DATE: 19 October 1950

TIME: 1430 hours

Dr. Bowers: Mrs. Yamamoto, who recently returned from the States where she made a study of PTA's, is available for conferences with PTA leaders ih your region provided the Japanese will pay her travel expenses, i.e., transportation, meals, and billets.

Mr. Langley: Do you recommend her?

Dr. Bowers: Yes, I knew her when I was in Aichi and I know she is a woman of real ability.

Mr. Langley: When is she available?

Dr. Bowers: Well, almost anytime in the near future, I believe. However, I understand she is scheduled to be in Tokai-Hokuriku on 25-26 October and it would be much less expensive if she were invited to Kinki immediately following her visit to Tokai-Hokuriku.

Mr. Langley: Thank you very much. We will give this information to the Japanese PTA leaders.

FROM: Dr. Bowers, CE, Civil Affairs Section, GHQ SCAP

TO: Mr. Langley

DATE: 2 September 1950

TIME: 0900 hours

Dr. Bowers: The Education Mission would like to have a meeting some evening in Osaka of the School Boards of Osaka, Kobe, Kyoto, Nagoya, and possibly Yokohama. They have talked with Mr. Mizuno of Nagoya, and I think it was he who suggested the idea. I will call Mr. McTaggart and you will want to call the others.

Mr. Langley: Yes, we have three of the major cities right here in our region. Does the Mission want this meeting with the board members to be in addition to a regularly scheduled board meeting already provided for in the tentative schedule?

Dr. Bowers: Yes, that's right. They want it in addition to a regular meeting. They approved your schedule.

Mr. Langley: Then that schedule is the one we will follow as nearly as possible as to the dates and places we have indicated, except for such changes as we will have to make in the time and places for PTA, TU and Board meetings.
Who is going to contact Yokohama?

Dr. Bowers: McManus will call them.

Mr. Langley: I will get in touch with my people down here this morning and let them confer among themselves as to the local arrangements necessary. They need to set the date, among other things, and will have to be considered as well as Mizuno, but anyway, we will arrange to have a conference of the Superintendents and Boards of Education from the five major cities one evening while the U. S. Education Mission is in Osaka.

Dr. Bowers: Thank you very much. Goodbye.

Civil Education Section, Kinki C. A. Region

FROM: Dr. Bowers, CE Section, Civil Affairs, GHQ, SCAP

TO: Mr. Langley

DATE: 19 August 1950

TIME: 1015 hours

Dr. Bowers: The U. S. Education Mission to Japan is scheduled to arrive in Tokyo on 28 August, and will probably visit Kinki Region the week of 10 September. It is possible they will arrive in Kyoto Friday night, 8 September, but this will be a recreation weekend for them. There will be eight persons in the party: five mission members, Dr. Harkness, one other person, and myself. We will bring two interpreters down with us, but will need additional interpreters and transportation.

Before you come up to Tokyo next week, I would like for you to make up a list of things you want them to see. They already have a tentative schedule, but will probably want to make many changes. They are anxious to see conditions as they actually are, and the Japanese are <u>not</u> to be notified that they will be visited. They will visit Kyoto, Nara, and Osaka, and will want to see, among other things, an elementary school, university, Teachers Union, PTA, Board of Education meeting, upper secondary school, library, and a CPH. If a regular school board meeting is scheduled and it is possible to postpone it without inconvenience until the week the Mission is there, they would like to attend. However, the Mission does not want a special meeting scheduled for them.

DATE: 15 August 1950

Mr. L: Miss Colletti left her small handbag when she boarded the train for Tokyo last night. Mr. Paul S. Anderson learned that Mrs. Vail, a dependent wife, was leaving on the early morning train today for Yokohama, and sent Miss Colletti's bag by her. Mrs. Vail, upon arrival in Yokohama this evening, will leave Miss Colletti's bag at the desk of the Yokohama RTO.

Mr. N: Miss Colletti is in town now and we will communicate this information to her . We will also get in touch with the RTO in Yokohama and arrange to pick up the bag.

Mr. L: Mr. Anderson tells me you are planning to come to see us in the next few days. When shall we expect you?

Mr. N: I plan to reach Osaka early Monday morning, 21 August.

Mr. L: Can't you possibly come down on the night train Friday night, which arrives in Osaka early Saturday morning, 19 August? Mr. Anderson is especially anxious for you to arrive in time for you to participate in a youth conference to be held on the 19th and 20th of August at Koyasan, Wakayama Prefecture.

Mr. N: I am not sure I can make it over the weekend, but I will do my dead level best. I will call you as soon as I know what I shall be able to do.

Mr. L: Has anything been definitely decided regarding a successor for Miss Colletti?

Mr. N: No, nothing is definite so far, I believe.

Mr. L: We understand Miss Davies, in Kanto, has only a GS-10 rating. We should be very happy to have her here, as the Adult Education Officer job carries a GS-11 rating.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG No. [illegible]

Telephone Abstract, 15 Aug, cont'd.

