EXECUTIVE ORDER 9122

TO AMEND THE PROVISIONS OF EXECUTIVE ORDER NO. 8588 ENTITLED "PRESCRIBING REGULATIONS GOVERNING THE PAYMENT OF EXPENSES OF TRANSPORTATION OF HOUSEHOLD GOODS AND PERSONAL EFFECTS OF CERTAIN CIVILIAN OFFICERS AND EMPLOYEES OF THE UNITED STATES"

By virtue of and pursuant to the authority vested in me by the act of October 10, 1940, 54 Stat. 1105, entitled "An Act to provide for uniformity of allowances for the transportation of household goods of civilian officers and employees when transferred from one official station to another for permanent duty," it is hereby ordered as follows:

1. Section 5 of Executive Order No. 8588 of November 7, 1940,¹ is amended to read as follows:

"SECTION 5. *Means of Shipment.* Shipment shall be by the most economical means, taking into consideration the costs of packing, crating, drayage, unpacking, and uncrating: *Provided, however,* That the employee may have his effects moved by some means other than that determined to be most economical by paying the difference between the lowest available charges and the charges by the preferred means: *And provided further,* That, when the head of the department or agency determines it to be in the interest of the Government, he may specifically authorize the shipment by express of articles required for immediate use at the new official station (such as professional books, wearing apparel, bedding or kitchen utensils, but not furniture or jewelry), which shall in no case exceed a weight of 500 pounds for employees having dependents living with them or 250 pounds for employees having no dependents living with them. In considering comparative transportation costs as required by this section, the lowest available motor van charges

may be determined by consulting published tariffs or by securing competitive bids, the use of either method to be construed as being determinative of the lowest available rate for motor transportation."

2. Section 6 of the said order is amended to read as follows:

"SECTION 6. *Use of Government Bill of Lading or Purchase Order.* Shipment shall be made on Government bill of lading or purchase order whenever possible; otherwise reimbursement shall be made to the employee for transportation expenses actually and necessarily incurred within the limitations prescribed by these regulations. If property in excess of the amount allowable under these regulations is shipped on a Government bill of lading or purchase order with the authorized allowance the employee shall immediately upon completion of the shipment pay to the proper officer of the department or establishment an amount equal to the charge for the transportation of such excess."

3. Section 11 of the said order is amended to read as follows:

"SECTION 11. *Shipment from Points Other Than Official Station.* The expenses of transportation authorized hereunder shall be allowable whether the shipment originates from the employee's last official station or from some previous place of residence, or partially from both: *Provided,* That the cost to the Government shall not exceed the cost of shipment in one lot by the most economical route from the last official station to the new. Shipments involving a cost greater than that authorized by this section may be made on a Government bill of lading, but the employee shall be required to reimburse the Government for the excess cost immediately upon completion of the shipment. No expenses shall be allowable for the transportation of property acquired en route from the last official station to the new. For the purposes of these regulations, the term 'official station' shall be construed to include any point from which

INSPECTION AND QUARANTINE OF LIVESTOCK IMPORTED FROM OR EXPORTED TO MEXICO

Pursuant to the authority conferred upon the Secretary of Agriculture by the Act of Congress approved August 30, 1890, as amended (26 Stat. 416, 44 Stat.

775, 46 Stat. 1460; 21 U.S.C. 101-105), §§ 93.5, 93.6, and 93.11, Part 93, Chapter I, Title 9, Code of Federal Regulations [Regulations 5, 6, and 11, B.A.I. Order 368¹], are hereby amended in the following particulars:

Section 93.5 [regulation 5] is amended to read as follows:

§ 93.5 *Inspection at port of entry.* All horses, ruminants, and swine offered for entry from Mexico, including such animals intended for movement by rail through the United States in bond for immediate return to Mexico, shall be inspected at the port of entry and all such animals found to be free from communicable disease and fever tick infestation, and not to have been exposed thereto, shall be admitted into the United States subject to the other provisions of these regulations. Animals found to be affected with or to have been exposed to a communicable disease or infested with fever ticks, or, in the case of cattle, to have been exposed to such ticks, shall be refused entry except as provided in § 93.7 (b).

Section 93.6 [regulation 6] is amended to read as follows:

§ 93.6 *Animals for slaughter.* Animals imported from Mexico for slaughter shall be consigned from the port of entry to some recognized slaughtering center and there slaughtered within two weeks from the date of entry: *Provided*, That upon special permission obtained from the Chief of Bureau, they may be reconsigned to other points and there slaughtered within the period aforesaid.

Section 93.11 [regulation 11] is amended to read as follows:

§ 93.11 *Horses*—(a) *Horses from tick infested areas.* Horses offered for importation from tick-infested areas of Mexico shall be chute inspected unless in the judgment of the inspector a satisfactory inspection can be made otherwise. If they are found to be apparently free from fever ticks, before entering the United States they shall be dipped once in a permitted arsenical solution or be otherwise treated in a manner approved by the Chief of Bureau. If they are found to be infested with fever ticks they shall be refused entry but may be reoffered for importation following treatment as prescribed in § 93.7 (b) (2), for cattle from tick-infested areas.

(b) *Horses from dourine infested areas.* Horses and asses originating in the States of Chihuahua, Durango and Sonora and the territories of Lower California in Mexico—other than those moving in bond for immediate reentry into Mexico, those imported for slaughter, and geldings unless judged by the inspector to be capable of serving mares—shall be detained at the border port of entry where a blood sample shall be obtained from each such animal under the supervision of the inspector, said samples to

Any animal that is found by the said test to be affected with dourine shall be refused entry; others may be permitted entry subject to such further quarantine and tests as authorities in the state of destination may prescribe.

This amendment, which for purpose of identification is designated Amendment 1 to B.A.I. Order 368, shall be effective on and after April 20, 1942.

PART 614—GROUPING AND SERIAL NUMBERING REGISTRATION CARDS²

By authority vested in me as Director of Selective Service under 54 Stat. 885; 50 U.S.C., Sup. 301-318, inclusive; E.O. 8545, 5 F.R. 3779, Selective Service Regulations, Second Edition, are hereby amended in the following respects:

1. Amend paragraph (b) of § 614.6 to read as follows:

§ 614.6 *Registrants residing within the local board area: Grouping of Registration Cards.*

* * *

(b) The local board shall place in Group 1 the Registration Card (Form 1) of each registrant whose date of birth as given on line 5 of such card shows that he is within the age group required

to be registered by the first proclamation of the President. Each succeeding proclamation added a new age group. The local board shall place in Group 2 the Registration Card (Form 1) of each registrant in the new age group added by the second proclamation of the President, shall place in Group 3 the Registration Card (Form 1) of each registrant in the new age group added by the third proclamation of the President, and shall place in Group 4 the Registration Card (Form 1) of each registrant in the new age group added by the fourth proclamation of the President. After carefully checking the date of birth of the registrant as set out in answer to question 5 on the face of the Registration Card (Form 1), the local board shall place each card in the group in which it belongs. The following table will assist the local board to determine the group in which each Registration Card (Form 1) should be placed:

TABLE OF AGE GROUPS

GROUP 1

Registrants born on or after October 17, 1904, and born on or before October 16, 1919.

GROUP 2

Registrants born on or after October 17, 1919, and born on or before July 1, 1920.

GROUP 3

Registrants born on or after July 2, 1920, and born on or before December 31, 1921; and

Registrants born on or after February 17, 1897, and born on or before October 16, 1904.

