route with a full passenger load.

The four-passenger sport model used on the trip was driven by Lieutenant J. G. Jamison, recently discharged from the United States aviation service. His statement says: "The road in some places was full of holes and deep ruts, while at other places the Elgin Six had to plow through loose dirt eight to ten inches deep at several points where the road graders had just commenced work. However, a speed of fifty miles an hour and better was maintained over a large part of the distance."

Jamison says the most remarkable feature of the run was the manner in which the car held the road—like a duck to water—running more smoothly than seemed possible for any car many times its weight, without the swaying and side throw generally so noticeable when traveling at high speeds.

Not only in the mode of transportation of the Royal visitors themselves, but in that of the thousands that greeted them.

Eighteen years ago nearly everyone who participated in the welcoming ceremonies came to town on foot or by street car. A favored few had their buggies and horses, but only a few.

Last Tuesday motor cars lined both sides of Government Street from the wharf to Yates Street and up Yates Street to Cook to see the Prince arrive. Then after he had passed they swarmed after the Royal party up Rockland Avenue and buzzed around the streets leading to Government House until traffic police got them all cleared out of the way.

Even many of those who did not sit in motor cars on the side of the main streets to watch the Prince pass had brought into the heart of the city by the automobile—the jitneys and motor busses that run out into the suburbs.

Could there be any more striking commentary on the supremacy of the automobile than this simple statement of fact? From non-existence to royal triumph all in little more than a decade and a half!

BOILING RADIATOR MEANS ENGINE FEVER

No gas engine ever built will withstand the ravages of repeated overheating. "Engine fever," as chronic overheating has been termed by mechanics, probably is the most frequent cause for rapid deterioration of motors and motor equipment. And if a chronic case is not quickly remedied it will result in disintegration of the most vital parts of the automobile.

That is the warning being sounded broadcast by manufacturers of engines and motoring equipment in an effort to educate automobile owners in the care of cars.

If repeated inquiries received by manufacturers are a criterion, motorists are learning. Already they have discovered that a boiling radiator means something more serious than a hard pull. They are learning that steam jets spouting from the radiator cap is the first indication of a weak "heart" under the hood.

Keep to the Left.—On approaching the brow of a hill be sure that you are on the left side of the road. Someone may be approaching from the opposite direction.

WE REACH THE MARK

everytime with the kind of repairing we do. There is only one way to insure long wear to your tires and that is by having us look after them. Many a tire is thrown in the scrap heap that would give considerable more mileage if repaired by us in our thorough way at small expense. Before throwing away tires or tubes see us.

SOLVES PROBLEMS OF CITY TRANSPORTATION

Walter Revercomb Tells How Motor Trucks Help the Railroads

Just what motor trucks have done to solve the city transportation problems of the railways was emphasized yesterday by Walter Revercomb, of the Revercomb Motor Co., 533 Yates Street, Victoria and Island distributors of the Federal Truck.

"The motor truck has its place on the programme of the biggest railroad lines in this country and the United States and it has an important work to do," said Mr. Revercomb. "The railroad executives of to-day are looking forward to the greater use of motor trucks as an aid to a more profitable freight service to the people."

"Within the city limits, motor trucks have already been placed in service by practically all big lines. This city service has formerly been carried on by teams, but the results have been congestion at the terminals and general dissatisfaction. With the motor truck it is possible to rapidly unload and distribute, or pick up and load, cars to any part of the city or suburbs, from one or two depots. This service has even been carried out to the neighboring small towns, where car load lots are few and far between."

"The Pennsylvania Line has many trucks now in service in city delivery and pick-up work. At Baltimore, Md., a 1½-ton and a 3½-ton Federal have been operating for several months. These trucks operating out of the stations, machine shop and storehouse in Baltimore and in Orangeville, have replaced two 2-horse teams and two single horse carts, all of which were sold at auction. Besides giving better and more dependable service, the two trucks each with one man, have taken the place of six horses and four men."

"This operation around car shops, machine shops and storehouses is one of the most important of the truck's work. Supplies of all kinds are constantly needed for repairing of cars and for office use. The delivery of these supplies from the general storehouse to the various shops and yards throughout the city can be done in several ways."

"But by motor truck, a big load is carried whenever needed in less time and at a low ton-mile cost. This, then, is the proper method and the big transportation servants of the public are utilizing the motor truck to a greater and greater extent."

"Besides the two trucks at Baltimore, the Pennsylvania Lines are also operating a 1½-ton Federal at Buffalo; two-tonners at Renova Pa., and Trenton, N. J.; and two others at Meadows, N. J., and two others at Pittsburgh. Motor trucks are not going to compete with the railroads on long hauls but they are going to fill their place economically and efficiently as the solution to problems of short hauls and terminal congestion."

TIRE GRAFTING IS INTRODUCED HERE

Local Men Show Remarkable Experiment in Casing Surgery

Tire surgeons—that is what George Fisher and Allen Lynn are becoming known as in and around Victoria because of the skillful operations they have been performing on sick tires.

To show just what can be done in the way of tire surgery and how it is economically profitable in extending the life of old tires and making them capable of the utmost length of service, Mr. Fisher is experimenting with a 21x4 Dunlop traction tread, Ford oversize. This tire had run a few thousand miles, when it was gutted by a sharp rock. The owner of the tire threw it away. Mr. Fisher protested that such an action was waste.

He took the casing and with his partner, Mr. Lynn, cut out the ripped section and in its place inserted twenty-eight inches cut from another tire of the same size. The insertion was then vulcanized to the main part and the tread adjusted.

Mr. Fisher is now testing out the tire on one of the rear wheels of his Chevrolet. So far this grafted tire had done 2,900 miles without showing any signs of weakness, and Mr. Fisher guarantees that it will run until the rubber is worn off completely and then will be good for a retread.

He is showing the results of this remarkable experiment to his friends at the Central Vulcanizing Station at Douglas and Broughton Streets next to the Strathcona Hotel.

BRAKE SQUEAKING CAUSED BY DIRT

Chronic squeaking in the braking system is generally due to dirt that has been imbedded in the lining and is pressed against the drum when the brakes are operated. Usually this dirt may be washed out with kerosene, but if it is so firmly imbedded that it refuses to come out with this treatment a little rosin mixed with castor oil and applied to the bands will cure the trouble.

MOTOR EXPORTS GROW

From 1912 to 1918 the value of automotive exports from the United States rose from \$28,777,777 to \$172,128,831, according to a report from the Bureau of Foreign and Domestic Commerce. Exports during that period to Latin America increased 708 per cent. The value of similar exports to Europe in 1918 was ten times that of the shipments in 1912. The highest point was reached in 1916, when shipments were worth over \$120,000,000 and consisted principally of motor trucks for war uses. Notwithstanding the restrictions imposed by the United States Government during the war, exports during the fiscal year 1917 amounted to \$118,377,047, in 1918 to \$119,128,831, and during the first nine months of the 1919 fiscal year to \$73,800,000.

SOUND HORN OFTEN

Sound the horn when approaching a turn in the road or the brow of a hill, for another car may be coming toward you.

BAD ROADS IMPEDE COUNTRY BUSINESS

In a recent issue of Bradstreet's the following appeared: "Wholesale trade is good, but considerable complaint is heard from country dealers on account of very bad roads."

"Country retail trade, however, has been affected by the bad roads. These have also affected live stock receipts, which are below normal. Hogs still continue to rise, the highest price paid this week being \$20.40. Practically no progress has been made by the farmers in their field work, moisture in the soil being excessive in some sections."

"Heavy country roads caused by continuous rains have prevented country travel and thus reduced retail trade."

JAPAN LIMITS SPEED TO WIDTH OF ROAD

Regardless of how one feels toward the Japanese, he must admit they do things in an original way. Speed limits for motorists, for instance, vary according to the width of the thoroughfares.

Between twelve and eighteen feet wide machines may run eight miles an hour; between eighteen and thirty-six feet, twelve miles an hour. Within the city limits machines must not travel on streets less than eighteen feet wide. They may run at twelve miles per hour on streets between eighteen and thirty-six feet wide, and on those wider than thirty-six feet sixteen miles an hour is the limit.

PIPE CLAY YOUR TIRES

Pipeclay acts as a preservative of rubber and makes one of the best mediums for treating the rubber mats used in automobiles. Oil and grease are rubber solvents and ruin the floor mats if they are allowed to remain on them. The mats should be wiped quite dry and then pipeclayed. The pipeclay dries and sucks the oil out of the rubber.

SETS UP NEW RECORD FOR RETREADED TIRE

Clifford Bates Gets 13,817 Miles Out of Dri-kured Casing

A mileage of 9,937 has been obtained on a Goodyear tire retreaded by the latest Dri-Kure process of A. McGavin, 1011 Blanshard Street, according to Clifford Bates of the Pemberton Building.

"I want to let you know the mileage I obtained from my Goodyear tires which you retreaded on April 19, 1919, by your latest Dri-Kure process," Mr. Bates writes to Mr. McGavin.

"At that time my speedometer registered 7,281 and when I traded my car in last Saturday for a new one, the speedometer registered 16,218, showing a mileage of 9,937 for the tire since it was retreaded. The tire had travelled 4,770 miles before retreading, thus making a total mileage of 13,817, which surely constitutes a record for a retreaded tire."

"The above tire had the hardest kind of wear, having been over the Malahat on several occasions and

once as far as Campbell River and Port Alberni and times innumerable over the Cordova Bay Road which is a severe test.

Water Saves Spark Plugs.—Operating the engine without sufficient water or with no water at all may result in injury to the spark plugs. To give service without cracking the plugs must be properly cooled and provision for this is generally made in the water-jacketing system. When the water runs low the plugs become hotter, and there is great danger of their being damaged.

The Ford Manual says—

"There is nothing to be gained by experimenting with different makes of plugs."

"The make of plugs with which Ford engines are equipped when they leave the factory are best adapted to the requirements of our Motor."

Since 1911 Fords have been and are now equipped with

DEMAND FOR CARS CONTINUES KEEN

Dun's Review Surveys Conditions and Finds No Immediate Relief.

The demand for motor cars all over Canada and the United States is far outstripping the supply, and there is no possibility of the supply catching up to the demand for some time to come, according to Dun's Review, the business paper of New York.

