Chase, Alabama

Our 38th Year in Alabama

Chase, Ala.,
Sept. 20, 1928.

TO THE TRADE:

Thirty-seven years of service to you are behind us. For all this time, we have conscientiously tried to do our best to give you entire satisfaction in the handling of the business you have given us. Your appreciation of this service is evidenced by the volume of business we now enjoy. Throughout these thirty-seven years we have experienced a steady, wholesome growth. Every year we learn things which enable us to serve you more efficiently.

The best and most modern equipment for handling living plants is at our command. Our men have all been trained into good nurserymen. Our shipping department is served by two railroad companies and two express companies, all of them right at our doors. Our office is served by local and long distance telephones, both telegraph companies and the U. S. mail.

These facts assure good, clean stock, properly dug and handled; plants that are graded right and packed right; the promptest service on all rush orders. Every operation from start to finish is in the hands of thoroughly trained men who know their jobs.

We thank you for the business you have given us. You have been good to us. We shall continue to do our best to deserve the good things that will come our way through you all.

Yours very truly,

CHASE NURSERY COMPANY.

Our thirty-eighth year in Alabama.

TERMS AND CONDITIONS

SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests without assuming responsibility.

The risk and cost of transportation belong to purchaser.

TERMS

Usual terms to parties of known responsibility.

Where buyer's credit is unknown to us, cash is required before shipment, or references with time for investigation.

No orders are accepted until we believe buyer good for the account.

Cash Discounts: For payment within 10 days of date of invoice, 2%.
For payment in full before shipment, 3%.

NOTE: Packing charges on all l. c. l. shipments are extra and must be estimated and included in remittance before the 3% is deducted. If over or under estimated final adjustment to be made promptly after receipt of invoice.

PRICES

We quote prices, per 10, per 100, per 1,000, as our stock warrants, and will supply nurserymen and dealers at prices named regardless of the size of the order, **except in cases of long assorted lists of small quantities, when an additional charge will be made to cover the extra labor involved. Prices are subject to market changes.**

Prices do not include packing charges except on bulk car shipments--see "Boxing," page 3.

GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heavier stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to our method of grading Hedge Plants and Roses is given elsewhere in this list.

LIABILITY AND CLAIMS

We are not liable for injury to stock from frost, hail, fire, or other causes beyond our control, and book all orders with this understanding. While we use every means at our command to secure prompt delivery, **we are not liable for delays in transit; our responsibility ends upon delivery in good order to railway company.** Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can. All claims must be made immediately after receipt of stock.

NON-WARRANTY CLAUSE

We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds, bulbs or plants we sell.

LEE HIGHWAY AND N. C. & ST. L. RY.. LOOKING EAST FROM TOP OF OUR PACKING HOUSE

CODE WORDS—TELEGRAPHIC ORDERS

When more than one grade is listed, a code word is used. Much expense can be saved in telegraphic orders by using these code words.

BOXING

Charges as low as possible for well-made boxes, paper-lined:

	7½ ft.	9½ ft.
30 x 30.....	\$3.50	\$4.00
24 x 30.....	3.25	3.50
24 x 24.....	3.00	3.25
18 x 24.....	2.50	2.75
18 x 18.....	2.25	2.50
15 x 15.....	1.75
12 x 12.....	1.50

On orders for roses, small shrubs, etc., we can frequently use dry goods cases or shoe boxes at lower cost, and shall endeavor at all times to make lowest possible charges.

Bales: 25c to \$3.50, according to size.

There is no packing charge on bulk car loads.

REFERENCE

As to our standing and responsibility we refer to any bank or business house in Huntsville, Alabama, the Commercial Agencies, and the leading nurserymen of the United States.

SOUTH CAROLINA. October 28, 1927—"The plants came in in good shape. They are the best plants that we have received this season, and we purchased stock from several nurseries. In fact, my brother is carried away with the quality of your plants, and says that when we are in the market again, we will surely purchase our needs from you."

NEW JERSEY, October 3, 1927—"I have just been looking through your 1927-1928 Trade List, and consider this the finest sample of what a trade list should be that has ever come to my attention. It certainly is a piece of literature that will arouse a desire to purchase."

OHIO, October 12, 1927—"First shipment of Altheas arrived for which we wired the other day, and the stock looks mighty fine."

TEXAS. October 5, 1927—"Received shipment today in good condition. Thanks for prompt service."

INDIANA, August 8, 1927—"These trees received from you are as fine as silk. Thank you."

VERY POOR PICTURE OF GOOD *CEDRUS DEODARA*

CONIFERS

Our Conifers are sheared and root pruned yearly. They are dug and graded right, and will give entire satisfaction to the most discriminating buyer.

Prices include balling and burlapping but many of the smaller sizes of the more hardy varieties may be safely handled with roots puddled in stiff mud. If wanted with roots puddled, you may deduct from the printed prices as follows:

FIELD OF CALIFORNIA PRIVET AT CHASE

FIELD OF PRIVET, AMOOR RIVER NORTH

PRIVET

We grade California and Amoor River Privet "Heavy" and "Light" according to the number of canes. The 2 to 3 foot and all up "heavy" grades carry four or more strong canes from the ground. The "light" grades in these sizes carry two and three strong canes.

The 18 to 24 inch "heavy" grade and 12 to 18 inch "heavy" grade carry three canes or more, and the "light" only two canes. All single stems are put in the transplanting grade.

KENTUCKY, November 16, 1927—"We received your shipment of 100 Abelia, 2 yr. 18-24, bushy, this morning. It is a fine grade, and we can use 200 more of the same grade. We thank you for good grades and promptness in making shipments."

MASSACHUSETTS, June 26, 1928—"Your stock was particularly good this year, and all of the people on the place are very much pleased with it."

OHIO, June 29, 1928—"I was well pleased with the stock shipped me this season, and expect to buy my requirements from you next year."

ARKANSAS, November 1, 1927—"The nursery stock ordered of you six days ago came in on time, and was in fine shape."

DEPARTMENT OF NURSERY SUPPLIES

This Department did not "just happen," but has grown along with our nursery business over a period of more than thirty years. It started away back in the '90s, when at times we had great difficulty in securing needed supplies in a hurry and of the right quality. We finally began to anticipate our needs, to buy in sufficient quantity to secure best prices, and so were in position to help out our fellow nurserymen when they ran short and were in a rush. Now, for many years we have maintained a stock of supplies for the Nurseryman, Orchardist, Florist, Gardener and Landscape Planter. Many of these items are used in the Agricultural Schools and by County Agents in demonstrating their work. We stock only such items as, after thorough test in our own nursery work, are found to be of the right quality. There are many items in the list that are often hard to locate. Each item is priced reasonably. We always try to carry a complete stock and to ship by next train after receipt of order, except printed matter which usually requires three to five days' time.