GROUP 4

Registrants born on or after April 28, 1877, and born on or before February 16, 1897.

These regulations will hereinafter refer to Registration Cards (Form 1) as being in "Group 1," "Group 2," "Group 3," or "Group 4." Whenever such reference is made, it is intended that the determination of the group in which a particular Registration Card (Form 1) belongs will be made by using the foregoing table.

2. Amend § 614.7 to read as follows:

§ 614.7 *Reporting number of persons registered.* (a) For the purpose of determining the total registration in the nation, the chairman of each local board before he adjourns the meeting on the day after registration day shall report to the State Director of Selective Service the total number of completed Registration Cards (Form 1) of registrants who registered within his local board area during the period of registration. All Registration Cards (Form 1) of registrants who registered in the local board area shall be counted without regard to the group to which they belong and without determining whether they will remain under the jurisdiction of the local board where they registered or will be forwarded to some other local board.

(b) As soon as possible after he receives reports from all the local boards within his State, the State Director of Selective Service shall advise the Director of Selective Service the total number of completed Registration Cards (Form 1) of persons who registered in

his State during the period of registration.

eral rules for serial numbering Registration Cards (Form 1) set out in §§ 614.41 to 614.46, inclusive, shall be carefully followed.

8. Amend paragraph (a) of § 614.26 to read as follows:

§ 614.26 *Preparing lists of registrants in Group 4.* (a) During or after serial numbering of Registration Cards (Form 1) in Group 4, the local board shall make up at least three copies of the List of Registrants (Form 3) for such group, using Duplicate List of Registrants (Form 3A) as the first copy and adding on such copy the "Date of Birth" of each registrant. Registrants shall be listed in the order of their serial numbers, with the registrant having number "U-1" at the top of the list. All serial numbers from "U-1" to the largest "U" serial number used shall be listed, whether or not each number was given to a registrant. Serial numbers shall be placed in column 2 of the List of Registrants (Form 3) opposite the name of the registrant to whom such number has been assigned. Since no order numbers will be assigned to registrants in Group 4, column 1 will be left blank. One copy of the List of Registrants (Form 3) shall be maintained at all times in the files of the local board, one copy shall be sent to the State Director of Selective Service, and the Duplicate List of Registrants (Form 3A) shall be forwarded through the State Director of Selective Service to the Director of Selective Service at the Gimbel Building, Philadelphia, Pennsylvania.

9. Amend § 614.27 to read as follows:

§ 614.27 *Report of serial numbering.* (a) Before the meeting provided for in § 614.21 is adjourned, the local board shall make the following report to the State Director of Selective Service:

Registration Cards (Form 1) for the fourth registration shuffled and serial numbered. Largest serial number used by Local Board ----- is U-----.

(b) As soon as possible, the State Director of Selective Service shall advise the Director of Selective Service the total number of registrants in his State who were assigned "U" serial numbers in the fourth registration.

10. Amend § 614.41 to read as follows:

§ 614.41 *Putting serial numbers on Registration Cards.* The serial numbers shall be placed on the Registration Cards (Form 1) in black ink, either in pen and ink or by rubber stamp. Each Registration Card (Form 1) shall have one, and only one, whole serial number, such as "U-267." No letter or fraction shall be used after the number. Each serial number shall be used only once. If either the serial number or the Registration Card (Form 1) bearing the serial number is canceled for any reason, the serial number shall not be used again.

11. Amend paragraphs (b) and (c) of § 614.46 to read, respectively, as follows:

§ 614.46 *Serial numbering when local board has two Registration Cards for the same registrant.*

(b) When a local board has two cards in the same group for the same registrant:

(1) If the registrant belongs to a group for which no lottery will be held or if the national lottery for the group to which he belongs has not commenced when such fact is ascertained, the local board shall select one card by lot and cancel the other card by marking it "Canceled—Duplicate."

(2) If the registrant belongs to a group for which a national lottery has been or will be held and such fact was not or is not ascertained before the commencement of such national lottery, the local board shall treat the cards just as if they were cards for two different registrants, so far as serial numbering is concerned, and the card having the serial number which comes first in the applicable national lottery shall be given its proper order number, and the other card shall be marked "Canceled—Duplicate."

(c) If a registrant is registered with more than one local board, each local board with which he registered shall put a serial number on the Registration Card (Form 1) which it has. If the registrant belongs to a group for which a national lottery has been or will be held, he may, before the applicable national lottery, or, if the registrant belongs to a group for which no lottery will be held, he may, at any time, select any local board with which he registered and request such local board to record his selection. If the registrant makes such a selection, he shall be given a receipt and sufficient copies thereof to supply one to each local board with which he has registered, which receipt shall show the date and hour of the request. The receipt and all copies thereof shall be signed by a member of the local board which the registrant has selected. The registrant shall send a copy of such receipt to each local board with which he has registered. Upon receiving a copy of such a receipt, each local board with which the registrant registered which was not selected by him shall mark his Registration Card (Form 1) "Canceled—Double Registration." If a registrant belonging to a group for which a national lottery has been or will be held does not make such a selection before the applicable national lottery or if he does make such a selection but fails to send a copy of the receipt he receives from the local board he selects to any other local board with which he has registered, he shall report for induction to the local board that calls him first.

12. The foregoing amendments to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

PART 615—ASSIGNMENT OF ORDER NUMBERS¹

By authority vested in me as Director of Selective Service under 54 Stat. 885; 50 U.S.C., Sup. 301-318, inclusive; E.O. 8545, 5 F.R. 3779, Selective Service Regulations, Second Edition, are hereby amended in the following respects:

1. Amend the regulations by inserting a new section to be known as § 615.4 to read as follows:

§ 615.4 *No national lottery for Group 4.* Registrants in Group 4 will not receive order numbers; therefore, no national lottery will be held for registrants in Group 4.

2. Amend § 615.41 to read as follows:

§ 615.41 *Placing order numbers on List of Registrants.* As soon as it completes the assigning of order numbers to the Registration Cards (Form 1) of registrants in Group 1, Group 2, or Group 3, the local board shall place the order numbers in the first column of both the publicly posted and the file copy of the List of Registrants (Form 3). It should also furnish as many copies as possible of such List of Registrants (Form 3) with the order numbers in the first column to the press, radio, and other mediums of publication.

3. Amend § 615.42 to read as follows:

§ 615.42 *Placing registrants' names in Classification Record.* The Classification Record (Form 100) was started at the time order numbers were assigned to registrants in Group 1 following the first national lottery. The names and order numbers of registrants in Group 1 commenced on page 1 of the Classification Record (Form 100). When order numbers were assigned to registrants in Group 2 immediately following the second national lottery, the names and order numbers of such registrants were placed in the Classification Record (Form 100) commencing on a new page numbered 2,001. This was done in order to keep the list of registrants in Group 2 separated from the list of registrants in Group 1 in the Classification Record (Form 100). In a similar manner, when the registrants in Group 3 were listed in the Classification Record (Form 100) numerically, according to their order numbers, with Order Number 10,001 at the top, such list was commenced upon a new page numbered 3,001. Registrants in Group 4 shall not be listed in the Classification Record (Form 100).

4. Amend § 615.43 to read as follows:

§ 615.43 *Cover Sheet to be prepared for each registrant.* (a) After each registrant in Group 1, Group 2, or Group 3 is listed in the Classification Record (Form 100), the local board shall open an individual file for him by preparing a Cover Sheet (Form 53). These Cover Sheets (Form 53) shall be maintained in a file in the local board. Every paper pertaining to the registrant except his

¹ 7 F.R. 391.