"Four months ago a canvass made by correspondents of Dun's Review showed the automobile industry to be in a flourishing condition, and another survey just completed by this journal tells the same story," says Dun's Review in its last issue. "Nearly everywhere the chief complaint is of inability to secure enough cars with which to meet requirements, demand outstripping supply, and now and then reports are heard of premiums being offered for special deliveries. With few exceptions manufacturers are fully sold up, many of them from three to six months ahead, and efforts to extend productive facilities through plant enlargements or new factory construction are not uncommon. The unusual demand for both new and used cars has naturally stimulated business in tires and other accessories and some leading tire concerns are said to be so overwhelmed with orders as to find allotment of outputs necessary. The trade is generally optimistic regarding the future and appreciable price reductions are considered improbable."

USED CARS SELL NEAR NEW PRICE

After Longer Service Old Cars Bring More Than in 1915 and 1916

Prices of used cars are advancing steadily, because of the great demand, the inability of the factories to fill their orders for new cars and the high prices of the new models because of the high price of materials and labor.

Cars of high class makes turned out three or four years ago are selling to-day in Victoria for more than they brought the year after they were put out. The 1913 model Cadillac which were sold for a little more than \$2,000 as new cars were sold as second hand cars in 1915 and 1916 for \$500. To-day these same cars having experienced three or four years more service, are being sold all the way from \$1,000 to \$1,450. Cadillacs of the 1914 model, which is a much more advanced and more powerful model than the 1913, were down as low as \$800 during the early years of the war. To-day there are practically none of these models on the market. One dealer explained yesterday that the price of the 1914 used Cadillac would be near \$2,000 if any were being sold as this model is in great demand for rent cars and for those requiring a large sturdy car for heavy work.

Small used cars did not go down in price during the war years as did the higher priced cars, but now they, too, are soaring. This is largely because of the advance in the price of the new small cars and the steady demand for cars of small weight and low operating cost. During the war used Chevrolets were down to a round \$100. Now a used Chevrolet in fair condition cannot be bought for much under \$700, while to get a Chevrolet in the best of condition the buyer has to go from \$850 up.

Despite the introduction of new cars of equal size to the Overland Country Club roadster, and priced from \$1,000 to \$1,450, used Country Club models of two years ago bring from \$1,100 up.

Because of the large number of used Fords on the market and the great variety in their condition and the length of time they have been in service their selling prices have become pretty well standardized among dealers. A Ford, which has seen a couple of years of service, and which is in average condition will bring around \$500. During the early days of the war, used Fords were down as low as \$250.

Cars of a very old model and those which have had extra rough usage can still be bought for \$200 up, but the dealers usually find such cars a drag on the market, as it is hard to get rid of them at any price.

Retarded Spark Heats Motor.—The car owner should keep in mind that one of the most prolific causes of engine overheating is driving on a retarded spark. The cause is obvious, the explosion taking place when a maximum of the cylinder wall is uncovered instead of the minimum, as is the case when the ignition takes place at upper dead centre, the piston being at the top of its stroke.

Retarded Spark Heats Motor.—The car owner should keep in mind that one of the most prolific causes of engine overheating is driving on a retarded spark. The cause is obvious, the explosion taking place when a maximum of the cylinder wall is uncovered instead of the minimum, as is the case when the ignition takes place at upper dead centre, the piston being at the top of its stroke.

START COURTESY SERVICE STATION FOR TIRES HERE

Men Back From the Front Introduce New Idea in Handling Pneumatics

Just what can be done in the way of giving courteous, efficient and prompt tire service, is to be demonstrated to Victoria motorists from to-day on by H. E. Hunnings and C. C. Meads. These two men have recently returned from service in France with the Canadian Army and have opened up a quality tire service station at 811 Fort Street, just above Blanchard.

To fit himself to handle efficiently the most difficult and exacting tire renovating work, Mr. Hunnings has just returned to Victoria after completing a thorough course in the practical study of the pneumatic tire. There is not one feature about a tire of any make that he and his partner are not acquainted with.

"To make their service station of the utmost use, to motorists these two men are not carrying any particular tire but are stocking and selling tires of every high grade make on the Canadian market. Another factor that they consider of importance in up-to-date tire service is their introduction here of a delivery system whereby they will call and deliver all work. This saves the private owner, who might have trouble with one of his tires while in the garage, from wasting time getting the casing off the wheel, making a change and then carting the injured tire down town.

At their Fort Street station they have installed a complete tire plant, with a free air service. Besides tires of all makes they will carry every kind of motor tire accessories.

FULLY JUSTIFIES ITS HISTORIC NAME

New Baby Patriot "Revere" Truck Shows Speed and Reliability in Tests

The Patriot baby truck has at last been christened. It will be known from now on as the "Revere" model, according to an announcement to-day by Blanchard and Steele, 1052 Fort Street, Victoria, distributors of the bull-dog Patriot truck.

"You will recall that Paul Revere made some speed, that he got there, delivered the message and got back," said Mr. Blanchard in explaining how the name was chosen.

"When you see the Revere Model, you will agree that it is well named. This is not a three-quarter-ton truck. On the nickel nameplate on the dash, you will find this inscription: Patriot Revere Model, 1,500 to 2,500 pounds. This means possibilities that are beyond a three-quarter-ton truck or a one-ton truck. It is a flexibility in rating which purchasers will appreciate.

"This little truck is certainly the sturdiest, classiest and most finished looking job that any factory has ever turned out. It has a frame that would look mighty substantial on a one-ton truck. The rear axle is clean-cut, simple and strong. The springs, front and rear, are flexible, capable of holding up and carrying double the rated capacity.

"The other day in testing one of these models, our tester put on an even ton of cargo, pay load. In addition was a rather heavy body and seven-husky men. They drove out some eight or ten miles taking all the hills on high at a good speed. There were several hills that were quite steep. They turned around then and tried her out on freshly plowed ground. They had to go in second gear, but it plowed right along cutting its tread some five or six inches deep.

"A little later, they tried it out in a stubble field and went along in high gear very satisfactorily. They crossed an ordinary country railroad crossing at thirty miles an hour with this same load and the vibration was very slight.

"About November 1, maybe a little sooner, they should be coming out of the factory on a regular schedule.

"This model is equipped with pneumatic cord tires, lighting and starting, oak dash, tufted seat, and everything which quality and good engineering could dictate.

MOTOR ON ISLAND STILL IN INFANCY

Charles L. Harris Points Out Growth and Possibilities of Business Here

Driving a motor car is not hard work nowadays, in fact it is restful. "The number of motor cars rolling along the roads in the evenings is increasing regularly," says Charles L. Harris, secretary of the Island Automobile Association. "The advent of the motor car has made many changes in the life of the average citizen. He is learning to enjoy life, to relax and thus make himself more efficient in his work."

"Every Sunday and every holiday sees an exodus of motorists from the city. They go everywhere. Many during this season have been taking camping outfits along with them and staying over night along the roads of Vancouver Island.

"Summer resort owners report that practically all of their guests this year arrived in motor cars. Many of these parties were on long tours, and varied camping out with an occasional stay at a hotel.

"Another thing is that the motorist has to his advantage is the right and ability to go anywhere he wants, if he finds one resort crowded, he simply gets into his car and goes elsewhere.

He is absolutely independent and he knows it. It is this feeling that makes motoring so popular as well as any other single thing.

"To be able to go anywhere without trouble and without thinking about it when you have to stop is one of the advantages the motorist has over those who depend on trains.

"The growth of the automobile industry is one more of the remarkable developments of this country during the last dozen years. But the automobile industry is still practically in its infancy, when its future possibilities are considered. The demand for automobiles, motor cars, now is greater than it has ever been in the history of the industry. So far the makers have been unable to keep up with the domestic orders. The prospects for Victoria and Vancouver Island motor car distributors during the next few years is excellent, if they can get cars to meet their demands.

MAKES IT POSSIBLE TO OIL CONCEALED CUPS

For those persons who have been saying that nothing new in the line of automobile accessories can be produced as every possibility in the field has been exhausted, George Woods, of Woods and Lillie, 1316 Douglas Street, has a surprise for you.

To-day he brought out an oil can with a flexible spout. This spout can be bent to any angle that is necessary to reach any out of the way oil cup on the car.

There are many little places about a car that need oil, but the average driver, although he knows of them, does not bother to see that they get lubricated, because they take too much trouble to reach being out of the way, and in fact impossible to reach with an ordinary oil can, explained Mr. Woods to-day. "The importance of oiling these places the driver fails to realize with the result that he soon finds that his car develops squeaks in out of the way places and later that essential bearings have been worked out because of lack of lubricant."

Another invention the two men have just introduced here is the "wrench hammer" which is a compact instrument of nicked steel impossible to fracture. In the handle are concealed all sizes of screw drivers down to one of five millimeters, each dove-tailing into the other. When they are kept this way it is impossible to lose them.

COLE AERO-EIGHT SETS NEW RECORDS

More Laurels Fall to Car Represented Here by Thomas Plimley

Although the Cole Motor Car Company has never built special cars to participate in speed and hill-climbing events since the early days of automobile racing, when the Cole "30" became one of America's most noted racing cars, reports are continually coming in to Thomas Plimley, Victoria Cole distributor, telling of splendid showings made by Cole Aero-Eight roadster in two road races held under the auspices of the Uruguay Automobile Club.

In one event, over a course of 150 miles, the Aero-Eight averaged fifty miles an hour, while in another road race of 115 miles from Montevideo to Minas and return, seventy-one miles an hour was the Cole's record. The car is owned by Mrs. Orfila Olivero, of Montevideo, and was piloted by E. Borrat Fabini, the Cole distributor in Uruguay.

Hardly less remarkable than these victories is the achievement of a Cole Aero-Eight sportster, which won a hill-climbing contest at Boulder, Colo., a short time ago.

The contest was run on a standing start over a course of three blocks in Boulder. The winning Cole Aero-Eight sportster, which was driven by Ben E. Sessel, its owner, climbed the hill in twenty-nine seconds. The only other entrant which had a chance in the race was another well-known eight-cylinder car, and it consumed thirty-two seconds in running the course.

"The motor cars of to-day are built to last. Maxwell engineers have been at work for many years building better cars every year," says Stewart Clark, manager of Ashton's, Ltd., Victoria distributors of the Maxwell.

"The last five years these highly trained experts have been specializing on one chassis. That they have succeeded in building a car that is doing its work well is shown by the number in use—more than 300,000 in the hands of owners all over the earth.

"Many of these cars are making miles and miles every day. Recently an old model climbed the Sierra over Tioga into Yosemite Valley and through the desert country in Death Valley. The car was in the hands of an average driver, and he had no trouble on the entire trip.

"Last week the Desert Rat, Colonel King Stanley's car, arrived here after a trip of 17,000 miles over the worst country he could find. At times he piloted the car through a country where there were no roads. He traveled the bad lands of Montana, over the trails he had ridden as a scout in the days of long ago when American troops were called upon to battle Indians.

