EIGHT HUNDRED SOCIAL SERVICE CASES DEALT WITH

Year's Record of Splendid Effort by Local Committee

A decision to start on an immediate campaign to bring a trained social service worker to Victoria was reached at the annual meeting of the Social Service committee held in the Y. M. C. A. yesterday afternoon. Those present were most enthusiastic over the work which has been accomplished during the past year, and were optimistic as to the success of the programme planned for the coming year.

In her annual report, Mrs. J. D. Hallam, the secretary, stated that the workers had paid upwards of 800 visits in the interest of preventive and remedial work during the past year, while fifty family difficulties were adjusted. Reference was made to the mentally deficient cases which have proved among the most difficult problems the workers have to handle. The report also showed the appalling number of 'teen-age girls coming under the committee's care. In one month alone five cases dealt with were girls between the ages of 11 and 21 years. In these cases the Girls' Club has proved itself invaluable.

Emphasis was laid upon the necessity for a more general understanding of all that Social Service implies before real constructive work can be accomplished in the city.

Officers Elected.

The election of officers resulted in the re-election by acclamation to the office of president of the Rev. J. L. Barry, to whom a warm tribute was paid for carrying on in spite of failing health. Mrs. McEwan was appointed first vice-president, with Miss Crease as second vice-president. Mrs. F. M. Hallam was re-elected secretary. The executive council of the association will consist of the above-named officers and Mrs. Schofield, Mrs. P. Gougel and Rev. A. deB. Owen.

The committee passed votes of thanks to the Y. M. C. A. for the use of its rooms and to The Times and Colonist for courtesies extended.

GRADUATES OF ST. JOSEPH'S HELD ANNUAL DINNER

Mrs. Angus Campbell Guest of Honor at Last Night's Reunion

In accordance with the graceful custom of past years, the 1922 graduating class of St. Joseph's Hospital held its annual re-union dinner, followed by a dance at the Empress Hotel last evening, with Mrs. Angus Campbell as the guest of honor. Dinner was served in the private dining-room, which was prettily decorated with a profusion of Spring flowers, golden daffodils and greenery forming the attractive centerpiece.

At the commencement of the proceedings, Mrs. Campbell read a number of telegrams from absent members, sending cordial messages of greeting and expressing regret at their inability to be present.

The graduates present were the Misses Margaret Lewis, Mae Tripp, Thelma Steele, Aileen White, Margaret McKenzie, Gertrude Rich, Olivia Scaplen, Mrs. Harold Johnson (Vancouver).

Among the guests were Mr. and Mrs. Alex. McElmermont, Dr. and Mrs. Bryant, E. W. McMillan, Mr. and Mrs. S. Roberts, Dr. and Mrs. Stuart, Dr. Briggs, Dr. Moore, Mr. and Mrs. Angus Campbell, Dr. Duck, Dr. Stuart Kenning, Dr. and Mrs. Fowler, Dr. Keys, Mr. and Mrs. Harold Johnson (Vancouver), Mr. and Mrs. Stanley Sehl, Messrs. J. Laurence, C. Styles, E. McIntyre, W. Williams, D. Goehman, R. Sargent, D. Taylor, McEwen, McEwan, Flett, Sherratt and the Misses A. Decker, Inez Lewthwaite, Gladys Croft, Connie Scott, Florence Sehl, Helen Johnson, P. Wilkinson, I. Middleton, D. Tripp, G. Ledingham and others.

At the conclusion of dinner the happy gathering was augmented by about one hundred of their friends and dancing to the strains of Heaton's orchestra was enjoyed until one o'clock.

WOMEN'S CANADIAN CLUB BRIDGE TEA

Only Twenty Tables Left for Function of April 20

Twenty tables have already been reserved for the bridge-tea which the Women's Canadian Club will hold at the Hudson's Bay Co. store, by kind permission of the management, on Thursday afternoon, April 20. Only twenty more tables are available, owing to limited accommodation and players desirous of reserving tables for parties should make application without delay to Mrs. C. W. Bradshaw, 466½ St. or to Mrs. Percy Elliott, 591½ St. It is now many months since the club entertained at a bridge-tea and the affair promises to be one of the most attractive affairs of the season.

At the club's meeting on Tuesday afternoon next, Mrs. Zimmerman, wife of Professor Zimmerman of the University of Wales, will be the speaker, groups of songs. At the conclusion of the meeting afternoon tea will be served in the ballroom.

PRINCESS RETURNS FROM HONEYMOON

Paris, April 8.—Princess Mary and her husband Viscount Lascelles, left Paris at noon today for London, their honeymoon trip on the Continent having been completed by the end of the last few days in the French capital. They were accompanied by the Earl and Countess of Granard, at whose home they stayed while here, and by the former Princess Patricia and her husband, Captain Ramsey.

Women of the South Sea Islands dance sitting down, merely waving their arms.

URGES REFORM IN INHERITANCE ACT

The Liberal Women's Forum Heard Address by J. B. Clearhue, M.P.P.

A comprehensive survey of the Administration of the Inheritance Act, showing the course of the descent of the property of an intestate, was given before the Liberal Women's Forum, yesterday afternoon by J. B. Clearhue, M. P. P.

