CALIFORNIA'S CHOICEST FLOWER SEEDS—SINCE 1890

El Monte, Los Angeles County, California, U. S. A.

January 15, 1932.

Dear Sirs:

In presenting our Contract Prices and General List for the season of 1932, we are pleased to advise growing conditions are exceptionally favorable at this time. We have had a series of rain-storms which seem to indicate the return of normal growing seasons in California. All early planted crops are up and look promising. This is indeed a welcome change after the abnormal weather conditions of the past few years, when flower seed growing in California has been a difficult and hazardous undertaking.

In the season just past, Asters have suffered most from the long period of excessive heat during the flowering season. Nevertheless, we have been able to carry on our work in producing Wilt Resistant strains, for which there is a rapidly increasing demand.

It is generally conceded we have been leaders in Aster production for the past twenty years. During that time we have introduced to the trade many improvements and novelties, which are today gracing the markets of the world. We consider our new Wilt Resistant strains our most important contribution.

We are taking many precautions to guard against such shortages in Asters as we have experienced in the past season. If the year is anywhere near normal, we confidently believe we shall be able to fill our share of the prodigious demand for this popular annual.

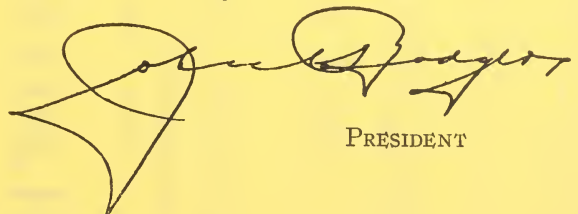

The general outlook in the seed trade has caused us to plant rather conservatively along general lines. We wish to take good care of our customers, but do not plan for a surplus. In accordance with present economic conditions we have lowered many of our prices, at the same time sparing no care to serve our customers with the same high quality as in the past. We earnestly believe that closer co-operation between producer and distributor is necessary, not only to conserve capital but to stabilize prices. If you can find time in the near future to make a careful estimate of your probable needs, and will then place early contract orders for at least a part of your requirements, we think it will be to our mutual benefit.

Thanking you for your liberal patronage in the past season, and hoping for mutual prosperity in the coming year, we are

Yours very truly,

BODGER SEEDS, LTD.,

By

PRESIDENT

N. B. The enclosed price-list is for 1932 crop. Please refer to 1931 general and novelty lists in ordering for immediate delivery. We are in a position to fill additional orders on everything excepting Asters at the present time.

BODGER'S

Unrivalled Flower Seeds

We take pleasure in presenting to our customers this season an extensive price list, covering Flower Seeds for florist and general use.

All of the old favorites are included, as well as novelties, and this year we have added various sorts of Flower Seeds not previously grown in the United States, to accommodate those of our customers who wish to entrust us with a general order.

"GROWING OUR OWN"

It is our policy to grow our own FLOWER SEEDS, personally, on our own land. We are nearer to the complete realization of this ideal today than we have ever been before. Besides our large acreage at El Monte, we have established a growing station at Lompoc, California, where we grow Sweet Peas and many spring annuals which thrive in that locality.

The advantage of this concentration of effort and consequent elimination of conflicting standards is incalculable. To this policy of "Growing Our Own," we lay our reputation for reliability, and such distinction as we have gained in the field of floriculture.

OUR GOLD MEDAL DAHLIA FLOWERED ZINNIAS

The Royal Horticultural Society of England recognized our DAHLIA FLOWERED ZINNIA as a distinct advance in flower culture, by the granting of an "Award of Merit" for the strain and a Gold Medal for the group exhibited in the London Show in July, 1924. This recognition came as a culmination of ten years of effort to improve and popularize the Zinnia.

We take this opportunity to thank our many friends for their liberal patronage during the past season. We earnestly hope that the quality of our seed and the prompt SERVICE which we are endeavoring to extend to all will warrant a continuance of this support.

— A Generation of Service —

Novelties

We have the pleasure of introducing to the trade a very unique novelty, Bodger's new *Nasturtium Golden Gleam*, a double *Nasturtium* of a very pleasing golden yellow that comes true from seed and carries a very pleasing odor.

We are very pleased to report this novelty has been purchased by over 300 of our customers from all parts of the world, from Norway to Australia. This universal manifestation is proof to us that it is a favorite and we expect it will have a very large distribution in the season of 1932. We call special attention to this novelty.

While we consider *Nasturtium Golden Gleam* the most outstanding novelty of recent introduction, we also recommend:

Aster Improved New California Sunshine Mixed
Aster, Improved Crego Indian Summer
Calendula Yellow Radio
Eschscholtzia Double Salmon Beauty
Eschscholtzia Ramona
Eschscholtzia Ramona Golden Dawn
Eschscholtzia Ramona Hybrids
Ipomea Rose Marie
Zinnia Early Wonder Rose Pink
Zinnia Early Wonder fiery salmon cerise
Zinnia Crown O'Gold, a most striking and pleasing ensemble of pastel shades
Larkspur Carmine King
Larkspur Miss California
Larkspur Daintiness

Other novelties of real merit are as follows:

Marigold Tall Double African Prince of Orange
Marigold Tall Double African Lemon Queen
Marigold New African Guinea Gold
Marigold New Dwarf Double French Monarch Strain, Mixed
Clarkia Elegans Double Firebrand
Virginian Stock Crimson Gem
Eschscholtzia erecta Fireflame
Eschscholtzia Dazzler
Eschscholtzia Sunlight
Eschscholtzia Double Carmine Queen

Novelties of real merit are in great demand among both amateur and professional gardeners.

A catalog which offers such Novelties is always in demand. The customer is willing to pay a fancy price for something good. Such a Novelty, offered with a good photograph, brings in money. In short,

GOOD NOVELTIES BRING PRESTIGE AND PROFITS. OBEY THAT IMPULSE.