"Now Leonard J. Burrud, who is making a moving picture called "Legends of the Wilderness," is driving a Maxwell car and truck through some of the worst country in the West. He photographed a forest fire recently, which necessitated his driving over a burned over logging road, over some grades that taxed the stamina of a mountain goat. He made the grade with ease with his Maxwell. He is going through the Western mountains, desert and plains after photographs. I will have an interesting story to tell when he gets back.

You and the Kiddies

Take 'em out for spin. Rent one of our Dodges, Fords, Chevrolets or Overlands and drive the car yourself.

VICTORIA DRIVE YOURSELF LIVERY

121 View Street Phone 3903

Tests such as these are not merely for the purpose of selling Maxwell cars. They are for the purpose of testing the machine so that future Maxwells can be made better and sturdier. The lessons learned as a result of these tests have been put to good use in the cars that the factory builds. If any defect develops during a trip of this sort, it is immediately corrected at the factory.

"In this way constant progress is made. There is no standing still. Experts are at work in the huge laboratories at the factory, experimenting with new metallurgical formulae, in order to make Maxwells better and stronger.

"The 1920 model has more than seventy improvements incorporated in chassis and body. These make the car easier to handle, more economical to operate and make a better Maxwell all round."

WOBBLY WHEELS DANGER ON ROAD

Bumping into curbs, hitting bumps in the road, turning out into gullies, and similar strains, shocks and jolts are very likely to cause misalignment or wobbling of wheels, or both.

When this happens the wheels travel with a skidding action which wears down tread very rapidly even if the irregularity is so slight that the eye can hardly detect it. You should, therefore, test your wheels frequently to make sure that they run true.

Probably as many as one car in three has one or more misalignment

or wobbly wheels, robbing their tires of thousands of miles of service.

Because of the turn-to-the-left rule of the road, the left front wheel is often forced into the rough going at the side of the road and is likely to receive severe glancing blows which may produce misalignment, springing or tilting.

Cleaning Valve Stems.—A very simple way of cleaning valve stems which are under suspicion of harboring carbon deposits is to inject a little kerosene in the air valve of a carburetor while the engine is running. In this way a little of the kerosene finds its way down the valve stem and softens and washes off the carbon. It is no bad idea to do this once a month or so.

Another FEDERAL to 5 Tons

Federal Motor Trucks will solve your transportation problems just the same as they have solved the intricate question of hauling in every community on the American continent.

NASH CARS WIN IN FASHION SHOW

Further honors came to Nash passenger cars, represented here by Ernest Eve, of the Shell Garage, View Street, when they were awarded three prizes at the automobile fashion show held in connection with the Sedalia, Mo., State Fair.

BALANCE IS CHIEF FACTOR IN BUILDING

"The very much abused word 'balance' commonly spoken of in connection with a motor car, is as well understood by every automobile engineer as sunshine is by every farmer," says Wm. D. Cartier who has just been selected as a Paige distributor in Victoria.

EXPERTS TO MAKE NEW TYPE CAR

D. McCall White and E. C. Howard, who recently resigned from high positions in a leading Detroit automobile factory, are preparing to enter the market with a new car.

Seats For Thirty-Three Thousand For Series at Red's Home Ground

Cincinnati, Sept. 27.—The home grounds of the Cincinnati Nationals, winners of the National League pennant, which is known as Redland Field, will seat approximately 27,000 persons, and accommodate about 33,000 when the local team plays the Chicago White Sox, winners of the American League race for world's series championship honors.

The permanent stands seat 22,000 but the time the first game of the world's series is begun, new seats for 5,000 more persons will have been erected.

In addition fans who are not fortunate enough to obtain coupon tickets for seats will find space for about 6,000 persons.

Early in August when Cincinnati played the New York Giants in what was considered by many baseball followers as the crucial game in the pennant race, slightly more than 31,000 persons were on the ball grounds. From this it can be seen that there will be no difficulty for at least 23,000 finding vantage places to view the games.

WEST MAY HANDLE OWN SPORT PROBLEMS

Board of A. A. U. Governors Make Concession to Avert Split

Ottawa, Sept. 26.—The threatened split in the Amateur Union of Canada arising out of the decision of Thursday not to reinstate the soldier professionals who served overseas, was averted to-night when the Board of Governors of the A. A. U. of Canada, with the unanimous consent of the delegates to the A. A. U., made a concession to the West and passed a resolution allowing the Western Provinces to apply white-wash in such cases as they thought merited it.

Dr. McDonald, of Toronto, a prominent member of the staff of St. Andrews College, was made the new president of the A. A. U. of Canada. At the meeting this afternoon of the board of governors of the A. A. U., Dr. McDonald was unanimously elected to succeed Thomas Boyd, of Winnipeg, who resigned after nearly five years' service on the G.B. governing body of amateur athletics. Practically all the business of the A. A. U. was completed to-day, though there will be a meeting of the governors tomorrow and a conference at night with the Olympic committee. There were a number of important items on to-day's programme and there were morning, afternoon and evening sittings of the various boards or committees at the Chateau Laurier. The annual meeting of the A. A. U. adjourned on Thursday night, following the defeat of the resolution for the reinstatement of soldier professionals, was continued this morning, with Mr. Boyd in the chair.

Leith Vice-President.

In the afternoon the board of governors held their annual meeting in private. They were in session for several hours, after which it was announced that the following officers had been unanimously elected:

President—Dr. D. Bruce McDonald, Toronto.

First Vice-President—David Leith, Vancouver.

Second Vice-President—A. W. Covey St. John, N. C.

Treasurer—C. C. Robinson, Winnipeg.

Secretary—N. H. Crowe, Toronto.

Assistant Secretary—Walter Trivett, Toronto.

Representative on control of Olympic committee—Thomas Boyd, Winnipeg.

A resolution was passed at the meeting of the board of governors, requesting the Olympic council to restore the Marathon race, which has been eliminated from the programme. The A. A. U. governors regard the Marathon as one of the greatest features of the Olympic games, and feel it would be a great mistake to eliminate it.

Another motion also went through, the question of Olympic committee to add all-round championship to its programme.

The question of appointing a coach for the Canadian Olympic team was referred to the Olympic committee, of which J. C. Merrick, of Toronto, is president. The matter of holding the Olympic next year was also discussed.

One of the chief matters transacted this morning was the decision to endeavor to arrange another conference with officials of the Dominion Football Association for the purpose of bringing the D. F. A. into the fold or to reach some sort of working agreement which would benefit both organizations. The Dominion Football Association is not allied with the A. A. U. and several meetings have been held without success. However, with a view to bringing the two organizations in contact again President Tom Boyd was instructed to form a committee and to get into touch with the D. F. A. officials.

In the past there has been considerable difficulty because of the fact the various provinces differed somewhat in their constitutions. This undesirable circumstance was fully discussed this morning and a committee was appointed to arrange for uniform rules. This committee consists of the following:

Ontario, W. J. Smith; British Columbia, D. Leith; Manitoba, C. A. Macneil; Maritime Provinces, A. W. Cory; Quebec, R. Dawson; Alberta, Brent; Saskatchewan, F. W. Betts.

General McDonald's message to President Boyd was as follows:

"I feel that the action regarding soldiers' reinstatement is most shortsighted and ungenerous. I feel assured of the support of my government in stating that there will be no support among Alberta sportsmen either for its enactment or enforcement if this is the spirit of the Amateur Athletic Union of Canada. I must tender my resignation as president of the Alberta section."

BANQUET IN HONOR OF LACROSSE CHAMPS

Mann Cup and Gold Medals Presented at Enjoyable Affair Last Night

Team work on the sports field and team work in the yards has been responsible for the success of the Foundation Company along both lines. Manager E. E. Jenkins told those present at the banquet last night at Tiche & Wheeler's in honor of the world's champion lacrosse players. The manager was greeted with "For He's a Jolly Good Fellow" as he rose to reply to the toast of the Foundation Company, proposed by Mayor Porter. Mr. Jenkins believed that the Foundation organization had beaten every wood ship-building record ever set. The ships were the last word in construction, and for that reason he believed there would be more orders, and he assured them that any such ships ordered would be built in this city.

Outside of his own home town, Mr. Jenkins said Victoria was the only place he felt perfectly at home, and irrespective of the future of the shipyards he hoped to make his home in the city.

Mayor Porter referred to the co-operation which the company developed, and he said it was the same co-operation on the sports field that enabled the shipbuilders to win the world's championship.

In replying to the toast of the French Government, proposed by Alexander Watchman, W. G. Winterburn said the main obstacle in the way of more wooden-ships for France was the rate of exchange.

W. E. Ditchburn, Ex-President of the Victoria Lacrosse Association, Mr. Virtue, Mr. Stevens and Mr. Dewar all had many compliments to say regarding the champions. Mr. Virtue offering to provide suitable trophies for next year's competition. Cotton Brynjolfsson replied for the team, informing the audience that there never was anything like it.

E. Christopher, amid resounding applause, handed over the Mann Cup to Dutch Clegg with the advice to hang on to the trophy. Gold and enamelled medals given by the Foundation Organizations were then handed to Brynjolfsson, McInnis, Monroe, Johnson, McGregor, Painter, Pottlinger, Clegg, McDougall, Feidham, Mitchell, Sweeney, Ross, Davis and C. Baker.

The Foundation Glee Club contributed to the harmony of the evening.

WILL TALK TO ATHLETES FROM CATHEDRAL PULPIT

The Dean of Columbia will preach a sermon on "The Church and Athletics" to-morrow evening in Christ Church Cathedral. Dean Quinlan is well known as a keen and active sportsman in the city, and all interested in athletics and the promotion of sound recreation will be interested to hear the Dean speak on the subject.

ICE SKATING STAR DEAD

Milwaukee, Wis., Sept. 27.—Charles Fisher, nationally known ice skating champion, died yesterday. He was thirty-five years old and prominent as a skater for the past sixteen years.

AUSTRALIAN NET STARS WILL APPEAR HERE ON FRIDAY

Norman E. Brookes and Gerald L. Patterson Set Date for Visit to Capital City—Play in Vancouver To-day

Norman E. Brookes and Gerald L. Patterson, the two famous Australian net men, will appear on the courts of the Victoria Tennis Club at the Willows Friday, commencing at 2.30, making the crowning feature of the most successful season in the history of the club. It is expected that the accommodation of the club for spectators will be taxed to the utmost capacity. Five hundred reserved seats will be placed on sale at the Hibben-Bone Store, and all anxious to see the two stars are advised to secure tickets early to avoid disappointment. The information was received in a message from President Brown, who crossed to Vancouver to arrange the visit.

