## NOTICE TO VOTERS

Chapter 154, Oregon Laws 1955, directs that there be placed in each Voters' pamphlet a page setting forth certain information regarding registration and voting. This information as summarized from the Oregon Election Laws, is as follows:

**(1) Requirements for a Citizen to Qualify as a Voter.** Every citizen of the United States of the age of 21 years and over, who shall have resided in Oregon during the six months immediately preceding a primary or general election, and who shall be **duly registered**, shall be entitled to vote, provided such citizen is able to read and write the English language.

Registration as a voter is effected by appearing at the office of the County Clerk in the courthouse at the County Seat, and signing the form that is prescribed by law for that purpose, or by appearing before an official Registrar appointed by the County Clerk to function in the community in which the prospective voter resides. The name and address of a local Registrar can be obtained at a newspaper office, or from the City Recorder. No registrations are permitted during 30 days immediately preceding an election.

Registration continues to be valid indefinitely except as noted in topic (2) following.

**(2) When a Voter is Required to Reregister.** Reregistration is required when:

(A) The elector (used synonymously in the law with voter), has failed to vote at one election at least in any biennial election period.

(B) The elector changes his or her address by removing to another precinct or county.

(C) The elector desires to change his or her political party.

(D) The name of a woman elector is changed by marriage.

The procedure for reregistering is the same as for registering originally, except that electors who have moved to a different precinct within the same county, or whose names have been changed by marriage, have the option of reregistering by mail.

**(3) How a Voter may Obtain and Use an Absentee Ballot.** A registered voter in any of the following categories may apply to his or her County Clerk for an Absent Voter's Ballot.

(A) Those who are to be absent from their County on the day of election.

(B) Those who reside more than 15 miles by nearest traveled road from the polling place in their precinct.

(C) Those who are physically unable to attend the polls in person.

Applications for the ballot may be filed with, or mailed to the County Clerk at any time within 60 days preceding the election. No special form of application is prescribed; an informal request is sufficient. The ballot must be returned in time to reach the County Clerk not less than five days prior to the election.

Chapter 332, Laws of 1955, provides a special procedure for absentee registration and voting by members of the armed forces, and certain classes of service civilians on duty in foreign countries.

**(4) How a Voter may Obtain and Use a Certificate of Registration.**

(A) A registered voter who changes his residence within the County after the registration period terminates 30 days prior to an election, may procure from the County Clerk's office a certificate which will authorize him to vote in the precinct to which he has moved.

(B) If the voter is to be absent from his County on election day he may obtain from the Clerk's office a certificate which will entitle him to vote in another county for candidates for State and District offices and on State measures.

**JOHN MERRIFIELD****Republican, Candidate for National Committeeman**

Oregon needs a man who understands the intent and purposes of the Eisenhower administration's policies and program.

Having served in the state senate during the entire Eisenhower term of office I have been keenly aware of the problems and have introduced considerable legislation to relate the national program to that of our state.

During this period of time I have discussed the achievements of the Eisenhower program and that of the State Republican administration with over 400 Republican clubs and civic organizations in every one of the 36 counties of our state.

For a number of years I have been a precinct committeeman. I have served as Finance Chairman for Multnomah County and Vice Chairman of the State Budget and Finance Committee.

The Republican Party in Oregon has always found me to be completely cooperative in every respect. I have carried out every function assigned to me by the State Central Committee and various county committees.

Many Republican leaders have referred to me as the "workhorse" of the Republican Party in Oregon. You can confirm this statement with any member of the senate or your own county chairman.

If you elect me your National Committeeman, I pledge you complete cooperation, attentiveness to duty and continued 100% backing of the Eisenhower program at all times.

**JOHN MERRIFIELD**

**MRS. COLLIS MOORE**

In 1925 she married Collis Moore, wheat farmer of Moro, Oregon, and went to Sherman County where they have resided on the same ranch for 31 years. They have one son, David, a veteran and at present a student at Lewis and Clark College, Portland.

Mrs. Moore has been active in many civic affairs in her community. She is at present a member of the Moro Community Church, the Sherman County Welfare Commission and County Chairman of the National Foundation for Infantile Paralysis.

She has been a member of the Sherman County Republican Central Committee for 20 years and is now serving her second term as chairman of that Committee. She is a member of the executive committee of the State Central Committee and has served previous appointments on that Committee.

She is willing to dedicate her time and efforts to the interests of the Republicans of Oregon, and has the qualification and personality to be an effective national committeewoman.

**HOWARD C. BELTON****Republican, Candidate for Delegate at Large to the National Convention**

In 1944 and again in 1952 the republican voters of Oregon elected me as a delegate to the Republican National Convention. If it is their desire I shall again serve the party in that capacity next August. As a registered republican since 1914 I have maintained an active interest in state and national affairs.

While a farmer by training and occupation, I have devoted a large part of my time to public service, as school director, as a state representative, as state senator the past 18 years and as a member of the State Emergency Board for twelve years.

Four years ago we nominated and elected Dwight D. Eisenhower as President of these United States. The program which he formulated has brought peace, prosperity and stability to the country. I should like to see his administration continue another four years in order that the objectives which he has outlined may be carried to their completion.

If elected a delegate I will conscientiously support the party's choice as determined at the Primary.

**PHILIP N. BLADINE**

**Republican, Candidate for Delegate at Large to the National Convention**

TO THE REPUBLICAN VOTERS OF  
OREGON:

In offering my candidacy as a delegate to the Republican National Convention, I respectfully submit the following information:

I was born November 18, 1918, at Cedar Falls, Ia., and came to Oregon in 1932. I attended public school at McMinnville, Ore., studied for one year at Linfield College and was graduated in Journalism from the University of Oregon in 1940.

Throughout my life I have had an intense interest in good government. After serving four years in World War II, completing naval service as executive officer of an LST in the Pacific, I resumed activity as a newspaper editor in McMinnville. During the past 10 years I have been extremely active in civic service to my community and state.

Prior to World War II, I was one of the early members of the Oregon Young Republican Federation and since 1945 have twice served on the State Central Committee, and on the county committee as secretary and currently as chairman.

I cannot stress too strongly my sincere belief in the strength and importance of the principles of the Republican party, both in Oregon and in the nation. I feel that only through election of men who will give these principles "expression through action" can we hope to maintain our great freedoms in America and our leadership in a strife-torn world.

These principles have had fine leadership in the past four years under President Eisenhower. I promise the voters of this great state that if I am elected as a delegate to the 1956 Republican convention I will give the president and his program my utmost support.

PHILIP N. BLADINE

**CARRIE CHAPMAN****Republican, Candidate for Delegate at Large to the National Convention**

President Eisenhower's administration has been one of many notable accomplishments, but particularly significant has been his leadership in containing world communism without involving the United States in war.

I am in accord with his statement, "Education is one of those local functions that we should guard jealously because I found in every totalitarian state that I know anything about, one of the earliest efforts was to get charge of the educational processes."

A ruling, since the last convention, by the state attorney general that teachers are in no way restricted in their political activities enables me to present my candidacy as a delegate at large to the Republican National Convention. I am employed by the Portland Public Schools as a teacher with 20 years of service in the system.

The greatest strength of the United States today lies in having local school board control over all aspects of education. If elected a delegate, I will devote

my full efforts to supporting the president and obtaining assignment on the education committee.

As a lifelong Republican, a resident of Oregon for more than 50 years; I attended elementary and high school in Douglas county; attended St. Olaf College, Northfield, Minnesota; Oregon College of Education at Monmouth; and the University of Oregon where I received my B. S. & M. S. degrees in education. I have taught in Douglas, Umatilla-Morrow, Wheeler, and Multnomah counties.

