# PREFACE.

---

The publishers of the GLOUCESTER DIRECTORY in issuing the seventeenth volume of the work, desire to call the attention of the public to the complete and varied nature of its contents, indexed on the following two pages, and covering all the various interests of GLOUCESTER, ROCKPORT, ESSEX and MANCHESTER. No expense or pains have been spared to make this edition the most complete that has ever been issued.

The map contained in the book has been corrected to date, and has all the recent changes in streets, etc.

Fraudulent directory canvassers have during the past year swindled the public to some extent, principally on Business Directories. Beware of all who attempt to collect in advance of publication, or request you to sign receipts or vouchers to be afterwards altered to read as orders for advertising. The safe way is to deal only with reputable and well known publishers.

Patrons of the advertising pages have our sincere thanks for their support, and we are indebted to the city officials and newspaper editors for very valuable assistance and information. Thanks are also due to all who have cheerfully furnished information, and we trust we may merit continued favors in future editions.

SAMPSON, MURDOCK, & Co.

---

## CHANGES IN THE GLOUCESTER DIRECTORY.

Names in Directory of 1900, Gloucester Department.....	11,100
Names added in compiling Directory of 1902... ..	2,671
	<u>13,771</u>

 Wonson's (John F. & Co.'s), from 237 East Main  
 Wonson's (Wm. C.), from 169 E. Main  
 Wonson's (William H. & Son), foot of Parker, East Gloucester  
 Wonson's (Wm. S.), from 197 E. Main

# GLOUCESTER STREET DIRECTORY.

GIVING the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect.

From this list, the location of any number on a street, or the location of any public building, can be easily ascertained; as, for instance, wishing to know at what part of Prospect Street No. 87 is located, you look at Prospect Street, and find that Elm Street runs from 81, and Chestnut Street from 93, showing that 87 would come on the right, between Elm and Chestnut Streets.

When a street crosses another, numbers (or ciphers) are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects. Ciphers are used where no numbers exist.

- ACACIA**, from 50 Grove, opposite cemetery gate, to Poplar
- ADAMS AVENUE**, from Cambridge avenue
- ADDISON**, from 65 Washington to 44 School