Photographs

ON ACCOUNT of the rapidly increasing demand for better photographs to stimulate the sale of the newer and more desirable flowers, both annual and perennial, we have established a photography department in our organization. We are now busy photographing good specimens of as many varieties as we can photograph at this time and will continue to do so throughout the season as the flowers come into full bloom. Before the season is over we hope to have a very large and complete line of photographs for you to select from. If you are interested in getting photographs of varieties in this list, or any other specimens, field views, landscapes, etc., we urge you to get in touch with us. We are prepared to sell the sole rights to any of our customers who may wish for their exclusive use, providing they will give us the order in advance. It is our belief this department will greatly aid our customers not only in stimulating the sale of flower seeds from year to year, but in keeping abreast of the growing demand that is made upon the seed trade by the buying public.

Price, 8x10 prints, \$1.00 each. Full credit allowed on any returned in good order within 10 days.

ASTERS have been one of our specialties for the last twenty years. By applying the most advanced scientific methods in our Experimental Grounds, we are able to keep our stocks up to the highest standard. Our firm has to its credit the originating of the **Beauty** type. We also assisted in popularizing the **Giants of California**. The name, "Tree Aster" has been applied to both these types, because of the height of the plants and the length of flower stems, which make them invaluable for cut flower use.

We grow on our own farms more than two hundred acres of Asters.

ASTERS

We specialize in the growing of Asters, having under cultivation two hundred acres devoted to this popular Annual. Each season we offer the newest and most improved types.

Wilt Resistant Strains

For several years we have been working on a strain of Asters resistant to the Fusarium wilt disease which has caused so much trouble to both amateur and professional growers in recent years. The plants may be stricken with the wilt at any stage in their growth, from the seedling to the flowering stage, and as yet no method of control has been discovered. We believe prevention through highly wilt-resistant strains is the only method of combating the disease.

For the past several years our work has been done in conjunction with the Department of Plant Pathology of the University of Wisconsin, who are also working along this line.

We are offering the following varieties of Fusarium wilt-resistant strains of Asters for distribution from crop 1932, which we believe will be practically immune to this disease, as proven in our plantings of the past few years, and hope to have a larger range for 1933. We feel sure that by using this seed many disappointments due to crop failures will be eliminated.

Early Beauty—Crimson, Lavender, White

Beauty Carmine Rose

Improved Queen of the Market—Crimson, Dark Blue, Scarlet

Giant Comet—Crimson, Dark Blue, Ruby

Royal—Azure Blue, Purple, Rose Pink

A NEW ASTER OF EXCEPTIONAL MERIT

Giant Mammoth Paeony Flowered Type

This Aster is a fine florist strain, an addition to the Beauty type. The flowers are of immense size, very double, borne on long, stout stems, quite free from laterals. They are good shippers, for they keep longer after cutting than any other Aster.

	Per oz.	Per ¼ lb.	Per lb.
-----Swansdown, pure white-----	1.50	4.00	15.00
-----Maiden's Blush, delicate flesh-----	1.50	4.00	15.00
-----Azure Fairy, clear azure blue-----	1.50	4.00	15.00
-----Peach Blossom-----	1.50	4.00	15.00

IMPROVED GIANTS OF CALIFORNIA

Characterized by the well-known Crego or Ostrich Feather type of flower, combined with the Beauty Aster's long, non-lateral branching stems and sturdy habit of growth, the California Giants Double type of Aster stands at the head of the list, not only for florists' use, but also for private gardens where quality is appreciated. The White is exceptionally large and distinctive. Peach Blossom is quite distinct from any of the other colors. It opens as a white and flushes pink when in full bloom, presenting a variety of delicate peach blossom shades on the same plant. Light Blue is an exceptionally fine florists' flower; the color, although delicate, has a sufficient degree of intensity to please the most critical eye. Rose is a very rich deep shade, similar to Aster Beauty Bright Rose. The favored florists' colors are thus fully represented.

Under date of August 21, 1927, the Horticultural Trade Journal of London, England, quotes the following on **Giants of California**:

"Bodger's California strain of Asters is ideal for growers of cut flowers; the flowers measure up to six inches across, packed with broad petals, and may be grown with stems 30 inches long. It is truly an aristocrat amongst Asters, vying with well-grown Chrysanthemums in size of flower and length of stem."

Blooming Season from early July until killed by frost.

	Per oz.	Per ¼ lb.	Per lb.
-----White, new, fine-----	1.50	4.00	15.00
-----Peach Blossom-----	1.50	4.00	15.00

-----Dark Purple-----	1.50	4.00	15.00
-----Finest Mixed-----	1.00	3.50	12.00

EARLY BEAUTY TYPE

We have noted with pleasure the steadily increasing popularity of the Beauty Aster as a florist's flower. The colors are good, and their keeping qualities unsurpassed. They are excellent shippers and are rapidly superseding American Branching for general use.

Planted at the same time this type flowers with the Crego and American Branching. Blooming season from early July until killed by frost.

-----Azure Fairy, azure blue or dark lavender-----	.75	2.50	8.00

-----White-----	1.00	3.00	10.00
-----Finest Mixed-----	.60	2.00	6.00

BEAUTY

Plants about 2 to 3 feet high, of branching habit, commencing to bloom in early August and lasting until destroyed by frost. Flowers large, borne on long and stout stems, from 18 to 24 inches. This applies to all of the Beauty Class, making them most desirable for cut flowers.

-----Azure Fairy, azure blue or dark lavender-----	.75	2.50	8.00
-----Carmine Rose (original Beauty introduced)-----	.75	2.50	8.00
-----Crimson-----	.75	2.50	8.00

----- White, passing to rose-----	2.00	6.00
----- White-----	2.00	6.00
----- Finest Mixed-----	1.75	5.50

Royal

These are dwarf, branching, about two and a half feet high. Flowers of the branching class, coming into bloom directly following the Queen of the Market.

