PUBLICATIONS OF THE CENTRAL STATES FOREST EXPERIMENT STATION

JULY 1927 THROUGH DECEMBER 1949

This list includes all printed publications and selected processed reports by the personnel and collaborators of the Central States Forest Experiment Station since the Station was established in July 1927. Many of these publications have been printed or duplicated in quantity for distribution. Those still available for distribution are marked with an asterisk (\*) and will be sent free of charge upon request as long as the supply lasts.

The publications are listed according to subject to facilitate use of the compilation. Arrangement under each of the various subjects is by year of publication and author. Included is an index showing title numbers by authors.

This compilation will not be revised again in the near future. It will be kept current, however, by issuing a supplemental list at the end of each calendar year.

- 15-110. \*----- Eleventh Annual Report. (For calendar year 1937.)
- 15-111. \*----- Twelfth and thirteenth Annual Reports. (Combined for calendar years 1938 and 1939.)
- 15-112. \*----- Fourteenth Annual Report. (For calendar year 1940.)
- 15-113. ----- Fifteenth Annual Report. (For calendar year 1941.)
- 15-114. ----- Sixteenth Annual Report. (For calendar year 1942.)
- 15-115. ----- Seventeenth Annual Report. (For calendar year 1943.)

---

<sup>1/</sup> Except for the twelfth (1938) and thirteenth (1939) reports, which were combined, the Station has prepared an annual report for each year since its establishment in July 1927. There are some inconsistencies in the numbering of some of the earlier reports, and not all of the reports prior to 1938 were duplicated in sufficient quantity for general distribution. During the war years only typed reports were prepared for in-service use. Otherwise, the Station's annual reports have been duplicated in quantity and sent to the entire mailing list. Those still available for distribution are marked with an asterisk (\*).

- 15-116. Central States Forest Experiment Station Staff. Eighteenth Annual Report. (For calendar year 1944.)
- 15-117. \*----- Nineteenth Annual Report. (For calendar year 1945.)
- 15-118. \*----- Twentieth Annual Report. (For calendar year 1946.)
- 15-119. \*----- Twenty-first Annual Report. (For calendar year 1947.)
- 15-120. \*----- Twenty-second Annual Report. (For calendar year 1948.)
- 15-121. \*----- Twenty-third Annual Report. (For calendar year 1949.)
