No. 194

Kobe, 15th February 1948

Subject: Stock-list of Supplies on hand 15th February 1948

To: H.Q. International Relief Committee, Yokohama.

With reference to your letter of the 1st December (delayed) we now enclose stock-list as of the date agreed upon for the closing of this Branch.

We wish to add that at the time of receipt of your information we had prepared a distribution of Military Overcoats, Jackets, Trousers etc. for the most needy people. Although registrants were notified that most articles were in poor condition (being mostly POW clothing) there were requests for well over 2000 items against an available total of some 280, which shows how much people are in need of clothing.

As regards Military Boots we had begun a re-assortment, seeing that on the way from the International Hospital to the Morozoff building there was a considerable mix-up. The matching and sizing takes a considerable time; but we had decided to go ahead with distribution of what we had, using certain discriminations, instead of waiting for the exchange of those boots which we had found unfit at the first inspection. The distribution had unfortunately been postponed for various unavoidable causes, but we hope that we, or rather our successors, may soon be in a position to undertake it.

At the request of the Local Welfare Section the majority of the remaining Sweaters, Beanies, Mittens, Play-suits had been earmarked for Chinese communities, from whom we still await certain details.

The balance, as well as other items, should be reserved, by our successors if they be so allowed, for new registrants and those cases where a conflagration or burglary might cause hardship, with others for infants. None of them are available in excessive quantities, seeing that they consist of sundry sizes.

Kobe Branch.

To:- Hyogo Military Government Team,
Welfare Section.

ATTENTION OF MR. BORIS

1. I confirm telephone conversation with you today when you informed me as regards the Foreign Food Distribution, certain difficulties would be likely to arise in cases where persons are unable to produce definite proof of their nationality. You mentioned that this would be particularly difficult in the case of Indians with Japanese wives and children whose claim to Indian nationality had not been established.

2. I then informed you that the marriage cases of Indians belonging to the Dominions of India and Pakistan had been referred to the respective Governments. I fear that considerable time will elapse before definite rulings are handed down by these two Governments.

3. The final outcome is not known but it seems unfair to these Indians that their food supplies would have to be cut off while decisions have not been made. I therefore enclose herewith a copy of a certificate which has been drawn up after consultation with the Indian Mission in Tokyo and the Consular Section of the U.K.Liaison Mission in Yokohama.

4. I should like to know if this certificate, issued for individual cases, would protect the Indians and allow them to receive the foreign food distribution while their cases are under consideration.

E.C. Penson

Head of Kobe Branch,
United Kingdom Liaison Mission
in Japan.

Date:- 28th November, 1947.

TO WHOM IT MAY CONCERN :-

This is to certify that the Indian Liaison Mission has referred to the Government of India the question of the validity of marriage and the legitimacy of the children and the consequential nationality of the wife and children of Mr. ..... a citizen of the Dominion of India whose names are as follows:-

SUBJECT: Report of Investigation.

TO : Commanding Officer,
31st Mil Govt Hq & Hq Co.
APO 317 Kobe, Japan.

1. Investigation of the Mitsubishi warehouse reveals the following information.

A. The above mentioned warehouse was entered sometime between Friday, 21 June 1946 and Monday, 24 June 1946 by the use of a plank to enter the window approximately fifteen feet from the ground. The unknown thieves took thirty (30) cartons of A # 4B rations, twenty-seven (27) cartons of cigarettes, seven (7) cartons of candy bars, and two and one half (2 1/2) boxes of gum.

2. It is my belief that the goods were removed by means of a boat due to the fact that all gates to the warehouse area were guarded.