Mr. N: I am sure Miss Davies would be flattered to know that her services are in demand. However, I don't know for sure what Mr. Bowers has in mind. Mrs. Crist tells me that all of the Adult Education Officers will have GS-11 ratings soon.

Mr. L: I believe you want to talk to Mr. Anderson about his future plans when you come down here this weekend.

Mr. N: That's right. We will go into Andy's situation at that time. There is another matter I want to tell you about. Civil Education personnel may be asked to act as consultants for brief periods at the forthcoming IFEL. Please refer to the IFEL program, "Plans for the Fifth and Sixth Sessions of the Institute for Educational Leadership," and decide which phase of the program is of the most interest to each member of your staff and telephone this office as soon as possible.

Mr. L: That's fine. Thank you for giving us this advance information. regarding the possible participation of Civil Education personell in the fifth and sixth IFEL programs.

Mr. N: With reference to the Youth Leaders to be employed in your region, Osaka Prefecture will be the only prefecture not having a resident Youth Leader. In some of the other regions, two or three prefectures will be without resident Youth Leaders. According to the latest decision, these Youth Leaders will not be on the payroll of the Civil Affairs regions, but will be paid directly by the prefecture in which they serve, from Counterpart Funds made available to the respective prefectures.

Mr. L: We will continue to be on the lookout for prospective Youth Leaders, but will make no committments to anyone until all points regarding the employment of personnel and the method of operation of the program are clarified.

Mr. N: That's ri ght. We should be able to get it all cleared up during the regional CE officers conference here on 28-29-30 August. Also, it is planned that the CE officers will have one session at least with the United States Education Mission to Japan, who are expected to arrive the last of this month.

Mr. L: That's fine. We should be able to give the U.S. Education Mission to Japan some interesting facts.

Dr. B: Has there been any further developments in the teachers' training course situation?

Mr. L: Everything is going smoothly according to last reports in Kyoto, which had a head start on most of the prefectures in Japan as well as in this Region, and everything is also now going smoothly in Osaka after conclusion of the agreement. Hyogo is still up in the air, and Mr. Onga, the Assistant Superintendent, and Mr. Matsunaga, Secretary to the Superintendent, are now in my office. I have not had a chance to get the story from them as yet. My impression is that it is still unsettled, but let me call you back in a few minutes. As far as the three rural prefectures, Nara, Shiga and Wakayama are concerned, their programs haven't started yet, but it appears that they will probably move along very smoothly.

Mr. Pearcy would like for the Civil Education Section of Kinki Civil Affairs Region to notify the university professors concerned regarding his visit."

Mr. Langley: "Alright sir, we shall be glad to notify the university people concerned. Is there anything else?"

Dr. Bowers: "Yes, don't take any action regarding the employment of any Youth Specialists. There are some points which must be cleared up before going ahead with that program."

Mr. Langley: "Don't worry about that, Dr. Bowers. We have made no commitments what so ever. All we have done in regarding to the Youth Specialist project has been to keep our eyes open for good prospects."

Dr. Bowers: "There will be a conference of regional Civil Education Chiefs in Tokyo on August 28, 29 and 30. You will be officially notified in writing, off course, but I'm telling you now so that you can make your plans accordingly."

REPORT OF ACTION TAKEN

From: Mr. Langley to Dr. Bowers

Mr. Langley: "I want to report to you what I learned concerning the matter you called me about this morning. From information received from Mr. Noguchi, Chief of Administration, Mr. Matsumoto, Dean, and Mr. Baba, Chief of Student Personnel -- all three from the Tennoji Branch of Osaka Liberal Arts University -- it appears that, on 13 June 1950, handbills were distributed and posters put up (at the Tennoji Branch) urging the students to take recourse their 'right of silence'. This was in protest against the Attendance System recently instituted at all three branches of Osaka Liberal Arts University in an effort to curb absenteeism resulting from the rather common practice of Japanese university students (1) holding jobs off the campus ('Arbeit') to support themselves while enrolled at a university, and (2) studying at home or elsewhere and gaining university credit by taking their final examinations -- with only infrequent attendance at classes in the meantime. Consequently, on 14 June 1950, a small percentage of of the students enrolled at the Tennoji Branch exercised their 'right of silence' when the teachers attempted to check the class rolls, and, on 15 June, these exercising the 'right of silence' amounted to approximately fifty (50%) per cent. On 21 June, a representative of the Tennoji studentbody proposed to the university authorities that the students would desist from exercising their 'right of silence' during roll calls provided they were given credit for class attendance during period in question (roughly 14-21 June). On 24 June, the Student Personnel Officers of the three branches of Osaka Liberal Arts University reached a decision to give credit for class attendance to these students who voluntarily made statements to the university authorities regarding their attendance at classes during the period in question, provided such class attendance statements were corroborated by the students' respective teachers. In addition, the Student Personnel Officers decided (1) that every effort shall be exerted to convince the students who

DECLASSIFIED E.O. 12333 SECTION 3.4(b)/NNSA NSI

initiated the 'right of silence' campaign to recognize their error and admit their responsibility; (2) parents of the students concerned be notified and warned that they will be held responsible for any future misconduct on the part of those students; and (3) if the foregoing disciplinary measures don't work, the university is prepared to take final measures. Dean Matsumoto is personally in charge of dealing with the situation at the Tennoji Branch and reports that students are no longer attempting to exercise their 'right of silence' during roll calls; that student attendance is very high (approximately 97%); and that students appear to be more interested than before in participating in class discussions, answering questions propounded by their teachers, and carrying out their other scholastic responsibilities -- such as laboratory assignments.