----- Azure Blue or Dark Lavender-----	2.00	6.00
----- Purple, deep purple-----	2.00	6.00
----- Rose Pink (Lavender Pink)-----	2.00	6.00
----- Deep Rose-----	2.00	6.00
----- Shell Pink-----	2.00	6.00
----- White-----	2.00	6.00
----- Finest Mixed-----	1.75	5.50

MID-SEASON FLOWERING VARIETIES

NEW ASTER Indian Summer

We are fortunate in being able to introduce a new Aster of distinctly Crego type, the blooms measuring 4½ to 5 inches in diameter. Its color is identical with the favorite Continental color, Cinnabar. The flowers are very double, with attractively curled and twisted petals. We recommend this as a worthy addition to the Crego collection.

Per oz., \$1.00 Per ¼ lb., \$3.50 Per lb., \$12.00

Improved Crego

Plants robust, about two feet high, branching habit. Flowers large, double and well formed, of the Comet type, making a fine variety for all purposes.

----- Cattleya, orchid (new), fascinating-----	2.50	8.00
----- White-----	2.50	8.00
----- Pink, shell pink-----	2.00	6.00
----- Crimson-----	2.00	6.00
----- Azure Blue-----	2.00	6.00
----- Lavender-----	2.00	6.00
----- Dark Violet or Royal Purple-----	2.00	6.00
----- Deep Rose-----	2.00	6.00
----- Purple or Dark Blue-----	2.00	6.00
----- Rose Pink (lavender pink)-----	2.00	6.00
----- Shell Pink-----	2.00	6.00
----- Finest Mixed-----	1.75	5.50

IMPROVED NEW GIANT CALIFORNIA SUNSHINE

Finest Mixed

This wonderful Aster is a decided improvement over the old California Sunshine, especially for florists' use. The clear and beautiful colors are varying shades of Enchantress-pink, Appleblossom, Deep Rose, Blue and Lavender. A dual-tone effect is obtained through contrasting light-yellow and blue centers. The outer or guard petals are somewhat loosely placed, creating an airy, lace-like effect which is altogether charming.

The flowers measure four to five inches across, with heavy stems fully eighteen to twenty inches long. We strongly recommend its adoption in place of the older type, both for florists' use and as a garden variety.

Per oz., \$1.75 Per ¼ lb., \$6.00 Per lb., \$20.00

Ostrich Feather

We consider these the finest of the Comet or Ostrich Feather class having long, full, fluffy flowers. Plants about 2½ feet high, branching habit and robust in growth.

	Per ¼ lb.	Per lb.
----- White, turning to Sky Blue (dwarf)-----	2.00	6.00
----- Cinnabar, very dwarf, for border work-----	2.00	6.00
----- Crimson-----	2.00	6.00
----- Dark Blue or Purple-----	2.00	6.00
----- Deep Rose-----	2.00	6.00
----- Light Blue, azure blue-----	2.00	6.00
----- Rose Pink (Lavender Pink)-----	2.00	6.00
----- Shell Pink-----	2.00	6.00
----- Sky Blue-----	2.00	6.00
----- White-----	2.50	8.00
----- Finest Mixed-----	1.75	5.50

Upright Branching

Plants erect in growth, 2 to 3 feet high. Branches short and erect. Flowers large and like the late branching.

We call special attention to Deep Rose as a good variety for florists' use. Many visitors interested in picking out good cut flowers selected this from our fields last year. The stems are long and the flowers attractive.

----- Crimson-----	2.00	6.00
----- Deep Rose, fine for cut flower-----	2.00	6.00
----- Flesh Pink or Pink Enchantress-----	2.00	6.00
----- Purple-----	2.00	6.00
----- Rose Pink (Lavender Pink)-----	2.00	6.00
----- White-----	2.00	6.00
----- Finest Mixed-----	1.75	5.50

Astermum

Plants about 2 feet high, upright branching habit. Flowers large, double, well-formed Comet class and a little earlier than Giant Comet.

----- Lavender or Azure Blue-----	2.00	6.00
----- White-----	2.00	6.00
----- Rose Pink, malmaison pink-----	2.00	6.00
----- Finest Mixed-----	1.75	5.50

ASTERS—Continued

Mikado or Rochester

Improved Crego is far superior to the Mikado type both in regard to quality of flowers and length of stem. We therefore recommend using the Crego type.

MISCELLANEOUS VARIETIES

Aurora

	Per oz.	Per ¼ lb.	Per lb.

-----Silvery Rose-----	2.00	6.00
-----White, Extra Select, long stems-----	2.50	8.00
-----Finest Mixed-----	1.75	5.50

ASTERS—Continued

Single Type

Single Giants of California

This wonderful Aster was developed from the Double Giants of California type. The flowers are large, measuring three to four inches across, with stems 18 to 24 inches in length. The petal has a slight twist, which adds a piquant touch to its beauty. The white blossoms resemble Shasta Daisies in appearance, but their greater length of stem makes them more graceful and better adapted to florists' use. In the garden, the Single Giants of California add a charming note of simplicity among the fuller types of Asters. We believe this new, single type of Aster is destined to become very popular.

ZINNIAS

**Bodger's
Gold
Medal
Dahlia
Flowered**

In July, 1924, the Royal Horticultural Society of England granted an "Award of Merit" for the strain, and a **Gold Medal** for the group of Dahlia Flowered Zinnias exhibited in the London Show. This official recognition of the strain meant much to its originator, our late president, John Bodger, who had put forth the best efforts of his last years in perfecting this type.

A silver medal awarded by the Royal Horticultural Society in August, 1927, is evidence that the Dahlia Flowered Zinnia is maintaining its place among worth while strains.

