The Carmel Fire Department, a volunteer organization, which for the past two years has been operating under State and county authority, is now a municipal organization.

At a special meeting of the city Board of Trustees the offer of the Fire Department to turn over to the city its equipment, firehouse and membership was accepted. The election of officers of the department will remain in the control of the members, of which there are thirty-five.

Trustee D. W. W. Johnson is Commissioner of Fire and Police.

It is planned to move the firehouse to the rear of the City Hall and to build an addition thereto.

"Private" Duvencck Has Been Promoted

Camp Lewis, Wash., Dec. 12—Illustrative of the type of men, who, when war was declared, sacrificed positions paying thousands of dollars to "come through" for their country, is the discovery made last week that Private Ernest Duvencck of headquarters company here, left a position as an inventor with the Westinghouse Electric Co., with a salary attached to it which would necessitate his paying a handsome income tax were he receiving it.

Sergeant Duvencck—for he was promoted to that position as soon as his worth became known—also holds a master's degree from the engineering school at Harvard, as well as that of bachelor of science from the same institution. For many years he has been an instructor in electrical engineering at the university and has devoted nearly every hour but those actually required in sleep in making scientific researches in electricity. Recently he lived at Carmel-by-the-Sea.

When Sergeant Duvencck first arrived here it gradually became known that he was "handy" with tools. There was a growing demand for a barber chair. Having been here but a few days there were no funds available in the company exchequer for the purchase of one. Private Duvencck heard of the lack of a chair and his natural inventiveness came to the front, with the result that he built one from scrap lumber and with no tools except a hammer, saw and square. It has all the facilities of any chair to be found in the best shop on Market street, with the exception of leather upholstery, and the members of headquarters company point to it with rightful pride in the ability of one of their men to rise to an emergency.

It was not long after the high-priced Westinghouse inventor had turned his talents toward the art

Interesting Happenings

Mrs. Harry Decker, who has been in San Francisco for the past two weeks, is expected home for Christmas.

\$1.50 pays for the Pine Cone for a year. Send it to a relative or a friend for a Xmas gift.

Those who wish to subscribe to the local Syrian and Armenian relief fund may do so at the Pine Cone office. Money will be received and receipt issued. Subscription blanks for regular monthly donations may also be obtained.

Miss Judith Joy arrived on Monday from Portland, Ore. She will spend the holidays with Mrs. Julia La Barre and Miss Nina Joy.

Christmas cards and gifts for the holidays are now on sale at the Blue Bird Tea Room. adv

La Playa News-Notes

Mrs. Luther Farrington and Sam Farrington, with Mrs. Richmond Mayosmith, are motoring to Redlands to spend Christmas with relatives. They hope to return before the heavy rains set in.

La Playa evenings have been made exceedingly pleasant by the kindness of Mrs. V. Mott Porter, reading aloud, before our large fireplace.

The interior of the log cabin will soon be remodelled and consist of a livingroom, bedroom and bathroom. There will be a stone chimney and fireplace, done in "Ben's" imitable manner.

Recently we awoke from a horrible dream. The wonderful Highlands Inn—brick! the beautiful Foster house—brick-faced! La Playa stonepiers, and foundations, of which Mr. Jorgensen was justly proud—gone! gone! Imagine Carmel thus "de-faced."

Miss Helen Borden is again at her old table, having quite recovered from a severe cold.

Mrs. Maude Arndt, just returned from San Diego, where she was extensively entertained, has concluded that Northern California offers the best business openings.

Recent arrivals:
 San Francisco—Lieut. and Mrs. C. R. Barney, Geo. Lee, Miss M. Pierson, O. W. Burckhalter.
 San Jose—F. W. Angier.
 Berkeley—Prof. and Mrs. J. C. Chinard, Lucienne Chinard.

of building a barber chair that the qualifying records were made out, in which the education, former occupation and the former salary of the men are listed. Then it was seen that Duvencck was one of the electrical "big men" of the country and his promotion to the sergency followed.—Examiner.

Our Weekly Recipe

Southern Corn Bread

Two eggs, two tablespoonful oil, one cupful milk, one cupful corn meal, one-half cupful flour, two tablespoonfuls baking powder, one half teaspoonful salt. Separate the eggs, beat the yolks, add the milk, oil, salt and corn meal. Sift the baking powder with the flour, beat it into the other mixture, fold in the well beaten eggs, pour into a shallow hot pan that has been brushed with oil and bake in a moderately quick oven 30 minutes. This may also be baked in gem pans and serve as corn muffins or gems.

Deception

"Camouflage, why, what is that?"
 Asks Miss Salina Spreckels.
 "That's when you spread the paint on thick
 To cover up the freckles.

—Memphis Commercial Appeal

"Oh, is that so?" replied the dame,
 Her eyes a merry twinkle:
 "For if it is, right here and now
 I'll hide this brand new wrinkle."

—Columbus Enquirer-Sun

Of camouflage we've seen a lot,
 But merely wish to say,
 Though ancient dames like "chickens" dress
 They seldom dance that way.

—Birmingham Age-Herald

A camouflage who makes us swear
 Grandpa Grabentote,
 Who thinks it's fooling folks to wear

—Youngstown Telegram

A camouflage we sometimes trace
 In paragraphs' capers,
 As when, like this, we fill up space
 From other fellows' papers.

—San Francisco Chronicle

In other papers—yes, by Heck—
 We weekly read our matter;
 Of camouflage they take no reck,
 Else they new words would scatter.

WEEKLY GREETING

Instead of peace, I was to participate in war; instead of the sweetness of home, I was to become a wanderer on the face of the earth; but I have felt that a great promotion came to me when I was counted worthy to be a worker in the organized crusade for "God and Home and Native Land."—
Frances E. Willard.

To all, the Pine Cone extends the season's greetings.

Overseas Message

Paris, Nov. 28.—Here on this tremendous errand, far from the Christmas joys at home, we shall be cheered to the task that is before us by your strength and by your patience. Your will and ours must join to fortify us in the sacrifices we must make and the blood we must give to the end that there may be restored Peace on earth. Goodwill to men.
Pershing

Known by Their Initials

A discussion was started in the Eastern newspapers not long ago by the assertion of a lecturer that Theodore Roosevelt was the only man widely known by his initials.

Letter writers speedily reminded that lecturer of George Augusta Sala, who became a world figure in journalism while writing over his initials; and of the literary essayist, George W. Russell, better known as "A.E." than by his own name.

All the world that reads newspapers knows that "Tay Pay" is editor T. P. O'Connor. We have also "F.P.A.," whose popularity is based upon his daily column of wit, and who is now Capt. Franklin P. Adams, U. S. A. For more than fifty years William Winter wrote dramatic criticisms which were signed simply "W." George Bernard Shaw is about as well known as "G.B.S.," as by his full name.

The Pine Cone has a well equipped job printing plant. Prices are fair.

Fire Department Drill

To familiarize themselves in the mechanism and handling of the old and the recently purchased fire fighting apparatus, and to test the hydrants and water pressure, a number of fire department members turned out Sunday morning.

The 300 feet of new hose was brought into use, and is now drying out, suspended from tall pine tree at the corner of Ocean ave. and Dolores street. Fireman Waterbury went nearly to the top of—not over—the tree.
