

## OTTAWA CONTROLS THE G. T. RAILWAY

### Changes in Prison System of Dominion Are Recommended

#### Committee Appointed By the Minister of Justice Says Reformation Instead of Repression Should Be the Guiding Principle.

Kingston, Ont., May 12.—The report of the committee appointed several months ago by Rt. Hon. C. J. Doherty, Minister of Justice, to inquire into the penitentiary system of Canada and to advise as to the result of its inquiry regarding such amendment of the Penitentiary Act and revision of the penitentiary regulations as in its judgment seemed necessary, was made public to-day.

The committee consisted of O. M. Biggar, K.C., of Ottawa; P. M. Draper, of Ottawa; and W. F. Niekie, K.C., Kingston.

The report recommends several far-reaching amendments of the Penitentiary Act and a complete new body of regulations based upon the committee's recommendation that reformation instead of repression should be the guiding principle of the penal institutions.

Corporal punishment is denounced as unnecessary, although the committee provides for its being inflicted in the opinion of the Minister of Justice on incorrigible convicts in no way to be brought to a realization of his obligations.

#### A Board.

The report proposes that the general direction of penitentiaries should be vested in a penitentiary board, including among its members the superintendent and industrial director, a purchasing agent, a medical officer and a parole officer, and the efficient organization of both the medical and industrial departments.

A large number of prisoners are said by the committee to appear to be mentally defective, and it considers that these should not be subjected to a rigid penitentiary discipline, but be treated as patients.

#### Work.

For the bulk of the prisoners adequate work must be provided, the present idleness in the penitentiaries having in the committee's opinion the most serious consequences.

The report consequently recommends legislation to provide for the manufacturing in the penitentiaries of all goods required for the use of the Dominion of Canada that can be so made. The contract system is disapproved and the industries recommended to be limited to those which will bring convict-made goods into competition in any market with goods made by free labor.

#### Pay.

The committee attaches importance to its proposals for giving convicts some pay for their work, and suggests that one-third of this labor value be divided every quarter among the convicts according to the character of work done by each.

#### Planned Dynasty and a Big War

### Japanese Cult Dragged Into Light of Day

Tokyo, May 12.—Revelations of the work carried on by the "Omotoyoko" cult, which began when the police raided the headquarters of the organization at Ayabe, near here, continue to astound the people of the empire. Newspapers accuse leaders of the cult of aspiring to set up an "Omotoyoko" dynasty, to which all Japanese would flock with the hope of attaining world domination.

Beneath the temple of the organization at Ayabe, connected with the residence of the cult leader, Deguchi, leader of the society, the police declare there were found crypts in which were placed the bodies of those who were slain for betraying the secrets of the organization.

#### Criminals.

It is declared that "unspeakable crimes" were committed against women by members of the cult, who are said to have bordered on fanaticism in their zeal.

Cartloads of alleged seditious literature have been seized, including a famous volume bearing the title "Fire."

It is said the followers of "Omotoyoko" number 300,000.

#### Furiosa.

When the police seized the collection of pebbles representing the deity of the organization, a band of the faithful clinched their fists in fury, declaring the act of the officers to be sacrilegious.

#### Wife Deserters To Be Extradited

Ottawa, May 12.—(Canadian Press)—A copy of the treaty between Great Britain and the United States providing for extradition of men charged with willful desertion or willful non-support of wives or children, from either Canada to the United States or the United States to Canada, was tabled in the House yesterday afternoon by Rt. Hon. C. J. Doherty. The treaty will become effective ten days after publication.

### STUPART DECLARES "RAIN-MAKER'S CLAIM QUITE UNFOUNDED"

Toronto, May 12.—There is absolutely nothing in it, maintains Sir Frederick Stupart, superintendent of the Meteorological Service of Canada, regarding the experiments of Charles Hatfield, the "rain-maker," in which credit and \$1,000 for an inch of rain which has fallen during the past ten days over Medicine Hat and district, where there is ordinarily a drought.

### SWEDEN WANTS ALAND ISLANDS; PROTEST VOICED

Stockholm, May 12.—The entire Swedish press comments with indignation and keen disappointment on the report of the League of Nations, which recommends that the islands remain under Finnish sovereignty. They express the hope that the League of Nations will refuse to adopt the report.

## National Hospital Day Celebrated Here With Institutional Functions

The celebration of National Hospital Day here, in conjunction with hundreds of cities and towns throughout the continent, brings Victoria into line to-day with a practice which has received widespread endorsement from all leaders of public thought. Some 8,000 hospitals will join in making to-day, the hundred and first anniversary of the birth of Florence Nightingale, the pioneer of modern nursing, a suitable opportunity to bring before the public the needs of these essential institutions.

In British Columbia great attention has been given to the public hospitals receiving state recognition during the last twelve months, owing to their financial state, and three or four of the coast hospitals have been in a critical state recently owing to the increasing cost of administration.

#### Campaign For New Building.

In Victoria the advent of National Hospital Day comes at a time when public attention has been directed to a definite effort to commence the new buildings at the Royal Jubilee Hospital, a project which was substantially advanced in 1914. Plans for elaborate buildings were secured from a leading San Francisco architect and they were intended to meet local conditions, which were intervened.

The afternoon found the hospitals of Victoria, all sympathetically eager to view the excellent details of organization which render the care of the sick such a noteworthy feature of Victoria's social service.

#### At Jubilee Hospital.

The Royal Provincial Jubilee Hospital was the scene of a most successful function staged by the Toronto Evening News, which, through the kind offices of Mr. G. D. B. McCallum, was arranged by Mr. D. H. Moore, Miss Winifred Bell and Mrs. Dorothy Dorrell, while Mr. Vernon Smith gave a violin solo. Mrs. Hobday and Mr. Mackenzie will devote their well-known talents to the hospital's service in a cabaret entertainment at the Critchton.

#### Alumni Association.

The Nurses' Alumni Association anticipates a very gratifying response to the enterprise they have in view for this evening, when Mrs. R. H. Pooley, Mrs. D. O'Leary, Rochford, Mr. Hobday and Mr. Mackenzie will devote their well-known talents to the hospital's service in a cabaret entertainment at the Critchton.

#### Arbitration Law in Quebec Proves To Be Failure

Quebec, May 12.—(Canadian Press)—The arbitration board under the recent Municipal Strike and Lockout Act considering the wage dispute between the Quebec Policemen's Union and the City Council may have all its work in vain for it is practically admitted by the lawyers of both parties to the dispute that there is no legal sanction to the law which would bind either party to respect the awards of the board.

## French Await Action By New German Government

Paris, May 12.—The German Government's acceptance of the ultimatum of the Allies is construed by papers here as merely the first step.

The Temps says: "We wait to judge Germany not by her signature but by her acts."

Jacques Bainville, in La Liberté, declares that the signature "is worth very little."

#### The Journal des Débats approves Chancellor Wirth's attitude, but adds: "The Allies must hold strictly to punctual performance of their conditions, and act, that is to say, occupy the Ruhr, immediately when Germany seeks to evade on one pretext or another."

#### Bavaria.

Paris, May 12.—The Bavarian Government will initiate negotiations direct with the French Government regarding the question of civilian guards in that German state, says a Berlin dispatch to The Journal, which adds that this step will be undertaken by Bavaria with the consent of the Federal Government of Germany.

#### Preparations Cease.

Dusseldorf, May 12.—General Dougoutte, commander of the Allied forces on the Rhine, arrived to-day from Mayence and immediately ordered preparations for occupation of the Ruhr region to cease. It was remarked among the military officers, however, that the order said "the occupation of the Ruhr region to cease."

#### Over-valuation of Estate During Boom

Judgment for plaintiff in the sum of \$44,287.50, with interest at six per cent, since May 21, 1916, or \$2,572.25, was handed down to-day in the Supreme Court action of the Crown versus the U. S. Fidelity Company and Lorenzo J. Quagliotti, in a judgment of Mr. Justice Gregory, who heard the case in February of this year. Judgment was reserved after a two days' hearing, with many real estate valuations called in evidence on the value of the property.

#### Recommends Act of Grace.

Mr. Justice Gregory, after stating that there is no provision for a revision of the amount of the duty held payable on this estate, which passed to Mrs. Quagliotti from her first husband, Carlo Bossi, in a judgment of the death of the late Mrs. Quagliotti was over-valuation in the period of the Victoria real estate boom, and that the actual value of the property would have been more nearly set at \$500,000. The property referred to included at that time extensive holdings in Chinatown and a large number of isolated residences, apartment blocks and some farm lands outside the city.

#### BOATS

FOR SALE—Launch hull (partly constructed) also material for completion. Phone 3076. m20-40

It only appeared in The Times once, but was sold on the following evening. Why not let a Times want ad, sell something for you? Just telephone 166.

### TO HEAD ROTARY CLUB THIS YEAR; LESTER PATRICK

Lester Patrick, Managing Director of the Victoria Arena Company, was elected President of the Victoria Rotary Club at noon to-day, defeating P. B. Scouras and H. F. Johnson. At the suggestion of the two defeated nominees Mr. Patrick's election was made unanimous.

#### CONSTANTINOPLE NOT GREEK BASE

Neutrality of the Dardanelles Is Proclaimed

Paris, May 12.—Allied High Commission, generals and admirals have decided to proclaim the neutrality of Constantinople, the Bosphorus and the Dardanelles while the warfare between Turkey and Greece continues, says a Havas dispatch from the Turkish capital. As a consequence Greece will be unable to use Constantinople as a base any more.

#### ITALIANS ELECT A NEW CHAMBER

### Optimistic General Election Statement by Giolitti

Rome, May 12.—Italy looks to the future with confidence in spite of the losses she sustained in the war and the burden her people are carrying at present, Giovanni Giolitti, the Premier, declared to the Associated Press last night. Signor Giolitti's statement, given on the eve of the general election which will give Italy a new Chamber of Deputies and lay before the world Italy's expression of national will, was full of optimism.

#### Fair Representation.

"We are looking forward to a new Chamber of Deputies in which the entire process of government will be able to take place," said Giolitti. "It is impossible to predict the precise results of the elections, but I can almost with certainty prophesy that a new Chamber of Deputies will be formed in such a way as to allow Parliament to complete the task of economic and social regeneration already begun."

#### Credentials.

Earl Curzon, the Secretary for Foreign Affairs, was present during Ambassador Harvey's presentation of his credentials and of the letter of recall of his predecessor in the ambassadorial post, John W. Davis. After this formality had been concluded, King George, Ambassador Harvey and Lord Curzon had a few minutes' informal conversation, following which twenty members of the peonierary and highway robbery and burglary.

#### UNUSUAL SUB FOR DAMAGES

### A. Lavergne's Name Omitted From Quebec Telegraph

Quebec, May 12.—(Canadian Press)—A rather original damage action has been entered in the Superior Court here, involving a claim for \$500 made by Armand Lavergne, K. C., against The Quebec Telegraph, the local English afternoon paper.

#### SFORZA MAY BE AMBASSADOR OF ITALY TO FRANCE

Rome, May 12.—Count Sforza, Italian Foreign Minister, has indicated to Premier Giolitti his desire to retire from that position, according to newspapers here. It is said he may be appointed Italian Ambassador to France.

#### THE LOGANBERRY CROP

Reeve Watson has called a meeting of loganberry growers and all of interest in the welfare of the industry on Vancouver Island, to consider the marketing of the 1921 crop, at Royal Oak Municipal Hall on May 20 at eight o'clock.

#### TIMES WANT AD QUICKLY SELLS LAUNCH HULL

This is the little advertisement that did the trick!

#### CONVICTS BROKE OUT OF PRISON

### Killed Guards in Texas; Robbery in Chicago

Huntsville, Tex., May 12.—More than score of state convicts, many of them armed, mutinied to-day, stormed the arsenal, shot two guards and fled.

#### Chicago Robbery.

Chicago, May 12.—A uniformed policeman assigned to escort a messenger for the State Commercial and Savings Bank failed to daunt five bandits to-day. They held up the policeman and the messenger and escaped with approximately \$7,000 after first forcing the policeman to walk away a block, threatening to shoot him if he turned around.

#### WESTMINSTER CLEARINGS.

New Westminster, May 12.—The bank clearings here during the past week were \$525,134.

#### Lignite Experiments Produce Canadian Fuel

Ottawa, May 12.—(Canadian Press)—R. A. Ross, chairman of the Lignite Utilization Board, was called this forenoon by the special House Committee on Fuel Resources.

Mr. Ross said the Board had designed a special carbonizer to remove the gases from lignites. Construction of the plant would be completed about June of this year. The briquettes would be produced in commercial quantities of 100 tons daily by Fall. Delays might be caused by machinery trouble.

