PROGRAMME.

The Fair will be formally opened on TUESDAY, OCTOBER THE THIRTEENTH, 1908. at twelve o'clock noon.

BY

His Excellency ROBERT B. GLENN, Governor of North Carolina,

ASSISTED BY

The President and Ex-Presidents of the Society.

SUPERVISORS WILL RECEIVE THE BOOKS FOR THEIR RESPECTIVE AWARDING JUDGES AT TEN O'CLOCK WEDNESDAY MORNING.

NOTICE TO EXHIBITORS.

Read carefully this rule touching all exhibits: "Exhibits not in place and fully installed by 12 o'clock Tuesday, October 13th, will receive no attention whatever from the Awarding Committee or Experts."

Exhibitors must make themselves acquainted with the prize list and regulations, and be sure in what classes and departments their entries belong.

The original entry-card must in all cases be attached to the exhibit, except in cases of animals, when the card may be placed conspicuously upon the stall or pen.

No article will be entered in more than one department, except where otherwise provided. This rule applies to all exhibits except those in Speed Department.

Exhibitors will not be allowed to sell goods during the Fair (though they may receive and book orders), nor will they be permitted to call attention to their wares in any noisy or disorderly manner.

Exhibits that have been erroneously entered may be transferred by applying to the Superintendent of Entries before 12 o'clock noon Tuesday of the Fair. If, however, such classes have been judged, they shall not be reopened.

Persons entering live stock to be exhibited in the ring or on the track will be expected to have their stock ready when ordered, and if not brought in promptly may be excluded from examination.

No animal or article will be allowed to leave the show grounds until after 5 o'clock on Friday, this being a condition of the entry. Transgressions against this rule will incur forfeiture of any premiums awarded.

The Society makes no charges for space, and, except in special instances, exacts no entrance fees; but ten per cent. of all preminms, aggregating five dollars or over, awarded by the Society will be retained as entrance fees, except where entrance fees are specifically charged. This is a liberal policy towards exhibitors, as no one will be required to pay nnless awarded a premium.

INTRODUCTION.

The forty-eighth Annual State Fair will open on Monday, October 12, 1908, and eontinue throughout the week.

Preparations are being made for an agricultural display in 1908 that will far eclipse any heretofore shown. On each of the fourteen staple erops a first premium of \$25, a second of \$15, a third of \$10 will be given for the LARGEST YIELD FROM ONE ACRE, a named quantity of each to be shown at the Fair. Also a set of premiums on the best display of TRUCKING. These premiums are liberal and should call forth eager competition. These premiums are in addition to those regularly offered by the Society.

The premiums on county displays have been largely increased, and these beautiful exhibits will be a feature of the Fair of 1908.

Help your county to be the "banner county" and compete for the individual premiums at `the same time.

Every farmer is invited and urged to bring forward his products. No entry fee is charged, and exhibits are returned free of freight charge on certificate from the Secretary. The stalls and cattle pens have been rebuilt; an abundant water supply is provided.

For complete list, including the premiums, besides field products, for horses, cattle, sheep, swine, poultry and pet stock, fruits and flowers, pantry supplies, manufactures, ladies' needle and fancy work, fine arts, agricultural implements and machinery, minerals and building stoues, and for general displays, educational exhibits, historical and scientific displays, athleties and tests of speed, send your name and post-office address to the Secretary.

There will be a brilliant Midway, with nothing to offend or demoralize. No toy whips will be allowed on the grounds. No "strong" games of chance of any kind whatsoever will be allowed on the grounds, and the management puts itself on record with a pledge to the public to use all possible efforts to prevent gambling. The free attractions will be entirely new and first-class in every respect.

This fair has done and is still doing a great work for our people, and we bespeak for it a continued liberal patronage. This is the greatest place in North Carolina for friends to meet friends and to have a jolly good time.

An I. H. C. Gasoline Engine

does not require an engineer to run it. It is so simple and practical in construction that it requires very little attention and is easily operated by anyone.

An I. H. C. Gasoline Engine

runs smoothly and produces more power than rated. It is very economical in the use of fuel, consuming less per horse power than any other engine of the same rated capacity.

An I. H. C. Gasoline Engine

is a wise investment. It saves time and money, and increases your profit as a result of the increased production. No progressive farmer can afford to be without an I. C. H. engine. There is one to fit your special need.

Made in the following styles and sizes:---

Vertical-2, 3 and 5 horse power.

