## SUBSCRIPTION FOR LOWERING TRACK IS COMPLETE

### S. Berman With His Aids Finish Big Task; Agreement Given in Full

Working night and day for about two months, S. Berman has completed the big task of securing signatures and subscriptions in the project to improve Brand boulevard and lower the tracks of the Pacific Electric Railway company to grade.

Mr. Berman was assisted in his work by Mayor Spencer Robinson, City Manager W. H. Reeves, H. J. Blackmore and A. R. Johnson. Mr. Berman declares that their aid was of great value in completing the project.

"I have been working for two months on the proposed improvement," said Mr. Berman today, "and during that time I drove my automobile 467 miles searching for signatures to the agreement with the railway company. I would urge that those who signed up put their subscriptions in the bank as quickly as possible."

**Agreement in Full**  
The agreement with the railway company follows in full:

"This agreement made between Pacific Electric Railway company, a corporation, hereinafter referred to as the railway company, Glendale State Bank, hereinafter referred to as the trustee, and the persons whose names are hereunto subscribed as property owners: That, whereas, the council of the city of Glendale is contemplating the paving of Brand boulevard in said city between Colorado street and the northerly boundary line of the former city of Tropic, and said property owners of land within the assessment district established by said council in connection with said paving, and

"Whereas, said Brand boulevard between the said limits consists of two roadways separated by the private right-of-way of said railway company, which is now above the grade of the street on either side thereof, and said property owners desire to have said right-of-way and the tracks thereon lowered to the grade of Brand boulevard on either side thereof and paved, which work will be a matter of great expense to said railway company and will greatly benefit the property of said property owners; and the railway company is willing to do

### Mrs. A. T. Dodson Surprised on Birthday

When Mr. and Mrs. A. T. Dodson returned from the theatre Sunday night to their home at 819 Melrose avenue, Mrs. Dodson was pleasantly surprised to find a group of forty friends awaiting them, invited by Mr. Dodson to celebrate her sixtieth birthday anniversary.

Previous to the Dodsons' arrival at the company of relatives and friends had decorated the Dodson home in a color scheme of lavender and pink, using bouquets of asters and carnations. They also brought a large birthday cake bearing sixty candles.

Music was furnished by an orchestra from Los Angeles and an informal evening enjoyed. Mrs. Dodson was the recipient of thirty-five gifts.

The company included Mr. and Mrs. Charles Carere, Mr. and Mrs. William T. Wallace, Mr. and Mrs. Harry Cooper, Mr. and Mrs. Landers Stevens, Mr. and Mrs. James W. Horne, Mr. and Mrs. Sidney Payne Witkoski, Mr. and Mrs. Jean Hilton, Mr. and Mrs. George Foster, Mr. and Mrs. Horace Foster, Mr. and Mrs. Stockbridge, Mr. and Mrs. Ben Piazza, John F. Carere, Sr., Misses Etta, John Edith, Doris, Doris Hollister, Bonnie Pratt, Jack and George Stevens, Miss Elizabeth Plummer, Miss Anita de Orioste and Adolpho de Orioste of San Francisco and Mr. and Mrs. Dodson.

### Result Yesterday's Primaries at Glance

**MISSOURI**—Senator Reed believed re-nominated, leading Breckenridge Long, his opponent, by 12,450 with about two-thirds of vote tabulated.

**OKLAHOMA**—Alice Robertson, only woman in congress, re-nominated by substantial majority. Mayor W. J. Walton of Oklahoma City, farmer-laborer-reconstruction, a league candidate, appeared in won nomination for governor.

**WEST VIRGINIA**—United States Senator Sutherland, Republican, leading H. C. Ogden, Wheeling publisher, by five thousand for senatorial nomination. Former Congressman Neeley in lead for Democratic nomination.

**KANSAS**—W. Y. Morgan leading by 3,000 over W. S. Stubbs for Republican nomination for governor.

**MRS. JOHN O. EATON**, formerly Miss Waunita May Emery, who was married yesterday afternoon at the home of her parents, Mr. and Mrs. E. U. Emery of 329 North Kenwood street, to John O. Eaton of Santa Barbara.

### WAUNITA EMERY AND JOHN EATON ARE MARRIED

**Charming Ceremony Is Held Tuesday Afternoon In Bower of Flowers**

In a beautiful setting of hydrangeas, pink carnations, potted palms and ferns as a background the wedding of Miss Waunita May Emery, daughter of Mr. and Mrs. E. U. Emery, and John Osborne Eaton of Santa Barbara, son of Mrs. Ray Borthick of Glendale, took place at the home of the bride, 329 North Kenwood street, yesterday afternoon, Tuesday, August 1, 1922, at 4 o'clock. Rev. C. M. Crist of the First Methodist church officiated at the single ring ceremony.

Preceding the wedding ceremony Mrs. Harold Latter of Oakland, cousin of the bride, sang "I Love You Truly," followed by a vocal selection by Attorney Owen C. Emery, brother of the bride, who rendered "At Dawning," accompanied at the piano by Miss Clark Christy, who also played Mendelssohn's "Wedding March," as the bridal party descended the stairs and entered the living room.

Miss Olive Belle Emery, sister of the bride, was the bridesmaid and wore a gown of gold colored crepe de chine, carrying a bouquet of orchid colored sweet peas and ferns. Miss Josephine Emery, also a sister of the bride, was maid of honor. Her gown was of white crepe de chine and she carried pink roses and ferns.

**Bride's Gown**  
The bride and her father entered the living room next. The wedding gown was of white canton crepe. The bridal veil was of hand embroidered lace and was fitted in India and presented to Miss Emery by her cousin, Clarence H. Smith of Berkeley, gifts. Christmas gift on his return from a trip around the world. The veil was caught in place with lilies of the valley. The bride carried a shower bouquet of white roses and ferns.

From the living room mantel, which was banked with palms and ferns, a bower was formed of hydrangeas and pink carnations, under which the bridal party was met by Rev. C. M. Crist, John Eaton, the bridegroom, and his cousin, Henry Eaton of Los Angeles, who was the best man. The entire house was decorated with flowers and greenery. After the ceremony a reception and wedding luncheon was held, following which the young couple departed for Santa Barbara. They will be at Hotel Arlington until their house is ready for occupancy. A large wedding cake was one of the features of the refreshments served at the reception.

Mrs. John Eaton is a very popular member of the younger social circles and has been active in church work and as a member of the American Legion Auxiliary. She was also a member of Chapter L. P. E. O. Mr. Eaton is associated with his grandfather in the contracting business at Santa Barbara. Mrs. Eaton has been the guest of honor at many showers and prenuptial social events given by her friends here and was the recipient of a beautiful array of wedding gifts, including silver, cut-glass, linen and many other useful articles which will find a place in her new home.

**Among Guests**  
Among the guests were Dr. and Mrs. A. L. Bryant and sons, Hugh, Dean and Albert, Attorney and Mrs. Owen C. Emery and son Jack, Mr. and Mrs. C. D. Lusby, Dr. and Mrs. C. R. Lusby and son

### C. OF C. DIRECTORS EAT BEEFSTEAK, WASH DISHES

### Dan Campbell Home Scene Of Old-Fashioned 'Feed' and Social Session

The hospitality of Dan Campbell is not likely to be forgotten soon by members of the Chamber of Commerce board of directors and their guests.

At twilight last night the veranda of the Campbell home, which overlooks the entire city of Glendale from the slope of a northern hill, was the scene of a regular home-cooked "feed" served in good, old-fashioned boarding house style. A dozen real sure-nuts beefsteaks were cooked to an epicurean nicety upon a grill over an open air fire in the yard. E. F. Sanders, assistant secretary of the Chamber of Commerce, proved his ability in a new line by making the coffee. It was good coffee, too. Baked potatoes and corn on the cob were prepared under the direction of Mrs. Carl Osborn of the Campbell estate and received their share of the praise. Large platters of biscuits were placed at each end of the table and there were about four plates of butter. Apple pie fresh from a bakery and most extremely toothsome served as dessert.

After those present had come up for air, during the feast, they agreed that the Campbell restaurant was considerably better than most cafes.

**Lack Two Members**  
Well, when the time came to get down to the business of the evening, it was found that the board of directors lacked two members of having a quorum. Val M. Hollister, president of the Chamber of Commerce, stated that it would be impossible to transact business unless at least two others could be rounded-up.

Mr. Sanders departed in his Ford sedan in an attempt to induce C. D. Lusby, David L. Gregg and Judge Owen C. Emery to report long enough to answer to roll call.

Mr. Campbell is now "baching" it for a few days while his family are spending a few weeks at the beach. There was some discussion as to who should wash the dishes. Mr. Hollister declared that the last three arrivals should wash the dishes, those whose name will forever be a secret, suggested that Mrs. Mabel L. Ticht (Continued on Page 12)

### John Esterly Host On Sixth Birthday

A jolly children's party yesterday afternoon at the A. J. Esterly home at 545 North Adams street, celebrated the sixth birthday of Mrs. Esterly's son, John.

Music and games were the entertaining features of the afternoon, which ended with a birthday lunch. The luncheon table was decorated in pink and white. A large bouquet of pink carnations surrounded by pink and white crepe paper was the centerpiece of the table, about which the children sat to enjoy the pink and white birthday cake lighted by six candles.

The little guests were Ruth, Evangeline and David Sherwood, Ethel and Marvin Paulson, Leroy Funk and John's sister and brother, Anna Mae and Felipe.

Mrs. Esterly was assisted by her aunt, Mrs. John Menstiel of Houston, Tex., and Mrs. Sherwood and Mrs. H. H. Plasterer.

A family dinner on Sunday also celebrated the birthday. Mr. and Mrs. Esterly entertained Mr. and Mrs. John Menstiel, who are visitors from Houston, Tex., and Mrs. John Esterly and Helen Esterly of Los Angeles, and Thelma Eggers and Hannah Tekla of Glendale.

### Martha Edens and Harry Pierson Wed

Miss Martha Lee Edens of Phoenix, Arizona, last night became the bride of Harry T. Pierson of this city at a simple wedding ceremony held at the home of Rev. C. R. Norton of 801 East Wilson avenue. The only witnesses to the service, which was conducted by Rev. Norton, were the bride's mother, Mrs. C. L. Edens and the bridegroom's brother-in-law and sister, Mr. and Mrs. Roy Fowler of Los Angeles.

Mr. Pierson was also a resident of Phoenix until a few months ago when he came to Glendale to prepare a home for his bride-to-be. They are temporarily living at 735 East Wilson avenue. Mr. Pierson is a builder and expects to make his permanent home in this city.

**TEACHER DECLINES**  
Miss Albertine Pemberton of Los Angeles has notified George U. Moyle, principal of the Glendale Union High school, that illness will prevent her from teaching next term. She had been invited to join the faculty.

### Two Mail Deliveries Daily to Be Given By the Local Postoffice

Within two or three days Glendale will be receiving the two mail deliveries a day which Postmaster D. Ripley Jackson has been working to secure for this city. From three to five new carriers are to be added immediately, the exact number to be determined by actual delivery of the mails.

"It was not told to put on two or three or four carriers," stated Captain Jackson, "but to add as many as were necessary to properly maintain the delivery service. Applications are being considered today, and within a few days the enlarged force will be at work making two deliveries both in the residential and downtown districts."

That the need for carriers is urgent is evidenced by the report which has been compiled by the postoffice, showing the statistics for the fiscal year of 1922. During that year, postal receipts reached a total of \$131,628.07, or 61.4 per cent over the total for the fiscal year of 1921, which was \$81,544.27.

Money orders issued also underwent a large increase, jumping 33.1 per cent from the \$14,603 of 1921 to \$19,445 for this year. The largest increase was in the number of registered letters, which jumped from 7,420 in 1921 to 13,100 in 1922; a gain of 78 per cent.

### BULLETINS

By International News Leased Wire

### L. P. Padgett Dies

WASHINGTON, Aug. 2.—Representative Lemuel P. Padgett, Democratic member of congress from the seventh district of Tennessee, died at his home here this morning.

### Senator Crow Dies

UNIONTOWN, Pa., Aug. 2.—William E. Crow, senior Pennsylvania United States senator, died at 11:50 o'clock today at his home near here after many months' illness from pernicious anemia. He is the third Pennsylvania senator to die within eight months.

### Five Men Killed

NEW YORK, Aug. 2.—Five men, the whole crew of the tugboat Edward, were instantly killed today when the tug's boilers exploded off Gold street, Brooklyn. Four persons on shore were injured by flying debris. The shell of the tug disappeared under the surface of East river in a sheet of flame.

### Campbell Beaten

TOPEKA, Aug. 2.—Phil Campbell, Republican, who for twenty years has represented the third district in congress, has been defeated for re-nomination by W. H. Sproul by approximately 2000 votes; his campaign manager, C. N. Price, conceded this afternoon. Campbell is now chairman of the rules committee in the house.

### Troops to Guard

INDIANAPOLIS, Aug. 2.—Two battalions of the 151st infantry of the Indiana national guard, comprising more than 750 men, arrived in Indianapolis at noon today from Camp Knox, Ky., where they have been in camp and immediately left for Indiana coal fields, where attempts will be made to mine coal with non-union workers.

### Reed Is Leading

ST. LOUIS, Mo., Aug. 2.—With returns from about one-fourth of the state missing, Senator James A. Reed, at noon today was leading Breckenridge Long by approximately 25,000 votes for the United States Democratic senatorial nomination, but the result was considered still in doubt. Approximately 250 precincts out of the 3848 in the state gave the Missouri senator this lead, but no concession of a Reed victory was forthcoming from the Long camp.

### TELL REASONS FOR ANNEXATION OF CASA VERDUGO

Petition Being Circulated Among Property Owners Through District

A petition for the annexation of the Casa Verdugo section, lying outside the present city limits of Glendale, was presented last night at the meeting of the Foothill Improvement Association by Captain W. B. Kelly, local realtor, and a resident of the outside district.

A number of signatures to the petition were obtained at the meeting and at a late hour this morning it was estimated that over 100 residents had been interviewed, and had signed the paper, which requests an election for the annexation of the district to the city of Glendale.

"Until now I have been steadfastly opposed to the joining of Casa Verdugo with Glendale," stated Captain Kelly, "but now it is time to annex, because we can see the advantages to be derived from such an action. If we don't link up with Glendale at this time, we will just continue as Sleepy Hollow we have always been."

**Numerous Benefits**  
"While we were a thinly settled section, I considered that we were in no position to be annexed to the city, paying taxes from which we might not derive a corresponding benefit. But there is no advantage in keeping out now. I venture to say that any increase in taxes which might result in taxation would not amount to more than a dollar for the average residence lot there, and the benefits are numerous.

Besides the lower water, electric and insurance rates, we would also be able to get rid of the Mexican riotous. I had to pay a high rate, and then get a special dispensation so that I could get water installed in my home. I have a neighbor who can't get it.