OUR UNION STATION AT CHASE

Is but 300 yards from the office. It serves the Southern and N. C. & St. L. Railways.

Chase is served by six trains each day on two railroads, both Express Companies, both Telegraph Companies and is a Money Order Post Office.

QUICK ACTION ON RUSH ORDERS

TEXAS—"I have been a user of your French Shears, Grafting and Budding Knives, and other supplies for about six years, and they have all proved first-class."

GEORGIA—"Please send us four of your Box Maker's Hatchets. We have been using these for several years, and find them very satisfactory."

ARKANSAS—"I have one of your Stationary Budders that I have been using for five seasons, having budded close to 400,000 trees with it, and expect to use it one or two more seasons."

SUPPLIES

PRICES—All prices on Supplies are subject to market changes.

TERMS ON SUPPLIES:

All prices are net, subject to market changes, and are for CASH WITH ORDER except to parties with an established rating. We have to buy far ahead, lock up our money for months and, as the margin of profit is very small, we greatly appreciate prompt payment of all supply invoices.

Note: Orders for half-dozen will be supplied at the dozen rate.

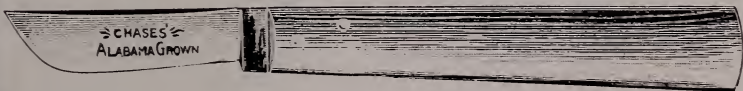

KNIVES

Some of these knives are especially made for us by one of the great cutlery makers who has a reputation for quality. All knives offered are dependable brands, selected after testing out in our own nursery work.

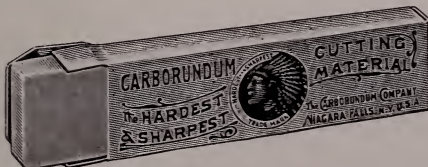

HEAVY IMPORTED BUDDING KNIFE WITH IVORY TIP ($\frac{3}{4}$ SIZE)

This is a REAL Budding Knife. Well made, heavy brass lining; blade of highest quality steel; ivory tip. Price each, postpaid, \$1.65; per dozen, \$18.00, postage extra.

STATIONARY HANDLE BUDDING KNIFE ($\frac{3}{4}$ SIZE)

Note shape, size and "hang" of blade. Blade does not fold and so is not as convenient for the pocket, but it is a mighty good budding knife at a low price. Each, postpaid, 50c; per dozen, \$5.00, postage extra.

WHETSTONE

The best Budders and Grafters Whetstone. Pocket size, Carborundum. Each, postpaid, 20c; per dozen, \$2.00, postage extra.

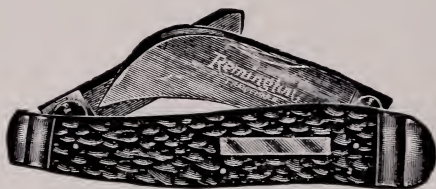

Chase Nursery Company

We have added two good combination (double-bladed) Nursery Knives to our list. Both are made by Remington of the highest grade metal. We have added these only after a thorough tryout in our own work. They are good.

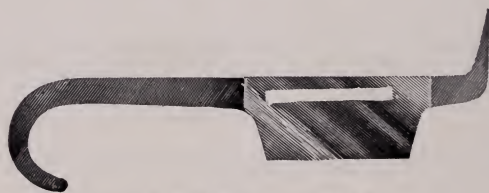

BUDDER AND GRAFTER COMBINATION

Two Blades, 1 Budding and 1 Grafting. Lined with brass; is strong and well made. Cannot be beat for a high-grade pocket knife. Price each, \$1.50, postpaid. Price per dozen, \$16.50, postage extra.

PRUNER AND BUDDER COMBINATION

Stag Handle, Two Blades, 1 Pruning and 1 Budding. First quality materials used throughout. A compact tool for all summer work on the small nursery. Price each, \$1.50, postpaid. Price per dozen, \$16.50, postage extra.

GRAFTING CHISEL

For top grafting large limbs. All metal, 9 inches long, cutting edge $2\frac{3}{4}$ inches. Strong wedge on end. Price each, postpaid, \$1.35.

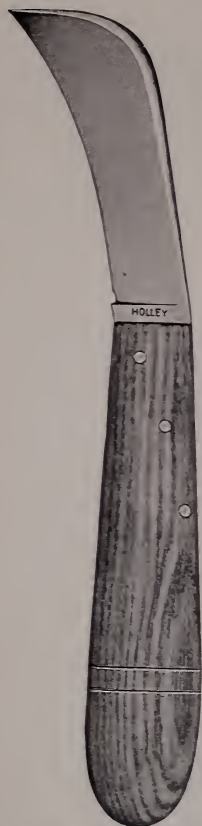

LOUISIANA—"The Jumbo Grafting Knife is the kind of tool we have been looking for for pecan work. We are sure that it will sell on sight to any one who grafts pecans; have shown it to several, all wanted to buy it."

OHIO—"Enclosed find check for two pair French Pruning Shears. I have used these shears for my personal work for many years and I must have them. The last two pair are crippled—but they have made millions of cuts."

RHODE ISLAND—"Please send 12 Pruning Shears, French, Volute Spring, 8 inches—the same as last year."

C.A.G. PRUNER

Stationary handle; full length 8 inches; length of blade 3 $\frac{1}{4}$ inches; well balanced "hook" and easy on the operator. Handle of hardwood fastened with three rivets set diagonally. After testing out this knife in our own work we offer it to the trade as the best Pruning Knife of reasonable cost that we can find. Price 85c each, postpaid; \$8.50 per dozen, postage extra.

C. A. G. Pruner

STATIONARY GRAFTER

(Blade does not fold)
A bully good "stiff" Grafting Knife well made of fine steel. Price each, 65c, postpaid; \$6.25 per dozen, postage extra.

Stationary Grafter (3/4 Size)

C.A.G. GRAFTER

It is more knife for grafting and general use for the money than any on the market. Makes a good serviceable pocket knife. Cocoa handle. 65c each, postpaid; \$6.25 per dozen, postage extra.