The fuel so far tested was practically identical with anthracite coal, and there was very little ash remaining.

#### REPUBLICAN MOVE CROATIA; STEPS TO PUT END TO IT

Vienna, May 12.—A peasants' congress, called for the purpose of proclaiming a Croatian Republic, will meet in Agram Monday, says a Belgrade dispatch.

The Jugo-Slav Government, upon learning of the proposed meeting, ordered that measures be taken to prevent it.

### LESTER PATRICK NEW ROTARY HEAD

Prominent Young Business Man Elected Club President

Known From Coast to Coast as Leading Athlete

Lester Patrick, Managing Director of the Victoria Arena Company, was elected President of the Victoria Rotary Club at noon to-day, defeating P. B. Scouras and H. F. Johnson. At the suggestion of the two defeated nominees Mr. Patrick's election was made unanimous.

Mr. Patrick is one of the best known and most popular of Victoria's younger business men. His well known executive and business ability, combined with the energy he has displayed in all Rotary activities for many years undoubtedly led to his election as head of the club in succession to Clifford Dunbar, whose presidential term will expire in two weeks.

Born in Eastern Canada, Mr. Patrick was brought up in Montreal, where he was educated and where he learned to play ice hockey. As a young man he was the most noted of all Canadian hockey players and was the star of several world champion teams. In fact, he is regarded as probably the greatest all-round hockey player Canada has produced.

Mr. Patrick lived in Brandon for some years, and later moved with his family to Nelson, where, in association with his father, Joseph Patrick, of this city, and his brother, Frank Patrick, of Vancouver, he was engaged in a very extensive lumber manufacturing project. When the Patrick interests disposed of the lumber interests after making a remarkable success of the business, Mr. Patrick and his father, with their families, moved to Victoria.

#### LOOK FOR CANADIAN LOAN IN NEW YORK

### Some Americans Anticipate \$40,000,000 Flotation

New York, May 12.—(Canadian Press)—Informal discussions regarding Dominion of Canada financing in New York banking circles, according to a report published by The Tribune, the paper says:

"The opinion was expressed yesterday that a loan of \$40,000,000 on a seven per cent. basis was likely to be arranged in New York before July 1 to take care of maturities and replenish the Dominion's United States balance."

#### U. S. AMBASSADOR RECEIVED BY KING

### New American Representative at Buckingham Palace

London, May 12.—Colonel George Harvey, the new American Ambassador to Great Britain, was received this forenoon by King George at Buckingham Palace.

Ambassador Harvey was accompanied to the palace by Sir John Hanbury-Williams, Marshal of the Diplomatic Corps, and the members of the Embassy Secretariat.

#### RECEIVED BY KING

London, May 12.—Colonel George Harvey, the new American Ambassador to Great Britain, was received this forenoon by King George at Buckingham Palace.

Ambassador Harvey was accompanied to the palace by Sir John Hanbury-Williams, Marshal of the Diplomatic Corps, and the members of the Embassy Secretariat.

#### GIVES JUDGMENT IN QUAGLIOTTI CASE

### Over-valuation of Estate During Boom

Judgment for plaintiff in the sum of \$44,287.50, with interest at six per cent, since May 21, 1916, or \$2,572.25, was handed down to-day in the Supreme Court action of the Crown versus the U. S. Fidelity Company and Lorenzo J. Quagliotti, in a judgment of Mr. Justice Gregory, who heard the case in February of this year. Judgment was reserved after a two days' hearing, with many real estate valuations called in evidence on the value of the property.

#### UNUSUAL SUB FOR DAMAGES

### A. Lavergne's Name Omitted From Quebec Telegraph

Quebec, May 12.—(Canadian Press)—A rather original damage action has been entered in the Superior Court here, involving a claim for \$500 made by Armand Lavergne, K. C., against The Quebec Telegraph, the local English afternoon paper.

The Quebec Telegraph omitted his name as the defender of the accused, but mentioned other counsel. He further alleges that the omission was intentional and with the object of doing him injury, and that it was but a continuation of the policy of the paper in question to ignore him each time it had the opportunity.

#### CONVICTS BROKE OUT OF PRISON

### Killed Guards in Texas; Robbery in Chicago

Huntsville, Tex., May 12.—More than score of state convicts, many of them armed, mutinied to-day, stormed the arsenal, shot two guards and fled.

The Jugo-Slav Government, upon learning of the proposed meeting, ordered that measures be taken to prevent it.

## Shareholders Hand Over Grand Trunk To Ottawa Control

#### Agreement Between Management and Dominion Government Ratified at Meeting in London; Transfer to Be Made This Month.

London, May 12.—(Canadian Associated Press)—At a meeting of the shareholders of the Grand Trunk Railway Company to-day it was decided to ratify the agreement between the management and the Canadian Government providing for transfer of the control of the railway to the Government this month. Only three dissenting votes were cast.

The meeting was crowded but quiet. In a speech the chairman of the board of directors of the railway, Sir Alfred Smithers, dealt exhaustively with the position of the company.

An amendment to defer ratification until there was a better guarantee concerning future action by the Canadian Government was withdrawn, the chairman remarking that they looked to public opinion in Canada and England to see they got fair play. This was greeted with applause.

#### PLANES TO FIGHT B.C. FOREST FIRES

### Power Pumps and Skilled Men to Be Carried by Air

British Columbia will use seaplanes to fight forest fires this year. Up to \$20,000 has been set aside for this work.

The planes will be used for locating the exact position of a fire and then rushing fire-fighters, power pumps and supplies to the scene. The planes will be used chiefly to protect the valuable timber belts on Vancouver Island. Plans for the aerial fire protection service are now being completed by the Forest Branch of the Department of Lands under G. R. Naden, Deputy Minister of Lands.

A light gasoline-driven power pump, capable of throwing a stream of water a long distance, has been developed from other less effective power pumps by Capt. Cowan, of the Forest Branch. It is expected that about eighty of these pumps will be held in readiness for service in various parts of the Province. Two men can carry the pump and engine without difficulty anywhere in the woods.

When a fire in some isolated part of the island is discovered a seaplane will start out with a pump and a small crew of skilled forest fire fighters. Any of the heavy timber belts can be reached in two or three hours. The plane will make other trips to carry out supplies and take other men if needed. Only skilled men will be used as it has been found that one trained man with ten helpers can do more in checking a fire than fifty men without skilled supervision.

The plane service will later be extended to other parts of the Province it is expected.

#### CHINA OPPOSING JAPANESE PACT

### Renewal of Understanding With Britain Condemned

New York, May 12.—China is seeking the support of public opinion in the Dominions of the British Empire and the United States to prevent the renewal of the Anglo-Japanese treaty, Retram Lenox Simpson, adviser to the President of China, and statisticians of the Chinese Government, declared in a statement here to-day.

#### REPUBLICAN MOVE CROATIA; STEPS TO PUT END TO IT

Vienna, May 12.—A peasants' congress, called for the purpose of proclaiming a Croatian Republic, will meet in Agram Monday, says a Belgrade dispatch.

The Jugo-Slav Government, upon learning of the proposed meeting, ordered that measures be taken to prevent it.

FEWER CHINESE TO BE ADMITTED

Bill Introduced by Calder in the Commons

Ottawa, May 12.—Further restrictions on the immigration of Chinese into Canada are provided for in a bill which was introduced by Hon. J. A. Calder in the House of Commons yesterday afternoon.

The first amendment deals with Chinese merchants. Under the existing law a Chinese merchant is admitted without a head tax on the presentation of a certificate of identification issued by the Chinese Government and vised by British consular office in China.

It is proposed to extend the period during which a Chinese immigrant who has legally entered Canada and who has returned to China may re-enter Canada without payment of head tax from one to two years. In all cases there is an appeal to the Minister of Immigration.

MONTREAL AVION'S "GODMOTHER"

Montreal, May 12.—In order to aid in the movement for the relief of a town in France which is in a state of ruin as a result of the war, the City Council has adopted a resolution by which Montreal will assume the role of "Godmother" for Avion, near Lens.

The French Consul in a letter pointed out that Avion prior to the war had a population of 12,000 and that 7,000 had now returned and were living in ruins, hutments and cellars under sanitary conditions that had produced an alarming rate of mortality.

SMUTS AND MEIGHEN TO BE HONORED

Toronto, May 12.—General Jan Christian Smuts, Prime Minister of South Africa, will be among a distinguished number upon whom the honorary degree of Doctor of Laws will be conferred by the University of Toronto this Summer. General Smuts's degree will be conferred in absentia.

TWO AUSTRALIANS INVESTIGATE IN U. S.

Seattle, May 12.—David Davis and Henry A. Briggs, of Sydney, Australia, arrived here yesterday for a study of municipal government, lighting and roads. From here they will start a two months' automobile tour of the United States, investigating construction of speedways and roads. On their return they will submit their report to the Australian Government.

BUFFALO HEADS SOLD.

Montreal, May 12.—Two mounted buffalo heads formed the feature of yesterday's business at the Canadian fur sales here, being sold at \$200 and \$250, respectively, to United States buyers.

MISS MACLEAN GRADUATES WITH DISTINCTION

Senate Announces Results of Recent Examinations at University of B. C.

Vancouver, May 12.—The senate of the University of British Columbia yesterday awarded degrees, scholarships, prizes, honors and passes to successful students of the institution, numbering about 900. The number of students in each section is larger than it has ever been in previous years.

Victoria students getting degrees are: M.A. in bacteriology and chemistry—Olive E. MacLean, B.A.

ELECTRIC HEATER 'KILLED WOMAN' She Was Merely Pulling Out the Plug

Winnipeg, May 12.—Mrs. A. E. Reynolds, aged thirty, was accidentally electrocuted yesterday afternoon when attempting to withdraw an electric plug from a small heater at her home.

Baby Killed. Ottawa, May 12.—Marion Cowan, fifteen months old daughter of J. H. Cowan, was almost instantly killed last night when a motor truck driven by Harry Pearson swerved, climbed over the sidewalk and smashed the carriage in which the baby was lying. Pearson was arrested on a charge of manslaughter.

Killed Himself. Portage la Prairie, May 12.—John Atkinson, aged fifty, one of the best known guides in Manitoba, who had been on a party led by King George, then Duke of York, through the duck marshes of Manitoba on his visit to these parts, was shot dead today at Port Hill, Okla., late yesterday.

Airmen Killed. Arcadia, Florida, May 12.—Lieut. George R. Bloom and Sergeant Harry J. Keating, army fliers attached to the military field, were killed yesterday in a crash of their plane and the subsequent explosion of the gas tank.

MOVES TO RELIEVE BRITISHERS HELD BY RUSSIANS

London, May 12.—Questions regarding Britishers detained in Russia and whether the Government was doing its utmost to help the United States secure the liberation of American citizens under detention there were brought up in the House of Commons last night.

SAYS ORGANIZED LABOR FACES CRISIS

Cleveland, May 12.—Organized labor is facing the worst crisis in its history, Warren S. Stone, general manager of the Brotherhood of Locomotive Engineers, declared yesterday in his report submitted at the opening of the organization's triennial convention. Twenty thousand members, almost one-fourth of the total, are without jobs, he said.

GREAT-BRITAIN AND MEXICAN MINISTRY

London, May 12.—The question of recognition of the Mexican Government by the British Government was raised in the House of Commons again yesterday.

WISH TO CHANGE PEOPLE'S HABITS

Hamilton, May 12.—Elimination of immodest dress, smoking amongst women, joy riding, promiscuous, vulgar and immodest dancing, vulgar and indecent pictures, and encouragement of wholesome counter attractions is the programme of social service work undertaken by the Anglican Church, as outlined by Bishop Clark at the annual meeting of the Women's Auxiliary of the Niagara Diocese.

Ottawa Ministers Reply to Labor Congress

Pensions. Mr. Moore said the government had promised a full investigation by the Labor Department into the problem of the old age pensions and unemployment insurance.

Mr. Moore said the government had promised to invite representatives of representative organizations of employers and employees to confer with the Minister of labor. This conference will take place at an early date.

London, May 12.—After an all-night session which ended at 4.30 this morning, the House of Commons rejected amendments to the Government's resolutions regarding the safeguarding of industries. Both resolutions were passed under closure after an acrimonious debate. The resolution providing protection for key industries was adopted 236 to 76.

Ottawa, May 12.—(Canadian Press) Tills between Hon. W. J. Roche, chairman of the Civil Service Commission, and Colonel J. A. Currie, and the naive remark from P. T. Coolican, Post Office Inspector, that he had secured recommendations from parish priests and ministers, but not from members of Parliament when appointed yesterday evening's session of the Committee of the Commons considering the Spinney Bill amending the Civil Service Act.