Patterson and Brookes arrived in Vancouver yesterday after their triumphant tour of the United States and will play on the Mainland to-day.

Two and probably three matches will be played. Patterson and Brookes will play a singles match, starting at 2 o'clock, and after a brief rest the Australians will pair against Messrs. H. Rhodes and E. A. S. Milne, the Vancouver cracks, in a doubles match. If time permits, a third doubles match will be played against another local pair.

The visiting players have little to say concerning their success in the U. S. L. T. A. tournament, in which they captured the doubles championship, but pay quite a tribute to the class of tennis served up by the American players, and Mr. W. M. Johnston, the Californian, great credit for winning the singles title.

Brookes and Patterson rank as the world's foremost net players. They hold the American doubles title, having captured this honor in the annual tournament of the U. S. L. T. A. in the East a few weeks ago, and they are now returning home where they will defend the Davis Cup, enthusiastically by the tennis public.

Tennis enthusiasts throughout the world will remember the remarkable match between Brookes and Maurice McLoughlin, at that time recognized as America's greatest player, which was a feature of the Davis Cup series of 1914. Brookes is well known everywhere the game is played and it is unnecessary to go into details except to remark to the tennis world that he is now almost forty-three years old and was a champion twenty years ago. He won the Australian singles championship on numerous occasions and won the British title also in 1907 and 1914. His wonderful play in the Davis Cup matches from 1905 to 1914 will never be forgotten. Although beaten in the recent singles tournament of the United States Lawn Tennis Association by William Johnston, the Californian star, Brookes came back later in exhibition matches in Chicago and at Berkeley, Cal., and defeated the American champion decisively, while partnered by Patterson, they have made a clean sweep in doubles competitions throughout the country. Brookes served throughout the war with the medical service.

American tennis experts regard Patterson as the greatest player in the world to-day. He is a nephew of Madame Meiba and was a lieutenant.

REDS CELEBRATE WITH HOME FANS

Automobile Reserved for 1869 Pennant Winners Is in Parade

Cincinnati, O., Sept. 27.—To-day is one of jollification for the Cincinnati National League baseball team and the pennant Victory programme started out with a parade of five divisions headed by Mayor Galvin and other city officials, President August Hermann, of the Cincinnati club, and owners of the club.

To-night a banquet will be given in honor of the Reds, at which speeches will be made by Governor Cox and Mayor Galvin.

Conspicuous in the parade was the automobile reserved for former Red baseball players of 1869, Cal McVey, right-fielder; George Wright, shortstop; George Taylor, substitute catcher, and the former president of the 1869 club, John C. Davis.

REGINA IN ARMS OVER UNION'S DECISION

Regina, Sept. 26.—T. B. Patton, president of the Saskatchewan branch of the A. A. U. of Canada, has resigned as a result of the national body's action in connection with the reinstatement of returned soldiers. Sporting men of the city are up in arms over the proposition and favor a complete breakaway from the national body.

COBB HAS SAFE SLUGGING LEAD

Twenty-nine Points Ahead of Team Maté Veach, Collins, Base Purloiner

Chicago, Sept. 27.—Closing days of the baseball season find Ty Cobb, star outfielder of the Detroit team in possession of the American League batting championship for the twelfth time in thirteen years. Cobb, according to unofficial averages to-day, is leading the race with a mark of .379, 29 points ahead of Veach, his teammate.

The figures include games of Wednesday. The only year in which Cobb was deposed from the batting championship during his major league career was in 1916, when Tris Speaker forced him out.

NATIONALS ONLY THREE BEHIND IN TOTAL RUNS SCORED

Have Lost Six of Fourteen Games, But Have Made Hard Fights Every Time

Chicago, Sept. 26.—Records of baseball world's series of past years show that although the American League entries have been victorious in nine of the fourteen series, the games have been so closely contested that the National Leaguers are only three behind their younger opponents in the number of runs scored and six in games won.

EDMONTON SOLDIERS PLAY PROFESSIONAL

Edmonton, Sept. 26.—As the direct result of the decision of the A. A. U. of Canada at Ottawa not to reinstate returned soldiers as amateurs the Edmonton Hockey Club, under the management of Deacon White, baseball promoter, and Barney Stanley, formerly a star in the Coast League, will undertake the formation of a professional hockey league in Alberta and Saskatchewan, in which will be used many returned soldiers who had hoped to be able to play amateur hockey this winter.

Regina, Sept. 26.—Deacon White's proposed plan to start professional hockey in these two provinces has met with favor here, and the feeling seems to be that this is the only solution to the question. Some, however, would favor waiting until they see what can be done regarding the rejuvenation of the A. A. U. of Canada in its stand towards men who fought in the war. Professional hockey, it is predicted, would draw here after a successful season of professional baseball.

LATEST RACING RESULTS

Columbus, O., Sept. 27.—Tommy Murphy, who has led all drivers for winning races in the present grand circuit meeting, had another big afternoon of it yesterday, when he won two of the four races on the programme. Direct C. Burnett again mastered a field of fast pacers in the Arch City 2.10 stake, winning in three evenly run miles. Baroness Edgewood was expected to show good form, but she finished outside the money. Time, 2:03 1/4.

HORSES ENTERED FOR HURDLE RACE CLASSIC

London, Sept. 26.—(C. A. P.)—Betting on the Cesarewitch stakes handicap, two and a half miles, to be run at Newmarket on the second day of the second October meeting, Wednesday, October 15, purse £1,010, is: Golden Melody, 8 years, 109 to 12; Gay Lord, 3-year-old, 100 to 9; King John, 4 years, 100 to 7; Alvanham, 3 years, 100 to 8; Ivanhoe, 6 years, 20 to 1; and Happy Man, 3 years, 25 to 1.

VICTORIA GOLFERS PLAYING FOR COVETED PUNCH BOWL

Canadian and United States Teams Play Thirty-Six Holes Against Bogey on Seattle Club's Course

One of the most interesting competitions of the Northwest golf calendar will be staged to-day on the Seattle Golf and Country Club course when teams from Vancouver, Victoria, Portland and the North end club meet in the Vancouver punch bowl tournament.

The municipal team realizes the conditions and have taken the decision, caused purely by facts as they are the proper and only one which could be rendered in their case. So this year Griswold, Stein, Speirs, Steil, Rongerud and a host of other brilliant performers will not be able to match their skill with the seasoned players from Portland, and Canada.

DETROIT GOLFER WINS STATE CHAMPIONSHIP

Toledo, O., Sept. 26.—Alexander Ross, of Detroit, won the Ohio championship title over Inverness course here to-day with a gross score of 297 for the seventy-two holes, leading Leo Diegel, another Detroit golfer, two strokes at the end of the second thirty-six holes.

WANDERS AIMLESSLY THROUGH TOWN CLAD IN HIS UNDERWEAR

Jap Under Influence of Liquor, Fall Off Dock; Found on Door-step in James Bay

Through imbibing too freely of the substitute intoxicants now to be obtained through dark and mysterious channels, Keizo Shibata, a second-class passenger on the steamship Kashima Maru, which docked here yesterday on her way from the Orient to Seattle, found himself in a most embarrassing position late last night and to-day is having an opportunity to recuperate within the cold grey walls of the police station.

BRITISH COLUMBIA IN NEWLY FORMED BASEBALL BODY

Ottawa, Sept. 26.—The Canadian Amateur Baseball Association was organized at a meeting of the representatives of the various provinces, held in the Chateau Laurier to-night.

RUGBY PLAYERS HOLD PRACTICE AT GYMNASIUM

The Foundation Rugby Club held the first practice of the season on Thursday, when the bulk of last year's team made a start at getting into shape for the league contest this season, and it looks as if Dia Thomas will have a strong team gathered before the league opens.

PATHFINDER LOCATES LARGE FOREST FIRE

Aeroplane Renders Service of Much Value in Vicinity of Duncan

For the first time in the history of this province an aeroplane has been successful in detecting a forest fire and reporting the location to the fire ranger. Yesterday while the Pathfinder No. 2 was flying over Duncan, Pilot Brown caught sight of a large amount of smoke issuing from a densely wooded country. He immediately proceeded to the spot, and on circling overhead ascertained the extent of the blaze and the exact location.

Drug Stores and Hairdressing
Parlors.

UNIQUE SERVICES
AT FIRST CHURCH

Sunday Will Mark End of 58 Years Progress on Part of Presbyterian Church

Services at the First Presbyterian Church on Sunday will be of a unique character, in that they will mark the end of fifty-eight years of church work, and of progress which has made the institution the largest in the Province. The First Church here is the oldest Presbyterian place of worship west of Winnipeg, and has a membership of 1,300. There are thousands of people in the city who have been or are connected with the church, either through membership, baptism or marriage. It is indeed a place where many sacred memories cluster.

Assisting Rev. John Gibson Inkster, the pastor, will be the Rev. Capt. John Campbell, D.D., who for twenty-two years, has been a minister of the church. At the morning service the psalms will be selected from among those that David sang, while the hymns in the evening will be those with which every one is familiar. Jackson Hanby's choir will be present and will render music, and solos will be sung.

The programme of the services follows:

9:45—Sunday School Rally.
11 a.m.—Home Coming Service. Subject, "The Great Supper."
7:30 p.m.—"The Supreme Need of the Empire To-day."

'SORE THROAT'
IS A COMMON AILMENT WHICH UNLESS CHECKED IN TIME MAY LEAD TO A SERIOUS CONDITION. SIMILARLY COUGHS, COLDS, BRONCHITIS, WHOOPING COUGH, AND ALL AFFECTIONS OF THE THROAT AND LUNGS, WHICH ARE OVERCOME BUT IF TREATED AT ONCE. DR. THOMAS' ECLECTIC OIL MAY BE AVOIDED AN OLD AND RELIABLE REMEDY IS FOUND IN

DR THOMAS' ECLECTIC OIL

7:30 p. m.—Evening service in all churches.
Special Programme for Leaders Friday.
6:15 p. m.—Supper, 40c.
7:00 p. m.—Conference. Songs.
7:15 p. m.—C. S. E. T. A national programme.
7:45 p. m.—Interviewing boys through charting.
8:10 p. m.—The aims and plans of the conference.
8:30 p. m.—Joint session with boys, Saturday.
9:00 a. m.—Devotional period. Presentation of the morning watch.
9:15 a. m.—Worship for boys, and how to secure it.
9:30 a. m.—Graded Bible lessons for boys' classes.
10:00 a. m.—How to enlist and train leaders.
10:30 a. m.—The forward movement.
10:45 a. m.—Plan for sessions of "squares."
11:00 a. m.—"Squares." Leaders join with boys for remaining sessions.