Horizontal—4, 6, 8, 10, 12 and 15 horse power. Portable—6, 8, 10, 12 and 15 horse power.

8. No peddling, hawking or selling of any kind will be allowed in the buildings or on the grounds, except by a special license obtained from the Secretary of the Society.

9. The distribution of handbills or other advertisements is strictly prohibited about the grounds or buildings, except under direction of the Superintendeut.

10. No article or animal will be entitled to space until the proper entry has been made. After an article or animal has been entered for a premium, it cauuot be removed until the close of the Fair without permission from the Secretary or the Supervisor in charge of the department; and if any person removes an article or animal without such permission, he forfeits all claims to a premium, even if the same shall have been awarded.

11. Each department will be under the special charge of its Director. He will oversee the arrangement of all articles offered for exhibition in his department, and have control of the space assigned to it. He will be assisted in his duties by a special superintendent, who will receive all exhibits, take personal charge of them, countersign the exhibitor's coupons, and deliver the articles ou the surrender of the countersigned conpons at the close of the Fair.

19. Life members, and members of the Executive Committee, when reporting to the Secretary, will receive admission tickets.

20. No person shall be permitted to remain on the grounds over night except those holding permits, which much be secured from the Secretary.

21. SPECIAL RULE.—The Society makes no charge for space, and, except in special instances, exacts no entrance fees; but ten per cent. of all premiums aggregating five dollars or over awarded by the Society will be retained as entrance fees, except where entrance fees are specifically charged. This is a liberal policy toward exhibitors, as no one will be required to pay unless awarded a premium.

ENTRIES.

22. The entry-books will be opened at the office of the Secretary of the Society in the city of Raleigh from September 25th to and including the Friday next before Fair Week, and at the Secretary's office at the Fair Grounds on Saturday and until 12 o'clock M. on Tuesday, when all entries will close. Much trouble and annoyance may be avoided by observing this regulation.

23. Entries may be made in person or by proxy. In making entries it will be necessary to give the name of the article, the name and post-office address of the exhibitor, and the premium number under which the article entered is to compete. This is especially necessary in order that the articles may be properly entered.

24. All articles which are the product of the soil must be entered in the name of the producer. Those showing handhwork of skill must be entered in the name of the one whose skill they exhibit. Such may be individuals, firms or factories. They must have been made within three years, and not exhibited at any former Fair of this Society. All other property must be entered in the name of the actual owner. Any violation of this rule will bar the violator from competing for any premium whatever, and render him and his exhibit liable to expulsion from the grounds.

25. In case special facilities for meritorious exhibits are required, such entries shall be made before October 1st. Any person may enter as many different articles as he or she may own, in any department.

26. The same article or animal cannot compete for the premiums of two or more premium numbers, except when otherwise stated in the head-notes of the department in which it is exhibited.

27. All entries will be numbered and recorded in the books of the proper department and class, and corresponding tags will be issued, which must be attached to the exhibit before such can be placed on exhibition.

28. Contrary to the custom of most agricultural societies, the Society has decided that the names of all exhibitors shall be placed on the card attached to the article on exhibition, EXCEPT IN DEPARTMENTS C AND E, DE-PARTMENT H, and DEPARTMENT I, as to do otherwise deprives the exhibitors of one of the main features of these exhibitions, viz., advertising (but pictures, etc., in Department I may be identified on the back of same.)

29. No person will be allowed to see the entries or have access to the entrybooks until after the awards have been made,

REGULATIONS.

30. All entries shall be for the first premium of the premium number under which they are entered, but, failing to take the first, shall compete for the second, if a second is offered; and, failing to take the second, shall compete for the third, if any; but shall not be awarded more than one premium under the same premium under.

31. Exhibitors must see to the proper delivery of articles and live stock on the grounds, and to the proper care of the latter, as no charges for transportation or drayage will be paid by the Society.

EXHIBITS.

32. The grounds will be in readiness for the reception of exhibits any time during Thnrsday. Friday and Saturday preceding the Fair, but no exhibits will be received Sunday, except live stock from a distance that may have been delayed in coming. Neither will exhibitors be permitted to make any arrangements on that day, except such as the Superintendent may deem necessary.

33. Articles and animals provided with the required entry-tags will be assigned places by the Superintendent of Department until Tnesday, October 13th at 12 o'clock M., after which no more will be received in departments where premiums are offered except in classes where perishable goods are entered.

