VICTORIA, B. C., THURSDAY, NOVEMBER 26, 1903.

NO. 21.

Only 1 Week

Left in which to select the Xmas gifts you wish to send abroad in order for them to reach their destination in time.

Present arriving late is only half appreciated! Let us assist you in getting there in time.

No trouble to find suitable gifts here.

Nugget Jewelry, or Souvenir Goods of Victoria or British Columbia are sure to be appreciated.

This store will remain open evenings.

CHALLONER & MITCHELL

THE LEGISLATURE BEGINS BUSINESS

HIS HONOR READS SPEECH FROM THRONE

Brilliant Spectacle at the Opening of the First Session of the Tenth Parliament.

This afternoon the first session of the tenth parliament of British Columbia was opened in the presence of crowded galleries and a large gathering of invited guests, who were assigned seats on the floor of the House.

His Honor Sir Henri Joly de Lotbiniere was in attendance and read the speech from the throne, surrounded by an escort composed of naval and military officers and attended by his aids-de-camp, Capt. R. T. Drake, and his private secretary, R. B. Powell.

The opening ceremony was attended with all the brilliancy which usually characterizes the event. Being the opening session of a new parliament, when many new faces are included among the members, considerable curiosity was aroused, in the part of the visitors in identifying the strangers among the representatives. Of the forty-two who will be present, twenty-two of them were not in the last House.

The fact that this was the first parliament in British Columbia in which the dividing line between the opposing sides was made that of allegiance to the old parties as they exist in Federal politics, also added to the interest. The country is looking to the adoption of a party government to insure a measure above than the opportunity of effecting more settled conditions in affairs.

All the members were present with the exception of Price Ellison, the familiar representative of the Okanagan, and W. C. Wells, former chief commissioner of lands and works, who is also a very well known figure in this city. The arrangement of the seats was as follows:

Front row, government side, from Speaker's chair: Hon. R. G. Tatlow; Hon. Premier McBride; Hon. Chas. Wilson; K. C. F. Carter; Cotton, C. E. Pooley, John H. King; C. W. Clifford, W. J. Bowser, G. A. Fraser, W. R. Ross, W. Davidson.

Rear row, government side: Hon. R. F. Green, Hon. F. J. Fulton, J. F. Garden, Thos. Thayor, H. Wright, Dr. H. Young, Thos. Gifford, A. H. B. MacGowan, L. W. Shatford, Robt. Grant, Arch. McDonald.

Front row, opposition side, from Speaker's chair: Staaff. Henderson, Jas. A. Macdonald, John Oliver, T. W. Paterson, W. C. Wells, Chas. Munro, J. R. Brown, Dr. J. H. King, H. H. Haythornthwaite, P. Williams.

Rear row, opposition side: W. W. McLean, R. L. Drury, Richard Hall, W. G. Cameron, J. B. McNeven, J. Murphy, H. Jones, J. N. Evans, Helby Thompson.

The speech from the throne, as read by His Honor, outlining the business of the session, was as follows:

Mr. Speaker and Gentlemen of the Legislative Assembly:

I have much pleasure in welcoming you to the first session of the tenth parliament of British Columbia.

Our financial affairs demand most earnest consideration on your part, and I appeal, with hope, to your patriotism and to your love for the province whose future destiny, under Providence, are in your hands. There is no reason why British Columbia, with its great natural resources, should not occupy in the Treasury of Canada a position of which we may all be justly proud.

You have, therefore, been convened thus early in order that my finance minister may be enabled to make such fiscal arrangements as may be necessary.

Having in view the immediate requirements of the country and the unfavorable conditions for obtaining a further loan in the London market, you will be asked to authorize the issuance of treasury bills, therefore, include a new Assessment Act, and amendments to the Land Act, the Railway Assessment Act and the School Act.

As part of the plan of financial reconstruction, substantial economies in the civil service have already been effected and material reductions in the expenditure on public work brought about. These will be continued, consistent with a due regard to the requirements of the province.