Mrs. Clearhue laid emphasis upon the difference in the distribution of personal and real property of an intestate, remarking that the distribution of real property, as at present constituted under the Act in question, placed women at a distinct disadvantage. He expressed the belief that the distribution of real property in the case of an intestate should be the same as that of the personal property, and that where there are no children the wife should receive all instead of only one-half as at present. The speaker also went into the details of the different courses of descent according to the degree of kinship and also spoke of the need of modern dowry rights for the women of British Columbia.

Walter Scott, the new president, was in the chair and there was a large attendance of members, while many new members were enrolled during the afternoon. Mrs. Wallace Whidden delighted the audience with her vocal solos.

Legal Council of Women.—The Local Council of Women will hold its monthly meeting on Monday afternoon, commencing at 2 o'clock. Much important business will come up for discussion and the reports of the special committees on education and the care of sub-normal children will be received.

B. C. POULTRY ASSOCIATION IN SESSION HERE

Second Poultry Census to Be Held in June

An executive meeting of the B. C. Poultry Association was held in this city yesterday, the following being present: Rev. C. MacDiarmid, Mission; President, Mrs. Motley, Kam-ling; Mr. Wilson, Vancouver; Mr. Blackstock, Victoria; J. R. Terry and Miss Leighton.

GAINED OVER 20 LBS

Consumptive Condition Restored to perfect Health.

"An attack of 'flu' in the fall of 1918, left me in such a weakened condition that I could not walk across the kitchen, and for nearly two months I spit blood. My neighbours as well as myself thought I was in the first stages of consumption. My weight when I first took sick was 120 lbs., and I shrunk from that to 98 lbs. On the recommendation of my druggist I began to take Carnol. Before finishing the first bottle I felt a marked improvement. I then took four bottles and my improvement was so marvelous that, at the end of six months, I gained in weight—the most I ever weighed in my life. I can safely recommend Carnol to anyone in a run down condition, as being the best as well as the most palatable tonic on the market today. My little girl of eight years took a course in the head and chest and was so bad she could scarcely breathe. I gave her Carnol in hot water and the next morning she was able to get out of bed for the first time in several days. I know Carnol will do for my little girl—worked miracles."

thanking him for his work, and also elected him a life member of the Provincial Poultry Association. Mr. Neill's speech at the conference showed a keen grasp of the difficulties of the poultry producers in this Province arising from the unfair competition of imported eggs.

certaining all such members of the International Poultry Investigators Association as may pass through this Province on the way to the International Convention in Corvallis, Ore., in July.

