S on -	(22)	
Daughter	(15)	

4. ACTUAL INCOME: ¥ 900 a month from work of son and daughter.
5. EXPENDITURE: ¥ 1500 a month
6. REASON WHY CASE CLOSED: (Minsei-iin's opinion) The son works at Rayon Factory in Masaki and earns over ¥1,000 a month.
7. LIVING CONDITION AFTER CASE CLOSED:

There is a shortage of ¥600 in the actual income to meet the total expenditure of this family; This family has sold up everything to cover the shortage with the sales, so that there is nothing left to sell to get part of the expenditure. The husband has been suffering from palsy for the past long years, now untreated medically.

8. CASE WORKER'S OPINION:

Since the actual income is short as much as ¥600 a month in spite of the fact that the son and daughter work hard, it is thought that Relief Money should be paid continually till the amount of their earnings be increased. It is thought therefore that the treatment of MINSEI-IIN is not reasonable in this case.

1. ADDRESS: M"NATO-MACH", GUNCHU, "YOGUN.

Taneyosh'	- Husband -	49	- Vegetable dealer
W'fe	----------	49

2nd son	----------	14	)
3rd son	-------	11	) Go'ng to pr'mary
3rd daughter	-------	7	) school.
4th daughter	-------	3	)

4. L"V"NG COND"T"ON: (The w'fe states)

S'nce th's fam'ly began to deal 'n vegetables 'n June th's year us'ng the husband's brother's house, the l'v'ng cond't'on has been made better though the earn'ng 's st'll not suff'c'ent to susta'n l'v'ng.

The husband and ch'ldren are not so healthy that they have to pay med'cal expenses, wh'ch are a burden to th's fam'ly. The locat'on of the shop 's not so good that the sale of goods 's not very sat'sfactory. Th's fam'ly w'll therefore be grateful 'f some rel'ef money be pa'd a l'ttle further.

5. REASON WHY CASE CLOSED (I"NSE" "N and Town Off'ce's statement)

The husband's brother 's r'ch enough to help th's fam'ly f'nanc'ally. S'nce th's fam'ly began deal'ng 'n June on a b'g scale, 't 's unnecessary for th's fam'ly to be a publ'c rel'ef cl'ent any further, because the fam'ly has enough 'n-come from the bus'ness. Th's 's why the case was closed 'n July.

6. CASE WORKER'S OP"N"ON:

A) The appearance of the shop 's f'ne, but 'n v'ew of the locat'on of the shop (not 'n the bus'ness centre), the earn'ngs may not be so b'g as the w'fe states. The M"NSE"-"N's judgment that the 'ncome from the new bus'-ness must be suff'c'ent or more to susta'n the l'v'ng, because the appearance of the shop 's very f'ne, 's superf'c'al, and lacks s'ncer'ty.

B) Th's fam'ly does not need the usual Rel'ef Money but w'll need Med'cal Rel'ef.

Chuyo (husband)	-	53	- Employed by a Steamship company.
Wife	-------	46	
1st son	-------	20	- Employed by Railway
2nd son	-------	4	

4. LIV-NG COND-T-ON (The wife states):

The phys'cal cond't'on of the husband 's not good (he 's ill 'n the p'les) and is treated by a doctor, be'ng employed by SHOSEN KA-SHA (Steamship Company in Gunchu).

The 1st son is employed by the Government Railway. The liv'ng cond't'on of th's fam'ly is not so bad as that 'mmed'ately after return of th's fam'ly to Japan.

The med'cal expense for treatment of the husband's 'llness 's a burden to th's fam'ly. No doctor (pract't'oner) 's w'll'ng to treat w'th the med'cal rel'ef t'cket.

5. M'NSET-'N states: (REASON WHY CASE CLOSED)

Since the husband and the 1st son get earn'ngs, and the husband's 'llness has got better, the case was closed.

6. CASE WORKER'S OP'N'ON:

The problem for th's fam'ly 's the Med'cal Rel'ef. 't 's usual 'n towns and v'llages where there 's no publ'c hosp'tal that pract't'oners are reluctant to treat poor pat'ents under med'cal rel'ef. Th's 's a problem to be cons'dered by the publ'c welfare author't'es.

Remarks for Case Review Check
at Genichū-cho

Date: 1 August, 1949

By: A. Amano

The case review checks were done, some by the new 10th-revised standard records and others by the old standard records, because all the new standard records have not been completed. The expenses amounts in the new records depend upon the clients' report, not upon the standard.

In the old records, a big mistake runs through them all; 60 % of the standard was thought the living standard of the client: even those who had no income were given just 60 %, and their living expenses were estimated by the official so that they might become 60 % of the standard.

IV Remarks:

MINORU ~~has~~ suffered from spinal disease about a year ago and cannot stand up or walk. SACHIE took him to the examination of disabled children by the special doctors sponsored by Ken Child Welfare Section in June '49, and the doctor said that he has some hope of recovery, if he undergoes medical treatment at Fukuoka University Hospital in Kyūshū. Gunchū town decided to give him medical relief treatment at the university if SACHIE can get the travel expenses from her relatives. She is trying to get them by asking hand from her relatives who used to give her some aid but not recently.

Her husband died 2 years ago.

Though she keeps a small shop of toys and everyday necessaries, she is busy taking care of her weak boy and she cannot get income worth mentioning. She has sold most of her properties in order to fill up the deficit of their living expenses.

P.T.O.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Ⅳ. Remarks:

The second son SHIMARŌ is now taking 6-month training course for making porcelains. He will start getting some income in a few months.

Fusako's father, a farmer, gives them grains and vegetables for their aid.

The record says that this family is exempted from the electric charge, but the client says that she has to pay ¥ 25 though she went through formalities to be exempted from her electric charge.

She is indebted for ¥ 5000 (construction expenses of their own house) since her husband was drafted to the army and died in the battle while the house was being constructed.
