III. Conditions of survey of these work shops on the part of the prefectural office.

1. Feberary-March 1948. An over all survey was made of work shops in this prefecture on the following matters:

   Value ratio of work shops as social work institutions.

   a. The number of persons covered by Daily Life Security Law working in work shops.

   b. The number of persons not covered by Daily Life Security Law working in work shops at present, who would probably have to come under the Daily Life Security Law were it not for the existence of these work shops.

   c. The number of persons not coming under the above-mentioned categories.

   Formula (a+b)÷(a+b+c)= % ..... Value ratio. Whether the work shop is becoming a social work insitution in fact as well as in name?

   a. "hether the work shop is fulfiling its original mission?

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

b. Whether all earnings are being divided among workers proportionately according to the amount produced by each?

c. The inquiry into the personality of managers of work shops, viewed from actural management ability.

2. August 1948. Since the fundamental principle of operating a work shop has been determined, all work shops were notified accordingly. Guidiance is being given to operators of work shops to help them measure up to the set standards.

SUBJECT: Survey of Social Work Agencies

TO : A. W. Potts Regional Welfare Officer

1. The latest complete survey on Social Work Agencies in Iwate Prefecture was in the month of January 1949. There is a total of 60 work agencies, of which 34 are welfare institution workshops, 15 are co-operative workshops and 11 are work training shops. Three (3) workshops were discontinued because of failure to comply with existing regulations as revealed by this survey.

2. Work training shops employ 83 instructors who trained 362 students, at a total cost of 4,004,163 in 1948. One hundred and thirty eight thousand, six hundred and seventy two yen (138,672) was spent for salary and the remainder for operational expenses.

3. There are 15 co-operative workshops employing 630 workers and 48 staff members, total budget for 1948 was 12,173,438 yen.

4. Welfare institution workshops number 23 public and 11 private. Public workshops employ 319 worker with a managing staff of 56 persons. Private workshops employ 187 workers with a staff of 25. Two private workshops employing 68 persons and 5 managing officials will receive 429,100 yen in Community Chest funds. Every workshop was investigated by Community Chest committee officials before the promise of a grant was made.
