↻ 1891. ↻

As usual our stock of Plants is large and complete in all departments, but we wish to call particular attention to our Chrysanthemums, Dahlias, Palms, Roses, etc., which comprise all the best varieties.

We do not substitute unless specially directed to. If we cannot send the variety ordered we place the amount to the credit of the purchaser or send it back.

Nothing has been catalogued except such as we have on hand and in quantity, and purchasers may rely on having their orders filled.

All bills must be paid July 1st and January 1st, regardless of date of purchase, and will be subject to Sight Draft after those dates.

We cannot afford to let accounts run for years at the exceedingly low prices we put on our stock. We make it, however, a great object to pay cash, as we give the following cash discounts:

SPECIAL DISCOUNT FOR CASH.

We will give a special discount of 5 per cent. on all orders of \$10.00 to \$25.00, and 10 per cent. on all orders of \$25.00 to \$100.00, provided the CASH is sent with the order, and positively not otherwise.

All claims for loss or damage of any kind must be made immediately on receipt of the goods, or they cannot be entertained.

Everything ordered shipped by freight at the risk of the purchaser.

Please observe that we allow everything to be selected at hundred rates, whether you want one plant or a hundred, our only condition being that three dollars' worth is purchased at one time.

SHIPPING.

We can ship in all directions very expeditiously, as we are situated on two of the leading railroads of the West—the C. & N. W. and C., B. & Q.—with rates very low by both routes.

Plants we ship at all seasons of the year with safety. In winter we pack in close lined boxes, and in summer in open baskets or boxes.

Everything will be sent by Express unless specially directed otherwise. Plants can be sent by freight during warm weather short distances, and on through lines with perfect safety, but when so sent we cannot be held responsible for damage.

Everything will be packed free, except the heavy Nursery stock, for which a charge will be made sufficient only to cover cost of boxes.

We cannot agree to fill long lists of special kinds at these exceedingly low prices, but will do as well as we possibly can. For example, we will send three Geraniums at the hundred rates, but cannot agree to send three of specially named kinds, as in the hurry and rush of the busy season it takes too long.

Our plants are all from 2 to 2½ inch pots, except where noted, and persons must not expect to get Roses 2 feet or three feet high from such sized pots and at such prices.

We grow only for the Wholesale Trade and issue no retail catalogue. Descriptions of varieties wherever needed will be found in this catalogue.

Money can be sent by P. O. Money Order, Draft or Registered letter. Small sums should be sent by American Express Money Orders, which are cheap, convenient and safe in all respects. Don't send private check unless extra is sent to pay collection charges.

It will be noticed that we give prices of everything by the hundred. We do this because it is very much easier to keep the run of prices than where they are quoted by the dozen and hundred, and as we allow ANY NUMBER TO BE SELECTED AT HUNDRED RATES, it makes no difference to the purchaser.

ROSES.

SPECIAL LIST.

La France. Hybrid Tea, one of the most beautiful roses grown. Bud very large; color, peach-blossom pink; exceedingly fragrant; a constant and profuse bloomer.
2½ inch pot plants, \$4.00 per hundred; \$35.00 per thousand.

3 inch pot plants \$6.00 per hundred.

Perle des Jardins. The most valuable of all the list for cut-flowers, being grown in immense numbers everywhere for that purpose. A very vigorous, healthy grower, most profuse bloomer, and large full flower; color, rich shade of yellow.
\$4.00 per hundred; \$35.00 per thousand.

Mareschal Neil. Too well-known for any description. It still is one of the finest roses in cultivation, and being a climber, fills a place that no other can. Have a very large stock; very fine.

2 inch pot plants, \$5.00 per hundred.

Bon Silene. An old sort, but grown extensively yet, as there is no other rose that takes its place. Deep rose color, buds of good size, a profuse bloomer.

\$4.00 per hundred. \$35.00 per thousand.

Souvenir d'un Ami. A strong grower and profuse bloomer. Buds large, globular and full, and of a deep rosy flesh color.

\$4.00 per hundred.

Catherine Mermet. Bud the largest on long stiff stems, of an exquisite shade of pink, very double and productive.