One of my chief interests has been in assisting orphans and children who lost their fathers in the war to further their education. I have been chairman for several years of the war orphans scholarship committee of Post No. 1; American Legion Auxiliary.

Oregon is a great state and will be greater in the future because of our youth expanding and establishing new opportunities under our free enterprise system. I have visited every one of the 36 counties of the state and will support only that which is best for ALL of Oregon.

Having lived on a farm as a youth and with two brothers presently engaged in farming in Oregon, I am fully aware of the many problems confronting the farm community.

May I have one of your ten votes for delegate at large to the Republican National Convention?

**SAMUEL A. HALL****Republican, Candidate for Delegate at Large to the National Convention**

I will use my best efforts to secure the nomination of those persons for President and Vice President of the United States who receive the largest number of Republican votes at our Primary election. I will work for a good platform. We should work soundly and effectively to better the standards of living of all our citizens—a prosperous people of all classes is the purchasing power needed for a healthy economy. We should work continuously to encourage private enterprise, for it is the backbone of our country whether it be reflected in a man who has raised himself from pick and shovel work to that of a prominent labor leader or to that of president of a corporation producing things that give us a better standard of living or to that of a government leader working to keep a proper balance of power between them. With every power permitted by our Constitution, we should constantly and intelligently, fight all left wing elements. I am 40 years old. I reside at Harbor with my wife

and our four boys. I am District Attorney for Curry County. I am running for Representative in the legislature. I have an established law practice with offices in Brookings. I was born on a homestead. I lived and worked on farms while Henry Wallace played around with his theories by killing pigs and fruits rotted. I have done pick and shovel work, canal, packing plants, factory, etc. I have been both employe and employer. I have sat on both sides of the labor relations table. Each should recognize the lawful and economic rights of the other. Neither should ever be permitted to destroy the rights of the individual citizen and the freedom of enterprise under which both of them have achieved so much in this country. My work has taken me into nearly all counties of the state. I have been a Deputy City Attorney for Portland, attorney for Federal Government, assistant Attorney General for Oregon, City Attorney for Brookings, attorney for Oregon Department of Veterans' Affairs for Curry County. World War II took me to Scotland, England, Algeria, Tunisia, Sicily and Italy, the invasions of Oran and Salerno and the retreat at Kasserine Pass. I received five battle stars and bronze arrowhead. I am a member of the Oregon State Bar Association, Coos-Curry County Bar Association, American Bar Association, Section of Corporation, Ranking and Business Law, Sigma Nu Phi Fraternity (legal), Rotary, California-Oregon Knife and Fork Club, American Rose Society, Veterans of Foreign Wars. Previously a member of Multnomah County and Marion County Bar Associations. I was president of Marion County Young Republican Club. I have worked in campaigns of Republican candidates. I believe I can effectively represent you.

**JOHN HOUNSELL**

**Republican, Candidate for Delegate at Large to the National Convention**

In submitting my candidacy for delegate at large to the national convention, I do so with a sincere feeling of obligation to the Republican Party and a profound belief in the principles for which the Party stands. If elected, I pledge to vote for a liberal and constructive party platform and for the nomination for President of the candidate selected by the Republicans of Oregon at the primary nominating election. I believe in the American system of representative government under the constitution and the American system of free enterprise rather than in government by bureaucratic decree.

I am a fruit farmer in Hood River. I am 44 years of age. I have for the past eight years represented my district in the legislature—four years in the House of Representatives, and four years in the Senate. My legislative record is your guarantee of conscientious service. Your active support of my candidacy will be greatly appreciated.

**PAUL KERRIGAN****Republican, Candidate for Delegate at Large to the National Convention**

I favor, without qualification, the re-nomination of Dwight D. Eisenhower for the Presidency of the United States. The record shows that my support of Mr. Eisenhower has not been merely passive. As chairman of the Eisenhower for President Committee, I organized and directed the state-wide circulation of petitions to place the President in the Oregon primary beginning last December—the first such move anywhere in the United States.

Beyond my support of his candidacy, I am solidly behind Mr. Eisenhower's program. I believe that the Republican party has been the historic instrument of progress in the United States. Under the post-war leadership of such great men as the late Senators Vandenberg and Taft, the GOP re-asserted that role, a process carried to completion by President Eisenhower. The forward-looking policies of the present administration have the full confidence of the vast majority of the American people. The Republican National Convention should give full support to the continuation and extension of those policies.

As a Delegate to the Convention, I would work for the adoption in the platform of the following points:

- Continuation of the Eisenhower program of economy and efficiency in government, to insure reduction of the federal tax burden.
- Vigorous application of American traditions of democracy and freedom from colonialism to our relations with other countries.
- Full support of the Eisenhower administration's actions in upholding the civil rights guaranteed by the Constitution to all Americans, regardless of race.
- The establishment of a National Commission on Agriculture, to conduct a nonpolitical survey of the farm problem and to prepare a program to assure steady farm income together with protection for the consumer.
- A security program designed to afford maximum protection for both the nation and the individual citizen. The Constitution has its enemies on the Right as well as on the Left and must be defended from both equally.
- The enactment of legislation to assure the American people that the legislative process is freed from the stain of improper influence and corruption.

If the Republican party is to continue to serve the people of Oregon, it must offer proof that it is dynamic and capable of growth. The GOP must attract the support of the thinking citizen by providing clean, effective government that will march with the times to insure maximum development of America's potential.

As a young man, a dedicated Republican, and a forward-looking Oregonian, I respectfully submit myself to you as a candidate for Delegate to the Republican National Convention.

**A. W. LAFFERTY****Republican, Candidate for Delegate at Large to the National Convention**

Fellow Republicans:

Above all else I believe in the principles of Liberty for which the Republican Party stands.

Personally, I am for General Dwight D. Eisenhower for the Republican nomination at San Francisco for a second full term as President, and Thomas E. Dewey, for the nomination for Vice President.

If elected a delegate at large to the San Francisco Convention, to convene on August 20, I am formally pledged in my declaration on file with the Secretary of State of Oregon, and under the Oregon Primary Law, and my own inclinations in favor of direct primaries, to support those candidates for nomination who shall receive the largest number of votes at the coming May 18 Primary Nominating Election, and will keep that pledge faithfully.

Not Just Desiring to Make the Trip

If you elect me a delegate to San Francisco, I will go before the Resolutions Committee (who are writers of the Platform) for a vigorous plank favoring passage by Congress of an Act giving to all Western states 50 percent of all income from forest reserves in such states. Presently, the states, for distribution to their counties, receive only 25 percent. The raise would, of course, double the strictly forest reserve income of every county in Oregon, and in each of the other western states. Clackamas County would get over a million a year from her five hundred thousand acres of forest reserve land, instead of approximately five hundred thousand dollars yearly as now. Lane County's purely forest reserve yearly income would jump to approximately two millions a year immediately. Same rule would apply to all other Oregon counties having forest reserve lands.

I am not speaking of O & C lands in the above, but only forest reserve lands. Eighteen western Oregon counties should receive for all time the 75 percent yearly income to themselves from O & C lands. They will need it every year, more and more, due to Oregon's rapid growth. Congress and the Courts have said the Oregon counties are morally and equitably entitled to it, and they certainly are.

SLOGAN

"Let Republican Platform Urge 50% to Western States from Forest Reserve Income."

## GORDON ORPUT

**Republican, Candidate for Delegate at Large to the National Convention**

Orput has always been a staunch supporter of Dwight D. Eisenhower. He has demonstrated his ability to work for that which he believes. **MRS. C. H. (EDITH) PHETTEPLACE**

**Republican, Candidate for Delegate at Large to the National Convention**

I am a libertarian; I believe in a limited government—A free Market place and the dignity of the individual. To protect the solvency of the United States we must protect the wage earners dollar, his insurance, savings and pensions by limiting federal taxes, federal spending and borrowing and by balancing the budget and reducing the public debt.