SUMMER MUSIC COURSE

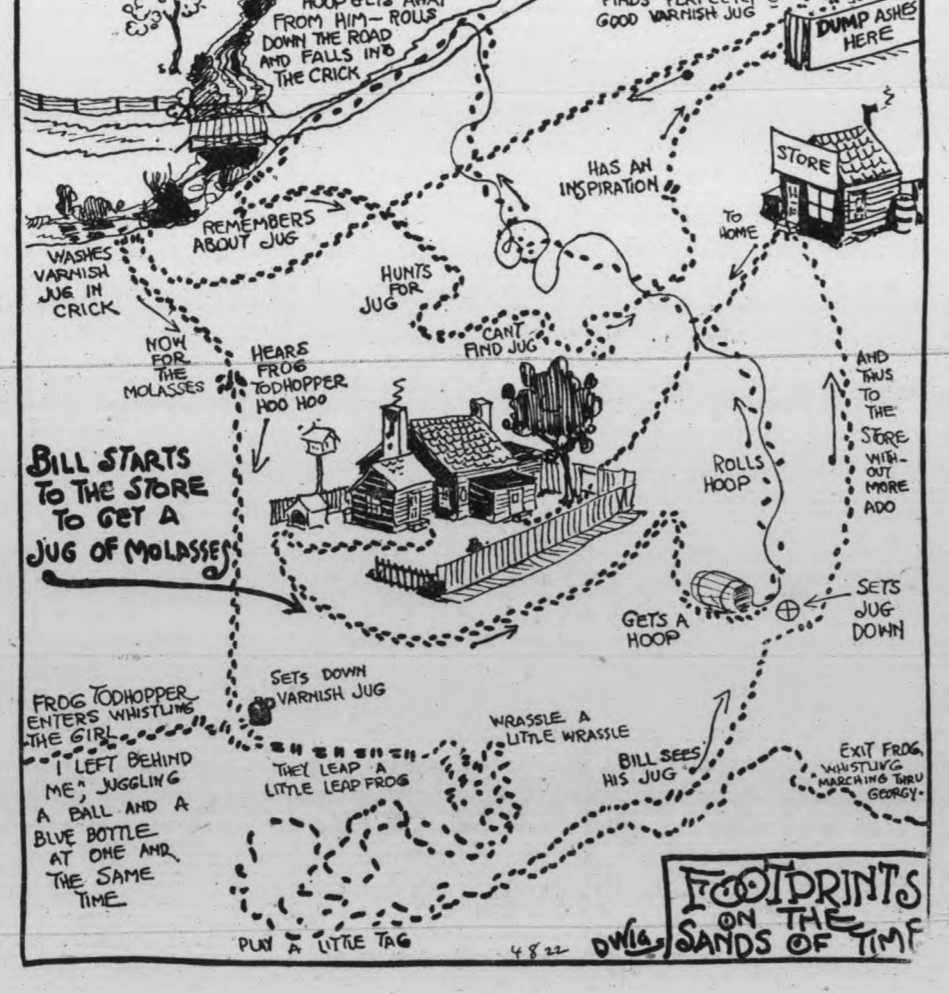

Among the Summer classes held by many of the biggest artists of the day during the Summer months, it is noticed that a Summer course lasting five weeks, commencing July 17, and embracing composition and the piano-forte is announced by Louis Victor Saar, pianist-composer, to be held on the coast at Portland, Ore.

SCHOOL DAYS By DWIG

HEADS THAT ACHE AND PAIN

It is hard to drag along with a head that aches and pains all the time. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some arrangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.

BURDOCK BLOOD BITTERS

which has been on the market for the past forty years, removes the impurities of the blood by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.

to do Oscar's admiration for the 'gobs with short skirts' for the 'Was Aunt Tres right? Was every man kin in his admiration for woman?' She thought of the puniness of Oscar with the warted nose and mentally compared him with the stalwart Colin. She shuddered. This line of thought was less majestic.

"I'm hungry as a bear," said she, when again fully clothed. "I would like to stop a second at Franklin Simon's across the street to buy some gray gloves to wear with this costume. I adore their gloves, don't you?"

"Yes, dearie, I do, but at this moment I would prefer refreshment. We will return later for the gloves. We will jump in a cab and go to the Ritz for a bite. We could go to the Waldorf or some other place nearby, but I prefer the Ritz—it always seems so calm and peaceful there. It is bright and yet not garish and the servants have been so delightfully trained."

They were seated in the gold and rose tea room of the Ritz-Carlton Hotel awaiting their salad and tea. The orchestra was playing a weirdly attractive attractive selection.

"What is that they are playing, Neata?" asked Mrs. Ribesdale. "I hear it every place. Yesterday I was passing a store where musical instruments are sold. A great crowd thronged the sidewalk. At first I believed an accident had occurred, but when I arrived opposite the door of the building, I discovered that the people were listening to a victrola on which was a record playing that tune."

"It is 'Whispering.' It is very popular," Neata informed her aunt. She glanced about at the pretty girls in their new Autumn frocks. Two giggling school girls sat nearby. They were elated over the darling 'fif' which had gained them freedom for the afternoon. By solemnly declaring that they must meet their 'cousin from the country,' they had been allowed to leave school for half a day. . . . and had spent the

time in seeing a matinee and now were enjoying their ices as though they fed on nectar. I have never seen such unusual and altogether fascinating styles as are now being displayed. That again proves my contention. What use would there be to have exquisitely shod feet if skirts were so long that your pedal extremities were hidden from view? Don't you see there is a reason for all this. . . . They are for our adornment and man's approbation. . . . And the man who is too old or too crabbed to enjoy seeing a lovely woman beautifully garbed is either too old to live or has already mentally passed away.

"Do not argue any further, I implore you. Decide to have the frock that length. You were never unconventional and, though it sounds paradoxical, the short skirt is conventional." Neata bowed to the greater wisdom of her relative.

As she nimbly stepped out of the dress, which the seamstress caught, presenting it from touching the plain-strewn floor of the fitting room, the thought of Nancy Lane and her tale of heartbreak passed through Neata's mind. She remembered how Nancy had told of Oscar's admiration for the 'gobs with short skirts' for the 'Was Aunt Tres right? Was every man kin in his admiration for woman?' She thought of the puniness of Oscar with the warted nose and mentally compared him with the stalwart Colin. She shuddered. This line of thought was less majestic.

"I'm hungry as a bear," said she, when again fully clothed. "I would like to stop a second at Franklin Simon's across the street to buy some gray gloves to wear with this costume. I adore their gloves, don't you?"

"Yes, dearie, I do, but at this moment I would prefer refreshment. We will return later for the gloves. We will jump in a cab and go to the Ritz for a bite. We could go to the Waldorf or some other place nearby, but I prefer the Ritz—it always seems so calm and peaceful there. It is bright and yet not garish and the servants have been so delightfully trained."

They were seated in the gold and rose tea room of the Ritz-Carlton Hotel awaiting their salad and tea. The orchestra was playing a weirdly attractive attractive selection.

portant and which he dispatched with a few words of advice; he was bending his head to hide from his cousin the weariness and hurt in his sad eyes. He was wondering what had become of Neata. . . . she was lost to him in the haze of lights, hoping that she was happy, miserably berating himself that he was not the one to furnish her joy. (To be Continued.)