\$3.00 per hundred; \$25.00 per thousand.

Hermosa. An excellent bedding sort with a profusion of full, double, clear, bright rose colored flowers.

\$4.00 per hundred; \$35.00 per thousand.

Niphetos. The best white rose for forcing, for cut flowers, constantly in bloom, with long pointed, full double, pure white buds, sometimes slightly tinted with pink. It is a weak grower when small, but becomes strong with age.

\$4.00 per hundred; 3 inch pot plants, \$6.00 per hundred.

Sunset. A sport from the well-known *Perle des Jardins*, which it closely resembles in habit of growth and size and form of bud. The color, however, is orange yellow; nearly the color of Safrano.

\$5.00 per hundred.

Mme. de Wattville. Color a creamy white, shaded with salmon rose, the edges of the petals tipped with bright rose.

\$10.00 per hundred.

The Bride. Very large flowers of good form, very double, of a pure white color, one of the best forcing roses.

\$3.00 per hundred; \$25.00 per thousand.

American Beauty. Flowers very large; buds on long stems with rich handsome foliage, a vigorous grower; color, a beautiful rose pink, a magnificent rose in every respect.

\$8.00 per hundred.

Mad. Cusin. A comparatively new variety of a distinct and unique color, being a brilliant violet carmine, white at base of petals; delightful fragrance, and an exceedingly free bloomer and strong grower.

\$4.00 per hundred.

Camoens. Flowers large, very fragrant, and a dark, rich, salmon color, shaded with silvery pink; a most profuse bloomer during the summer months; and very valuable on that account.

\$4.00 per hundred.

Dinsmore. A hardy everblooming Rose, with large perfectly double flowers, of a dazzling crimson scarlet color.

\$4.00 per hundred.

Duchess of Albany. The color is deeper than *La France*, buds same form and size. Habit and growth similar to the *La France*.

\$8.00 per hundred.

Papa Gontier. Buds large and long, of a dark crimson color, very profuse bloomer and vigorous grower.

\$4.00 per hundred; \$35.00 per thousand.

Souvenir de Wooton. Color rosy crimson, buds good size and a very profuse bloomer.

\$6.00 per hundred.

Monthly, or Ever-Blooming Roses.

Price, \$6.00 per hundred; \$55.00 per thousand.

POLYANTHA OR FAIRY ROSES.

A most popular class, on account of their dwarf habit and incessant flowering propensities. Flowers are small but perfect.

Mignonette, clear pink, changing to white, full, double and fine.

Pacquerette, flowers creamy white, in clusters.

Miniature, a beauty of a rose, with a dwarf, compact habit of growth, and the most profuse bloomer of this class. The flowers are produced in great clusters, and are a delicate rose color on opening, changing to pure white, being beautifully fringed.

\$5.00 per hundred.

CHRYSANTHEMUMS. ❧

Our Chrysanthemum collection, embracing as it does upward of 100 varieties, contains the cream of hundreds of kinds and is complete in every shade, type and form.

LOUIS BOEHMEN.

THE Pink Ostrich Plume Chrysanthemum. This variety has the same hair like growth that appears in Mrs. A. Hardy, but the color is pink, and the habit of growth much stronger, which makes it an exceedingly valuable kind.

Price, \$40.00 per hundred.

MRS. ALPHEUS HARDY.

The flowers are very large, of thick substance, perfect shape, and belong to the incurved Japanese section, while the color is of the purest white. Its unique character consists in its fine downy appearance, which is produced by the glandular hairs which cover the petals, a peculiarity confined exclusively to this variety.

Price, \$8.00 per hundred.

❁ DAHLIAS. ❁

We have carefully re-named and assorted our Dahlias the past season, and having discarded all the poorer kinds, can confidently recommend those here listed as being true to name, and all superb varieties. We can only supply green plants of a portion of the varieties, but we have found these to be equally as good bloomers as dry roots, and in many cases better. All our dry roots are outdoor grown, and are divided roots, not whole ones, but will all have a germ ready to start or already growing.