Dr. Bowers: "I see"

Mr. Langley: "The whole thing has apparently been handled in a rather weak-kneed manner -- which so often characterizes university administration -- but, despite this, the students are attending classes and the situation seems to be quiet and under some semblance of control at present."

On 24 June, the Student Personnel Officers of the three branches of Osaka Liberal Arts University reached a decision to give credit for class attendance to these students who voluntarily made statements to the university authorities regarding their attendance at classes during the period in question, provided such class attendance statements were corroborated by the students' respective teachers. In addition, the Student Personnel Officers decided (1) that every effort shall be exerted to convince the students who

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDS NO. [illegible]

initiated the 'right of silence' campaign to recognize their error and admit their responsibility; (2) parents of the students concerned be notified and warned that they will be held responsible for any future misconduct on the part of those students; and (3) if the foregoing disciplinary measures don't work, the university is prepared to take final measures. Dean Matsumoto is personally in charge of dealing with the situation at the Tennoji Branch and reports that students are no longer attempting to exercise their 'right of silence' during roll calls; that student attendance is very high (approximately 97%); and that students appear to be more interested than before in participating in class discussions, answering questions propounded by their teachers, and carrying out their other scholastic responsibilities -- such as laboratory assignments.

Dr. Bowers: "I see"

Mr. Langley: "The whole thing has apparently been handled in a rather weak-kneed manner -- which so often characterizes university administration -- but, despite this, the students are attending classes and the situation seems to be quiet and under some semblance of control at present."

Dr. Bowers: "Thank you very much."

TELEPHONE ABSTRACT CONVERSATION

11:50 — 14 June 1950

From: Lt. Col. Albergotti, CE, CA to Mr. Langley

Lt. Col. Albergotti: I told Dr. Bowers to contact Mr. Paul Anderson unofficially to get an expression of interest from him relative to his coming up here as Assistant Education Officer to Dr. Bowers after I leave for the States. However, neither Dr. Bowers nor I will be here next Saturday or Sunday to talk to him. Just wanted him to know that, in case he had planned to come to Tokyo this weekend.

Mr. Langley: Is Dr. Bowers going to succeed you as Chief of Civil Education in Civil Affairs?

Lt. Col. Albergotti: That is the plan at present.

Mr. Langley: Well, we certainly regret losing you, but we're glad to know that Dr. Bowers is slated for this promotion. We also appreciate your considering Mr. Anderson for Assistant Education Officer, although we would regret losing him from Kinki. Do you have someone in mind to succeed Mr. Anderson here in Kinki in case he goes to Tokyo?

Lt. Col. Albergotti: Yes, we have that covered. Of course we have some others in mind for Assistant Education Officer here--in addition to Mr. Anderson. We are simply getting expressions of interest from them--unofficially, at present. Then, when we have decided upon someone, we will put a formal request through channels-- with the concurrence of the Regional Chief concerned--for the services of that person.

Mr. Langley: Is there any chance for any of the people who were transferred out of Civil Education into Economics being brought back into Civil Education in connection with these proposed shifts in personnel?

Lt. Col. Albergotti: There doesn't appear to be much chance at present.

From: Dr. Bowers, CE, CA-SCAP, to Mr. Langley.

Dr. Bowers: We are about ready to go ahead with plans for employing some Youth Specialists. We got word yesterday that the project has been approved. You should be on the lookout for six good people—three men and three women— to serve as Youth Specialist. They are slated to be paid about ¥20,000 per month as salary and about ¥6,000 per month for expenses.

Mr. Langley: Will they be on our payroll, KCAR?

Dr. Bowers: Yes, they will be on your payroll. They will be Japanese Nationals and will live in the prefecture where they work.

Mr. Langley: Can a Foreign National be employed if qualified?

Dr. Bowers: No, they must be Japanese Nationals.

ABSTRACT OF TELEPHONE CONVERSATION
Civil Education Section

11 March 1950

10:30

From Mr. Langley to Lt. Col. Albergotti, Civil Affairs Section, GHQ, SCAP.