In 1930 the Belgian Horticultural Society awarded us a Gold Medal and a second exhibition in 1931 brought us a second Gold Medal, making four in all since 1924. Many awards and special prizes from other countries of late is proof of the universal satisfaction Bodger's Zinnias are giving.

The large size, fullness of petals, extraordinary color range, and good keeping qualities of this flower have all contributed to its popularity. It is easily grown, and keeps well when cut. It is at present immune from disease. Equally good as a garden flower and as a florist's specialty, its popularity should increase with years. It has been truthfully called "A NEW FLOWER FOR THE PEOPLE."

The following varieties are reselected, field-grown stock and are greatly improved over previous offerings; the first three varieties are new, others arranged as to popularity, Exquisite still heading the list of original introductions.

	Per oz.	Per ¼ lb.	Per lb.
.....	.80	2.50	8.00
.....	LUMINOSA—This is an entirely new shade in Zinnias—a charming shade of bright deep pink, with a light suffusion of salmon.		
.....	EL DORADO—A fascinating shade of rose on deep salmon which does not fade in the sun.		
.....	OLD GOLD—Glowing, burnished deep and lighter shades of old gold.		
.....	EXQUISITE—By far the most pleasing of our collection. Truly DAHLIA flowered as regards form and size. Color light rose with center a deep rose.		
.....	CRIMSON MONARCH—By far the largest and best of the red shades. Flowers often eight inches in diameter. Plants very vigorous. A marvelous production of extraordinary merit.		
.....	GOLDEN DAWN—A beautiful golden yellow of immense size and good form. Very attractive.		
.....	CANARY BIRD—A delicate shade of primrose—very large and holds its color well until out of bloom.		
.....	ORIOLE—We consider this the most beautiful of its class. It is an immense orange and gold bicolor, changing slightly as it ages, but at all times worthy of the beautiful bird for which it is named.		
.....	DREAM—A fine, deep lavender, turning to purple—a new, desirable shade in Zinnias.		

ZINNIAS—Gold Medal Dahlia Flowered—Continued

- SCARLET FLAME—A large, beautiful, bright scarlet, with a delightful blending of orange throughout the petal. This is not a bicolor.
- PURPLE PRINCE—A fine, deep purple, large and well-formed.
- OLD ROSE—This is adequately described by its name, as it is of the real Old Rose Shade; it is large, and for charm and beauty we consider it ranks next to Exquisite.
- ILLUMINATION—Similar to Exquisite, but a striking self color of deep rose. (Tyrian Rose).
- GOLDEN STATE—A very rich orange yellow. Yellow in the bud, turning to an attractive orange when in full bloom.
- GIANT ATTRACTION—A distinct shade of brick red, which forms an immense ball of color when in full bloom.
- POLAR BEAR—A very large pure white, the best white yet seen in Zinnias. True Dahlia form.
- METEOR—A rich, glowing deep red and the darkest of all the red shades. Fine form, with good depth of petal. Very large and more floriferous than other reds.
- LEMON BEAUTY—This is next to Crimson Monarch in size and form. It may be described as a golden yellow on brown. Decidedly a pastel shade, and should be in every collection.
- YOUTH—A soft shade of light flesh.

-----SPECIAL GOLD MEDAL MIXTURE—

	Per oz.	Per ¼ lb.	Per lb.
A well blended mixture containing all the above novelties-----	.70	2.00	7.00

-----ALL COLORS MIXED—While this mixture may not contain such a variety of colors as the Special Mixture, its color range is very good; it has been thoroughly rogued in the field for type and size of flower-----	.50	1.50	5.00
---	-----	------	------

CROWN O' GOLD MIXTURE

This aristocrat among Zinnias retains its place as an outstanding novelty.

Each petal of the flower is overlaid with a deep golden yellow at the base, while carrying out the individual flower color at the tip. The color range includes the popular florist shades: Old rose, cream, yellow, carmine red, pink, etc.

Per Oz., \$1.00

Per ¼ Lb., \$3.00

Per Lb., \$10.00

ZINNIAS—Continued

GIANT MAMMOTH TYPE

or California Giants

We introduced this type in 1926, being convinced it was a type that would become a favorite. This is a mutation from the Dahlia Flowered type and the general approval in the past has encouraged us to go further into the development of this for florists' and general use. The great advantage of this type is that the very large flowers are of enormous size and flat, getting away from the conical type of the Giants and eliminating the stiffness that has been so objectionable in Zinnias in the past. The flowers from the time they open are attractive, making them a good cut flower from the early bud until they are in full bloom. They are twice the size of the ordinary Giants.

	Per ¼ lb.	Per lb
-----Daffodil (new) canary yellow -----	3.00	10.00
-----Brightness, (new) bright, deep pink-----	2.00	6.00
-----Cerise Queen, beautiful cerise rose-----	2.00	6.00
-----Enchantress, color same as Exquisite in Dahlia, Flowered type-----	2.00	6.00
-----Grenadier, (new) bright, dark red, similar to Meteor in Dahlia Flowered-----	2.00	6.00
-----Lavender Gem, (new) similar to Dream in Dahlia Flowered-----	2.00	6.00
-----Golden Queen (Lemon Queen), golden lemon-----	2.00	6.00
-----Miss Wilmott, soft pink-----	2.00	6.00
-----Orange King, cadmium or orange scarlet-----	2.00	6.00
-----Orange Queen, golden orange-----	2.00	6.00
-----Purity, white-----	2.00	6.00
-----Rose Queen, striking bright rose-----	2.00	6.00
-----Salmon Queen, (new) fine salmon rose-----	2.00	6.00
-----Scarlet Gem, glowing scarlet-----	2.00	6.00
-----Violet Queen, (new) color similar to Purple Prince in Dahlia Flowered-----	2.00	6.00
-----Finest Mixed-----	1.25	4.00

PICOTEE TYPE

The Picotee Zinnia, introduced by us in 1919 differs from other types in that each petal is outlined by a contrasting color which harmonizes with the body of the flower. The form and color range are similar to the Giant type, but the size is between the Giant and Pumila types. They are useful to provide variety in that portion of the garden devoted to Zinnias, but they are especially adapted for use as cut flowers. They reproduce about 70% true.