H. A. Conger, of 1157 North Brand, is very emphatic in his determination to come under city protection.

**Wants City Service**  
"I want to get some action," he declared. "Conditions out there are ridiculous. I had to pay a high rate, and then get a special dispensation so that I could get water installed in my home. I have a neighbor who can't get it." (Continued on Page 12)

### Business Women's Club Social Guests

At the regular meeting of the members of the executive board of the Business and Professional Women's club, who were entertained at dinner last night at the home of Mrs. Anita K. Anderson, 454 West Maple avenue, final arrangements were made for the club to rent the seven-room house at 126 South Maryland avenue for their headquarters. It is anticipated that the move from their present location in the Coker and Taylor building will be made this week. The next regular business meeting of the club, to be held August 8, will be at the new quarters.

At last night's meeting it was decided that the club will take charge of a candy concession at the opening of the new city park in Verdugo Woodlands August 16. Mrs. E. Williams was appointed a committee of one to confer with Mrs. Pendroy in regard to having a "Business Women's club day" at Pendroy's Dry Goods store.

The names of eleven new members were presented at the meeting last night and accepted. They are extended a special invitation to attend the club picnic to be held in Verdugo Woodlands on August 22.

The resignation of Miss Ethel Preston as chairman of ways and means was read and accepted and Mrs. Bronnberg appointed to fill her place. It is planned to increase the funds of the club by renting several of the rooms at the club's new location. A member of the club has agreed to furnish one of the bedrooms, and anyone wishing to donate articles of furniture or furnishings will find a place in the spacious rooms there.

Those present at last night's meeting included Dr. Laura Brown, president; Mrs. Margaret Biggs, Dr. Payne-Jackman, Miss Sarah Pollard, Mrs. E. Bulfinch, Mrs. Grace Yarbrough, Mrs. E. Williams, Mrs. M. McGhee and Mrs. Anderson.

### CHARGES OF GRAPT

LOS ANGELES, Aug. 2.—The southern charges of graft and payment of protection money by gamblers to men posing as policemen, made by President Ralph Criswell of the city council today, were placed before the grand jury for action. District Attorney T. L. Woolwine ordered the jury probe following receipt of a letter from Mayor Cryer requesting an investigation.

### Today's World News in Brief

By International News Service Leased Wire

### TRAIN STRIKES STALLED TRUCK; KILLS ONE MAN

SAN LEANDRO, Aug. 2.—John Chacon of this city was killed and his son, John Chacon, Jr., aged 17, was seriously injured last night when an automobile truck driven by the son stalled on the Western Pacific tracks at Williams street here and was struck by a train.

### SIX GOVERNORS AGREE TO COAL MINE CONFERENCE

COLUMBUS, O., Aug. 2.—Acceptance of the invitation of Governor McCray of Indiana, to join in a conference of governors of six adjacent states in Indianapolis Thursday, was forwarded by Governor Davis today. The meeting is for the purpose of seeking cooperation in an effort to reopen the mines.

### MOVE TO FORCE REPUBLICANS ON TARIFF BILL

WASHINGTON, Aug. 2.—What was declared to be a Democratic move to force the hands of the Republicans on the pending tariff bill came in the senate today in the form of a unanimous consent agreement proposed by Senator Simmons, North Carolina, that a final vote be taken on the measure not later than August 19.

### K. OF C. ELECT LUKE E. HART SUPREME ADVOCATE

ATLANTIC CITY, N. J., Aug. 2.—Luke E. Hart of St. Louis, the administration candidate, was elected supreme advocate of the Knights of Columbus here today, defeating William J. Milligan, of Thompsonville, Conn. Hart succeeds Joseph C. Pelletier, of Boston, who resigned recently. The vote was 165 1/2 to 154.

### BODY OF G. E. PLUMB SENT TO CHICAGO FOR BURIAL

WASHINGTON, Aug. 2.—The body of Glenn E. Plumb, originator of the Plumb plan of railroad management, who died here last night, was en route today to Chicago, where funeral services will be held. Plumb's death resulted from gangrene, which followed an operation in May. During recent years he was counsel for the sixteen standard railroad unions of the American Federation of Labor.

### THEATRE MAN WHO RESISTS BANDITS IS WOUNDED

KANSAS CITY, Mo., Aug. 2.—David Harding, part owner of the Liberty motion picture theatre, was shot and dangerously wounded today when he resisted a hold-up by two armed bandits in the box office of the theatre. One of the bandits, when Harding refused to hand over the cash from the theatre safe, shot Harding through the body. Both then ran from the theatre without securing any money, but police captured a man believed to have fired the shot.

### TWO MILLION TONS COAL TO SOON BE IMPORTED

WASHINGTON, Aug. 2.—Two million tons of coal a month will be brought into the United States from England and Wales as soon as ships are available. Chairman Lasker of the shipping board announced today following a conference with President Harding at the White House. Most of this coal will go to industries in New England and along the Atlantic coast. Arrangements already have been made by the shipping board to bring in a million tons of coal a month after September 1.

### DISTRICT COURT DENIES DELAY IN MORSE TRIAL

WASHINGTON, Aug. 2.—The agreement made in the federal court at Portland, Maine, by Assistant Attorney General Fletcher Dobyns, to delay trial of Charles W. Morse, and others, charged with conspiracy to defraud the government, was repudiated in the United States district court here today by District Attorney Peyton Gordon. The district attorney opposed a stipulation to postpone habeas corpus proceedings until October 3 and denied Dobyns had authority to agree to delaying the trial of Morse.

### \$1,000,000 FRAUD CHARGE IS MADE AGAINST DURANT

DETROIT, Aug. 2.—The charge that William C. Durant, motor king, defrauded him of \$1,000,000 was made today by Arnold H. Goss in his answer to the suit of Durant for \$600,000. Durant charges that Goss misappropriated 1900 shares of Chevrolet motor stock. Back of the suit of Durant and the answer of Goss is the "inside story" of the fight of the former head of the General Motors to regain his position as president of the giant motor corporation. Goss says in his declaration that he was "used" by Durant in the latter's plan to come back into power in the General Motors.

### OBENCHAIN JURY DISCHARGED; PLAN NEW TRIAL

LOS ANGELES, Aug. 2.—The question of her guilt or innocence of the murder of J. Belton Kennedy, her former sweetheart, still unanswered, the jury in her second trial having been discharged without reaching a verdict, Madalynne C. Obenchain remained in the county jail today while her attorneys made preparations to ask the court that she be admitted to bail. While the defense attorneys prepared their arguments for the release of their client pending the third trial, to which the district attorney declares she will be subjected, the question of preferring charges against some members of the jury in the second trial was being debated. The jury was discharged at 5 o'clock yesterday by Judge John W. Shenk after being out 97 hours—26 hours longer than the first Obenchain jury, which established a record at that time for Los Angeles county for length of deliberation. At the time it was discharged the last jury stood eight for acquittal and four for conviction of manslaughter. The defendant was exonerated of both first and second degree murder.

### ALEXANDER BELL, INVENTOR OF TELEPHONE, DEAD

BADDECK, N. S., Aug. 2.—Alexander Graham Bell, inventor of the telephone, and one of the foremost scientists of modern times, died this morning at his summer home. He was in his seventy-fifth year. Mr. Bell was born in Edinburgh, Scotland, on March 3, 1847, and was one of the greatest inventors of modern times. He was educated at the Edinburgh and London universities. For years Mr. Bell had been working on the idea of voice transmission by wire, but it was not until 1876 that he got his idea into concrete form for practical use. The telephone was patented in March, 1876. Shortly afterwards Mr. Bell invented the photophone probe for the painless detection of bullets in the human body. Mr. Bell, with C. A. Bell and Sumner Tainter, invented the graphophone in 1883. In 1877 Mr. Bell was married to Miss Mabel Gardiner, a Scotch lassie. Mr. Bell divided his time between Washington, D. C., Palm Beach and Baddeck, N. S. He wrote a number of monographs upon scientific subjects, a considerable number of which dealt with education.

### SCHOOL SITUATION IS OUTLINED TO ASSOCIATION

Foothill Improvement Club Discusses Various Problems of N. W. Section

"The School Situation and the Recent High School Developments" was the subject of an address made by Richard B. White, superintendent of Glendale elementary schools last night before the Foothill Improvement association.

The association met at 8 o'clock last night at the Central Avenue school to discuss various problems which confront the northwest and in fact, the entire west section of Glendale. President E. H. Botsford presided at the meeting.

The report of a committee which had been appointed to confer with the local library board reported not yet ready to make a report, since the board does not meet until next Monday night. Mrs. Myrtle B. Buckman, secretary of the organization and one of the members of the committee, gave the views of that body, however.

### Outlines Two Plans

She pointed out that the northwest part of Glendale is divided into two principal residential districts, with large expense of practically unoccupied land between. Therefore, she said, two plans had been suggested for the putting in of library facilities to serve both districts. One of these called for the dividing of the \$5,000 available to erect a main branch library in the section where the Central Avenue school is located, and to put in a reading room in that part lying beyond Grand View avenue.

The other called for the erection of the branch library in a point practically centrally located. This, Mrs. Buckman stated, would be in the vicinity of Grand View and Glenwood Road.

Dr. Jessie Russell was called upon to tell the association of the work and organization of the Federation of Civic Improvement associations, of which she is president. She spoke briefly of the purpose of its existence, and the things which it was considering, including the extensive study of sewage disposal plants and systems. The only thing to do now in regard to the sewer question, she stated, is to wait until the new Verdugo Woodlands activated sludge system plant has been put

(Continued on Page 12)

### Troop 1, Girl Scouts Elect New Officers

Election of new officers was the leading feature of the meeting of the Glendale Girl Scouts of Troop No. 1, which was held last night at the home of Mr. and Mrs. F. A. Beach, 327 Riverdale drive. The scout ceremony took place upon the lawn. Katherine Stofft presided at the business session.

New officers elected were Florence McLaughlin, recording secretary; Lana Borthick, corresponding secretary; Ruth Dana, treasurer; Vivian Nay, chairman of the nominating committee; Charlotte Cleveland, chairman of the floral committee; Careta Walker, chairman hospital committee. Assistants appointed on the nominating committee were Lucille Beach and Carolyn Ayers; on hospitality, Lucille Allen, Margaret Longley, Katherine Stofft and Cecil Chase.

The close of the business session was followed by a social hour, with refreshments of popcorn and home-made candy, served by the members of the Bluebird and Woodthrush patrols, of which Amy Bainbridge and Lois Naudain are leaders. The meeting next Tuesday night will be open to the members of the new troops that have recently been organized.

### Senator Johnson Will Speak Tonight

Senator Hiram W. Johnson, candidate for the Republican nomination for United States senator, will be the speaker at an open meeting tonight in the auditorium of Glendale Union high school.

This meeting will be called to order promptly at 7 o'clock on account of the fact that Senator Johnson is scheduled to make a speech in Pasadena at 8 o'clock.

The local Johnson committee has the following officers: J. H. Braly, 505 North Brand boulevard, president; J. H. Franklin, 246 North Central avenue, vice president; Miss Eva Daniels, 324 West Colorado street, secretary; C. D. Lusby, 224 North Louise street, treasurer. The organization is known as "The Glendale Johnson-for-Senator Club."

Meanwhile, enthusiasm is being stirred up by a file and drum corps which is touring the city on an auto truck.

# RELATIVITY THEORY WILL BE GIVEN TESTS BY SCIENTISTS

## Astronomer Will View Group of Stars In September From Tahiti Islands

By ELLIS H. MARTIN  
For International News Service.

SAN FRANCISCO, Aug. 2.—The eyes of the scientific world are turning to a lonely strip of the Australian coast line known as "Ninety Mile Beach," where on September 21 scientific observations will be made which may settle once and for all the correctness of the Einstein theory of relativity.

For a period of five minutes and nineteen seconds on that date a battery of five cameras and five spectroscopes transported half way round the earth for the purpose, will record the total eclipse of the sun. Directing will be a little band of scientists who have been months preparing for the event.

The expedition left here in Walla, the selected eclipse station. At Broome transshipment will be made to a schooner supplied by the government, to be towed by a government steam vessel southward to Walla.

"The tides on the northwest coast of Australia have an average range of about twenty-four feet," Director Campbell stated before leaving. "During the transshipment at Broome and the landing at Walla, which will occur at low tide, the vessels will be resting firmly on the ocean bottom, and these operations will, so to speak, take place on 'dry land.'"

**Eclipse to Last 5 Minutes**  
"The expedition is due to reach Walla, on 'Ninety Mile Beach,' on or before September 1 and to leave on September 23, returning to Fremantle and the neighboring city of Perth by the reverse route.

"The duration of the total eclipse at Walla will be five minutes, nineteen seconds. Certain special observations will be made in the two minutes preceding totality, and in the two minutes following totality, but during the total phase all of the instruments will be in action.

"Aside from the four Mount Hamilton observers, the Lick party will include Dr. Adams, the government astronomer of New Zealand, and Mrs. Adams, Mrs. Hosking, a member of the staff of the Melbourne Observatory, and Professor Ross of the University of Western Australia, all of whom have volunteered their services.

"The atmospheric conditions at Walla are expected to be good, as rains hardly ever occur there in the month of September. Only twice in the past twenty-five years have September rains been experienced, and on these occasions the precipitation was less than one-tenth of an inch.

**Many Instruments Needed**  
"The photographic plates will be developed in the dark room of the Perth Observatory. Some of the plates will be measured in a preliminary manner at Perth, using microscopes taken from the Lick Observatory for this purpose.

"The principal instruments of the expedition consist of a camera for the photography of the sun's corona and for determining very accurately the relative positions of the sun and the moon, which is equipped with a lens of five inches aperture and forty feet focal length. Four cameras will be devoted to the Einstein problem. Two of these cameras have lenses of five inches aperture and fifteen feet focal length, and the lenses of the other two cameras are four inches in aperture and five feet in focal length. Five spectroscopes, for the study of the coronal spectrum, complete the list of leading instruments.

"All the members of the expedition, except Dr. Trumpler, will return to California by the shortest route and expect to reach San Francisco about November 2. Dr. Trumpler, a native of Switzerland, will return via the Suez Canal, Switzerland and New York.

**Australians Praised**  
"Very little time can be devoted to the study of the eclipse photographs until after they reach Mount Hamilton. If the plans concerning the Einstein programme are successful the measurement of the photographic plates and the mathematical discussion of the measures will be so extensive as to consume the time of two observers during at least four months.

"The generosity and hospitality extended by the Australian government to the eclipse expedition locating in Australia are of a standard so high that the United States—California in particular—cannot hope to equal them on the occasion of the eclipse of September 10, 1922, to be visible from Lemop, San Diego; the large islands off the coast of southern California and in certain parts of Lower California and the mainland of Mexico.

"The members of the Crocker expedition become the guests of the Australian Commonwealth from the time of their arrival in Sydney until they depart homeward bound from Sydney. Railway transportation is supplied gratis from Sydney to Fremantle and return, a total distance of 5,500 miles. Steamer transport is supplied from Fremantle to Walla and from Walla back to Fremantle.

"The complete camp equipment at Walla will be installed by the Commonwealth. A naval officer and ten marines, including concrete worker, cook, waiters and laborers, will supply lodging and food gratis, and much assistance in the setting up of the heavy instruments and the erection of the buildings which are to shelter the instruments."