Sydney, N. S., May 12.—To help its employees beat the high cost of living during the present period of depression, the Dominion Coal Company has offered all employees who desire to make gardens during the coming Summer the free use of company land which will be ploughed, harrowed and fertilized for them at the company's expense.

National Council of Women urge important new laws and amendments.

# Charming Trimmed Hats at \$4.95

**FRIDAY AND SATURDAY ONLY**

Snappy and dashing designs are portrayed in these new hats; tailored effects are charmingly depicted in a variety of styles in the late weaves of the most popular materials — patent Milans, lisere, novelty straws, hemp, garnacchia, transparents, mohair braid, Georgette and tulle, in all demanded shades and trimmed with ostrich bands, flowers, ribbons and novelties.

These hats are selected from our regular stock; every one a bargain. None was regularly priced at less than \$9.00, and most of them as high as \$12.50.

### "LADY OF THE LAMP," WHOSE BIRTHDAY ANNIVERSARY IS KEPT AS NATIONAL HOSPITAL DAY THROUGHOUT CONTINENT

MISS FLORENCE NIGHTINGALE AT SCUTARI (From the Painting by Henrietta Rae)

With the gift of a happy smile, a soft voice, gentle, loving touch, Florence Nightingale with a strong, sweet character and a will of steel reformed the hospitals of Europe through intelligent organization, personal devotion, religious enthusiasm.

Florence, Italy, claims the honor of her birth on May 12, 1820. It explains her baptismal name in the Church of England register, and possibly foretold her love of flora and fauna as preliminary and coincident with relief of suffering.

Her home was in Edgeland as a daughter of a squire. Early associated with her father's friend, the vicar, who had studied medicine, may account for her bandaging broken dolls and putting hot compresses on Cap, a shepherd dog. She dressed the wounds of men in the lead mines and quarries and assisted needy women and children on their country estates.

Educated by her father and governesses she had the supplement of travel on the continent, and all advantages of money and society. But this position in life never satisfied the cry of her heart.

Henri Dunant, Swiss physician, to whom the Red Cross owes its inception, said in 1972: "Though I'm known as the founder of the Red Cross and originator of the Geneva Convention of 1863, it is to an English woman honor is due. Florence Nightingale inspired me to go to Italy in 1852."

From 21 to 34 Miss Nightingale studied in the hospitals of Europe in Kaiserworth on the Rhine using their model for England. She was three years with the Sisters of Charity in Paris, and went from one European hospital to another to study, wherever there was something to be learned to be remedied. Her experience was a sum total of the leading hospitals, wards, asylums, of Europe, and she put it into practice in those she reorganized in London.

Working forty years to bring relief to the voiceless peasants of India. She advised Lincoln during the Civil War, and was a great factor in the Franco-Prussian War of 1871.

Her Later Career Florence Nightingale started her work endeavoring as she went along St. Thomas' and King's College London. In speaking of the Roman Catholic Sisterhood, she said, "They are the truest Christians I ever met with, invaluable in their work, devoted heart and head, to serve God and mankind." (Cook, p. 253). In Rome she was impressed with the practical beneficence of religious nurses and once made a ten-day retreat at Trinita del Monte, 1848.

She saw in these singleness of life for a singleness of purpose, and she never married in order to be entirely free to fulfill her vocation—making conditions better for the married.

King Edward gave her the Order of Merit, bestowed on only twenty-four, she the only woman. The material gifts were valuable, the nation's request for Westminster Abbey was set aside. She died August 13, 1910.

Condensed from an article by L. G. in "Hospital Progress."

amateur theatricals, concerts and other diversions organized by their many talented members. With a view to widening their outlook and affording necessary recreation, literary and musical circles, and a debating club have been formed.

### PREMIER OLIVER SPOKE IN HALIFAX

Halifax, May 12.—Passage of a resolution urging the Federal Government to increase considerably the Federal aid to highways grant, suggestion that a great national conference of motorists should be held next year at some central point in the Dominion and the election of officers to attend the business of the annual meeting of the Canadian Good Roads Association held here yesterday.

Hon. John Oliver, Premier of British Columbia, addressed the body in the forenoon. Lieut.-Governor MacCallum Grant of Nova Scotia was elected honorary president of the Association. Dr. E. P. Doollittle, of Toronto, was re-elected president.

THE CANON'S DIAGNOSIS.

After spending two weeks at Tranquille Canon Hinchliffe has returned to Victoria with the firm conviction that State operation of the King Edward Sanitarium will be so much wasted money unless the Government agrees to follow up its institutional work with a practical policy of after-care treatment.

I have got information to enable me to say to the Government that if you are running Tranquille you are doing it well; but if you are attempting to fight tuberculosis in B. C. you might as well save all the money of the people which you are spending.

The second member for Victoria appears to agree that what the Government is doing at this stage it is doing well. So far so good. Just what he means by suggesting that "if you are attempting to fight tuberculosis in B. C. you might as well save all the money of the people which you are spending" is not at all clear.

But his argument is woefully incomplete. Does he favor a large appropriation from the public treasury in order that the "far bigger proposition than the people imagine at first sight" may be reduced to practicalities?

Assuming for the purpose of this discussion that the Government intended to operate the hospital and rely only upon the educational propaganda of the Provincial Board of Health for its preventive auxiliary would the Canon suggest that the gradual extension of institutional facilities could be reasonably looked upon as a waste of money and effort?

Canon Hinchliffe seems to have forgotten that only a little over a month has elapsed since the Government acquired the Sanitarium in question. Does he really believe that the Hon. J. D. MacLean—himself a medical man and conversant with the awful toll which tuberculosis exacts from the people of this Province from year to year—would have recommended to his colleagues in the Cabinet, and through them to the Legislature, a policy which would amount to a mere demand for management as the quid pro quo for financial grants invested? Surely not.

It has been made plain to Germany that she must keep her hands out of the Upper Silesian mess. It must not be taken as an excuse for any attempted evasion of the disarmament provisions of the ultimatum to which she has just appended her signature.

care treatment are the fundamental phases of a successful campaign against tuberculosis. Is Canon Hinchliffe prepared to add his eloquence to the mute appeal from the hundreds who might get well if only they could be provided with institutional treatment at the right time and permitted to live in surroundings adaptable to their condition after the treatment?

NOTE AND COMMENT. After reading the amounts paid in fees to the members of the legal profession who were engaged in prosecuting the Winnipeg strike leaders we shall expect a rush on the part of Canada's youth to choose the law for a living.

CANADA'S BORROWINGS. Sir Henry Drayton pointed out in his budget speech that last year's deficit was met with resources available from the previous twelve months, but that comparatively little assistance from that source could be expected next year.

THE INTEREST ON THIS enormous indebtedness is a very heavy item, and when added to the \$300,000,000 we send across the line to meet the big adverse trade balance, becomes a considerable factor in maintaining the unfavorable exchange situation.

ADDRESSING LETTERS. Is out method of addressing an envelope, the method adopted is exactly the reverse to ours. The name of the country to which the letter is sent is written at the top of the envelope, and on the following line the personal or private address, while on the last line is written the address developed in the preceding lines.

THE NAVY LEAGUE.

Does the average Victorian recognize in the youthful fur upon the public thoroughfare the Canadian mariner of the next decade? He is just that and a very important individual to boot.

UPPER SILESIA.

It has been made plain to Germany that she must keep her hands out of the Upper Silesian mess. It must not be taken as an excuse for any attempted evasion of the disarmament provisions of the ultimatum to which she has just appended her signature.

less it takes an early and effective course to guarantee order in the future. After all the position in this particular region is very much the same as it was at Piume.

NOTE AND COMMENT

After reading the amounts paid in fees to the members of the legal profession who were engaged in prosecuting the Winnipeg strike leaders we shall expect a rush on the part of Canada's youth to choose the law for a living.

The morning paper believes the Government of this Province should have an adequate policy for its fight against tuberculosis. It can now favor the dissemination of technical knowledge and all the provision and expense that would be entailed in measures for prevention and after-care.

OTHER PAPERS' VIEWS

THE TEACHER'S WORK

Character building ought to be the aim of every teacher. It is of more importance than reading and writing, arithmetic and spelling. Invaluable as those rudimentary branches may be, it will give a feeling of grave responsibility to a teacher with a class of thirty or more boys and girls, to reflect that in the course of not many years a certain number of those children, earning their living, doing their duty to themselves and to others, while another portion, inevitably, will wander the best one of the criminals or human misfits, and failures.

SEVEN MENTIONED FOR MODERATORSHIP

Presbyterian General Assembly; Dr. Clay Nominated

Toronto, May 12.—There may be seven stalwarts of Canadian Presbyterianism in the running for the Moderatorship of the Presbyterian General Assembly, which will open on June 1 in St. James' Square, Presbyterian Church in this city.

TWENTY YEARS' JOB TO DRY UP NEW YORK

But Anti-Saloon League Head Says Fight Will Be Won After First Two Years

New York, May 12.—A twenty years' war on liquor will be necessary to make New York completely dry, according to the president, William H. Anderson of the Anti-Saloon League.

"While it will take at least twenty years to finish the job in New York," he said, "if we make good in the next two or three years then the rest of the fight will be a winning fight all the way."

OUR DEPOSIT SYSTEM IS PLEASING MANY TRY IT FOR A MONTH

H. O. KIRKHAM & CO., Ltd.

FOOD PRICES AT THE BIG FOOD MARKET ARE THE LOWEST

Table listing food prices: Fresh Spring Salmon, 25c; Fresh Halibut, 20c; Flour—Robin Hood, \$2.85; etc.

Summer Play Clothes. Variety and values go hand in hand at this Boys' Store. Cotton Stockings from 50¢; Cotton Sweaters from 65¢.

Brogue Oxfords. Try a pair of these brogues for street and general out-of-doors wear—a trial will convince you that these are the only shoes for this purpose.

VIOLET RAY Demonstrations. will be given at our store at 1103 Douglas Street commencing Tuesday May 10, to and including May 14; mornings 10 to 12; afternoons 2 to 5.

Less Coal More Heat. You will save 25 to 33 per cent. of your coal bill by installing one of these up-to-date Pacolett's Marvel Ranges.

ANNUAL BANQUET OF MOTHERS AND DAUGHTERS IS HELD. The second annual banquet of the Mothers and Daughters of the First Presbyterian Church was held last night.

Social Personal. Mrs. David Millar will leave Saturday for Toronto, where she will attend the yearly session of the National Chapter of the P. E. White in Toronto.

SUCCESSFUL FETE AT BISHOPSCLOSE. Fair of Days Draws Many; Financial Results. No happier or more interested crowd has ever gathered in the picturesque old gardens of Bishopsclose.

HIGH SCHOOL CONCERT. Third of Series Was Greatly Appreciated. The third concert under the auspices of the Victoria High School Concert Association was given last Friday afternoon at 3.30 o'clock.

HOTEL MEN ARE GUESTS AT BRENTWOOD. Brentwood Hotel was the scene yesterday of a pleasant gathering, the party being entertained by the visiting delegates who will arrive on May 13 and 14 from Nanaimo.

Perfect Shoulders and Arms. Nothing equals the white appearance of the skin. Cream renders the shoulders and arms. Will not rub off. Far superior to powders.

Im chummy with POST TOASTIES. (The Superior Corn Flakes) —were together after every meal— Bobby.

FREE DISCUSSION OF ALL SIDES OF SCHOOL PROBLEMS. Mrs. Andrews Has New Data on School Costs. Having collected exhaustive data on the school systems of other cities, School Trustee Mrs. Bertha P. Andrews will have some interesting information to make public during the "Education Week" which opened last night.

"ERMINIE" ROSE TO EXPECTATIONS. Fine Performance at Initial Appearance of Dramatic Society Members. No prettier play than "Erminie" could have been chosen by the Victoria Dramatic and Operatic Society for the opening performance yesterday in their new home at the Little Theatre, Oak Bay.

THE DEVOUT LEVER. "Eugene" as the lever was played with dignity by J. Q. Gillan, while James Hunter made an imposing figure as the Marquis de Pouver. Mrs. Fred Bellamy added another of her clever studies as the Princess de Grampanour.

WHAT'S IN A NAME? Facts About Your Name; Its History; Its Meaning; Its Significance; Your Lucky Day and Lucky Jewel.

THREE K'S APPEAR FOR SAILORS' CLUB. Last night at the Sailor's Club, in aid of the Ladies' Guild, a programme of ability was presented by the Three K's.

McCormick's Jersey Cream Sodas. You will always enjoy the rare flavor of and for food value their only rival is bread.

Garden Hose Special. "Goodyear" make, 1/2-inch size, 3 ply grade, complete with nozzle and couplings and guaranteed for one year.