If we are to protect the future of our rapid growing population, we must not only retain our present immigration laws but we must strengthen and enforce them.

We should adopt the Hoover Commission recommendations and save Seven Billion dollars in taxes a year.

We must pass 'The Bricker Amendment' and rescind the 'Status of Forces Treaty.'

We must abolish the withholding tax and guarantee the right to work and the right of those who work to receive their earnings in full.

We must demand that the United Nations be reorganized as an Association of Non-Communist States. If this is not done without delay the United States should withdraw from the UN as now constituted.

If elected as a National Delegate, I shall use my best judgment and my knowledge of legislative procedures to help nominate men of my party whose political philosophies are based on constitutional government and our 'Free Enterprise' system.

Respectfully submitted

**ELMO SMITH****Republican, Candidate for Delegate at Large to the National Convention**

Governor Elmo Smith

The Republican National Convention of 1952 demonstrated the added prestige and influence of an Oregon delegation headed by the governor of the state. His position as a governor gives weight to his participation on the floor of the convention and in conference with other delegations.

My present term as governor covers the period of the tremendously important Republican National Convention in San Francisco this year. I believe it is a part of my duty to serve on the Oregon delegation if the members of my party wish me to do so.

As an Oregon delegate I will support the choice of the Oregon Republicans in our presidential primary.

**PETER W. WELCH****Republican, Candidate for Delegate at Large to the National Convention**

I favor Eisenhower as our presidential candidate. I do not favor a presidential candidate choosing his own running mate for vice-president. This should be done by the national convention. The vice-presidency of the United States is too important for any one man to choose for all the people.

I advocate that the United States Constitution be changed so the president and vice-president can be elected by a direct vote of the people. The method of choosing by state electors and the congress is not the direct wish of the voting majority.

I believe this proposition should be one of the planks in the Republican platform this year.

**RUDIE WILHELM, JR.**

**Republican, Candidate for Delegate at Large to the National Convention**

Rudie Wilhelm, Jr. has served as a representative in the 1947, 1949, 1951, and 1953 sessions of the Oregon State Legislature and was Speaker of the House in 1953. At the present time he is a state senator from Multnomah County.

He was born in Portland in 1914 and educated in the Portland public schools and Reed College. Except for four years as an enlisted man and officer overseas in the Army Air Force during World War II, he has been manager of Rudie Wilhelm Warehouse Co. since 1940.

He served for six years on the State Emergency Board, was chairman of the "Little Hoover" Interim Committee on state government administration and at present is Chairman of the Legislative Interim Tax Study Committee and a member of the Interstate Cooperation Committee.

If elected by the Republicans as a delegate to the national convention, Rudie Wilhelm, Jr. can be counted upon to work hard and effectively for a Republican ticket and platform that will carry out President Eisenhower's philosophy of government and policies.

**MRS. FREDERIC W. (JEAN) YOUNG****Republican, Candidate for Delegate at Large to the National Convention**

In filing for Delegate at Large to the Republican National Convention, I do so believing that it is a responsibility of party officials to participate in their national convention. I believe in the Republican Party and its principles and have worked actively to support them. I believe that every American has an obligation to be an "accountable citizen".

My philosophy has lead me to community activity first as a Parent-Teacher member, later president, and finally, I served as PTA State Legislative Chairman for five years. During those years I worked closely with the Oregon Legislature in the passage of vital school legislation.

I have served on the Girl Scout Council, Multnomah Chapter American Red Cross Board, State Women's Chairman Crusade for Freedom, and for eight years as State Advisor of Women's Activities, National Foundation for Infantile Paralysis.

At the present time I am chairman of the State Wage and Hour Commission which regulates the minimum wages for women and minors in Oregon.

My political background includes service as precinct committeewoman, area chairman, then vice-chairman of the Multnomah County Republican Central Committee for eight years. I now serve as Secretary of the Republican Central Committee of Oregon. In 1952, I attended the convention as an observer.

At the present time I am a lay member of the Legislative Interim Committee on Elections.

My background and Republican party work leads me to believe I am qualified to serve the Republican voters of Oregon as one of their ten delegates at large to the 1956 Republican Convention.

**WALTER W. FOSTER**

**Republican, Candidate for Delegate to the National Convention,  
First Congressional District**

Pledged to Eisenhower principles and integrity in government, my candidacy as a delegate to the Republican National Convention is submitted to the voters of the First Congressional District, and I solicit your vote.

A veteran of World War II, I am a graduate of Oregon State College and Willamette University College of Law. A native Oregonian from Clackamas, I am married and have two sons. My military service was with the army infantry for 40 months during World War II, much of which was spent overseas in the South and Western Pacific where I took part in the Iwo Jima and Okinawa campaigns. During service on Okinawa, I received combat wounds which resulted in my separation from service.

Active in local, county and state Republican Party affairs, I am presently District Attorney of Polk County and chairman of the Marion-Polk Young Republican Club. Long active in Republican work, my activities have been directed toward bringing into practice the political principles and philosophies of government expressed by President Dwight D. Eisenhower at Denver shortly before his unfortunate accident.

A member of the V.F.W., American Legion, Masons, various service organizations and the Congregational Church, I am Judge Advocate for the Department of Oregon, V.F.W., and a member of the State Committee on Juvenile Institutions created by the last session of the Oregon Legislature. **DWIGHT D. EISENHOWER****Republican, Candidate for Nomination for President of the United States**

A man of profound faith, infinite hope, and an unshakable belief in the nation whose destiny he has helped shape, Dwight D. Eisenhower's mettle has been tested a thousand times in peace and war. He has never been found wanting. In the midst of national or international tensions he has held firm to his Republican convictions and inspired the respect of Congress and the world.

**GOVERNMENT:**

In defining his idea of government Eisenhower said, "It means a government which, in its whole constitution, its whole concept and its aims, takes in the thoughts, the purposes, the ideals, the aspirations and the problems of today and 165 years ago."

Throughout his administration he has demonstrated his adherence to his ideas of government. His compelling belief that every citizen should participate in government has been a cornerstone on which he has solidified and constructively built a functioning Republican party and a powerful nation that stands on the first principles laid down by the Constitution. Individual freedom, he believes, must be jealously guarded. Security walks hand-in-hand with free men who have a voice in their own destiny.

**LABOR-MANAGEMENT:**

Under Eisenhower's administration, American Labor has had the most peaceful and profitable existence in its history. Recognizing the need for a common goal, management and labor have tended to grow closer and more objective in their demands upon each other. Organized labor is now enjoying its richest period in history.

**GAINS; FOREIGN AND DOMESTIC:**

Russia's battle for the human mind has been firmly met and successfully countered. The American economy goes on with stable prices, consistent demands and sensible profits. The Eisenhower administration stopped inflation in its tracks. No American soldier is a target of foreign guns today and the administration is marshalling all its wisdom and energy to help maintain peace in the world.

**NATIONAL INCOME:**

National income has steadily increased, standards of living have risen, and sub-standard living in the United States is ever diminishing. Private and Federal research and development have pushed the frontiers of science almost beyond the scope of man's imagination. From this come better living, greater security, health and economic well being.

The Eisenhower administration has realistically attacked the huge farm surpluses which are the root of the present farm problem, decreased operational costs of the Federal Government and consistently works to keep every promise made to the people of the United States.

A government operating under sound financial policies and fully responsive to human needs, a prosperous and peaceful nation in a free world, comprise the goals of the Eisenhower administration.