Registration Card (Form 1) shall be filed in his Cover Sheet (Form 53).

(b) The local board shall also open an individual file for each registrant in Group 4 by preparing a Filing Folder (Form 54). No Cover Sheet (Form 53) shall be made for registrants in Group 4. Filing Folders (Form 54) for registrants in Group 4 shall be maintained in a file separate and apart from the file of Cover Sheets (Form 53) of the registrants in Group 1, Group 2, and Group 3. Every paper pertaining to the registrant in Group 4 except his Registration Card (Form 1) shall be filed in his Filing Folder (Form 54).

5. Amend § 615.44 to read as follows:

§ 615.44 *Registration Cards to be filed alphabetically.* (a) After entering the name and order number of a registrant in Group 1, Group 2, or Group 3 in the Classification Record (Form 100), the local board shall file his Registration Card (Form 1) in an alphabetical file of Registration Cards (Form 1) of such registrants.

(b) The local board shall file the Registration Card (Form 1) of each registrant in Group 4 in an alphabetical file of Registration Cards (Form 1) of such registrants which shall be maintained separate and distinct from the alphabetical file of Registration Cards (Form 1) for registrants in Group 1, Group 2, and Group 3.

6. The foregoing amendments to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

3. Amend § 616.24 to read as follows:

§ 616.24 *Serial numbering Registration Card received from another local board or a State Director of Selective Service.* (a) When at any time hereafter the local board receives from another local board or a State Director of Selective Service a Registration Card (Form 1) of a registrant in Group 1, Group 2, or Group 3 and the place of residence on line 2 of such card is within the local board area, the local board shall place a serial number on such late Registration Card (Form 1) in the manner provided in § 614.42.

(b) When at any time after April 27, 1942, the local board receives from another local board or a State Director of Selective Service a Registration Card (Form 1) of a registrant in Group 4 and the place of residence on line 2 of such card is within the local board area, the local board shall place a serial number on such Registration Card (Form 1) in the manner provided in § 614.42.

(c) If any late Registration Card (Form 1) referred to in (a) above already has a serial number on it when it is received, the local board shall not change such serial number. If, however, the local board has already assigned an order number to another registrant having the same serial number, the registrant whose card has been received late will be given the preceding order number followed by a letter.

(d) If any late Registration Card (Form 1) referred to in (b) above already has a serial number on it when it is received, the local board shall cross out such serial number and place a new serial number on such late Registration Card (Form 1) in the manner provided in § 614.42.

(c) Each time a registrant is added to the office file copy and publicly posted copy of a List of Registrants (Form 3), the same information shall be placed upon a List of Registrants (Form 3) and a Duplicate List of Registrants (Form 3A), both of which shall be forwarded to the State Director of Selective Service. The State Director of Selective Service shall file each such List of Registrants (Form 3) and shall forward to the Director of Selective Service, Gimbel Building, Philadelphia, Pennsylvania, each such Duplicate List of Registrants (Form 3A).

6. Amend § 616.42 to read as follows:

§ 616.42 *Entries in Classification Record.* The local board shall enter the name, serial number, and order number of each registrant in Group 1, Group 2, or Group 3 whose Registration Card (Form 1) is received late in the Classification Record (Form 100) following the names, serial numbers, and order numbers of the registrants in the age group to which such registrant belongs. PART 1010—SUSPENSION ORDERS

SUSPENSION ORDER NO. S-14—HOOVER CO.

The Hoover Company, North Canton, Ohio, is a manufacturer of vacuum cleaners and sweepers, and in connection with such manufacture, maintains a foundry for melting and otherwise processing aluminum and aluminum scrap. During the period of July through October, 1941, the Company made shipments of 25,615 pounds of aluminum which had been approved by Office of Production Management upon the representation by the Company that such aluminum was to be used for circuit breakers. The aluminum actually was to be used for motor bases and small motor parts, and the shipment thereof would not have been authorized had full disclosure been made. During the period of June through October, 1941, the Company made shipments of 140,382 pounds of aluminum pursuant to toll agreements despite the fact that such shipments had not been approved by the Director of Priorities. These shipments were made in violation of Supplementary Order M-1-a. During the period of June through October, 1941, the Company accepted deliveries of 179,274 pounds of scrap aluminum for the purpose of melting and otherwise processing the same despite the fact that no preference ratings had been assigned to such deliveries nor other authorization obtained therefor. The acceptance of these deliveries constituted violations of Supplementary Order M-1-c.

By reason of its violation of Supplementary Orders M-1-a and M-1-c, The Hoover Company has operated under more favorable conditions of competition than its competitors, thereby obstructing the impartial administration of the Priorities System and effecting a diversion from the requirements of the War Program of approximately 500,000 pounds of secondary aluminum. In view of the foregoing facts,

It is hereby ordered:

§ 1010.14 *Suspension Order S-14.* (a) During the period in which this Order shall be in effect, The Hoover Company of North Canton, Ohio, its successors and assigns, shall accept no deliveries from any source of primary aluminum, secondary aluminum, aluminum scrap or alloys of which aluminum constitutes the major part, except as specifically authorized by the Director of Industry Operations.

(b) Beginning ten days after the effective date of this Order and during the remainder of the period in which this Order shall be in effect, The Hoover Company of North Canton, Ohio, its successors and assigns, shall not process any primary aluminum, secondary aluminum, aluminum scrap or alloys of which aluminum constitutes the major part except as specifically authorized by the Director of Industry Operations.

(c) During the period in which this Order shall be in effect, The Hoover Company of North Canton, Ohio, its successors and assigns, shall make no deliveries of primary aluminum, secondary

aluminum, aluminum scrap, alloys of which aluminum constitutes the major part, or aluminum products except as specifically authorized by the Director of Industry Operations.

(d) During the period in which this Order shall be in effect, The Hoover Company of North Canton, Ohio, its successors and assigns, shall accept no purchase orders and enter into no contracts or commitments for delivery by it of primary aluminum, secondary aluminum, aluminum scrap, alloys of which aluminum constitutes the major part, or aluminum products except as specifically authorized by the Director of Industry Operations.

(e) During the period in which this Order shall be in effect, no person shall deliver to nor receive from The Hoover Company of North Canton, Ohio, its successors and assigns, any primary aluminum, secondary aluminum, aluminum scrap, alloys of which aluminum constitutes the major part, or aluminum products, the delivery or receipt of which is prohibited by this Order, except as specifically authorized by the Director of Industry Operations.

(f) This Order shall take effect immediately, and, unless sooner terminated by the Director of Industry Operations, shall expire at midnight on the 6th day of July 1942. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561, E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Law 89, 77th Cong.)

Issued this 6th day of April 1942.

Director of Industry Operations.

PART 1010—SUSPENSION ORDERS

SUSPENSION ORDER NO. S-30—DAVID RITTER, INC.

David Ritter, Inc., of 1239 Broadway, New York City, is a manufacturer of silk and rayon knitted ties and mufflers. The principal officers are David Ritter and Jack Unger. David Ritter, Inc., is subject to the provisions of Supplementary Order No. M-37-a, issued on September 27, 1941, to conserve the supply and direct the distribution of rayon yarn.