C. A. G. Grafter (3/4 Size)

JUMBO PECAN GRAFTING KNIFE

Extra size and strength for field grafting Pecans or other heavy stocks. Length over all 8 inches; blade 3 $\frac{1}{4}$ inches; fastened in solid handle with three strong pins. Best quality cutlery steel. Price, each, postpaid, 90c; per dozen, postage extra, \$9.00.

DOUBLE-BLADED PECAN BUDDER

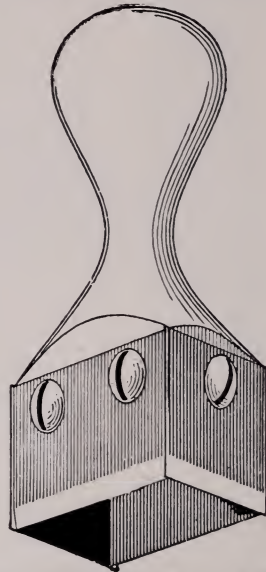

(For Ring Budding)

Two straight-handled, high-grade knives set perfectly true with blades 7-8 inch apart. Fastened with special screw and dowel pins; easily taken apart for sharpening, and just as easily reassembled. Preferred by many Pecan budders over all other makes or styles. Price, postpaid, each, \$1.85.

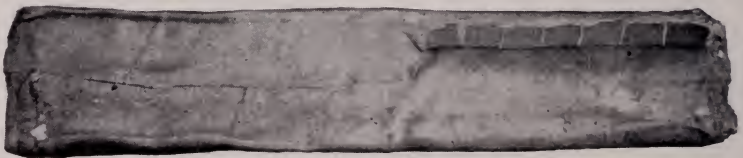

JONES PATCH BUDDER

Designed especially for budding Nut Trees or other subjects which cannot be propagated by ordinary methods. With this Budder, Pecans, Walnuts, Hickories, Chestnuts, Persimmons, etc., may be budded successfully.

Made of aluminum, machined perfectly true and nicely finished. The blades are made from safety razor blade steel, but of heavier stock. With full directions for budding Nut Trees, handling buds, preparing waxed muslin, etc. Price, \$2.00 each, postpaid.

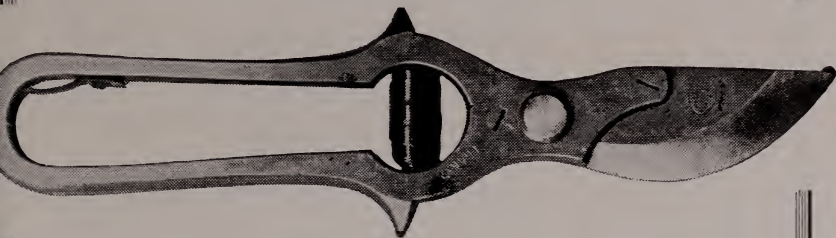

The Jones Patch Budder (Patented)

WAXED MUSLIN

Waxed, ready for use, in connection with above knives, for wrapping buds of nut trees, etc., in strips about 7x36 inches. A strip will wrap about 50 buds on nursery seedlings, less on large stocks or limbs. The cut shows strip notched ready for tearing. Per strip, postpaid, 20c; six strips, postpaid, \$1.00.

MISSISSIPPI—"Please mail us two pairs 6-inch French Shears. No shears like these for light work."

FRENCH PRUNING SHEARS

We have imported and used and sold these French Shears for more than twenty-five years. We have tried out many other makes but, all things considered, we regard them as **THE GREATEST VALUE IN PRUNING SHEARS**. They are beautifully made of high-grade metal, easy to operate, grip just right for continuous work. We import these direct from France in increasing quantity.

The 9-inch is best for "cutting back" and all heavy work.

The 8-inch is just right for making hard wood cuttings.

The 6-inch is the prime favorite with the ladies, cutting scions, etc.

PRICES

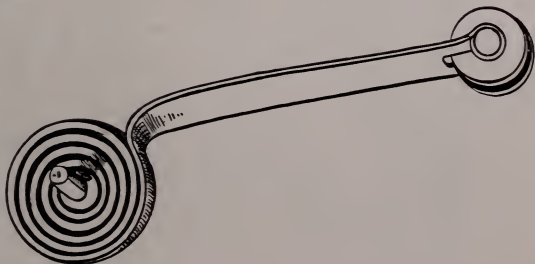

9-inch, per pair, postpaid	\$ 2.35
Per dozen (weight 11 lbs.)	25.00

(Price per dozen is F. O. B. Chase)

If you have some used French Shears that need adjusting, new blades, bolts, springs, etc., send them in and our "Steve" will put them in shape (if anyone can) and return them promptly at very reasonable cost. Steve is a wonder.

Extra Springs for French Shears, Volute type. Each, post-paid, 15c.

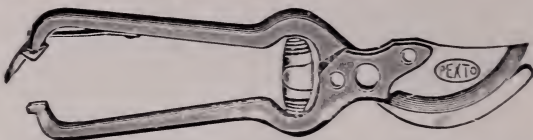

Extra Springs for French Shears, Roller type. Each, post-paid, 20c.

Note: All French Shears are now supplied with Volute Springs, but we carry the old style Roller type spring in stock. In ordering state **SIZE AND TYPE**.

Chase Nursery Company

PRUNING SHEARS—Continued

AMERICAN 9-INCH

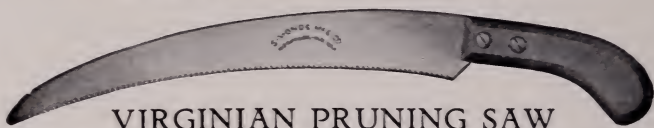

This is a low-priced, well-built, heavy pruning shear of the best value for the price we can find. Have handled these for many years. Where a cheap shear is wanted this is the one. Weight, 14 ounces. Volute steel spring. Price, per pair, postpaid, 90c; per dozen, \$9.00, postage extra.

Note: We can furnish extra springs and extra bolts, each, postpaid, 15c.

VOLUTE SPRING

For American 9-inch Shears.
Each, 15c, postpaid.

