General Affairs No. 97

Date July 26, 1948

To Mr. Shin-ichi Mokudai, Chief of the Prefectural Public Liaison Section

From Kochi Chapter of the Japan Red Cross Society

Subject Request of Presenting Enterprise Report

Dear sir:

We beg to tender you the July report attached hereto in accordance with the order that the enterprise report of this chapter shall be presented every month to the welfare section chief of the Military Government Team.

Yours sincerely

The Red Cross Chapter

July Business Report

Red Cross Kochi Chapter

1. 1948 Fiscal Year Enterprise Fund Collection

As a result of the meeting held at the headquarters in Tokyo, it was decided that this year's money-collection will be enforced for one month, beginning on October 1, together with the community chest drive. In order to prepare for it, the first meeting between the Prefectural Community Chest office and this chapter was held on July 15, and consultations made as regards the selection of committee-members and some other items.

1. Preparations for Formation of Red Cross Service Team

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

The heads of the branch of this team and the committees of the city and counties have been decided as was reported last month, and in order to further push the teamwork, the city- and county- committees have each appointed town- and village- committee heads, each section having held meetings. Thus, the preparations for forming the team have been progressing.

1. Hokuriku District Disaster Contributions Opened.

In order to relieve the victims of the quake-disaster which hit the Hokuriku district last month, this chapter has started to collect contributions in cooperation with the Prefecture, the City, and newspaper offices. Besides, consolation letters are being collected from the boys' red cross groups.

1. Consolation towards Flood-Sufferers

As there was no small loss sustained due to the heavy downpour which visited this prefecture July 5, preparations were made for the despatch of relief-teams. However, the need for dispatching them was not recognized. This chapter expressed its sympathy by presenting each of the killed with ¥ 5.00 and each of the severely injured with 3.00 by way of consolation.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

1. Drowning Rescue Training Course

The headquarters held the training course mentioned above at the marine training-center at Tamano City, Okayama-prefecture for 4 days, beginning July 21, this chapter sending one official to take the course.

1. Young Men's Red Cross Team Backboners' Joint Training meeting

The headquarters held the above-mentioned training-meeting at the marine training-center at Tamano-city, Okayama Prefecture, this chapter dispatching 2 team-members (1 male and 1 female) there.

1. Circulating Clinic

The social work department of the Kochi Red Cross Hospital has formed a circulating clinical team (1 physician, 2 chief officials, 2 nurses), and ~~conducted~~ examined ~~schools~~ children's faeces of some schools in Agawa-gun by despatching it there.

Date of Translation: July 9, 1948 Translated by: Yamamoto

To:
From: Kochi Branch of Japanese Red Cross Society
Subject: Report concerning Result of Conference of Local Committee Chiefs and County and City Volunteer Service Group Committee Chiefs.
Date: June 29, 1948.

1. Re Red Cross Volunteer Service Groups.

(Result of conference)

Copies of a guide no. 1 – 4 of the formation of the service groups have already come to the Kochi Branch, but we have not yet gotten copies of it no 5 and other numbers. Therefore it is impossible for us to know all the work well. In haste, we ask the chief of every town or village committee to hasten the formation of the volunteer service group in its town or village.

When copies of the guide new-number comes to the Kochi Branch. Some of them shall be sent to the chiefs of the county and city red cross committees. We shall let the chief of every town or village sub-committee know about an estimate for the expense of the groups of the branch.

2. Report of collecting condition of money for 1947 and A matter to encourage sub-districts in outstanding payment to finish the payment.

Re adjustment of annual subscriptions of former members of the Red Cross Society.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(Result of conference)

The Kochi Branch and local committees shall encourage the outstanding towns and villages to complete the payment of the sums surely in July. We will ask the chief of the welfare section of the Kochi M G J to go to those outstanding payment towns and villages who are in the lack of understanding about the Red Cross business and to encourage to perform their duties to pay.

We encourage the people concerned to collect the annual subscriptions of the former members and to remit money during July without fail.

3. Re collecting money for 1948.

(Result of conference)

The branch will make a good consultation with the Prefectural Community Chest Collecting Committee about the matter, and decide an aiming amount of money to collect and report it to the local committees. Then every one of ous shall start to make publicity of it. We have agreed to work hard to obtain all the aiming amount to collect without fail and not cause any trouble to the enactment of this year's work of the branch.

4. Re Spreading Home Nursing Method.

(Result of conference)

A class for training home nursing teachers has not been held in Shikoku district yet. We shall hold the class, get teachers and work hard to spread the method.

5. Re Relief Activities at Time of Disaster.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

S. Yamamoto:

(Result of Conference)

(1) We shall keep a close connection with medical associations with a plan of the branch and have no trouble for carrying out that important mission when a disaster happens.

Furthermore we shall let the medical associations of "Gun" and city request the Kochi Prefectural Medical Association to distribute medical articles and medicines to make a good preparation for relief activities when the disaster happens.

