Ind. 12/2: 95, MAY. 62,25

IRVINGTON NURSERY

E. Y. TEAS, Manager.

IRVINGTON, MARION COUNTY, INDIANA?

WHOLESALE PRICE-LIST, SPRING OF 1895.

Articles securely packed in bales or boxes. No charge either for packing or delivering to railroad or express, except in case of large trees; for these, cost of packing must be added. Packages are at the risk of purchaser after shipment.

We will accept orders for 6 plants at 12 rate, 50 at 100 rate, 500 at 1,000 rate.

Terms Cash, or Satisfactory Security before Shipment of Stock. Remit either by Bank Draft, Registered Letter or Post-Office Order on Irvington, Ind.

Irvington is four miles east of Indianapolis, from which point we have unsurpassed facilities for shipping stock by freight or express to all parts of the country. Telegraph and telephone office near our grounds. Electric street cars from Union Station, Indianapolis, leave for Irvington, without change, every 15 minutes, passing in full view of our grounds.

Careful Packing. Prompt Shipment. Address

E. Y. TEAS, Irvington, Marion Co., Indiana.

also First Premium at Indiana State Fair in 1892, '93 and '94. An orchard of fifty trees in this county 15 years planted, yields abundant			

This is the largest, best, and most showy Quince that has been well tested.

It was awarded the First Prize at the World's Fair at Chicago, In 1893, also First Premium at Indiana State Fair in 1892, '93 and '94. An orchard of fifty trees in this county, 15 years planted, yields abundant crops, which usually sell for \$1.00 per peck in the Indianapolis market. A native of Western Missouri, it has not yet become generally known East. When tested alongside other well known varieties, this has generally proved superior to others in size, beauty and quality, while its productiveness is equal to the best.

"OHMER" BLACKBERRY.

The Ohmer was introduced by, and named for, Nicholas Ohmer, of Ohio, the introducer of the Gregg Raspberry. I have fruited this variety for 6 years in the same field with all the leading varieties of Blackberries, and it has uniformly excelled all others in size, beauty, quality and productiveness. The plants are as hardy as Synder or Ancient Briton. "Hardy, healthy, very large; ripening after raspberries are gone, and lasting till late in August, when prices are up. Excellent quality, firm, no core; sweet before fully ripe, which makes it superior to Lawton. Five points which recommend this berry: Hardy, late, large, productive, and of the finest flavor. Mr. Ohmer also says it brings \$1 to \$2 more a stand than Synder or Taylor. Aslarge as the largest; as hardy as any good berry; very productive, strong grower, finest quality, and late." For prices, see first page.