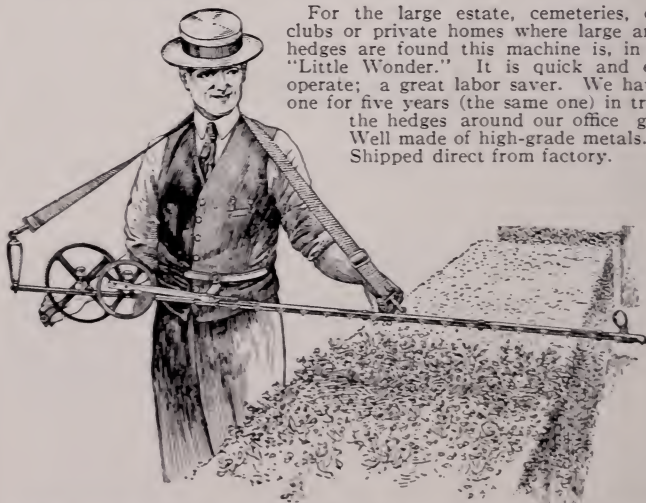

VIRGINIAN PRUNING SAW

PRUNING SAW—"The Virginian," a real Simonds Saw, handle curved exactly to fit the hand; draw cut, with teeth on inside of curve of blade; differs from all other saws in angle of teeth, number to inch, and curve of blade. Cuts small branches without tearing bark, and will cut with ease the larger limbs. Designed by G. C. Starcher, expert Virginia Orchardist. High-grade metal; twenty gauge; handle of hardwood, securely fastened. Set and filed. Price, postpaid, \$1.10 each; per dozen, postage extra, \$10.00.

Orders for half-dozen at the dozen rate.

"LITTLE WONDER" HEDGE TRIMMER

For the large estate, cemeteries, country clubs or private homes where large and long hedges are found this machine is, in fact, a "Little Wonder." It is quick and easy to operate; a great labor saver. We have used one for five years (the same one) in trimming the hedges around our office grounds. Well made of high-grade metals. Shipped direct from factory.

Price, 30-inch blade, \$25.00; 40-inch blade, \$27.50; 60-inch blade, \$35.00.

Prices f. o. b. shipping point in Pennsylvania.

Also electric driven, equipped with portable motor and 1,000 feet of waterproof extension cord. Descriptive circular telling the whole story mailed on request.

PRUNING SHEARS

HEDGE SHEARS

Cronk's Improved; riveted through ferrule. Not too heavy, 8-inch blades; notched. Best size for continuous and rapid work. Price, \$2.40, postpaid; at Chase, \$2.25.

ALL STEEL TROWEL

A new durable, light-weight, all-steel trowel at a low price. Stamped from one piece of steel. A prime favorite with all trowel users. Price, each, postpaid, 35c; per dozen, postage extra, \$3.50.

D. HANDLE DIBBLE

The polished steel point is 8 inches long tapered from a diameter of 1¼ inches at handle. Handle of wood which gives just the right balance. Easy on the operator and well made of high-grade metal. Price each, postpaid, 90c; per dozen, postage extra, \$9.50.

TWO-HAND PRUNERS

After trying them all we have gone back to this heavy Cronk single-cut as the most satisfactory. Well built by master builders. Length 26 inches, extra long ferrules, patent lock-nut. Weight 3¼ pounds. Price, \$3.25, postpaid; at Chase, \$3.00.

GENUINE OLIVER AMES 9-POUND, D HANDLE NURSERY SPADE With Tapered Blade

For continuous hard nursery digging we can find none better than this heavy double strapped genuine Oliver Ames Nursery Spade. The straps (both sides) run full length of handle; blade is tapered from 7½ inches at top to 5½ at point. Weight, 9 lbs. Price, each, \$3.50; per dozen, \$39.00.

EXTRA HANDLES

For Above Spade

Riveted and bent to fit. Will save many a good spade now in the discard because of broken handle. Price each, 75c; dozen, \$8.00.

GENUINE OLIVER AMES 7-POUND, DOUBLE-STRAPPED NURSERY SPADE With Tapered Blade

The best light nursery spade, a little under seven pounds; double strapped full length. Tapered blade with corners rounded. Price, each, \$2.75; per dozen, \$31.00.

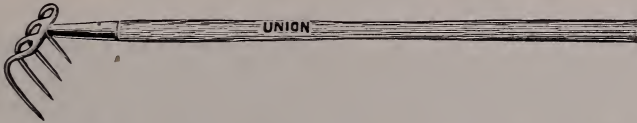

GENUINE OLIVER AMES 9½-POUND, LONG-HANDLED, DOUBLE-STRAPPED, PECAN SPADE With Square Blade

For Pecan growers particularly, who need extra length of handle coupled with good weight and great strength. Same spade in every way as the 9-pound Ames D. Handle Nursery Spade except that it has a long, straight handle and a square blade, which works better in sandy or light soils. Weight, 9½ lbs.; handle 4½ feet long. Price, each, \$3.75; per dozen, \$41.50.

MISSISSIPPI—"We received Pruning Saw which we ordered as a sample, and are asking that you ship us today one dozen of these Pruning Saws. We are going to use them as Xmas gifts."

THE "SPEEDY" CULTIVATOR

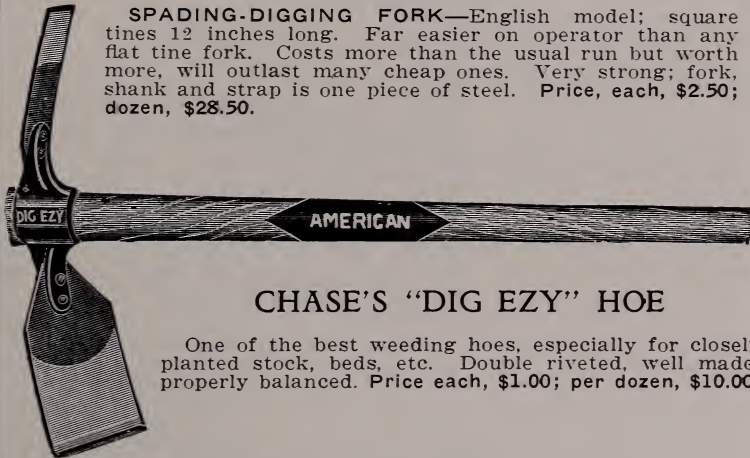

Gets the weeds by a pulling and pushing motion, leaving soil a fine dust mulch. High tempered tines bent at just the right angle; handle $4\frac{1}{2}$ feet long; light and strong. Does wonderful work in seed beds, cutting beds, etc. For garden use around rose bushes, flower beds, under hedges and shrubs where a hoe will not do this new tool is exactly suited.

