Lieut. James LOEB, USNR, led three Avengers on a strike
waves, trucks, possible gun positions, revetments and buildings
in TA's 8069 Q-T-Y and 8169 P-Q-U-V. Both bombing and rockets
attacks were made against the areas designated, and hits were made
in the area on both of the attacks. While smoke prevented an
accurate observation of the results, at least eight buildings were
set afire. A big explosion was observed following a bomb hit made
on the first bombing run, but its cause was undetermined.