(2) More than 2 relief teams (Each shall be composed of one doctor and 2 nurses) shall be set up in the committee of every county in order to prepare for relief activities in an emergency times. Moreover a spot relief team shall be set up in every town and village

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Date of translation: July 9 1948 Translated by: Yamamoto.

July 29, 1948.

Subjects of Discussion.

1. Re Red Cross Volunteer Service Groups.

This society, under the leadership of G.H.Q of Scap and the American Red Cross Society, intends to set up red cross volunteer service Groups in all towns and villages throughout Japan to perform social services and to contribute toward the promotion of public welfare as its new work. Whether the work succeeds or not will depends upon the people's support and cooperation. We hope you will give us your efforts for the accomplishment of the work.

2. Report of the Condition of Collecting Money for 1947 and a Matter Concerning Encouragement for Completing the Payment of Money from Outstanding Payment Districts

Re Adjustment of Annual Subscriptions of the Former Members.

We have gotten the following result of collection of disaster relief funds for 1947 as stated in an accompanying list by the effort of the members of the committees and the stuff of every town and village and by the cooperation of the people though many kinds of contributions were carried out. We are very much pleased. On the other hand we are sorry that some of the towns and villages have not remit any money and some have the great balance to remit. We are very sorry to have such matters for responsibility's sake to towns and villages which have completed the remittance of it, so we hope you will encourage

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

the people to collect money and to remit it.
Furthermore we hope you will collect outstanding amounts of the lump-sum payment balance of annual subscriptions by the former members of the society and the money as the Red Cross member system has been revised.

3. A Matter Concerning the Collection of Money for 1948.

The other day we received a telegram from the President of the society about the collection of money for 1948 saying: The collection of money shall be jointly carried out with a community chest collecting money during the time from October 1 to 31. In order to discuss the matter, a meeting of the secretaries and chief clerks of all the branches throughout Japan was held in Tokyo on June 17 and 18. This year we wish to collect an aiming sum of money without fail and to accomplish various kinds of works without any trouble. It is our desire that you will give us your cooperation for the collection of it

4. Re Spreading a Home Nursing Method.

We are going to lead the people for spreading a simple and practical nursing method to patients who will take medical treatments at home. It is one of most suitable works to the red cross volunteer service groups. We hope you will cooperate in spreading the method.

5. Re Relief activities on Occation of a Disaster.

It is the first mission of the society to do relief works on occation of a disaster. So when the disaster

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

happens. a red cross spot relief squard which is composed of volunteers shall act in the first line of relief works. If the disaster is in a high degree, the branch and the main office shall send relief squards to perform their duties. The volunteer service groups have a close connection with the spot relief squards. Therefore we hope you will lead them to have the close connection among themselves and not to have any trouble on occation of a diaster.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Date of Translation: July 6. 1948 Translated by: Yamamoto.

Outline of Class of Red Cross Home Nursing Way.

This society has been working to spread a Red Cross home nursing way under the leadership of Mrs Ides Olson, an adviser of the American Red Cross Society since July 1947, and to contribute toward the alleviation of pain and the prevention of diseases with the purpose of promoting the welfare of the people of the world. which is the aim of the International Red Cross. Now it is on the ways of development. The red cross societies of many countries in the world are endeavoring for the work of the home nursing method. The American Red Cross Society which was set up 30 years ago has been making a great contribution toward the good healthy America.

This society, as the red cross of the people, expects the development of the work as a part of a revival undertaking of the society to public services.

As we intend to spread the home nursing method to the people in general through the class, we write the objective of it and contents of teachings.

First Section

(1) We shall give the people ~~important~~ knowledge about food which is very important to maintain the people's good health and teach them how to keep out of an unbalanced diet.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

2. We shall teach them the following things as to the prevention of infectious diseases of individual persons, of families and of communities:

(1) Ways of spreading of infectious diseases.

(2) How to wash hands for the prevention of them.

(3) When they shall wash their hands.

(4) How to dispose properly and reasonably excrements of patients as they become the cause of spreading infectious disease germs.

(5) How to do when some one falls into an infectious disease in a family.

(6) How to put on aprons.

(7) How to treat patients.

3. In order to nurse patients at home better, we shall teach them the following things:

(1) Important knowledge and art and how to measure temperature.

(2) How to find out the condition of the patients.

(3) How to report the condition of them to doctors.

(4) How to make comfortable sick beds.

(5) How to make the patients clean and to dress them well.

(5) How to use chamber-pots.

(6) How to make them comfortable as far as possible in their sick beds.

(7) How to give medicines to them.

4. We are going to teach them how to do in order to carry out simple treatments ordered by doctors correctly, how to make tea to give them, how

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

how to let them inhale, how to put hot compresses to them, how to give them enemas, and how to do simple treatments to their intestines.

Second Section.

Knowledge of childbirth and nursing.
Prenatal and postnatal knowledge and nursing.
Knowledge about newly born children and nursing.

(A remark — The second section of the class is expected to hold in October, 1948.

Students are people in general, but they shall be mainly housewives for a while.