Price, each, \$1.00; postpaid, \$1.15.

SPADING-DIGGING FORK

SPADING-DIGGING FORK—English model; square tines 12 inches long. Far easier on operator than any flat tine fork. Costs more than the usual run but worth more, will outlast many cheap ones. Very strong; fork, shank and strap is one piece of steel. Price, each, \$2.50; dozen, \$28.50.

CHASE'S "DIG EZY" HOE

One of the best weeding hoes, especially for closely planted stock, beds, etc. Double riveted, well made, properly balanced. Price each, \$1.00; per dozen, \$10.00.

TEXAS—"We received the two spades ordered from you, and are very much pleased with them. You may send us two more of the same kind—the new 7-pound genuine Ames spade, tapered blade, with corners cut."

CALIFORNIA—"Was away from home when the Grafting Thread ordered from you arrived, but when I returned, I examined same and find it to be the best quality grafting thread we have ever used."

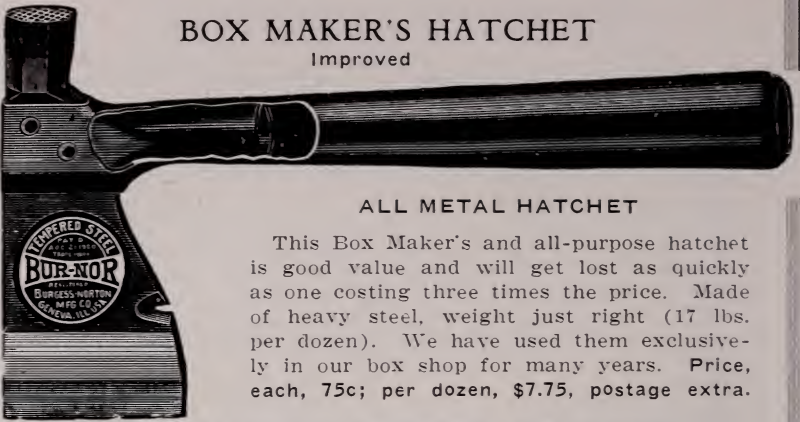

OKLAHOMA—"Enclosed find check to cover purchase of one pair of 9" French Pruning Shears and one Heavy Imported Budding Knife. All goods received from you people have given us entire satisfaction."

NORTH CAROLINA—"I am enclosing check for six more of your Virginian Pruning Saws. We were very much pleased with them."

TEXAS—"Your Jumbo Pecan Grafting Knife cannot be beat for heavy grafting."

BOX MAKER'S HATCHET

Improved

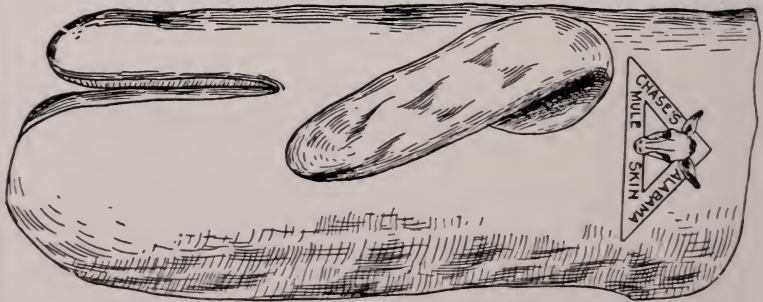

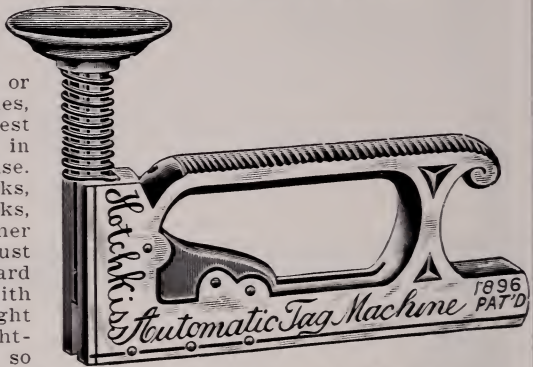

ALL METAL HATCHET

This Box Maker's and all-purpose hatchet is good value and will get lost as quickly as one costing three times the price. Made of heavy steel, weight just right (17 lbs. per dozen). We have used them exclusively in our box shop for many years. Price, each, 75c; per dozen, \$7.75, postage extra.

AUTOMATIC TACKING MACHINE

For fastening tags or cards to tree boxes, cars, etc. The slickest little labor saver in our packing house. No hunting for tacks, no finger pricks, fumbling for hammer or lost motion. Just lay it on top of card and tap the knob with palm of hand; a light tap, quick as lightning, will tag a box so quickly and easily that it is a joy to do it. Instead of round headed tacks this little machine automatically staples the tag or card in place. Guaranteed to work on any wood. Money back if not satisfactory; will ship on thirty days' trial to any responsible nurseryman. Machine, each, \$2.25; staples, per box of 5,000, \$1.50, postage extra.

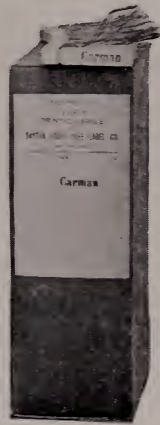

ALABAMA MULE SKIN MITTENS

MULE SKIN MITTENS—The old reliable; made of Alabama Mule Skin, nearly as durable as buckskin. We can find no heavy work-glove or mitten that gives greater value for the money. Price, per pair, postpaid, 80c; per dozen, \$8.75, postage extra. Orders for half-dozen at the dozen rate.

LABELS

Plain Wood Labels

Printed Wood Labels

STRAWBERRY AND FLORISTS' POT LABELS

(WOOD)

(Please always state if wanted Plain or Painted.)

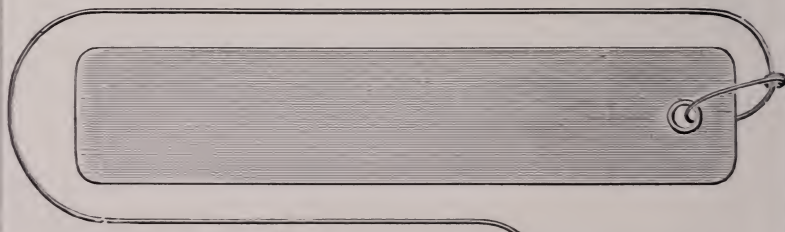

PLAIN STRAWBERRY OR POT LABELS—A pointed wood label, unpainted, size $4 \times \frac{5}{8}$ " , packed 1,000 to box. Used by florists in small pots and to slip under strings on bunches of Strawberry plants. Price per 1,000, \$1.25.

