SPECIAL FEATURES OF WOODLAND PRODUCTS

- **REALISM** — *Bark texture detailing, allows highlight painting and weathering, without highly developed artistic talent. Foliage and turf colors are realistically and specially formulated to interblend for infinite variety of realistic plant types.*
- **VERSATILITY** — *Bendable metal trunks that are easily altered, and an extremely versatile foliage system can be combined to produce virtually any shape, size or species of tree or plant.*
- **PRACTICALITY** — *The entire product line is non-magnetic which means your engines will not be damaged by attracting loose pieces of landscaping materials. And no special tools or talent are required to build exquisite scenery.*
- **COMPLETENESS** — *A complete system that allows virtually any size or specie of tree, bush, ground cover, grass, soil or weed — a system that is specially designed to work within itself — means no longer do you have to search for compatible landscaping materials. Woodland offers a complete system!*