The number of students of one class shall be limited to 10 persons. As the class mainly teaches practical training, it will be impossible to teach over 10 persons once.

Teaching hours:

The time required by the first and second sections shall be 12 hours respectively. Each of them will teach the students 2 hous once in every other day or in 3 days. It shall be finished in two weeks in case of every other days teaching. We think that it shall be most suitable to teach so.

Teachers: Persons who are authorized to be teachers by the training regulations for teachers concerning the home nursing prescribed by this society shall be teachers.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

TRANSLATION

TO : Kochi M.G.T.

FROM : Kochi Branch of Japan Red Cross Society
Disaster Relief Plan of Kochi Branch of Japan Red Cross Society

I. Essential Point.

According to the original mission of the work of the Red Cross Society and as provided by the Disaster Relief Law, the Kochi Branch of Japan Red Cross Society shall contribute to the relief of the sufferers, alleviation of their sufferings, making them secure a sure means of living and the reconstruction of striken areas by strongly carrying out the disaster relief plan.

II. Complete Equipment of Relief Agencies

1. The Branch shall have the President and Vice-President under whom the following departments and units.
The Department of General Affairs (The Investigation Unit, Liaison Unit and Propaganda Unit)
The Relief Department (The Unit of Medical Affairs, Public Welfare Unit and Material Unit)
The Intendance Department (The Money-raising Unit and Accounts Unit)

2. The Branch shall have the District Disaster Relief Committee (to be simply called the District Committee) as the consultative body for the President of the Branch.
The District Committee shall have the Chairman of the Committee and a number of member s of the Committee.
The Chairman of the Committee shall be the President of the Branch and members of the Committee shall be appointed by the President from among members of the staff of the Branch, public officials of interested government offices, representative of bodies and other learned and experienced people.

3. The work of the Branch shall be generally as follows:

a. Investigation into and repofts on thecondition of disasters a and the extent of damage.

b. Decision of plans for carrying out disaster relief

c. Connection with Relief Corps of the Department of members of the Committee and Chapters of towns and villages.

d. Dispatch of Relief Corps.

e. Guidance to action of public service groups and the youth Red Cross groups.

f. Connection with interested government and public offices, interested bodies and Military Government Team of Occupation Forces.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

g. Management of the District Committee

III Method of Carrying out Relief Action

1. Preparations before the occurrence of accidents

a. Investigation into and researches in history of disasters

b. To lay plans for relief

c. Registration, organization and training of relief officers and guidance to them

d. Contracts with medical association, dental medical associations, midwives' associations, nurses' agencies and other various kinds of bodies and carrying out all sorts of relief plans

e. Complete equipment of relief materials

f. Preparations for first-aid stations, emergency kitchens and places of shelter

g. Connection with trasportation facilities

h. Propaganda on disaster relief

i. Floatation of disaster relief funds

2. Occurence of Disasters or Accidents and emergency Relief

* lst-class disaster relief

The lst-class disaster relief means the relief action which is carried out with general relief attitude with the whole Branch when the damage extends to every part of the country or several prefectures.

* 2nd-class Disaster Relief

The 2nd-class disaster relief means relief action which is carried out with general relief attitude with the whole Branch when the extent of the damage is within the confines of the prefecture.

* 3rd-class Disaster Relief

The 3rd-class disaster relief means relief action which is carried out by relief corps alone when the extent of the damage is confined within a city, town or village or there are not a few sufferers in consequence of railway or trainway accidents and others.

According to the standards given above, as soon as disasters or accidents occure, all the members of the staff concerned shall go to their post and get into fixed action in accordance with instructions given by the Head Office by preparing for action.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

First

a. This Branch must take an emergency measure at once and at the same time by convening the District Committee it must take their advice on relief action and lay plans for it according to reports on accidents or disasters and the extent of damage.

b. In accordance with decision given by the Committee, the President of the Branch must order the departments and units concerned to get into relief action at once and as occasion demands he must ask the Head Office and Neighboring Branches for support.

c. The Department of General Affairs must gather every kind of information about accidents or disasters and the extent of damage and report it to the persons concerned as well as to the general public.

d. The Relief Department must despatch relief officers to the scene on one hand and investigate into the relief materials in stock and the condition of collection and transportation on the other hand. If necessary, the Department must give impetus to transportation of commodities in co-oeration with members of the nearest public service group.

e. As occasion demands, the Intendance Department umst disburse funds, fix the amount of public subscription and collect contributions of relief funds or relief goods.

f. The Branch must establish connections with government and public offices, the local Military Government Team and others.

g. The Branch must control relief action by private bodies of various kinds and individuals.

3. Guiding sufferers to enjoy better life

Guiding the sufferers to enjoy better life which is to be carried out directly after accidents or disasters, brings disaster relief action to a successful conclusion. It is not till the execution of it that we can expect perfection of relief action. It goes without saying that the Branch must take care of and give assistance to returenees in close connection with the Head Office and adjacent branches. Further, the Branch must expect the most satisfactory action of the Department of Members of the Committee and Chapters and contribute to stabilize sufferers' living in close connection with government and public offices, interested bodies, Welfare workers andothers.