Mr. L: This is a report on the school strike situation. We had an impending strike, but the atmosphere has cleared temporarily. The Central Committee of the Japan Teachers Union apparently directed their local chapters to stir up members all over Japan, and Osaka Branch picked March 11th as the day to have a big demonstration with all teachers participating--18,000 to 20,000--here at Nakanoshima Public Park in Osaka City. They were demanding a paid holiday for today. On Wednesday this week, two of the officials from the Osaka Branch of the Japan Teachers Union came to this office and told us about the proposed demonstration. I advised them very strongly against such techniques; told them that they did not have legal grounds to strike; that it is true that the Labor Standards Law gives laborers a total of twenty (20) paid holidays a year, but they are supposed to take it during certain times of the year, and the employers have the right to approve or disapprove the days selected as paid holidays. The principals couldn't and wouldn't agree to them having the day 11 March, and if they went ahead with this they would have public opinion against them, and if that happened the teachers themselves would suffer, and the whole cause of education would suffer. I told them that the schools exist for the children, and the only equitable and sound basis for solving school problems was to solve them in the light of what is best for the children. In the course of our 3-hour talk, I think the two men understood my point, and the Chairman, Mr. Yamamoto, said that although the decision as to whether or not the demonstration would be held did not rest with himself and Mr. Okada, they would do all they could to convince the committee that they should select some other day for their demonstration.

Col. A: What are the teachers demanding?

Mr. L: The demands are:

1. To raise the salary base
2. To pay research funds
3. Payment of overtime allowance
4. Increase of the Farming Village Promotion Funds
5. Critical moment Tide-Over Funds corresponding to the amount of two months' salaries.

Col A: Are they striking today?

Mr. L: No. Apparently our recommendations took effect, and the demonstration has been called off. All they are having today is a meeting of a group of officials from the Teachers Union with the Superintendent, Mr. Hamada.

Col A: No disturbances in Kyoto or Kobe?

Mr. L: No, all is quiet as yet. Apparently other places in Kinki were all watching Osaka to see how things were going to turn out.

Col A: I am glad to hear that the demonstration was prevented. Thank you for the information.

ABSTRACT OF TELEPHONE CONVERSATION

Civil Education Section

4 January 1950

11:30

From: Mr. Langley to Mr. Woodard, Religions Division, CI&E, SCAP

A. In compliance with your request is the following information on the "New Thought Movement".

1. On December 27, Masao Handa, CE Section visited the Chyoda Insurance Co., building, Osaka and the check revealed that up to last October they had the office there but after Mr. Lawrence Lopez went back to the States it was closed. Only the official mailing address was still remaining there. In this building a women's group meets once a week for group study.

2. On the same day, he visited the 5th floor of the Takashimaya Department Store. But there was no such library whatsoever as mentioned in the document. However when he visited ~~Miss~~ Miss Uno, he fo nd out that the library was now being kept at her home, Osaka City.
At the Takashimaya Department Store he was told by Mr. Nasu, the 5th floor manager, that a few days ago an American lady who claimed herself a Catholic visited there to check the library.

3. On the same day he visited Miss Seiko Uno, one of the 3 leaders of the movement, at her home. He found her to be intelligent and nice. There was no sign of pink or red idealogy in her way of thinking. He asked about the library and she showed him the books whose list is attached here.

4. Right after visiting Miss Uno, Miss Yuko Kai was visited at her office in the Osaka Prefectural Government. She has recently been appointed as the interpreter to the Governor, Osaka Prefecture. Formerly Misses Uno and Kai used to work for the C.C.D. As she is not red or pink in her way of thinking, she is in full charge of the New Thought Movement as Mr. Lopez is in the States.
According to her, those persons who took 12 lessons start studying the bible. This new thought movement is practical Christianity and comprehensive of all religious followers. As to the financial matters the leaders are paying the expenses, ~~but~~ but as soon as Mr. Lopez comes back from the States they will be paid back. Regarding the orphanages, 3 lots are already obtained--one in Maiko and the two others in Kobe and Sakurai. Mr. Kusakabe, the president of the Kusakabe Steamship Company, who is blind is backing up the establishment of the organizations. Money for housing will be sent from "International New Thought Alliance" in Kansas City

DECLASSIFIED E.O. 12065 SECTION 3 402/NNBS NO.

in the future. In Takazuka a women's home is being operated. Miss Kai says that in Matsusakaya Department store, Osaka a big spacious office is waiting for Mr. Lopez so that he could start working as soon as he returns.

5. On the morning of December 28, Mr. Haneda's home, Toyonaka City was visited, but he was not home. Miss Mushiaki of this CE Section knows him well and thinks that he is a nice Christian gentleman. He is a professor of English at Osaka Foreign Language School.

6. Except the location of the library and the number of the books (actually there are over 200 books--mostly very tiny books) the statement in the document seems to be all correct.

7. As to the prospective residence for Mr. Lopez, there is a good house available owned by YOKO KUTANI, in Sakurai, Sakuragaoka, Toyono-gun, Osaka.

ABSTRACT OF TELEPHONE CONVERSATION

Civil Education Section

20 December 1949

From: Mr. Langley to Dr. Bowers, CE Section, Eighth Army.

A. Kamishibai
What progress is being made toward getting CIE, SCAP to purchase the bulk of remaining copies (now about 600 of each of the series of three sets) on hand.
Note: Col. O'Mohundro is anxious to know the answer to the above question as soon as possible because, on next Tuesday, 27 Dec. '49, he has a meeting with the Governors of the six prefectures in Kinki and he is considering as a last resort to ask the Governors to try to take the remaining copies of Kamishibai off the publisher's hands.
Answer: Will call Kinki this week.