## ELMER DEETZ

Republican, Candidate for Nomination for United States Senator

I was born in Clackamas County, March 24, 1894, the son of Henry H. and Rebecca Kauffman Deetz. Both were early pioneers in Oregon and of Menonite faith. I received my education in Clackamas County and spent my young manhood doing farm work, logging, bridge and highway construction, carpentry as an engineer and a ship yard worker during the war. I married Eva L. Chappell October 1925, and we have one son, Henry W., 18, a senior in Canby High School. A niece, Betty Chappell Axon, whom we reared from childhood, is now married and lives in Washougal, Washington.

I was a member of the Lions Club and Businessmen's Club. I served as Agriculture chairman of the Chamber of Commerce and on the city council, Chairman of the Republican Club and as P.U.D. commissioner, Fair Board member, voting delegate for the Farm Bureau and a leader in 4H work. I led the campaign for repeal of the Oregon Milk Control Law, and was elected as Representative from Clackamas County

in 1954. My voting record was favorable to farmer, consumer, and labor. I opposed all bills restricting free enterprise.

If I am elected, I assure you that I will serve my full term as a Republican. I will staff myself with the best legal service available, to inform me properly on all issues. My convictions are not for sale at any price. Therefore, I will be able to cast an honest vote. Keeping the doors of opportunity open; I will protect our competitive, free-enterprise system for all individuals. Education must be available for all, under local control. I will strive to protect our natural resources under State's rights. I strongly oppose legislation granting police power to bureaus and commissions, and I believe that whatever affects agriculture, affects the entire economy of the Nation. The farmer's program should come from the farmers, themselves, not from "career" politicians.

Slogan: Send a man to Congress with American principles—not a politician.

Platform: THE UNITED STATES CONSTITUTION

**PHILIP S. HITCHCOCK****Republican, Candidate for Nomination for United States Senator**

Senator Hitchcock was an early and active supporter of President Eisenhower, and is a strong believer in the Eisenhower philosophy of a humanitarian approach to the rights of the individual.

He is known for his fresh and vigorous leadership, his sincere courage in debate on the Senate floor. He has always been regarded as a working senator who takes his job seriously.

Philip S. Hitchcock is an experienced legislator, nationally noted for his work on civil rights while a member of the Oregon Senate.

These are some things you should know about him:

Senator Hitchcock represented the 17th Senatorial District from 1948 to 1954. He left to take a post in the Development

Department of Lewis and Clark College, Portland, where he is also an instructor in political science.

While in the Senate, he worked on problems of taxation, education, labor legislation, and reorganization of state government. He was chairman of the vital Labor and Industries Committee, Natural Resources Committee and the Commerce and Navigation Committee.

Here are some of the specific things he did:

He was a member of the interim committee that produced the "Little Hoover Bill" and led the floor fight for this law which is saving Oregon taxpayers hundreds of thousands of dollars annually.

He headed the committee that modernized Oregon's forestry laws, and enacted an oil conservation law to safeguard this state's natural resources.

He fought against attempts to cripple or destroy Oregon's Civil Service.

He sponsored Fair Employment Practices and Civil Rights legislation, and established a record of fairness to both employers and labor.

He was one of the key figures in the legislative battle that increased the basic school fund. (Before entering the legislature he was noted as an out-

spoken supporter of the original basic school fund law that equalizes educational opportunity for the children of Oregon and equalizes the tax load.)

He sponsored the Klamath River Commission bill to protect the waters of the Klamath from diversion to California.

He carried a leading role in the Senate floor fight that increased schedules on workman's compensation in 1949.

He directed the committee that corrected unjust seasonal labor provisions in the Oregon unemployment compensation law, and fought for broader unemployment coverage.

Senator Hitchcock's legislative work brought him the 1953 Oregon Brotherhood Award of the National Conference of Christians and Jews.

His record as a businessman is considered among the best. Senator Hitchcock has owned and operated businesses for twenty-four years, twenty years in Oregon. He started working as a logger during school vacations when he was 15 years old and went on to operate a sawmill at Sisters in 1934. He continued as a logger and sawmill operator until 1943 when he went to Klamath Falls to become a dealer in logging and farm machinery and trucks. In 1954 he sold his business and moved to Portland to take his post at Lewis and Clark College.

Here is a list of public and fraternal offices Senator Hitchcock has held:

Past president of the Oregon Council of Churches.

Former governor of Pacific Northwest District, Kiwanis International.

Past president of Oregon State Aviation Council.

Past president of the Klamath County Chamber of Commerce.

Past Grand Orator of the Grand Lodge, AF & AM.

And these positions that he currently holds:

Member of the board of the Multnomah County Red Cross.

Member of the Advisory Committee of the Regional U. S. Forester.

"Senator Hitchcock's candidacy for the United States Senate nomination assures an active campaign within the Republican primaries such as will expose Senator Morse's party weakness and bring issues out on their merit."

Here is a man who has proved he is worthy of your trust, a man of unquestioned honor and integrity, capable and effective as a representative of all the people.

**DOUGLAS McKAY****Republican, Candidate for Nomination for United States Senator**

In all fairness, I must state that I am looking forward to active participation in the forthcoming battle for the principles and ideals of government that President Eisenhower and the Republican party stand for.

I am coming back home to bring to a showdown in Oregon the question of whether the President's program is to be jeopardized in the future, as it has in the past, by those seeking personal gratification and notoriety at the expense of the national welfare.

A little more than three years have passed since this administration began a job as difficult as any which has faced an administration in the history of the nation. Under the leadership of President Eisenhower, we have reversed the direction of government in this country and reached new heights of achievement as evident as they are fundamental.

My profound admiration for the President and the inspiration of his leadership are responsible, more than any other factors, for my decision to enter this campaign. I have worked with him since 1953. I know him as a man of great reference, great wisdom and great dreams for the future of mankind.

(This information furnished by Wm. L. Phillips)

I have also been moved in making my decision by the example of the late Paul Patterson, one of the most devoted public servants in the history of our state. I was saddened by his death. Had he been spared, I believe there is no question that he would have been elected to the United States Senate next November.

His stunning loss makes it all the more important that the Republican party in Oregon carry forward his thoughtful plans and his vigorous opposition to those forces which would strike at the foundations of our free system of government.

It is known, I suppose, that Mrs. McKay and I had looked forward to retiring to private life following completion of my term in the Cabinet. By next January, I would have served the people of my state and the nation for more than a quarter of a century in public office and as a soldier.

But the President has told us that the task of his administration is not yet completed. He offered himself in the service of his fellow citizens for another four years to finish the job.

With this superb example of resoluteness and courage before us, I believe I cannot now consider any aspirations I may have had for a quiet time of life. It has never been said that McKay backed away from a fight where the best interests of the people of Oregon were involved.

The plain fact is that I believe my native state is not now represented by a senator whose political integrity can be relied upon. I believe that Oregon does not wish to follow leadership of this caliber in shaping its destiny.

I believe that when Oregon voters elect a man as a Republican senator they are entitled to the kind of representation they bargained for.

Because I believe these things so deeply and so completely, I welcome this opportunity to meet the senator from Eugene in this contest.

For the past three years the Eisenhower administration and my administration of the Interior Department have endured the harassing and belittling attacks of this individual and others who represent a basic concept of government that is foreign to our historic traditions and beliefs.

Through half-truths, distortions and vicious attack, he has resorted to a "big doubt" technique in an effort to cast a shadow on virtually every action taken by responsible officials of the Department and the administration.

Let there be no doubt that I am grateful to have shared in the Eisenhower administration. I am proud of the accomplishments of the Department of the Interior in carrying out the missions assigned the Department by the President. In the past three years, striking advances have been made in assuring sound conservation and development of all of our vital natural resources. In the months to come, we will take up these matters in detail.

I can think of no more appealing task in public life today than to bring before the people of Oregon this opportunity to choose between honor and the objectives of the Eisenhower administration and the slippery philosophy of Wayne Morse.