- Semperflorens Gigantea Rosea**--Very vigorous and healthy, flower large, deep carmine red. \$10.00 per 100.

ALTERNANTHERA.

The Alternantheras are largely used now-a-days for ribbon lines and carpet bedding. They are such dwarf, compact growers that they are just suited for that purpose. We have grown them in large quantities, and are prepared for all orders. The varieties are:

- Aurea Nana**--Yellow foliage, retaining its color well during the hottest weather.
- Parychoides Major**--The most brilliant colored kind, but not quite as strong and vigorous.
- Amoena, Amoena Spectabilis and Versicolor.**
- A Sulphurea**--It somewhat resembles the Aurea Nana, but unlike that variety holds its variegation much better through the entire season; the color is distinct, being a combination of old gold and orange; the habit of growth is strong and the colors bright.
- A Spectabilis Variegata**--A new sport, the leaves being bright crimson, shaded with rose and white. A most distinct variety, and one promising to make a valuable bedding sort, holding its color well with us last year when others were showing no color.
- Alternanthera, New Black**--A dark leaved sort, working in well with the brighter hued sorts in ribbon and carpet bedding.
\$3.00 per hundred; \$25.00 per thousand.

ASPARAGUS TENUISSIMUS.

The "coming vine" for decorative purposes; it brought exceedingly high prices in the eastern markets this season.

\$6.00 per hundred.

ANTHEMIS CORONARIA, FL. PL.

A most valuable new plant, blooming continually both summer and winter. It is an excellent plant for cut flowers, and is equally as valuable for bedding purposes in the summer, being nearly the only yellow flowering plant suitable for planting in ribbon beds, and massing, being continually in bloom. \$5.00 per hundred.

ALYSSUM, DOUBLE TOM THUMB.

An exceedingly dwarf growing variety with long trusses of double flowers, which hold on for a long time. A most profuse bloomer, being literally covered with white flowers. A great improvement on the single Tom Thumb.

\$3.00 per hundred.

AMPELOPSIS VEITCHII.

A most handsome vine, perfectly hardy for covering walls, embankments, etc.
 Price, 2-inch pots, \$6.00 per hundred.
 " 3 " " \$10.00 " "

AMPELOPSIS ROYALII.

Said to be an improvement on A Veitchii.
 Price, 2-inch pots, \$8.00 per hundred.

CALADIUMS, FANCY LEAVED.

Most handsome plants for summer decoration, either in the greenhouse, conservatory, veranda, or in any partially shaded location. They should be dried off in October and started again in May or April. We have a very fine lot of them of the best kinds.

\$15.00 per hundred.

CALADIUM ESCULENTUM.

Strong Bulbs—\$15.00 per hundred.
Second Size Bulbs—\$10.00 per hundred.

We have discarded some of the old kinds and many new ones also, as they were not any better than others, and we find it useless to have so many varieties so nearly alike. Most of the new varieties we have discarded.

Blackbird, Bergen Beauty, South Park Gem, Verschaffeltii, Progress, Leaves of Autumn, Marie Stuart, Scarlet Prince, Firebrand, James Burnham, Nigger, Eclipse, Suez, Bizarre, Golden Bedder, Spotted Gem, Miss Buist, Buttercup, Dr. James Hooker, Blackbird, Emerald, Kirkpatrick, Pine Apple Beauty, Queen of the Lawn.

\$3.00 per hundred; \$25.00 per thousand. Special prices on large lots.

COLEUS VERSCHAFFELTII, GOLDEN BEDDER, SOUTH PARK GEM, JOHN COODE AND FIREBRAND.

These we grow in large quantities especially for bedding out and we can fill large orders.

\$3.00 per hundred; \$25.00 per thousand.

NEW FRENCH CANNAS. †

Of this magnificent class of Cannas we have a fine stock, and of the best kinds. They are extremely showy and most profuse bloomers, and the flowers are exceedingly handsome, rivaling the Gladiolus.

Antoine Crozy—Flowers deep crimson, light green foliage.

Admiral Courbet—Flowers light yellow, speckled and blotched with orange scarlet, light green foliage.

Emile Leclerc—Flowers golden yellow, mottled crimson and scarlet, deep green foliage.