My government has already taken up the proposed readjustment of the financial relations between the provinces, and has endeavored to meet ordinary expenditures, but to provide for the redemption of warrants. The legislation proposed will, therefore, include a new Assessment Act, and amendments to the Land Act, the Railway Assessment Act and the School Act.

As part of the plan of financial reconstruction, substantial economies in the civil service have already been effected and material reductions in the expenditure on public work brought about. These will be continued, consistent with a due regard to the requirements of the province.

As a result of the recent decision in the Alaska boundary enquiry, a strong feeling exists in favor of an all-Canadian route into the Yukon and Northern British Columbia, and my government will co-operate in any reasonable efforts which may be made to bring about the construction of such a railway.

I am pleased to note the probability

the construction, at an early date, not only of another Canadian transcontinental system having 38 terminals on the Pacific Ocean, but also of other important lines within the province.

It will be pleasant to know that the British Columbia Immigration Act passed last session has been successful in excluding undesirable immigrants.

I now leave you to your deliberations, trusting that they may receive the divine blessing and result in much benefit to the province.

Shortly after the House assembled, His Honor the Lieutenant Governor and staff entered.

The Premier intimated that before proceeding further a Speaker would have to be appointed.

His Honor thereupon retired, and on motion of Messrs. Cotton and Munro Mr. Pooley was elected to Speakership. He acknowledged the honor in fitting terms, after which His Honor re-entered and delivered the speech from the throne.

Whitman, Wash., Nov. 26.—"Farmer" Burns, champion middle-weight catch-as-can-wrestler of the world, last night three John Berg, "Pacific Northwest champion, three times within an hour.

ALD. G. H. BARNARD TO STAND FOR MAYORALTY

He Has Announced His Candidature—Mayor McCandless Will Retire for Business Reasons.

Ald. G. H. Barnard left for Quesnel this morning, and will return on Saturday of next week. There will be no important meetings of the cabinet. There are a number of appointments to be made and other business of importance to the country to be transacted.

GUSSING DATES OF THE ELECTIONS

NOTHING DEFINITE HAS YET BEEN DECIDED

Hon. C. Fitzpatrick Will Represent Dominion When Prince Edward Island Appeal Is Heard.

(Special to the Times)

Ottawa, Nov. 26.—La Patrie, of Montreal, named January 21st as the date for the next general elections, and La Presse says that they will take place on January 28th, a week later. Your correspondent would like to get one better and take February 4th, who have to have an opportunity to review this about January 1st. So far the question of a general election has not been discussed at the cabinet, but that does not necessarily mean anything. The Premier is no doubt gauging outside opinion on the subject, and will later on confer with his colleagues. There is a growing feeling in favor of a contest. Sir Wilfrid Laurier left for Quebec this morning, and will return on Saturday of next week. There will be no important meetings of the cabinet. There are a number of appointments to be made and other business of importance to the country to be transacted.

(Special to the Times)

Hon. C. Fitzpatrick, minister of justice, leaves for England shortly in connection with the case of Prince Edward Island against the Dominion regarding the reduction of the representation of that province in the House of Commons. The bill reduced the representation from five to four. The province held that there should be no decrease, and contend that it was entitled to six, the same as at confederation. The case was submitted to the Supreme court, which held that the redistribution bill making the reduction was unconstitutional. An appeal was taken to the judicial committee of the Privy Council, and Hon. Mr. Fitzpatrick goes to appear on behalf of the Dominion.

(Commercial Age)

Alexander McLennan, of Ottawa, has been appointed commercial agent for Canada to Japan. Mr. McLennan is best known as the sales manager of the firm of McLennan & Reiger, who published the Ottawa Times in the early 70's, and afterwards became contractors for parliamentary and departmental printing. Later on they left for a short time at the head of the Montreal Herald. Mr. McLennan is an able writer and has a thorough knowledge of the trade of the Dominion. He will make a good business representative.