Lick Observatory is maintained by the University of California, and the expedition is being financed by William H. Crocker.

# Intermediate Crop Of Cantaloupes Big

WASHINGTON — States that produce a cantaloupe crop at a time intermediate between the early and late crops will have a commercial crop of 13,996 carloads of 350 standard crates, according to a forecast by the United States department of agriculture. The harvested crop of cantaloupes in these states in 1921 was 12,739 car. Acreage this year is 41,600 acres and the indicated yield per acre 118 crates; in 1921 there were 40,100 acres and a per acre yield of 111 crates.

The leading region in the intermediate list this year is the central district of California, Arizona, North Carolina, Maryland, Delaware, Arkansas, Indiana, Nevada, South Carolina, Missouri, Illinois, Oklahoma and Alabama.

Early cantaloupe states had a commercial crop forecast at 20,291 cars. The total early and intermediate commercial cantaloupe crop this year is forecast at 34,587 cars, compared with 25,665 cars last year. The estimated acreage is 79,900 acres this year compared with 66,500 in 1921; and the indicated yield per acre is 151 crates compared with 135 crates.

Wherever I traveled, even into the Mojave desert, there were Sierra Club beverages, which goes to show how an industry can advertise a city.

San Diego has its Savage tires, for instance, which line the highways with advertising signs for both the product and the producing city.

Fresno has its raisins, San Jose the prunes and Ventura oil. There is a great deal to be gained in this kind of advertising and many others succeed in having a general market with Glendale as headquarters.

For one who visited the San Diego exposition six or seven years ago to beat back through Balboa park again and see the sights, it brings fond memories.

Many of the buildings still stand and they are gradually becoming a civic asset to the community.

The Boy Scouts use the old Indian village building as headquarters. Part of the park is the site of a new high school. A naval hospital is being built; the outdoor theatre still is the center of attraction with open-air concerts aided by the great organ which waltzes its music over the hills.

It will please former service men to know that Camp Kearney is being completely wrecked. While it was a model camp in many respects, it thinks there is a site of the boys who would rather have seen it wrecked than to have drilled on those sunny sand hills day after day and then reach France too late for the fun.

Time in Glendale flies fast for the busy person and when one drives into town after a week away the change is most apparent. Like the Japanese school-boy who "ask to know" if it is Glendale, for it looks so different from other cities.

Really, Anaheim is the only town visited that shows similar life. And it is a striving center that we will watch with interest as years go on.

Another thing noticed while away: Not having visited Pasadena, no town with such severe parking ordinances as those proposed for Glendale were found. Of course, we didn't stop long enough anywhere to get tagged and in all of the touring there wasn't one speed cop to bother us.

And to think that Glendale gives employment to four! And Eagle Rock has two! Oh, well.

**Beach Picnic Party Is Enjoyable Affair**  
Mr. and Mrs. H. C. Nicholas of 227 West Wilson avenue and Mr. and Mrs. F. A. Wilkins of 210 East Garfield avenue were guests at a picnic party and wieners baked given at Manhattan Beach recently by Mr. and Mrs. Ray Snyder and Mr. and Mrs. Allen Osterholt of Los Angeles. After dinner the evening was spent in toasting marshmallows and playing games on the beach around the campfire.

The members of the party included Mr. and Mrs. H. C. Nicholas, Mr. and Mrs. F. A. Wilkins of Glendale, Mr. and Mrs. John Hewitt of Highland Park, Mr. and Mrs. Bob Popperwell, Mr. and Mrs. Herman Benson, Mr. and Mrs. Roy Simmons, Mr. and Mrs. Forrest Smoot, Mr. and Mrs. Ray Snyder and Mr. and Mrs. Allen Osterholt of Los Angeles.

**RETURN FROM TRIP**  
Mr. and Mrs. L. H. Wilson of 1015 Marcelle court have returned from a motor trip to Santa Barbara with friends.

Muggins—"Did Wigwag go in for athletics when he was in college?"  
Buggins—"I believe he held the record for jumping at conclusions."

# COMMENT THAT'S ALL

## Just Say 'Glendale!' Industries Help City Wrecking Camp Kearney Not One Speed Cop!

By Gil A. Cowan

WHILE touring around the state on your vacation this summer—if you have one like I have written about the last week—just mention Glendale to the people you meet.

Of course, there may be some who have not heard the wonderful story of the marvelous growth of this community and you can enlighten them.

But the majority of the dyed-in-the-wool Californians will immediately start asking questions about its growth and many of them will inquire as to business possibilities.

There's where the rub comes in, folks. Business possibilities to most people mean merchandising on a small scale, for, if they have a large established enterprise that is profitable, they have no concern as to fields afar.

Now, what has Glendale to offer the small tradesman or the worker. There is plenty of work, but there should be larger industries here to provide for families. A payroll town is a good town.

San Diego, as an example, has taken itself out of the tourist class—a result of the fair—and established itself on a firm industrial basis with a payroll!

Then around these factories that are employing hundreds of men and women, small merchandising centers spring up and smaller industries flourish.

So Glendale will do well to get more factories and thank its lucky stars for those it already has.

Wherever I traveled, even into the Mojave desert, there were Sierra Club beverages, which goes to show how an industry can advertise a city.

San Diego has its Savage tires, for instance, which line the highways with advertising signs for both the product and the producing city.

Fresno has its raisins, San Jose the prunes and Ventura oil. There is a great deal to be gained in this kind of advertising and many others succeed in having a general market with Glendale as headquarters.

For one who visited the San Diego exposition six or seven years ago to beat back through Balboa park again and see the sights, it brings fond memories.

Many of the buildings still stand and they are gradually becoming a civic asset to the community.

The Boy Scouts use the old Indian village building as headquarters. Part of the park is the site of a new high school. A naval hospital is being built; the outdoor theatre still is the center of attraction with open-air concerts aided by the great organ which waltzes its music over the hills.

It will please former service men to know that Camp Kearney is being completely wrecked. While it was a model camp in many respects, it thinks there is a site of the boys who would rather have seen it wrecked than to have drilled on those sunny sand hills day after day and then reach France too late for the fun.

Time in Glendale flies fast for the busy person and when one drives into town after a week away the change is most apparent. Like the Japanese school-boy who "ask to know" if it is Glendale, for it looks so different from other cities.

Really, Anaheim is the only town visited that shows similar life. And it is a striving center that we will watch with interest as years go on.

Another thing noticed while away: Not having visited Pasadena, no town with such severe parking ordinances as those proposed for Glendale were found. Of course, we didn't stop long enough anywhere to get tagged and in all of the touring there wasn't one speed cop to bother us.

And to think that Glendale gives employment to four! And Eagle Rock has two! Oh, well.

# THE BIG STICK: "DID YOU CALL FOR ME, MR. PRESIDENT?"

Protected by George Matthew Adams.

## J. E. Barney Tells Of Recent Sales

A bit of convincing evidence that the realty business in Glendale is anything but slow, is offered by J. E. Barney, local realtor with offices at 131 North Brand boulevard, who has sold during the past two weeks \$63,100 worth of property.

Mr. Barney's record of sales for a period of not quite two weeks proves that Glendale property is much in demand and also that local realtors are offering fine lists for residents and newcomers, who are considering buying a home or hunting investments.

The list of sales made by Mr. Barney in the given time starts off with the sale of an acre of land and seven-room house in Huntington Park. This seems not a period of not quite two weeks proves that Glendale property is much in demand and also that local realtors are offering fine lists for residents and newcomers, who are considering buying a home or hunting investments.

Other sales on the list are: Home at 827 West Lomita avenue, to Frank Rhodes of 320 West Broadway, owner F. V. Denheart, consideration \$7000.

Double duplex at 315 and 315 1/2 and 317 and 317 1/2 East Elk avenue, to F. V. Denheart, owner Frank Rhodes, consideration \$15,000.

Home at 503 North Kenwood street, to W. A. Kay of 515 West Doran street, owner Carl Johnson, consideration \$7500.

Two lots in North Glendale, to Mr. Eggett, owner S. C. Miller, consideration \$1100.

Home at 512 West Doran street to H. D. Clark of Los Angeles, owner St. Clair Woods, consideration \$6500.

Home at 1135 East Maple street to David and Anna Elam, owner A. E. Baron, consideration \$5000.

Ten lots in North Glendale to C. C. Kuyper and Peter J. Aladeo, consideration \$4500.

Small garage and house at 724 North Isabel street, to Elsworth Ecker, owner Mrs. Mary Clarkson, consideration \$2500.

**Dear Katie's Friend Opens Exchange Shop**  
E. C. Hale, popularly known to the readers of The Glendale Evening News as "Dear Katie's Friend," opened in business today in the new Court Shops at 211 and 213 East Broadway where he will conduct an exchange shop. New and old books and magazines will be bought and sold, phonograph records bought, sold and exchanged and there will also be a circulating library where books will be rented at a small rental charge. Mr. Hale states that he will handle books of all kinds, including popular fiction, religion, medicine, art, history, travel, etc., and already has a large assortment in stock.

## "Jolly Twelve" Go on Verdugo Picnic

Eleven members of "The Jolly Twelve" motored to Verdugo Woodlands Monday afternoon and enjoyed a few pleasant hours in the Newport Company picnic grounds. A delicious item on the supper menu was green corn which they roasted by an open fire. The return trip was made at the close of the twilight hour. Those participating were Mr. and Mrs. C. W. Spickerman, Mr. and Mrs. C. E. Russell, Mr. and Mrs. E. E. Haw, Mr. and Mrs. W. A. Maxwell, Mrs. B. F. Geiger, Mr. and Mrs. Z. T. Boicourt.

**TIMELY ADVICE**  
"Just a word," said the lawyer to his fair client.

"Yes."  
"If your husband asks for the custody of the poodle, don't try to win the sympathy of the court by weeping and calling the little animal your precious darling."

"Why not?"  
"The judge is the father of ten children and is proud of it."

## Mothers, Guests at Bible School Event

The class mothers were special guests at the closing session of the beginners' class of the vacation Bible school at the First Methodist church yesterday morning. The first part of the morning was devoted to a demonstration of the regular work, and followed by a social hour, with games. Refreshments of punch and wafers were served, and favors were tiny blue paper baskets, the handiwork of the children, and filled with candy.

Twenty-two pupils were enrolled in this class, of which Miss Alice Lookabaugh has been director. Fourteen pupils and nine mothers were present at this meeting.

**TRAIN CRASH; 17 HURT**  
PORTLAND, Ore., Aug. 2.—Mike Malamun, Mexican, was probably fatally injured and sixteen other persons were hurt when an O. W. R. & N. passenger train ran into a broken rail north of Pendleton, Ore., this morning, according to a report received here by railroad officials.

**FATHER'S SNAPPY STYLE**  
The minister had just finished asking the blessing when a Dicky remarked: "You don't pray like daddy."  
"Indeed!" said the minister.  
"Why?"  
"Well," said Dicky, "last night when daddy sat down to the table he just said, 'Good Lord, what a supper!'"

# CUT IN NEW YORK RENTS REACHES 10 PER CENT

"To Let" Signs Everywhere In City Cause Landlords to Make Concessions

NEW YORK, Aug. 2.—Thousands of "to let" signs throughout Manhattan and Brooklyn. Hundreds of new apartment buildings and houses building in all five boroughs.

Rents down ten per cent under what they were a year ago and another ten per cent decrease indicated for the last of August.

"This is the renting situation in this city today. Not for five years, or since before the war, according to city officials, welfare workers and others interested in living conditions here has the outlook been so bright and shining for the tenant and so dismal for the landlord."

**Landlords' Problems**  
Landlords are facing the probability of having to worry along with a mere fraction of the money they took away from tenants last year.

"When October 1 comes around the summer's tendency toward lessening the young fortunes New Yorkers have been obliged to give up for the privilege of being surrounded by four walls and a roof will crystallize in a demand for at least a ten per cent reduction on all rent; possibly a greater reduction; together with certain concessions granted in the days when quarters were more plentiful than tenants to fill them."

**All the Way Out**  
This in effect was the statement today of Herman H. Torborg, assistant corporation counsel, acting for the mayor's committee on rent profiteering. Mr. Torborg mentioned examples indicative of reductions:

"Eventually this reduction will go all the way down the line. The man who pays only \$50 has something to look forward to."  
Mr. Torborg commented upon the large number of apartments now being somewhat hysterically paraded before the eyes of prospective tenants. Their number is said to be four times that of vacant apartments last year.

"To let" signs are displayed upon at least every other apartment house in every section of the five boroughs. Many landlords are offering to waive the rule of rent in advance. Some even are willing to offer a month's free residence, a concession not heard of since before the war.

Furthermore, a building campaign, involving many millions of dollars, has lowered rents in Brooklyn, Queens and the Bronx. One big real estate firm is putting up apartment houses to take care of more than 300 families.

**FATHER'S SNAPPY STYLE**  
The minister had just finished asking the blessing when a Dicky remarked: "You don't pray like daddy."  
"Indeed!" said the minister.  
"Why?"  
"Well," said Dicky, "last night when daddy sat down to the table he just said, 'Good Lord, what a supper!'"