Strength, Style and Stability. Are the three features that stand out boldly in the SPRING SUITS we are showing for boys.

We Always Sell at Prices Consistent With Quality. Enof's Fruit Salts .65¢; Djerkin Powder .65¢; etc.

FOR CHILDREN THE SANDMAN STORY FOR TONIGHT. MR. FOX AND THE PEACOCK FEATHERS.

Mr. Peacock lived at the farm, but he did not often go near the barnyard for one reason: He felt that he was quite above the barnyard fowl, and then he did not like to hear the remarks made by them about his feet and his voice.

McCormick's Jersey Cream Sodas. You will always enjoy the rare flavor of and for food value their only rival is bread.

Beautiful Colors and Dainty Styles in Sweaters

Presenting a carefully selected array of distinctive designs at prices that will be deemed exceedingly reasonable.

Particularly attractive is the new Short Sweater with tuxedo front and long tie...

For general Summer wear the Coat Sweater with tuxedo collar and front holds premier place.

To wear with the plain sport skirt the Jersey cloth Jacket in Norfolk or pinch-back style is exceedingly popular.

SELL GERMAN'S LOTS
Carl Loewenberg, Germany's Consul Here Before War, Left in 1914 and Never Came Back.
The late of the property of Carl Loewenberg, for twenty years German Consul in Victoria, is now being sold by the Custodian of Alien Property. It consists of two lots in the city and one in Oak Bay.
Loewenberg was the nephew of Ludwig Loewenberg, pioneer real estate man of Victoria, in the firm of Loewenberg, Harris & Co. Carl worked in a New Westminster bank, then went to Germany to serve his army term, then to Bordeaux, France, where he carried on a business for a while before coming to Victoria. He carried on a general importing business on Wharf Street here. In May, 1914, he took a trip to Germany, intending to return the following September. But war broke out, and he never came.
When the Lusitania was torpedoed in 1915 crowds in Victoria wrecked Loewenberg's warehouse as well as the offices of other German firms in the city.
Loewenberg was a recognized authority on foreign postage stamps and a skilled pianist.

**Elks Will Entertain.**—The Elks Lodge, with the Ladies' Auxiliary, the Ladies of the Royal Purple are to hold a joint social at the headquarters of the club this evening, when an entertaining programme will be given. The proceedings will open with a brief concert and close with dancing. Heston's orchestra will supply the music for dancing.

**Conservative Orchestra Practice.**—A rehearsal of the Conservative Club orchestra will be held on Saturday evening next at the headquarters in the Campbell Building. The orchestra is rapidly growing, now having twenty-five members regularly practicing. All who desire to enroll themselves for the orchestra are requested to get in touch with William Duck, or to telephone T. Beatty at 6596R for further information.

**For Forest Protection.**—In order to encourage people to exercise every precaution when lighting camp fires in the woods so that the forests of Canada may be safe-guarded from destruction by fire, the Dominion Parks Commissioner has sent out large quantities of aluminum charms bearing the motto of the Canadian National Park and accompanied by a leaflet dealing with the importance of care on the part of campers. A package of the charms has been received by the Victoria and Island Development Association, which is distributing to visiting motorists this season.

**Finger Prints Are Valuable.**—Alfred Turner, Alfred Doolan, Roy Raymond, M. E. Morgan, to give that individual some of his numerous aliases, who was arrested by the Vancouver police yesterday in connection with a \$5,000 fur robbery from a Vancouver firm, has been identified through the records kept by the Victoria Criminal Identification Bureau, at the local detective office. The man, it appears, was arrested here three years ago in connection with a robbery of a police officer and other gear in his possession. He was charged with having concealed weapons in his possession, and allowed to return to Seattle. The Seattle police took charge of him on arrival there, and he was sentenced to two and a half years in the penitentiary for the theft of the articles named, from the residence of a constable in the Seattle police force.

**W. A. McAdam Appointed.**—W. A. McAdam, formerly Publicity Commissioner of the Victoria and Island Development Association and later Liberal campaign manager, has been appointed secretary to the Municipal Investigation Commission at a salary of \$200 a month. Mr. McAdam has already assumed his duties. The Commission has not yet been named, although it is expected that Premier Oliver returns from the East to make an announcement of the Commission. The Commission is expected to follow the lines hinted at by Premier Oliver last session, the whole municipal financial situation to be investigated, and that a session of the House be called next Fall to act on these suggestions and solve the municipal problem.

**Seaman's Institute Meeting.**—Members of the Ladies' Guild for sailors are reminded of the annual meeting of the Victoria Seaman's Institute, which will take place this evening at 8:30 o'clock in the Belmont Building.

**In County Court.**—The action of King versus Wilby was opened in the County Court to-day before His Honor Judge Lammiman, with J. P. Walls for the plaintiff and A. W. Staples for the defendant. The action is one by plaintiff claiming the sum of \$200.

**Enjoyable Evening.**—The newly organized Young Ladies' Temperance Union held a very enjoyable evening in the Centennial Methodist Sunday School when a Mother and Daughter banquet was given on Wednesday at 6:30. A sumptuous supper was laid and the tables were prettily decorated with flowers. Toasts were presented at the end of supper, in which the Rev. J. L. Batty, Mrs. Williscroft, of Vancouver, and Mrs. Spofford made speeches. During the evening a musical programme was rendered. Miss Dorrell giving a solo, and a duet was sung by Mrs. Hammond and Miss Williams.

**WORK STARTED ON SATURATOR PLANT**

Building For Sidney Roofing & Paper Company Planned With R. Hetharington

The contract for the erection of the saturator plant which is to be erected by the Sydney Roofing and Paper Company on the Songhees Reserve, has been awarded to Robert Hetherington, contractor of Burceat Avenue, and a start is being made immediately in the construction of the building.

The award of the contract was announced to-day by Architect K. E. Spurgin. The cost of the structure which will be used in connection with the manufacture of roofing materials, will be about \$2,500. A separate contract has been given to Knott & Jones for brickwork to carry tanks outside the saturator plant.

The new building is to replace the plant recently destroyed by fire at Sydney. In the future the manufacture of roofing paper in its entirety will be carried on in Victoria. The roofing and paper plant already covers a large area on the Songhees Reserve and further additions will be made to keep pace with developments.

**MAKE PLANS FOR "EDUCATION WEEK"**

Luncheons and Meetings to Press School Question

Plans for the City School Board's "Education Week" were announced at the Board's offices this morning. These will be approved or altered to-night when representatives of local public and semi-public organizations will meet to consider the education campaign further.

The school authorities, it is announced, have secured the use of the Chautauqua tent for meeting purposes during the education campaign. Meetings in the interest of education will be held in the Chautauqua tent at noon, when luncheons will be held. At noon on Monday the Gryo Club will hold a box luncheon there and all people interested in the public school question will be welcome. The speaker of the day will urge the need for further school accommodation and play grounds here. Other luncheons, it is expected, will be arranged later.

Next Wednesday evening a public meeting will be held in the High School Auditorium to consider educational matters. A number of prominent men, it is stated, will address the gathering. This meeting will be arranged by the Local Council of Women and the Women's Canadian Club.

It was explained to-day that no attempt had been made to discriminate against certain school trustees when invitations to the first "Education Week" meeting were issued. It was stated that the Board has been left in the hands of Chairman Dr. M. Raynor, who was given the privilege of choosing the Trustees whom he wished to assist him in making the various arrangements. He selected Trustees Mrs. Spofford and Mrs. Coady-Johnson.

**WANT LIQUOR STORES**

Residents of the Fairfield district are following the lead of those of the Hollywood and Fowl Bay districts and are circulating petitions asking the Liquor Board to establish an order office in their district, so that householders, particularly women, will not have to come to the centre of the city when they want a supply of liquor. As the liquor offices will likely be open during the business hours of the day, much of the ordering of liquor will have to be done by women, especially by the wives of men who work from 8 a.m. until 5 or 6 p.m.

For the convenience of women and those with families, it is proposed that certain groups of residential sections such as Hollywood and Fairfield, be empowered to take liquor orders and transmit them to the liquor vendor, so that supplies ordered in the morning will be delivered the same afternoon. A scheme is also proposed to permit purchasers to pay for their liquor along with their groceries at the end of the month.

**Nordheimer**

Capitals Got Away On Jump and Kept Ahead

Tacoma Let Victoria Get Away Too Fast and Despite Seventh-inning Rally Could Not Overtake Them—Fast Game

Tacoma, May 12.—Manager Mullen's men got started backward again yesterday at Athletic Park, and as a result the Victoria Capitals fled in an early lead that enabled them to take the first game of the series in spite of the fact that Tacoma made a game seventh-inning rally. The score was 4 to 3. The defeat was a bitter one, inasmuch as the two clubs changed places and this morning the Bengals are reposing in the gloomy cellar berth.

The Felines pulled the usual stunt of letting the opposition get away to a good start. Time after time the Felines have committed the same offense. Though they rallied yesterday, and three runs in the seventh came within one of the Victoria marker the winning punch in the pinch was again absent.

High Class Ball.

However, it was a high-class game of ball and Empire Jack Carroll hustled the players through in one hour and 30 minutes. The score:

Table showing baseball scores for Tacoma and Victoria.

Summary—Stolen bases, Cable, Sacrifice hits, Messner, Jensen, Two-base hits, Kierstead, Chorlton, Rego, Murphy. Three-base hits, Messner, Grantham. Double plays, Chorlton to Jensen to Chorlton; Kierstead to Cable to Jensen; Hanson to Chorlton to Murphy. Left on bases, Victoria, 6; Tacoma, 8. Struck out, by Hanson, 6; by Gibson, 2. Bases on balls, off Hanson, 1; off Gibson, 1. Wild pitch, Hanson. Hit by pitched ball, Gibson by Hanson. Time of game, 1:35.

Hanson seems to be good enough for this league. He was obtained by Blankenship from the "Frisco Coast League Club and the only reason he did not stick up there was due to a little silliness. He got along alright in Tacoma yesterday, walking but once. He hit one batter and cut loose a wild pitch, but they did not figure in the scoring. Besides being a good pitcher he showed how to weld the willow. He slashed out two singles during his trips to the bat.

Victoria's outfield is not hitting properly yet. Shoats checked it with four singles yesterday but it was an unusual performance for him. Neither Light nor Bankhead came through with a bingle. The infield has been doing all the hitting so far. Yesterday Rego and Murphy stepped into two slants that counted for doubles and Messner popped out a nice triple. The outfield should hit harder than the infield, but the Victoria pasture-tenders are very weak.

Blankenship used Murphy at first base yesterday. Dempsey has not made the trip over the ratters from Des Moines yet. As soon as Lee pulls back from Tacoma he will have to look for other places on the team and

JAPANESE BALL TEAM SHOWS GREAT FORM

Chicago, May 12.—The Waseda University, Japan, baseball team, won the second game of its American tour, defeating Northwestern 17 to 1, yesterday.

SIXTEENTH SCOTTISH SEMI-WEEKLY SHOOT

The 16th Canadian Scottish semi-weekly shoot took place yesterday in beautiful shooting weather. The spoon was won by Q. M. S. Fyvie, with a total score of 95. The scores:

Table showing scores for the Scottish semi-weekly shoot.

FRANCE AND JAPAN WILL MEET IN DAVIS CUP GAME AT CLEVELAND THIS YEAR

Cleveland, Ohio, May 12.—Tennis stars of France and Japan will meet in one of the Davis Cup preliminaries in August, according to an announcement of officers of the Cleveland Associated Tennis Clubs, Ichaya Kinagata will represent Japan. The name of the French representative was not announced.

will be used in the outfield to bolster the hitting ability of the club. The Capitals and Tigers will play four more games this week and will then shift to Victoria to resume their battles next Monday.

Tickets for the opening game were put on sale this morning in all the cigar stores in town. The G. W. V. A. has agreed to back the opener and will rustle tickets.

Yakima, Wash., May 12.—Vancouver made it one all for the series yesterday by beating Yakima 13 to 12 in ten innings. A home run by Solomon in the tenth won the game for the visitors.

Batteries—Hartman, Brindza and Gleason; Cooper, Valencia, James and Cadman.

NEW RECORDS WILL BE MADE AT FIGHT

Attendance at the Dempsey-Carpentier Bout Will Surpass Anything Known

New York, May 12.—Although the opening of the public sale of seats for the Dempsey-Carpentier championship contest in Jersey City on July 2 will not begin for several days, the advance reservations already assure a record booking attendance both in gate and receipts. The actual number of spectators which established records at the Johnson-Jeffries, Johnson-Willard and Dempsey-Willard bouts, are certain to be surpassed.