PAINTED STRAWBERRY OR POT LABELS—Same as above except painted white on one side. Price per 1,000, \$1.75.

PLAIN FLORISTS POT LABELS—A pointed wood label, unpainted, size $6 \times \frac{5}{8}$ " , packed 1,000 to box. Heretofore we have stocked an 8-inch label selling at nearly twice the price of this size—and we find this 6-inch answers in most cases. Price per 1,000, \$2.25.

PAINTED FLORISTS POT LABELS—Same as above except painted white on one side. Price per 1,000, \$2.75.

(Please always state if wanted Plain or Painted.)

SHEET COPPER PERMANENT LABEL

An indestructible label for use on trees, shrubs, etc., as a **PERMANENT MARKER**. Directions: Lay label on folded newspaper; write with very hard pencil or wire nail, bearing on to indent metal. Give wire one turn around branch, securing end in loop. Remove to smaller branch every two years to prevent cutting wood. Price, per 10, postpaid, 35c; per 50, postpaid, 75c; per 100, postpaid, \$1.35.

CORDAGE, TWINE, BURLAP, ETC.

WOOL TWINE

Four Ply—For tying in bunches; in balls of about one pound each; packed in bales of about 150 pounds each. Per pound, less than bale lots, 20c; per pound in full bale lots, 18½c.

WOOL TWINE

Three Ply — For bunching small fruits, roses, etc., this is plenty strong, and because of the greater yardage it is cheaper than the four ply. Price, same as four-ply.

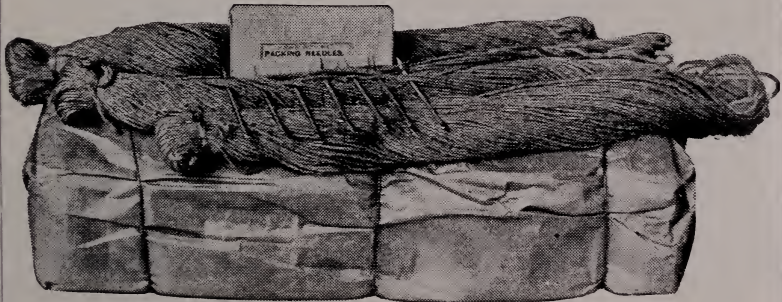

Bale of Wool Twine

Reel of Sisal Cord

EXPRESS CORD

For heavy bales. Two-ply Sisal. Just the thing for express bales. Single end, on reels of about fifty pounds each. Cannot break reels. Price 17½c per pound.

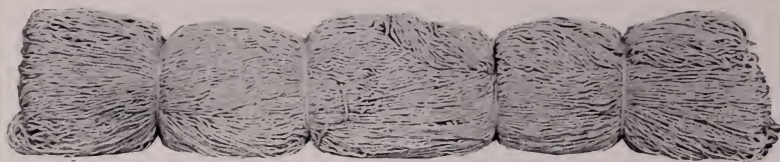

JUTE SAIL TWINE

This is a smooth working, strong, 4-ply Jute Sail (sewing) Twine for sewing burlapped bales, seed bags, etc. In skeins (hanks) of half pound each, 12 pounds to package.

Price, per pound32c
 Price, in 12-pound packages, per pound30c

NOTE: To keep your sewing twine in skeins (either cotton or jute) from kinking and snarling, first, cut through all threads where the "tie string" surrounds them; let someone hold one end of the "many ends" or tie fast to something; step back full length of the cut string and grasp other end between the knees, reach out and divide the skein into three parts and "plat" or braid them for two feet or so AND THEN SLIP THE END FROM BETWEEN YOUR KNEES THROUGH A LOOP IN THE "PLAT" and pull straight. Your twine will lay flat, each string, just the right length, will pull free as needed.

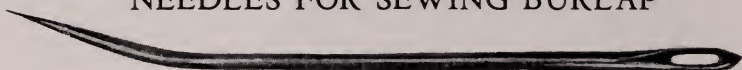

COTTON SAIL TWINE

Cotton Sail (sewing) Twine for some reason is not as popular as Jute, probably because it is higher priced. We shall not stock it after this season unless there is a real demand. We use it and like it. In skeins (hanks) of one pound each:

NEEDLES FOR SEWING BURLAP

BEST GRADE—Five-inch, large stiff shaft, wide, flat shank, sharp point and large eye. Per dozen, postpaid, 55c.

BURLAP

SELECTED ONCE-USED, CLEAN BURLAP

40-Inch 8-Ounce

New burlap is still too high; this once-used, strong, 40-inch material is just as good as new. It has been once used, largely on rugs and furniture; is in mostly large pieces, and is clean; has been carefully sewed into 100-yard bolts, and packed four bolts to the bale. Its use this year will save you about \$18.00 cash money on each thousand yards—and \$18.00 saved is \$36.00 made, according to Poor Richard. We use this exclusively for balling and baling; not a complaint on the many thousands of yards sold last season. Price lower than last year.

BOX LINING PAPER

KRAFT PAPER

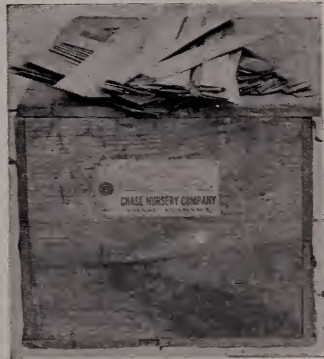

The same high-grade Kraft paper that we have handled for many years, the best we can buy. It is more economical than cheaper grades because of greater yardage and strength. Has body enough to resist moisture to a considerable degree. One of our customers says that he "used again" the paper from boxes of nursery stock received from us—and those boxes had been in cold storage for ten weeks. Put up in rolls of about 50 pounds each; widths 30, 36 and 40 inches. Cannot break rolls. Price, per pound, 7½c.

"DRY WRAP" DUPLEX PAPER—Two sheets of Kraft cemented together with asphalt. In rolls of 100 yards each, width 36 inches, per roll, \$2.25.