 Mrs. W. S. Z. Blaikie of Ontario, Calif., has been spending two days at the home of her son and daughter-in-law, Mr. and Mrs. W. F. Blaikie at 1113 Viola street.  
 The regular meeting of the White Shrine of Jerusalem, of which Mrs. Orma V. Naudain is worthy high priestess, will be held tonight at Masonic Temple.  
 Miss Lelia Whitehead of 364 West Burchett street returned to Glendale Monday from San Francisco, where she enjoyed last week's visit with friends and relatives.  
 Mr. and Mrs. W. C. Verity, who are visiting in Los Angeles from their home in Tucson, Arizona, are spending several days visiting at the home of Mr. and Mrs. J. Cole of North Verdugo road.  
 Mr. and Mrs. Comer P. Altland of 1004 East Lomita, accompanied by Mrs. Altland's mother, Mrs. A. Casebold, who is visiting from San Francisco, spent the past week end at Santa Monica.  
 Mr. and Mrs. A. P. Offutt of 355 West Broadway had as dinner guests Monday night her mother, Mrs. J. C. Roberts, Mr. and Mrs. Ernest Roberts and sons, Ewell and Cecil and Mrs. Norris, all of Bakersfield.  
 Mr. and Mrs. J. E. Smythe of 306 East Windsor Road, plan to motor to Ocean Park on Saturday for a week-end visit with Mrs. Cornelia Crowley, Mr. and Mrs. F. A. Marsales will also be members of the party.  
 A party of Glendale residents who enjoyed a picnic party at San Gabriel canyon Sunday included Mrs. R. G. Summer, 120 East Acacia avenue. Visiting with them were Mrs. W. W. Plumb, Mrs. Barbara Plumb, Charles and George Plumb and Miss Gladys Emery and Mrs. Sparks and daughter and Mrs. Lancaster of Burbank.  
 Mr. and Mrs. William Sharpe and daughters, Jean and Martha of Muskogee, Okla., who are touring the entire Pacific coast, were entertained Saturday evening at the home of their niece, Mrs. R. G. Summer, 120 East Acacia avenue. Mr. Sharpe is an oil operator in Oklahoma.  
 Mr. and Mrs. Howeth, 329 North Orange street, had as their guest Sunday Mr. Howeth's cousin, Miss Geraldine Lee of Ada, Okla., who is visiting with her mother in Los Angeles. The Howeths and their guest motored to the various beach resorts and had lunch in Bixby park, Long Beach.  
 Miss Flora Burke of Evansville, Ind., who had been a guest for the past six weeks at the home of her sister, Mrs. M. McGhee, at 1229 East Broadway, left Saturday morning for her home. On her return trip she will tour northern California and also stop at Seattle, Portland and in Canada.  
 Mrs. Leo Goode of 225 Dayton Court is looking forward to her mother, Mrs. Clara Moore, arriving tomorrow from Richmond, Cal. Mrs. Moore is bringing with her the children of her son, Charles Moore, and they will make their home at Montrose, where they have built a new house.  
 Miss Pauline Hooker of 434 West Burchett street is entertaining her house guest Miss Louise Kennedy of Coachella Valley, where the two young women were formerly school chums. On Tuesday evening Miss Kennedy was the guest of honor at a delightfully-arranged dancing party given by Miss Hooker.  
 Miss Mildred Love, who has been the guest of relative, Mr. and Mrs. Thos. G. Love, 220 West Elk avenue for the past few weeks, left this morning for Santa Paula where she will visit relatives a few days before leaving for her home in Charleston, Ill. Miss Love has accepted a position in school in Cleveland, for the winter term.  
 Mr. and Mrs. G. T. Pullen and daughter Katherine of Abilene, Mich., and Mr. and Mrs. Edward Young of Spokane, Wash., who are summer tourists at Long Beach, were luncheon guests Saturday of Mr. and Mrs. Godfrey of 325 North Orange street. They also visited Mrs. Helen Knappen Scripps at her new apartment home on North Kenwood street.  
 Mr. and Mrs. J. F. Stanford, their daughter Mildred and sons Robert and Samuel, of 1147 East Wilson avenue, left yesterday by motor on a pleasure trip that will cover a period of two weeks or more. They will spend a few days at Santa Barbara, and make stops at Pacific Grove, Monterey, Stanford University at Palo Alto and other points of interest in that section of the state.

**Glendale Personals**  
 Mrs. Mary Ralph of 545 North Louise street is summering with friends at Ventura.  
 Little Katherine Summer of 120 East Acacia avenue is recovering from a severe case of whooping cough.  
 Miss Helen Gould of 106 East Lomita avenue has returned from a two weeks' vacation spent at Big Bear and Catalina Island.  
 Mr. and Mrs. W. M. Blakemore of 356 West Milford street are to have as dinner guests this evening Mr. and Mrs. F. J. Nummeley of Pomona.  
 Mrs. M. McGhee of 1229 East Broadway is back at her position at Webb's Dry Goods store, after having been ill at her home for the past week.  
 Mr. and Mrs. J. L. Gray and two children, Billy and Sally, of 533 North Isabel street are enjoying a two weeks' outing in the Sequoia National park.  
 Mr. and Mrs. Oliver O. Clark and family of 346 North Louise street will be dinner guests this evening of Dr. and Mrs. R. C. Lane of 120 West Doran street.  
 Mrs. Rose L. Wilson and daughter, Miss Muriel Wilson, and son Olin moved yesterday to their new home that has just been completed at 459 West Harvard street.  
 The women of the First Methodist church will hold their picnic tomorrow at Verdugo Woodlands, beginning at 10 o'clock, instead of at Echo park as originally planned.  
 Mr. and Mrs. H. R. Miller of 434 West Burchett street entertained a party of friends at a dinner in Los Angeles last night, after which they enjoyed the evening at Venice.  
 The regular monthly summer meeting of Glen Eerie Chapter, Order of the Eastern Star, will be held at Masonic Temple Tuesday evening, August 11, with Mrs. Fannie M. Parke, worthy matron, in charge.  
 Mrs. R. F. Cullen of 520 North Maryland avenue entertained as her guests at luncheon recently Mrs. Ray Millett and daughter Marjorie of Long Beach and Mrs. Myrtle Sullivan and daughter, Mary of Alhambra.  
 Mr. and Mrs. A. P. Torrey of 810 East Harvard street motored to Santa Monica yesterday to visit their old friends, George H. Turner and daughters, of Flint, Mich., who are spending a year and a half in California.  
 Mrs. W. E. DeWitt of 352 West Garfield avenue left recently for Michigan, where she will spend a few weeks as the guest of her parents. Mrs. DeWitt is a member of the teaching staff at the Hope Street school in Los Angeles.  
 Mrs. George A. Montgomery of 1790 Kenneth Road is to be hostess tomorrow at a picnic gathering of the members of St. Mark's Guild. The members have been asked to bring basket lunches for noon, when coffee and tea will be served by the hostess. A business session will take place in the afternoon.  
 Miss Lila O'Neill was the guest over the week-end of Mr. and Mrs. Frances E. Wilkinson of 1140 Stanley avenue. Miss O'Neill is directing the classes in Domestic Arts at the University of California, Southern Branch, during the summer session. She also directs a class at the University of Southern California.  
 J. F. CARERE, SR., HERE  
 John F. Carere, Sr. of Sacramento is the guest of his son, Charles Carere of 1152 North Louise street. Mr. Carere is a newspaper man well known in southern California and during his visit in Glendale he is enjoying meetings with old friends. Honoring Mr. Carere, Sr. and Mrs. Charles Carere gave a dinner dance at their home Monday evening. Music for the dancing was furnished by an orchestra from the Little Club of Los Angeles.  
 CRUEL AND UNUSUAL  
 Visitor: "And does papa punish his little boy when he's naughty?"  
 Small Boy (bitterly): "Yethum. He things me to theep."

**Deaths and Funerals**  
**ELOISE W. PORTER**  
 The death of Mrs. Eloise W. Porter, wife of the late William S. Porter, occurred Tuesday afternoon, August 1, 1922, at a private sanitarium in Los Angeles, where she had been under treatment for many months.  
 Mrs. Porter was a prominent and active member of the Episcopal church and her many friends in Glendale, where she resided for twelve years, will regret to learn of her death.  
 A graduate deaconess of the Philadelphia Deaconess school, Mrs. Porter served as a special deaconess for Bishop Nichols of San Francisco. She was married in 1904 to William S. Porter at Santa Barbara and in 1913 they came to Glendale to make their home at 923 North Brand boulevard.  
 Mrs. Porter was for several years a member of the Poothill club, serving in the capacity of president. She was a gifted musician and talented artist and her work had received recognition in both the east and west.  
 Mrs. Porter had been ill for over two years. She is survived by her mother, a brother and two sisters.  
 Funeral services are to be held at 2 o'clock this afternoon at St. Mark's Episcopal church with Dr. Corne officiating. Burial will take place at Hanford, California.  
**MRS. DOROTHY F. ELLIS**  
 Mrs. Dorothy F. Ellis passed away at a local hospital this morning, Wednesday, August 2, 1922, at the age of 33 years. She leaves a husband and daughter, Elsie, and also her parents and several brothers and sisters in Arizona. Mrs. Ellis came to Glendale about a month ago from Spokane, Wash., and intended to locate here. Mrs. Ellis was born in Kingstons, New Mexico. Pulliam, Kiefer and Eyerick undertaking company have charge of the funeral.  
**MRS. OLIVER GOULD**  
 Mrs. Oliver Gould, mother of I. E. Gould of 106 East Lomita avenue, died at the home of her daughter, Mrs. E. L. Gulick, at Conrad, Ia., July 23, 1922, at the advanced age of 95 years. Mrs. Gould returned to Iowa about a year ago after spending over a year in Glendale and Hollywood, where she made many friends and acquaintances who will be interested to know that she retained her splendid physical and mental activity.  
**ADOLPH ENGLEHART**  
 Funeral services for Adolph Englehart, who passed away at his home, 365 West Harvard street, Sunday, July 30, 1922, will be held at the parlors of the Jewel City Undertaking company Thursday afternoon, August 3, at 2 o'clock. Rev. W. E. Edmonds will officiate.  
**MRS. ELLA CRESSE**  
 Funeral services for Mrs. Ella Cresse, sister of J. M. Eyerick of the firm of Pulliam, Kiefer and Eyerick, will be held tomorrow afternoon at 2 o'clock at the Little Church of the Flowers. Mrs. Cresse passed away Monday morning in Highland Park. She leaves a husband, Arthur E. Cresse, her parents, Mr. and Mrs. Peter Eyerick, and a sister, Mrs. Martha Gulick, all of Highland Park, and two brothers, Carl Eyerick of Los Angeles and John M. Eyerick of Glendale.  
**MISS CLARA MIDCALF**  
 Final services for Miss Clara Midcalf, vice principal of the Intermediate school, who passed away March 11, 1922, were held Saturday afternoon at 3:30 o'clock at the Little Church of the Flowers. The services were private, with only the families of the brothers and sisters and an aunt, Mrs. J. C. Lewis of Los Angeles, being present.  
 Several vocal solos were rendered during the services by Miss Sara Hommer, "In the Garden" and "Abide With Me," accompanied by Miss Ethel Wilson. The body of Miss Midcalf was placed beside that of her mother, who passed away ten years ago. The pallbearers were her brothers, Robert H. Midcalf of Los Angeles, Walter Midcalf of Ventura and Holman P. Midcalf of Glendale, who were assisted by their brothers-in-law, Ralph E. Heister of Los Angeles, Harry E. Redd and Fred O. Haskell of Glendale. Pulliam, Kiefer & Eyerick were in charge.

**Births**  
 Mrs. H. Shafer of 123 North Everett street is the mother of a girl born yesterday, Tuesday, August 1, 1922, at the Glendale Sanitarium and Hospital.  
 A boy was born this morning, Wednesday, August 2, 1922, at the Glendale Sanitarium and Hospital to Mr. and Mrs. J. P. Winters of 1840 South Brand boulevard.

**August Economy Sale**

Here is important news for all women, especially those who are economically inclined. Our summer stocks are getting low, sizes are becoming broken and in order to quickly clear all surplus summer merchandise, important price reductions are in order. Quantities are limited, but offerings are many and varied.

**Pure Silk Sweaters : \$19.50**

A timely sale of pure silk sweaters—new, crisp, heavy silks that are a joy to possess. In the popular tuxedo style they are indeed an "economy sale" feature. Colors are pink, white, black, orchid, periwinkle, rust, sand and navy. (Formerly priced at \$25 and \$35).

**Fibre Silk Sweaters \$10**

These are in tuxedo style and are an unusually heavy and good looking stitch in pure fibre silk. Made to give a deal of service and of comfort. Colors are purple, flame, white, pink, periwinkle, rust and navy. Special, \$10.00.

**Fibre Slip-on Sweaters, \$5.00**

All remaining fibre slip-on sweaters are included at this price and are a noteworthy saving. Colors are white, sand, jade, brown, flame, zinc, apple and red.

**Summer Wash Dresses at \$5.00**

There are about a dozen of these dresses still in the rack that formerly sold at \$12.50, \$16.50 and \$17.50. Every dress must go, so we marked them \$5.00 for Thursday morning. Materials are imported, permanent finish organdy and Swiss.

**Wool and Silk Sport Skirts at \$7.50**

About 25 skirts remain to be cleared, some in silks, others in ratine and eponge—all skirts of superior quality and workmanship. The price quoted is about half of their former pricing. \$7.50.

**Special Brassiere Models 50c**

Six models in "Carmen" and "Nature's Rival" garments, are offered at this low price. The quality and fit of these brassieres will be an agreeable surprise. 50 cents each. Sizes to 44.

SAVE FIRST

How often have you said to yourself, "This month I will save something." But the end of the month found all of your earnings paid out for current expenses and nothing left to lay by for the future.

Disappointing, isn't it? Makes you lose heart in ever being able to accumulate some ready capital.

But try depositing a sum in a Savings Account the FIRST of every month instead of the last. Chances are that it will never be missed and you will soon have a real bank account that will come in handy some day.

Try it this month—TODAY.

# JOHNNY BULL IS CHAMPION LOSER AT ATHLETICS

### Walter Hoover of Duluth Hits Heavy Blow at Pride of British

NEW YORK, August 2.—After a most disastrous season in sports England remains with only one undisputed title—the champion loser of the year. Poor Old John Bull has dropped every title he ever possessed.

In a succession of reverses, the British lost the cricket title to Australia; the polo championship to Argentina; tennis to Australia and France; golf to the United States.

Last, and worst of all, was the loss of the "Diamond Sculls" to Walter Hoover, Duluth, the American champion sculler.

Few Americans can realize what an awful jolt Hoover's victory gave the English rowing public. For twenty years, England built a wall around her rowing trophy that was almost impossible for an American to scale.

Rowing is considered a "gentleman's sport" in England and American hands that were soiled by any kind of labor were regarded as being out of place in the race.

Back in 1897 when New Ten Eyck, son of Jim Ten Eyck, present coach of the Syracuse University crew, won the first of his three victories in the classic, the validity of his entry was questioned because his father was a professional and was coaching him.

Jack Kelly Barred After Ten Eyck's time, few oarsmen from America were considered dangerous entries until Jack Kelly, the 1920 Olympic champion, became prominent. Ways and means of keeping Kelly out of the race were considered and an old feud with the Vesper Boat Club of Philadelphia was picked as a barrier. Kelly refused to detach himself from the Vesper club and his entry would not be accepted. The American got revenge at Brussels in the Olympic championship race by beating Jack Beresford, who a few weeks previously had won the British classic.

Hoover was considered somewhat of a "nothing" when his entry was accepted this year. When he jumped into prominence by winning the American championship, it was too late to bring him out of the race and the English got ready in advance for the beating he gave their star oarsman, Beresford.

Designs Own Shells Hoover in himself is a very colorful figure. He is a mechanical engineer and draws the designs for his own shells which are radical departures from the orthodox style of building. He also established his own style of rowing and it was considered such a freak form that the British laughed at him when he started training for the race.

After the great Navy crew had beaten the Leander Boat club eight, a combination of the best oarsmen of Oxford and Cambridge in the Olympic races, and Cambridge said the American midshipmen were almost professionals because they paid so much attention to their work.

# DETROIT ROOKIES MAKING GOOD

Left, Stoner, rookie twirler with the Detroit Tigers, who has made good his first year in the big leagues. He has been called on to take his regular turn in the box, and has chalked up several victories. Right, Pillette, developed by Manager Ty Cobb of the Detroit Tigers, has come through with several victories, and is expected to be one of the aces of the Detroit team after another season of big league schooling.

## The World Over By Franklin B. Morse. PACIFIC SPORTS SERVICE

Nothing could have turned out better for a return match than the result of the recent bout between Benny Leonard and Lew Tendler. Now listen, for the fellow who says it was framed for this purpose. There are times when a champion might work under wraps for the sake of another crack at a man he is sure of getting away with, but it's a plug hat to the Crown of England that the chap who is trying to win the title is doing the best he can.

