[Docket No. N-76-376]

NATIONAL FLOOD INSURANCE PROGRAM**Notice of Flood-Prone Areas of Communi-
ties Subject to Section 202 Prohibition
of Federal and Federally Related Assist-
ance**

The purpose of this notice is to provide a list of communities that contain areas of special flood hazard potentially subject to the provisions of Section 202 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234) on July 1, 1975, or an appropriate later date, and to provide a convenient reference for interested persons, communities, Federal agencies and instrumentalities, and others involved in assuring compliance with that section. This list supersedes and updates the list published in the FEDERAL REGISTER at 41 FR 1431-1464.

Section 202 provides that effective July 1, 1975, Federal agencies and federally supervised, approved, insured, or

regulated lending institutions are prohibited from providing financial assistance or making loans for acquisition or construction purposes in areas which (a) have been designated by the Secretary of Housing and Urban Development as Special Flood Hazard Areas for at least one year; and (b) are in communities which are not participating in the National Flood Insurance Program (42 U.S.C. §§ 4001-4128).

The prohibition does not apply to any loan made by a federally-supervised, approved, insured, or regulated lending institution made prior to March 1, 1976, to finance the acquisition of a previously occupied residential dwelling.

Each of the communities listed below received notice of its designation as flood-prone prior to March 1, 1975, and legal notice was furnished of such designation by publication under Part 1915 of Title 24 of the Code of Federal Regulations in the FEDERAL REGISTER. These communities have failed to provide the Federal Insurance Administrator with sufficient technical or scientific data to rebut their designation as flood prone

nor have they as yet qualified for participation in the National Flood Insurance Program. Thus, the sanctions of Section 202 apply as of July 1, 1975, or one year after a community's identification, whichever is later, until the community participates in the program.

In order to continue Federal or federally related assistance or lending in its Special Flood Hazard Area, a community must apply for and be made eligible for participation in the program in accordance with 24 CFR (Parts 1909 to 1920). Communities may receive assistance in applying for participation by contacting the Federal Insurance Administration, 451 Seventh St. SW., Washington, D.C. 20410, (202) 755-5581, or its toll-free numbers 800-424-8872 or 800-424-8873.

Communities on this list may be made eligible to participate in the program after the date of publication of this list. Such eligibility will be published periodically in the FEDERAL REGISTER under 24 CFR 1914.4 List of eligible communities. At that time the sanctions of Section 202 will no longer apply to the communities listed below.