Official diagrams of the arena distributed today indicate that the boxing arena to be built by the promoter will seat 50,000 or more spectators and will be the most elaborate record at the Johnson-Jeffries, Johnson-Willard and Dempsey-Willard bouts, are certain to be surpassed.

Big Advance Demand. Official diagrams of the arena distributed today indicate that the boxing arena to be built by the promoter will seat 50,000 or more spectators and will be the most elaborate record at the Johnson-Jeffries, Johnson-Willard and Dempsey-Willard bouts, are certain to be surpassed.

DAVID SPENCER ATHLETIC ASSOCIATION OPENED CRAIGDARROCH COURTS YESTERDAY

A splendid start was made yesterday at the tennis courts, Craigdarroch, by the opening season activities of the Athletic Association of David Spencer, Limited. The courts were in first class condition, and play was of a high character.

The principal games which will be engaged in by the association this summer will be tennis and lawn bowls. Everything points to a most successful season, and the opening yesterday was such as to assure the happiest times.

Big Party Present. There was a very large gathering at the courts yesterday afternoon, including Mr. and Mrs. David Spencer, Mr. and Mrs. W. J. Spencer and some sixty members.

The function was a great success, refreshments being served during the course of the afternoon.

The committee in charge of the sports association is composed of Messrs. Mercer, Fairbank and Graham and Messrs. List, Buswell and Laver.

WITH THE BOWLERS

In last night's bowling competition in the City League the Elks defeated the Colonist Printers by forty-six pins. Booth and Genge were the high scorers, running over the 200 mark.

Table showing bowling scores for the Elks and Colonist Printers.

Fans Who Jeered Kelly Now Cheer Him Wildly

Long George Looked Like a Truck-horse After Hal Chase, But He is Delivering—Ruth Says He'll Make Him Look Sick

New York, May 12.—Have you been noticing the achievements of "Long George" Kelly of the Giants? It begins to look as if Kelly is going to do some inflicting upon the home-running copyrights of "Babe" Ruth, who views Kelly's astonishing feats with mixed emotions. The demoralized slugs' real feelings are masked by an expression of amazement. But for publication purposes he says: "Wait until I get all steamed up. Then I'll make this Kelly look sick."

But a lot of Giant fans are thinking thoughts to the contrary ever since "Long George" began belting the horseshoe over the hills and far away—and took away the 1921 club-leading lead from the mighty Ruth.

A Baseball Romance. The debut of Kelly as a long distance mace artist, coming on the tail of his rise to fielding greatness in 1920, sizes up as one of the romances of baseball. For here is a fellow who less than a season ago was hooted and jeered at by the home town fans; who was laughed at and ridiculed—and called "an awful false alarm." A season ago Giant fans stormed the portals of John McGraw with petitions to "fire Kelly." Yet to-day he is the outstanding figure in the national pastime.

It's like a fiction tale come true. Kelly arrived with the Giant back in 1915, heralded as a hitter and as "a nephew" of Bill Lange. He went to bat nineteen times for the Giants—and never got hit. That decided John McGraw that the elongated Kelly party hadn't inherited much of his uncle's mighty hitting prowess. And Kelly was let loose for "seasoning" purposes.

Each season thereafter Kelly would make the round trip from the last season, but a few weeks ago did not begin for several days, the advance reservations already assure a record booking attendance both in gate and receipts.

Didn't Look Good. Each season thereafter Kelly would make the round trip from the last season, but a few weeks ago did not begin for several days, the advance reservations already assure a record booking attendance both in gate and receipts.

VETERAN LACROSSE PLAYER JUMPS BACK

Winnipeg, May 12.—The Scottish professional football team which will tour Canada and the United States next summer, sailed yesterday from Liverpool for Halifax, according to cable advices received by Secretary Roy, of the Dominion Football Association. The party included the officials and players as already announced.

SCOTTISH FOOTBALLERS SAILED FROM LIVERPOOL YESTERDAY FOR CANADA

Winnipeg, May 12.—The Scottish professional football team which will tour Canada and the United States next summer, sailed yesterday from Liverpool for Halifax, according to cable advices received by Secretary Roy, of the Dominion Football Association. The party included the officials and players as already announced.

SPECTACULAR GAME WON BY TIGERS

Bush Stole Home With Warning After Cobb's Bluff; Hitting Continues

American League. Detroit, May 12.—The Detroit Americans won a spectacular contest from New York yesterday, two to one. Base running by Cobb and Bush led steady pitching by Hoyt and Sutherland were features. In the eighth Cobb bluffed a steal, Bush stealing home with the winning run. Ruth attempted to steal home in the third, but was caught. He struck out in the first inning with two on base.

Chicago, May 12.—Wildness and carelessness by Murren was responsible for Boston scoring a three to two victory over Chicago yesterday. Murren walked eight men. With a man on first and third he tried to take a "sneak" by Schalk with one hand and fumbled the ball which allowed the visitors to score their second run in the third. Two walks in the fourth, coupled with two hits sent in the winning run. Peavy managed to keep hits well scattered.

Cleveland, O., May 12.—Cleveland celebrated the raising of their first world's champion pennant yesterday by defeating Washington 4 to 1. The champions took a punch bowl, punting seven hits with five errors.

St. Louis, May 12.—Shocker and Moore engaged in a pitching duel yesterday, but the latter lost when a base on balls paved the way for St. Louis' only run, while Philadelphia was unable to score. After Williams had walked in the second, Jacobson singled for the only clean hit off Moore. Williams scored when McManis hit into a double play.

Boston, May 12.—Southworth's single, a sacrifice, an infield out and Holke's single gave Boston a 1 to 0 victory over Pittsburgh in thirteen innings yesterday. Southworth fouled out his first time at bat and then hit safely five times, once for two bases.

Brooklyn, May 12.—Brooklyn made it two straight from Cincinnati yesterday, 5 to 4, although the visitors made more than twice as many hits. The superbace bunched hits off Marquette and New York bats out an ear-earned victory.

Philadelphia, May 12.—Chicago outslugged Philadelphia yesterday, winning 19 to 8. The locals acquired two home runs and Wheat's triple with the bases filled, after Vaughan had been given a safe lead. The weather was cold.

Philadelphia, May 12.—Chicago outslugged Philadelphia yesterday, winning 19 to 8. The locals acquired two home runs and Wheat's triple with the bases filled, after Vaughan had been given a safe lead. The weather was cold.

Philadelphia, May 12.—Chicago outslugged Philadelphia yesterday, winning 19 to 8. The locals acquired two home runs and Wheat's triple with the bases filled, after Vaughan had been given a safe lead. The weather was cold.

Tacoma Yacht Club to Take Part In Regatta

For First Time in History Tacoma Yachts Will Be Here For Pacific International Yachting Gala in July—Entering Power Boats

Seattle, Wash., May 12.—Members of the Tacoma Yacht Club are taking much interest in the coming international long distance power boat race and will probably have a number of boats entered in the contest, according to Daniel L. Pratt, secretary of the Pacific International Yachting Association, who has just returned from a visit to Tacoma.

The members of the Tacoma Club pledged their full support and cooperation to the big regatta, said Mr. Pratt, yesterday, and will probably have entries in many of the long distance classes. They are especially interested, however, in the plans for the international long distance power boat race, because this race will start this year at Tacoma and end at Breunwood, B. C., on the day before the regatta. The Tacoma Club is making plans to entertain the yachtsmen who take part in this race, and are also planning to enter a number of their own boats. Among the boats already pledged are Rosemary II, owned by Commodore Rich, and Venus, owned by Dr. L. Blair. The El Primero, owned by S. A. Perkins, and the Alexandria, owned by Bert Alexander, are both steam yachts and are not eligible to enter, but both of these boats will attend the regatta and will carry as guests prominent people from Tacoma interested in boating.

According to Mr. Pratt, the Tacoma Club has recently reconstructed their new clubhouse, concluded a drive for membership, and are expecting a very lively year in yachting.

The new Isherwood cup, emblematic of the Pacific Coast yachting championship, is expected to be finished in time for the Pacific International Yachting Regatta here in July.

Mr. Isherwood, the donor, is the inventor of the Isherwood system of longitudinal ship construction. The new trophy, which is said to be one of the finest cups of its kind in the country, was designed by Alfred Green, contractor, and the contract has been awarded that firm.

The cup will cost more than \$3,000. It is thirty-four and a half inches in height, contains more than 600 ounces of sterling silver. The inside of the cup is gold-plated and the base is of ebony finish. The cup is circular in shape, with a removable top, so that it can be used for a punch bowl. It is surmounted by a miniature Class R sailing-ship. The cup has two handles, in the form of winged mermaids, and will be supported by sixteen shields, the centre one being an enameled emblem on which the British and American flags will appear side by side. The shields, including the shields, will be of solid silver.

The trustees of the cup will be Commodore James Griffiths, Albert Seubach and John Graham, all of the Seattle Yacht Club, but it will be handled by the Pacific International Yachting Association.

Annual competitions will be held for the cup, the first scheduled for September 3, 4 and 5, at Vancouver, B. C., under the auspices of the Pacific International Yachting Association.

The yachts which will compete for the cup are of the same class as the Sir Tom, winner of the Lipton Cup, which has raced so successfully for the last few years under the command of Ted Geary. The Lipton Cup is an international trophy, but it is not so broad in scope as the Isherwood Cup, as it is only for competition between British Columbia and Puget Sound yachts.

The "Alice" was designed by Lee, Brinton and Wayland, Seattle naval architects. She has an overall length of 38 feet and a beam of 8 feet, 6 inches. She is equipped with a six-cylinder, high speed motor developing 225 horsepower and will be capable of a speed of twenty-five miles an hour.

The new boat is beautifully finished and fitted. All of the deck work, combings, companionways and the like are finished in teak. The interior is white enamel with teak trimmings. A watertight bulkhead divides the chain locker in the extreme forepart from the stateroom just aft. The engine room is commodious and permits of ample head-

room and working space about the big power plant.

The "Alice" will enter in the power boat race from Tacoma to Brentwood in connection with the Pacific International Yachting Regatta in July.

After the first regatta it looked as if the Congos would take the game, but a sensational batting rally by Quinton and Knappman changed the complexion of things. Quinton put on a 36 before being run out, while Knappman had a 44 not out. Fletcher was the leading batsman for the Congos, getting a 27 in the first innings and a 12 in the second. The Congos were only scored after the closest and hardest play. Spencer's were winner over Broad Street, while the Five C's accounted for the Congos.

Spencer's and Five C's emerged victors in yesterday's cricket matches in the afternoon. The scores were only scored after the closest and hardest play. Spencer's were winner over Broad Street, while the Five C's accounted for the Congos.

COLUMBIA

The greatest Southern drama ever screened, all the romance, the action, all the charm that is spelled out by the letters K-E-N-T-U-C-K-Y will be found in this fascinating story of the Southland, which will be shown on the Columbia screen to-day. There's a girl in it who is going to win your heart; there's a gallant old colonel with a glorious code of honor; there's a scheming plotter and an adventuresome and a host of other characters, each one drawn with all of Opie Read's splendid skill, and each one delineated by a sterling player.

"Kentucky" will be shown by Columbia for three days only, ending Saturday.

**VARIETY**  
Louise Glaum, the famous emotional artist, in J. Parker Read, Jr.'s soul-stirring drama, "The Lone Wolf's Daughter," a W. W. Hodgkinson release from the powerful pen of Louis Joseph Vance, is the attraction at the Variety Theatre. The star's tremendous following is certain to find it every bit as interest-compelling

**BIG WESTERN PLAY ON PRINCESS BOARDS**

Mildred Page Players Score in Presentation of "The End of the Trail"

The rolling plains of the Great West form an appropriate setting for "The End of the Trail," a four act drama embracing all the thrilling features of unfettered Western life, presented this week at the Princess Theatre by the Mildred Page Players.

The wonderful spirit of the unbounded prairies and the untrammeled existence of the Western cowboy is truthfully portrayed by the versatile company which has been responsible for so many play successes here.

The plot is an excellent one and revolves about the machinations of an unscrupulous representative of Eastern stockholders with a commission to secure control of a big Western cattle ranch and a fixed resolve to ensnare the pretty daughter of the ranch owner.

The final curtain witnesses the complete discomfiture and typical Western departure of the villain at the hands of a Mexican half-breed.

The drama is relieved by some excellent comedy. An outstanding feature is the introduction of several musical numbers which have been enthusiastically endorsed by a delighted audience.

James Coots possesses a fine baritone voice and he was at his best in the rendition of "The Little Girl Home in the West," and "The Bells of St. Mary." Lee Jaxon introduces "Texas Way," a very popular number. Miss Genevieve Berkeley makes one of the real hits of the play in her interpretation of "I'm Hunting for My Husband."