Puillistic champions for the moment are taking a back seat in the matter of adulation accorded them. Just now Walter Hoover, winner of the diamond sculls, and the championship of the world at the single oars, and Gene Sarazen, the newly crowned open golf champion are crowding everyone else off the sports pages. A year ago at this time Babe Ruth practically had a monopoly of the sport pages. Some difference in this case.

Latest news from Europe is to the effect that Pope Pius XI is advocating the introduction of American sports into Italy. We respectfully submit that poker be not overlooked in making up the schedule.

This seems to be a banner year

for the trotters and pacing. Reports from the Grand Circuit are to the effect that interest is keen and the attendance fine. The horses are running well and a number of new records have been established since the beginning of the season. There is no branch of sport that is not enjoying all the benefits accruing from the boom now on. Furthermore, it does not look like the flash in a pan, but has all the earmarks of being sustained indefinitely.

With the recent announcement made by Coach "Gloomy" Gus Henderson to the effect that the 1922 football team of the University of Southern California will be particularly drilled in the "kicking and receiving" departments of the game fans throughout the country are expecting to witness an even better eleven than was put on the field by the Cardinal and Gold last season. With a pair of fleet and capable ends in the Trojan lineup, something which has been lacking for several years, in addition to a new record, the team will have at least a twenty per cent chance greater than last year to defeat California.

# Railway Situation Again With Harding

WASHINGTON, D. C., Aug. 2.—Failure of the railway managements to accept President Harding's program of peace, accompanied by evidence that they are thirsting for a show-down fight with the federated shop crafts unions, threw the whole rail situation back to the White House today, with no immediate relief in sight.

Realizing that the government's next step may have to be one of far-reaching consequences, advisers to the President said today that it is the administration's plan to proceed slowly and with the utmost care in a situation that is admittedly more critical now than it has been at any time since the tie-up began, nearly five weeks ago.

It was considered likely today that no steps will be taken until after Friday's cabinet meeting.

Three avenues of action appeared open to the administration today. First—it can assume control of the railroads under the emergency powers granted in the national defense and transportation acts—a step the administration is extremely loath to take and one that will be taken only as a last resort to keep the public from freezing or starving because of lack of transportation.

Second—it can keep "hands off," as demanded by the more militant element of the railway managements, and let them have a show-down test as to their ability to fulfill the transportation needs of the country without the aid of 300,000 of the so-called skilled workmen.

Third—it can refuse to accept as final the cold turn down given peace proposals to date and continue its efforts to arrive at a peaceable, mutually satisfactory program of settlement.

There are 6,000,000 children born every year in China.

# Sport High Spots

Bert Colima, the pride of Whittier, again came to the fore in the eyes of southern California boxing fans last night when he decisively trimmed Kid Mexico in four snappy rounds of scrapping at the Vernon arena. The battle was "the grapes" from start to finish, the unusual amount of action shown by the two men meeting with the heavy approval of the audience. Both Colima and Mexico meant business from the beginning, as was evidenced by the rushing tactics used continually by each man. Mexico's face was smattered with blood throughout most of the mill.

Continuing their winning streak over the Los Angeles club, which seems to have been a predestined fate, Duffy Lewis' baseballers from Salt Lake City yesterday took Wade Killefer's soaring Scrapps into camp, 5 to 4, in the first of their scheduled seven-game series at Washington park. The Utes have always been a jinx to the Angels and the present season is no exception. Apparently all a Bee hurler has to do to beat L. A. is to express the desire. However, if the streak isn't broken this week Radiant Red and his cohorts will be practically out of the pennant chase.

After taking a three-day layoff, which was necessitated through the contracting of a severe cold, Jess Willard returned to his training headquarters at the Hollywood Legion stadium yesterday eager to continue his stubborn campaign to condition himself for the proposed championship bout with Jack Dempsey. It is generally understood that the title battle will be staged sometime during October, although no definite agreement has yet been reached. Willard's training routine now consists of hiking, jumping rope, shadow boxing and various other exercises which tend to remove some of the extra weight which has been acquired since the last time he fought.

With the recent announcement made by Coach "Gloomy" Gus Henderson to the effect that the 1922 football team of the University of Southern California will be particularly drilled in the "kicking and receiving" departments of the game fans throughout the country are expecting to witness an even better eleven than was put on the field by the Cardinal and Gold last season. With a pair of fleet and capable ends in the Trojan lineup, something which has been lacking for several years, in addition to a new record, the team will have at least a twenty per cent chance greater than last year to defeat California.

Play was started Monday at the courts of the Los Angeles Tennis club in the first round of the annual Southern California tennis championship tournament, which practically every match. William Johnston to last to the semi-finals and finals, while the Californian was eliminated. This step of "seeding" the draw was not entered on hastily. Letters were sent out to practically every tennis player of note in the country asking for an opinion. The replies practically were unanimous for the "seeded" draw.

After a day's rest, in which most of the teams were traveling, the leading clubs in the Pacific Coast league—namely, San Francisco, Vernon and Los Angeles—Monday resumed their torrid three-cornered fight for first place, with the exception of Vernon, the players being en route to Seattle for a series with the Indians. With Los Angeles pitted against Salt Lake here and San Francisco playing Sacramento in the Bay City, the odds seem to favor the Bay City crew. Sacramento is in last place, while Duffy Lewis' Mormons are still in the first division. Both Dpts Miller and Wade Killefer are confident that their charges will win their respective series by safe margins.

Sam Langford was rendered the decision Monday night in his bout with Jimmy Hackley in the main event at the Central Avenue Amusement arena. The fight was all Langford's from start to finish and Referee "Bud" Marshall's verdict met with the hearty approval of all present. In the preliminaries Sailor Smith outpointed Joe Wilcox, Baby Gans won from Young Garcia, Young Blackburn knocked out Teddy Grimes in the second round, Sallor Brown stopped Lulu Kid in the fourth, Wop Flynn defeated Champ Partin.

The new swimming club, which is a branch of the A. A. U., has recently been organized by a group of men in Alhambra by Gluck W. Riley, who is secretary of the club. Already the association is growing, several scope of that city's swimming enthusiasts having passed the necessary tests and requirements. The membership consists entirely of males over 16 years of age.

Beware of little expenses. A little leak will sink a great ship.

# SOMETHING NEW IN ROWING

Miss Marie Gaus, and Captain Jaeger, of the Penn Barge club, Philadelphia, practicing for a mixed doubles event which, it is said, will probably be a challenge cup race in the People's Regatta on the Schuylkill next year.

## SPORTS CHATTER By BILL UNMACK. PACIFIC SPORTS SERVICE.

Do you remember a year ago this week, July 31 to August 6: July 31: That Babe Ruth batted his thirty-eighth homer against Caldwell, Cleveland at New York.

That Wheat and Ruether won for Brooklyn from St. Louis by home runs.

That Rapp of Philadelphia, N. L., after batting safely in twenty-five successive games went without a hit against Ponder, Freeman and York of Chicago.

That Mike McDermott, Illinois A. C., swam 100 yards breast stroke in 1 minute 13 3-5 seconds at Coronado Tent city, near San Diego—a new record.

That Maurice McLoughlin, former Davis cup star, and Ken Hawkes won the Southern California tennis doubles title at Los Angeles.

August 1: That Bush, Boston A. L., held Detroit to one hit, made by Sister, Boston winning, 2-0.

That Benton signed contract with Kansas City and N. Y. N. L. redeclared him.

That Hawaiian swimmers defeated Yale varsity team at Honolulu, W. Keoloha equalling the world's hundred-yard record of 53 seconds.

That Tex Rickard sent telegram to Jess Willard asking how long it would take him to get into condition for a fight with Dempsey.

That Ethelra Bleibrey set new girls' 200-yard swimming record of 2 minutes 36 1-5 seconds at Brighton Beach, N. Y.

That Australia eliminated England from the Davis cup, Pittsburgh.

That Walter Hoover, Duluth, won the national sculls title at Buffalo, N. Y.

That Secretary Farrell, National association, announced none of the acquitted ballplayers would be allowed to play with minor leagues.

August 6: That Babe Ruth batted his thirty-ninth homer against Oldham of Detroit at New York.

That Ethelra Bleibrey set new girls' 200-yard swimming record of 2 minutes 36 1-5 seconds at Brighton Beach, N. Y.

That Australia eliminated England from the Davis cup, Pittsburgh.

That Walter Hoover, Duluth, won the national sculls title at Buffalo, N. Y.

That Secretary Farrell, National association, announced none of the acquitted ballplayers would be allowed to play with minor leagues.

August 6: That Babe Ruth batted his thirty-ninth homer against Oldham of Detroit at New York.

That Ethelra Bleibrey set new girls' 200-yard swimming record of 2 minutes 36 1-5 seconds at Brighton Beach, N. Y.

That Australia eliminated England from the Davis cup, Pittsburgh.

That Great Britain won the series of international yacht races at Cowes, Eng., scoring 21 points to U. S. 15.

That Governor Grosbeck of Michigan refused to allow Miske and Bob Roper to fight in the state.

August 4: That New York went into first place in American league race.

That Killefer succeeded Evers as manager of Chicago N. L.

That Gene Tunney won ten-round decision from Martin Burke at New York.

That Norris Williams beat Vincent Richards in the Newport tennis series, fourth round at Newport.

August 5: That Walter Hoover, Duluth Boat club, won the national quarter-mile dash and senior single rowing titles at Buffalo, N. Y.

That Washburn defeated Bill Johnston in the Newport bowl tennis tourney at Newport, R. I.

That Australia, by winning the doubles at Pittsburgh, Pa., took the lead in the Davis cup series versus England.

That Secretary Farrell, National association, announced none of the acquitted ballplayers would be allowed to play with minor leagues.

August 6: That Babe Ruth batted his thirty-ninth homer against Oldham of Detroit at New York.

That Ethelra Bleibrey set new girls' 200-yard swimming record of 2 minutes 36 1-5 seconds at Brighton Beach, N. Y.

That Australia eliminated England from the Davis cup, Pittsburgh.

That Walter Hoover, Duluth, won the national sculls title at Buffalo, N. Y.

That Secretary Farrell, National association, announced none of the acquitted ballplayers would be allowed to play with minor leagues.

August 6: That Babe Ruth batted his thirty-ninth homer against Oldham of Detroit at New York.

That Ethelra Bleibrey set new girls' 200-yard swimming record of 2 minutes 36 1-5 seconds at Brighton Beach, N. Y.

That Australia eliminated England from the Davis cup, Pittsburgh.

That Walter Hoover, Duluth, won the national sculls title at Buffalo, N. Y.

That Secretary Farrell, National association, announced none of the acquitted ballplayers would be allowed to play with minor leagues.

August 6: That Babe Ruth batted his thirty-ninth homer against Oldham of Detroit at New York.

# Favorites Winners at Tennis Tournament

SEABRIGHT, N. J., Aug. 2.—Strictly according to expectations the ranking women tennis players survived the second round matches Tuesday in the invitation tennis tournament for the Seabright bowl. Miss Katherine Gardner of Newton, Mass., put up a splendid battle against Mrs. Marion Jessup of Wilmington, Del., before being beaten, 6-3, 6-3, but otherwise the favorites won without trouble. The summaries: Second round—Miss Edith Sigmund, Boston, defeated Miss Marguerite Davis, St. Paul, 6-3, 6-1; Miss Leslie Bancroft, Boston, defeated Mrs. William Henry, Los Angeles, 6-0, 6-1.

# Larry Gardner Has Great Day at Bat

CLEVELAND, Aug. 2.—Larry Gardner, third baseman for the Indians, got a home run, three doubles and a single in five times at bat, while the Indians defeated Washington, 17 to 3, yesterday.

# Ken Williams Hits Out Home Run 27

ST. LOUIS, Aug. 2.—Ken Williams ran his string of home runs of the season up to twenty-seven Tuesday afternoon when he hit the circuit in the sixth inning of the game with Boston.

# START BURNING KILMALOCK LONDON, Aug. 2.—Republican irregulars holding Kilmalock began to burn the city this afternoon, evidently preparing to retire, said a Dublin dispatch to the Star. It is believed that the irregulars will shortly give up the chief positions of their present line of defense lying northward from St. George's channel through Cashel and Clonmel.

## Side Talks by Ruth Cameron

**DO YOU LOVE THEM, TOO?**

I sing today the beauty of humble things, simple things, daily things. Things that are beautiful not because they cost money, not because they are rare, not because everyone can't have them, but because they are beautiful in themselves. Just because when we look at them with an eye and a heart open to beauty, we have that thrill of joy and satisfaction that the keen perception of beauty always gives.

These are the kind of things I mean:

**A Red Geranium**  
A shingly clean window pane with a snowy white curtain fluttering in the spring breeze and a red geranium on the sill.

A pleasant, sunny kitchen filled with the harmony and peace of perfect order and garnished with the gaiety of blue and silver pots and kettles in agate and aluminum.

A fresh looking, healthy woman in a bright colored gingham morning dress.

A crab apple tree in full bloom. A green field powdered with a million daisies.

Stars seen through the inter-lacing branches of the elms on a village street.

A flock of little fleecy clouds scudding across the sky on a very windy day.

**And a Bonfire**  
A bonfire of dead leaves in the

## SWAMPED BY WAVES VIA RADIO

Ever swamped by a wave? This young miss, who has been swamped by many, never wet her bathing suit, simply because they were radio waves. She is Beatrice Burch of California and is here shown with her compact receiving set. She says that the radio waves are wild enough for her.

## Diet and Health By Lulu Hunt Peters, M.D.

**CLINICAL CONCLUSIONS CONCERNING CONSTIPATION**

This title sounds like me. I a few years ago (that would mean many years ago now) the cases were very numerous indeed, and the reason that they are not so numerous now is because the medical men have impressed upon the patient that a daily evacuation is important. This author also stated that he had had a patient at Stephen Green, a lady whose habit it was from childhood to have her bowels relieved once a fortnight and if they moved often she felt weak and exhausted!

Dr. Kellogg, of Battle Creek, wouldn't agree that a person could live three weeks without a bowel movement, for he thinks that an individual to have perfect health should have a bowel movement three or four times a day. In the diet he advises to bring on such frequent evacuation, he gives enough bran every day to furnish the bulk necessary.

It seems to be the consensus of opinion that if there is a good bowel movement once a day that it will clean out the tract so there is no danger of any absorption. I think that in many instances the dangers of constipation, at least for some persons, are over-estimated. Perhaps some of the supposed effects of constipation are due to the worry over the condition—and the worry, of course, as I have explained in a previous article, makes the constipation worse, and so there is a vicious circle. However, there is no reason why any of us should be constipated if we don't want to be, and tomorrow I will conclude this series on constipation and give you the methods to relieve it.

**Tomorrow—Constipation Concluded**

(Copyright 1922 George Matthew Adams)

## BEAUTY CHATS

**GARDENING FOR BEAUTY**

Even if you cannot get away for a vacation during the hot months of summer you can give yourself fairly satisfactory substitute without going further than your garden. Do garden work for beauty. Take it for exercise and a pastime instead of a task. Change your whole mental attitude toward it, if necessary. Take it easily and you will find it a great benefit.