SPRINGTIME IS SPRAYING TIME

Now is the time when the wise man gets ready to spray his fruit trees if he has an orchard, his rose bushes and other plants, if he has only a garden. Spraying is to-day an absolute necessity if one would have perfect fruit or full blossoms. Kero-Spray, manufactured by the Vancouver Drug Co., is a perfect combination Spray. It is sure death to all forms of insect life, grubs, thrips, slugs, etc. While it is poisonous, it does not harm the plant, leaf or bloom, but really fertilizes them, so hardy that they resist such diseases as rust, blight and fungoid growths. The ingredients in Kero-Spray are Black Leaf Forty, Arsenate of Lead, Kerosene, Whale Oil Soap and emulsifying elements. The formula is one which has the approval of leading orchardists and gardeners. Kero-Spray is inexpensive. A large bottle (making five gallons of Spray) costs only 40 cents; half gallon, making 25 gallons, at \$1.25; gallon for \$2, and special price on large quantities. You can get Kero-Spray at any Vancouver Drug Co. store, Vancouver, Victoria and New Westminster. (Adv't.)

MAKURA ARRIVES FROM AUSTRALIA

Ship Brought 350 Passengers From Sydney and Auckland

The Canadian-Australasian liner Makura, Capt. Robert Crawford, reached port at 9 o'clock this morning after a fine weather-run from Sydney and Auckland in 15 days.

The ship brought in 350 passengers, the largest list that has been carried by the liner since the close of the last tourist season.

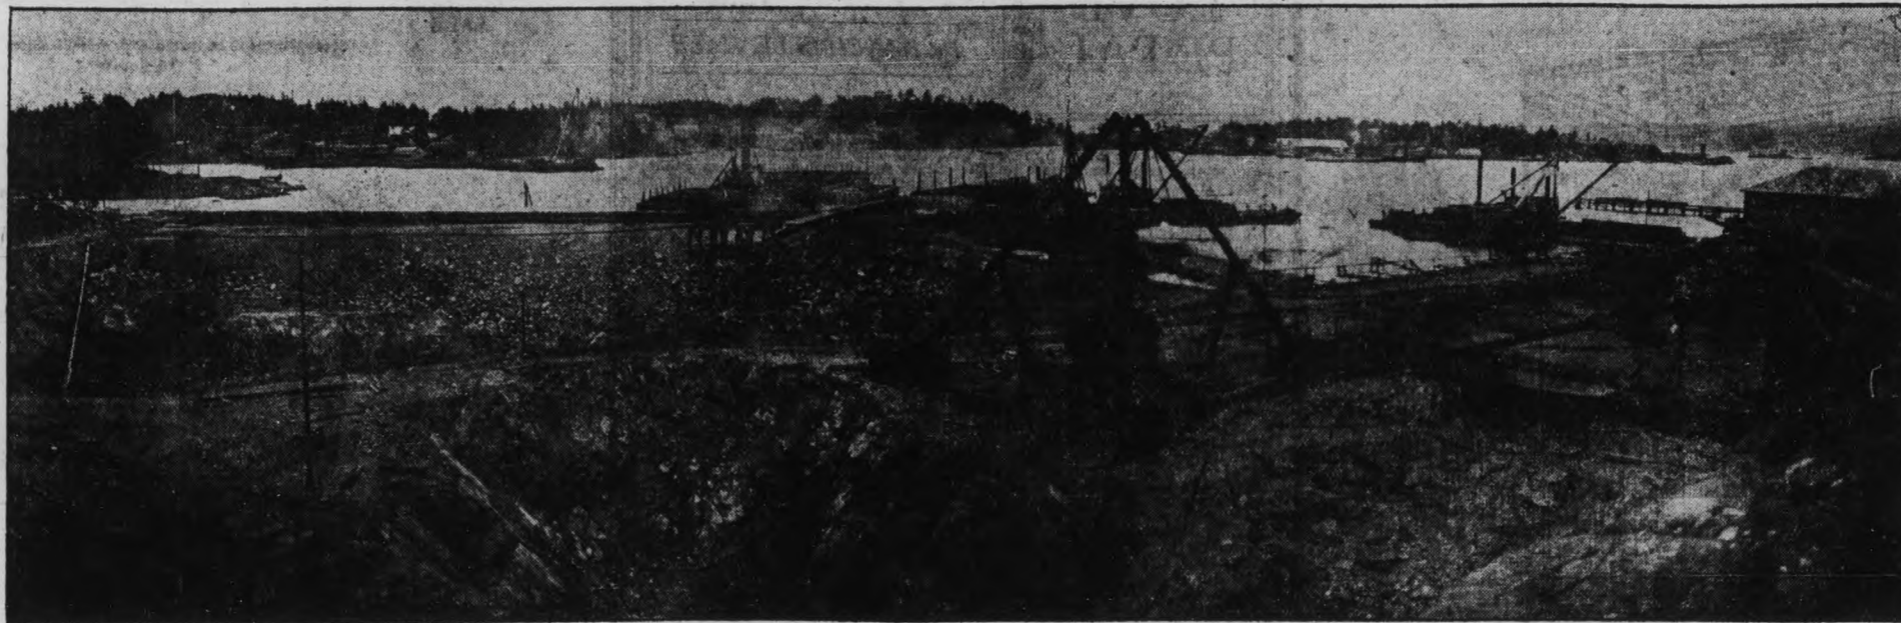

Capt. Crawford reported a splendid voyage from the South Seas. The only weather experienced was met with yesterday when the ship ran into a stiff northeaster.