B. Korean Schools
1. Osaka Pref. Education officials are asking us if Korean pupils who have enrolled in Japanese public schools should be given school lunch on the same basis as Japanese children, that is at the rate of 2½ yen per lunch, in the face of Mombusho's advice to refrain, until further notice, from letting Korean children who formerly attended Korean schools (now closed) participate in the school lunch program.
Note: We pointed out:
a. The desirability of Korean children participating in school lunch
(1) To facilitate their adjustment in their new (Japanese) school surroundings and promote better Japanese-Korean relations;
(2) To improve health of Korean pupils;
(3) To enhance learning ability of Korean pupils.
But, we insisted on the prefectural school officials contacting Mombusho again re this matter and citing (1) (2) (3) above plus the fact that principals and teachers in the Japanese schools concerned were desirous of making school lunch available to Korean and Japanese children alike.

2. What is the policy of higher headquarters regarding Mombusho's negative stand on the question of school lunch for Korean children enrolled in Japanese public schools?
Answer: Right now Civil Affairs is maintaining a "hands off" policy regarding the handling of the Korean problem by the Japanese authorities.

3. What is the attitude of higher headquarters regarding the application and enforcement of the Compulsory School Attendance Law with respect to Korean children of compulsory school age?
Answer: At present, same as in Question 2 above, Will notify KCAR if and when there is any change in Civil Affairs policy regarding the Korean problem.

DECLASSIFIED E.O. 12065 SECTION 3 402/NNBS NO.

C. Sponsorship of Youth Conferences (Request of Mr. P.S. Anderson)
Traditionally in this region Youth Leadership Training Conferences have been sponsored by the Social Education Sections of the Prefectural School Boards. These sections are now quite small and have very limited budgets. Also their past association with state controlled groups have developed habits and practices which limit their effectiveness. The recent conference for youth leaders sponsored by the Ministry of Education and Kyoto University was very successful. The patterns established there could be used effectively by all universities in the region to sponsor short conferences as a part of their extension program. It is requested that the CE Officer be authorized to encourage and assist all colleges and universities in the region to sponsor short conferences for specific interest groups.
Answer: This is covered in the revised policy regarding regional CE personnel working with universities. That is, CE at regional level will not initiate work with universities but will render professional advice and assistance when specifically requested by the universities to do so.

16 December 1949

14:00 From CE Section, Eighth Army to Mr. Langley

1. Mr. Bowers: Mr. Carpenter, CIE, SCAP, wants a list of proposed amendments to the School Board Law in 2 categories: 1) those that must be amended, and, 2) those that should be amended.

   On the 9,10, and 11 of January, a workshop for youth affairs officers will be held. Each youth affairs officer of the 8 regions will have 20 minutes in which they are to list 2 successful programs and 3 major problems, in their respective regions.

   SCAP would like to have the names of women prefectural or local assembly members; who were not elected to their offices with the backing of some particular organization, but because of their outstanding qualifications of leadership as shown in some field of public service.

2. Mr. Langley reported to Lt. Col. Albergotti concerning the current disagreement between the governor and Board of Education of Kyoto Prefecture. He read verbatim the statement issued by Mr. Scott on 15 December 1949 to Governor Kimura and Prefectural Superintendent Amano. Lt. Col. Albergotti expressed himself as being well pleased with the manner in which this problem is being handled by Kinki Civil Affairs Region.

16 August 1949

0845: From Dr. McClellan, I Corps to Mr. Langley, received by Ruth Ninomiya. The following is an anonymous letter addressed to General Walker, Eighth Army:

" It has been proved that the principal and one half of the teachers of the Korean primary school located in Tsuruhashi, Osaka City, are genuine communists. They are carrying on education violating the provisions of the laws, and are complying only with instructions issued by the Communist Party headquarters. The curriculum is communistic and means of instruction are full of communistic color. Teaching is confused and parents are worried about their children. I think the principal and one half of the teachers should be put in jail for a year and sent back to Korea. The address of the school is 367, 3-chome, Tsuruhashi Minami, Taien, Ikuno-ku, Osaka City."

ABSTRACT OF TELEPHONE CONVERSATION

Civil Education Section

26 July 1949

0930: From Mr. Baker, CE Officer, Nara Team, to Mr. Langley.
(Reference, Telephone Abstract, 14 July 1949) *
Reported that two schools in Nara Prefectures, through their principals and the town mayors concerned, prior to receipt of above instructions, had agreed to allow use of two school buildings for showings of "Mid-summer Nights Dream" on Aug. 1 & 2. Now the Communistic troupe has threatened the Prefectural Board of Education (Nara) with breach of contract for canceling permit to use school buildings and made a claim for ¥150,000 damages for expenses already incurred in preparation for the showings on Aug. 1 & 2 --- presumably printing, etc. Latest reation of Prefectural School Board is that, legally, they could prohibit use of school buildings for shows only if the performances were primarily staged for school children , but that, in this case, the audiences would be composed largely of adults.

