

Pakistan | Monsoon rains and EU response

EU RESPONSE

- On 28 August, the European Commission mobilized **EUR 2.35 million** in emergency humanitarian funding to address the most urgent needs of the affected population.
- On 29 August, the EU Civil Protection Mechanism (UCPM) was activated following a request for support from the Pakistani authorities via the EU Delegation in Islamabad. Austria, Belgium, Denmark, France, and Sweden have offered shelter items, medical supplies, non-food items, water pumps, bailey bridge, and medical and water purification teams. Offers from Belgium and Sweden were already accepted, others are pending acceptance. An EU civil protection team (EUCPT) is on standby, and an ERCC liaison officer is to be deployed.
- On 29 August, the European Commission's Copernicus Emergency Management Service was activated (EMSR629) to provide satellite maps on the areas around the cities of Larkana (around 500 000 people), Shikarpur (200 000) and Jacobabad (200 000).
- DG ECHO, using the JRC GLOFAS GFM (Global Flood Monitoring) tool's data, created a dynamic map showing the [extent of floods](#) in the period up to 30 Aug.

EMSR629	Flooded area (ha) within the AoI
AoI 01	50 184 out of 123 108
AoI 02	64 829 out of 123 783
AoI 03	43 706 out of 124 579

IMPACT OVERVIEW

14 June - 1 September
Source: NDMA

- 1 208** Fatalities
- 6 082** Injured people
- 472 313** Persons in relief camps
- > 33 million** Affected people
- 1 172 549** Partially or fully damaged houses