-----Golden Pheasant—Gold ground tipped with maroon-----	2.50	8.00
-----Lemon Queen, Lemon tipped chocolate-----	2.50	8.00
-----All colors mixed, including new colors from white to scarlet-----	2.00	6.00

ZINNIAS—Continued

QUILLED TYPE

	Per ¼ lb.	Per lb.
-----Victory Choice Mixed—including several new colors; this variety has been greatly improved in size and range of color this year-----	2.00	6.00
-----Achievement, Mixed-----	2.00	6.00

DOUBLE GIANTS

(Improved Grandiflora Robusta)

The Giants are still very popular on account of their bright colors. For those who do not wish to list all the various shades we have picked out the 15 most popular colors and best all-around favorites of this type, as follows:

-----Bright Rose-----	1.25	4.00
-----Buttercup-----	1.25	4.00
-----Burnt Orange-----	1.25	4.00
-----Canary Yellow-----	1.25	4.00
-----Crimson, best red-----	1.25	4.00
-----Deep Flesh-----	1.25	4.00
-----Deep Rose-----	1.25	4.00
-----Deep Salmon Rose-----	1.25	4.00
-----Faust, (new) blackish-maroon shade-----	1.25	4.00
-----Golden Yellow-----	1.25	4.00
-----Isabellina, buttercup yellow-----	1.25	4.00
-----Purple-----	1.25	4.00
-----Salmon-----	1.25	4.00
-----Scarlet-----	1.25	4.00
-----White-----	1.25	4.00

Other Colors and Mixtures:

-----Cardinal-----	1.25	4.00
-----Lavender-----	1.25	4.00
-----Light Canary (apricot yellow) Distinct from Canary and Buttercup. Very desirable-----	1.25	4.00
-----Rose King-----	1.25	4.00
-----Ruby Red-----	1.25	4.00
-----Violet-----	1.25	4.00
-----Special Mixture of finest colors, including many trial ground varieties not contained in the regular mixture-----	1.25	4.00
-----Special Mixture All Pink Shades. (This is a special mixture from our trial grounds, intended for florists' use.)-----	1.25	4.00
-----All Colors Mixed, well balanced, per 100 lbs., \$200.00-----	.75	2.50

**PUMILA PICOTEE DELIGHT
SALMON ROSE**

This is an extra select strain of deep salmon rose. Great care has been taken in selecting only the best "Delight" types with curled petals and Picotee markings. We highly recommend this novel Zinnia as the best florists' cut flower on the market today and something that will sell on sight.

Per Oz., \$1.00 Per ¼ Lb. \$3.50 Per Lb. \$12.00

DELIGHT FINEST MIXED

The assortment of colors in Delight Finest Mixed is most pleasing for both florists' and general garden use. Included are salmon shades, cream, buff, biscuit, golden yellow and lavender.

Per Oz., \$1.00 Per ¼ Lb., \$3.00 Per Lb. \$10.00

**Elegans Pumila Dwarf Double (Cut and Come Again)
The Best Bedding Variety**

	Per ¼ lb.	Per lb.
-----Pinkie, rose pink (new)-----	2.50	8.00
-----Bright Scarlet-----	1.00	3.00
-----Canary Yellow-----	1.00	3.00
-----Carmine Red, dwarf-----	1.00	3.00
-----Crimson-----	1.00	3.00
-----Flesh-----	1.00	3.00
-----Golden Orange-----	1.00	3.00
-----Salmon Rose, a pleasing shade used by florists in basket work-----	1.25	4.00
-----Snowball, White-----	1.00	3.00
-----Violet-----	1.00	3.00
-----All Colors Mixed-----	.60	2.00

EARLY WONDER

The first of a new race of dwarf, early flowering Zinnias, producing masses of Pumila type flowers on long stems.

	Per oz.	Per ¼ lb.	Per lb.
-----Fiery salmon cerise pink-----	1.00	3.50	12.00
-----Rose pink-----	1.00	3.50	12.00

CORNUCOPIA MIXTURE

An odd and unique type of Zinnia. Each petal forms a small cornucopia, giving the flower the appearance of a small pompon Dahlia. The colors are pink, rose, yellow and buff.

Per Oz., \$0.85 Per ¼ Lb., \$3.00 Per Lb. \$10.00

Elegans, Tall Double

-----Finest Mixed, per 100 lbs., \$175.00-----	.60	2.00
-----Curled and Crested, reselected finest mixed-----	1.25	4.00
-----Striata, finest striped mixed-----	1.25	4.00
-----All Sorts Mixed, per 100 lbs., \$150.00-----	.60	2.00

ZINNIAS—Continued

Bodger's Improved Lilliput, Pompons or Baby Zinnias

In recent years we have devoted much time to reselecting and "trueing up" this type of Zinnias, with the result that they are replacing the Dwarf Pumila type for bedding and cut flower purposes. Salmon Rose, Rosebud and Crimson Gem are especially useful to florists. We recommend the following collection, all distinct colors.

	Per ¼ lb.	Per lb.
----- Canary Yellow -----	1.50	5.00
----- Crimson Gem -----	1.50	5.00
----- Golden Gem -----	1.50	5.00
----- Rosebud (new) rose pink -----	2.50	8.00
----- Salmon Rose -----	1.50	5.00
----- Scarlet Gem (Red Riding Hood) -----	1.50	5.00
----- Flesh -----	1.50	5.00
----- Purple -----	1.50	5.00
----- White Gem -----	1.50	5.00
----- Finest Mixed -----	1.25	4.50

Haagaena (Mexican Hybrida)

----- Double Mixed Colors, fine -----	2.50	8.00
---------------------------------------	------	------

This is a reselected strain with a large percentage of doubles, containing many dark shades. Very popular as a border Zinnia and makes good cut flowers.