Hereafter the choice will be theirs.

I am sure I do not have to tell my Oregon friends and neighbors that I am grateful for the honors they have bestowed on me in the past. If it is their pleasure that I serve them again, I will do so gladly and with all my heart.

In the months to come I shall wage a vigorous campaign dedicated to carrying forward the fundamental and vastly important principles and policies of the President and the Republican party.

That is my pledge to the people of Oregon.

It is given without qualification or reservation.

WM. L. (BILL) PHILLIPS

**R. F. COOK**

**Republican, Candidate for Nomination for Representative in Congress,  
First District**

Being somewhat of an individualist, I adopted farming as a means of livelihood most suitable to freedom of thought and action. I am rather less than enthusiastic about a planned economy.

Now we find ourselves in a momentous struggle involving a planned economy for the farmers, but affecting all. None can escape its solemn implications. Small scale compulsions tend to grow into large scale dominations. Men who are fed by their government soon become less than free agents. The "something for nothing" mentality is an economic cancer.

Because I fear the concept of using our laws to relieve individuals of the responsibility for their own decisions and welfare, I am now standing for Representative in Congress. Three issues are emphasized.

**FARM PROBLEM.** Farm subsidies and controls have not worked. Either we adopt more supports and controls, or less. I favor the government releasing its hold on the farm economy, and a return to free enterprise.

**FOREIGN AID.** We are now presented with a plan to spill our resources over our borders at the rate of 5 billion dollars a year on a permanent basis. Once we accept the principle that we owe the rest of the world a living, our responsibilities become bottomless. I feel that some of our leaders have lost their perspective, and that we need a re-appraisal of this matter.

**DEBT RETIREMENT.** We cannot continue to ignore a debt of 280 billion dollars. We should reduce our foreign aid spending and apply the difference to debt retirement. After all, a strong America is the greatest bulwark against communism.

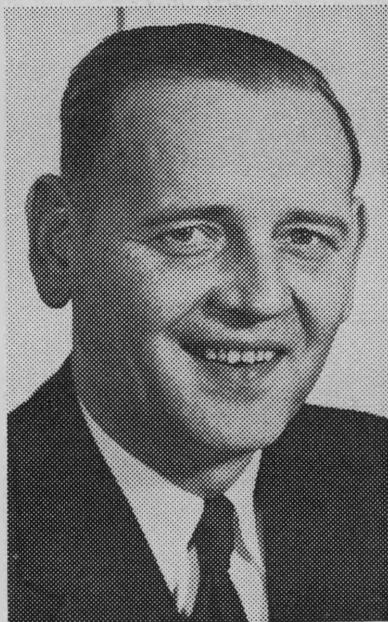

**PERSONAL.** I am 56 years old, married, and have one son now attending Oregon Technical Institute. A former school teacher, I now own and operate a 75 acre farm on Route 1, Silverton, raising turkeys. A graduate of Union College, Lincoln, Nebraska. Past Master of the Scotts Mills Grange.

If you find it in your heart to think as I do on these matters, and feel yourself in search more of freedom and its opportunities than security and its betrayals, then I ardently court your support.

**ELMO SMITH****Republican, Candidate for Nomination for Governor****GOVERNOR ELMO SMITH—"A GOVERNOR THE PEOPLE OF OREGON LIKE AND TRUST"**

It was typical of Elmo Smith that when fate cast on his shoulders the responsibility of the governorship there was no hesitation because of business or personal ties—he left for Salem within the hour and worked almost around the clock until certain that the crisis would produce no interruption in the orderly flow of the state's business. His calmness, his intimate knowledge of state affairs and his decisiveness in dealing with the emergency completed the change of leadership quickly and smoothly.

Oregon likes the genuine friendliness of its new governor. Capable and sincere . . . energetic in his thinking, in making decisions and in acting upon them . . . Elmo Smith in a few short months has well earned his reputation as "a governor the people of Oregon like and trust". And Oregon likes the warm graciousness and the appealing charm of its new first lady!

## A GOVERNOR TO TRUST WITH YOUR FUTURE IN OREGON

So long as Elmo Smith is governor there will be no question of the integrity of state government. His insistence upon complete honesty in all political as well as personal relations and the high character of his 18 years of public service moved the late Governor Paul Patterson to write to him on May 14, 1955 "IT WILL BE A COMFORT TO ME TO KNOW THAT IN THE COMING MONTHS I CAN GO ABOUT THE PERFORMANCE OF MY DUTIES AS GOVERNOR SECURE IN THE KNOWLEDGE THAT WHILE I AM GONE OR SHOULD I FALTER, THE AFFAIRS OF THE STATE WILL BE IN GOOD HANDS".

In every job he has tackled, Elmo Smith has earned public confidence, and the respect and liking of his associates. Elected mayor of Ontario at 29, he was twice re-elected. *Coronet Magazine* named him as one of the five leading mayors of smaller cities of the country.

In 1948, chosen state Senator for Grant, Harney and Malheur counties, he was re-elected in 1952. In this election his popularity had so increased that he received an unsolicited Democratic nomination by write-in votes. In 1955, his Senate colleagues chose him for President of the Senate.

Two of the most important legislative acts of the past decade were fashioned under his leadership—Oregon's present 72 million dollar highway program and creation of the Water Resources Board for the conservation of Oregon's natural resources. An authority on highway legislation, his leadership of Oregon's highway program was promptly recognized when he became Governor by appointment to the 9-man President's Highway Advisory Committee of the Governors' Conference on which he serves as the only western governor.

### LEADERSHIP OF ACTION

Elmo Smith needed no apprenticeship in the Governor's chair because he had already been a party to the formation of state policy and knew the problems involved. He moved quickly and decisively to order reorganization of the Liquor Control Commission, instructed the Tax Commission to immediately undertake development of a program for simplification of the state income tax, took leadership of such programs as that for prevention of industrial accidents and won state-wide approval by the high caliber of his appointments.

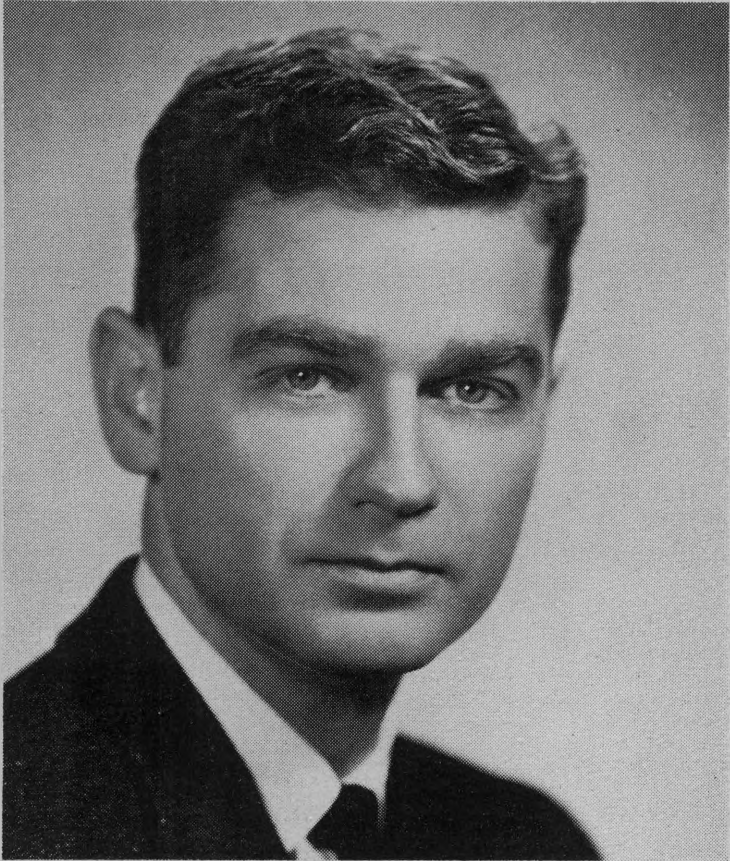

### ELMO SMITH . . . THE MAN

The background of Elmo Smith is one that has produced some of America's great men of business, science and government to whom obstacles have been only a challenge. Born in a log cabin on a tiny farm near Grand Junction, Colorado, he was only 10 when his mother died. Three years later, his father died and he was sent to live with relatives on a farm in Idaho. Getting an education was a continuing struggle—ending in a college degree earned by working at odd jobs nine hours a day in addition to his classes.