Edonard Andre—Deep carmine flowers, chocolate foliage.

Flamboyant—Flowers crimson lake shaded orange, deep metallic green foliage.

Gen. Boulanger—The ground color is canary yellow, mottled and streaked with crimson and scarlet.

Gen. Conston—Flowers light primrose yellow, mottled bright orange.

J. Cardionx—Flowers brilliant cardinal red.

Louise Chretien—Flowers clear yellow, speckled and splashed with orange.

Mme. Just—Flowers apricot; upper petals shaded yellow, lower ones tinted orange.

Mme. de Liaband—A grand variety; flowers deep carmine lake, sea green foliage.

Revol Massot—Flowers carmine red; lower petals blotched with golden yellow.

Ulrich Bruner—Flowers orange red; lower petals striped yellow, deep green foliage.

Price, \$8.00 per hundred.

Other Varieties of Cannas.

Brenningsi—Foliage, deep green; striped white. Flowers, rose.

Compacta—Pea green foliage; flowers, canary yellow.

Discolor Violacea—Very dark chocolate foliage.

Ehemani—Rich chocolate color; extra fine. \$20.00 per hundred.

Erin—Foliage, green; orange and scarlet flowers.

Excelsa Zebrina—Dark foliage; flowers, salmon.

Luke Blackburn—Rich chocolate; flowers, red.

Noutoni—Similar to Ehemani in general habit, smaller foliage; flowers of a rich shade of crimson scarlet, and produced very freely.

Oriole—Deep green foliage; flowers, deep orange color.

Pius IX—Flowers, yellow and crimson.

Price, except where noted, \$8.00 per hundred.

CANNAS, MIXED KINDS.

These are the more common kinds mixed without names.

\$3.00 per hundred.

Dracaena Indivisa.

A most valuable plant for centers of beds or vases, baskets, etc.; with its graceful drooping foliage it is exceedingly handsome.

4-inch pot plants, fine, \$25.00 per hundred.

2 " " " \$10.00 per hundred.

FEVERFEW, LITTLE GEM.

This new kind is far ahead of the old kind in every respect. It is a dwarf compact growing kind, and the flowers are larger, of the purest white and much finer form.

\$5.00 per hundred.

IPOMEA NOCTIFLORA--Moon Flower.

A rapid growing climber, producing large white flowers in great abundance, opening in the evening. \$3.00 per hundred.

ORCHIDS.

These are rapidly coming to the front as forcing plants for cut flowers. They are so slow of propagation and so high priced at present, that it will be a long time before they become common and cheap; hence any who have a stock, or can get it soon, will have a good thing. We have a moderate stock, not sufficient to catalogue and describe at present.

Price, from \$1.00 to \$5.00 each.

PANDANUS UTILIS.

SCREW PINE.

We have a choice lot of plants of this variety in several sizes; very symmetrical, handsome plants.

These are very fine plants.

PANDANUS VEITCHII.

Strong plants, from 3 and 4-inch pots, \$1.00 each.

❧ PANSIES. ❧

As usual we offer a large stock of pansies this season, and have spared no expense in getting the very best seed to be found. Among the varieties are **Tri-mardeau**, **Premier**, **Highland**, and the choicest varieties, mixed and in separate colors. **Ready April 15th.** \$2.00 per hundred. \$15.00 per thousand.

PASSION VINE--CONSTANCE ELLIOTT.

This comparatively new variety is one of great merit. It is hardy, like the other passiflora, and a most profuse bloomer, being literally covered with flowers when grown to perfection. The flowers are pure, ivory white, with a delightful fragrance. It is well suited for cemetery decoration. \$10.00 per hundred.

PASSIFLORA—TRIFACIATA.

An exceedingly handsome stove climber, rapid grower, free bloomer, with small flowers of no merit. The beauty consists in the foliage, which is rich and showy. \$10.00 per hundred.

STREPTOSOLEN—JAMESONII.

Flowers one inch in diameter, opening bright orange, changing to a dark red, blooming from March to July. \$5.00 per hundred.

TUBE ROSES.