To-morrow's The City Churches
Services in.....

CONGREGATIONAL CHURCH
Corner Quadra and Mason.
11 a. m.—Subject, "CHRIST NECESSARY TO CHRISTIANITY."
7:30 P. M. Special—Mortly Musical Service
Chorus, "Cast Thy Burden," (Mendelssohn); Male Quartette, "Lead, Kindly Light," (Dudley Buck); Solo, "I Heard the Voice of Jesus Say," (Newrick); Miss Olive (Solo); Male Quartette, "Nearer, My God, to Thee," (Johnson); Solo, "Fear Not Ye, Israel," (Buck); Mr. W. G. Quirk; Chorus, "By Babylon's Wave," (Gounod).

Milk Notice

After September 30th we are going to make a hard and fast rule that no milk will be delivered unless bottle and ticket are left out.

In making this rule we are safeguarding our drivers, who from that date will be absolutely responsible for all milk leaving the ranch.

Our drivers have only a little over a minute per customer, so do not blame us if you do not get milk after September 30th on account of your bottle and ticket not being left out.

E. & T. RAPER
P. O. Box 458, City.

PROGRAMME FOR BOYS' CONFERENCE

Sessions Will Be Held For Three Days; Programme of Sessions

Older boys from Victoria and the Island, members of boys' organized Sunday schools and Bible classes, will confer from Friday evening to Sunday afternoon next week.

The sessions on Friday and Saturday will take place in St. John's Church schoolroom. On Saturday afternoon all boy delegates will be invited to the Y. M. C. A. building for recreation and will remain for supper and the evening's programme. A brief morning session on Sunday will be conducted in St. John's schoolroom, and a mass meeting open to all boys fifteen years and over in the city will take place Sunday afternoon in St. John's church.

Friday Evening.
7:45 p. m.—Song service.
8:00 p. m.—A service of worship (doors closed).
8:15 p. m.—Appointment of nomination committee.
8:30 p. m.—Tuxis—the new crusade. "The Challenge of the Times to Older Boys."
9:00 p. m.—Your conference.
9:10 p. m.—Organization into "squares" (10-20 delegates each).
9:25 p. m.—Organization session of squares. Arrange for Saturday morning session, including test and square contest.
9:35 p. m.—"Squares" adjourn (separately or together according to local conditions).

Saturday Morning.
8:45 a. m.—Meeting of leaders, mentors and preceptors.
9:00 a. m.—Roll call by "squares."
9:05 a. m.—A service of worship. The value of the "morning watch." Daily Bible readings.
9:15 a. m.—Election of officers.
9:40 a. m.—Bible study for Tuxis boys.
10:10 a. m.—The Tuxis programme and charting.
10:45 a. m.—The "square session." Practical talk in conclave on Community Responsibility.
11:00 a. m.—Separation into "squares."
11:05 a. m.—Opening ceremony of "square." Business, minutes, etc.
11:15 a. m.—Mid-week Bible discussion.
11:30 a. m.—Test "ability to entertain or debate."
11:45 a. m.—Closing of "square" session.
11:50 a. m.—Games.
12:10 p. m.—Adjourn. Noon. Conference photograph.

Saturday Afternoon.
2:00 p. m.—Roll call by "squares."
2:05 p. m.—Devotional period.
2:15 p. m.—Mechanics of the C. S. E. T. (1) Organization of group; Tuxis council; (2) Setting up the programme; (3) Keeping the records; (4) Registration; (5) Helps in carrying on the programme.
3:15 p. m.—Denominational rallies. Conducted by representatives of the denominations which are represented in the conference.
4:00 p. m.—Organized recreation and group games.
Saturday Evening.
6:15 p. m.—Supper and C. S. E. T. conclave.

3:15 p. m.—Boys' mass meeting. St. John's Anglican church.
4:15 p. m.—Closing service.
4:45 a. m.—Adjourn.

ZIONISTS TO SEND JEWS TO PALESTINE

London Organization to Establish University in Jerusalem

London, Sept. 26.—At the international headquarters of the Zionist Organization, in Great Russell Street, plans are rapidly going forward for the settlement of thousands of Jewish people in Palestine.

There is a pleasant bustle in the rooms where the plans are being perfected, and men and women go about with faces alight and voices full of eagerness, because of the return home. It is especially amongst the Jewish people of Eastern Europe, of Russia and Poland, Galicia and Roumania, that anticipation is running high. In the picturesque phrase of Dr. Weizmann, president of the Zionist Commission, who told a newspaper representative something of the ambitions which centre round the return to Palestine, "millions of Jews are waiting, staff in hand, until the opportunity comes for them to travel to their fatherland."

Jerusalem University.

The initial step will be the establishment of a university in Jerusalem. The nucleus of a university is already to hand in the different medical centres in Palestine. Jewish scholars are doing research work in Jerusalem and Jewish history. A considerable organization also exists in Russia which has for its special work the translation of the classics of all tongues into Hebrew. This organization will be transferred en bloc to the new university, which at the outset will establish a Jewish University Press.

On the practical side the University will at once take in hand the question of agriculture, by which the main body of immigrants must live. It will also investigate the diseases of malaria and trachoma, which are particularly prevalent in Palestine.

"In the new Palestine," said Dr. Weizmann, "there will be no room for the capitalist or the big landlord. The ideal is to settle the maximum number of people with the minimum grant of land apiece. We want a dense population.

Discussing the practical possibilities with which the Zionist colonies will come face to face, Dr. Weizmann said that although Palestine is not much bigger than Wales, it has an extraordinary variety of climates. He summarized the principal areas as follows:

Coast—May be compared to the Riviera. Will yield everything the Riviera yields to the south—Barley, growing country.
Jordan Valley—Sub-tropical. Cotton, tobacco and bananas may be grown here.
Valley of Esdraelon—One of the most beautiful spots in the East. Intensive cultivation will be started here, with Egypt in view as a big market for vegetables.
Hills—To be re-forested. Pines, cypresses, etc., would also shelter agricultural lands.
Dead Sea—A source of minerals, particularly potash, a necessity of scientific agricultural development.

OPENING OF INTER-CHURCH MOVEMENT

"Rally Day" To-morrow; Methodist Churches Circularized by Dr. Chown

To-morrow is "Rally Day" in the churches throughout the Dominion—the day on which the inter-church forward movement campaign will open.

The part which the Methodist Church will take in that campaign is set forth by Rev. Dr. Chown, general superintendent of the Methodist Church, in a circular letter to the ministers and members of that church. Dr. Chown says in part: "To the ministers and members of the Methodist Church: "By the action of the general conference special committee the Methodist Church is now committed with its national spiritual and financial campaign. "The resolution of the general conference special committee was an act of great faith in God, in our ministers, and in the people called Methodists throughout Canada, Newfoundland, Bermuda and the mission fields in the distant Orient. The general conference had given mighty impulse to this big enterprise; the annual conferences had spoken as with one voice; the Methodist national executive committee had labored days and nights in anxious thought for the settlement of this tremendous movement; the departmental secretaries week after week, with intense application, had sought to work out every difficult detail. "Moreover, the inter-church forward movement committee had successfully faced the enormous task of fitting the machinery from the five largest churches in Canada into one great engine of progress; the spirit of the living God had brooded over these painstaking deliberations, and now at last, moved by an unshakable conviction and following the lode star of the coming kingdom of God, the general conference special committee has put the seal of its official approval upon this glorious adventure of faith.

Chief Objections.
"Henceforth nothing is in order but the consecration of every energy of our Church to the complete consummation of this providential task. Our objectives are courageous and commanding, worthy of this new time and of the men called of God to give shape to its activities. The spiritual and moral influence of Churches are a total of 100,000 New Sunday school scholars, 100,000 New members of the Church, 50,000 New members of the Y. M. C. A., 200,000 Pledged intercessors; at least one in each family, 200,000 Pledged workers, 100,000 Christian stewards, 5,000 Volunteers for life-service and one from each congregation.

"These large objectives are only the normal programme of the Church magnified under the impulse of a faith augmented by the Spirit of God to meet the demands of this new world, and we may well ask what is the Church of Christ for but to do this very thing? Can we not all hear in this crisis the thrill of the prophetic words, 'Arise, shine, for thy light is come, and the glory of the Lord is risen upon thee?'"

To Raise \$4,000,000.

"Following this great spiritual campaign there will be a financial campaign, looking to the raising of \$4,000,000 for the extension of the kingdom of God. So far as the congregational funds involved in this appeal are concerned, we must remember that the Church is staking everything upon the efforts put forth during this intensive campaign, and upon the well-known and increasing liberality of our people.

"The campaign of publicity arranged for, coupled with addresses all over the country by various persons appointed thereto, will give full details and render every possible assistance to local workers, so that they achieve a most notable spiritual and financial victory.

"Let us all praise God for this opportunity, and accept it as a gift to be achieved diligently and thankfully for Him whom we love. Yours in the common cause, S. D. Chown, general superintendent."

ANGLICAN.

7:30 p. m.—
"What a Revival of Religion Is"
First sermon of a short series preparatory to Gipsy Smith Mission.
Thousands of old friends—members and adherents of First Church, Victoria, will be glad of this service. All are cordially invited. Capt. Rev. John Campbell, D.D., will assist and choir will be augmented by old members. Come early.

Vicar as Factory Hand.—The Rev. B. L. Adams, Vicar of St. John's, Dukinfield, England, has publicly expressed an anxiety to enter an engineering works, or any factory which is producing important articles. The need of an increased output of goods for export is, he considers, so urgent that he regards it as of more importance than his parochial duties. He is willing to work as an apprentice, and will give whatever wages he receives to parish funds.

At First Unitarian Church.—Rev. A. J. Pineo, who established the Unitarian churches in this city, Vancouver and Edmonton, will preach to-morrow at the First Unitarian Church.

Dr. T. W. Butler will speak at 11 a. m. on "EQUAL WITH GOD."
8 p. m. Subject, "Making Life Worth While"
Come, and hear the Gospel, "The glad new day."

ANNOUNCEMENT
The study class in the Hosiery Teachings will meet in Room 133, Pemberton Building, Fort Street, Friday, Oct. 2, at 8 p. m. sharp. This study will be especially interesting to those who want to know something definite about the here and hereafter, and about worlds visible and invisible. All are invited. Non-sectarian. If you have a Cosmo-Conception bring it with you.

FIRST SPIRITUAL CHURCH
St. John's Hall, Herald Street. Sunday, Sept. 28, 7:30 p. m.
Speaker, MRS. ISLES; Messagers, MRS. ISLES.
Circles, Monday, Wednesday and Thursday, 7 p. m. All welcome!