34. All animals must be exhibited in such place and at such time as the Superintendent in charge of such shall direct, in accordance with the official programme.

35. Any and all articles obnoxious or repulsive in their character shall be excluded from the grounds, or, if entered without being fully known, shall be removed at once.

36. Ladies from a distance desiring to exhibit textile fabrics may ship their goods to the Secretary, but in uo case will he or the Society be responsible for any loss, damage or breakage. Goods so shipped must be directed to the Secretary, "Main Gate, Fair Grounds," and must arrive not later than Saturday, —tb. No package will be accepted unless freight or express is prepaid.

Special notice is hereby given that none but textile goods and art work can be consigned to the Secretary for exhibition or competition.

37. Exhibitors will be required to keep their space and stalls in a cleanly condition by removing therefrom any filtb or litter and place it in front of said space or stall, where the scavenger force of the Society may get it with ease.

38. Should any person misrepresent his exhibit, and a premium be awarded upon it, such premium may be withheld by the Executive Committee,

39. SPECIAL NOTICE.—Read carefully this rule as touching all exhibits: Exhibits not in place and fully installed by 12 o'clock Tuesday, October 13th, will receive no attention whatever from the Awarding Committee or experts.

Exhibitors can have the use of halls and grounds for any reasonable number of days preceding opening day proper in which to place their exhibits. There is no good reason for delay. Hence it is repeated, this rule will be rigidly enforced "for the good of all concerned."

PREMIUMS.

40. A premium ribbon is a badge of merit, and in no case should it be attached to article or animal where meritorious qualities are lacking.

41. The premiums are designated by ribbons, blue meaning first, red second, and white third premium. These ribbons will be attached only by the Director of each department, or his Superintendent, after Judges or Committees have made their awards and the same have been approved by the Directors.

42. The Society deems its diploma or medal to possess value equal to cash premium of not less than ten dollars. The exhibitor entitled to a prize equal to that amount will be at liberty

MENTION PREMIUM LIST IN WRITING TO ADVERTISERS.

to commute a money premium for a diploma or medal, but not the award of a diploma or medal into a money premium.

43. Premiums are payable thirty days after the close of the Fair, and if not claimed by the first day of February, 1909, will be regarded as donated to the Society.

44. Medals and diplomas will be delivered at any time between November 1st and December 31, 1908.

INSTRUCTIONS TO SUPERINTENDENTS.

45. No Superintendent of Department will be permitted to employ help without written authority of the President or Secretary, and the Fair Association will not become responsible for the pay of help employed without such written authority. An order for all supplies must be obtained from the Secretary or Assistant Secretary.

46. Superintendents of Departments will be in attendance from 8 A. M. to 6 P. M. at their respective posts on the ground, Monday, October 12th, to Friday, October 16th, inclusive. They will have exhibits promptly placed, and departments must be in complete order by 12 M. Tuesday, October 13th.

47. If erroneous entries are made, they will make the necessary corrections or cause such to be made in the official entry-books.

48. Superintendents will point out to the Judges of Award the articles or animals to be inspected, and cause the same to be displayed in their proper places and at the proper time.

49. They will see that order and decorum are observed in their departments, and that property is protected against damage and loss by accident or otherwise,

50. They will also see that no property is removed before the appointed time, and that the checks are detached from the tags of property when removed, as a means to prevent fraud or mistakes by such removal.

JUDGES.

51. The Society reserves the right to use either the single or three-indge system, or both, during the Fair of 1908.

52. The Judges of Awards, when ready for duty, shall be furnished by the Secretary with a list of all entries in their respective departments and books in which their awards are to be recorded.

53. Should any of the Judges previously selected fail to be present, the Director of each department is authorized to select to fill the vacancies, always endeavoring to select persons duly qualified by their pursuits or experience to make correct awards in each special department. In all cases the Judges, before awarding any premium, will be careful to see that the requirements of the Premium List have been strictly complied with by the exhibitor.

54. No person directly or indirectly interested will be allowed to serve as a Judge, and the Executive Committee will quash the awards in every case when a person interested has aeted as a Judge; nor shall a member of the Executive Committee act as a Judge or umpire under any circumstances.

55. Judges are specially instructed not to award premiums to any animal or article because of its presence. It must be individually worthy. It is not the policy of the Society to encourage indifferent productions of any kind, or to distribute premiums equally among exhibitors, and no premium should be awarded to any animal or article that does not possess high intrinsic merits.