1000: Action Taken by Mr. Langley.
Showed copy of above telephone abstract of Mr. Scott, Kinki Legal and Government Section, and reported substance of today's telephone conversation with Mr. Baker of Nara. Upon advice of Mr. Scott, telephoned Mr. Baker at 1000 hours, 26 July, that our original telephone message of 14 July constituted a DIRECTIVE from 8th Army and that we had no choice but to disseminate its contents and report compliance or noncompliance with its provisions. Explained to Mr. Baker that, as background information, these traveling troupes were reportedly skilled dramatic artists who, when the recent higher admissions taxes (allegedly 150%) were imposed, found themselves unable to continue playing in opera houses, theatres, etc., sought opportunities to show in school buildings -- charging only a nominal (non-taxable) admission, e.g. ¥9.00 --- and providing "plugs" for the Communist Party between acts, etc., in return for subsidies provided by the Communist Party.

* Telephone Abstract of 14 July 1949.
"Eighth Army and SCAP have been discussing the theatrical troupe now staging "les Miserables" and other productions throughout Japan, and have decided that Civil Education Officers be directed to advise the Board of Education NOT to grant this troupe use of public school buildings".

ABSTRACT OF TELEPHONE CONVERSATION

Civil Education Section

18 July 1949

09:30 From Dr. McClellan, I Corps CE Officer to Ruth Ninomiya.

Mr. Plumer, Arts & Monuments Division of CIE, SCAP, has discovered a movement on foot to erect a bronze bust in Kyoto, in honor of Mr. Langdon Warner. Mr. Takata, Arts & Monuments Field Examiner of I Corps, has made inquiries and has recommended against it. Mr. Plumer is also against the project, as he knows of a similar incident in Nara where they wanted to name a research institute after Mr. Warner, at which time Mr. Warner himself was very much opposed. It is felt that such money should be used for better purposes, than to dedicate a bust to a person still alive.

Major Sheffield, Commanding Officer of Kyoto CA Team, was approached by Mr. Miura, Chief of the Special Procurement Board, and Mr. Watsuji, former mayor, about this project. He told them that it was a good idea, but that they had to be very careful about collecting money for it.

We would like Kyoto Team to know that both SCAP and I Corps are against this movement, and believe it should be looked into.

ACTION TAKEN: Mr. Langley called Mr. Mark, CE Officer of the Kyoto Team, and advised that tactful steps be taken definitely to discourage the proposed project for the erection of a bronze bust in Kyoto in honor of Mr. Langdon Warner on the following grounds:

1. Such a project would be contrary to Occupation Policy.
2. The cost of the project renders it exceedingly inappropriate at the present time.
3. The person to be honored (Mr. Warner) is reported to have expressed definite opposition to a similar movement (in another prefecture) to so honor him during his lifetime.

ABSTRACT OF TELEPHONE CONVERSATION

Civil Education Section

5 July 1949

1415 From Dr. McClellan, CE Officer, I Corps to Mr. Langley.

1. On August 15, 1949, it is expected that "Peace Meetings" will be held throughout Japan. Sponsorship of these meetings will be provided by "National Organizations" -- thought to be Communistic. Civil Affairs personnel should NOT take part in these demonstrations.

2. The week of August 1 to 7, 1949, will be observed as "WELFARE FOR WOMEN WEEK". The Welfare Ministry is sending out materials dealing with "Welfare for Women Week" through Japanese channels. It is felt that several of the Civil Affairs Sections may, with profit, give some attention to this undertaking. It is felt that Womens Affairs Officers, particularly, should be quite active. Any assistance that can be provided through Civil Affairs in planning for and setting up a worthwhile program for "Welfare for Women Week" should be made available to the Japanese at all levels.

3. REPATRIATES

Inasmuch as repatriates are returning to Japan in substantial numbers, definite and far-reaching plans for their welcome, general welfare, and assimilation into the Japanese socio-economic fabric should be carefully thought out and put into execution without delay. Col. Burns, I Corps Civil Affairs Officer, has made some very pertinent suggestions as follows:

a. In dealing with repatriates, every effort should be made to meet actual needs. The cooperation of everyone will be required in order to provide employment, food, clothing, shelter, and medical care for these people returning to their homeland after an absence of 4 or more years.

b. In order to provide for the effective orientation of the repatriates with respect to Japanese life in 1949, the ideas listed below should prove of immediate and far-reaching value----

(1) The repatriates should be welcomed officially on their return to their respective communities. Governmental officials, clubs, etc., should go out of their way to make the returning repatriates feel genuinely welcome, and all assistance practicable should be provided them in respect to reestablishing contacts with their relative and close friends.

(2) In the Adult Education Program, special sessions for repatriates should be arranged. A minimum of two (2) hours should be added to the Adult Education Course to adequately explain the New Constitution of Japan, the educational program as it is presently conceived, the far-reaching program of agricultural and land reforms, the civil rights of citizens, and the civil laws pertaining to all citizens of Japan.