A few privileged passengers who arrived on the liner Makura were invited at Suva to witness a ceremony that is said to be unique in the history of the Fiji islands.

The occasion was the presentation of a native house to Sir Cecil Ordwell, Governor of the colony, whose official residence had been recently destroyed by fire.

Mr. Brown is making a tour of Canada and the United States, and will later go on to the United Kingdom.

New Esquimalt Drydock As It Looked When Work Stopped Last Week

This photograph, taken especially for The Times, shows the progress which has been made in the construction of the huge graving dock at Esquimalt before the contractors were ordered by the Federal Government to cease construction work.

SAANICH EDUCATES MOTORISTS IN USE OF HIGHWAYS

Gathers Much Revenue From Speeding Drivers Under New Regulation

For several weeks the Saanich police have been carrying on a campaign of education for motorists, with highly satisfactory results from the view point of the municipal treasury, and the prospect of a much greater regard for the law becoming prevalent along the Saanich highways.

Each Wednesday afternoon for some four weeks past the regular session of the Saanich Police Court, held at the city police headquarters, has witnessed an array of motorists filing before Magistrate Jay, plead-

STRATHCONA HOTEL AT SHAWNIGAN LAKE TO OPEN NEXT WEDNESDAY

ing guilty to charges of ignoring a new amendment to the Motor Act, which prohibits speeds above ten miles an hour at dangerous corners or when passing schools, together with the contribution of fines averaging \$15 apiece for the misdeed.

A Paying Game.

The aggregate of these fines has amounted to most substantial figures, one week's revenue aggregating \$246 from this source alone. At the hearing of a number of cases last Wednesday Municipal Prosecutor E. L. Tait stressed to the Court the fact that the charges were laid in no spirit of persecution or adherence to the narrow letter of the law, but were solely brought against motorists who were grossly exceeding all speeds compatible with easy control of their cars in any sudden emergency.

Modus Operandi.

The police operate in the following manner: With a measured distance at the selected points, these late being at the North Dairy School on Quadra Street and at the Maple Tree Bend on the Gorge Road, two con-

stantly time accurately all the cars passing their stations, noting all the car numbers and the split seconds involved. From these notes are compiled the statistics on which prosecutions are laid, only motorists traveling above twenty-five miles an hour at the points of danger to children or to themselves being brought to court.