4. Prevention of Epidemics

The Branch shall plan and carry out to despatch epidemic prevention corps in connection with the Prefectural Government.

IV Expenses Required for Relief Work

The expenses needed for relief work shall be, as a rule, defrayed by relief funds raised by subscription by the Branch and the budget of the

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Branch. But concerning the expenses that must be paid from the National Treasury, the President of the Branch must demand to pay the sum out of the prefectural expenses by going through prescribed formalities. in each case.

V Number of Relief Corps

Though the number of relief corps to be despatched to the scene of disasters varies according to disasters divided into three classes, the number of the standing relief corps shall be always as follows:

1. The Branch
   4 corps: 1 corps consist s of a doctor, a clerk and 5 nurses--seven in all.

2. The Prefectural Medical Association
   5 corps : 1corps consists of a doctor, a clerk and 5 nurses--seven in all.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

DISASTER RELIEF PLAN OF DEPARTMENT OF MEMBERS OF THE COMMITTEE AND CHAPETS

Matters Concerning Disaster Relief Action

I. Practical application of the Disaster Relief Committee

II. Matters concerning medical treatment and midwives' work

1. Formation of medical treatment corps on the spot
2. Establishment of first-aid stations on the spot

III Matters concerning damage investigations
The investigation into the damage caused by disasters is indispensable to relief plans. It is necessary to choose beforehand full-time members of public service groups for investigations and in case of emergency to make them give correct reports as soon as possible.

IV Matters Concerning Labor Service
The labor service in which the public service groups of Japan Red Cross Society take a leading part is namely finding places of shelter for the sufferers, giving boiled rice to them and distribution of commodities to them by agreement with the Government. It is necessary to form these public service groups and guide members of groups and at the same time to make perfect arrangements beforehand in order to deal with disasters in close connection with interested bodies including other private public service groups.

V Matters Concerning Formation of Relief Corps
(Medical Treatment Corps on the spot)
Over 2 corps
1 corp consists of a doctor, 2 nurses, namely, 3 in all

Plan for Pact on Disaster Relief (The pact has already been concluded with the Prefectural Medical Association)
In order to adopt a prudential policy for medical treatment and relief to the sufferers in emergency disasters, the President of Kochi Branch of Japan Red Cross Sociey (to be called simply the Presient of the Branch) shall conclude the following pact with the Head of Kochi Prefectural Medical Association (to be called simply the Head of the Association) with the approval of Kochi Prefectural Disaster Relief Counter-measure Conference.

1. In accordance with the provision of Article 22 of the Disaster Relief Law, the Kochi Prefectural Medical Association (to be called simply the Medical Association) shall work together for medical treatment, midwives' work and preparations for them carried out by the Kochi Branch of Japan Red CrossSociety

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

(to be called simply the Branch) which the Governor of Koch Prefecture entrust to the Branch.

2. According to disaster relief plans of the Branch, the Department of members of the Committee or Chapters, the Medical Association shall expect perfection of medical treatment and relief to the sufferers by giving assistance to medical treatment corps on thespot formed in the districts of towns and villages.

3. In order to accomplish the purpose provided by No.1 the Branch can express its opinion to the Medical Association about the organization of relief corps. The Medical Association shall have a high regard for its opinion.

4. The Medical Association shall make 2 copies of lists of members of relief corps and present a copy of them to the Branch.

5. When tere are changes in members of relief corps of the Medical Association, the Medical Association must complete the number without delay,

6. In case of emergency disasters, the Medical Association shall offer relief corps belonging to it and stocks of medical treatment materials when demanded by the Branch.

7. In the preceding number, the relief corps of the Medical Association shall belong to the Branch and be under its command.

8. In co-operation with the Medical Association, the Branch can take roll-calls of men of relief corps of the Medical Association and train them.

9. When the relief corps of the Medical Association go into action according to the provisions of No. 6, the president of the Branch shall pay daily allowance equivalent to the amount prescribedin Kochi Prefecture to all members of corps according to the following standard in order to pay for actual expenses in accordance with the provisions of Clause 5 of Article 24 of the Disaster Relief Law.

Doctors: the second grade official
Clerks and nurses: the amount equivalent to the 3rd grade official.

10. When members of the relief corps of the Medical Association who engaged in medical treatment and relief action were wounded, taken ill or died from it, the President of the Branch shall pay allowances in aid for them in accordance with the provisions of Article 13 and Article 14 of the Ordinance concerning the enforcement of the Disaster Relief Law.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

11. Concerning medical treatment materials offered by the Medical Association according to the provisions of Nol 6, the President of the Branch shall make good and give back them with the article or pay the expense equivalent to that prescribed in Kochi Prefecture as the expense paid for medical treatment in disaster relief action.

