

ALL GRADES OF NARBERTH SCHOOL ON FULL TIME

**First Grade Now Occupies Large Sunny Room in School Building
—Made Possible by Intricate Schedule of Classes And Rooms
For The Upper Grades, Under The Six-Six Plan—
Auditorium Curtained And Used For Three Classes,
Seventh And Eighth Grades In One Room**

Patrons of the first, second and third grades were relieved of a burden on Thursday when they received the following letter:

November 1, 1915.

Dear Friend:

You will be glad to know that we have arranged to abolish the "half time and alternating schedule," for the first, second and third grades.

Beginning Monday, November 22, all grades will meet at their original hours, namely: First grade, from 8.45 to 12.30 P. M.; second grade, from 8.45 A. M. to 1.30 P. M., and the third grade, from 8.45 A. M. to 2.00 P. M.

The first grade will occupy the large and pleasant room in the southwest corner on first floor of our school building. This room has been made available for the forenoon hours by assigning seventh and eighth grades to one room, by using every room for some grade during the recess and lunch hour of some other grade, and by a complete shifting of classes and study periods, thus using every room continuously.

We hope you will find this arrangement desirable and earnestly request that you visit the school in the near future.

Very truly yours,

The Board of Education.

The Board of Education has been untiring in its efforts to secure to the little tots the best possible. It is easy for those unacquainted with the Narberth school problem to find fault and to give vent to feelings, but it is an entirely different matter for the board to meet conditions, they prophesied two years ago would present themselves unless a new building were granted by the citizens.

The children of the first grade have been given the best there is in the Narberth schools. They are happy in their new home. The room is all that can be desired. But the question naturally arises, "How was this made

possible since the building, for two years, has been considered overcrowded and weekly more pupils are entering?" Here is the answer: Narberth school spirit. Is that an unsatisfactory answer? Not if you understand what that term means. Things that seemed quite impossible a year ago are now accomplished.

The great problems that confront school administration in most districts are discipline of pupils and faculty co-operation. In Narberth these problems are at a minimum. Every pupil and teacher above the fourth grade has been inconvenienced and put to a test of self-discipline. The new schedule is extremely complex! Classes meet in different rooms; as many as six classes are passing in the narrow halls at one time. Rooms vacated by certain grades at lunch and recess periods are meanwhile being used by other grades for recitations. This means that on rainy days pupils must be on their highest honor, to properly control themselves in the halls, for they have no room, or two grades must share one room. Freedom must be granted, yet reasonable quietness must prevail.

Certainly ideal conditions cannot exist under the circumstances. But Narberth is to be congratulated that its student body and faculty have risen to meet the occasion, and that they have done so in a gracious manner. They have shown the Board of Education that they are willing to do all in their power to help them to bridge over the period that must elapse before a new building relieves conditions.

Patiently and optimistically they wait the pleasure of the voters of Narberth.

May we venture again to ask why so much is being accomplished in our schools? Perhaps you will find the answer in this motto:

Without halting, without rest,
Lifting better up to best.

MISS WRIGHT'S RECITAL

That Narberth has good reason to be proud of the talent of its musicians, was again illustrated at Miss Wright's recital, on Monday evening last. The only thing to be regretted about it was the comparatively small attendance, as it was a concert that should have drawn a crowded house.

In a group of lyrics by Protheroe, Miss Wright had an excellent opportunity to exhibit the admirable qualities of her voice. Miss Wright has made decided advances in clearness of enunciation, phrasing and control of expression. This was especially noticeable in a beautiful duet with Mr. Wiza, and in her singing of "Good Bye, Summer," both splendidly done.

Mr. William H. Carmint, whom we hear too seldom at home, delighted the audience with two groups of songs. Even though suffering from a cold, the beautiful true tenor quality of his voice was triumphant over this handicap, and he was recalled to sing as an encore "Mother Machree," that wonderfully sweet old Irish melody, so touching in the pathos of its words and music. Mr. Carmint, like Miss Wright, keeps up his musical studies, and the result is evident, not only in the retention of the sweetness and freshness of his voice, but in a great gain in power and control.

Mr. Piotr Wiza, baritone, who has been heard in Narberth before, has a most delightful voice, perfectly controlled, and sings with great dramatic fire. His selections covered a wide range, the audience being roused to a great pitch of enthusiasm by his rendition of the prologue to "Pagliacci," and the encores that followed. Mrs. Armiger was very acceptable as a reader, and Mr. Henry Lukens, who presided at the piano, was most sympathetic and intelligent in his accompaniments. Altogether, it was a thoroughly enjoyable evening.

BRUMBAUGH PRAISES OSTEOPATHS' HEAD

Dr. O. J. Snyder Honored at Dinner by Fellow Practitioners.