56. When two subjects of the same kind presented for premiums are deemed by the Judges of equal merit, and also of such a high degree that to either, if alone, the premium would be awarded, in such case the award must be to divide the first and second premiums equally between the two competitors; or, in case there shall have been no second premium offered, then divide the first only in like proportion.

57. The Director in charge and the Special Superintendent shall attend the Judges when making the examination in their respective departments, and furnish them with all required information. PREMIUMS WILL NOT BE PAID TO PARTIES HAVING EXHIBITS WHERE IT IS PROVEN THAT THEY ACCOMPANIED THE JUDGES WHEN AWARDING THE PRE-MIUMS. The awards, when completed, shall be signed by the Judges and also by the Director, who will take charge of the book and return it to the Secretary. As the awards are made, the Director or his Superintendent will attach the ribbon indicating the award.

58. Decisions of Judges shall be final, and no appeal will be considered, except in cases of protest, in writing, with strong evidence of fraud or violation of the rules of the Society, which may be filed with the Secretary before the premiums have been presented.

59. Reports must be signed by each Judge in his own hand.

60. JÚDGES CANNOŤ AWÀRD PREMIUMS TO ARTICLES NOT IN THE REGULAR PREMIUM LIST, BUT MAY MAKE RECOMMENDATIONS AND FILE THESE WITH THE SECRE-TARY, WHO WILL PRESENT THEM TO THE EXECUTIVE COMMITTEE.

POLICE.

61. All tickets—life members' tickets or other tickets—presented by persons not entitled to hold them must be taken up, and those offering them required to purchase others before entering the grounds.

62. The policemen shall be sworn in as conservators of the peace, and it shall be their duty to arrest any person creating any disorder or violating any of the rules of the Society or laws of the State.

PRIVILEGES.

63. One ticket, good for one admission each day of the Fair, will be given for every ten dollars of privilege money paid, and for each additional charge of ten dollars, or fraction not less than five dollars, one extra ticket, and no more.

At a meeting of the Executive Committee of the North Carolina Agricultural Society (Advisory Board), held July 29, 1905, the following resolution was adopted, and is hereby announced, that all persons interested may be governed accordingly:

Resolved. Every privilege granted must be in conformity with the laws of the State, and subject to inspection at any time; and no gambling of any sort will be allowed, and no toy whips will be allowed on the grounds.

All worthy and interesting shows or amusements are invited and will receive a cordial welcome.

Notice is hereby given that the above will be strictly enforced.

CARE OF STOCK.

64. Straw for bedding will be furnished by the Society in reasonable amount, free. Arrangements have been made with a responsible party to furnish hay, corn, oats, and chop feed on the grounds at market prices, in quantities to suit purchasers. The Society does not furnish feed.

65. In order to accommodate exhibitors to the best advantage, applications for stall should be made to the Secretary as early as possible. No charge is made for use of stables by animals regularly entered for competition.

66. Thursday and Friday will be the days of the parade, and all stock must be in the parade or forfeit premiums, except where stock is not able to come out, or too vicious, and that to be decided by the Superintendent in charge.

Paints THAT STAY PAINTED De-0-Dor Black Roof Paints

DE-O-DOR BLACK ROOF PAINT is unquestionably the greatest value for the money ever offered in the shape of roof paint. Repairs permanently metal roof, shingle roof, tin, iron or galvanized Iron.

ON METAL ROOFS

(Tin, Iron or Galvanized Iron), cut a piece of muslin or calico three inches larger than the hole or leak, then place the muslin or calico over the hole and press down firmly with paint brush. Use plenty of paint on top of this patch. Next you must cut a piece of muslin or calico three inches larger than the first piece, and place it firmly on top of your first patch; next, cut a third piece of muslin or calico three inches larger than your second patch, and place this over all. Paint over these patches, using paint thick, then sprinkle dry sand into the paint on the patches, and this will set as hard as a stone; and if you are careful in doing this patching, they will last longer than the other part of your roof. Fix all of the cracks, holes, broken seams, etc., in the roof same as above. After you have finished patching start in painting. If you have a standing groove, paint the groove first, and then paint in between the grooves. Always start to paint at the comb of the roof and come down to the eaves. Do not rub the paint out thin; give the roof a good coat.