BOX STRAPS

STEEL BOX STRAPS—One inch wide, 9 inches long, thin, soft steel, strong enough to hold the heaviest box. You can drive an ordinary nail through it without punching. About 2,300 pieces in 100 pounds. Less than 50 pounds, per lb., 8c; 50-lb. boxes, per lb., 7c.

GEORGIA—"Enclosed is our voucher covering the order for Grafting Wax. We received the Wax today, and I might remark that we find the composition of this wax particularly good for our purposes."

ILLINOIS—"The Mule Skin Mittens were promptly put in use and found the best we have ever had in years of experience. Kindly send another pair soon as possible."

MISSISSIPPI—"Please send me at once five 'Virginian' Pruning Saws. I was told to get these saws from you as they were the best obtainable."

VIRGINIA—"We used your Grafting Thread last winter, and it is the best we have ever used."

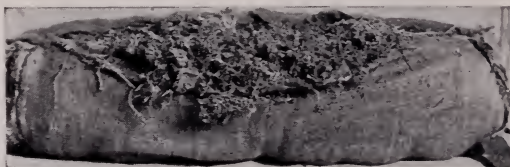

RAFFIA

Best quality. One pound will wrap about 2,500 average peach stocks when June budding, or about 1,000 average rose stocks. Put up in bundles ready for quick shipment. Prices:

In lots less than 5 lbs., per pound	40c
In bundles of 5 lbs., per pound	35c
In bundles of 10 lbs., per pound	32c
In bundles of 25 lbs., per pound	30c
In bundles of 50 lbs., per pound	28½c
In bundles of 100 lbs., per pound	27c

Write for price on full bales of about 220 lbs. The high prices on Raffia will continue for another year at least as Madagascar has not yet recovered from the awful destruction by hurricane more than a year ago. We have secured, we think, a sufficient stock to take care of our friends through this budding season.

SPHAGNUM MOSS IN BURLAPPED BALES

New fresh stock from Wisconsin. In burlap-wrapped bales size 14x16x46 inches. The material is almost bone dry and its weight (around 20 lbs. when received) is not guaranteed. Almost indispensable to Florists and Plant Shippers and for packing down bud sticks. Price, per bale, \$1.75.

BALED EXCELSIOR

Not too coarse for good packing. In bales 46x21x17 inches. Weight varies due to evaporation of moisture. Price, per bale, \$1.50; per ton, \$18.00.

CHASE GRAFTING THREAD

For years we used and sold a thread made in New England. Its manufacture was discontinued and we and many of our friends were up a tree. A helpful (Rotarian) cotton mill owner near by undertook to help us out and has produced a thread that exactly fills the bill. It is a shade stronger — by request; has been thoroughly tested out. All our grafts the past season were wrapped with it. Samples were sent out to large users and all have OK'd it. Our supply is sure at all times. While it does not wrap as many grafts per box yet the cost is so much less that it actually wraps more per dollar. A box of 20 balls will wrap about 30,000 average grafts. This thread is packed under our label and WE GUARANTEE SATISFACTION.

Per ball, unwaxed, postpaid, 12c.
 Per ball, waxed, postpaid, 20c.
 Per box, 20 balls, unwaxed, postage extra, \$1.60.
 Per box, 20 balls, waxed, postage extra, \$2.90.

CHASE GRAFTING WAX

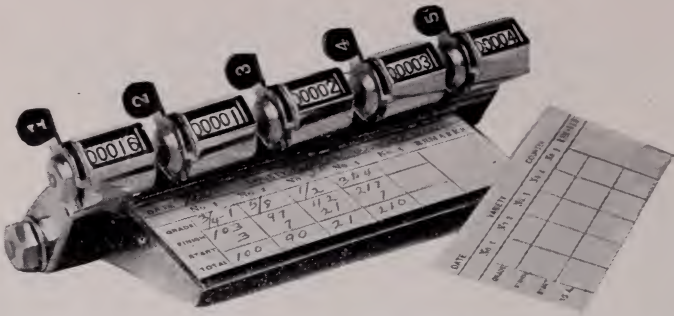

Directions: Remove wrapper and soften wax by warmth of hand or in warm water. GREASE THE HANDS TO PREVENT STICKING. By kneading and working it can be drawn out as thin as desired.

CHASE GRAFTING WAX

After the makers of Lion Brand quit we had to find a new source of supply and have secured a grade of Grafting Wax that we think equal in every respect. This is packed under our label with instructions on each package. Prepared ready for use in top grafting, applying to cuts after pruning, etc.

Price, ¼ lb. cake, postpaid, 18c; ½ lb. cake, postpaid, 30c; per pound, postage extra, 50c.

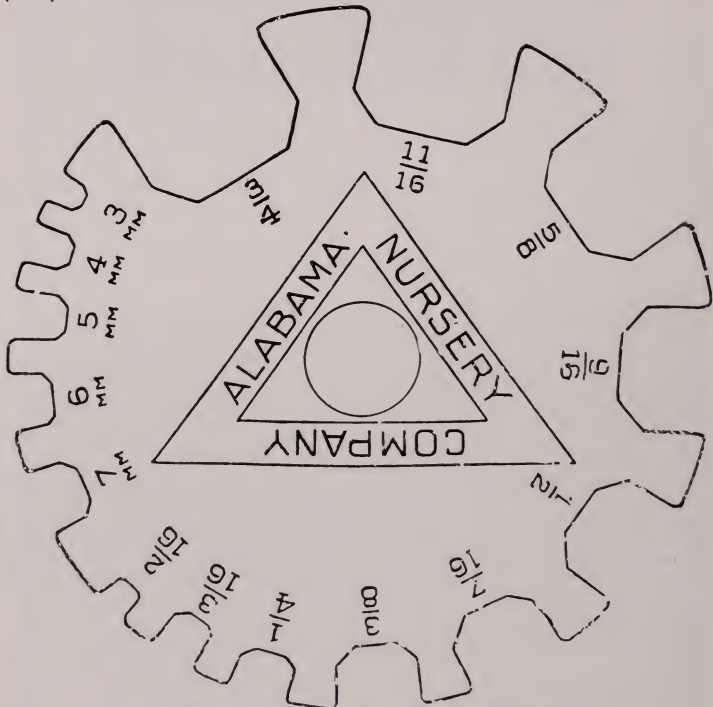

CHASE NURSERY ROW TREE COUNTER

Designed by Robert Chase. Accurate, quick, no guess work. Place in the hands of a good man, and as he passes down the row he presses the lever which indicates the grade of the tree. When through with a variety, the dials show the total number of each grade in the block—the only method of taking a correct grade count in the field.