Philadelphia osteopaths assembled at a dinner in the Clover Room of the Bellevue-Stratford recently and heard the Governor of Pennsylvania bestow words of praise upon their "dignified profession which had justly won legal recognition," and eulogize Dr. O. J. Snyder, the recently elected president of the American Osteopathic Association. The dinner was given in honor of Dr. O. J. Snyder. And his colleagues, with prominent men of other professions, joined Governor Brumbaugh in congratulating the osteopaths upon the "election of so capable a leader."

Football Championship of Main Line to Be Decided Thanksgiving Morning at Narberth

BAND TO BE AT GAME

The football championship of the Main Line will be decided on Thanksgiving morning, when Manager Chas. Kerwood's Ardmore Y. M. C. A. team, and Manager Raymond C. Jones' Narberth Y. M. C. A. team meet for their annual battle.

The game is scheduled to take place on Narberth's field at 11.00. Narberth is ready to defend their title, which they earned last year by beating Kerwood's team, 13-0.

Up to the present time Narberth's goal line has not been crossed, and the local boys are practicing every evening perfecting their signals in order to have everything in A-1 working order.

The Narberth boys have been collecting the early part of the week for the band which made things very bright during the last year's game. The same band has been engaged this year, and should Narberth win, you can look for a big parade after the game.

Narberth is going to be well represented in the field, having secured the services of Jim Moore, the best schoolboy punter in the East. He will be remembered as Haverford's star, especially in the Hill game. Joe Moore, Charles Mellon, Gillespie and Kerrigan, also of Haverford, will represent Narberth in the remaining games of the season.

Important Notice!

Miss Mary Gara has been authorized by President Henry and Editor Jacobs to receive membership payments for the Narberth Civic Association (\$1.00) and subscriptions to Our Town (\$1.00) or a combination of both for \$1.50.

It will save time, when she calls, if you will have the money ready, and a slip written out giving your name and address, or, better still, fill out the coupon below.

One subscription to Our Town, from each house should be the rule.

We have as many as six voting members of the Civic Association under one roof. These six persons, and many other members, believe that in thus contributing they are aiding the Civic Association in working out certain general problems which cannot in the very nature of the case be cared for by our Borough officials.

Miss Gara will call at every house within the next few days.

METHODIST MEN'S BIBLE CLASS

Dine, Hear Encouraging Reports and Inspiring Addresses and Elect New Officers.

Fifty-two men sat around the dinner table in the vestry of the Methodist Church, Tuesday evening, November 16, for a two-fold feast—one of well-prepared, well-served foods, and the other of well-conceived, well-spoken thoughts.

Each division of the feast was well balanced and was enthusiastically received by an interested group of diner-auditors.

The occasion was the annual meeting of the Men's Bible Class—a "live wire" organization that is one acceptable exhibit against the too prevalent libel that "men will not go to church to study the Bible." These men go to church—and enjoy it. One of them told the writer that there's no event of the week he enjoys more than the Sunday get-together of this class. He talked as if he meant it, and (this is not for his eyes) he's one from whom the writer least expected to receive such testimony. Is Narberth once more proving an exception to general rules?

After thoroughly enjoying the "eats" prepared and served by the women of the church (many numbers were encored), Robert Patterson briefly introduced Fletcher W. Stites as the toastmaster of the feast of reason that was to follow.

"Flick" Stites is thoroughly familiar with the duties of the office to which he was elevated, and, being among friends, he was particularly happy and surprising in his introductions, despite handicaps placed upon him by keen admirers who were present and spoke.

Rev. Frank Gray, of Wissahickon, was the first speaker, who chose for his subject, "Getting Into the Game." He compared the church worker and his critic to the college foot ball player who "eats the turf" for his alma mater, and the undergraduate who sits in the grand stand and jollies himself into believing he won by his "rooting," if it was the team's good fortune to win; but who is absolutely disgusted at the showing of his hard-working representatives if they fail

Thanksgiving!

Next comes Christmas!

Lots o' folks are doing their shopping now.

Many thanks to all those who sent in such interesting news items this week. Monday's mail was full of good newsy reading, and we used most of it. For lack of space, one or two articles have been carried over until our next issue.

Sometimes, perhaps, you may think that Our Town could be improved. Then, just write us about it, for your suggestions are welcome.

Our classified advertisements are for our subscribers.

It is really interesting to see the replies that come through us, to be forwarded to the advertiser.

Over thirty letters have been written in answer to our various classified advertisements, since we started the department.

Miss Mary Gara, who will have charge of the Subscription Department of Our Town, is well known in Narberth, and her efforts to help along the cause of the Civic Association will be greatly appreciated.

She will, doubtless, call upon you. If you are a subscriber, she will be pleased to learn it, and if you are not, of course there is but one thing for you to do.

We'll let you and Miss Gara settle that matter.

If any one of us were to attempt to attend all of the various things that are planned for any one week, in our community, we would be kept very busy indeed.