A rollicking quartette is contributed with refreshing effect by Messrs Campbell, Coots, Jaxon and Dumbleton.

In the character parts of the play, Byron Alderson, the role of Carlos, the half-breed Mexican Indian. Robert Thon finely portrays the character of Big Billy Hicks, boss of the Santa Rosita ranch. Mildred Page takes the role of Dolores Hicks, Bill Hicks' eldest daughter, with characteristic cleverness, and as usual, is given a rousing reception.

James G. Coots is well placed in the part of Bruce McDonald, the ranch foreman, and lover of the pretty Dolores.

Horatio Henry Harmon, otherwise known as "Tuson Blondie," creates consternation in ranch circles, a part exceedingly well taken by Lee Jaxon.

Another laughable character is Miss Genevieve Berkeley who impersonates the eccentric Miss Sophronia Wilkins.

Thomas Fadden makes good as Arthur Ridgeway, the unscrupulous agent of the Eastern stockholders.

W. J. Campbell, as "Happy" Briggs, sheriff of Santa Rosita County, is perhaps the biggest scream of the play.

Arthur Elton and Dave Dumbleton are typical cowpunchers, the former contributing greatly to the amusement of the audience. Missy Mullally creditably takes the part of Paquita Hicks.

**EXCEPTIONALLY GOOD BILL IS PROVIDED**

"Yes, My Dear," Leads an All Round Comedy Performance at Pantages

With a bill that was sparkling with fun and comedy, Pantages Theatre last evening presented to a capacity house an exceptionally good programme in which the comedy play, "Yes, My Dear," occupied a leading role during the performance.

Scenic settings and gorgeous costumes with a bevy of fascinating Broadway chorus girls introducing the popular fun producer Nat (Chick) Haines, who is the life of the party, is presented by Brooks and Scobilla.

A seaside resort with the customary hotel and vamp are staged in a most pretentious manner, and the fun of the play is caused by Nat Haines' love affair with pretty girls.

"Quiet Evening at Home" is a fitting title to a novelty production in which the act is brim full of comedy. The features of this play is that not one word is said during the whole performance, and consists of a tumbling act terminating with cello selections, which won applause from the audience.

Days that are no more recalled in the first act of the show, in which was presented by Allison in a comedy surprise act, which is an ovation.

The lighting system for this act is well worth mentioning, as a city with its twinkling lights is shown.

It will please theatre goers of the city to know that Miss Gray, of the Monte Cristo, Jr. company, is here with her equally competent friend Miss Askin, late of the Century Roof Revue. They are here this week in a music and song act which is sure to please all patrons of such a skilful entertainment.

Laughter greeted and terminated Jones and Jones's lively act, in which two colored gentlemen were the chief performers. Their act was successfully brought to an end when "Southern Levee Types" was sung.

"The Double Adventure" commenced the show with an equally thrilling picture as has been shown in the past.

Curtain: Evening, 8; Matinee, 2:30.

**ROYAL VICTORIA**  
Never has the real worth of experience been more strikingly demonstrated in the motion picture field than in the results obtained by Raoul W. Walsh in his production on the screen of a dramatization of William J. Locke's "Idols" under the title of "The Oath," which will be the attraction at the Royal Victoria Theatre again to-day. Mr. Locke's novel unfolds one of the most dramatic stories ever written, but in the hands of a less capable director it probably would have lost the greater part of its gripping interest because of the difficult scenes, from the photographic standpoint, with which it abounds.

A tragedy is the fulcrum upon which much of the plot turns. It is a particularly violent act, necessarily so for the purposes of the plot. Mr. Locke, in the written story merely suggests it. "The Oath" handles the scene just as delicately as the novel, for Mr. Walsh, the talented actor-author-director-producer, had the experience which showed him the way of conveying the suggestion, only instead of following the usual course of illustrating it.

Mr. Walsh ended his acting career after creating the role of John Wilkes Booth in "The Birth of a Nation." As a director he has to his credit the notable successes "Carmen," "The Honor System," "The Silent Lie," "Evangelina" and many others. He is also the author of many strikingly successful scenarios.

**VARIETY TO-DAY**  
**Louise Glaum**  
—in—  
**The Lone Wolf's Daughter**  
Taking you from the gorgeous splendors of Buckingham Palace to the mysterious depths of Oriental Lime House.

**DOMINION**  
Once a villain always a villain is a saying old as the hills. So in the movies when a man plays the part of a villain, he is obliged to stick to "heavies" to the end. This is the experience of nearly all screen players except Clarence Burton, a villain with a reputation in Paramount pictures. Mr. Burton, one of the most genial rascals on the screen, has a sympathetic part in Wallace Reid's new Paramount picture, "The Love Special" which will be shown at the Dominion Theatre all week.

Mr. Burton says he is glad to be an honest likeable man again—in the picture. He learned he had gained the everlasting hatred of every film fan by his artistry in portraying villain roles. He is seen as a railroad man in "The Love Special" and instead of hisses, applause will be his portion wherever the picture is shown. Agnes Ayres is the leading woman and heads a capable supporting cast.

**THE MERCHANT OF VENICE HERE MONDAY**  
To the students of Shakespeare "The Merchant of Venice," which the eminent actor John E. Kellard is to present at the Pantages Theatre on Monday, when he will open his engagement of two days, holds tremendous interest. The part of Shylock is one of the very best of this skilled actor's characterizations.

"Shylock" is not one of Shakespeare's inventions, but is based, as so many of his characters are, on historical records. The very name "Shylock" he seems to have borrowed from an ancient pamphlet called "Caleb Shillocks" his prophetic of the Jews' Prediction, which, in 1607 a Pepsian ballad was founded. Indeed no other play of Shakespeare allows the student so clearly to trace its sources. The choice of the three caskets is taken from the "Gesta Romanorum"; the argument in the trial scene comes from Silvanus' "Orator" who declares "of a Jew who would have for his debt a pound of flesh of a Christian"; while the elopement of Jessica has been traced to the Fourteenth Tale of Masuccio di Salerno. It is plain from the human qualities with which Mr. Kellard invests the character of Shylock that he has made a close historical study of the play, and that he has imbued his supporting company with the fine literary and historical traditions.

**OYAPELA TO APPEAR IN CHAUTAUQUA**  
Princess Oyapela, granddaughter of a famous Cree Indian chieftain, who will be here next week in Chautauqua, was recently called the Pavlova of the stage in her interpretation of the American composer-impressionist, From north to south and from east to west this Indian maiden has been delighting great audiences with her picturesque, interpretive Indian dances and, as a leg work and reader, she has been designated as one of the most literary minds of her race.

Oyapela, whose American name is Miss Eliota Stidham, is a university graduate and holds the degree of B.A. in addition to her work in the liberal arts she is a graduate in oratory and expression. For years, her famous grandfather represented her tribe at Washington, D. C., and was possibly one of the first Indian Free Masons. An orchestral background rendered by the Leisureance Symphony will support Oyapela in her work on the third afternoon of the Chautauqua.

**PAIN IN THE LOINS DRIVEN OUT QUICKLY**  
That dragging, wearying sort of pain makes life a misery to many people. This pain is due to a passive inflammation of the adjacent tissue. Because every drop rubs in, because it penetrates so deeply. Nervine gives a wonderful result. More powerful because five times stronger, more penetrating because it strikes through soft tissue, more healing to pain. Nervine Liniment should be always on hand. Sold everywhere in large 35-cent bottles.—Adv.

**WILL BE FIRST ATTEMPT TO STAGE OUTDOOR PLAY**  
It is said that about twenty years from now information regarding the Great War will have penetrated to the remote parts of China. Similarly some two months from now the remote parts of Victoria will be hearing that an Al-fresco play has been performed without their knowing it. It is extraordinary how remote some minds can be from the usual sources of information. It is true that Victorians have not the facilities for distributing news which some other countries possess. In India, for example, the fazlars keep everyone informed of the latest news. The Zuluz spread reports of their chief happenings from hill to hill. Twenty-three years ago the Greek play "Danse" or "The Birth of Perseus" and yet there are people who say they have not heard of it.

This Al-fresco production is something entirely new for British Columbia. Victoria is the first city to attempt to stage an out-of-door play. It is probably the only city north of the line that could attempt a classical production of this magnitude, and certainly is the only city that has such a perfect setting in which to present a play.

The early attempts at any big innovation are apt to meet with derision. Was this not true of Marconi's

ADMISSION, 25c.

**BLACK BEAUTY COMING.**  
Vitagraph studios at Hollywood, Cal., became a small city during the filming of the big special production, "Black Beauty," which will be shown at Dominion Theatre next week. A blacksmith shop, school, hairdresser, harness maker, wheelwright, stables, dressmaker, carpenter, electrician, feed store and administration building were among the establishments made necessary by the magnitude of the production. A number of doctors and veterinary surgeons were in constant attendance during the production. A large force of clerks were constantly engaged keeping record of costumes, film, scenes taken, footage used, purchases made and equipment available. A score of location finders searched California for unusual spots and were busy until this film was nearly finished. Director David Smith worked early and late to get unusual effects. Sometimes the company worked during the night, from sunset until sunrise and then there would be a period of working from sunrise to sunset.

With everything moving at record speed it required over four months to produce the big spectacle.

For the first time in four years, Jimmy Aubrey, Vitagraph comedian, is enjoying a brief vacation. Aubrey has been so energetic in making comedies, for the past year particularly, that it is said many of his acquaintances in Hollywood have not seen him with his make-up off for periods of several days. Jimmy Aubrey, comedian, and James Aubrey, just plain person, are about as unlike as a wolfhound and a dachshund. In a movie guessing game recently conducted, the "straight" portrait of James Aubrey was the only one not recognized and identified by contestants.

**KILLED BY BLOOD POISON**  
Used an old razor for paring his corns. Foolish because 25c buys a bottle of Putnam's Painless Corn Extractor, which for fifty years has been removing corns and warts without pain. No failure if you use "Putnam's." Refuse a substitute, 25c everywhere.—Adv.

**Unparalleled Values**  
Most desirable are these new suits; finely tailored, silk lined; shape-retaining. They have that finished appearance of higher priced garments from **\$24.50**  
**THE Famous Store**

RATES FOR CLASSIFIED ADVERTISING
Situations Vacant, Situations Wanted,
To Rent, Articles for Sale, Lost or Found,
etc., 15c per day per insertion. Contract
rates on application.

No advertisement for less than 15c.
Minimum number of words, 15.
In computing the number of words in
an advertisement, estimate groups of
three or less figures as one word. Dollar
marks and all abbreviations count as one
word.

Advertisers who do not desire to have
their advertisements published in the
Office and forwarded to their private
address. A charge of 10c is made for this
service.

Birth Notices, \$1.00 per insertion.
Marriages, Card of Thanks and
Memorials, \$1.50 per insertion. Death
and Funeral Notices, \$2.50 for 1, 2 or 3
insertions.

BIRTHS, MARRIAGES AND DEATHS

DIED.
MORTON—On May 9, at the Victoria Pri-
vate Hospital, Alexandra Catherine
Morton, born in Scotland, and a resi-
dent of this city for the past ten years.
The deceased was the dearly beloved
sister of Mrs. A. Campbell and Mrs.
W. Walker, of this city, and Mrs. G.
Weatherly, of Sidney, Australia,
also three brothers in Scotland.
The funeral will take place on Friday,
the 13th inst., at 2 o'clock, from her as-
sistant, Mrs. A. Campbell, 424 South
Turner Street. Interment will be made at
Cox Bay Cemetery.

CAISSON SINKING PROVES SUCCESS

Sangster Defends Bridge Policies; Answers Criticism

At 3 o'clock this morning the big caisson, which recently listed into the mud of the Inner Harbor on the site of the new Johnson Street Bridge, sank slowly into level position. During the night workmen carried on dredging operations under one side of the caisson so that the huge box would sink further into the mud...

BEGAN HIS CAREER IN THIS COMMUNITY

Famous Theatrical Producer Started Record Here

The recent illness of David Belasco evokes memories of a man who, during his lifetime, has occupied probably the greatest niche in the annals of any other individual in the world, and a man who first got his start in the "show business" in British Columbia at a tender age.

LAWS TO PROTECT WATERSHED AREAS STRONGLY URGED

Waterworks Expert Wants City's Water Supply Advertised

More stringent laws should be passed in British Columbia to protect watershed areas and preserve the purity of water supplies, Ernest H. Halls, Secretary of the Esquimalt Waterworks Company, told the Rotary Club at its weekly luncheon to-day.