David Ritter, Inc., in wilful violation of the express prohibitions contained in Supplementary Order M-37-a against sale or exchange of reserved yarn by a manufacturer to whom it has been allocated, sold or exchanged five cases of such yarn to Jesam Yarn Company. Furthermore, Jesam Yarn Company is not permitted by the terms of the Order to purchase or receive reserved yarn. This transfer diverted reserved yarn to uses unauthorized by the Director of Priorities.

In addition, David Ritter, Inc., on November 17, 1941, in a letter signed by Jack Unger, falsely represented to the Assistant Director of Purchases, Silk Substitution Section, that the reserved rayon

yarn which had been allocated to it was being processed by David Ritter, Inc.

It is hereby ordered that:

§ 1010.30 *Suspension Order S-30.* (a) David Ritter, Inc., its successors and assigns, shall accept no delivery from any source of any yarn reserved or otherwise set aside by any order of the Director of Priorities or of the Director of Industry Operations, except as specifically authorized by the Director of Industry Operations.

(b) No person shall deliver to David Ritter, Inc., its successors or assigns, yarn reserved or otherwise set aside by any order of the Director of Priorities or of the Director of Industry Operations, except upon specific authorization of the Director of Industry Operations.

(c) Deliveries of material or equipment to David Ritter, Inc., its successors or assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be applied or assigned to such deliveries by any Preference Rating Certificate, Preference Rating Order, General Preference Order, or any other order or regulation of the Director of Industry Operations, except as the Director of Industry Operations may specifically direct.

(d) No allocation shall be made of any material or product of which the supply, distribution or production is governed by any order of the Director of Industry Operations, to David Ritter, Inc., its successors or assigns, except upon the specific direction of the Director of Industry Operations.

(e) This order shall take effect immediately and, unless sooner terminated by the Director of Industry Operations, shall expire at midnight on June 21, 1942. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561, E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Law 89, 77th Cong.)

Issued this 6th day of April 1942.

Jesam Yarn Company of 1239 Broadway, New York City, a partnership composed of Jesse Unger and Samuel Hertz, was organized in late September 1941 as a jobber of rayon yarn. Since it sold no raw silk in the first half of 1941, Jesam Yarn Company is prohibited by the provisions of Supplementary Order No. M-37-a from purchasing or receiving any reserved rayon yarn.

Jesam Yarn Company wilfully violated the provisions of Supplementary Order M-37-a in receiving and selling reserved rayon yarn, and diverted reserved yarn to uses unauthorized by the Director of Industry Operations.

It is hereby ordered that:

§ 1010.31 *Suspension order S-31.* (a) Neither Jesam Yarn Company, its successors or assigns, nor Jesse Unger nor Samuel Hertz shall accept delivery of yarn reserved or otherwise set aside by any order of the Director of Priorities or the Director of Industry Operations, except upon specific authorization of the Director of Industry Operations.

(b) Neither Jesam Yarn Company, its successors or assigns, nor Jesse Unger nor Samuel Hertz shall make any delivery of yarn reserved or otherwise set aside by any order of the Director of Priorities or the Director of Industry Operations, except upon specific authorization of the Director of Industry Operations.

(c) Deliveries of material or equipment to Jesam Yarn Company, its successors or assigns, Jesse Unger, or Samuel Hertz shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be applied or assigned to such deliveries by any Preference Rating Certificate, Preference Rating Order, General Preference Order, or any other order or regulation of the Director of Industry Operations, except as the Director of Industry Operations may specifically direct.

(d) No allocation shall be made of any material or product of which the supply, distribution or production is governed by any order of the Director of Industry Operations, to Jesam Yarn Company, its successors or assigns, Jesse Unger, or Samuel Hertz, except upon the specific direction of the Director of Industry Operations.

PART 1339—METAL ORES

MAXIMUM PRICE REGULATION NO. 113—IRON ORE PRODUCED IN MINNESOTA, WISCONSIN AND MICHIGAN

In the judgment of the Price Administrator the prices of market iron ore produced in Minnesota, Wisconsin and Michigan have threatened to rise to an extent and in a manner inconsistent with the purposes of the Emergency Price Control Act of 1942. The Price Administrator has ascertained and given due consideration to the prices of market iron ore prevailing between October 1 and October 15, 1941, and during the shipping season of 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this Regulation.

In the judgment of the Price Administrator the maximum prices established by this Regulation are and will be generally fair and equitable and will effectuate the purposes of said Act. A statement of the considerations involved in the issuance of this Regulation has been prepared and is issued simultaneously herewith.²

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,¹ issued by the Office of Price Administration, Maximum Price Regulation No. 113 is hereby issued.

AUTHORITY: §§ 1339.1 to 1339.12, inclusive, issued under the authority contained in Pub. Law 421, 77th Cong.

¹ 7 F.R. 971.

§ 1339.1 *Maximum prices for iron ore produced in Minnesota, Wisconsin and Michigan.* On and after April 10, 1942, regardless of any contract, agreement, lease, or other obligation, except as provided in §§ 1339.2 and 1339.3, no person shall sell, offer to sell, deliver, or transfer iron ore at a price higher than the weighted average spot price, based on Lower Lake ports delivery, at which such person made spot sales of the same classification of standard ore or spot sales of the same grade of special ore during the shipping season of 1941: *Provided*, That unexpired contracts for the sale of iron ore made before the close of the shipping season of 1941, and on which deliveries were made during the shipping season of 1941, shall remain in full force and effect, except that no term or condition of such unexpired contract providing for further escalation or increase in price, after the close of the shipping season of 1941, shall be valid or enforceable. When ore is sold for delivery at the mine, Upper Lake rail freight and lake freight at the established rates for the mode of transportation employed are to be deducted from the weighted average spot price for Lower Lake delivery; when ore is sold for delivery at Upper Lake ports, lake freight at established rates is to be deducted from the weighted average spot price for Lower Lake delivery.

§ 1339.2 *Maximum prices for tonnage from mines not operated in 1940 and 1941.* (a) The maximum price for iron ore shipped from a mine from which no ore was mined and from which no ore was shipped, except from stock-pile, during 1940 and 1941, shall be a price equivalent to \$4.45 per gross ton delivered at Lower Lake ports for Mesabi non-Bessemer 51.50% iron, natural content, as adjusted for grade and analysis according to the established differentials, premiums, and penalties incorporated in this Maximum Price Regulation No. 113 in § 1339.11 (a) (8).

(b) When ore is sold for delivery at the mine, Upper Lake rail freight and lake freight at the established rates for the mode of transportation employed are to be deducted from the Lower Lake price; when ore is sold for delivery at Upper Lake ports, lake freight at the established rates is to be deducted from the Lower Lake price.

(c) Each producer of such ore shall file with the Office of Price Administration an affidavit, accurately describing the mine and the iron ore produced therein, and stating that the mine from which such ore was produced was not operated and that no iron ore was shipped therefrom except from stock-pile during 1940 or 1941. No sale of such ore, at a price above the maximum permitted by this Maximum Price Regulation No. 113, exclusive of this section, shall be made until the producer receives the written permission of the Office of Price Administration.

(d) Each producer of such iron ore shall, on or before May 10, 1942, and on or before the 10th day of each month thereafter, file with the Office of Price Administration in affidavit form a state-

ment (1) of the number of gross tons produced during the preceding month; (2) of the number of tons sold during the preceding month, and (3) the names and addresses of the purchasers.

§ 1339.3 *Maximum prices for new sellers.* Any person who did not sell iron ore during the shipping season of 1941, may, after the effective date of this Maximum Price Regulation No. 113, sell iron ore at a price not higher than the weighted average spot price of a seller situated in substantially similar circumstances. The weighted average price of such seller may be had on application to the Office of Price Administration.