First of all you want to protect your face, neck and hands while you are doing the garden work. If when you were planting seeds and doing the early weeding you ruined your nails, grimed your hands with dirt, and freckled the back of your neck—you may have decided that gardening was all work and no play. But if you will wear a wide straw hat or a quaint little sunbonnet, and you will protect your hands with coarse canvas gloves, you will do away with most of the drudgery of gardening.

If you are well protected with a shady hat, or if you have a parasol that you can stick into the ground to form a protection for you while you are working, you can garden in comfort even in the middle of the hot afternoon. You should work slowly so as not to exhaust yourself, and you should not bend over enough to get a backache.

When you are through and tired so indoors and take a warm bath, followed by a cold and exhilarating cold rinse. Then lie down for about half an hour, rise and put on fresh clothes. You will be cool, and rested, and will have the glowing feeling that comes from exposure to the sun and wind. I know one woman who finishes her house work, works in her garden, bathes, rests, and rises refreshed at tea time. Her garden work has done her worlds of good.

**Outdoor work improves your looks**

Lolly—The only heat needed for softening cocoa butter before a massage, may be obtained by holding it toward an electric bulb or a lighted match.

**Tomorrow—Hot Weather Feet**

owing to the great number received, so if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question—The Editor.

All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however.

Ravens pair for life and use the same nest year after year.

## Practical Housekeeping by Florence Austin Chase

**TOMATOES IN PRESERVE**

of ripe tomatoes; put them in a preserving kettle and let them come to a boil, then add 6 cups of vinegar, 6 large onions, chopped, 3 green peppers, chopped, half cup salt, 1 1/2 cups sugar, 1 teaspoonful each of cloves, cinnamon and mace. Boil very slowly for 2 or 3 hours, or until it gets thick. Do not strain.

## Important Moves In Coal Conference

POTTSVILLE, Pa., Aug. 2.—Important developments leading to the possible settlement of the anthracite coal strike are occurring in the conference of the mayors of the anthracite region cities. Mayor Beardsley of this city said today that representatives of the miners have agreed that the diggers shall return to work at the present wage scale instead of pressing the demands for a 20 per cent increase, which means a concession of \$50,000,000 a year.

They also have agreed not to press the demands of a change in working hours, which makes a further concession from their previous demands of \$70,000,000 per year.

**WELL, WHY NOT?**

An old gentleman approached a drinking fountain the other day, stepped on the lever that controls the water, jerked a set of false teeth out of his mouth, held them under the stream, washed them, but them back and went on. Why not?

## Uncle Wiggily Bedtime Stories

By HOWARD R. GARIS

**UNCLE WIGGILY AND THE PICTURE BOOK**

Once upon a time Uncle Wiggily was sitting on the porch of hollow stump bungalow, smelling the honeysuckle vine, and waiting for Nurse Jane to come back from the five and ten cent store. The muskrat lady had gone there to buy herself a new gold piano.

"Heigh, ho!" murmured the bunny gentleman to himself, as he listened to the bees humming in the honeysuckle, "I wonder if I am going to have an adventure today as I did yesterday, when the Fox and Wolf tried to catch me? But I slid down the honeysuckle vine! Ha! Ha! I climbed down the honeysuckle vine and got away!"

Uncle Wiggily was just twinkling his pink nose for the second time when all of a sudden a voice said:

"Well, Uncle Wiggily, here I am!"

For a moment the bunny gentleman hardly dared move, as he thought perhaps this might be the Skillery Scallery Alligator with the humps on his tail, or perhaps the bad Bob Cat.

"Yes, here I am!" went on the voice.

"Oh, my!" whispered the bunny. "I suppose you have come for some ear nibbles?"

"Dear me, no!" answered a jolly little laughing voice. "Why, Uncle Wiggily, don't you know me? I'm Baby Bunty and I came over here to be amused."

"Oh!" exclaimed Mr. Longears, and his pink nose started twinkling again. "Oh, Baby Bunty! But what did you say you came for?"

"To be amused," answered the little rabbit girl. "Mrs. Little-tail has taken Sammie and Susie down in their bathing suits to have their pictures taken. I had mine taken yesterday so I didn't have to go now. But I didn't want to stay home all alone so I came over to have you amuse me, make a good time for me," explained Baby Bunty.

"Oh, ho!" laughed Uncle Wiggily. "What do you call a good time, or being amused?"

"Please show me some pictures in a book and tell me stories about them," begged Baby Bunty. "Haven't you any picture books, Uncle Wiggily?"

Uncle Wiggily thought for a moment.

"I'm afraid," he answered, "that I haven't any picture books that you would like. You see it is a long time since I used to live with Sammie and Susie, the little rabbit children, and tell them stories from picture books. All those books are gone—long ago."

"Oh, dear," sighed Baby Bunty. "I'm so disappointed! I want to

## ANNIVERSARY OF YELLOWSTONE

On the spot where the intrepid explorers of the Washburn expedition conceived the idea of a National Park, in 1870, the Golden Anniversary of the fulfillment of their dreams, the fiftieth anniversary of the Yellowstone, is officially celebrated. The place is the junction of the Gibbon and Firehole Rivers, midway between the park entrance at West Yellowstone and the upper geyser basin of the park. Photo shows; Superintendent Horace M. Albright of Yellowstone, and Miss Anne Anzer, who represented the American Editorial Association, decorating the commemorative tablet.

## Book Reviews

In the lives of most girls like Billie, there can usually be traced (at some time or another), the three types of suitors here burlesqued; the cowardly, the physically weak intellectualist, and the purely virile—all with their modulations.

The modern ideal hero is, however, perfectly and humanly anxious to live up to a perfectly frivolous girl's ridiculous expectations—and in "Three Men and a Maid" with Mrs. Hignett as a sort of chaperone to its logical background, this fact is delightfully ridiculed, for the author, P. G. Wodehouse, is a master of situation.

There was really nothing very complex in Jane, the heroine's, makeup. This sensible girl was by nature "tactful" and "placid" and "adapted to bear shocks." It was Wilhelmina Bennett (or "Billie," as her friends call her), who complicated matters for Mrs. Hignett, whose son was secretly renting "Windies" to the father of Billie.

The young lady herself he had plotted to marry when Bream Mortimer, via the groom's mother, interfered.

Thus having created a situation which includes one Eugene, "small and fragile looking," and Bream Mortimer (of whom Mrs. Hignett had conceived the odd impression that "he looked much more like

## APPARATUS AND DEVICES

By RALPH BROWN, RADIO ENGINEER

**TYPE "B" CELL FINDING MANY USERS**

Rechargeable "B" batteries are making their appearance in greater numbers on the market. One type consisting of a glass tube will be described. Dimensions, 6 inches by 1 inch wide. Bakelite cap with terminal connections brought neatly through. Voltage per cell 2 V. Electrodes consist of the conventional lead plate type with the advantage of easy replacement by the removal of the cap. Use is ideal as a source of plate potential on both detector and amplifier tubes and operates without noise. Rechargeable from ordinary lamp socket. Plates are pasted, shipped dry, and are ready for their initial charge when proper electrolyte is added designed to operate in series, one tube 1000 hours between charges. A mahogany tray made to hold ten of these cells is also made and can be obtained. In transmitting this type of "B" cell seems to be ideal, as a greater ampere hour capacity is obtained.

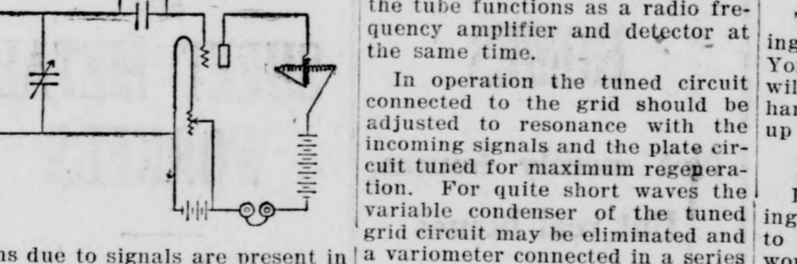

## RADIO EXPLAINED

By E. H. LEWIS  
 INSTRUCTOR NEW YORK, Y.M.C.A. RADIO SCHOOL

**REGENERATION WITH TUNED PLATE CIRCUIT**

Another method of securing radio frequency amplification by regenerative action is to tune the plate circuit to the frequency of oscillations in the grid circuit. In this case the capacity within the tube between the grid and plate provides the coupling between grid and plate circuits. A variometer may be used as the tuning element in the plate circuit and, with it, the tuning may be made very closely adjustable.

When there are no incoming signals a steady current flows in the plate circuit and the difference in potential of the plate and filament is practically the voltage of the "B" battery. When oscillations due to signals are present in the grid circuit there are oscillations of the same frequency forced in the plate circuit. For example, when the grid is given a negative charge the plate current is decreased below its normal value, but the counter electromotive force created will add a potential on the plate. The counter E. M. F. and plate battery E. M. F. are acting in the same direction. When the grid is given a positive charge during the next half cycle the plate current increases and the counter E. M. F. developed opposes the battery E. M. F. and the potential on the plate decreases. Considering the capacity between the grid and plate, when the plate potential is increased the grid and plate for conducting surfaces is given a charge due to an increased flow of electrons between the two electrodes. When the plate potential is reduced some of the energy in the grid plate condenser is given back to the plate circuit and electrons are drawn to the grid and trapped there by the grid condenser. This

**H. D. Clark Buys Glendale Residence**

The beauties and advantages of Glendale as a home place have again been recognized, this time by H. D. Clark, secretary and treasurer of the Union League club of Los Angeles, who has purchased the home of St. Clair Woods at 512 West Doran street and has brought his family to live in Glendale.

J. E. Barney, realtor of North Brand boulevard, transacted the deal and the consideration is given as \$6500.

A weight 490 times its own is just an average lift for a crab.

## Fun

**OLD AND SAFE EQUINE**

The old lady had come up from the country to see her daughter in London. Motor busses and taxicabs were out of the question and she was a little nervous about having a growler. Hansoms she had always been afraid of.

"Finally she chose a man with a good-tempered face and timidly inquired:

"There is no fear of your horse running away, is there? 'E's not afraid of motors, is 'e?"

"Bless you, no, mum," said the genial caddy. "Why, 'e didn't even shy at railway trains when they first come in!"

**REGULAR**

A minister from a country district had just moved into the midst of a motion picture colony, and a friend was asking how he liked his new pastorate.

"Very well," replied the pastor. "I am doing very well here."

"Plenty of marriages, I expect?"

"Oh, yes," said the parson. "I have my regular customers."

Blobs—"Are you doing anything these days?" Slobbs—"I'm working every day, eight hours at a stretch." Blobs—"Where?" Slobbs—"In the rubber factory."

## It's A Fact

**DEAD MAN CAME BACK**

Mrs. Mary Leonard Charter, Staunton, Mass., walking on the street with her new husband, suddenly paused then broke from him and rushed up to Edgar Leonard, supposed resting beneath a white cross in the American cemetery at Romagne, France, showered kisses upon him, then fell in a faint at his feet. The war department had reported Leonard dead. He had been her husband for 12 happy years before she tearfully saw him off to France, and only two months ago she married Charter. The widow-bigamist is making her home with Leonard's mother and refuses to see the other man. She hopes the courts can find some way out of her difficulty. The war department should give her every assistance.

**LIVING COSTS RISING**

The cost of living is again on the rise. In June wholesale prices were 1-1/3 per cent above May. The government reports. And in May prices had increased 2 1/2 per cent over April. Largest price gains are in fuel and building materials which increased 4 per cent in June. Food averages nearly 1 1/2 per cent higher and clothing nearly 2 1/2 per cent higher than in May. Farm products, on the other hand, decreased 3/4 of 1 per cent, thanks mainly to the grain gamblers. June prices compared with June prices a year ago, are up more than 5 1/2 per cent.

**GOOD JOB FOR DUKE**

The Duke of Grafton is working as a night watchman in New York. He picked out a job which will not require him to soil his hands and which will keep him up of nights as usual.

**HARD ON 'VERITAS'**

Brazil is enacting a law requiring all editors and contributors to sign their stuff. The editors won't mind it, but it will be hard on the cowards who send in anonymous letters.

**TESTING SAND**

Simple apparatus has been invented for testing sand to be used in concrete without sending samples to a laboratory.

## They Say That

"Any kind of government depends upon the man." So we hear often. But does it? Machinery is intended to dispense with the need of men. Machinery permits one man to do the work of a dozen men, and to do it better. And in a proper distribution of social benefits, the work of each man will be lightened by machinery, and the enjoyment of each be increased.

So it is with government machinery. The government runs smoother, with the handling by ordinary men, than it could without the machinery, with the handling of extra clever men.

Even governmental machinery may be made approximately "fool proof."

It is imperative for our democracy that our government machinery be improved much faster in proportion than the skill of our statesmen.

We may be suffering today from a lack of skillful statesmen. But we are suffering even more from a lack of machinery for ordinary statesmen to work with.

Men used to boast of their skill in adding columns of figures. And now we have adding machines that are much more skillful than any human mind. It takes only a modicum of brains to run an adding machine. It took a genius to qualify for a bank position before.

Our population is increasing by arithmetic ratio. And the human problems that this increasing population is presenting are increasing by geometrical ratio.

It requires all the human skill that we can summon to the support of society to deal in a human way with the new problems. We must one by one reduce the old problems to a condition to be dealt with by mechanical methods. There

## Boiler Explodes on Boat Several Die

**NEW YORK, Aug. 2.**—From five to ten men were reported killed today when a boiler exploded on a tug boat in the East river at the foot of Gold street.

Fire followed the explosion which left only a shell of the tug and it soon sank from sight.

It was reported at first that ten men were killed, but later officials of the East River Towing company said they did not believe many men were on board.

The force of the explosion was such that windows on the water front were broken. Police and fire boats were rushed to the scene immediately after the blast and began searching for bodies. The tug, which was called the Edward, was warping into her pier as the explosion took place.

Some of the victims were blown clear of the vessel, their bodies falling into the river. The blast blew away a section of the big Edison plant nearby and showered debris over a radius of half a block.

**SHEEP IN BRAZIL**

Brazil has been estimated to have about 11,000,000 sheep and goats.

# First Prize: "Why I Like My Home"

By Gwen Bittner, Age 12 years, 519 W. Oak St.

My home is my castle. In olden days people lived in castles surrounded by moats for safety against all outside dangers. My house is as strong as a castle and in it I am safe and secure from all outside troubles.

As I hurry home, I feel like a young knight returning to the fair lady of the castle—who is my mother. She is like the noble ladies of olden days, and the thought of her warm welcome speeds my steps on the homeward way. The lord of the castle is my father, and we all are his faithful knights.

At home are all of my treasures. I have a room of my own in which I keep the many things which I most love. My dolls, and their buggies, clothes, and outfits have a place of their own. My books, my paper dolls, my games, and all of my toys share my room with me.

My sister is another big reason for my love of my home. Without her I should often be lonesome. The garden with the flowers whose faces are so familiar, the chickens in the back yard, and my neighbors and friends are all a big part of home to me.