SHINGLE ROOFS

Frequently leak badly by having a shingle out, loose shingles, or the joints or cracks being directly over each other. In all of the above cases you can stop the leaks by slipping a piece of tin np under the shingles as far as it will go. A tomato can unsoldered, is exactly the right size. After this has been attended to, give the roof a good, heavy coat of paint. You can stop slate roofs from leaking with strips of tin in the same manner as the shingles. Of course, slate does not require painting. Sap shingles painted with our DE-O-DOR BLACK ROOF PAINT will last longer than heart shingles not painted.

Roofs are out of sight, and naturally out of mind until they begin to leak. Therefore, when you repair and paint them do it well; use a good grade of paint, and do not rub it out thin, and it will last for years. Our DE-O-DOR BLACK ROOF PAINT will stop the small pin holes and loose seams, but the large leaks require patching to make a good permanent job.

CANNOT BE BEATEN FOR FIELD OR TRAP SHOOTING

SHELLS

They are strong sure-killing loads—yet do not "kick" excessively. They give a splendid shot pattern, and no bird can ever get through it.

They are quick as lightning, leave the gun barrel clean, and best of all—every shell of a given load is exactly like every other—no disconcerting "punk" or heavy charges.

You Can Depend upon Them Absolutely

If your dealer cannot supply you, write us.

DEPARTMENT D.-HORTICULTURE, ETC.

F. C. REIMER, Director.

Read the rules carefully and comply strictly.

All entries in Fruit and Vegetable classes must be made by the growers, and all frnits must be of State growth. All entries in Manipulated Fruit and Vegetable classes must be by those who manipulate the same.

Entries in Tool and Package classes may be by manufacturer or retailer, and need not be of State manufacture. Entries in Nursery class open to Stategrown plants only.

"Plates of fruit" means that the fruit is to be placed upon wooden plates, which will be furnished by the Secretary. Each plate is to contain five specimens, and no more. Each plate of fruit must be plainly and correctly named, and the entry tag attached to the same, so that the entry can be identified by the committee without difficulty. Plates entered for the single plate premiums are all to be arranged by themselves, and not mixed up with those entered for general collections. A premium offered for a general collec-tion of fruit will not be awarded to a mere pile of apples or other fruit, but must be for a real collection, arrauged on plates of five each and all correctly labelled, and no fruit will be counted in a collection unless it is a fair specimen of the variety. No trashy fruit of any kind will be counted merely to make up a collection. A premium for the best collection of grapes, peaches, or any other fruit, will not be awarded to a mere number, but to the quality of the exhibit mainly. Brandies and wines must be in sealed and neatly labelled bottles. The committee will withhold premiums in any case where there is no competition and the article is of inferior quality, and no second premium will be given solely because there is no other exhibit but the two, but all frnits must be of good quality. No attention will be paid by the committee to any fruit or other exhibit that is not arranged in accordance with these rules. The awards for fruits will be made on the afternoon of the second day of the Fair, and all not then in place will be left out. No exhibitor will be allowed to discuss exhibits with the committee, or to interfere in any way while the committee is at work. If the exhibits are not so arranged that the committee can find all without help, they will be left out in the award. To avoid all unnecessary walking to and fro on the part of the judges, the fruit exhibit must be arranged in consecutive space near together, and not scattered abont the buildings. The same rule will apply to the exhibits of bottled liquors and canned goods.

In the exhibits of exotic plants in pots, the plants competing for each premium must be arranged by themselves, as the judges will not hunt among a mass of plants to find the ones competing for special premium, and no plants in the professional class will be awarded a premium, unless it shows a well-grown specimen of its kind. The premium for the ten roses is held to mean ten varieties, each in a separate bottle, with label attached giving the correct name of the variety. In the premium for the best and largest assortment of cut flowers, each variety must me shown in a separate bottle of water, or other vessel, to show them properly and keep them fresh, and no notice will be taken of collections loosely thrown on the tables. In the premiums for the best bouquet, basket and floral design, attention will be given as much, or more, to the tasteful arrangement than to the particular kinds of flower used.

In the nomenclature of fruits the names adopted by the American Pomological Society will rule, and no variety will be accepted that has not been admitted to their catalogue, except in the case of seedlings never before exhibited. A pile of fruit brought for sale merely will not be allowed to count in a general collection of fruit, as all fruit shown for premiums must be arranged on plates, and remain on them till the close of the Fair.