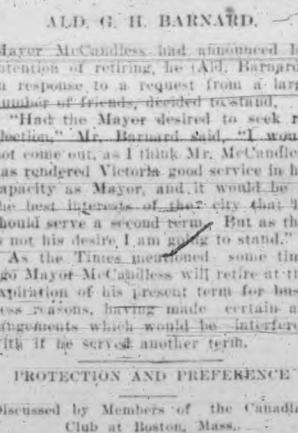

HAD GOOD TIME

Isaac Wolfe Entertained Five Thousand Chicago Newsboys to Dinner.

(Associated Press)

Chicago, Nov. 26.—Seventy-eight of Isaac Wolfe's employees took care of 5,000 newsboys last night and fed many youths as they were never fed before. Each year has increased the number of boys at the Thanksgiving dinner given by Mr. Wolfe, and this season for the twenty-first feast, the First Regiment army was engaged. It was here that 5,000 visitors had almost as much pleasure as the boys, while again and again the long tables were filled and emptied. When the newsboys plates were emptied they were filled again, and when they had eaten all they could, their pockets were filled with fruit. At the door they were welcomed, and when they were through they were told if they could eat any more they could come in again. The boys were served in twenty long tables, seating 1,000 persons. Mr. Wolfe gives the annual dinner in memory of his own household life as a newsboy in London and, in observance of a vow he made at that time. The last dinner cost \$6,000, and the supplies included 520 turkeys, large bunches of bananas, and wagon loads of baked goods.

(PROTECTION AND PREFERENCE)

ALD. G. H. BARNARD.

PERCUSION CAPS EXPLODED.

One Boy Fatally and Another Seriously Injured.

(Associated Press)

BOSTON, Mass., Nov. 26.—The Chamberlain plan of protection and preferential tariffs and how it may affect Canada and the United States was the subject of discussion last night at the annual meeting and banquet of the Canadian Club at the Hotel Vendome. The dining hall was appropriately decorated with Canadian and United States flags.

John A. Cooper, of Toronto, the first speaker, gave a historical review of the relations of the Imperial government with Canada and the bearing on trade policies. He said the Canadians had no desire to break away from their relations to the crown, but wished to end their subjection to the British cabinet. Mr. Cooper stated that the colonies' want representation in the Imperial parliament or in an Imperial council.

E. N. Ross, of Boston, declared that any statement of Imperial federation which excluded the United States can only have limited success.

W. E. Cockshut, of Bradford, Ont., said that instead of reciprocity with Canada it would be better to wait until Mr. Chamberlain's policy was adopted and formulate a reciprocity treaty with the British Empire.

The last speaker was Prof. S. Usherwood, of Harvard, who spoke against the policy of retaliation. He said the loss of Canada to Great Britain would mean its absorption by the United States. He said Mr. Chamberlain's policy would never find the support in Canada that it has already found in South Africa, Australia and New Zealand.

The bank's advantage at Monte Carlo over the player is less than 2 per cent, and it wins about \$6,250,000 per annum.

MUST PAY INCOME TAX.

Railway Employees Are Liable on Wages Exceeding \$1,000.

(Special to the Times)

LONDON, Nov. 26.—The judicial committee of the Privy Council in the case of the Attorney-General of British Columbia vs. Ostrem, have allowed the appeal. The order of the Full court was discharged and the question submitted to the Full court was answered in accordance with the opinion of Mr. Justice Irving. Their Lordships made no order re costs.

SUGGEST INQUIRY INTO TAXATION

MINING EXECUTIVE PASS RESOLUTION

Valuable Lands Which Contribute Little to Revenue Should Bear Part of Burden.