A needed loan of \$25.00 helped launch his business career in 1933 in which his new bride was a partner. It was only a 2-page advertising sheet in Ontario but the same driving energy he has displayed as governor built it into one of Oregon's best weekly newspapers "The Eastern Oregon Observer". This was sold in 1946 and in 1948 he purchased the Blue Mountain Eagle of which he was the very successful publisher when he became governor.

Service in World War II as a Lieutenant in the Naval Air Transport in the South Pacific won for him a navy command commendation for outstanding leadership in the time of crisis. He is still a flying enthusiast but in respect to his new responsibilities he put his business plane up for sale when he assumed the governorship. Married in 1933 to Dorothy Leininger, they have two children: Dennis 18 and Janice 12. He is a Mason, Shriner, Elk, Legionnaire and Presbyterian.

**MARK HATFIELD—"THE ABILITY TO GET THINGS DONE . . . THE  
COURAGE TO ACT"**

Mark Hatfield has already demonstrated the ability, the integrity and the political courage to do the job the people of Oregon want done by their Secretary of State.

At 34, he has already left a constructive mark on Oregon legislative policy through distinguished service in both the House and the Senate, has earned exceptional public confidence evidenced by the voters of his own legislative district who placed him at the top of the ticket in every primary and general election over six years, has received national recognition for initiating the first petition for a state primary nomination of Dwight D. Eisenhower and

for his effective work as a delegate and member of the platform committee in the National Republican Convention that nominated the President.

"Here," says the Oregon Journal of Nov. 19, 1955, "is the kind of man who should be in politics."

#### KNOWS PUBLIC ADMINISTRATION: THEORY AND PRACTICE

Few men of his age in the political history of the state have brought to a major public office his wealth of knowledge and practical experience in state affairs.

He entered the legislature in 1950 as its youngest member. He quickly earned recognition as a working member who took his job seriously. Sponsors of questionable legislation learned the sting of his quiet, searching questions, his ability to get to the heart of a question, and his effectiveness in floor debate.

In 1954, the people of Marion County elevated him to the State Senate. By that time he had sufficiently earned public confidence that Democrats of his county gave him an unsolicited Democratic nomination by a write-in vote.

In both houses he was made Chairman of the powerful State and Federal Affairs Committee which considers much of the most important legislation of any session. All legislation concerned with policies of the office of the Secretary of State came before his committees together with problems of all other state departments. In both the House and Senate he also served as Vice-Chairman of the Committee on Education. His exceptional background in public policy and administration was recognized by his appointment to the legislative interim committees on Constitutional Revision and Election Procedures.

At Willamette University where he is Dean of Students and Associate Professor of Political Science he was, at 27, the country's youngest college dean. Back of this position is a degree in political science from Willamette University, a master's degree in political science from Stanford University and many professional honors.

#### DEDICATED LEADERSHIP IN PUBLIC SERVICE

Whether in the service of his country (he commanded 10 landing craft in the World War II invasions of Iwo Jima and Okinawa) or in the service of his community, the name of Hatfield is associated with responsibility undertaken with initiative and enthusiasm . . . and with jobs well done.

Leadership in his community has included such varied assignments as Chairman of the Marion County Cancer Drive; Former President, Salem Community Concert Association; Director, Oregon Prison Association; State Advisory Board, Crusade for Freedom; Member of the Board, Salem Council of Churches; Counsellor for New Citizens; Member, Mayor's Traffic Safety Committee; Chairman, Marion County Citizens' Committee for the Hoover Report; Alternate Chairman, Marion County Republican Central Committee.

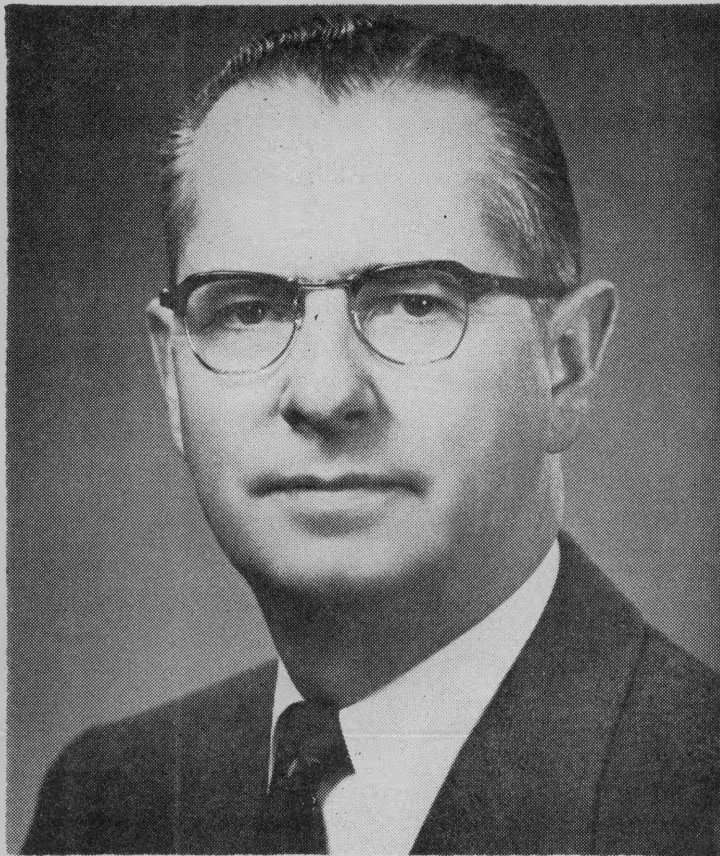

He combined his continuing interest in youth with his desire for first-hand information on foreign government policies by conducting in 1954 a 12-country tour of Europe for a group of 15 students. With his war service he has travelled in the South Pacific, Philippines, China, Japan, Indo-China, Hawaii, British Isles, Belgium, Netherlands, Germany, Austria, Switzerland, Italy, France, Yugoslavia, Spain, and Greece.

#### PAST AND FUTURE ARE IN OREGON

Mark Hatfield was born in Dallas, Oregon, in 1922, the son of Chas. D. Hatfield, a railroad construction blacksmith and Dovie Odom Hatfield, a former school teacher. Resident of Salem since 1932. Member: American Legion, Chamber of Commerce, Masonic Lodge, Al Kader Shrine, Baptist Church (Moderator).

**SIG UNANDER****Republican, Candidate for Nomination for State Treasurer**

Sig Unander's wisdom in finance, his integrity, and honesty have served Oregon well in the office of State Treasurer. Under Unander's direction, gift and inheritance tax revenues increased from \$4,500,000 estimated to \$8,000,000 for the coming biennium. Tax rates were NOT altered; administrative procedures were. Rating on Oregon's General Obligation Bonds improved from A to AA which will result in lower interest on future bond issues to both state and municipalities. These financial accomplishments can be attributed directly to his experience and alertness.