12. In case of the change of this pact, the President of the Branch shall obtain the approval of the Kochi Prefectural Disaster Counter-measure Conference after consultation with the Head of the Association

13. This pact remains in force for one year from the day when the pact was concluded. But the President of the Branch can increase the term after consultation with the Head of the Association.

For the planning of rescue work, the investigation of the damage is the necessity,

2 Matters concerning medical treatment and child-birth

Relief activity of medical and maternal help is intrusted to R.C.S by the chapter ≡ ND 32 of the Disaster Relief law, as

医療並ニ助産ニ関スル救助活動ハ、災害救助法第三十二條ニヨッテ、本社ヨリ委託サレタモノデアルカラ、之ガ完全ナル實施ハ、本社ノ重イ責任ニ属スル事ニナルノデ、支部救護班ノ整備ハ勿論、委員部、分区ニ於ケル現地医療班ノ結成ヲ急速ニ實施セラレタイ

4. Matters concerning the agencies of the disaster relief activities

We cancelled old instructions and allow new ones which are attached to this file, when we operate disaster relief program

災害救助活動機関ニ関スル事項

災害救助ニ當ッテノ本部並ニ支部ノ活動ハ、既報ニヨルモノヲ廃シ別表ノ機構ヲ以ッテ之ヲ行フコトトスル

此ノ場合、諮問機関タル災害救助委員會ノ活用ヲ図ラレタイ　委員部並ニ分区ニ於テハ、災害救助委員會ガ責任ヲ以ッテ、之ヲ行フコトニナルノデ、可及的速ヤカニ整備ヲ計ラレタイ　委員會ノ會則ハ

支部の災害救助計画書の附錄ニ（十七頁）参照のこと

被害調査ニ関スル事項

災害ノ被害調査ハ、救助計画樹立ニ必要不可缺ノモノデアルカラ、調査ニ専任スル奉仕團員ヲ定メテオキ、一朝有事ノ際ハ迅速的確ニ正確ナル報告ヲ提出セラレル様、指導セラレタイ

尚報告内容ハ左記ノ通リデアル

At the time of disaster we want you to stimulate the activity of the disaster relief committee because it is the advisory agency.

In the area of committee section and chapters, all the responsibilities will be taken by the Disaster Relief Committee as soon as possible. The regulations of the Committee you will find in the book named Book of the plan of Disaster Relief.

Not only the relief groups but also the medical treatment group at the bottom.

As a organization that give good qualified persons and take the number of reports you will find on the opposite page.

the full operation of the help rests on our shoulders. So we want you to arrange fully

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Protocol about the contribution from an in-patient in Kochi Japan Red Cross Hospital

1. Date of investigation

10 a.m. on June 9, 1948

2. Persons interested in the investigation

Surgery Section Chief of Kochi Japan Red Cross Hospital — Yoshiaki Ooka

Medical Compound Section Chief — Kiyonao Kawasaki

Superintendent of the Public Welfare Section of Kochi Prefectural Government — Shosuke Machida

3. Investigated matters

(1) Purpose and ground concerning the welfare institute

The employes of Kochi Japan Red Cross raise the sentiment of them in conformity to the original mission of the institution; plan the smooth management of this business as cultural citizens and aim at the reconstruction of Japan.

This public welfare businesses are planned by the General Affairs Section, Welfare Section and Culture Section of the society of the employes of Kochi Japan Red Cross Hospital. And they are carried out

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

after gaining the criticism and approval of patients verbally or through documents. They do not neglect the original mission and they are not self-righteous proposals.

Especially concerning the sentiment education (of nurses) they have the same sense of responsibility as that of their parents and endeavour to enlighten their faculty in order to enable them socially advance in compliance with the latest social conditions.

(2) System of Kochi Japan Red Cross Hospital

a. Director of Hospital — Zenzo Kasai
Vice-director / (Obstetrics and gynaecology section chief)

Surgery section — Chief / Physician /
Internal treatment section — Chief / Vice-chief /
Otorhinology section — Chief / Physician /
Ophthalmology section — Chief /
Medical compound section — Chief / physician / Superintendent / Servant /

Other physicians 4 (Out of them / serves at the Medical Treatment Institute at Harami, Kochi city)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Clerk-chief 1

Superintendents 5

Nurses 43 (Out of them 2 returned home and recuperating themselves and 1 entered in hospital and recuperating herself).

Apprentice-nurses 12 (Out of them 1 entered hospital and recuperating herself).

b. Employes Union of Kochi Japan Red Cross Hospital

Union chief — Superintendent Tomizo Yamada

Vice-chief — " Masao Kanzaki

Union members — All employes excluding section chiefs

c. Employes Society

Welfare Division
Culture Division
General Affairs Division } All employes

3. Items planned by the Welfare and the Culture Divisions

Items	Interested staffs	Time	Place
a. Ping-pong	All employes	Spare times without the service time	Memorial hall
b. Base-ball	Male officials	Ditto	Outside the hospital
c. Ballet	All employes	Ditto	Ground of the hospital

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

d. Dance

Personal interested of the union members
At spare time without the service time
From 7 p.m. to 9 p.m. Once a week on Monday
At Auditorium

It was done from April, 1947 to the early part of May, 1948. At present it is suspended.

