10 year Wikipedia

A photograph of a concert performance in a church. A woman in a teal dress stands on a stage, singing into a microphone. To her left, a pianist is seated at a grand piano. In the foreground, the backs of several audience members are visible as they sit in wooden pews. The church interior features a wooden pulpit with a book and a chalice, and a large globe decorated with various symbols and characters. A sign with numbers is visible on the right wall.

Wiki

Da Wikipedia, l'enciclopedia libera.

Un **wiki** è un **sito Web** (o comunque una collezione di **documenti ipertestuali**) che viene aggiornato dai suoi utilizzatori e i cui contenuti sono sviluppati in **collaborazione** da tutti coloro che vi hanno accesso. La modifica dei contenuti è aperta, nel senso che il testo può essere modificato da tutti gli utenti (a volte soltanto se registrati, altre volte anche anonimi) procedendo non solo per aggiunte, ma anche cambiando e cancellando ciò che hanno scritto gli autori precedenti. Ogni modifica è registrata in una cronologia che permette in caso di necessità di riportare il testo alla versione precedente; lo scopo è quello di condividere, scambiare, immagazzinare e ottimizzare la conoscenza in modo collaborativo. Il termine *wiki* indica anche il **software collaborativo** utilizzato per creare il sito web e il server.

Wiki, in base alla sua **etimologia**, è anche un modo di essere.