Sanvitalia

----- Procumbens Double -----	1.75	6.00
-------------------------------	------	------

This is a low border plant sometimes called creeping miniature Zinnia.

 For the information of our new customers we will state we have devoted nineteen years to the improvement of existing types of Zinnias, and the originating of new and popular types; such as, PICOTEE, VICTORY QUILLED, CALIFORNIA GIANTS and DAHLIA FLOWERED. The rapidly increasing demand for these improved types will necessitate our planting over three hundred acres this year.

This season we have devoted ten acres of our Experimental Grounds exclusively to the development of our new varieties of Zinnias. By using the most up-to-date scientific methods we are not only enabled to keep our present novelties up to standard but are in a position to put on the market important new developments in this popular flower. Every year we are adding new colors, increasing the size and perfecting the form of the Zinnia.

Bodger's Zinnia Seed will assure you satisfaction. The discriminating buyer knows that the best is always the cheapest in the end.

CARNATION

Chabaud's Giant Double

Our plantings this year were so exceptionally fine that we again lay stress on the importance of listing this type of Carnation. By special selection we have greatly increased the size and otherwise improved this strain. In our judgment it is the best Carnation now on the market, produced from seed. We, therefore, highly recommend it.

-----Cardinal Red (Sparkler)-----	4.00	12.00
-----Crimson (Nero)-----	4.00	12.00
-----Deep Rose-----	4.00	12.00

-----Mixed-----	2.00	6.00	20.00

Perpetual

	Per ¼ oz.	Per oz.
-----Englemann's Gold Medal, finest mixed-----	5.00	15.00

 We wish to advise that we have the sole American agency for these famous Carnations which are produced and sold in such quantities by Mr. Englemann on the London market. We are growing these on our farm from seed produced on the plants, the flowers from which won the sweepstake prize at the Chelsea Show in 1925. They reproduce from seed very satisfactorily and throw better than 80% double flowers.

Our two new ZINNIAS:

ROSEBUD, on page 18, a companion to the popular Lilliput, Salmon Rose, also CROWN OF GOLD. Page 14.

Bodger's New Double Sweet- Scented Nasturtium Golden Gleam

Awarded Gold Medal at Atlantic City Flower Show, 1931

Selected for Trial at Wisley, 1932.

The plant forms a vigorous, large bush which throws out short runners, averaging eighteen inches. The flowers commence as soon as the plant nears complete development, and at the time it is in full bloom the entire plant, including the runners, is a blaze of color. The large, golden-yellow flowers average two and one-half to three inches across. They are borne on erect, stiff stems six inches in length. Consequently the flowers stand well above the foliage, an arrangement which adds immeasurably to the showy appearance of the plant.

When well grown the remarkable formation of the petals gives the flowers a fully double appearance which is most attractive. An ordinary sized bouquet, when allowed to remain in a room for a short period of time, will fill the room with fragrance.

Through the courtesy of Mr. William Cuthbertson of Messrs. Dobbie & Co., this novelty was exhibited at the Chelsea Flower Show, London, where it met the approval of noted horticulturists.

Samples distributed among Botanical Gardens and Trial Grounds last season resulted in unanimous proclamation of the value of Golden Gleam as an outstanding and worthwhile novelty.

Golden Gleam was distributed last season to over three hundred customers throughout the world. We predict a very heavy demand for the season of 1932, and advise placing orders early to assure delivery.

SCABIOSA CAUCASICA

	Per oz.	Per ¼ lb.	Per lb.
-----New Giant Caucasica Hybrids (Isaac House Strain)-----	2.25	7.50	25.00

We introduced this wonderful improvement in perennial Scabiosa and recent reports lead us to believe they are making an accounting for themselves as a florists' cut flower. They are more vigorous in their plant growth, having longer and stouter stems with the average size of the flowers more than a third larger than the best strain of Caucasica we have heretofore seen. The outer edges are ruffled and fringed and the colors range from a very light lavender to a dark blue, giving the range of color necessary for general florists' use. We highly recommend this strain not only for florists' use but for the retail business where fancy stocks are required.

SCABIOSA COLUMBARIA ANTHEMIFOLIA

This is a South African form of the European Scabiosa and although reminiscent of Caucasica, is a distinct type. There is a decided place for this on the perennial list, as well as on the florists' cut-flower list. It can be briefly described as a hardy, low growing perennial with fine, light-green foliage, some of the flowers measuring from two to two and a half inches across with short, compact petals, borne on long, slender but strong stems. It is proving to be a valuable florists' cut flower. We offer this in two favorite colors—pink and lavender. We consider Columbaria a valuable addition to the perennial list, especially the pink shade which is a new color for Perennial Scabiosa.

Pink-----	1.25	4.50	15.00
Lavender-----	1.25	4.50	15.00

For Snow on the Mountain and Annual Poinsettia see Euphobia, Page 36.

We import large quantities of Kentia seeds, and are able to secure any quantity of palm and shrub seeds gathered in California; also Privet, Monterey Cypress, Eucalyptus, etc. If interested, please write us.

If interested in Vegetable Seeds, Bulbs, Ornamental Plants, Shrubs, etc., we would appreciate your writing or wiring us for special information. We may be in a position to assist you in securing your requirements, as we are in close touch with all sources of supply.

STOCKS

We devote much time to our Stock cultures. The seed is gathered from plants selected to produce a large percentage of Doubles.