Suspension reason

Considering the patients' condition the hospital authorities suspended it.

4. Influences over patients

The dancing place (auditorium) is distant from every sick-room by more than 30 meters and we do not think that it would affect the disease condition of the patients viewed from the extent of the building. And as the slight patients in surgery and other comparatively slight patients are quartered in the adjoining sickrooms it would not affect bad influences. In December, 1947 aiming at betterment of the service conditions of the employes a registered public opinion investigation concerning the measure of this hospital was made. Among this investigation of the in-patients, especially that about dancing was as follows.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Favourable answers About 50 %

Following to the intention of the hospital authorities About 50 %

Among these one expressed that it might influence the serious patients.

5. Concerning transference of the patients quartered in the memorial hall

As the first, the second and the third infirmaries were damaged by the South Sea earthquake they were repairing them. After their completion they transferred the patients, who were quartered in the memorial hall, to the original sick-rooms. As it was inconvenient for the hospital authorities and the patients to quarter them in the poorly equipped memorial hall they transferred them to the original rooms.

6. Survival of the militaristic ideas

The militaristic policy was a bitter experience for us. We rather oppose to this policy. The call of the superiors as "sir so and so" is only a habitual calling and never has a militaristic spiritual content.

Concerning this matter we are earnestly guiding them to correct it.

7. Welfare of patients

When we hold anniversaries and other entertainments or performances we intend to guide patients mentally to give them spiritual comforts together

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

with the medical treatment by way of consulting not only with the employes but also with them.

However, this problem is economically difficult and is slight at present. We are now considering about the future method.

8. Conclusion

a. The duty of physicians and hospitals is to perfectly treat and protect patients. Especially for the patients we are careful about words and behaviors not to let them conceive doubts. In the future, we intend to be faithful to our fundamental duty by way of consulting with the employes and after considering the intension of the patients.

b. Opinion of prefectural authorities

At present when the human souls are unstable caused by the social conditions the mission de Japan Red Cross Society bears is of importance. And in this situation it is the time to display the fundamental mission of them, which is different from that of general hospitals, we think. The hospital should adopt the safest and wisest measure for the treatment of sound mind and body by way of being closely connected with patients and should endeavour to better the business result.

Concerning this case we do not recognize especially blamable respects

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

about the measures adopted by the hospital authorities and judge that it is an individual sentimental expression of the contributor. However, taking consideration of this fact we should study it in the future.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Date of translation June 3 Translated by J. Kubota

To: Mr. Commanding Officer of Kochi MGT

From: An In-patient in the Japan Red Cross Hospital

May 30, 1948

I am a patient regulated by the Living Protection Law and now an in-patient in the Japan Red Cross Hospital. We hereby entreat your resolute step concerning following matter.

At present in this Japan Red Cross Hospital the President and other physicians commenced dancing at the auditorium of the main hall since around summer of last year. It has an appearance of a dance hall; it is a fact about which anyone knows. If they should dance at public dance halls it would be out of question; physicians, who have duty to heal the diseases of all the people, dance fermentably every evening in the lesson-chambers for the nurses. And at times we see it even at daytime. Especially regardless the serious power crisis around January, February and March this year it had an appearance of a nightless city and they behaved disgracefully. We do not like to hear the sound of jazz. We want to hear a tender comfort words.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Consequently we petitioned to the President for suspension of dancing. A physician questioned us the pros and cons of (the) dancing to vote by registered ballots. If it should be unregistered voting it would not so bad; how we could oppose to it when it is registered voting! As we patients wait with longing the day when we recover our old health by way of trusting our whole bodies to them how we could oppose to it! It was of course impossible. With this result they regarded that all of us favoured the dancing and the President and his wife took the lead of it, far from controlling.

And the memorial hall built on the eastern side of the second infirmary was originally auditorium and we protected patients were quartered in it. Under the pretext that it is fully used for dance hall they drove us patients out on a rainy day and such miserably treated us that in a single room we were quartered by two together. We were indignant considering that so far as we should have money we should not be treated so miserably.

And on May 1 as it was the memorial day of the Japan Red Cross, it is said, we heard singing of a musical organization at daytime. At evening they held a grand dance party under the support of that musical organization in that auditorium. It was amusements of them by way of making a footstool of us, bad deeds and unproper behaviour

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

"covered under a good name. And though the memorial hall is not yet transferred to a dance hall it will be so in near future. At present pingpong tables were installed and it became a recreation chamber. The hospital does not belong to them only. It is not lawful that they should treat us unproperly. And Japanese especially suffer from tuberculosis. And in the present social condition is it not the mission of the Japan Red Cross Hospital to quarter as poor people as many as possible, even one person more? After exercising such an immoral deed could they be called as the Red Cross Hospital, which professes the spirit of philanthropy, and be said to be qualified to keep pace with the International Red Cross Organizations? The other day when the officers of the Allied Forces inspected the Hospital they said that it was very dirty on the corridars, it is said. If they had time to dance why should they arrange it that the building should become more clean? And it is their duty to raise the Japanese backward medical science even a little, we think. They do not care for matters about the hospital and give themselves up to dance only.