(Special to the Times)

Kamloops, Nov. 25.—The executive committee of the Provincial Mining Association was in session here yesterday and to-day. John Keen of Kaslo, president of the association, occupied the chair, and those present were Vice President John B. Hobson, of the Consolidated Cariboo Hydrants Company, Bullock, H. Mortimer Lamb, Victoria, secretary-treasurer; A. C. Galt and E. B. Kirby, Rossland; Wm. Breckinridge, Revelstoke; A. E. Hawse, Princeton, and A. McNease, of Victoria, secretary to the president.

President Keen read his report giving a synopsis of the work done by the executive since the Rossland meeting.

A. G. Galt, of Rossland, said they were there to do business and not to pass comment, but he could not let the session pass without first expressing his very great appreciation of the executive amount of labor the president had devoted to the interests of the association during the past year. The political turbulencies which the country had been thrown had prevented their recommendations being passed upon by the legislature. Some of the officers had been unable to perform their duties and their retirement had followed. The membership was not as flourishing as it could be. The president had practically shouldered all the work single-handed, and he appreciated having such a man at the head. He moved that the executives express their very great sense of gratitude for the gratuitous services rendered by the president and his efforts to widen the mining laws of the province.

Precious number of burglaries had been committed at Gold Hope, and these guilty knew that the Indians were the guilty party.

PROVINCIAL MINING ASSOCIATION.

Resolution Passed Calling for Change in Provincial Department of Mines.

(Special to the Times)

Kamloops, B. C., Nov. 26.—The executive committee of the Provincial Mining Association to-day passed the following resolution:

Moved by Mr. Hawse, seconded by Mr. Hobson, others, there has long been an increasing dissatisfaction with the relation of the provincial bureau of mines to the mining industry, the complaints most prevalent being to the effect that the conditions and resources of various districts have not been fairly or properly presented, and that all efforts made hitherto by mining men towards the betterment of mining conditions have met with opposition instead of assistance from this office, and that moreover, it is complained that the work of the bureau has apparently been restricted to the collection of statistics, while the industry has not received that assistance in the way of expert scientific study and reports on mineral districts which was expected from the office, and which was the main object of its creation as set out in section 7 of the Bureau of Mines Act, 1897.

Several amendments to the motion were proposed for consideration at the convention.

The banquet last night was well-attended.

To-day the greatest interest centred in a resolution moved by Mr. Keen, seconded by Mr. Hawse, providing relief of taxation on mines by instituting graduated taxation on land as in New Zealand. After a lengthy discussion an amendment proposed by Mr. Hobson and seconded by Mr. Hill was adopted. The resolution then carried unanimously, as follows:

"In view of the embarrassed state of the finances of the province, and the objections which have been raised upon this ground towards measures for the relief of the mining industry, and the fact that all demands for such relief during the past two years have been met by a counter demand on the part of the government then in power for a substitute whereby the revenues of the province would not suffer loss."

"Be it therefore resolved, that in the opinion of this association no change should be effected in the constitution and conduct of the said bureau, carried unanimously."

BOLIVAR'S ACTION.

Has Closed All Ports of State to "Rebel" Department of Panama."

(Associated Press)

CODON, Nov. 26.—The text of the decree closing the ports of the "rebel" department of Bolivar reached here today. It prohibits, until further notice, all traffic or business between the ports in that department and the "rebel" department of Panama, and says:

"In the opinion of this association the natural resources of the province and the industry should bear the burden of taxation. The enormous areas of valuable land now lie under a taxation which is practically indiscriminate and should be made to pay its proper share of the burden and thus relieve industry."

The association, therefore, respectfully recommends to the government the ability of enacting into law adapting the Australian and some other equal and uniform system of taxation on land, including mining lands, that will tried to increase the revenue to the further settlement of the lands of the province and to encourage the development of its great mineral and other resources."

"In view of the vast areas of land held in this province it is believed that the revenues from such a system of taxation will more than meet the annual deficit of the province, and will enable it to materially relieve the mining industry."

The committee will sit again to-morrow.