WASHINGTON TO WORK WITH CLUB

Victoria Automobile Club Invites American Motorists

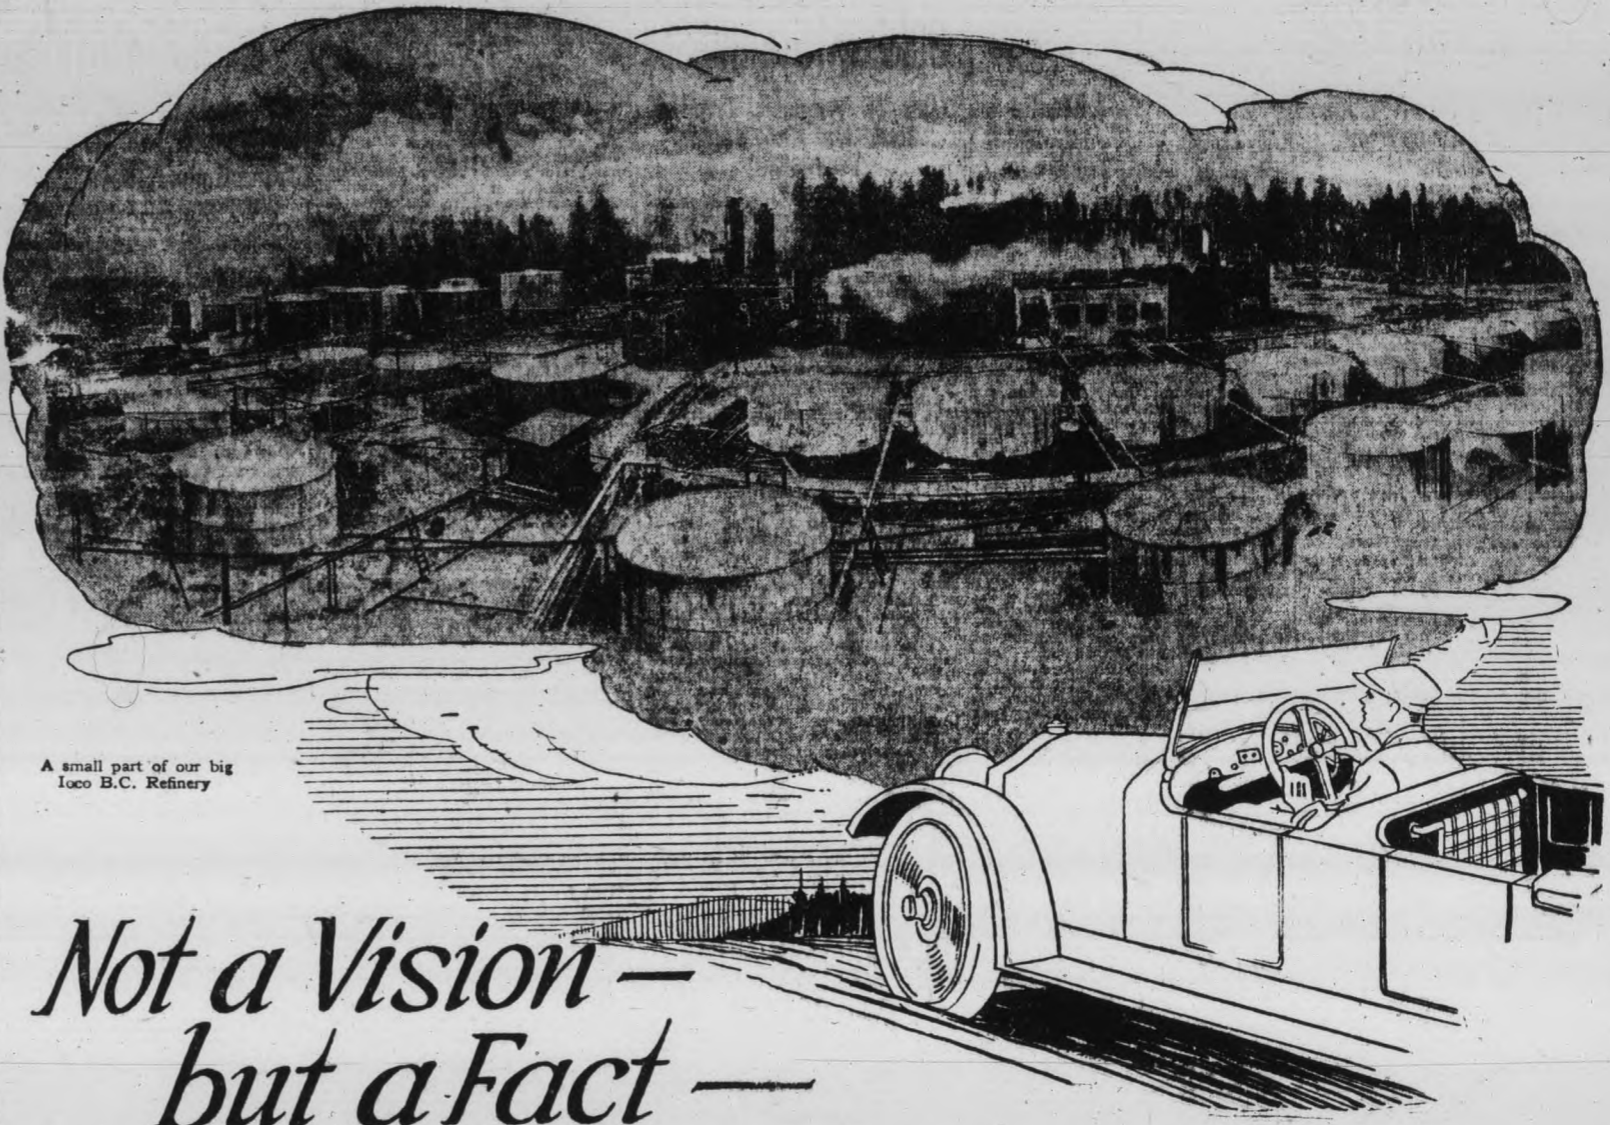

The Automobile Club of Western Washington will do everything possible to co-operate with the Victoria Automobile Club in making the inaugural excursion over the Sidney-Anacortes motor car ferry service a success, Secretary R. R. Webb, of the Victoria Club has been informed. It will be impossible to hold a formal club run, as this is against the rules of the Seattle organization.

The new motor car ferry will do a wonderful lot in promoting a feeling of friendship between American towns and cities on the coast and Vancouver Island cities and it is safe to say that thousands of automobile tourists will avail themselves of the ready facilities for crossing over to the island and enjoying the opportunity of taking in the scenery and other attractions for which Vancouver Island is famous.

The ferry brings Seattle, Tacoma and other American motorists in closer touch with Victoria and the southern section of Vancouver Island than ever before.

The Victoria Automobile Club is making arrangements with Publicity Commissioner Davidson, of Vancouver, to post bulletins regarding the roads of Vancouver Island, as it is felt that heretofore motoring tourists have not had anything like sufficient information as to what delightful touring facilities the island possesses.

Local motorists are invited to join the club and assist in the work that is being carried on by the local organization in the interests of motorists in general. The offices in the Parkside Building are always open and Secretary Webb will be pleased to give information to visitors regarding touring and other motoring matters.

A small part of our big loco B.C. Refinery

Not a Vision — but a Fact —

Your Prosperity Depends upon the Prosperity of your Home Industries. British Columbia's money should work for British Columbia's people.

More employment—more money to buy the good things in life—more happy homes—more smiling faces—These are the things that busy home industries stand for.

The Imperial Oil Refinery at Ioco is one of the busy home industries of British Columbia. It provides good jobs for hundreds of men and women in the refinery and still more jobs for the men and women who sell or deliver Imperial Oil products.