Bible Lecture
SUNDAY EVENING, 7:30
Princess Theatre
SUBJECT
THE DOCTRINE OF THE RANSOM
Will it bear logical analysis? Blind credulity justifies no one. What is the basis of your hope?
"Come, let us reason together, saith the Lord. Though your sins be as scarlet, they shall be whiter than snow."—Isa. 1:18.
SPEAKER
WILLIAM TINNY of Vancouver
Seats Free. No Collection. All Welcome

"Instead of Going to the Hospital"—

writes Mr. Lewis MacPherson, from Halifax, N.S., "I sent for a box of Gin Pills—with the result that I am a well man. I recommend Gin Pills to everyone suffering from kidney trouble."
Mr. MacPherson had suffered untold misery, and, after treating with the best medical help available for 10 months he decided to go to Victoria Hospital, Halifax. He had inflammation of the kidneys and bladder. Two days before his intended departure a neighbour called and gave him some Gin Pills. "Six hours after taking the first dose," he writes, "the effects were simply miraculous". Then he sent for a box of Gin Pills and was cured.
This is just one of the many instances which are being brought to our notice continually. People, out of pure joy and gratitude for release from pain, write these letters to us. What Gin Pills have done for them they can do for you.

Gin Pills

FOR THE KIDNEYS

The formula on which Gin Pills are prepared was attained only after long and profound study and experimenting. It is unique. It embraces the beneficent properties of the Juniper in the Gin, but eliminates all the alcohol. Combined with seven other diuretics and antiseptics, it goes right to the seat of the trouble, allaying the congested kidneys, healing inflammation, restoring weak tissues, and enabling these delicate organs to resume their work of purifying the blood. Thus the poisons are soon taken out of the system, the pain is stopped, and the debilitated body becomes strong and healthful.

If you have a backache, gravel or any of the symptoms of kidney trouble, get a box of Gin Pills at once. Your druggist or dealer has them at 50c a box with money-back guarantee. Gin Pills taken now may help you to avoid an operation. Do not delay.

THE NATIONAL DRUG & CHEMICAL CO. OF CANADA, LIMITED, TORONTO

U.S. address: Na-Dru-Co., Inc., 202 Main Street, Buffalo, N.Y.

AMUSEMENTS TO-DAY

Royal Victoria—Orpheum vaudeville.
Princess—R. N. Hincks and Company present "Oh, Jupiter!"
Pantages—Vaudeville.
Columbia—Bert Lytell in "Blackie's Redemption," serial, "The Red Glove," featuring Marie Walcamp.
Romano—Kitty Gordon in "The Scar," and serial, "The Terror of the Range," featuring Betty Compson.
Dominion—William S. Hart in "Square Deal Sanderson."
Variety—Mae Murray in "The Big Little Person."

DOMINION

Lloyd Bacon, son of Frank Bacon who has made a phenomenal hit in "Lightnin'," the New York stage success, appears in "Square Deal Sanderson," Wm. S. Hart's newest Arctcraft picture which is on view at the Dominion Theatre this week. The photograph is one of Mr. Hart's best productions and has scored a decisive hit.

COLUMBIA

A remarkable scene in "Blackie's Redemption," the latest Metro play starring Bert Lytell, which will be the feature at the Columbia for the last time to-day, shows the daring escape of Blackie from prison in a terrific thunderstorm.

Desiring to get effects which would add realism to the picture, Director John Ince put off taking the scene until a thunderstorm threatened and then all hands were called for quick action.

Before he had been in the rain for more than a minute Mr. Lytell, dressed in a thin suit of prison clothes, was drenched to the skin, as were the director, his assistants and the camera man. This was a slight thing in the lives of all concerned, however, who exult in "shooting" a realistic scene regardless of all personal discomfort.

ROMANO

A tense, emotional, decidedly unusual drama is "The Scar," the new World Picture, starring Kitty Gordon, which will be shown at the Romano for the last time to-day. It is a drama that is particularly fitted for the display of Miss Gordon's great abilities.

In this picture Miss Gordon is seen in the role of Cora, a Spanish adventuress, who is remarkably beautiful, but who is cold, calculating and relentless. She is broken and then cast aside. Pursuing such a career as this, she nearly wrecks the life of George Reynolds, an enterprising, likable young man. She has him sent to the penitentiary and when he comes out and is eventually happily married she tries to break up the marriage.

"The Star" has been given a remarkably elaborate and lavish setting. The interior scenes are massive while the outdoor scenes are particularly beautiful.

VARIETY

It happened in New York when Mae Murray and her director-husband, Robert Z. Leonard, were on their honeymoon. There was a deluge of reporters, of course, such being the penalty of fame. Even honeymoons cease to be exclusive when the principals concerned are famous.

"And how do you like being back in New York again?" they were asked for the fifth time.

Miss Murray flashed one of those irresistible smiles that everyone has learned to associate with her.

"We just love it," she exclaimed impulsively. "We're having such a wonderful time and we are so happy—but," and there was a wistful break in her voice—"we do so miss the children."

"The children!" exclaimed the reporter. It seemed the atmosphere had suddenly become charged with electricity.

"Why, yes," continued Miss Murray, "it was so hard to leave them; but we just couldn't induce all their fathers and mothers to allow them to come along with us."

And the children in question proved to be all the little studio children who appeared with Miss Murray in her latest Universal picture, "The Big Little Person," which was directed by her husband and which is being shown at the Variety for the last time to-day.

PANTAGES

Just as Florence Ziegfeld, Jr. directs all his energies each summer to perfecting his famous "Follies," the vaudeville tabloid producers spend much energy and midnight electricity thinking out librettos and music for the girl-and-music show which is an integral part of the weather variety bill. The results are the numerous tabloids with which summer vaudeville is flooded—the entertaining, hitting, laughable, light and airy girl acts which the "bald-heads" crave and the younger men of the audience desire.

Thus it is that "Oh, Billy!" headlines the coming Pantages Theatre. It has a book just chock-full of good, clean comedy, put over by two excellent comedians who are featured with the turn, Harry Bulger, Jr., and Earle B. Mountain. Its chorus is of

EMBARRASSMENT, THE RESULT OF COUGH

You've seen it often—just as the singer, preacher or great actor reaches for the climax and the audience is keyed up to the highest pitch of anticipation, there comes that uncontrollable cough or sneeze from somewhere in the audience. How embarrassing for the victim who knows that the pleasure of many has been spoiled.

You can avoid being in a similar position by always carrying a box of Dominion C. B. Q. Tablets (in the red box). One or two doses will stop a cold before it gets seated, or break up a hard cold in short order. Get a box to-day. National Drug & Chemical Co. of Canada, Limited, 12

the Broadway kind. The girls can dance and sing in addition to being able to wear the masterpieces of the couturier-art. A scenic production of lavish elegance is carried with the turn.

There are five other excellent acts, including popular Joe Roberts and his banjo as an added attraction. The third episode of "The Carter Case" completed the programme.

PRINCESS

Another large audience enthusiastically received Mr. R. N. Hincks' new and original musical comedy "Oh Jupiter" last evening. As a medium whereby a most enjoyable evening of entertainment can be secured it will serve to excellent purpose. Delightful music, splendid singing, pretty dancing, cleverly humorous dialogue and a host of other features make the performance one of the most pleasing and entertaining that has ever been offered by the Princess Dramatic Society. Seats for the closing performance can now be secured at the box office. Phone 4625.

FINE BILL OFFERED

AT ROYAL VICTORIA

Albertina Rasch, Danseuse, and Others Make Up Entertaining Performance

A series of four interpretative dances introduced to Orpheum vaudeville patrons at the Royal Victoria Theatre last evening a charming entertainer, Albertina Rasch, whose offering, a thing-of-finished-technique and tasteful staging, headed a bill of almost uniform excellence. Variety there was in plenty during the evening, for the acts ranged all the way from the "Hindu Prayer," danced by Miss Rasch, to the capers of one Tip, a canine wonder of the fox terrier persuasion.

Into "Chinoise," given to a Tschakowsky accompaniment, Miss Rasch infused a world of abandon, and, though the dance was the lightest of the several she offered, the height of almost uniform excellence, was not surpassed in any of the others. Her "Musette" was a creation of grace, and her "Tzigane," danced to the Sarasate composition of that name, was a realistic conception.

Miss Rasch had the support of Louis Wolff, a violinist of Holland, and Robert O'Connor, a pianist. Besides playing accompaniments for the dances, Mr. Wolff gave the audience a glimpse, in a solo, of his mastery of his instrument, from which he drew a lusciously mellow tone.

The four young women of Miss Rasch's company gave three dances which reflected the highest credit on the principal as a director as well as a danseuse.

To encounter a Persian pianist is a novelty to an audience in this country, but the nationality of Kharum was declared to be such both by the patrons' programmes

Never-Failing Remedy for Appendicitis
Indigestion, Stomach Disorders, Appendicitis and Kidney Stones are often caused by Gall Stones, and mislead people until those bad attacks of Gall Stone Colic appear. Not one in ten Gall Stone sufferers knows what is the trouble. Marlatt's Specific will cure without pain or operation.

and by James J. Morton, the sectional Prologue of the evening. Those in the audience with musical knowledge, however, soon forgot the question of nationality in contemplation of Kharum's artistry, which embraced at once manual dexterity, intelligent phrasing and an altogether pleasing touch. To his several classical numbers he added a demonstration of how completely his facile fingers are his servants by playing a fragment from "Ludca" solely with his left hand.

Norwood and Alpha Hall dealt in "senses and nonsense," though if there was any of the former ingredient in their act it was of the most infinitesimal of microscopic proportions. It was one of those acts in which the import of the mere words was nothing but the manner of saying them was everything. And the pair may be commended on their admirable repose. A "nonsense" act and repose may appear to have little to do with each other, but no small part of this couple's success is due to absence of the fidgety, aimless movements which mar so many vaudeville acts.

"Sweeties" proved to be a quick-moving farce which was farcical throughout, with a dash of song, put on by a young woman and four men. "Tip," the dog wonder of Bob Tipp and Company, capped a surprisingly clever series of tricks by balancing unaided on his hind feet on a slack wire. His master divided his time between gymnastic work and the easy task of directing the canine actor.

Comfort and King, blackface entertainers, were amusing to a degree as the "Coontown Divorcans," and the Melnotte Duo appeared in a most expert slack wire performance.

THE OLDEST, THE SIMPLEST, THE SAFEST AND THE BEST REMEDY FOR

15,000—ST. CHARLES ST.