Mammoth Early Branching Nice

This variety is now recognized as the most valuable of all Stocks for cutting purposes and the most popular for general use.

If sown early, they come into flower as early as Dwarf Ten Week varieties; the flowers are larger, and the branching habit renders them invaluable for florists.

-----In Separate colors-----	1.25	4.00	12.00
-----ABUNDANCE, carmine rose			
-----ALMOND BLOSSOM, white tinted carmine

----- Finest Mixed-----	.20	.75

Early Forcing Annual Double

Per oz. Per ¼ lb. Per lb.

----- Early Wonder, extra choice mixed .85 2.50 8.00

Since introducing this novelty from Europe some years ago we have concentrated on its acclimatization to American conditions, with the result that we now have an extra early forcing strain which blooms 85 to 90 days from the date of planting. With us, seed planted Nov. 1 produces flowers Jan. 25. The flowers are equal to the Perennial Double in size and every respect. The strain was produced by crossing the Perennial Double with the Early Annual, and should thrive and bloom profusely in warm and dry countries where formerly only Early Annual Singles were bloomed successfully.

Perennial

	Per ¼ lb.	Per lb.
----- Double, extra choice mixed-----	7.50	28.00
----- Single, finest mixed-----	1.00	3.00

----- Special Mixture Annual Climbing Vines-----		1.00
----- Flower Garden Mixture, per 100 lbs., \$40.00-----		.50
----- California Wild Flower Mixture-----		1.00

CUCUMBER

----- Rollinson's Telegraph-----	4.00	12.00
----------------------------------	------	-------

We import large quantities of Kentia seeds, and are able to secure any quantity of palm and shrub seeds gathered in California; also Privet, Monterey Cypress, Eucalyptus, etc. If interested, please write us.

For ZINNIAS, see pages 13 to 18 inclusive.

For the convenience of our customers we have grouped together a collection of perennials and rock plants we are growing. These are also listed alphabetically in the foregoing general price list.

ROCK PLANTS

Aethionema Grandiflorum (Warley Rose)
Alyssum Saxatile Compactum
Anthemis Montana, pure white
Aquilegia, all varieties
Arenaria Grandiflora
Arenaria Montana
Armeria Cephalotes
Armeria Lauchiana
Aster Amellus Hybrids
Aubrietia Grandiflora
Campanula Alliariaefolia
Campanula Carpatica, blue
Campanula Longistyla
Candytuft, Gibraltarica, lilac
Candytuft Sempervirens, white
Catananche Coerulea
Centaurea Montana, blue
Cerastium Tomentosa (Snow in Summer)
Cherianthus linifolius
Convolvulus Mauritanicus
Delphinium Sinensis or Chinese, all varieties
Dianthus, Plumarius, Pinks, Single Mixed (Pheasant's Eye)
Dianthus Plumarius Pinks, Double Mixed
Dianthus, Plumarius Caesius (Cheddar Pink)
Dianthus Deltoides
Dianthus Scoticus Mixed
Eryngium Amethystinum, deep blue
Felecia Amelloides (Blue Daisy)
Fragaria Indica
Geum, Mrs. Bradshaw
Geum, Lady Stratheden, golden yellow
Gypsophila Repens Rosea
Gypsophila Repens White
Helianthemum Mutabile Hybrids
Heuchera Convallaria Alba
Heuchera Sanguinea
Hypericum Polyphyllum (Repens)
Kaulfussia Amelloides
Linaria Macedonica speciosa
Linum Flavum
Linum Perenne, Perennial Flax, Blue
Nepeta Macrantha
Nepeta, Mussini
Oenothera Macrocarpa
Pentstemon Coeruleum
Platycodon (Campanula) grandiflorum Blue
Polemonium (Jacob's Ladder) White
Polemonium (Jacob's Ladder) Blue

Cheiranthus Linifolius
Cosmidium
Cynoglossum Amabile All Colors
Dianthus, All Varieties
Dimorphotheca, All varieties
Eschscholtzia, all varieties
Euphorbia Heterophylla
Euphorbia Variegata
Gilia Tricolor
Kaulfussia Amelloides
Leptosyne Maritima
Leptosyphon French Hybrids
Linaria, Golden Gem, Maroccana Hybrids
Lobelia, all varieties
Marigold Dwarf Tagetes Signata Pumila
Nemesia, all varieties
Nemophila Insignis Blue
Petunia, all dwarf varieties
Sanvitalia Procumbens
Schizanthus, all varieties
Cupid Sweet Peas
Sweet Wivelsfield
Ursinia Anethoides
Verbena, all varieties
Virginian Stock
Wallflower annual varieties
Zinnia Haageana Hybrida

We import large quantities of Kentia seeds, and are able to secure any quantity of palm and shrub seeds gathered in California; also Privet, Monterey Cypress, Eucalyptus, etc. If interested, please write us.

CONTRACT FOR 1932 CROP

-----, 1932

Between BODGER SEEDS, LTD., El Monte, Los Angeles County, California

And-----

BODGER SEEDS, LTD., agree to plant sufficient land under normal conditions, ordinarily to produce the amount of seed named hereafter, at prices indicated, and will deliver the seed at nearest terminal point in California as soon as practicable after harvest, seed to be in good merchantable condition, as defined below.

"In good merchantable condition" is understood as meaning seeds properly cleaned for seeding purposes, approximately free from foreign seeds distinguishable by their appearance, and of a germination equal to the fair average germination of the crop of the current year.

We reserve the right to advance any or all prices in this list on orders received after May 1st, 1932.

BODGER SEEDS, LTD., will accept contracts only as long as the condition of the crops is favorable enough to justify their accepting same. In case of partial or total failure of any or all crops planted, or in case of damage to, or destruction of seed stocks of BODGER SEEDS, LTD., before planting, or to any seed through fire, accident or other cause beyond seller's control, BODGER SEEDS, LTD., shall be obliged to deliver, if at all proportional quantities only, and, in any event, BODGER SEEDS, LTD., shall have the right to reserve an amount of seed equal to that used in said planting.