Unander's service as executive assistant to former Governor Sprague gave him intimate knowledge of state government, its functions and procedures. Prior to this, however, he was well prepared with a B.A. in Political Science from Stanford University. From its Graduate School of Business he received his Master's Degree in Finance. Success in private industry and state affairs have created a man sharply aware of the responsibilities and purposes of the office of State Treasurer. As a native Oregonian, Unander is married and the father of a son and daughter. He has been consistently in a position to know the needs of the people. As a member of the State Board of Control, his executive capacity has been repeatedly demonstrated.

Unander has the distinction of having received the greatest number of votes ever cast in a contested state-wide election. This occurred in 1952 when he was elected to the office of State Treasurer.

**CARL H. FRANCIS****Republican, Candidate for Nomination for Attorney General**

Carl H. Francis is a native Oregonian, born in Portland, March 20, 1915, and educated in the public schools of Multnomah and Marion counties. He attended the College of Liberal Arts at Willamette University in Salem and obtained his law degree from Northwestern College of Law in Portland in 1937. Admitted to the bar in September of that year, he located at Dayton in Yamhill county, where he has since been engaged in the general practice of law.

Carl Francis has seven times been elected as Mayor of his home town. When first elected he was reportedly the second youngest Mayor in the United States.

In 1942 Francis began his long service to the people of the State of Oregon with election to the House of Representatives. He has served continuously since that time—in the 1943, 1945, 1947, 1949, 1951 and 1953 sessions as a member of the House of Representatives. In 1954 he was elected to serve in the 1955 session as Senator from Yamhill county. In six of his seven successive campaigns he was

nominee of both Republican and Democratic parties. Since 1945 Senator Francis has been a member of the powerful Judiciary Committee of either the House or Senate and was chairman of the House committee in the 1951 and 1953 sessions. During his chairmanship of Judiciary in 1953, the Oregon laws were revised and greatly simplified. This accomplishment was the product of the effort of the Legislative Counsel Committee, a group charged with the responsibility of statute revision and bill drafting, of which Francis has been and now is a member.

For a decade he also represented Oregon as a member of the Commission on Interstate Cooperation. He is an active worker of the Republican Party, and has served as Secretary and as Chairman of the Young Republican Federation of Oregon.

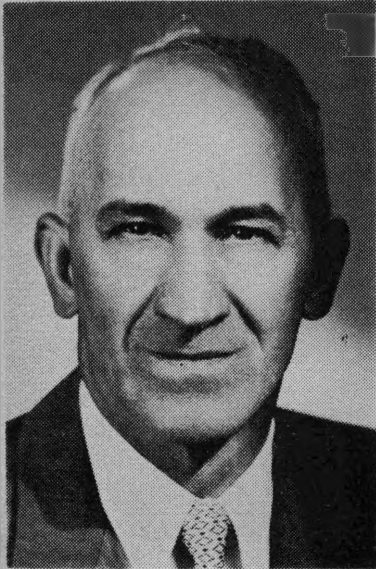

Senator Francis is married and has two daughters. He is a member of the Presbyterian church, the American Legion, B.P.O.E., I.O.O.F., Grange, and other fraternal and civic organizations.

The duties of office of Attorney General require the qualifications possessed by Senator Francis; he is deserving of the support of the Republican Party and election to that office.

**PHILIP N. BLADINE**

**EDDIE AHRENS**

**Republican, Candidate for Nomination for Representative in the Legislative Assembly, Twelfth District, Marion County**

After serving a term in the 1955 Legislature, I am again seeking the Republican nomination for State Representative from Marion County. I believe the experience I gained serving in the Legislature will enable me to be of greater service to the people of Marion County and the State in the coming Session.

I came to Oregon and Marion County in 1910 from Nebraska and have lived continuously on a farm near Turner. Since 1929 this farm has been operated by my brother, Henry, and myself under the name of Ahrens Farms. We have specialized in raising purebred sheep and seed crops. Through an aggressive improvement program we have developed our farm and livestock. During the past years we have shipped our registered sheep throughout the United States and also have exported many to foreign countries.

I have served in many organizations, devoting much time and effort in developing our Community, County, and

State. A few organizations I have worked with are: Past president and now director of American Romney Breeders Association, four years as regional director of Oregon Farm Bureau Federation, a number of years on the Marion County A. A. A., and the Marion County Fair Board, committee member of Bureau of Land Management, Salem District, member of Salem Chamber of Commerce on which I served on the Agricultural Committee.

I am interested in preserving and improving our soils for future generations. With our fast growing population the improvement and preservation of our natural resources should be of concern to our urban population as well as the rural people. These many years spent in the development of livestock and soils should qualify me to represent the people of Marion County on these most important issues.

I contend that a new Tax Base is necessary to help the growing school problems and to correct the inequities of the property tax.

I believe that one of Marion County's representatives should be experienced in agriculture which is the County's principal resource. I am a firm believer in the free enterprise system and am opposed to the regimented governmental controls.

I am married and we have a daughter, Patricia, attending college. I am an active member of St. Mark's Lutheran Church in Salem, and sincerely believe in the freedom of religion.

If reelected I, again, pledge my services and sincere consideration of all problems in behalf of the people of Marion County and the State of Oregon.

**H. E. (HERB) BARKER**

**Republican, Candidate for Nomination for Representative in the Legislative Assembly, Twelfth District, Marion County**

Herb Barker, Executive Secretary of the Central Labor Council of Salem for the past nine years, has been a resident of Marion County for the past 39 years and is now residing at his home on South River Road seven miles S.W. of Salem where he has lived for the past 10 years. He is married and has two sons.

He has never held a public office but has been very active for many years with various groups and organizations for the betterment of the general public. He has been a member of Organized Labor AFL since 1923 and has been active both on a Local and State level. He has worked diligently with both Labor and management groups for many years. Besides being a member of the Labor movement he is also a member of the Eagles, Kiwanis, Izaak Walton League, member of the Salem Apprenticeship Council, member of the Marion County

Red Cross Board of Directors, President of the Salem United Fund, member of the Farmers Union (Roberts Local), First Vice President of the Oregon State Federation of Labor, and a member of the Labor Management Committee of Salem.

If elected he will support legislation that will bring about better relationship between Labor and Management with a minimum of control on either.

He will support legislation to improve Workmens Compensation, Unemployment compensation, and other legislation beneficial to the citizens of the County and State.

He is opposed to a sales tax and will oppose any legislation advocating a sales tax.

He will oppose any and all attempts to destroy or weaken or make more difficult the operation of our initiative and referendum procedures.

If elected he will represent the citizens of Marion County and the State of Oregon in a fair and just manner.

We, the undersigned, respectfully submit to the Republican voters of Marion County, the candidacy for nomination at the May primary for Representative in the State Legislature, H. E. (Herb) Barker.

**W. W. CHADWICK**

**Republican, Candidate for Nomination for Representative in the Legislative Assembly, Twelfth District, Marion County**

W. W. (Bill) Chadwick, dean of the Marion county legislative delegation, is seeking his seventh term in the Oregon legislature. Always a hard working legislator, Chadwick has been particularly effective in his committee work, and during his long term as a legislator he has served on virtually all of the major house committees, frequently being a member of the important Ways and Means committee.

In addition, he has served on the powerful Rules committee, Taxation, Labor and Industries, Local Government and is at present a member of the standing Legislative Council, one of the most important of all legislative committees.

Chadwick has the unique position of being both a successful farmer and a successful businessman. He operates

75 acres of fruit and nuts on a farm near Salem and thus has come to know at first hand the problems faced by the Oregon farmers.

He entered the hotel business in 1923 and today operates the Chadwick Hotel system with headquarters at the Senator Hotel in Salem. And thus he has learned by experience of the problems faced by the businessmen of the State.

