SUBJECT: Release of Provost Court Prisoner.

Headquarters 25th Infantry Division, APO 25,

TO: Commanding Officer, Kinki Civil Affairs Regiment, APO 25.

1. In view of the nature of the offense upon which this Japanese National was convicted, it is the view that any recommendation for clemency should show that a responsible person is ready and prepared to give the necessary medical and nursing aid as well as prevent the convicted person from engaging in further activity of a similar nature to that which brought about the conviction.

2. The prison authorities are responsible for determining when a prisoner committed to their custody is to be hospitalized as a temporary measure and to set such security control over the prisoner as such authorities deem appropriate.

TO: Chief, Wakayama Civil Affairs Team, APO 25

1. This headquarters understands the prisoner to have been convicted for dealings in narcotics involving members of the occupation forces. Should she be released at this time there is considerable possibility that she may return to her former habitat and resume the illegal activities for which she was convicted in the past.

2. As stated in the 2nd indorsement, there is no evidence that any person has assumed responsibility for providing the necessary medical care. If the condition of the inmate is as stated by the doctors and the prison authorities, and some person is willing to assume the responsibility for the treatment and conduct of the prisoner, it is recommended that the patron communicate such intention and proof of ability to the Judge Advocate, 25th Infantry Division.

3. Request this correspondence be delivered to the Wakayama Prison authorities.

1. Reference is made to paragraph 11c 2, Operational Directive 25, 1949, which requires a list each month of persons in Japanese penal institutions who have served at least one third of their sentence, and whose conduct merits a review of the occupation court sentence by the approving authority.

2. Attached hereto as inclosure #1 is the list prepared by the Wakayama Civil Affairs Team. Conversations with the JA Office, 25th Infantry Division, and the Japanese prison authorities, indicate the majority to have been sentenced by the Provost Court under your jurisdiction. This report is forwarded for your information and whatever action is deemed advisable.

3. The Wakayama Civil Affairs Team has been directed to include your headquarters on the distribution of future monthly reports of this type.