Have you ever tried to see just how many of each day's and evening's hours are planned for some good cause?

We live in a busy community. The credit is due the residents, and it is well said, that the citizens make the town.

One of our townsmen said to the editor: "You have entirely too much sporting news; too much to say about foot ball, basket ball, etc., and not enough little local items. Why, I hear of many things right along that never appear in your paper."

This man meant well, but he was finding fault with the other fellow and not with himself.

The editor seized the opportunity (should have seized the man) and told this good townsman that he was more at fault than any one else in the case. The man who told him, did his part, but the kicker kept the news within himself, while Our Town should have been telling you about it all.

But he finally made us a promise to do better.

Every citizen of Narberth will appreciate the good news that our schools will be on full time again.

While there is no doubt but that the Board acted in all sincerity in their part-time movement, yet they have been fortunate to overcome some particular difficulty and to arrange matters satisfactorily. The School Board is ever mindful of the fact that they are serving the community, and we know that they are acting for the best interests of Narberth.

George W. Braden, who has been writing the Health News Column for Our Town, is physical director of the Central Branch Philadelphia Y. M. C. A., and is a resident of Narberth.

Mr. Braden has recently moved here and is well acquainted with various sections of the country, having taken up his work from time to time in various fields.

He is pleased with the progressive spirit of Narberth, and, in all of his travels, has not located in a brighter nor more interesting spot.

A THOUGHT REGARDING CIGARETTES.

To the Editor Our Town:
It is presumed that if our police officer or constable saw a man robbing a house he would attempt to prevent the crime by arresting the culprit. The law says it is a crime to sell cigarettes to persons under twenty-one years, and that it is a crime for anyone under that age to smoke or to have cigarettes in their possession. Is it not so much the duty of the police and constable to prevent the breaking of the law in one case as in the other? These public servants are surely responsible to some one—perhaps they have not been properly advised of their duty. This is a matter of importance, and should be taken up by persons with authority to act. Persons who ignore the law finally come to hold the law in contempt.
Citizen.

"OUR HOME TOWN."

We all enjoy "Narberth" amid a "Summer Scene,"
When the flowers are blooming, and everything's green;
When the robin, the cat-bird, wren and blue-jay,
With their sweet cheery notes brighten up the day.

The digging of gardens, and planting of seeds,
The cutting of lawns and "pulling up weeds;"
Then picking our vegetables, we think it fine,
For to have your own garden saves many a "dime."

We all enjoy "Narberth" when everything is green,
And we enjoy it, too, amid a "Winter Scene,"
When the howling cold winds with fury do blow,
And the ground is clothed in a mantle of snow.

When no feathered songsters are flying around,
And no notes of their songs through the woods resound;
Whether "Summer or Winter" "Narberth" is fine,
The "Year Round Home Town" on the main line.

Narberth, Pa. G. H. S.

SCHOOL EDITOR'S WEEKLY NEWS ITEMS

SCHOOL MOTTO.

Without halting, without rest,
Lifting better up to best.

Note:—The school notes are strictly under the supervision of the editors and are not censured by faculty. Last Friday the High School Department had the pleasure of listening to a most interesting and helpful lecture by Dr. E. M. Harbold, principal of Millersville State Normal. Dr. Harbold's subject was "Choosing My Life Work." He spoke of the necessity of having a good high school education, and advised the students to choose that work which would be most suitable to their individual temperaments. This lecture was of special benefit to the seniors, who are anxious for all the advice obtainable on this subject.

On Monday morning for the first time in several years, twelve graduates met for regular assembly.

On Wednesday, the 17th, Mrs. C. H. Melchior, mother of the principal, addressed the High School students for an hour and a half while the faculty were engaged in making out a new schedule to accommodate the first grade. On Thursday she spoke to the ninth grade history class on "Gettysburg in Pennsylvania History."

The new schedule went into effect on Thursday and everything is running smoothly.

During the past week there have been a great many visitors, including parents and school men from other districts. Among other favorable comments the lunch room was especially praised.

Recently we had the pleasure of an all day visit from Mr. Ridge (who always brings sunshine with him). The majority of our directors find it impossible to spend a whole day in the school because of business hours. But every "off day" finds them here. Mr. Coggeshall spent the entire day with us on "Girard Nutting Day." President McCarter is a frequent visitor.

For the past two weeks the State Medical Inspector has been making daily trips to school. Some people still think medical inspection is of no use. There may be occasional exceptions, but as a whole how much better off our pupils would be, if defects which are glaringly reported would be rectified by the parents. School authorities unanimously declare more failures are due to physical conditions of pupils than the lack of scholarship.

Thanksgiving exercises were observed this morning (Wednesday). The program was an informal one; voluntary expressions of thanks were given by many of the pupils. No assignments for these exercises were made. Needless to say the pupils responded nobly and the exercises were a splendid success.