§ 1339.4 *Filing of data for computation of weighted average spot price.* Every seller of iron ore during the shipping season of 1941 shall file with the Office of Price Administration a statement of the number of gross tons of each classification of standard ore and grade of special ore he sold spot during the shipping season of 1941, the prices received therefore, the places of delivery, the equivalent Lower Lake prices for 51.50% Mesabi non-Bessemer ore and the weighted average spot price of each. Where iron ore was sold for delivery at the mine, Lower Lake delivered prices shall be deemed the f. o. b. mine prices, plus lake freight at 1941 established rates for the mode of transportation employed and Upper Lake rail freight at 1941 published rates; where ore was sold for delivery at Upper Lake ports the Lower Lake delivered prices shall be deemed the Upper Lake prices, plus lake freight at 1941 established rates.

§ 1339.5 *Less than maximum prices.* Lower prices than those set forth in §§ 1339.1, 1339.2, and 1339.3 may be charged, demanded, paid, or offered.

§ 1339.6 *Evasion.* The price limitations set forth in §§ 1339.1, 1339.2, and 1339.3 shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of iron ore, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1339.7 *Records and reports.* (a) Every person making purchases or sales of iron ore after April 1, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than two years, complete and accurate records of (1) each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the price paid or received, and the quantity of each classification and grade purchased or sold, and (2) the quantity of iron ore (i) on hand, and (ii) on order, as of the close of each calendar month.

(b) Persons affected by this Maximum Price Regulation No. 113 shall submit such reports to the Office of Price Administration as it may, from time to time, require.

§ 1339.8 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 113 shall be subject

to the civil and criminal penalties, civil enforcement actions, and suits for treble damage provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 113 or any price schedule, regulation or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1339.9 *Petitions for amendment, adjustment, or exception.* (a) Persons seeking any modification of any provision of this Maximum Price Regulation No. 113 or an adjustment or exception not provided for therein may file petitions for amendment in accordance with the Provisions of Procedural Regulation No. 1, issued by the Office of Price Administration.

(b) Any person, who is prepared to show that (1) its cost of production of iron ore is above its mine net realization on such product at maximum prices or (2) its mine net realization is inadequate in view of its high operating costs for continued operations at maximum prices, may file a petition for an adjustment or exception of the maximum prices established by Maximum Price Regulation No. 113.—Iron Ore Produced in Minnesota, Wisconsin and Michigan. In such cases the petitioner should submit, and the Office of Price Administration will consider, all relevant data, including the relation of the current, requested, and projected realization on the iron ore, and, the necessity, in terms of the war effort, for the granting of such adjustment or exception. The Office of Price Administration may require, in connection with any such petition, full data on costs, profits, and other relevant factors. Petitions for adjustment or exception pursuant to this section shall be filed in the manner stated in §§ 1300.38 through 1300.41 of Procedural Regulation No. 1 issued by the Office of Price Administration.

§ 1339.10 *Geographical application.* The provision of Maximum Price Regulation No. 113 shall apply only to sales, offers to sell or deliveries of iron ore produced in Minnesota, Wisconsin and Michigan moving within, into or out of one of the forty-eight States of the United States, or the District of Columbia.

§ 1339.11 *Definitions.* (a) When used in this Maximum Price Regulation No. 113, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any organized group of persons, or legal successor representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of the foregoing;

(2) "Iron ore" means all classifications, grades, groups, blends, mixes and other categories of market, merchant, and non-captive iron ore, whether sold under a trade name or otherwise, produced in the

States of Minnesota, Wisconsin and Michigan and used in the manufacture of iron or steel;

(3) "Lower Lake ports" means all ports on Lake Michigan, Lake Erie, Lake Huron, Lake Ontario, and their connecting waters, at which iron ore may be unloaded;

(4) "Upper Lake ports" means all ports on Lake Superior and Lake Michigan at which iron ore may be loaded for shipment;

(5) "Spot sale" means a sale or contract to sell requiring complete delivery of the iron ore during one shipping season;

(6) "Classification of standard ore" means one of the following classes: Mesabi non-Bessemer, Mesabi Bessemer, Old Range non-Bessemer, Old Range Bessemer, and High Phosphorus.

(7) "Grade of special ore" means one of the following grades: lump, mangani-ferous, siliceous, or off-grade ores.

(8) "Weighted average spot price" means that figure stated in dollars and cents which is computed by dividing the number of dollars received by the seller on his spot sales of each classification of standard iron ore or grade of special iron ore during the 1941 shipping season by the total number of gross tons of such classification or grade sold at spot by said seller during said season. Such prices shall be calculated to the base price at Lower Lake ports for 51.50 per cent Mesabi non-Bessemer iron ore according to adjustments hereafter set forth and when same are not applicable, the basis of adjustment as applied to such special grades as were in effect during the 1941 season shall be employed.

Adjustments

(i) The differentials for adjusting prices on a basis of natural iron content to a base price for Mesabi non-Bessemer ore shall be the established differentials (the unit value is obtained by dividing the applicable maximum price by 51.50), namely:

Class	Lake Erie base price, 51.50 per cent iron	Unit values at stated base prices
Mesabi non-Bessemer.....	\$4.45	\$.08641
Mesabi Bessemer.....	4.60	.08932
Old Range non-Bessemer.....	4.60	.08932
Old Range Bessemer.....	4.75	.09223
High Phosphorus.....	4.35	.08447

(a) The unit values are to be used in computing prices in the established manner, namely:

When less than 51.50% and not less than 50.00% iron: from the base price deduct at the rate of the base unit value for each unit or fraction of a unit.

When less than 50.00% and not less than 49.00% iron: from the price computed for 50.00% iron deduct at the rate of one and a half times the base unit value for the unit or fraction of a unit less than 50.00%.

When less than 49.00% iron: from the price computed for 49.00% iron deduct at the rate of two times the base unit

value for each unit or fraction of a unit of iron less than 49.00%.

When over 51.50% iron: to the base price add at the rate of the base unit value for each unit or fraction of a unit of iron more than 51.50%.

(b) "Old Range" includes the Menominee, Marquette, Gogebic and Vermilion ranges. Bessemer ore is ore which includes not more than .045 per cent phosphorus, dry. Premiums for phosphorus content less than .045 shall not exceed the standard phosphorus table, reproduced below. High phosphorus ore is Menominee range ore which contains .300 per cent or more phosphorus, dry, for 51.50% iron.

(2) Downbound vessels will be controlled by traffic signal lights on "Cable Area North Range Rear Light Tower," 40 feet above mean low water on the left descending bank of the Mississippi River, on the northerly bank of Violet Canal, about 2513 yards from and bearing 349 degrees 38 minutes from Old Depot Light.

(c) *Signals.* (1) A red light displayed to vessels indicates that the course is not clear and that the vessels must stop.

(2) A green light displayed to vessels indicates that the course is clear and that vessels may proceed.

(3) When neither a red nor a green light is displayed, vessels shall be maneuvered in accordance with pilot rules applicable, and no attempt shall be made to follow any prescribed course over cable area.

(d) *Anchoring prohibited.* No vessel shall anchor at any time or place in the area between the north and south traffic signal lights.

(e) *Ascending vessels.* (1) An ascending vessel shall not proceed further up the river than Braithwaite Wharf when a red light is displayed from "Cable Area South Range Rear Light Tower," and shall keep close in to the left ascending bank of the river and so maneuver as to keep clear of descending vessels.