Lately, an added pleasure has opened new ways of enjoyment to the family. This is my cousin's radio set. Every evening we gather in the den and listen to the concerts. This brings the family together and interests us all.

It is when I return home after a visit that it looks best to me. As I turn down the familiar street again I feel as if my best friend had just come into sight. Home really is one's best friend, and when it is in Glendale it is truly a good friend.

All of these reasons, and many more only tell why my home is dear to me. Our home in Glendale is very dear because it is our own home, the first we have had for a long time as we have been traveling. My home will probably mean more to me as I grow older, and I hope it will, for my heart is here. I was glad we picked out Glendale for our home, and loved it at first. Now Glendale means home to me, and I am so glad to tell people I live here.

—Submitted by Gwen Bittner, 519 W. Oak St., Glendale, Calif.

First Prize—\$5.00 cash, won by Gwen Bittner, 519 West Oak Street.

LARGE AMOUNT OF WATER PIPE IS BEING PLACED

Department Is Doing More Work at Present Than Ever Before, Report

Installation of water pipe on South Brand boulevard between Windsor Road and Colorado street is scheduled to be completed tonight, according to Peter Diederich, superintendent of the city water works.

The Southern California Gas company is laying a gas main in the same ditch and had a mechanical ditch digger on the job. The installation of this pipe is expected to be completed this afternoon also.

Work is to be started at once in the Oakridge tract in the southeast section of the city. Here the mechanical ditch digger will be used by the water department which intends to lay 1 1/2 inch water main between Hill and Boynton streets in a line with the extension of East Cypress street.

"We are doing more work right now than ever before in the history of the water department," remarked Mr. Diederich. "We have about eighty men at work daily."

Much Work Being Done The \$100,000 voted last year for extensions of the water system will be utilized in about three months more, according to Mr. Diederich. During the past nine months \$3,400 feet of pipe have been installed at a cost of \$144,356.

In the next three months, the city administration expects to have laid 79,430 feet of pipe valued at \$134,966.60. This will bring the total for the year's work to 178,833 feet of pipe worth \$279,634.

At the present time four inch pipe is being received by the department in 200 ton lots. Each shipment contains about 2,000 feet of pipe and does not last a month.

The Grand View district has had about 25,000 feet of eight-inch pipe laid during the last nine months. Residents in this vicinity receive their water from the 300,000 gallon reservoir near the intersection of Western avenue and Tenth street.

A twelve inch main is to be laid in the near future on Broadway between Brand boulevard and Glendale avenue. This will provide the business district with better fire protection.

Rock Products Mill Is Being Operated

J. H. Packard, president of the California Rock Products company, reports that their mill, located at the corner of San Fernando road and Frederick street, is now complete and operating with a capacity of ten tons daily, which will be increased within a week to forty tons.

At present they are running only the white limestone, which is used for flooring, chicken grit and roofing. According to Mr. Packard the capacity of the plant will soon be taxed to supply the demand, as the various products are meeting with favor among contractors and builders.

"The first order," Mr. Packard says, "went to the crematory at Hollywood cemetery, to be used in making imitation marble floors."

It costs less to keep a coal fire over night than to let it go out. Sallie Ann Ivins says so.

Charles Toth, Boston Super-Swimmer, Will Make Effort to Swim the English Channel

HOLDER OF MANY AQUATIC RECORDS

Now Making Preparations to Risk His Life in Long Battle With Water

Charles Toth

BOSTON, Mass., Aug. 2.—Charles Toth, famous "L" street swimmer, is in England, where he will attempt to swim the dangerous English channel. Toth was given a great sendoff by his friends when he departed from Boston.

Toth declares that he will conquer the channel or perish in the attempt. Unbiased followers of swimming declare that Toth has the ability and all the physical qualities that should go with a candidate for this ordeal. His advent into swimming has been interesting and remarkable, for he was thirty-four years old before he learned how to swim. Toth now is forty-four years old, and in his ten years of swimming has furnished much and remarkable data for the archives of difficult sport achievements.

Makes Eleven Miles In September, 1914, two years after learning how to swim, Toth started the swimming world by navigating from Charlestown Bridge to Boston Light, a distance of eleven miles, in six hours and forty-eight minutes, incidentally establishing a record for a hitherto untried course.

In July of the following year Toth again completed the Boston Light swim, beating twelve other starters, among them George Meahan, of Brookline, the winner of the famous Sandy Hook swim. Not being contented with a one-way swim to Boston Light, Toth made a return trip in September, 1915, setting a new American endurance mark of fifteen hours and twenty-seven minutes, swimming twenty-four miles in all.

One week later Toth once more started the sports world by treading his way from Charlestown Bridge to Graves Light and thence to Revere Beach, swimming over twenty-five miles in twelve hours and forty-nine minutes. He was the first man to accomplish this feat.

Beats Seven Starters In July of 1916 the unbeatable Charles once more wended his way to Boston Light, being the only man of seven starters to finish.

Refusing to be bait for any man-eating shark, Toth left the water in August, 1916, after swimming eighteen miles in four hours and twenty-three minutes in his attempt to swim from Princeton to Nantasket Beach. A six-hundred and fifty-pound shark was caught in Boston harbor on the following day.

September 10, 1916, he won the ten-mile N. E. A. A. U. championship, journeying to New York in September, 1917. Toth won the Hudson river marathon swim, a distance of nine and a half miles.

Braves Icy Waters Last summer, in a contest with Sam Richards with the Boston Light as goal, Toth was separated from his pilots for ten minutes due to a heavy squall which nearly capsized the boat, but continued on, completing the swim in five hours and thirty-seven minutes. Richards gave up when the storm arrived. The winner of this contest determined the man who would represent the "L" Street Swimmers' club in the English Channel swim.

Anxious to get a real test in his preparation for the English Channel swim, Toth was in the States number over 250,000.

swim, Toth braved the icy waters of early June this year, going to Graves Light from the "L" Street baths, an eleven-mile swim, in four hours two and one-half minutes. In the outer harbor the temperature ranged from forty-three to forty-nine degrees, being the coldest water recorded in any long-distance swims. Two weeks ago this almost superman towed a boat containing seven people a distance of five miles, the combined weight of passengers and boat being 1,443 pounds. Two and one-half miles of this swim was against an incoming tide and a dead east wind.

Centenarians May Be Common Sight

LONDON—Centenarians will be commonplace in the next generation, for the children of today are far better and finer than the children of pre-war days, according to Dr. Henry Dwight Chapin, American child specialist, whose work is attracting considerable attention in London.

"I don't see why every ordinary person should not live to be a centenarian," Dr. Chapin said. "If we give babies the right start hundred birthdays in the next generation will not be the sensation they are today."

"Scientists have discovered that the lower animals live five times the period it takes for their bones to develop. It takes human beings twenty years for full bone growth, and on this natural basis the average healthy life should be about 100 years.

"The reason so few people live a century is principally because of the social environment of the first five years of their lives. Those are the most important years."

"Heredity is blamed for a good deal, but I believe the first five years of social environment make a stronger determining factor than heredity."

"During the early plastic stages the brain is registering every tone and temper around it. The subconscious mind is at work and will probably break out in the conscious mind in later years."

"The cultivation of calmness and efficiency in children will do much to prolong the life of the human race, Dr. Chapin believes. "It isn't work that kills," the doctor said. "It is worry."

"Not one-half of our reserved energy is used by the greatest workers. There is no such thing as physical overwork."

Women farmers in the United States number over 250,000.

REPORTED KILLED IN WAR, GREETED FRIENDS HERE

Eugene Middleton, Former High School Boy, Sees His Gold Star

Eugene L. Middleton, former Glendale Union high school boy, who enlisted in the navy in April, 1918, and was later reported killed in action, arrived in Glendale last night from New York. He is the guest of Mr. and Mrs. S. A. Merrick, 371 West Broadway.

Before he left Glendale, Mr. Middleton was a next door neighbor of the Merricks, and the two families were intimate. Then, near the end of his junior year in high school here, he joined the navy.

In the fall of that year, 1918, just before the signing of the armistice reports were received here that Mr. Middleton had been killed in action on the firing line of France, and a gold star was placed on Glendale's service flag in his honor.

Very Much Alive However, as Mark Twain would have said, the "report of his death was greatly exaggerated." At any rate, Middleton was still very much alive at the conclusion of his enlistment, and decided to "ship over."

Since the war, he has been completely around the globe, but has seen most of the countries in the world. He was in Europe, Egypt, India, Siam, China, Japan, Philippines, Hawaii, Central America, South America and other parts of the world, it is reported.

Now he is out of the navy, or almost out of it. The latter part of this month he will go to Mars Island to receive his final discharge. Then he expects to take a position as an industrial traffic manager, probably in Los Angeles.

His many former high school friends will be glad to meet the 6 foot, 180-pound man who used to be their classmate, and hear of his many interesting experiences.

Decrease in Italy Wheat Production

WASHINGTON—Production of wheat in Italy is forecast at 164,000,000 bushels, compared with 193,000,000 bushels in 1921, according to cablegrams just received by the United States department of agriculture. The probable wheat harvest for Canada is placed at about 338,000,000 bushels, as compared with 301,000,000 bushels last year.

The wheat crop of China is estimated at 175,000,000 bushels, as compared with 150,000,000 bushels, estimated yield for 1921.

General crop conditions in Europe as a whole, for the first half of June have arranged from normal to slightly below normal. England and Hungary were feeling the lack of rain; Russia, Austria and the Prussian State in Germany have experienced average conditions. In Rumania and Jugoslavia crop prospects are good. Canada reports excellent growing conditions. In the Saltillo consular district of Mexico the weather is more favorable for crop production than it has been for years. Conditions are fair in Australia, although rain is generally needed.

Crop conditions in Great Britain are estimated at 93.36 per cent of the average condition for wheat, 73.3 for barley, 74.19 for oats, 85.77 for beans, 83.97 for potatoes, and 75.5 for root crops. The hay crop is reported to be the smallest gathered or grown.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder irritation or Backache

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts for the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

Evil cannot be fought once and done with. It must be faced and conquered day by day.

Fools First' Being Offered at T. D. & L.

For a film to bear the Marshall Neilan trademark assures its success and "Fools First," now showing at the T. D. and L. theatre is amazing in drama, swift in action, with punch, pep and surprise from the first reel to the last, and a great cast, too.

One critic has said, "Isn't this what they want—a story with a human touch as well as action-drama and surprise, a story whose finish they'll never guess till they're right on it. A cast that lives all the time, with never a fault, never a let-down. A locale that sweeps from turgid underworld to upper-crust. A master-director who can mirror people in weakness as well as in strength and knows that heroes aren't all-virtuous, heroes all-ingenuous, villains all-base."

Woman Candidate In Second Position

CHARLESTON, W. Va., Aug. 2.—Mrs. Izetta Jewell Brown, of Kingwood, was running about 3,000 votes behind M. M. Neeley, or Fairmont, for United States senator as returns from yesterday's state-wide primary continued to come in today. Senator Howard M. Sutherland, on the Republican side, continued to increase his plurality over H. C. Ogden, Wheeling publisher, the leader among his four opponents.

With eight counties missing, figures in the senatorial contests are: Sutherland, 37,679; Ogden, 28,918; Lilly, 14,485; Edwards, 8,837; Jones, 945. Democrats: Neeley, 23,272; Brown, 20,155.

John Worley and Phil Miller Arrive

John Worley, son of W. W. Worley of 341 North Jackson street, and Phil Miller of Hannibal, Mo., arrived by automobile from Hannibal Monday afternoon. The trip was made in four weeks and four days by way of Denver, Yellowstone Park, Seattle, Portland and San Francisco. John Worley has been in the east since June. Mr. Miller is a business partner of W. W. Worley.

POCKET KNIFE In a new pocket knife have been installed an adjustable wrench, a screw driver and a wire cutter.

Lots of Names for City Park Offered

Plaza Contenta! How's that for a possible name for Glendale's new municipal park, suggested by a Glendale resident out on North Verdugo road. The same person also suggests 'Glendale's New Park. A Colorado street resident has suggested, Verdugo Glen, Glen Verdant, Glen Verdu and Glen Verduga.

These two names together with the seventy-five or so already in the hands of the committee offer a wide range for discussion and choice. Just how the selection is to be made has not been announced. However, one Evening News reader suggests that a list of five of the most likely names be presented through the columns of The News for the consideration of Glendale residents.

Business Property

Last Opportunity to Get In On South Brand

Pacific Electric tracks on S. Brand to be lowered to street level. Street to be paved from curb to curb. Improvements to start at once. Big advance in prices on South Brand business will take place at once. Already a number of our listings on South Brand have increased several thousand dollars. South Brand is the logical direction for Glendale's business growth. Natural trend to be toward Los Angeles which is Glendale's greatest magnet.
We have three real values to offer at old prices. These values present wonderful opportunity for handsome profits at quick turn-over. Unusual terms for business property.
We have a corner 3 blocks from Broadway on Brand, 50 ft. frontage—the best corner buy in Glendale, \$14,000, \$3000 down and long terms on balance. That surely has an appeal to the quick profit taker. Imagine where the price will go on that one with the Brand improvements.
An inside 50 feet adjoining for \$10,000.
A 50 ft. lot with dandy house for \$12,000, only five blocks from Broadway; will rent for \$50.
We also have a corner on Colorado and Brand at \$150,000.
The first glance will convince you, Mr. Profit-Taker, that you are the rightful owner. The only thing between yourself and a nice little five to ten thousand profit this fall is your "John Henry."
Give us a ring on the phone or drop in at 508 South Brand boulevard, and while you are making out your check we will tell you of a few conditions that will make South Brand the ultimate business center of Glendale.
"TIME TO BUY"
Reg. U. S. Pat. Off.

Bolens Entertain Guests on Week-End

Mr. and Mrs. John L. Bolen of Verdugo Woodlands entertained as their guests Mrs. Gertrude Clow, an old friend from Chicago, and her brother, Josef Swickard of Los Angeles. Mr. Swickard portrayed one of the leading characters in the picture, "The Four Horsemen of the Apocalypse." Other guests present included Mr. and Mrs. Ben F. Bolen and daughter Beatrice of Tujunga and Mrs. Sam Thompson of Toronto, Canada.

Manuel Herrick Is Running Poor Third

EMID, Okla., Aug. 2.—Manuel Herrick, self-styled "aerial daredevil" of congress, was running a poor third on returns compiled this morning in the primary election for the Republican nomination for congress in the Eighth district. Herrick is seeking a re-nomination. With many of the rural districts still to be heard from, Judge Milton C. Garber with 3638 votes, was leading; Charles G. Swindall was second with 2750, and Herrick was third with 1382.

John Black Continues His Fight for Life

SAN JOSE, Cal., Aug. 2.—John Black, famous professional golfer, continued today his remarkable fight for life at Columbia hospital, where, despite the development of serious internal injuries, in addition to concussion of the brain, surgeons accorded him a good chance for recovery. It was said today he had passed a fairly good night and that his attendants were much encouraged. Mrs. Black has been constantly at his bedside since the automobile accident which caused his injuries. Twice he has regained consciousness long enough to smile at her.