(3) Wherever possible, the radio should be utilized in the effectuating of special Adult Education Programs, prepared by the Japanese with the assistance and guidance of Civil Affairs, for Repatriates. This should

DECLASSIFIED E.O. 12333 SECTION 3.4(b)(3) NLS #

prove particularly advantageous in Kinki Region because of the fact that radio coverage throughout the entire region is possible. Extreme care should be exercised in developing radio programs that are interesting, accurate, and practical.

ABSTRACT OF TELEPHONE CONVERSATION

Civil Education Section 17 June 1949

1330: From Dr. McClellan, I Corps CE Section to Mr. Anderson.

1. A new ruling has been made on students going to the States. The following is for graduate students only. A quota is set for 50 students in September 1949 and 50 students in 1950 to attend American graduate schools at American government expense. The Ministry of Education will send out a notification to universities on 23 June. The universities will nominate students; 1 for each thousand students within a faculty. Since there are 380 faculties in Japan there will be about 500 nominated for these scholarships. They will be screened by Regional MG personnel between 6 and 9 July. They will have examinations on English language ability and also written college entrance examinations for foreign students.

If insufficient personnel are available at Region, SCAP CIE will send extra people. No information is to be given out to the Japanese from MG teams now; it will be sent out 23 June through Japanese channels.

2. SCAP CIE wants to know if there are any difficulties about textbook distribution in Kinki schools. If so, does it lie with the school where the principal has not ordered sufficient books or does it lie with prefectural committees or with book stores? SCAP would like to have the names of any stores that are holding on to the books and not distributing them properly. The principal should have ordered sufficient books to take care of what is needed. Every school now has a full catalogue of all books for every subject. If not, the Education Officer or the Secretariat should check on the matter to find out. Please call back on any cases you find.

ABSTRACT OF TELEPHONE CONVERSATION

Civil Education Section

14 May 1949

0845: From Mr. Spence, Wakayama Team CE Officer to Mr. Anderson.
Yesterday afternoon, the Chief of the Guidance Section of the Prefectural Office came in to ask me about a problem they had. About 10 days ago a primary school principal in Wakanoura was approached by the vice-president of the Communist group of that town Mr. Yabu, and was asked to assist him in organizing a children's club outside the school. The principal refused. After several days, 3 or 4 Communists of the town came back and made a stronger request, saying that the principal had no right to stop them. The principal refused to cooperate again and brought the case to the Dean who in turn brought it to the attention of the Guidance Section.
The parents think that it is a good thing for the children to take part in club activities outside the school, but they also think that the children should not be connected in any way with a political party. The principal and other people concerned wish to stop the movement, but do not know of any legal way to do it. There are also rumours that at Onominato and Honmachi Primary Schools in Wakayama City, there are Communist-sponsored children's clubs that the principals do not know about; That there is a Sunday school under Communist Guidance in Higashi-Wakayama; That the Nakayoshi Club (a children's friendship club) in Miyamai in the city participated in May Day parades with the children wearing badges.
Mr. A: I cannot tell you off-hand how we can stop this. I will talk it over with our Legal and Government Officer.

1030: From Miss Aderton to Dr. McClellan, I Corps.
The following information has been relayed from Mr. Spence, Wakayama. I am calling in regards to Mr. Takeda, the Ryukyuan student whose case has been pending at Wakayama Medical College. Mr. Spence tells me that the faculty has decided that Mr. Takeda will not be able to enter the college. In view of their new status as an university they have no 3rd year class which he could attend to complete the work which he missed last year when he left prior to the completion of the 2nd semester, missing also the 3rd semester. The factors taken into consideration were that during Mr. Takeda's attendance last year, of 182 class meetings he attended only 110, which is less than the two-thirds attendance percentage required by the school. Also during the first semester which he completed, his grade averages were 42% and an grade average of 60% is required. The school authorities entered him in the 3rd year last year on the basis of an examination which they gave him as they had no transcript of his grades on work from the medical school which he attended in Manchuria where he claimed he was taking 4th year work. The school authorities will be glad to assist him to enter another school in view of their inability to accept him.

09:00 From Dr. McClellan, CE I Corps to Mr. Anderson, Kinki Region.

A. The following are SCAP and 8th Army interpretations of Japanese law.

1. Koreans have requested in some prefectures that their children be given separate class-room in Japanese schools.
Under the present law the Koreans may not have separate class-rooms or separate Korean teachers in public schools.
2. There should be no subsidies to the private schools by the prefectures. They may grant loans if they wish, but in general they should be discouraged from doing so because this is not a proper function of prefectural governments.

B. Lt. Col. Satterwhite, 8th Army wants the following information from Osaka: Does Osaka want the youth conference in June? General Shepard wants to know whether they are taking dictation from Mombusho or whether they are making their own plans re conferences. Kyoto put up ¥250,000 in November; Osaka cannot afford it.