Should Advise Facilities

The city's large pure water supply, said Mr. Halls, is not so generally advertised in publicity matter distributed to boost the city. The present waterworks equipment, he stated, is sufficient to provide a population of half a million people with an adequate water supply.

OBITUARY RECORD

The death is announced at Concord, California, on Wednesday, of Marian (Clary) Goode, the seventeen-year-old daughter of Mr. and Mrs. William Goode, 2155 Washington Avenue. The young girl, who was well known in Victoria, being a native daughter and educated at St. Ann's Convent, died of pneumonia.

The death occurred at the Victoria Private Hospital yesterday of Mrs. Annie Atkinson, for the past fourteen years resident in this city. Mrs. Atkinson was born in Newcastle, England, but came to Canada seventy years ago. Recently she had made her home with her nephew, Robert W. Gibson, of 1530 York Place, Oak Bay.

The funeral took place yesterday afternoon at the late James Clark, who died on Sunday. The Rev. Thomas M. Culligan officiated at the service held at the Thomson Funeral Home, the hymns sung being "Nearer My God to Thee" and "Love Abiding".

The funeral took place yesterday afternoon from the residences on Bank Street of Francis Edmond Brassard, the baby son of Mr. and Mrs. G. J. Brown, a victim of the influenza epidemic which recently covered the city. The pallbearers were as follows: W. Miller, G. Litner, J. Davis, H. Johnson, F. Field and W. Inglis.

A shipment of thirty-three tons of ore from the Sally mine at Beaver Creek, which is being transported by the Trail smelter for the last nine days of April. This is the first time the Sally has shipped this year to date to 140,094 tons.

NEW FIRM OPENS PHOTOGRAPHIC STUDIO

An addition to the photographic studios which attend this city, when Messrs. Wheeler & Fort opened a studio for portraits and commercial photography in premises on the corner of the Moody Block, corner of Yates and Broad Streets. J. W. Wheeler, senior member of the photographic firm in London, England, for the past twenty years, and has had a wide kind of commercial photography. H. P. Fort, the junior member, is a native of this city and was a member of the city's first photography club.

JAPAN'S TRADE REACTION

The cumulative effects of depression in the world's markets, so reports one of the Oriental banks, particularly affected Japan, owing to the very exceptional expansion of her foreign trade during the four or five preceding years, and were fully felt by April, when something in the nature of a crisis might well have overtaken the country. There was, indeed, a Stock Exchange crisis, culminating in the closing of the exchange over a lengthy period, which changed over a lengthy period, which changed over a lengthy period...

GOOD ROADS MEN URGED TO COME TO THIS CITY

Halifax, May 12.—An invitation to the Canadian Good Roads Association at its convention here to hold its next annual convention in Victoria, B. C., was extended by Mayor R. J. Porter, of that city.

WATER SUPPLY FOR COURTENAY

Courtenay, B. C., May 12.—The city of Courtenay last night accepted a tender of the B. J. Ryan Contracting Company, of Vancouver, for a water supply at a cost of \$78,700, with ten per cent. for contingencies, or \$81,760. The scheme provides for the obtaining of a supply from Brown's River, a mountain stream four and a half miles away. The price is to cover all expenses, including liabilities incurred in payment of the purchase of the right-of-way.

NEWS AND NOTES OF THE MINES

Premier Tramine Work has started in a small way on the actual construction of the Premier tramine at Stewart, and according to P. H. Graham, who has charge of the installation, there will soon be from 150 to 200 men employed on the line.

The cumulative effects of depression in the world's markets, so reports one of the Oriental banks, particularly affected Japan, owing to the very exceptional expansion of her foreign trade during the four or five preceding years, and were fully felt by April, when something in the nature of a crisis might well have overtaken the country.

Mr. Graham has been building trams for the Riblet people for the last twenty-five years, and although making his home in Spokane he is acquainted with it. His last work was constructing a tram to the sulphur deposit at Unimak Pass, for a Chicago company.

Lumber is a big item in the tram construction, it being estimated that a million feet will be used. This will keep not only the Hyder mill but the Lawrence & Workman mill at Stewart kept up to a little extra speed for a while.

There will be 150 ordinary towers built, the timber for which can be secured on the ground. In addition twelve tension towers will be necessary. An ordinary tension tower takes about 13,000 feet of lumber. Then there are the three angle struts and the two terminals, making wouldn't ask you to.

CHANGES IN PRISON SYSTEM OF DOMINION

All employment in the penitentiaries would be classified under six heads, according to the skill and capacity entering into them.

The report contains suggestions for the establishment of schools in the penitentiaries, the compulsory education of illiterates, the improvement of libraries and a general increase in the prisoners' knowledge through use of scientific books and approved newspapers.

The report recommends a regulated distribution of tobacco, as the members of the committee are of the opinion that it will improve generally the regime of the institutions and greatly increase efficiency.

FRENCH AWAIT ACTION BY THE NEW GERMAN GOVERNMENT

Essex, May 12.—Announcement of the acceptance by the German Government of the Allied ultimatum was received here with rather mild interest.

The general impression is that France will not be satisfied with the signature but occupy part of the district as a guarantee.

NEW APPOINTMENTS

Fred Fraser, stipendiary magistrate for Cariboo, has been appointed judge of the Small Debt Court for Fort Fraser and the district within a radius of twenty miles. It is announced to-day by the Provincial Secretary's Department.

The appointment of J. G. Barber, marriage registrar, and Frederick G. Bews, issuer of marriage licenses, have been cancelled.

Mrs. Peck: "If I had my life to go over again, I wouldn't marry the best man alive." Mr. H. Peck (his chance at last): "You bet, you wouldn't."

Looking back over theatrical history Belasco has brought to the fore many distinguished performers perhaps than any other man in his line of business. His memoirs of "Looking Back Fifty Years," published about a year ago, proved a revelation to many who thought they knew the theatrical book from cover to cover. In 1887 he presented E. H. Southern in "Lord Chumley" scoring for the sterling actor his first great success. Then followed his presentation of Mrs. Leslie Carter in "The Heart of Maryland," a play which the star has been long off the boards but which is now being

filmed for screen purposes. Followed then among other notable successes "Madame Butterfly," "The Auctioneer," with David Warfield, "Du Barry," and "The Darling of the Gods" piled up the box office receipts and actors everywhere began to look upon Belasco as the open sesame to success. Henrietta Grossman in "Sweet Kitty Bellairs" was under Belasco. "The Brewster" was another one of his later successes. In 1911, and many adaptations were credited to him. His life, crowded with bustle and excitement, has been a charm, yet it is said of him that no matter how busy he might be he is always ready to extend a sympathetic hand to aspiring artists of the stage. He has as brother, Frank Belasco, now in New York. Another brother, Fred Belasco, died about two months ago in San Francisco, strangely enough from the same malady, pneumonia, that threatened to snuff out the life of David Belasco.

SHAREHOLDERS HAND OVER GRAND TRUNK

Tapped. Sir Alfred then proceeded to say that the Government started the transcontinental railway while Belasco was not only allowed but was subsidized to build right into territory which the Government had encouraged the Grand Trunk to occupy. The Canadian Pacific Railway also was allowed to enter into Grand Trunk territory.

The chairman then dealt fully with the report of the earnings of the Grand Trunk and ascribed its present position to lack of an increase in rates.

"We only decided to recommend the new contract after Premier Meighen's letter recognizing fully our right of appeal," said Sir Alfred.

The directors, in view of the rejection of evidence of the physical value of the company's properties, are of the opinion that the arbitrators were not in their own right, and so the directors believe an appeal is justified.

Further progress was made this morning in the completion of arrangements for the tour of commerce excursion to Port Angeles next Wednesday, May 18, the special committee dealing with this matter having met this morning.

GIVES JUDGMENT IN QUAGLIOTTI CASE

The amount of duty in part as an act of grace and bounty, in view of the fact that the Quagliotti estate is now nearly worthless, if not entirely sold.

In his judgment His Lordship says: "Upon the application for probate, the defendant Quagliotti in his affidavit declares, it is so admirably fitted for the nurses' requirements that had the architect received their specific instructions he would have designed and thereupon erected a satisfactory building. Tea and some delightful instrumental music add their attractions to the afternoon's proceedings."

A capable and enthusiastic committee of ladies were in attendance at the hospital proper to show visitors the salient points of interest in the work of the Order. The greatest possible interest was evinced by the administration expressed of this excellent organization assembled in the service of suffering humanity.

The Women's Auxiliary of the Provincial Royal Jubilee Hospital committee of ladies were in attendance at the hospital, and report a gratifying response to their yesterday's collection at Spencer's Douglas Street entrance.

The Victorian Order of Nurses' Home on Rockland Avenue was entertained this afternoon, when the members of the Victoria Graduate Nurses' Association were in attendance at a delightfully arranged silver tea.

Washington, May 12.—The birthday of Florence Nightingale, pioneer of modern nursing, is celebrated to-day as a "National Hospital Day" in nearly 6,000 hospitals throughout the United States and Canada. Those who cannot visit their own hospitals to-day might "say if with flowers or smokes," the public health bulletin said.

Years afterward Abraham Belasco, his father, returned to California and took up residence in San Francisco, alternating with Los Angeles and following the show business. It was then that David began to push into the profession which he followed with such distinguished success and which finally landed him at the top of the theatrical peak. Old timers who have known David Belasco since he was a young boy in the coast cities for the past half century will recall the old Baldwin and the Metropolitan in San Francisco. Belasco was scarcely turned twenty when he was made manager of these houses in succession, the best of their kind of that day. Success followed upon success, and his advent into New York, the centre of the American stage, followed modestly as a matter of course. He became manager and lessee of the Madison Square Theatre and "Sage" Madison Square, something out of the ordinary in those days for a young Lochinvar come out of the west. Managerial duties began to produce aspirations, and in this line of endeavor he was singularly successful. A few years ago building the Belasco Theatre, for his own special needs as a producer, and which he now owns and controls.

LESTER PATRICK - NEW ROTARY HEAD

Started Big Business on Coast. Displaying a remarkable confidence in cities with which they were not familiar, the Patricks formed the Victoria Victoria hockey team, which succeeded in winning the Pacific Coast Hockey Association was formed Lester Patrick assumed the management of the Victoria rink and the Victoria hockey team, which he succeeded in piloting to the world's championship. Both he and Frank Patrick starred on the ice themselves for a number of years. Lester Patrick is seldom seen in hockey uniform now. Besides his connection with the Arenas Company, Mr. Patrick is a partner in the real estate firm of Strickland, Swain and Patrick, of Douglas Street.

Mr. Patrick has been a director of the Rotary Club for just over one year and one of the leaders of its boys' work campaign. He is one of the youngest men who has held the Club gavel, being well on the sunny side of forty.

WILL SPEAK ON VICTORIA'S NEEDS

Lillooet, Peachland, North Vancouver, Burnaby, Cowichan, Prince George, Fort Mission, Port Alberni, Kelowna and Okanagan, Pitt Meadows, Atlin, Duncan, New Westminster, Sooke, Haney, Port Hammond, Victoria, Esquimalt, Invermer, Delta, Richmond, Port Comquhar, Essondale, Matsqui, Sumas, Abbotsford, Maple Ridge, Mission City, Mun. of Kent, Chilliwack, Hoquiam District, Langley, Mun. of Surrey.

Further progress was made this morning in the completion of arrangements for the tour of commerce excursion to Port Angeles next Wednesday, May 18, the special committee dealing with this matter having met this morning.

The committee under the chairmanship of O. B. Fleming dealing with membership in the Made-in-B.C. campaign has been busy interviewing all local manufacturers and meeting of the committee was held this afternoon.

NATIONAL HOSPITAL DAY CELEBRATED HERE

comfortably appointed Home for Nurses, at Osborne Court, closely adjacent to the hospital. This home, the Sisters declare, is so admirably fitted for the nurses' requirements that had the architect received their specific instructions he would have designed and thereupon erected a satisfactory building. Tea and some delightful instrumental music add their attractions to the afternoon's proceedings.

The Women's Auxiliary of the Provincial Royal Jubilee Hospital committee of ladies were in attendance at the hospital, and report a gratifying response to their yesterday's collection at Spencer's Douglas Street entrance.

PLANNED DYNASTY AND BIG WAR

(Continued from page 1.) Their headquarters, the police found in their secret temple 2,000,000 yen in specie and several hundred swords. In the residence of Wanasubara Deguchi, adopted son of the woman who was the founder of the cult, and found chests laden with diamonds and rubies valued at \$1,000,000. Firearms were also found stored in the building, the police assert.

The spread of the "Omotokyo" heret among all classes in the Empire has been regarded as a national menace and account of its sensational teachings. These have included the necessity of war with the United States, and declarations that Japan is destined to attain dominion over the entire world.