The Chase Tree Counter is now used by most of the leading nurserymen.

Four-dial machine with 1,000 record cards, delivered...\$22.00
 Five-dial machine with 1,000 record cards, delivered...\$25.00

Extra record cards, correct size, printed like cut, 85c for 500, postpaid.

THE CHASE TREE GAUGE

Designed by Herbert Chase. BOTH SIDES MARKED ALIKE; always right side up. Guaranteed accurate to within one-hundredth of an inch; rust proof; indestructible and easy to read. Price, any quantity, 50 cents each, postpaid.

DISCOUNT ON QUANTITY ORDERS

On orders for 3,000 and over, with no change in form or size, the following discounts will apply:

- 3,000 at the 1,000 price less 3%.
- 5,000 at the 1,000 price less 6%.

Note the large size (No. 8). This tag has plenty of room for address and Inspection Certificate on one side without crowding.

Always send copy showing how tags are to be printed. Samples on request.

Note—The No. 5 Tag is too small for Inspection Certificate. The No. 7 is too crowded if Inspection Certificate and address are used on one side. The No. 8 size is the best where Certificate is to be printed on the address side.

IF YOUR JOB CALLS FOR AN UNUSUAL AMOUNT OF TYPESETTING THERE WILL BE AN EXTRA CHARGE TO COVER.

Please compare our tag prices with others and in so doing remember that we use only **HIGH GRADE** tags as described and that we include strings. Our prices are right.

FUMIGATING CHEMICALS

Cyanide

Sulphuric Acid

SODIUM CYANIDE (Merck & Co.'s 96-98%) Lumps, in original sealed tin packages, 1-lb. cans, **75c.** Cyanide is excluded from the mails, but can be shipped by express or freight.

SULPHURIC ACID (Specific Gravity 1.83). Large glass stoppered bottle, securely packed in cases ready for shipment, 9-lb. bottle, **\$2.25.**

NOTE—On the next page you will find complete instructions for fumigating nursery stock.

The Ideal Nut Cracker

IMPROVED IDEAL NUT CRACKER

This model has a good, polished finish, giving it a much better appearance than the old model which we have handled for many years. The Ideal Nut Cracker operates quickly and easily with no danger of hammered fingers. It keeps the shells from flying all over and gives you "whole meats." Comes in an attractive box, makes a very welcome holiday gift. Simply place the nut in the cracker, place the palm of the hand over nut and turn the handle just enough to crack the shell and there you are.

Price, each, postpaid **75c**

DIRECTIONS FOR FUMIGATING NURSERY STOCK WITH HYDROCYANIC ACID GAS

The necessary equipment consists of an air-tight chamber (box or room), a glazed earthenware vessel, a measuring glass graduated to ounces, and a set of accurate scales. The necessary chemicals are either Cyanide of Potash (98%) or Sodium Cyanide (96-98%) and Sulphuric Acid (specific gravity 1.83). Care should be taken to secure either the 98% Cyanide of Potash or 96-98% Sodium Cyanide, otherwise an insufficient amount of gas would be generated. This chemical must be kept in air-tight containers and so packed will keep indefinitely. It is a deadly poison and should not be left where it will fall into the hands of children or careless persons, and should never be handled by a person having open sores, cuts or bruises on his hands. The gas is colorless and if inhaled in quantity is fatal; smaller amounts induce headache or dizziness.

The best commercial grade of Sulphuric Acid should be used. This acid must be kept in a glass or earthenware vessel tightly stoppered with a glass or lead stopper. Be sure that your fumigating box or room is air-tight or gas-proof.

The standard formula for fumigating each 100 cubic feet of space contained in the fumigating house is as follows:

One ounce Cyanide of Potash (98%) or $\frac{3}{4}$ of one ounce Sodium Cyanide (96-98%).

Two Fluid ounces Sulphuric Acid.

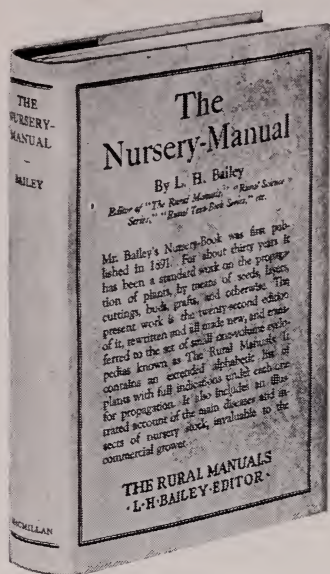

Four Fluid ounces Water.

The glazed earthenware vessel should be somewhat larger than is necessary to hold the chemicals. A one or two-gallon jar is perhaps the best container.

The trees as dug and brought from the field should be placed in the fumigating house, care being taken to see that they are free from any considerable quantities of mud or dirt. The trees should not be fumigated when they are wet, as it has been shown that in this condition they are likely to be injured by the gas. When the compartment is full of stock, close all openings except the door. Place the jar on the floor near the middle of the room, pour in the required amount of water, and then slowly pour in the acid. The cyanide, previously weighed and inclosed in a tight paper bag, is now dropped into the jar and the operator leaves immediately and closes the door tight. The steps in this operation should never be varied. If water is poured into the acid, a violent action takes place and may be the cause of injury to the operator. Inclosing the cyanide in a paper bag makes it convenient and safe to handle and retards the generation of the gas for a moment after being dropped, thus allowing time to leave the room and close the door securely.

Keep the door closed for forty minutes, at the end of which time the door and window should be thrown open, care being taken to avoid the outward rush of the gas. After fifteen minutes of airing, the room may be safely entered and the stock removed, being now ready for packing or heeling in. After fumigating the contents of the jar should be buried.

Buy chemicals of your local druggist if you can secure Merck's cyanide in unbroken, original packages, and sulphuric acid that has been kept in a glass-stoppered bottle.

BAILEY'S NURSERY MANUAL

We are often asked about the best books on nursery practice and methods. If there is a better guide than this book by Dr. L. H. Bailey, we do not know of it. Contains 456 pages written in simple, non-technical language with hundreds of illustrations covering the propagation of plants from seeds, cuttings, layers, budding, grafting, etc. Postpaid, \$2.50 per copy.