Mr. Farnsworth, CIE, SCAP, will visit the Kinki area between the 11th and 23rd of May. The purpose of the visit will be a survey on the use of school buildings which will parallel for the Occupation a similar investigation by the Ministry of Education. A questionnaire on building use has been sent by the Ministry of Education to each of the prefectures of Kinki Region with the exception of Wakayama. The factors in the problem of the use of school buildings with which Mr. Farnsworth is concerned are:

a. Enrollment in excess of capacity including double use of school buildings.
b. The utilization of class-room space.
c. The use of make-shift school houses and the number of pupils cared for in buildings other than school buildings.
d. The total amount of construction now being done and the amount that will have to stop without Ministry of Education funds.

The final course of IFEL (Institute for Educational Leadership) will close April 2nd in Tokyo. The American staff prior to return to the States will be available for work in the field with regions and teams. Dr. Hartford, whose speciality is social studies will be available to Kinki Region for 4 days from April 10. Please arrange for his schedule.
Miss A: In view of the short period I believe it will be well to concentrate Dr. Hartford's assistance in Osaka and Kyoto. I will discuss it with Mr. P. Anderson and Mr. Gregory.
ACTION TAKEN: Mr. Paul Anderson has arranged for 2 one-day conferences to be held at Osaka Normal School on April 13 and 14. On April 13, lower secondary school teachers of social studies will be with Dr. Hartford. On April 14th teachers of social studies in the upper secondary schools; teachers of Wakayama and Hyogo prefectures will be invited to attend. A similar plan is being arranged by Mr. Gregory with the Kyoto Education Section for the 11 and 12th with teachers from Nara and Shiga invited. Maj. Turner has been informed of this plan.

1000: From Lt. Weich, I Corps Signal Section to Miss Aderton.
The three men of the film unit have arrived, and the officer in charge will be in Kyoto within a day or two. What plans has Mr. Anderson made for their use? They are here to make a film on the Japanese educational system.
Miss A: I have not seen the script. Mr. Anderson was anxious to have Mr. Schwepp go over the script to help remove some of the "bugs". Mrs. Anderson will try to reach Mr. Schwepp and ask him to come to Daiken building tomorrow morning.
Lt. W: I know that Mr. Schwepp is to leave for the States on March 26th and I am afraid that he will be unable to give us any time. I will be glad to cometo Osaka to discuss the script with you.
Miss A: I will arrange then for Mr. McClellan who has the script to send it to the Daiken building for you to pick up tomorrow morning. Mr. Okada of the Osaka Team will be able to provide the locale and personnel for the film and I will arrange the transportation. I presume that you will see that these enlisted men have orders. Property owners will be given first priority on moving into the new project when it is completed. The Greek Orthodox Church has agreed to sell approximately 1/5th of its property to the city and the city in turn has agreed to the provisions requested by the Church. An article in Miyako Shimbun of 20 February states that private schools in Kyoto are requesting from prefectural and municipal a subsidy of 29 million yen of public money. Are private schools allowed to receive public funds for their support?
Mr. A: The answer is: Article 89 of the New Japanese Constitution prohibits the use of public money for schools not under the control of government. The only possible exception is that the school board may make a contract on a per capita basis with private schools for the education of public school students only when the public schools are inadequate or insufficient in number to provide for the needs of students in compulsory years. This was an experience in Tokyo, which was approved by SCAP. It does not, however, apply to Kyoto which did not have any destruction of school buildings.

In view of the fact that one of the difficulties in organizing Minor Workers' Week last November was the lte receipt of information by the field representatives of the Women's and Minor's Bureau, I hope that the details of the plan for the oming program will be coming down to them as soon as possible.
I haveasked Mr. Thoreson about the poster series "Japanese Women - New Goals and Responsibilities". He has no knowledge of it. When will it be coming to us? What has happened to the two films made in Japan - How To Hold A Meeting and Toward A Better Life? If they are available they would be excellent for use during Women's Week.

Miss A: I suggest you request the Liaison Office to find out the names of the resigning members and the reasons for their resignation. Such information may prove to be ammunition for gaining knowledge of candidates and their past records prior to election.
Maj.T: I agree but suggest that you get such information for Kinki Region from the Liaison Office there.

ACTION TAKEN: Consulted Mr. Scott, Legal and Government Section as to the districts within the prefectures and where such by-elections are to be held and the reasons for the by-elections. Found out that in order to run for the Diet, governors, mayors and assemblymen had to resign, and in places where the resignation became effective because of election to the Diet, by-elections are to be held to elect local officials. Each prefecture will have information as to the districts where such elections are to be held and names of candidates. All teams to be notified

From Maj. Turner, I Corps CE Officer to Miss Aderton.
Maj. T: There are in Kinki region two students from the Ryukyus, one at Kansai University and the other at Wakayama Medical School. Contracts covering the school expenses and clothing provided by the Ryukyus provisional government are being sent out by Eighth Army direct to the prefectural MG Civil Education Officers of the prefectures in which the universities are located. The Civil Education Officer will hand-carry the contracts to the students and act as a witness for his signature. In the case of students under 20 years of age, the Dean of the school may sign in place of the parents.
Miss A: We will inform Mr. Anderson, Civil Education Officer of Osaka Team and Mr. Spence of Wakayama Team during the regional conference which is to be held here on Monday, Feb 14.
