

Eyes R Us

6 September

Dear Dr Buhajer,

RE: Sam Sinclair, age 75 years

Sam consulted me recently regarding decreased vision and difficulty driving at night. He is very concerned about losing his licence, as he lives 20k out of town and his wife is becoming more dependent, suffering from Age-related Macular Degeneration.

General Health: Good

Medications: Nil

Allergies: Nil

Family History: None

Ocular exam: VA R) 6/18 VA L) 6/18

Refraction: R) No improvement L) No improvement

Fundus (retina): Unable to visualise clearly R) and L)

R > L Nuclear cataracts

He is a pensioner, without any Private Health Insurance, will he have to wait long for surgery?

Please don't hesitate to contact me if you have further questions.

Sincerely,

Susan Reading