When present President was the Vice-president of the Hospital he spoke tenderly to us. When he became the President last year we anticipated that the Hospital would become more comfortable. But

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

the result was contrary to our expectation. As soon as he became the President he removed the mask of hypocrisy and took the lead of dancing, neglecting us, in the hospital. Other physicians too followed to his example to behave disgracefully as widely known. They do not take into consideration our actual opinion; only pursuit their own enjoyment. And yet they do so in the solemn lesson-rooms for the nurses. And a physician said that dancing was one of the important lessons of education, it is said. It may be right. But even if the nurses should become skilled in dancing like occupational dancers, after devoting themselves to dancing after giving up their fundamental study, what are they use of! Please take this into your consideration.

We wonder the cause of the fact that although they behave self-willed for their own purpose as above mentioned the Kochi MGT, who guide them to build democratic Japan, wherein the true freedom is loved and the personality is respected, and to participate in the International Red Cross, should overlook this. The Kochi Branch of Japan Red Cross and the Governor are like robats and nominal existence; they never supervise them. Is propagating the mission of the Red Cross and collecting the contributions only the duty of the Branch and do they not matter us patients? Are these deeds true liberty?

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Like the former militarists did under the pretext of "for the peace of Orient" they execute bad deeds under the pretext of the name of liberty. This fact is clear viewed from the organization of the Branch; the nurses call the physicians "sir so and so" as did in the former militarism era and the Hospital is surely a hotbed of militarists. You Kochi MGT watch the regular soldiers, but should watch them (also) in service of the reserve. They are militaristic than the regular soldiers and are its incarnation. And its true example is seen at this Red Cross Hospital. Among the physicians including the President are many soldiers in service of the reserve involved. Why do you Kochi MGT, who are located closely near by this hotbed of the militalists, not control them?

We are injured both physically and mentally after a long period of fight against disease and want to rest. However, the President and other physicians, the militarists and psedoliberals, do not esteem our personality; drone out us on a rainy day; quartered us in a sigle room by two and danced selfishly. As I am a patient, if I should mention my name, I must feel awkward when I am treated by physician from even tomorrow. Therefore you would forgive my anonymity. Other patients could not express their anger

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

caused by above mentioned grounds. We hereby report to you about the confusion of the President and others with summoning up my courage.

Dear Commanding Officer of Kochi MGT, who is rich in the spirit of liberty, equality and fraternity! Please listen to our sad cry. We hereby entreat you for your resolute step to change the Hospital into a truely pleasant place for us.

FILE

From: Kochi Red Cross Society Chapter

Subject: Monthly Report of the Activities in Feb. 49

1. The Setting of the Amount of business funds for the fiscal years (1948).

By the drive:

Estimated amount ~~for~~ altogether	¥3.000.000
For the Red Cross Society	4.300.000
For the C.C.C.	8.700.000

The actual amount collected ¥1.654.295-
(Cash kept by the committee ¥10.000.000)

By the decision made by the reconsultation at the distributing committee meeting and general committee meeting on 14th/Feb. reflecting two other prefectural procedures, (Tokyo and Osaka changed the parity of distribution recently, they say.) Kochi Red Cross Society Chapter was ask to accept the revision that is to say, 2.500.000 only. The chapter finally ~~forced~~ forced to accept the altered amount despite the urgent necessity of large amount of funds for the rehabilitation business.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

2. Red Cross Service Corps: CD

New organizations & 4 corps
totality 68

△ Activity of Kochi City Service Corps.

Vocational trainning (of knitting) course for the war-widow and the needy women was held on 2, 19, and 24 Feb. at the Red Cross Building and hereafter every Thursday it will be held. Attendance about 40.

3. Campaign for the collection of (students to be) nurses.

Next April, the chapter school will get 15 students to be trained as nurses, and we are giving propaganda (and informations) thsough out the prefecture at girls' High Schools to the senior girls.

SPEECH
KOCHI AND YAMADA,
FEB. 1949

00

FILE

RED CROSS VOLUNTEER SERVICES

Mr. Kadowaki has asked me to say a few words to you this morning on Volunteer Service activities of the American Red Cross. In preparing material for my speech, I was quite surprised by the amazing similarity of such programs in Japan to those in the United States. It is obvious that the patterns in both countries have been adapted from the same sources, and for the same purposes, that is, to promote the public health and welfare of your local community, to meet the needs of all the people. I have reviewed the contents of Japanese National Red Cross Handbook, which was sent to all chapters last year by Mr. Tadatsugu Shimazu, PRESIDENT, from your Tokyo Headquarters. I can only urge you to abide closely to that handbook and you will be accomplishing the purposes of volunteer services. Typical of the volunteer work in my country, and which can be adapted to yours, are the following specific projects.