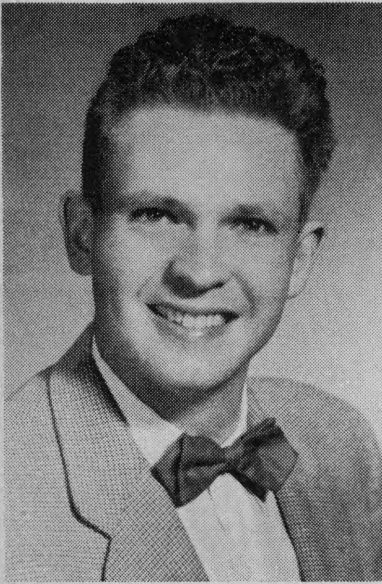

Chadwick was president of the Salem Chamber of Commerce, the Oregon State Hotel association, has served as director of the American Hotel Association; has been president of the Salem Kiwanis Club, Mayor of the city of Salem for two terms, vice-president of the League of Oregon Cities and a member of the Oregon House of Representatives for six terms.

With his wide experience and background, Chadwick can continue to give Marion County valuable work in the legislature, and we strongly urge his renomination at the May 18th primary election.

**LESLIE WADSWORTH, Secretary**

The name of David G. Cromwell is respectfully submitted to the Republican voters of Marion County for consideration as a candidate for nomination in the May primary for Representative in the State Legislature.

Mr. Cromwell graduated from Salem High School and then attended Oregon State College and the University of Oregon, receiving the Bachelor of Arts Degree in Political Science from the University. His study for the Master of Arts Degree was done at Stanford University.

He will be most receptive to the suggestions of his constituents and will give all suggestions and requests serious consideration.

In addition, it is Mr. Cromwell's intention to write a news letter to the voters of Marion County at periodic intervals during the legislative assemblies so that they will know what their lawmakers are doing. Mr. Cromwell feels that it should be one of the responsibilities of a member of the legislature to keep the people of his district informed regarding legislative matters.

President Eisenhower has expressed the need for "young, more aggressive leadership" in the Republican party. Mr. Cromwell will furnish such leadership and will endeavor to represent all sections of Marion County. He will strive to faithfully represent the will of the majority and will remain free from ties with special interest groups.

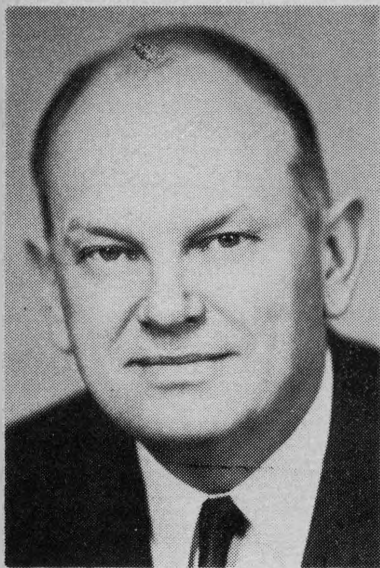

The candidacy of David G. Cromwell is respectfully submitted for consideration by the Republican voters of Marion County.

**CROMWELL FOR REPRESENTATIVE COMMITTEE**

**OLIVER J. MYERS, Secretary**

**ROBERT L. ELFSTROM**

**Republican, Candidate for Nomination for Representative in the Legislative Assembly, Twelfth District, Marion County**

Bob Elfstrom gave Marion County important and effective representation on committees that handled some of the major legislation of the 1955 session. He was chairman of the Highway Committee and can reasonably be expected to again head this important committee in the 1957 session.

His leadership in Highway Legislation was recognized by his later appointment as vice-chairman of the Legislative Highway Interim Committee. This is the committee that will recommend highway legislation to the coming session that can importantly effect highway development in Marion County as well as influence truck and automobile fees.

His background of successful business experience earned a place on the Committee on Financial Institutions. He was helpful to Marion County sportsmen as

a member of the Fish and Game Committee.

Bob Elfstrom's record of distinguished public service covers a long period of years. Elected mayor of Salem in 1946, his constructive program for Salem led to his election as president of the League of Oregon Cities.

In 1951, Elfstrom was named "First Citizen" of Salem. He is a former chairman of the Liquor Control Commission. His public service includes director of the YMCA and Salem Community Chest, president of the Rotary Club, trustee of Willamette University and Westminster Foundation, president Cascade Area Boy Scouts, elder and member of board of trustees Presbyterian Church, and campaign chairman of the 1952 County March of Dimes. **HOWARD KAFFUN**

**Republican, Candidate for Nomination for District Attorney,  
Marion County**

The office of District Attorney is one of the more important offices to be filled in this election. In addition to criminal prosecutions, the District Attorney is legal counsel and adviser to the various county officials of Marion County. With the increased and continuing growth of Marion County the importance of this office has increased accordingly and I feel that I can render a great service to the people of Marion County if elected to this important office.

In seeking the Republican nomination for this office I do so with the honest and conscientious belief that my education and experience have qualified me to render efficient service to the people of Marion County.

I am a native of the state of Michigan. For the past 25 years I have continuously lived in Marion County, with the exception

of my military service in the U.S. Naval Reserve during World War II and approximately one year in the city of Eugene. Most of my elementary education was received in the public schools of Salem and I graduated from Salem High in 1939.

I attended Willamette University and Northwestern College of Law and received my L.L.B. degree in 1951. I was admitted to the Oregon State Bar in September, 1951, and have been actively engaged in the practice of law in Salem.

In 1942 I was married to Hilda M. Crawford, daughter of Mr. and Mrs. W. Frank Crawford, retired Polk County farmers, and have a son 9 years old.

Some of my civic service has included Charter President of the Cascade Lions Club in Eugene, General Chairman for the Cascade Area Council Scout Circus, sponsored by the Salem Lions Club, in 1955, Speaker Bureau Chairman for the 1956 Marion County Heart Fund, member of the Salem Housing Authority and member of the Salem Lions Club.

I pledge myself to the people of Marion County that I will marshal all available weapons to prevent the increase of crime and the rising spread of juvenile delinquency. I will protect the people from rackets, vice, dope peddlers and similar vicious elements and will also protect the people from fancied criminal charges.

**MY OBJECTIVE WILL BE TO MAKE MARION COUNTY AND ITS COMMUNITIES A SAFE AND PROUD PLACE IN WHICH TO LIVE AND TO RAISE OUR CHILDREN.**

## L. B. "SANDY" SANDBLAST

Candidate for Nomination for Judge of the Supreme Court, Position No. 5  
(Nonpartisan Judiciary Ballot)

Mr. L. B. "Sandy" Sandblast, Attorney of Portland, Ore., a candidate for Justice of the Supreme Court of Oregon, Position No. 5, has made the legal profession his career and has a rather wide and general practice of law. His wife is Manda C. Sandblast and his son, Raymond J. Sandblast, is his Secretary.

Mr. Sandblast states:  
"HUMAN RIGHTS  
BEFORE PROPERTY  
RIGHTS PUT A  
HEART IN JUSTICE"

The Judges of the Supreme Court of the State of Oregon are not required to be lawyers (2.020 O.R.S.),—the only qualifications required are that they be citizens of the United States and have resided in this state for at least three years.

Mr. Sandblast feels that it would give good balance to our Supreme Court if the next two appointments would be

from the ranks of Labor Union and women. In New Jersey the Judges of the Court of Errors and Appeals (which is comparable to our Supreme Court) may all be laymen, and such they have been.

A retirement Fund has been provided by the Judges of Oregon, in part, to pension themselves; in fact, the present incumbent of Position No. 5 could retire today to a well earned rest and receive a substantial pension for the rest of his life.

He further states: "If elected I shall perform and discharge the duties of the high office in accordance with the law and in furtherance of justice, at all times."

By reason of experience Mr. Sandblast is highly qualified for the position of Judge of the Supreme Court of Oregon.