Eagle Rock Fire

The recent fire in Eagle Rock should cause every family to consider the matter of insurance. Supposing your house or furniture was to be destroyed by fire today, would you stand the loss or are you fully insured in a reliable company that pays losses promptly? There is a great difference in insurance companies, but many do not know in what company they are insured, whether it is reliable or not; and to them one company is as good as another—until they have a fire. The best is the cheapest. One of the best, oldest and strongest companies in the world is the

Real Spirit of '65 Advertisers Meeting

Adding real color to The Evening News' recent request for Civil War and Abraham Lincoln remembrances, strains from a fife and drum corps echoed through the down town section Wednesday, bringing back the real spirit of '65. And there wasn't any camouflage either, for they were a group of the "Old Guard," traveling around town in a big red truck bearing the sign, "Hiram Johnson for Senator. Speaks at the High School Tonight." Wonder if any of them ever voted for Lincoln?

Only Congresswoman Secures Nomination

OKLAHOMA CITY, Okla., Aug. 2.—Alice M. ("Aunt Alice") Robertson, Republican of Muskogee, Okla., only woman in congress, was nominated for re-election by a substantial majority, according to returns counted up to 7:30 o'clock this morning. One of the features of Oklahoma's primary contest was the apparent victory of Mayor J. C. Walton of Oklahoma City for the nomination for governor. Walton, the former labor-reconstruction candidate, had what appeared to be a safe lead over R. P. Wilson, state superintendent of schools, who was said to have had the backing of the K. K. K., and Thomas H. Owen, the "conservative" candidate. "My victory" said Walton, "is a repudiation of the capitalistic press."

**SCHOOL SITUATION IS OUTLINED TO ASSOCIATION**

**Foothill Improvement Club Discusses Various Problems of N. W. Section**

(Continued)  
 into operation and so determine whether or not it is practical. If it is found to be satisfactory, it is probable that the Federation will work toward the securing of such a system for the whole of Glendale.

**Three Bond Projects**  
 Richard B. White, superintendent of the elementary school system of Glendale, was then called upon. He spoke of the three bond propositions which are to be included in the primary ballot. All three, he said, calling for the improvement of streets adjacent to schools and other public buildings, for the enlargement of the city hall, and for the construction and maintenance of a public comfort station in the center of the city area.

Speaking of the present school situation, Mr. White described Glendale as a boy between the ages of 12 and 15, who is growing too large for his clothes before he can wear them out.  
 "The trouble with our school system here," he stated, "is that it is organized on a village, rather than a city plan. That was all right when Glendale was a village and couldn't afford to put in her own high school and other necessary institutions but now she has outgrown the system."

**For Junior High School**  
 Declaring that boys and girls in the adolescent period, between 12 and 15 years of age, should be by themselves, rather than with younger or older children, Mr. White advised the establishment of a school system by which the child would go six years to elementary school, three years to junior high school, and three years to senior high school. He presented a large number of arguments in favor of the junior high school idea.

"Now is the time for us to reorganize our school system in Glendale," he declared, "before we have spent \$600,000 or a million dollars in establishing a plant which will not be just what we need."  
 After Mr. White's address President Botsford turned the chair over to Vice President Alexander Mitchell, stating that as he, the president, was interested in one of the high school sites now under consideration in the west end of Glendale, he could not properly preside while the discussion was going on.

**Committee Makes Report**  
 The report of a committee on a high school site for the west side was called for. Three sites had been considered, it was stated, and the location and size of these tracts were given. One was twenty-five acres, at a price of \$50,000, one was fifteen acres for \$70,000, and the other twenty acres at a price of \$90,000.

After considerable discussion it was decided that the association would not go on record as favoring any of the sites above the others, but that the school board should be asked to select and purchase a site for a high school or junior high school, to be erected in the west side when the need becomes great enough. Many of those present declared that they would fight the additional high school bond issue unless the school board provided for this west side high school.

The erection of a section house for Mexicans on the Burbank line of the Pacific Electric railway was discussed, and a resolution was passed protesting against the action of the electric line and making provision for a committee to take up the matter with the Pacific Electric.

The resignation of Treasurer James Conner, made necessary because of other affairs which prohibited his being able to attend the meetings, was accepted and a vote of thanks tendered to the retiring officer for his work in the past. G. R. Postle was elected to the office.

The next meeting of the organization, announced Mr. Mitchell, will be held in the new Grand View school on the first Tuesday night of September.  
 E. D. Yard offered a petition to be presented to the railroad commission, requesting the restoration of depot facilities on the ground at Milford and San Fernando road, which was deeded to the Southern Pacific railroad in 1888 for station purposes. A motion was carried that the president and secretary of the association sign the petition, which, after receiving signatures from officers of the other local associations, should be presented to the railroad commission.

Before the meeting adjourned a vote of thanks was given to the school board and to Mr. White for their work in presenting for the consideration of the association, the present school situation, its needs and the proposed relief.

**Four Bungalows for Schools Being Built**  
 Construction of four bungalows for the grammar school system is now being supervised by Contractor Elmer Elliott of 612 East Elk street. His bid of \$832.50 for each building was accepted recently. These bungalows will be attached to the Doran, Colorado, Broadway and Central schools. They will have no foundations and all interior finishing will be done at the expense of the school board.

**SUBSCRIPTION FOR LOWERING TRACK IS COMPLETE**

**S. Berman With His Aids Finish Big Task; Agreement Given in Full**

(Continued)  
 such work upon the terms and conditions and in consideration of the payments hereinafter set forth to be made by said property owners;

**To Lower Tracks**  
 "Now, therefore, it is hereby agreed that said Railway Company shall and will at its own expense, provided that no more than the aggregate sum of one thousand dollars (\$1000.00) is assessed against its right-of-way for the said paving of Brand boulevard, lower its said right-of-way and its tracks thereon between the limits aforesaid, so that the surface of the ground and the tops of the rails of said tracks shall conform to the established grade of the said roadway on Brand boulevard on either side thereof, and that said Railway company will at the same time pave its said private right-of-way and tracks, between the limits aforesaid, with a substantial oiled macadam pavement, making said improvement similar in all respects to that heretofore constructed on the right of way of said railway company between California street and Colorado street in said city. Said work shall be commenced as soon as the time for filing protests against the assessment for said paving of Brand boulevard has expired, or if any such protests are filed, as soon as they are disposed of. The council of the city of Glendale may for good cause extend the time for commencement of said work."

"The said property owners in consideration of the benefit which will accrue to their several properties from said work to be done by said railway company, do hereby severally agree each for himself, that on or before the time herein fixed for the commencement of the said work to be done by said railway company, do hereby pay to the said trustee the several sums of money hereinafter stated after their respective names, and that said sums shall be paid by said trustee to said railway company as soon as it has completed the work of lowering and paving aforesaid. Said property owners further agree that they will not protest against an assessment or assessments for no more than the aggregate sum of one thousand dollars (\$1000.00) on said right-of-way of the railway company for the said paving of Brand boulevard."

**Final Agreement**  
 "It is agreed that if the total sum of ten thousand dollars (\$10,000) shall not have been subscribed by property owners signing this agreement on or before August 1, 1922, or if said total sum shall not be paid to said trustee by said subscribers on or before the time herein fixed therefor, this agreement shall become void and said trustee shall return all sums paid to it to the respective parties who paid the same; and that if said railway company shall not begin the said work to be done by it within the time herein specified therefor, or any extension thereof, any property owners whose subscriptions amounting to more than half of the total amount hereby subscribed, may by written notice to the trustee, declare this agreement void, and thereupon said trustee shall return all amounts paid to it to the respective parties who paid the same."

"In witness whereof said railway company and said trustee have caused this agreement to be executed by the duly authorized agents, and each of the said property owners has duly executed this agreement and set after the name of such property owner to be paid by such property owner, as aforesaid."

**Reduction In Prices On Studebaker Cars**

When you motor, why not ride in a Studebaker, particularly when you can do so at slashed prices. To justify this statement they give a list of tempting prices all f. o. b. Glendale, which includes Light Sixes, Special Sixes and Big Sixes. A further attraction offered is that the Packer company is ready at all times to demonstrate just what a Studebaker can do and all the prospective buyer has to do is call Glendale 234. Here is the list of slashed prices:

Light Six touring, new price, \$1,190; old price, \$1,275; Light Six roadster, new, \$1,190; old, \$1,275; Light Six coupe, new, \$1,450; old, \$1,615; Light Six sedan, new, \$1,795; old, \$1,995.  
 Special Six roadster, new, \$1,495; old, \$1,695; Special Six touring, new, \$1,525; old, \$1,745; Special Six roadster, new, \$1,525; old, \$1,745; Special Six coupe, new, \$2,195; old, \$2,495; Special Six sedan, new, \$2,375; old, \$2,695.  
 Big Six touring, new, \$1,935; old, \$2,000; Big Six speedster, new, \$2,075; old, \$2,295; Big Six coupe, new, \$2,650; old, \$2,895; Big Six sedan, new, \$2,850; old, \$3,095.

A light purse makes a heavy heart.

**Dan Campbell Home Scene Of Old-Fashioned 'Feed' and Social Session**

(Continued)  
 of 612 East Broadway and Dr. Jessie Russell of 208 South Brand boulevard, as the only women present, should be accorded the honor. Both pleaded inexperience.

**Must Have Experience**  
 "I really think it would be economy of time not to wash the dishes here until they are all dirty," remarked Richardson D. White, superintendent of schools.

Contractor Peter L. Ferry of 614 East Acacia avenue, who has just returned from the Boy Scout camp on Catalina Island, admitted that he had accidents of experience during the past ten days at washing—one dish, one cup and one fork and one spoon.

As a result of the discussion, which was the most serious of the evening, Mrs. Tight and Dr. Russell remained upon the porch to admire the scenery while the men made a backline for the kitchen. This became so crowded, however, that Mr. Hollister and Mr. Ferry both agreed that possibly the scenery did need a little more attention.

Mr. White showed his efficiency by putting on a kitchen apron immediately and going right to work. J. A. Newton of the Newton Electric company spent no time in bemoaning the lack of an electric dish washer, but got busy immediately with a towel. Jesse E. Smith, who had driven up in his blue-wheeled Ford "chop" just in time to grab the last beefsteak stood behind the "firing line" and bossed the gang. C. W. Ingledue of the Glendale Market, 632 East Broadway, also made himself useful.

**Search for Hot Water**  
 At Mr. Campbell's suggestion the left faucet was used. Complaints were heard that there was no hot water. Kettles were fetched from the stoves although the hot water boiler was quite warm.

"Are you sure that's the right faucet?" inquired Mr. Newton. "According to standard plumbing the hot water faucet is usually the one to the left."

Mr. Campbell confessed his ignorance and plenty of hot water was found on tap—in the other faucet. The incident was the cause of a good laugh by everyone. However, in spite of this delay the dishes were washed in record time and Mr. Campbell, who had been off changing his collar, insisted that the labor was the cheapest he had ever hired.

About the time the dishes were finished, Mr. Sanders returned to report that he had had no luck in rounding up more directors. The party thereupon broke up after inviting Mr. Campbell to repeat the party any time he felt disposed and the sooner the better.

**Robert H. Midcalf and Wife on Visit**

Mr. and Mrs. Robert H. Midcalf arrived last week from Honolulu for a three-months' visit with relatives. While here they will be guests of Mr. Midcalf's sisters, Mrs. H. L. Redd of 214 East Garfield avenue, Mrs. F. O. Haskell of 656 West Broadway, and Mrs. R. E. Heister of Los Angeles. Mr. and Mrs. Midcalf are planning to leave the latter part of the week for a visit with Mrs. Midcalf's parents, Mr. and Mrs. John Fletcher, at San Bernardino. It has been six years since Mr. and Mrs. Midcalf visited in Glendale and they are greatly surprised over the growth of the city.

**THEY GROW THIRSTY**

LOS ANGELES, Aug. 2.—Long drawn choruses of parched throats today when prohibition authorities poured 1200 gallons of contraband wine, gin, whiskey and brandy into a Los Angeles sewer in front of the federal bonded warehouse in Commercial street.

Do not ship all in one bottom.

**Petition Being Circulated Among Property Owners Through District**

(Continued)  
 gas. There is no police or fire protection, and the place is a haven for burglars. We have had five or six robberies in the district in the past two weeks. The Glendale police and fire departments answer calls from that section, but only out of courtesy, for technically they cannot be expected to serve us."

City Manager William Reeves, while stating that the annexation of Casa Verdugo would bring no special benefit to Glendale, believes that such action would immensely benefit the section itself.  
**Desirable Action**  
 "It is a highly desirable action," he stated, "looking at it from the viewpoint of residents there. There is no inducement for Glendale merely to absorb Casa Verdugo, and we are not trying for anything like that. If the residents of Casa Verdugo decide to come in, we will welcome them."  
 "As far as the question of the Mexican laborers is concerned, the city can and will solve that problem if the district is joined to us. There are several methods of getting rid of the nuisance, and if no other way should succeed, we can simply condemn the land for public purposes and make them move out. Such drastic action, I believe, would not be necessary, but I can assure you that if Casa Verdugo becomes a part of Glendale we will get rid of that and any other objectionable features which would be within the power of the city to eliminate."

**Various Improvements**  
 "Among the benefits which the section would experience is the ability they would have, as citizens of Glendale, to make street improvements as they wish. Then the water and electric rates would be lower, and the water meter installation rate would also be reduced."

Peter Diederich, city superintendent of light and water works has explained some of the differences in rates for water and electricity both in and out of the city. Of a 1/2 inch water meter, for instance, the installation charge in the city is \$20 and in the county \$40. The larger size meters cost more in proportion. Water in the city through a 1/2 inch meter is \$1 for the minimum or first 600 cubic feet, 7 cents per 100 feet for the next 10,000, and 6 cents per 100 feet for water over 10,600 cubic feet. Outside the city the rate is \$1.50 for the minimum or first 600 feet and 10 cents per hundred for all water over that amount. These figures are for water through the 1/2 inch meter, the rate on larger meters being correspondingly higher for the minimum.

**Some More Figures**  
 Electricity in the city costs 80 cents for the first 7 kilowatt hours or minimum, 5 cents per kilowatt hour for the next 200, and 3 cents for all over that. Outside the city it costs \$1.40 for the first 14 KWH or minimum, 9 cents for the next 36, 8 cents for the next 150, and so forth.  
 It is also said that fire insurance is now \$1 per \$100 for 3 years in Casa Verdugo, and that if the section entered the city, the rate would be lowered to 80 cents. It is the intention of Captain Kelly, Mr. Conger, H. H. Harris and other interested residents to call a mass meeting for the near future and arrive at some definite decision about annexation.

**FIRST MAN WAR KILLED**

The first man killed in the world war was Corporal Jules Peugeot, a Frenchman. A monument to him is unveiled with elaborate ceremonies. Jules was twenty-one years old, in the flower of his manhood when a German bullet carried him into eternity. He was typical of the toll of war—young, promising, ambitious, "the best of the lot." That is the kind of man the war god loves."