(2) All meetings and passings of vessels in this area shall be in accordance with the rule for narrow channels, which requires that all passings shall be starboard to starboard.

(g) *Use of cable area.* (1) Vessels properly equipped and others having previously made arrangements with the Commandant, Eighth Naval District, New Orleans, Louisiana, shall indicate their intention to use the cable area by hoisting signal flags "Affirm" (A) over "Roger" (R) during daylight conditions and by displaying two blue lights, 4 to 6 feet apart vertically in forward part of the vessel at night or under conditions of poor visibility.

(2) In using the cable area, the vessel shall maneuver so that when between a point approximately 2,000 feet upstream and 2,000 feet downstream from the "Cable Area Lighted Buoy," the vessel will be on a magnetic north or south course (06°17' true), indicated by alignment of front and rear range lights between "Cable Area Traffic Lights." The "Cable Area Lighted Buoy" is located in the river landward toward the right descending bank from the center line thereof at a position about 116 yards north of "Old Depot Light," about 1,966 yards north of "Cable Area South Rear Range Light Tower," and about 2,266 yards south of "Cable Area North Rear Range Light Tower."

(3) While using the cable area, the vessel shall hold a steady north or south magnetic course at medium speed.

(4) While using the cable area, the vessel shall keep close watch for and obey all signals which may be displayed from the control house located on the levee on

the left descending bank of the river opposite the "Cable Area Lighted Buoy," and shall also be prepared to take aboard a boarding party upon signal from a United States Navy boat operating in the area.

(5) Vessels not using the cable area are not obligated to follow the above-described course and should be maneuvered in accordance with pilot rules applicable.

(6) Under conditions of poor visibility, vessels shall exercise caution in using the cable area, and in emergencies be governed by the pilot rules applicable.

(h) The term "vessel" shall include all ships, whether under their own power or in tow, and all barges in tow, and also all tugs or towboats without tows and all river craft of any description operating under their own power.

(i) These Rules and Regulations will be enforced by the Captain of the Port, New Orleans, Louisiana. The Captain of the Port is authorized to suspend these rules and regulations indefinitely, or for such periods as he may determine, when in his judgment such action is for any reason necessary, and he may prescribe the hours of each day during which these rules and regulations are operative as well as the days on which these rules and regulations are inoperative, and such order will be effective upon publication in the FEDERAL REGISTER as prescribed by law and until otherwise ordered by the Captain of the Port, New Orleans, Louisiana.

SECURITIES AND EXCHANGE COMMISSION.

IN THE MATTER OF F. H. WINTER & Co.,
111 BROADWAY, NEW YORK, NEW YORK

OPINION AND ORDER DISMISSING PROCEEDING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 3d day of April A. D. 1942.

F. H. Winter & Co., a partnership, has filed an application for registration as an over-the-counter broker-dealer under section 15 of the Securities Exchange Act of 1934. The partners of applicant are Frank Harold Winter and Harry Flackman. The application for registration disclosed, as required by the applicable rules and regulations, that Flackman had been convicted in the Federal District Court in Massachusetts of

violation of the Federal mail fraud statute. We instituted this proceeding by order after due notice to determine whether, pursuant to section 15 (b) of the Securities Exchange Act, it is in the public interest to postpone or deny registration. A hearing has been held before a trial examiner.

There is no dispute as to the facts. In September 1935 an indictment was returned by the Grand Jury for the Federal District Court of Massachusetts, charging Flackman and various other defendants with violation of the Federal mail fraud statute and conspiracy to violate the anti-fraud provisions of section 17 of the Securities Act of 1933. The transactions covered by the indictment were alleged to have taken place in 1933 and 1934 and to have involved fraudulent representations and a fraudulent scheme in the sale of securities of the Polymet Manufacturing Corporation. Flackman originally entered a plea of not guilty, but later pleaded guilty. The case was tried with respect to certain other defendants who were found guilty by a jury, and on appeal to the Circuit Court of Appeals the convictions were affirmed.¹ Sentence was finally pronounced in March 1938. Flackman was sentenced to be imprisoned in a penitentiary for a term of one year and one day; however, his sentence was suspended and he was placed on probation for a period of two years. On April 9, 1940, his probation was discharged.

The principals in the fraudulent scheme on which the indictment and convictions were based were William L. Jarvis and Samuel L. Gaines. From the evidence before us, it appears that Flackman's participation in the scheme was limited to his employment as a salesman for these principals. In view of the "boiler-room" tactics utilized in the solicitation of orders, we have difficulty in believing that Flackman was ignorant of, or entirely innocent with respect to, the high-pressure methods being used. However, it is not clear how far Flackman was aware of the fraudulent nature of the scheme. He, himself, denied any knowledge of the fraud. The record contains a letter from Charles W. Bartlett, the assistant United States Attorney who conducted the trial of the criminal case, which states:

I have been asked as to the connection of Mr. Harry Flackman with the organization involved in the case of *United States v. Jarvis et al.* which I tried when an Assistant United States Attorney.

Mr. Flackman was an employe, not a principal, and was not a party to the inception or management of the venture. When asked as to his part in it he came forward and told it, later testifying on behalf of the Government.

Flackman is 38 years of age. He has been in the securities business since 1920. Since April 1940 he has been engaged in the sale of oil royalties on a commission basis as an employe of Winter. Winter is the sole proprietor of the business and is at present a registered broker-dealer. It is proposed that the applicant will

¹ See *Jarvis, et al. v. United States*, 90 F. (2d) 243 (C.C.A. 1, 1937).

carry on this business as a partnership with Winter and Flackman as the partners.

Under the statute, we are required to deny registration if we find that any partner of an applicant for registration has been convicted, within ten years preceding the filing of any such application, of any felony involving the purchase or sale of any security, and if we find that denial of registration is in the public interest. The fact of conviction is admitted and the only question in issue here is whether it is in the public interest to deny the application for registration.

After careful consideration of all the facts in this case, we have decided that we may, consistently with the public interest, permit registration to become effective. Our decision in this respect is based on the following facts: It does not appear that Flackman was a principal in the fraudulent scheme which was the basis for the criminal case. The letter from the Assistant United States Attorney who tried the case states that Flackman "was an employe, not a principal, and was not a party to the inception or management of the venture." It further appears that Flackman came forward and testified fully as to his part in the scheme. The activities in respect of which Flackman was convicted took place eight years ago. The record indicates that Flackman is attempting to live down the conviction and reestablish himself in the business with which he is best acquainted. Winter apparently thinks well enough of him, after two years of association, to enter into partnership with him. Finally, if registration does become effective, we will, of course, have jurisdiction to institute revocation proceedings under section 15 (b) of the Securities Exchange Act, if at any time in the future such proceedings appear to be warranted. Under all of these circumstances, we think that we may appropriately permit Flackman to avail himself of the opportunity which has been offered to him and allow the partnership to be registered.

Accordingly, we hereby dismiss the proceeding and the application for registration will be permitted to become effective in ordinary course.

By the Commission (Chairman Purcell, Commissioners Healy, Pike, Burke and O'Brien).

Secretary.

IN THE MATTER OF HARRY WILLIAM WELLER, 30 NORTH LA SALLE STREET, CHICAGO, ILLINOIS

FINDINGS AND ORDER REVOKING REGISTRATION AS BROKER AND DEALER AND EXPELLING RESPONDENT FROM NATIONAL SECURITIES EXCHANGE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 3rd day of April, A. D. 1942.