Eight rooms. This is one of Victoria's most beautiful and exclusive localities, a situation that will appeal to the particular homebuyer. The house has an attractive exterior finish, with paneled walls, beam ceilings and heavy staircase. The drawing room is large and well lighted and has an open fireplace. The library has built-in bookshelves, an open fireplace and large window. The dining room is paneled and beamed and has an unobstructed outlook. There are four bedrooms, all of good size and each with ample wardrobe space. The bathroom has a full size cement floor and the house is heated thoroughly by furnace. The grounds cover practically one acre and have been beautifully laid out in lawn and garden, with shrubs, roses, fruit and shade trees. There is a gravel drive to the front of the house and to the garage in rear. This property must be sold within the next thirty days. A nice home at the low figure of \$5,000. Terms arranged if necessary.

CLEANING HOUSE, Bellingham, Sept. 27.—The Central Labor Council of Bellingham just now is "cleaning house," it being charged that the radicals are in power and arbitrarily suspending unions which fail to follow the mandates of the Council in support of the local timber workers' strike, which practically has petered out, a majority of the original strikers having returned to work at the four mills affected.

SALARIES INCREASED. Toronto, Sept. 27.—Salary increases of \$11,500 a year were voted yesterday afternoon at the closing session of the thirty-eighth annual meeting of the Board of Managers of the Methodist Church in Canada.

INVESTIGATE It takes only a little time and trouble to make sure one is not missing a good thing. One is then spared regrets for the lost opportunity. DON'T SAY YOU CAN'T AFFORD TO INVEST. You Can't Afford to Miss It. Advantages of Purchasing the Initial Offering. As in any industry, the increased earnings, together with the rising of the potential value of the holding, will very materially increase the price of the stock. Those who purchase the initial offering now have a seemingly positive assurance of a big profit to be derived from the market demand bound to follow THE TEXAS DUPLEX OIL & REFINING COMPANY'S success. There never has been a successful oil company on the market since what has been a following of people who deplore the opportunity that they missed by not purchasing its stock at the initial price and before the stock rose in value to hundreds and thousands of percentages of profit that was made by those who did have the backbone to get in at the start. Those who purchased the early issues of the producing companies in Burketts, Humble and other fields of Texas have made tremendous amounts of money, and in a large number of cases, fortunes.

SPARE A FEW MINUTES AND CALL AT THE EMPIRE REALTY CO., FORT ST. 8 and 9 WINCH BUILDING, FORT ST. The fullest information is available to convince the sceptic.

MAY STORE MEATS. Washington, Sept. 27.—Storing of the usual "seasonal requirements of meats" is permissible under the food control act and does not constitute hoarding, Attorney-General Palmer says. SEED CROP BRINGS \$17,000. Bellingham, Sept. 27.—Five and one-half tons of cabbage seed grown on the farm of James Hulbert, Jr., near La Conner, Skagit county, sold yesterday for \$17,000. The seed was purchased by a Detroit firm.

WANT IMPROVEMENTS. Vancouver, Wash., Sept. 27.—The Vancouver Central Labor Council has decided to go outside of strictly labor activities and has gone on record as favoring a better street lighting system for Vancouver, and a municipal swimming pool.

Births, Marriages, Deaths DIED. WARD—On Sept. 26, 1919, at the residence, 719 Front Street, Sergt. Frederick Ward, a native of Yorkshire, England, aged 43 years. He was a member of the United Service Club, 24, P. A. M., of Seattle, and also Admiral Bessford, L. O. L. 2407, and the Army and Navy Veterans in Canada. The funeral will take place from the B. C. Funeral Chapel, 734 Broughton St., on Monday, September 29, at 10 o'clock, interment in Ross Bay Cemetery.

BEAVEN—On 25th inst., at the family residence, Susan Sibbald, beloved wife of Hon. Robert Beaven, aged 73 years, 8 months. Funeral services will be held at Christ Church Cathedral at 11 o'clock Monday, the 29th inst. No flowers, by special request.

LOVELAND—Suddenly, at Jubilee Hospital, Walter Jarvis, 16-year-old and beloved son of Mr. and Mrs. Walter F. Loveland, of 1314 Point Street, where service will be conducted at 4 o'clock. The funeral will take place from the B. C. Funeral Chapel, 734 Broughton Street, on Tuesday, September 30, at 10 o'clock, the Rev. Robert Connell officiating. Interment will be made in Ross Bay Cemetery.

IN MEMORIAM. HUNTER—In loving memory of my dear son and brother, Pte. Harry Hunter, who was killed in action, September 24, 1918, age 29 years. Ever remembered by his father, mother and sister. Friends may think the wound is healed, but they little know the sorrow deep within our hearts concealed.

IN MEMORIAM. FORBES—In ever loving memory of Pte. George Forbes, killed in action, September 27, 1918. "Gone but not forgotten."

MINISTERS DIRECT FIGHT AGAINST BIG BRITISH STRIKE (Continued from page 13) made arrangements two or three days ago to distribute papers by motor-cars and motor lorries.

Sport Affected. London, Sept. 27.—A sidelight upon the nation-wide railway strike which took effect to-day was the way in which the attendance at the Saturday football games was affected. Hundreds of players and thousands of spectators were prevented from proceeding to the grounds.

Statement by Horne. Sir Robert Horne, Minister of Labor, last night summarized the Government's standpoint in the controversy with the National Union of Railwaymen as follows: "A new standard wage was proposed by the Government, equal to an average of at least 100 per cent. over pre-war wages and guaranteeing to every railroad worker, irrespective of any fall in the cost of living, a permanent minimum wage of 40 shillings per week, compared with 18 and 20 before the war, and extra payment for Sunday night duty and overtime which would equal another 20 per cent. on the pre-war wage, and a reduction in the hours of labor from ten to eight and in some cases from twelve to eight. In any event the men would, until December 31, continue to receive their present aggregate earnings, and in the meantime the Government would continue the negotiations.

No Reduction. "There has been no question of a reduction of at least 100 per cent. on December 31 if the cost of living remains the same, in which case the men would receive the full aggregate wages they now receive as long as the cost of living does not fall below 110 per cent. above the normal and remain there for three months."

Food Regulation. The Food Controller last night issued an order virtually reviving the War Measures Act regarding food, namely, prohibiting hoarding beyond one week's supply; and applying the rationing of meats to public eating houses, which will not be allowed to serve sugar, milk or butter separately, except to children under ten years of age.

Supplies on Hand. In connection with the new food regulations, the Food Ministry announced that there is a sufficient food supply in the country to meet normal conditions, but that the rail regular transport services, obviously renders the task of maintaining the local supply extremely difficult.

Trip Cancelled. London, Sept. 27.—The Scottish Express, which was due to leave the Euston Station at midnight, was crowded with passengers, including soldiers and mails, but the trip was cancelled at the last moment, the signalmen having quit work.

Outgoing trains from Paddington Station ceased at 9:30 o'clock. South-bound trains left for Edinburgh on time, but the officials in the city refused to guarantee the arrival of the passengers. The Railway Clerks' Union decided not to join the strike.

A RAILROAD DISPUTE. Washington, Sept. 27.—A dispute has arisen between the four railroad brotherhoods and the fourteen other unions of railroad employees as to representation at the industrial conference called by President Wilson for October 4.

WATCHING VILLA. Washington, Sept. 27.—Details of Francisco Villa's expected campaign against Carranza reaching Washington are reviving interest in the Mexican revolutionary movements.

Nugget Gold is the one metal on which the eyes of statesmen, financiers and mining are set. Its increase of production is essential to financial stability and commercial prosperity. Investors are eagerly seeking gold properties. Nugget is a partly proven property and we can recommend it as a good mining investment.

UCHIDA FIRM MAY EXPLOIT PACIFIC

T. Murakami, Managing Director of Japanese Company, Arrived on Kashima

It is believed that the arrival of T. Murakami on the liner Kashima Maru may have some connection with the inauguration of an extensive scheme of operation between the Orient and North Pacific ports.

Mr. Murakami, who is managing director of the Uchida Shipping Company, will stop over at Seattle for a few days to confer with the company's officials there, en route to New York and London.

When the Uchida interests opened an active branch office in Seattle about a year ago, it was generally expected this concern, which is one of the largest in Japan, would enter into active competition for the Pacific trade.

At that time the big fleet of ships owned and operated by the company was engaged in either Atlantic or European trade, the local branch being served by specially chartered ships from time to time.

It is now believed that the time is ripe for the employing of the regular Uchida fleet in the trans-Pacific service, and Mr. Murakami's visit is presumed to portend an announcement to this effect.

The Uchida interests in Japan probably represent the widest scope of activities of any large Oriental concern, for, in addition to operating a big fleet of steamships, the company engages in manufacturing shipbuilding and numerous enterprises. Mr. Murakami is scheduled to sail for London on the steamship Carmania out of New York on October 7.

NIAGARA IS DUE MONDAY WITH OVER 500 PASSENGERS

The inbound liner Niagara, Captain J. T. Rolle, which is expected from Australasia ports Monday morning, had aboard 499 passengers. About one hundred will disembark here, the remainder going on to Vancouver.

The liner Makura, which is following the Niagara, is now expected here about October 3.

OVERDUE SCHOONER NOW AT LIVERPOOL

Halifax, Sept. 27.—Forty-one days from Liverpool, the Tern schooner really yesterday when it was expected to arrive here.

The schooner is also making special provision for the handling of increased passenger business to all Scandinavian ports.

FRENCH SERVICE IS NOW ASSURED

S.S. Mont Cenis Expected to Load-Outward Cargo at Vancouver Next Month

Vancouver, Sept. 27.—A direct steamship service between Vancouver, Seattle, Genoa and Genoa became a reality yesterday when a contract was concluded in this city between Count Fayolle, of Paris, J. J. Norton, of the Norton Lilly Steamship Company, of New York, and W. J. Edwards, representative of the Norton Lilly Company in San Francisco, and H. A. Stevenson, local manager of Dingwall Cotts and Company.

The agreement calls for a monthly steamship service between Vancouver, Seattle, Genoa, with through bills of lading to any port on the Mediterranean as far as the Black Sea.

The company is the Societe Generale de Transports Maritimes a Vapour and the first steamer will arrive in Vancouver to load outward October 20. This is the steamer Mont Cenis, a 4,900-ton vessel. The next boat will be a month later, and as long as the cargo will warrant it will keep up a monthly service between Vancouver and the Mediterranean.

There is every indication that efforts will be made by Vancouver Island exporters to influence the French transportation concern to have its ships call at Victoria.