WHAT THEY ARE SAYING

ABOUT

PEELE'S

Civil Government of North Carolina

- and the United States

Peele's Civil Government is the best work on the subject I ever examined; it is so teachable that it can be used in the sixth and seventh grades of our public schools to good advantage.—R. P. JOHNSON, Supt. of Schools, Chatham Co., N. C.

The arrangement and style of the subject-matter is all that could be desired. I am sure that it will be a most useful book in the public and private schools.—JUDGE H. G. CONNOR, *Supreme Court, Raleigh, N. C.*

The book seems well adapted to our use.—R. L. MOORE, *Pres.* Mars Hill College, N. C.

It is, indeed, an excellent book—the best I have read on that subject. We shall adopt it in our school, and I am snre it will have a wide circulation in this State,—N. F. ROBERTS, *Shaw* University, Raleigh, N. C.

It is the work of a careful and discriminating scholar who has prepared for our young citizens an invaluable key to the complicated political structure under which we live.—Hon. HANNIS TAYLOR, Spanish Treaty Claims Commission, Washington, D. C.

I am well pleased with the text-book on Civil Government. It is an admirable text and the mechanical work is excellent. I predict for it a wide sale in our State and I shall take steps to have it placed in our schools at an early day, just as soon as arrangements can be made for this purpose. I am very much gratified to see your house getting out so many good text-books, and also glad to know that they are being adopted so extensively.—C. C. WRIGHT, Supt. Wilkes Co. Are you satisfied where you are? Wouln't you consider a change for the better? There are big profits in a few acres of the rich alluvial lands of Eastern Carolina.

Two aud three crops a season on the same piece of ground-and all of them crops that bring good prices-mean wealth and independence for the industrious farmer.

WHY?

Here are some examples of what is actually being done by farmers along the lines of the Norfolk & Southern Railway:

Samuel Wood, Princess Anne County, Va., raised three crops in 1907 ou 2 1-2 acres. The first one (beets and lettuce) brought him \$1,200; the second (egg-plant), \$1,775; the third (lettuce and parsley), \$3,300—making a total of \$6,275.

Frank Lindsay, near Norfolk, this year (1908) grew 12,600 barrels of Irish potatoes, which he marketed for \$40,000, and now has the land in a magnificent crop of corn, for which he has already been offered 60 cents a bushel.

The Engle brothers (two German farmers), near the North Carolina-Virginia liue, in 1908, sold 24,000 quarts of strawberries at from 12 to 18 cents a quart off 4 acres of land.

And there are plenty of others all along the line, from Norfolk, Va., to Newbern, N. C., who have made records quite as good. Of course, every one caunot be expected to do as well as those above named. It is safe to say, however, that any one who comes here with the determina-tion to succeed and applies himself intelligently, will very soon find himself in good circumstances and on the road to accumulating a competency.

Pure water in abundance can be obtained at all points. Health conditions are as good as can be found anywhere in the country, and the cost of living is low.

THINK WHAT YOU ARE OFFERED:

Low Land Values: Fine Climate: Three Crops a Year; **Convenient Markets:** A Soil that Will Grow Any Crop.

Can you afford to stay where you are struggling along under adverse conditions, wasting your energy on high-priced land that has been "worked out"? Isn't it better to take advantage of the wonderful opportunities now offered in the new territory opened up by the Norfolk & Southern Railway? Write for descriptive booklet.

LET US HELP YOU TO SUCCESS. F. L. MERRITT, Land and Industrial Agent

Make Your Home Attractive

Alabastine will do much to make your home beautiful. Its rich, soft and velvety tints which do not fade or change color will set off your pictures and furnishings to the best advantage.

Walls coated with Alabastine will not harbor bugs, insects or disease germs. Where the room is decorated with Alabastine, it need not be redecorated after contagious diseases, as all germs can be easily destroyed by slight fumigation.

Made by Spreading Alabastine on Paper With a Wall Brush.

For churches, schools and public halls, Alabastine is the ideal wall coating, because it is more durable and economical than any other material. With it the most pleasing fresco designs, either in stencil or freehand, can be produced.

If you will send us your plans, blue prints or a rough pencil sketch with necessary information as to the size of rooms, arrangement, height of ceiling and finish of woodwork, we will send absolutely free, suggestions from our artists as to color plans for proper harmonizing colors and decorating your house with Alabastine.

ALABASTINE CO. GRAND RAPIDS, Mich. 105 Water St., NEW YORK CITY.