1. Harry William Weller is registered with this Commission as an over-the-

counter broker-dealer pursuant to section 15 of the Securities Exchange Act of 1934 and is a member of the National Association of Securities Dealers, Inc., a national securities association registered under section 15A of the Act. We instituted this proceeding under sections 15 (b) and 15A (1) (2) to determine whether Weller's registration should be suspended or revoked and whether he should be suspended or expelled from the National Association of Securities Dealers, Inc.

2. Our order of January 16, 1942, instituting the proceeding, stated that members of the staff had reported to the Commission information which, if true, tended to show that: (a) respondent willfully violated section 8 (b) of the Securities Exchange Act of 1934 in permitting, in the ordinary course of his business as a broker, his aggregate indebtedness to exceed 2,000 per centum of the net capital employed in his business; (b) respondent willfully violated section 8 (c) of the Securities Exchange Act of 1934 and Rule X-8C-1 thereunder in that respondent hypothecated securities carried for the account of customers under circumstances (1) that permitted the commingling of securities carried for the account of customers with securities carried for the account of other customers, without first obtaining the written consent of each such customer to such hypothecation; (2) that permitted securities carried for the account of customers to be commingled with securities carried for the account of persons other than customers under a lien for a loan made to the respondent; and (3) that permitted securities carried for the account of customers to be hypothecated and subjected to liens and claims of the pledgee for a sum which exceeded the aggregate indebtedness of all customers in respect of securities carried for their accounts; and (c) respondent willfully violated section 17 (a) of the Securities Exchange Act of 1934 and Rule X-17A-3 thereunder in that respondent did not make and keep current certain of the books and records relating to his business prescribed by the said rule.

3. By letter dated February 7, 1942, respondent sought to withdraw his registration as an over-the-counter broker-dealer, and stated that he had "ceased doing business as a securities broker on October 20, 1941, and has not since that time been associated or connected in any way with the sale of securities and does not intend again to become associated in the sale of securities."

4. After due notice, a hearing was held before a trial examiner. We find that as of October 20, 1941 (the date of the staff's investigation), respondent's indebtedness exceeded his assets by \$807.23;¹ that at the same time he was indebted to customers and to his bank; and that he thereby willfully violated section 8 (b) of the Securities Exchange Act of 1934. We find that on or before October 18, 1941, respondent commingled and pledged the securities of at least two of his customers, along with his own securities, as col-

lateral for a loan to him by his bank, in an amount which exceeded the aggregate indebtedness of all of his customers in respect of securities carried for their accounts; that the securities of customers were thus commingled and hypothecated without their consent; and that respondent thereby willfully violated section 8 (c) of the Securities Exchange Act of 1934 and Rule X-8C-1 thereunder. We further find that respondent kept only two books, one of which, if properly kept, would have been a combined cash record, purchase record and sales record, and the other of which was an incomplete book of check stubs; that respondent did not maintain adequate records to show cash receipts and disbursements, receipts and deliveries of securities, dividends and interest received, monies borrowed, securities failed to receive and securities failed to deliver, and failed to make and keep current various other records required to be maintained under section 17 (a) of the Securities Exchange Act of 1934 and Rule X-17A-3 thereunder; and that respondent thereby willfully violated the said section 17 (a) and Rule X-17A-3.

We find that it is necessary and appropriate in the public interest and for the protection of investors that respondent's registration as an over-the-counter broker and dealer be revoked, and that respondent be expelled from the National Association of Securities Dealers, Inc.

Accordingly, it is ordered, Pursuant to section 15 (b) of the Securities Exchange Act of 1934, that the request of Harry William Weller to withdraw his registration as an over-the-counter broker-dealer be, and it hereby is, denied; and that the registration of Harry William Weller as an over-the-counter broker-dealer be, and it hereby is, revoked; and

It is further ordered, Pursuant to section 15A (1) (2) of the Securities Exchange Act of 1934, that the said Harry William Weller be, and he hereby is, expelled from the National Association of Securities Dealers, Inc., a registered national securities association.

By the Commission (Chairman Purcell and Commissioners Healy, Pike, Burke, and O'Brien).

IN THE MATTER OF RUSSELL W. McDERMOTT, 40 PENNSYLVANIA STREET, INDIANAPOLIS, INDIANA

FINDINGS AND ORDER EXPELLING RESPONDENT FROM NATIONAL SECURITIES EXCHANGES

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 3d day of April, A. D. 1942.

1. Russell W. McDermott is now and has been at all times hereinafter mentioned a member, within the meaning of section 3 (a) (3) of the Securities Exchange Act of 1934, of the New York Stock Exchange, New York Curb Exchange, Chicago Stock Exchange and Chicago Board of Trade, all national

securities exchanges registered as such pursuant to the Securities Exchange Act of 1934. We instituted this proceeding under section 19 (a) (3) of the Act to determine whether the respondent should be suspended or expelled from membership on these national securities exchanges.

2. The order for hearing, dated November 7, 1941, recited that the staff had reported to the Commission information obtained as a result of an investigation, which tended to show that:

A. On or about September 30, 1938, McDermott, after having gained the complete trust and confidence of a certain customer who was uninformed and inexperienced in matters of investment and finance, induced her to open and maintain a securities trading account with the firm of Moore, McLean & McDermott, a firm of which the respondent was then and at all times hereinafter mentioned a general partner. Respondent also induced this customer to execute a trading authorization granting him discretion to purchase and sell securities for her account. The customer originally deposited approximately \$11,000 as collateral in this account and supplemented this sum by a deposit of United States Treasury bonds having a value of approximately \$18,000.

During the period from about October 1, 1938, to May 1939, McDermott effected for the account of this customer approximately 176 transactions involving about 36,000 shares of stock having an aggregate value of approximately \$886,000. During this period, securities were frequently sold on the very day they had been purchased or within a day or two thereafter, and at a time when no appreciable change had occurred either in the general market conditions or in the market prices of the particular securities involved. Such transactions were effected for the purpose of exacting numerous commission charges and without regard to the welfare of the account or the financial resources or character of the account. As a result of this trading, the respondent realized for his firm, and the customer was charged, commissions in excess of \$10,000 and, in addition, the customer sustained a trading loss amounting to approximately \$16,000.

In April of 1939 and again in May, the firm of Moore, McLean & McDermott, acting through McDermott, sold, otherwise than on a national securities exchange, certain securities owned by the firm to this customer's account at prices far in excess of the current market prices for such securities without disclosing to her the fact that the firm was selling its own securities, the secret profit made on the transactions, or the fact that the prices which she was charged were greatly in excess of the current market prices for such securities.

Sometime during the period from September 30, 1938, to April 1939, McDermott, in connection with the purchase and sale of various securities for this customer's account, requested and received from her \$10,000 principal amount of United States Treasury Bonds upon the representation that the bonds would

¹ This figure is reduced to \$302.67 if certain unsecured accounts receivable in the amount of \$504.56 are included as assets.

be used as collateral in her trading account. A short time thereafter, McDermott sold these bonds, otherwise than on a national securities exchange, and without the knowledge or consent of the customer credited the proceeds to the account of one James Allio, which credit resulted in the elimination of an open debit of \$10,000 existing in the Allio account at that time.