School closed to-day (Wednesday) for the Thanksgiving intermission, and will open at the usual time next Monday morning.

The girls opened their basket ball season yesterday (Tuesday) by playing the Woodbury High School team. The new silk embroidered ties were seen on our girls in this game. How do you think they look?

We started our basket ball season on last Friday afternoon at Jenkintown. We were defeated by a close score of 27 to 18. Our fellows played a fine game and outplayed Jenkintown in every way. There are other reasons than good playing why we lost. Durbin was the star of the game. The line-up was as follows:

Downes forward Rickert (Flowers)
Smith forward Armstrong
Durbin centre Carlin
McCarter guard Alleman
Howenstein guard Prescott
Field goals: Downes, Smith, Durbin 2, Carlin 5, Rickert 2, Flowers 3. Foul goals: Durbin 10, Flowers 3, Rickert 3.

The Chi Pi girls are giving this sale at a time when the home is almost penniless, and these boys, homeless, destitute and outcast are very much in need of food and clothing. Let us all help all we can. We can best show our gratitude at this Thanksgiving time by giving those less fortunate than ourselves something to be thankful for. To the Progressive Ladies of

We invite your attention to one of the finest food products ever put on the market.

Goldenoyle

We have been in the business of manufacturing and selling edible Oils for upwards of 25 years—Goldenoyle is absolutely the best that has ever been manufactured.

Read what Prof. L. B. Allyn, Chemist of the famous WEST-FIELD, MASS., BOARD OF HEALTH, has to say about it:

"Our examinations show that in Goldenoyle you have a product of excellent quality. On heating this oil to temperatures adapted for frying, the odor is still pleasant, and no objectionable flavor remains in the food. This, together with the low free acid content shows that the refining process has been carried to a high degree. Kitchen tests demonstrate that Goldenoyle is excellent for Salads, Mayonnaise Dressings, and for all cooking purposes where a high-grade edible oil can be used. It has practically the same food value as Olive Oil, and SURPASSES ANIMAL FATS GENERALLY."

All up-to-date housekeepers know that the approval of the Westfield Board of Health places any food product in the highest grade of excellence.

- Some of its advantages:
1. It is BETTER for cooking and salads than Lard or Butter.
 2. It is much cheaper than Butter and the Best Leaf Lard, and from 1-4 to 1-3 less Goldenoyle is required than of Lard or Butter.
 3. There is no waste whatever. If may be used over and over again, as it does not retain the odor or taste of food cooked in it.
 4. It does not smoke when heated, nor give off any disagreeable odor.
 5. It does not cause indigestion. Dyspeptics can eat food cooked in it without discomfort.
 6. It may be used for all cooking, baking, frying, mayonnaise or other salad dressings.

Ask your grocer for Goldenoyle and a handsome free book of recipes for all kinds of bread, cake, pie, biscuits, croquettes, salads, fried oysters, etc.

to have the larger score at the end. Either way the bleacherite is never in the game. If it's a win, "we" did it. If it's a lose, "they" played "rotten."

Rev. G. Bickley Burns, of Philadelphia, gave a scholarly analysis of the present international crisis, in which he interjected the question, Is Christianity practical for the use of Governmental guidance? and proceeded to answer it in the affirmative. He held that just so soon as barbaric methods were supplanted by human ones as to the adjustment of international problems, that just so much sooner would Christianity, in toto, be given a trial by Governments; but that, up to date, the teachings of Christ had not been accepted for actual use by any Government in the world. His plea was for a policy of love, forgiveness, forbearance, sacrifice, service and against force.

Vernon Fleck, representing the Young Men's Bible Class, spoke of the great benefit that resulted to the "fellows" from associations formed at the church and most enthusiastically praised Mr. Stites, teacher of this class.

Mr. Dilks, who spoke next, felt very much encouraged as an active church worker, when he looked back a few years and compared the interest of men in church affairs to the showing now made by the men who flocked to this Little Church on the Hill-Top.

Charles Kreamer, the veteran worker of the church, humorously related the early activities (struggles) of the faithful "very few" who managed to keep the church doors open until now, with its latest leader and co-workers, it was an house almost too small for those desiring the privilege of worshipping within its walls.

Rev. Chris G. Koppel introduced as "the main spring," very effectively distributed bonuses of praise to his faithful co-workers, and urged still greater things for the coming year.

Following the speeches, the election of officers took place. Robert Patterson was succeeded by E. C. Anderson as president. Homer E. McKee was elected vice president, and Frank C. Smith, secretary, and James A. Scott, treasurer, were re-elected. The names of three new men were enrolled, making a total of forty-six in the class.

Mr. and Mrs. Harry A. Jacobs, of Elmwood avenue, are spending several days in Richmond, Virginia.