The workers sent out by the cult have declared that failure of the nation to adhere to "Omotokyo" as the revealed religion would mean the total destruction of Japan in half a century.

S. S. Taylor, K. C. appeared for the Crown. H. B. Robertson for the U. S. Fidelity Company, and F. C. Elliott, for Lorenzo J. Quagliotti.

There had been a most unprecedented boom in real estate shortly prior to the death of Mr. Quagliotti during which absolutely unheard of values were put upon real estate in every part of the city of Victoria. The value in the inventory were based upon those inflated prices, probably through the natural unwillingness of owners to admit even to themselves that the boom was over and the values of the city were suffering and it is still suffering from the effects of "Wild Cat" speculation of those days.

"I would as respectfully suggest that the form of the bond given in cases of this kind should be remodelled and that some provision should be inserted in the Statute for the payment of duties paid upon property, which it is afterwards discovered has no value or has entirely disappeared, such provisions are to be found in the Statutes of other provinces."

Ottawa, May 12.—Negotiations between the master printers and their employees in the job printing plants here, failed to result in an understanding as to the new agreements to take the place of those existing.

HOW SILVER MARKET AFFECTS CHINA

Conditions in Far East Have Brought About Decline in Price
Reviewing the situation on the silver market of the East, the chairman of the Hongkong and Shanghai Banking Corporation in its recent meeting at Hongkong pointed out that the cessation of the demand for exports found China moderately well supplied with silver, and during the latter half of the year he was not able to absorb what was offering. India was in the same case, and no Government in the world was making fresh issues of silver coinage.

News of Markets and Finance

STOCKS SUBJECT TO FURTHER PRESSURE

New York, May 12.—The steel market was quite active again today, selling being continued in the steel group, and had the tendency to expand the selling movement to other departments of the steel industry.

TO-DAY'S EXCHANGE

(Burdick Bros., Limited.)

CHICAGO GRAINS SHOW LITTLE CHANGE

(By Burdick Brothers, Ltd.)
Chicago, May 12.—The market showed no particular movement here today and closing prices were little changed from yesterday's finishing levels.

NEW YORK HAS BOOM IN SMALL BUILDING

Tax Exemption Law Results in Big Increase in Homes
New York, May 12.—Building records in the five boroughs show that the building of apartment houses has increased more than 450 per cent since the tax exemption ordinance went into effect, compared with the same period last year, according to a statement by President Henry H. Curran of the Borough of Manhattan, who made public the figures.

THE ONE REASON

The one reason we will never see Utopia on earth is because Utopia is the place where everyone minds his own business and there is no gossip—Minneapolis Better Way.
Jangs: "Yes, sir, I have had some strange experiences and witnessed some moving scenes—very moving indeed." Jackson: "Oh, are you a detective?" Jangs: "No, I'm a scene-shifter at the theatre."

TO-DAYS TRADING IN WINNIPEG MARKET

Winnipeg, May 12.—The October future was opened at 117 1/2, local market to-day and the first quotation on the wheat list was made later, but at the close it dropped to 122 1/2.

To Buy or Not to Buy? There Can Be No Question!

EVERY time you spend a dollar for advertised goods you create employment for somebody.
Every time somebody else spends a dollar for advertised goods they create employment for somebody—maybe for you.
That may sound far-fetched, but if you reason it out you will find that it is so. The world revolves upon industry.
That which creates industry is the consumption or wearing out of goods, and the buying of other goods to replace them.
Without industry, the world would stagnate.
Without steady, persistent buying, industry would cease.
Those who refuse to buy at the present time, because of a false impression regarding values, or for some frivolous reason, retard industry, and by so doing impair the prosperity of themselves, the community they live in and the country at large.
The important thing to remember is, to buy from those who advertise in this paper. These merchants and manufacturers have faith and they are backing their faith with money to stimulate industry and prosperity.

MORE REPORTED AT WORK IN CANADA

Week Ended April 16 Showed Employment Improvement
Ottawa, May 12.—(Canadian Press)—A further improvement in reported employment. For the week ended April 16, Dominion headquarters of the Employment Bureau received reports from 5221 firms with 608,946 workers on their payrolls.

BUY NUGGET!
The Gold Mining Industry is now rapidly coming back to normal conditions. Wages and working costs have fallen, while the value of the product has not depreciated.
The Nugget Gold Mines, Limited, has now completed final arrangements for the commencement of mining operations, which start next week (May 15). With approximately 900 tons of ore in the stopes already broken, and the engagement of a double crew of workmen, naturally indicates that extensive operations are about to commence. We strongly advise the purchase of Nugget around the present price of 12 1/2 cents per share. It will show a substantial appreciation during the current year.
We will be glad to furnish all particulars upon request.

This tract which occupies the valley south of Vaseaux Creek to the international boundary, including

### THOSE NASTY LITTLE PIMPLES

That Come On The Face Are Caused By Bad Blood.

Many an otherwise beautiful and attractive face is sadly marred by the unsightly pimples and various other skin troubles, caused wholly by bad blood. Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost, and the possessor rendered unhappy for years. Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends. There is an effective remedy for these facial defects and that is Burdock Blood-Bitters, the old-reliable medicine that has been on the market for over 40 years. It drives out all the impurities from the blood, and leaves the complexion clear and healthy. Mrs. James Williams, Waterford, Ont., writes: "My face was covered with pimples for nearly a year. I used different kinds of remedies to get rid of them and finally thought there was no relief. A friend dropped in one day and told me I should try Burdock Blood-Bitters. I did so and used three bottles, and found the pimples were all disappearing from my face, and now I have a clear complexion again." B. B. B. is manufactured only by the T. Milburn Co., Limited, Toronto, Ont. (Adv.)

### BOARD DEALS WITH REALTY PRACTICES

#### Schedule of Fees Recommended: "Own Your Own Home" Campaign

A largely attended and enthusiastic meeting of the Victoria Real Estate Board was held in the Belmont Building last night, the meeting having been thrown open to all real estate dealers and all real estate members of the organization or not. The meeting began promptly at 8.30 with President Alfred Carmichael in the chair, and the evening was spent in passing upon the scale of commissions and fees recommended to be charged in connection with realty transactions. The items dealt with included sales, commissions; Land Registry fees; rental fees; fees for securing tenants for business and residential properties; fees in connection with mortgages; payments of taxes and valuations. Further progress was reported in connection with the arrangements for a luncheon next week, at which it is planned to formulate a programme for the "Own Your Own Home" campaign, in connection with which it is intended to encourage the building and purchasing of homes in preference to renting. The Board decided to invite the architects and contractors of the city to send representatives to the luncheon to give information as to present conditions as compared with pre-war days, believing that expert opinion will show that homes may be built as reasonably now as before the war. An answer has been received to the effect that such representatives will be present at the luncheon.

### DISTRICT MEETING PREPARE FOR NEXT WEEK'S CONVENTION

The annual meeting of the Victoria District of the British Columbia Methodist Conference was held yesterday in the Fairfield Methodist Church, with Rev. W. J. Sipprell, D.D., chairman of the district, presiding. The following ministers and lay delegates were in attendance: Rev. W. J. Sipprell, D.D., and Arthur Lee, of Metropolitan Church; Rev. J. L. Batty and R. Beard, Centennial Church; Rev. R. M. Thompson and W. Beattie, Wesleyan Church; Rev. W. C. Mawhinney and A. P. McDowell, James Bay; Rev. R. Wilkinson and H. Leppington, Belmont; Rev. S. Cook and C. Green, Fairfield; Rev. W. E. Duly, L.L.D., and H. L. Briggs, Hampshire Road; Rev. E. B. Glass, B. J. Foxall and John Crowe, Garden City and Oaklands; Kwan Yu Nam and J. Wong, of the Chinese Mission; S. Nakayishi and J. Iwanmi, of the Japanese Mission; Rev. J. H. Robinson and W. E. Buckingham, Esquimalt; Rev. C. M. Tate and Alex. Morrison, of the Indian Missions; Rev. D. M. Perley and I. Lehman, Wilkeson Road; Rev. F. G. Smith and A. McDonald, Sidney; Rev. B. Black and W. M. Mounal, Salt Spring; Rev. A. E. Stephenson and John Baker, Cowichan and Shawnigan. Satisfactory reports were given from the various fields, showing a

### EXPERIENCED MOTHERS Know How Necessary It Is to Keep the Blood Rich and Pure

Out of their experience thousands of mothers know that anaemia is the sure road to worse illa. They know the difference that good red blood makes in the development of womanly health. Every headache, every gasp for breath that follows the slightest exertion by the anemic girl, every pain she suffers in her back and limbs are reproaches if you have not taken the best steps to give your weak girl new blood. The case of Miss Jessie MacNeill, Dominion No. 1, N. S., shows the value of Dr. Williams' Pink Pills in building up the blood in cases of anaemia. Miss MacNeill says: "For nearly two years I was a weak, sick girl. Sometimes I would be confined to bed for a week or more at a time. I had no appetite, was very pale and if I walked quickly across the room my heart would flutter terribly. The best work would leave me utterly tired out. I had tried several medicines, but they did not do me any good, and I was much discouraged. Then I read in a local paper of Dr. Williams' Pink Pills, and I decided to try them. After taking a few boxes I felt a lot better, continued their use for several months. The result is that I am feeling fine; have a good appetite and sleep without feeling tired and depressed. In view of my experience I think Dr. Williams' Pink Pills a safe medicine so recommended to young girls. You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont."

net increase in the membership in the district of 122, with 85 more received on probation during the year. There was also a marked improvement in finances. The following lay delegates were elected to represent the district at the annual conference to be held next week: H. Macdonald, Gen. Bell, Arthur Lee, of Metropolitan; R. Beard, W. N. Mitchell, of Centennial; J. McGuire, Wilkeson Road; A. J. Daniels, Wesley; J. C. Kyle, Fairfield; A. M. McDonald, Sidney; E. Nicholas, Hampshire Road; W. N. Mount, Salt Spring; John Baker, Cowichan Road; Hong, Chinese Mission; W. E. Buckingham, Esquimalt; A. A. P. McDowell, James Bay; J. Iwanmi, Japanese Mission; W. Beattie, Belmont; W. Beattie, Wesley. Six alternate delegates were also chosen: Dr. Raynor and W. B. Deaville, H. L. Briggs, N. Shakespear, E. H. H. Charlton. Rev. R. Wilkinson will represent the district on the stationing committee, with Rev. S. Cook as reserve.

### LIFE INSURANCE PROGRESS IN CANADA

#### Steady Advance Is Made in Business Campaign of Education

Life insurance in Canada has developed at a very rapid rate in the past few years—in fact more than doubled in value. The total claims amounted to two and a half million dollars, but the influenza epidemic proved many times more deadly than war, for in six months—October 1918 to March 1919—the claims amounted to fifteen million dollars. This insurance money going into the families so bereaved has been of untold benefit. These facts have greatly emphasized the benefit of life insurance. They have also impressed every person with the uncertainty of life and human affairs, bringing them to the serious consideration of life insurance—which guarantees a cash estate at death to carry out the plans for one's family or business interests. Life insurance is also a proof of the fact that never in its history in Canada has a single policyholder lost a dollar through the failure of any company. But even yet it cannot be said that the public generally appreciate the universal application that life insurance has to practically every relationship of life. For this reason a campaign is being conducted through the daily press to educate the public to the true function of life insurance and to create a further desire for life insurance by showing its adaptability to their many needs. The advertisements will appear over the signature of "Life Insurance Education" organization embraces the Canadian Life Insurance Officers' Association and the Life Underwriters' Association of Canada, and the story will be of great interest.

The first advertisement, "Life Insurance," tells somewhat of the extent of life insurance and the appreciation of the people of Canada for the service it affords. There is over two and a half billions of life insurance in force in Canada. Some conception of what this means is revealed by the fact that it would provide for 350,000 widows and orphans for twenty years, it would purchase 625,000 homes at \$4,000 each or it would furnish education for over a million children allowing \$2,500 for each child. It takes an expert teller thirty days to count a million silver dollars and it would take him over 250 years to count two and a half billion dollars, the amount of life insurance in Canada. Also figuring will show that there have been slightly over a billion minutes since the birth of Christ—and life insurance in Canada only dates back seventy-five years. Besides providing this protection to the homes and businesses of thousands of persons whose lives are insured, life insurance performs another important function for Canada in developing the country through the investments of its funds. The premiums received from the policyholders are immediately set to work, being invested in Dominion and Provincial bonds, farm mortgages, railway securities or in other ways that to build up Canada and make it a better place in which to live. The history of life insurance and the development of Canada have been interwoven to no small extent.