CUNARD TO RESUME CANADIAN SERVICE

Regular Liners Will Be in Operation by the Coming of Next Season

IMPERATOR FLYING FLAG OF BRITISH LINE

When next season opens the Cunard Line will have its regular service of fine steamships plying between Liverpool and Montreal. This is the announcement of C. A. Whitehead, manager of the Cunard Steamship Company with headquarters at Vancouver, who is in the city to-day.

Before the wholesale commandeering of ocean tonnage for the purposes of war transport the Cunard Line operated several 10,000 ton steamships in the Canadian trade, these vessels being of the Ascania and Andania type. The only Cunard ships operating on the Canadian run at the present time are plying between Montreal and Glasgow, these being the steamships of the Anchor-Donaldson Line.

Southampton Fleet

In the Southampton-New York service the Cunard Line will operate the mammoth steamships Aquitania, Mauretania and the former German liner Imperator, which latter vessel has been turned over to the Cunard Company to replace the Lusitania, sunk by the Germans in May, 1915, with the loss of over 1,000 lives.

The Imperator, Mr. Whitehead says, is scheduled to sail from New York October 11 for Southampton. The Aquitania is now being reconditioned and restored to her pre-war splendor. This crack ship will be back on the trans-Atlantic route by the beginning of the new year. With the resumption of the Aquitania, the liner Mauretania will be temporarily withdrawn for an extensive overhaul.

Tourist Business

The Cunard Line is making plans for the handling of a large number of tourists from this continent to Europe to visit the European battlefields. The first tourist party headed for the war-stricken area will be under the auspices of the American Express Tourist Bureau and will leave New York on October 2 on the liner Mauretania.

Many Italians and Serbians are now leaving the United States for their homes in Europe. It is essential, in order to avoid difficulty, says Mr. Whitehead, that Italians and Serbians have passports properly vided by their respective consuls, and should be routed via Mondane, Fiume or Marseilles.

The Cunard Line is also making special provision for the handling of increased passenger business to all Scandinavian ports.

Freight Services

Freight services to all points in Europe are being maintained by the Cunard Line, the services recently re-established being as follows: New York to Antwerp, Baltimore to United Kingdom and Greek ports, and weekly freight services out of Boston and Philadelphia to European ports. Large shipments of British Columbia canned salmon and Okanagan apples have been forwarded by the company over its various freight lines in recent months. Mr. Whitehead says a fair share of freight space is assured Pacific Coast shippers.

CHILDHOOD CONSTIPATION

Constipated children can find prompt relief through the use of Baby's Own Tablets. The Tablets are mild but thorough laxative which never fail to regulate the bowels and stomach, thus driving out constipation and indigestion; colds and simple fevers. Concerning them Mrs. Gaspard Dagle, Demain, Que., writes: "Baby's Own Tablets have been of great benefit to my little boy, who was suffering from constipation and indigestion. They quickly relieved him and now he is in the best of health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

LAST FRENCH SHIP TO BE SPONSORED BY MRS. BAYLY HIPKINS

Nouvelle Ecosse Will Be Launched From Point Ellice Yard on October 9

Mrs. Bayly Hipkins, wife of the vice-president and Pacific Coast manager of the Foundation Company, will be invited to sponsor the Nouvelle Ecosse (Nova Scotia), the last of twenty wooden steamships, built by the Foundation Company at its yards here to the order of the French War Shipping Commission.

The launching of the Nouvelle Ecosse is scheduled to take place at the Point Ellice yard on October 9.

To Mrs. Hipkins, therefore, will be the honor of christening the first and last of the Foundation ships built at Victoria. The wife of the Pacific Coast manager christened the War Songhee, the first of five hulls built by the company for the Imperial Munitions Board.

Tuesday's Launch

Mlle. Yvonne Letestu, daughter of Captain Letestu, head of the deck department on this coast for the French High Commission, who will christen the Montreal on Tuesday afternoon, has issued invitations to the following guests:

Monsieur and Madame E. Chevalier, French consul; Mr. and Mrs. C. Gardner Johnson, Dr. and Mrs. W. F. MacKay, Dr. H. Ashton, Miss Monteluth, Mr. and Mrs. Coventry, Mile. Foucart, all of Vancouver, B. C.; Mayor and Mrs. R. J. Porter, E. E. Triqueneaux, Mr. and Mrs. W. G. Winterburn and family, A. O. P. Francis, Mr. and Mrs. E. Bayly Hipkins, Mr. and Mrs. E. E. Jenkins, Mr. and Mrs. J. E. McCormick, Major and Mrs. F. B. Edwards, Mr. and Mrs. E. White, F. White, Capt. and Mrs. T. J. Jackson, George H. Wayland, Mr. and Mrs. R. T. Freeman, Newton Miller, Mr. and Mrs. E. E. Ewers, Mr. and Mrs. D. D. Long, Frank Hayside, Mr. and Mrs. Joseph McKay, Mr. and Mrs. S. M. Shaw, Mr. and Mrs. H. Barnett, Mr. and Mrs. W. Hodgson, J. Thomas.

PRINCESS'S SHIP WILL TAKE MAINLAND RUN

Princess Alice to Ply in Night Service Out of Here; Charlotte to Carry Coolies

After landing the Prince of Wales at Vancouver on Monday morning the C. P. R. steamship Princess Alice will revert to the night service between this port and Vancouver.

With the Prince and his staff on board the Princess Alice will be lying alongside the Belleville Street wharf since the arrival of the Royal vessel, will leave here at midnight to-morrow for the mainland.

With the resumption of the Alice in the Gulf service the Princess Adelaide will be switched to the triangular run, replacing the Princess Charlotte, which vessel will be required for the first three days of the coming week to transport Chinese coolies from Vancouver to the huge concentration camp at William Head.

The Princess Alice, recently terminated her summer sailings in the Alaska tourist service.

DELAYS CAUSED BY CUSTOMS RULES

Coastwise Shipping Companies Seeking to Have Regulations Amended

There is a strong agitation on at the present time for the revision of the Dominion shipping laws with particular application to coastwise customs clearances. The matter has been taken up by various shipping corporations and representatives are being made to Ottawa through the coast members in the Federal Parliament in an effort to have the regulations modified. Under the existing maritime laws all coastwise vessels are compelled to clear at the customs house at all ports of call in British Columbia which process would answer the same purpose and do away with the confusion and delays to the movement of coasting vessels.

The question has already been taken up by the local Board of Trade and the Vancouver Board of Trade is also actively interested in the matter.

The steamship companies are systematically working along these lines and it is hoped that by proper representation to the Government the desired results will be achieved.

PROHIBITION MAY FOSTER TEA TRADE

Eldridge L. Foster Looks For Increased Tea Consumption on This Continent

Eldridge Leo Foster, who is connected with Messrs J. C. Whitney & Co., an American tea firm in Formosa, is a passenger aboard the N. Y. K. liner Kashima Maru. He is bound for New York via Seattle.

Mr. Foster says that America imported approximately 150,000,000 pounds of tea from Japan last year, although the normal annual consumption of the United States is but 100,000,000 pounds. As a result of this excessive importation of tea into America last year there is a surplus of 50,000,000 pounds held over this year. Of this amount Japan exported 40,000,000 pounds and Formosa 20,000,000 pounds in 1918. Owing to the large stock held over, however, the exports decreased 30 per cent. this year.

Quality of Tea

Mr. Foster greatly regrets the growing inferior quality of tea produced in Japan and Formosa. He is of the opinion that unless proper attention is paid by the producers,

SEATTLE PLANS TO BUILD OWN SHIPS

Conference Is Called by Business Men of Sound City to Discuss Scheme

In view of the plan of the Foundation Company to form a corporation to build and operate a number of ships to ply out of British Columbia ports with British Columbia cargoes, it is interesting to note that similar plans are afoot at Seattle to retain the shipbuilding industry for the port.

A conference has been called for next Monday night by the Army and Navy Club, says the Seattle Times, to consider a plan whereby steel vessels may be constructed in Seattle and owned and operated by Seattle business interests. The conference will be held under the auspices of the Seattle Chamber of Commerce's industrial bureau executive committee.

Other committees of the bureau which will be represented will be on shipbuilding permanency and a special committee, headed by W. L. Billger, which has been investigating wooden ship conditions and the probabilities for the future of this type of craft in this port. Steel shipyard men also will attend as will men interested in ship operation and representatives of the leading manufacturing and financial interests of the city.

Shipping futures on the Pacific Coast, it is felt, will depend largely on where the vessels are constructed and by whom they are owned and operated. In order to assure shipping interests in this section sufficient cargo space, it is believed that ships must be owned and operated here at home, as dependence placed wholly upon foreign-owned bottoms would not work out any more satisfactorily in the future than in the past.

After looking over the situation as regards wooden ships, it was the consensus of opinion of the special committee that America's future trade opportunities lay almost wholly in steel ships; and for this reason the forthcoming conference is expected to result in the outlining of a definite policy.

UNABLE TO NAVIGATE NORTHWEST PASSAGE

Joe Bernard, With Schooner Teddy Bear, Working Westward in Coronation Gulf

Nome, Sept. 27.—Joe Bernard, a Nome trader who has been trying to navigate the Northwest Passage from the Pacific to the Atlantic in his schooner, the Teddy Bear, has been forced by adverse conditions to turn back, according to reports brought to Nome by the trading schooner Hetman from Bank's Land and Herschel Island, points in the Arctic Ocean off Canada. Bernard has been gone for nearly two years.

Bernard is at present in the vicinity of Coronation Gulf working westward. On account of the lateness of the season, he probably will not be able to get through to the Pacific this year. He probably will winter at Herschel Island.

Bernard has been trading along the northern rim of the continent and, according to the Herman, the Teddy Bear has all the fur she can carry.

C.P.O.S. OFFICIAL DECORATED WITH RISING SUN ORDER

William Thomas Payne, general manager of the C. P. O. S. in the Far East, has been decorated by the Emperor of Japan with the Order of the Rising Sun (third class), in recognition of his services in connection with important international commercial relations and the promotion of navigation facilities.

That we have a right to say what we think only when we are thinking that which it is right to say. Many thoughts are too warped by selfishness and unkindness to stand that test.

FROM the old fashioned Spinning Wheel to the Modern Loom

From Home Baking to BAKER'S Bread

Both are the natural sequel to the adoption of improved methods in manufacture. As no woman, today, would dream of doing her own spinning, so the modern bakery, with its scores of employees and scientific machinery, is helping to relieve the housewife of her toil; and through quantity production, reducing the cost of bread so that it is no longer economical to bake. Buy bakers' bread.