B. In April of 1939 and again in May 1939, the firm of Moore, McLean & McDermott, acting through McDermott, sold, otherwise than on a national securities exchange, certain of the firm's securities to the account of a certain other customer who maintained a trading account with the firm, at prices far in excess of the current market prices for such securities, without disclosing to such customer the fact that the prices charged to him were greatly in excess of the current market prices of such securities, and that such securities were being sold to him to relieve the firm from open losses in such securities.

C. During the period from approximately March 1938 to May 1939, McDermott, through the firm of Moore, McLean & McDermott, extended credit in the accounts of one James Allio on securities registered on a national securities exchange in amounts greater and for periods longer than are permitted under Regulation T promulgated by the Board of Governors of the Federal Reserve System pursuant to section 7 of the Securities Exchange Act of 1934.

D. McDermott used the mails and instruments of interstate commerce to effect the transactions and to induce the purchases and sales of the securities referred to above.

The Commission's order further stated that the information reported by its staff as set forth above tended, if true, to show that the respondent had wilfully violated sections 7 (c) (1) and 15 (c) (1) of the Securities Exchange Act of 1934 and Rule X-15C1-2 thereunder.

3. After appropriate notice, a hearing was held before a trial examiner in Chicago, Illinois, in the course of which McDermott filed a document entitled "Answer and Consent to Expulsion from Membership on Certain National Securities Exchanges Pursuant to section 19 (a) (3) of the Securities Exchange Act of 1934." This document acknowledges receipt and service of adequate notice of the proceedings, waives opportunity for hearing, "admits and acknowledges for the purpose of these proceedings and for such purpose only the existence of the facts and of the cause of action set forth in the Commission's order for proceeding," and consents to the entry of an order by the Commission expelling respondent from membership on the various national securities exchanges of which he is a member.

4. We find that the facts alleged in the order instituting the proceedings are true, that the respondent has wilfully violated section 7 (c) (1) and 15 (c) (1) of the Securities Exchange Act of 1934 and Rule X-15C1-2 thereunder, and that it is necessary and appropriate for the protection of investors to order that the respondent, Russell W. McDermott, be expelled from membership on all the

national securities exchanges of which he is a member.

It is therefore ordered, Pursuant to section 19 (a) (3) of the Securities Exchange Act of 1934, that Russell W. McDermott, a member, as that term is defined in the said Act, of the New York Stock Exchange, New York Curb Exchange, Chicago Stock Exchange and Chicago Board of Trade, be, and he hereby is, expelled from membership on said exchanges.

By the Commission (Chairman Purcell and Commissioners Healy, Pike, Burke, and O'Brien).

IN THE MATTER OF CENTRAL SECURITIES CORPORATION, 13TH FLOOR, LINCOLN BANK TOWER, FORT WAYNE, INDIANA

FINDINGS AND ORDER REVOKING REGISTRATION AS BROKER-DEALER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 3rd day of April, A. D. 1942.

1. Central Securities Corporation, an Indiana corporation, is registered with this Commission as an over-the-counter broker-dealer pursuant to section 15 of the Securities Exchange Act of 1934. Edwin Henry Dickmeyer is president of the corporation. We instituted this proceeding under section 15 (b) to determine whether the registration of Central Securities Corporation should be suspended or revoked.

2. Our order of January 16, 1942, instituting the proceeding, stated that members of the staff had reported to the Commission information which tended to show that on or about January 12, 1942, registrant and Dickmeyer were convicted in the United States District Court for the Northern District of Indiana of a felony involving the purchase and sale of securities and arising out of the conduct of the business of a broker and dealer.

3. By letter dated January 26, 1942, the registrant stated that it had discontinued its business as a broker and dealer and it sought to withdraw its registration.

4. After due notice a hearing was held before a trial examiner. The records show that the registrant has conducted the business of broker and dealer in securities at Fort Wayne, Indiana, continuously since May 1, 1936. Edwin Henry Dickmeyer organized the registrant and he has been its president and largest stockholder, and has dominated its activities. From May 1, 1936, to January 1, 1938, Louis F. Conter was the treasurer of Lake County, Indiana, and was also treasurer of the municipalities of Gary, Hammond, and East Chicago, all of which are in Lake County. Each of these municipalities had outstanding so-called "Barrett Law" bonds which were issued to finance public improvements and were payable out of assessments to be collected against the private property benefited. These bonds were payable through the office of the County Treasurer as money was available from the

collection of the special assessments. Money was not always available at the maturity of the bonds or upon demand after maturity. Edward L. Reil was employed by Conter in the County Treasurer's office, where his principal function was to be informed as to the amount of money which had been collected from the special assessments and the "Barrett Law" bonds to which it was applicable. He had full access to the records of the county and the municipalities.

In November 1940, the Grand Jury of the United States District Court for the Northern District of Indiana returned an indictment charging that the registrant, Dickmeyer, Conter, and Reil unlawfully and feloniously conspired together to violate, and did violate, section 15 (c) (1) of the Securities Exchange Act of 1934, as follows:

Conter and Reil agreed to and did advise registrant when money was available to redeem the various types of "Barrett Law" bonds. Registrant then procured from its customers authorizations to liquidate, at from 25% to 70% of their face value, bonds for which money was available for redemption at full face value. These authorizations were procured by means of materially untrue statements to the effect that registrant had received offers from prospective purchasers to buy the bonds at from 25% to 70% of their face value, and that it would be to the best interests of the customers to accept such offers. At the time these misrepresentations were made, registrant, of course, knew that the bonds under discussion could be redeemed at their full face value. Upon securing such authorizations, registrant transmitted the bonds covered by the authorizations to Reil in East Chicago. Reil presented the bonds to the office of the County Treasurer, received checks for the full face value and mailed the checks to the registrant. Upon receipt of the checks, registrant advised its customers that it had purchased from them as principal the bonds at the discount named in the authorization, and registrant retained the profit. This profit was later divided among the registrant, Conter, and Reil, in the proportions of 42½%, 50%, and 7½%, respectively. The number of registrant's customers thus defrauded was approximately 179, and the amount corruptly appropriated by and divided among the conspirators was \$92,000.

On January 12, 1942, in response to the indictment, registrant, Dickmeyer, Conter, and Reil entered pleas of *nolo contendere* and were each found guilty. The registrant was fined \$5,000, and Dickmeyer was fined \$5,000 and sentenced to two years' imprisonment, the sentence of imprisonment being suspended for a period of four years and the defendant placed on probation.

In sentencing Dickmeyer, Judge Stone said, in part:

I think Dickmeyer was perhaps the originator of this idea. I don't think Conter was any better; he worked into it very well. I don't think Reil is free from sin, either. Dickmeyer is a man who lived in Fort Wayne for many years, apparently active in civic affairs. You could not have accomplished what you did unless you lived the life of a pretender and hypocrite. You were operating under the mantle of respecta-

bility. People had confidence in you, trusted you. It may be said to your discredit you robbed and cheated the people who did have trust in you.

We find that the registrant and its president, Edwin Henry Dickmeyer, were convicted on January 12, 1942, of a felony involving the purchase and sale of securities and arising out of the conduct of the business of a broker and dealer, and that it is in the public interest that its registration as a broker-dealer be revoked.

Accordingly, it is ordered, Pursuant to section 15 (b) of the Securities Exchange Act of 1934, that the request of Central Securities Corporation to withdraw its registration as an over-the-counter broker-dealer be, and it hereby is, denied, and that the registration of Central Securities Corporation as an over-the-counter broker-dealer be, and it hereby is, revoked.

By the Commission (Chairman Purcell and Commissioners Healy, Pike, Burke, and O'Brien).
