Summary: Present population of Tokyo is about 3 million.  
Ministry of Health on ken level has information on water supplies in smaller places (cities and towns). City health officials have information on water supplies in their cities.  
Reports on water supplies are submitted to Ministry of Health and Ministry of Home Affairs.  
Death records are submitted to Police Authorities of ken, then to Ministry of Home Affairs.  
Most of the dead resulting from air raids were cremated. Some were buried.