First is the necessity of aiding in the maintenance of a Red Cross Chapter Office. This organization is set up with very few paid officials, and depends upon the voluntary work of its members. In America a clerical group is set up, to function from time to time as needed, especially during periods of drives for funds, or at those receiving occasions when a vast amount of printed material must be distributed to the members or to the public, with the terrific amount of office work involved; this work could not justify the payment of paid office workers, without diverting much needed funds from more urgent programs and needs.

Childrens Institutions are always understaffed and in need of help. There is no end to the programs which assist them. Among them, I recall one chapter from which the ladies spent one afternoon each week mending the clothes of ~~at~~ an orphanage.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

A group in another city made all the dresses necessary for another orphanage. A third chapter made new toys and repaired old ones for distribution to another orphanage on holidays. Day nurseries are constantly in need of help, as are childrens play-grounds. In my city, a playground was started and operated on a vacant lot in the neighborhood, on which the ~~owner~~ OWNER did not intend to build for many years. The volunteer workers obtained permission to clear it of its accumulated rubbish, installed swings, slides, and other play equipment, and the ladies each took their turn in providing supervision for the activities of the neighborhood children, thus undoubtedly contributing also to delinquency prevention. Hospitals always need volunteer help. Our nurses are highly trained in medical knowledge, useful in aiding our doctors in treating the patients. Maintenance and clerical work of a hospital should not take the time of nurses whose skills could be better used, so these fields are frequently offered the part-time services of volunteer workers. Our hospitals also avail themselves of the volunteer service workers in setting up recreation programs for the convalescent patients, such programs extending from reading to patients, and writing letters for those whose incapacities prevent writing, all the way to planned motion picture or stage entertainments on a regular schedule.

Blind Institutions also receive the benefit of the volunteer service workers. Some have been trained in basket-weaving, for instance, thus helping the blind person to become at least partially self supporting and thereby regaining his self - confidence and self-respect. Others utilize volunteers to transcribe current books and periodicals with Braille equipment. In no Blind Institution have I ever seen a surplus of Brialle reading material, yet I have seen impressive amounts of contributions to this program by volunteer workers. Ability to set up emergency community kitchens and

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

canteens in event of disaster is another phase of usefulness for which our chapter volunteer groups are frequently prepared.

These points I have mentioned are by no means ~~are~~ the limitations on such useful programs. I recognize the fact that such things as material shortages and inexperience may for a time limit your participation in such programs, but I believe your only real limitation is the almost unlimited needs of your community, and I am confident of your resourcefulness in meeting those needs. I wish you the best of luck.

THE END

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

KOCHI RED CROSS, PART IN PREF. DISASTER COAN UNDER LAW 16 Feb. 49

FILE

Draft of Contract Consigning the Prefectural Business of Medical Care and Maternity Help Ordained by the Disaster Relief Law to the Kochi Red Cross Society Chapter.

No. 1 Under the Provision of Disaster Relief Law No. 32, Prefectural Business of Medical Care and Maternity Help at the time of Disaster will be handed over to the Kochi Red Cross Society Chapter to operate.

No. 2 The Area affected by the activity of Kochi Red Cross Society Chapter shall be the same area where prefectural Disaster Relief business will be observed by the law. (Victims more than 50 families)

No. 3

1. Medical care;

   a. Medical Inspection
   b. Supply of Medicine and Materials
   c. Treatment, operation and other care
   d. Nursing (limit: within 14 days)

2. Maternity Help;

   a. Help of Child-birth
   b. Treatment before and after the birth
   c. Nursing (limit: up to the full recovery of the mothers who delivered within a week after the occurance of disaster)

No. 4. The trusted medical and maternity business of the Chapter from the Prefecture, shall be operated chiefly by the Relief Bands formulated by the Chapter.

No. 5 The Relief Bands shall be organized more than fine and be ready to meet any emergency case. Concerving the specific activity of the Bands, cousultation between the Chapter and Ken is required at the time of every disaster.

No. 6 The expenditure of the trusted business: (personal expenditure, medical fee, equipment expenses). Deduct the contribuiton and income for the purpose, and the balance, if any, will be paid out from the Prefecture. However, no expenditure under the Prefecture.

No. 7 Among those payments borne by the Prefecture by the preceding chapter, the payment of personal expenditure shall be done only when the governor's acknowledgement are given beofehand.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

No. 8 The extra-payments of the medical care and maternity help owing to the negligence of the provision No. 3, shall be borne by the Chapter. However, according to the circumstances, after the consultation between Ken and Chapter, the payment can be borne by the Prefecture.

No. 9 After handing over the business to the Chapter, however, the Ken, too, if necessary, can effect medical care and maternity help to the victims.

No. 10 During the Operation of the trusted business, Prefecture should help the Chapter to progress the program.

No. 11 Besides these provisions, if necessary, new ones will be attached by the negotiation between Ken and Chapter.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Coordination of Red Cross & Pref. on Disaster Relief. 16 Feb. 1949.
