FUMOTO PRISON

HATSU-No. 173

KY / kk
21 April 1950

SUBJECT: Monthly Report on Prison Affairs

TO : Chief of Public Welfare Section, Kyushu Civil Affairs Region

The report on the Prison affairs for the latest monthly period is hereby filed.

1. Measures taken to limit the Number of Inmates down to the Prison Capacity:

a. In order to diminish the number of inmates, the under-mentioned convicts were releaded during the latest monthly period before serving out their terms of confinement:

Common prisoners released on probation	...	44
Prisoners released on suspension of execution	...	3
Total		47

Moreover, there are
10 convicts who have been approved the release by the Attorney-General's Office following the recommendation for probation and are ##### to be released on probation on the respectively due dates and
31 convicts who are under recommendation for probation.

b. As the result, the number of the inmates as of 17 April was 224 (excluding 2 male-infants and 1 female-infant accompanied by the prisoners) as against the Prison capacity of 227 (inclusive of that of the ##### Health home), leaving room of three.

To provide for the possibility of exceeding number of inmates, additional cells are being constructed.

2. Separation by Sex and Age:

a. This Prison has woman-prisoners only.

b. The separation of the adults from the minors is strictly observed at cells and at factories.

3. Quantity and Quality of Food:

DECLASSIFIED E.O. 12065

a. The ration of staple food to each differs in accordance with a work on which a prisoner is imposed.
The average ration for the latest monthly period follows:

	Staple Food	Side-dishes	Total
Adult	2,086 calories (596 gr.)	466 calories	2,552 calories
Minor	2,222 calories (635 gr.)	523 calories	2,745 calories

The ration in average of the animal albumen was 16.9 grams to an adult and 19.5 grams to a minor.

b. The mixture rate of staple food was 50 per cent of rice and 50 per cent of wheat.

4. Cleanliness of Clothing and Bedding:

Each under-wear and clothing are washed once every five days.

5. Consideration about the Kind of Works and the Working Hours to avoid cruelty:

a. An 8-hour day is adopted by this Prison as usual.

Weaving, carpet weaving, knitting, sewing, brick making, etc. are the works imposed upon the inmates.

Some of the convicts are imposed arrangement-work and tilling which are not too hard.

b. A thorough precaution is paid against hazards on works.

6. Exercise and Health:

a. A prisoner working at the factory is allowed to take physical training or enjoy a sport game (such as volley-ball, pingpong, rope-skipping, and the like) more than an hour every day.

b. Those unengaged in working and the sick can take adequate exercise and sun-bath.

7. Maltreatment (Corporal punishment), Medicines and Medical Treatment:

a. Any corporal punishment against a prisoner is strictly prohibited as usual.

DECLASSIFIED E.O. 12065 SECRET/

b. Medicines and Medical Supplies received from the Saga Juvenile Prison are:

18 March ..... 20 boxes of 'Metapolin', 5 boxes of 'Zulphobulonokan', and 3 boxes of 'Dankern'.
22 March ..... Penicilin G... 10 and
wax-oil ... 4

Any medicines in want are demanded at any time to the Saga Juvenile Prison.

c. One full-time physician and one health-assistant have been making their best in medical treatment.
Much attention is paid for medical treatment. For instance, Dr. KUSABA, a specialist in obstetrics and gynaecology, was invited three times on 30 Mar., 6 and 11 April, to examine medically the inmates.

8. General Sanitary Problems:

a.

Date	Practice
20 March	Dusting DDT over cells (1st and 2nd floors), factories, No. 1 and No.2, Health home, offices, kithhen, pigsty, bath-rooms.
22 "	Disinfected bedding and table-wares by exposure to the sun.
	Cleaning water-tanks of Health home and dusting DDT over them
31 "	Monthly examination of faeces (cooking, nursing and other inmates).
	Periodically medical examination on pregnant woman-prisoners.
9 April	Dusting DDT over cells (1st and 2nd floors) and Health home.
	Disinfecting bedding by exposure to the sun.
11 "	Cleaning the station at the front gate and dusting DDT over it.
12 "	Disinfecting bedding and table-wares by exposure to the sun; dusting DDT over bath-rooms, pigsty and kitchens.

b. The bedding of each cell and table-wares of each factory are disinfected by exposure to the sun every fine day.

c. The inmates can take bath once a week.

d. Hair-washing was conducted on 31 March.

e. A sweeping-outside team of 10 inmates is cleaning and arranging the compound of the Prison every day.

DECLASSIFIED E.O. 12065 SECTION 3 NLJ

f. A team of 5 inmates is engaged in cleaning cells and latrines every day.

g. The newly imprisoned are dusted with DDT over their bodies and clothing.

9. Probation:

a. This Office is following to the policy to release on probation positively those prisoners who have fulfilled legal requisites, have gotten good records and have adequate guardians.

b. Those released on probation, those approved the release on probation and those under recommendation for probation for the latest monthly period are stated in Par. 1. of this report.