All these workers are residents of British Columbia. All are industrious, fairly paid and steadily employed. They buy their food, their clothing and other necessities of life in the local markets. They deposit their savings in local banks or invest them in local enterprises. They build homes, pay taxes and do their just share in developing the communities in which they live.

At Ioco, a rapidly-growing town, with fine modern residences and every advantage of education, recreation and play, has been erected to accommodate an ever-increasing number of refinery workers. In an up-to-date refinery, with every modern equipment and the choicest of crudes, these skilled workers produce products of quality second to none.

The increasing volume of production and the rapid growth of the plant since its origin, testifies to the merits of these goods. The nation-wide reputation won by Imperial products, backed by never-failing service, has given to British Columbia an industry which ranks among the foremost of its kind in the world.

Keep your money at home. When the brains and hands of British Columbia's workers produce products equal, if not superior to those produced anywhere in the world—when your own people offer full values and good service—they should have your patronage. Buy Imperial Oil products made in British Columbia by British Columbia workmen.

LOWER WAGES IN NEW ZEALAND

London, April 8.—Reuter's Wellington correspondent cables that the New Zealand arbitration court has announced that its examination of the cost of living statistics for the past six months shows a reduction in prices warranting the withdrawal of five shillings of weekly wages and bonuses hitherto authorized by the Government, the total reduction per worker being 13 shillings a week. Increases to this amount were made when the cost of living was at its height.

Information you need and want can be found in the advertisements.

Storage J-E Battery

JELLY ELECTROLYTE
NON SPILLING NON SULPHATING
USES NO WATER

A scientific chemical achievement—no magic. Unconditionally guaranteed for eighteen months.

Can be used in any make of Battery.

TO EXHAUST SUPPLY IN THIRTEEN YEARS

Dr. Seyer Give Warning of Need for Gasoline Substitutes

In another ten years production of gasoline will be far behind the amount required for consumption, at the present rate of increase in the use of this motor propellant, declares Dr. W. F. Seyer, of the Department of Chemistry, University of B. C., in a lecture recently.

If there are discovered no new supplies over those at present available, the question of obtaining substitutes for gasoline will become an urgent one, the lecturer showed as he referred to the estimate made by a United States survey, which predicts that at the present rate of consumption of crude oil in North America, the supply will be exhausted in 13 years.

During the past twelve years the consumption of gasoline had enormously increased, and while in that period, the production of gasoline had also increased, this had been excess of the production of crude oil owing to the perfecting of processes for the production of gasoline by "stripping" the gas wells of their gasoline content, and by "cracking" or decomposing kerosene to extract gasoline from it. Stripping had given an increase of 15 million gallons a year, and cracking 18 million barrels a year, but that method of increase was limited. There were five billion gallons of gasoline used annually on the North American continent.

Benzene, the product of shale oil and alcohol were named as substitutes for gasoline by Dr. Seyer. Benzene, not the benzene that is now commonly obtainable in the shops, but benzene or benzol from the distillation of coal, could be used, but the amount obtainable from present coal supplies would be small—less than one-half of per cent. of the gasoline now consumed.

The experiments in producing from shale oils had not been successful for commercial purposes. Ethyl, or grain alcohol, not wood alcohol, was already being used as a motor propellant. Owing to its high compression quality, it could be made as efficient as gasoline. It is produced from starchy substances and from cellulose materials. If from starch, there would be too great roads on food stuffs. But from cellulose, there is abundant raw material, such as waste from lumbering.

In the United States and Canada,

there is being produced yearly from 150 to 160 million gallons, and cost of production has been as low as 25 cents a gallon. Seventy-five per cent. of the present amount produced could be obtained from the waste of forests. So far, chemists are able to convert only 50 per cent. of the cellulose of wood into alcohol. It is their aim to produce 50 or 60 gallons from a ton of wood.

Lady Astor and Mrs. Charles Dana Gibson, two of the well-known Langborne sisters of Richmond, Va., have started a movement for the educating of Southern girls living in regions devoid of modern advantages. Mrs. Gibson has sent out an appeal to Southern women now living in the North asking for their support for this project.

HUTCHISON ELECTRIC COMPANY AGENTS FOR NEW BATTERY

Hutchison Electric Company announces the agency of the "J. E." storage battery, put out by the Jelly-Electrolyte Battery Co., Inc. of Philadelphia.

The following advantages are claimed for the battery by the manufacturer:

The factory guarantee insures the efficiency of your battery even at the end of eighteen months' service—so eliminating all expensive battery troubles.

The jelly preserves both the plates

and the separators.

It is non-spilling, non-sulphating. It requires no filling, or re-filling with distilled water.

Its terminals do not corrode, and it will stand much more severe treatment—such as momentary over-charging—than any other type.

It cannot be injured by buckling of plates on heavy discharges.

It is not harmed if left charged or discharged for lengthy periods.

It is not injured by changes in temperature or humidity.

It cannot freeze.

It reduces battery expenses at least two-thirds.

It is recharged in the same manner as any lead plate battery and will re-charge in less time at a lower charging rate.

