

Dear Judy:

Yours is the only name that will appear in the Harpo Genealogy. But I will send you a brief sketch of our own immediate family as shown in the Norwegian bible that we have. Our family consisted of -

|                         |                |      |
|-------------------------|----------------|------|
| Father - Peter M. Olsen | born in Norway | 1854 |
| Mother - Anna Marie "   | " " "          | 1877 |
| Jennie Marie "          | " " Chicago    |      |
| Osborn Tordson "        | " " "          |      |
| Perry Maraniss "        | " " "          |      |
| Harriet Thiesdor "      | " " "          |      |

Jennie - your grandmother, had one child ~~and~~ a boy and two beautiful granddaughters, ~~no~~ to date. Also our grandson.

Osborn - Had two children - a boy and a girl. Also six grandchildren and 4 great grands.

Perry - Had three children - two girls and one boy. Also eleven grandchildren and six Great Grands. A population explosion.

Harriet - Had one boy and four (4) grandsons - also four Great Grands.

We seem to have become an Air Force family. Osborn's grandson Paul, is a West Point graduate and by this time is probably a Major or Lt. Colonel.

Jennie's ~~your~~ grandson, your brother Pete, is a Captain in the Air Force.

Our son, Dr Perry was a 1st Lieut in World War I. He flew a B-17 flying Fortress and completed 57 combat missions over Berlin and Austria. After the war he resumed his medical studies at the University. All three of our children went

a number of days until my heart doctor  
says it is OK for the oral surgeon to  
remove the teeth.

So I'll send this letter to you today  
and finish it later when I feel more  
like myself. OK?

Hope you and your family are well. Love to all

Uncle Ben and Aunt Dorothy

I will be glad when Ben gets his  
new denture. Only form to come  
out, so it shouldn't be bad at