Bags or containers will be charged at market value.

TERMS: F.O.B. California terminal, flower and vegetable seeds, 60 days net or 2 per cent discount for cash within 30 days from date of invoice. All overdue accounts subject to sight draft without further notice.

All invoices are payable in U. S. Gold Coin or its equivalent. We recommend payment of Foreign Accounts by draft on any bank in New York or Los Angeles.

NON WARRANTY. We give no warranty, express or implied, as to purity, description, quality, productiveness or any other matter of any seeds or bulbs we send out, and we will not be in any way responsible for the crop. We quote subject to immediate acceptance, stocks unsold, confirmation of orders, stenographic errors and omissions, delays and contingencies beyond our control.

If our goods are not accepted on these terms, we should be notified at once.

Our seeds have been selling on their merits for the past forty-two years, and by observing the steadily increasing demand for them, we believe they have given general satisfaction. We are always glad to receive comments of any kind from our customers, and will give the same our careful attention.

NEW DOUBLE NASTURTIUM

Golden Gleam
Dwarf
Sweet Scented

THE HOLIDAYS are over, and the rush of 1932 business is on. We note with pleasure the demand for Flower Seeds is increasing daily.

Various home and garden magazines as well as departments in other national publications are doing their best to stimulate the impulse to plant a garden. We have received many favorable comments on an article in *Better Homes and Gardens* by our Elizabeth M. Bodger, directing the attention of prospective buyers to novelties and improved varieties of flower seed being offered for 1932. Several other articles are in the course of preparation for other garden magazines. We have gladly furnished data for them, because we know from past experience the dissemination of such information means increased sales for retailers wherever these articles are read.

We believe there is a definite tendency toward greater appreciation of home-life at the present time. Chief among home occupations and pleasures stands gardening. It is something in which the whole family can take pride. The love of flowers is an instinct deep-rooted in the human heart. To many persons, the drama of an unfolding flower, especially something new, is more fascinating than any story of stage or screen. Even the apartment-house dweller in the large city is reading garden magazines, planning for the future, and in the meantime displaying remarkable intelligence in the selection of cut flowers. The grower of flowers for the market is on the lookout for good novelties as well as any improvement of old favorites.

Our supply of seeds from crop 1931 is limited. When the rush season begins in the retail trade, there is likely to be a scramble for desirable stocks on the part of those who are not prepared. Buying at short notice is unsatisfactory on both sides. We therefore urge our customers to look into present requirements very carefully NOW.

REFERENCE SEEDS FOR IMMEDIATE DELIVERY

Gentlemen:

With reference to the many inquiries we have received recently for a list of such seeds as we are able to supply of the 1931 crop, we ask you to kindly refer to our contract and general price list for 1931. We are able to supply good quantities of everything excepting those which we have listed below.

It is most unfortunate that we are unable to fill orders for Asters at this time as we were unfortunate in getting so many in flower during the long hot spell which blasted the flowers just at the setting time and no seed was developed on such plants. However, we can supply limited quantities of the following:

- Extra Early Express, or Early Wonder
- Giant Comet in colors and mixture
- Royal in colors excepting white
- Aurora
- Crimson Giant in good quantities
- Heart of France in good quantities
- Everlasting Flesh in good quantities
- New Improved Giant California Sunshine, the best Sunshine type for florists use.
- Single Giants of California
- Single Chinensis
- Ordinary All Sorts Mixed
- Ordinary Branching Mixed
- Perennial Mixed

We can supply good quantities of all Zinnias excepting the following:

- Stocks getting low on
 - California Giant
 - Enchantress
 - Lemon Queen
 - Scarlet Gem

Sold out of

- Lilliput
- Scarlet Gem
- Flesh (Stocks running low on all colors, but can supply fair quantities of mixed.)
- Sanvitalia

On the general list of flower seeds we are sold out of the following:

Ageratum, all dwarf varieties
Antirrhinum Maximum Old Gold
Tall Large Flowered Othello and Scarlet (Defiance)
Campanula carpatica
Cineraria Maritima Diamond
Coreopsis Grandiflora Auricula Superba
Cosmos Early Double Crested Pink Beauty
Dimorphotheca Ecklonis
Fuchsia
Godetia Dwarf Brillian, single
Gypsophila Repens Rosea
Helenium Biglowi
Hibiscus, separate colors
Leptosyne Stillmani
Linum Flavum
Lychnis Viscaria Splendens
Marigold Tagetes Lucida
Mina Lobata
Pentstemon, separate colors
Petunia Compacta Violacea
Salvia Bonfire and America
Stocks Giant Excelsior, all varieties
Valeriana, separate colors
Sweet Rocket
Verbena Erinoides White
Gigantea Etna, Luminosa, Rosea and Royale
Wild Cucumber
Xeranthemum, colors and mixed

We are very low on the following stocks:

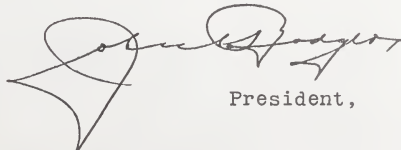

Antirrhinum, all colors and mixtures of all types
Delphinium Belladonna
Sinensis alba
Cosmos Early Double Crested Finest Mixed
Gaillardia Picta Double, all varieties and mixed
Leptosiphon French Hybrids Mixed
Vinca, separate colors
Virgianian Stock, all colors and mixed

It is very gratifying to see the number of rush orders coming in since the first of the year. It backs up our prophecy and we are hoping to be kept busy for the next two months filling such orders. Let us put over flower seeds this spring with a bang.

Yours for better gardens in 1932,

BODGER SEEDS, LTD.