In shipping it will render more per-

fect deliveries than is possible with either bone-dry batteries or those shipped with the liquid electrolyte.

Women are safer automobile drivers than men, according to Traffic Policeman Harry Arnold, stationed at Forty-Second Street and Fifth Avenue, in New York City, one of the most congested crossings in the world.

There are approximately 2,184,000 women engaged in domestic and personal work in the United States. This number represents 25.5 per cent. and ranges higher than any other occupation. Women number 1,311,000 in the manufacturing industries, 1,424,000 in the clerical group and 1,684,000 in agriculture.

Mr. and Mrs. - By Briggs

VI - WE OUGHT TO TAKE A TRIP ABROAD -

I CAN ALWAYS TELL WHEN IT'S SPRING TIME -- YOU BEGIN THE SEASON WITH AN IMAGINARY TRIP AROUND THE WORLD -

Copyright N. Y. Tribune Inc.

SAY JOE - WHAT DO YOU THINK ABOUT TAKING A TRIP SOME PLACE -- WE HAVEN'T BEEN AWAY FOR A LONG TIME

UH-HUH - ALL RIGHT -- SAY, WHERE'D THIS BOOK COME FROM? I DIDN'T KNOW WE HAD IT

DON'T BE GONE LONG - I'LL PROBABLY NEED YOUR HELP

I'M GOING FOR A LITTLE WALK - I NEED THE EXERCISE VI

OH GERTRUDE! JOE AND I ARE GOING ON A LONG TRIP -- NO WE HAVEN'T DECIDED JUST WHERE -- CUBA PERHAPS -- ISN'T IT EXCITING? I'VE BEGUN PACKING.

I'LL GET THESE SUITCASES AND SATCHELS OUT AND START PUTTING IN SOME OF OUR THING - JOE WILL BE SO SURPRISED AT MY ENERGY

JOE DEAR - IS THAT YOU? WELL WILL YOU GET OUR TRUNK DOWN FROM THE ATTIC RIGHT AWAY?

GET WHAT???

WH-WH-WHAT YOU DOING VI - WHAT'S YOUR IDEA - WHERE GOING

I'M BEGINNING TO PACK FOR OUR TRIP -- IF WE GO TO CUBA YOU'LL NEED YOUR WHITE FLANNELS WON'T YOU?

SAY! WHAT ARE YOU TALKING ABOUT VI? I DON'T UNDERSTAND SUCH TALK -- GONE NUTTY?

WHY JOE HAVE YOU FORGOT?

FORGOT?? FORGOT WHAT? WHAT'S MATTER WITH YOU ANYWAY!?

RIGHT THERE IN THE LIBRARY -- I SAID WE OUGHT TO TAKE A TRIP AND YOU AGREED -- DO YOU MEAN TO TELL ME YOU DON'T REMEMBER AFTER I'VE GONE & ALL THIS WORK?

WELL CAN YOU BEAT THAT!? WHOOF!

YOU SAID IT WAS ALL RIGHT -- NOW YOU'RE TRYING TO GET OUT OF IT

WHY I SAID NOTHING OF THE SORT!! YOU MUST HAVE MISUNDERSTOOD ME

WHY JOE! HOW CAN YOU SAY THAT-

DON'T YOU THINK WE OUGHT TO DISCUSS THE MATTER ANYWAY? YOU SNAP ME UP TOO QUICK - I REMEMBER NOW YOU MADE SOME REMARK ABOUT TAKING A TRIP - AND I SAID - YEH ALL RIGHT BUT WE OUGHT TO TALK IT OVER A BIT.

YOU'RE JUST TRYING TO WIGGLE OUT OF IT

I'LL SWEAR THAT'S THE LAST TIME I'LL ANSWER YOUR QUESTIONS VI -- YOU PUT WORDS IN MY MOUTH THAT I NEVER SAID!

I TOOK YOU AT YOUR WORD THAT'S ALL -- ISN'T YOUR WORD GOOD?

PAPA LOVE MAMA

7.30 p.m.—Young People's Rally Service.
Sermon Topic—“YOUR CONFIRMATION”
2.30 p.m.—Bible School.
This Invites You.

The Toll of Death in Russia
TEN MILLION CHILDREN in Russia are doomed to die in the agonies of starvation unless the people of Canada awaken in their generosity, and by gifts of food and money, enable the Save the Children Fund to prevent this horror.
The famine in the Volga region is the most appalling in recorded history. Whole populations are exterminated. Children—fatherless and motherless, homeless, with death stalking their steps—wander the highways and byways until they creep into some abandoned hovel to die.
Hundreds of thousands have died from starvation and neglect; but millions can be saved if food is dispatched at once.
Will you give something? Will you save a helpless child from starving to death? What you do give means little to you—yet it means the life of a child!
25c will feed a child for a week.
\$1.00 will ensure sufficient food for one child for a month.
\$500 will establish a kitchen and feed 100 children until the next harvest.
Cheques and Money Orders may be forwarded through your Bank or local Committee or sent direct to Sir George Burn, Treas., Save the Children Fund, Elgin Bldg., Ottawa
Save the Children Fund
