Measure No. 1
Cigarette Tax Bill

Proposed by the Fifty-third Legislative Assembly by Chapter 525, Oregon Laws 1965, (House Bill No. 1207) filed in the office of the Secretary of State May 26, 1965 and referred to the people as provided by section 1, Article IV of the Constitution.

Explanation

By Committee Designated Pursuant to ORS 254.210

Measure No. 1 would levy a tax of 4 cents on each package of 20 cigarettes sold in the State of Oregon.

Based upon estimates of the Oregon State Tax Commission, the total amount of tax paid by cigarette purchasers in Oregon would be approximately \$10,430,000 annually.

Of this total, \$430,000 would be retained by cigarette distributors as reimbursement for expenses in affixing stamps to packages. Gross revenue to the state, therefore, would be approximately \$10,000,000 annually. State administrative costs are estimated to be \$155,000 per year, leaving a net revenue of \$9,845,000 per year.

The consumer who smokes a pack each day would pay \$14.60 per year in taxes.

The funds collected would provide direct property tax relief to all property taxpayers and would be an additional source of revenue for cities and counties in the state. The new revenue for cities and counties would mean a lesser dependence on the property tax by these local governments. One-half of the net amount collected annually, or approximately \$4,925,000 would go directly for property tax relief administered by the state. Based upon 1965-1966 property tax figures, this total amount would reduce property tax levies by approximately 1.5 mills. This would reduce the tax on a \$16,000 home by \$6 each year.

Distribution of the other \$4,925,000 each year would be divided equally between the cities and counties and allocated on a population basis. Each city would receive approximately \$2.20 per capita, while counties would receive approximately \$1.25 per capita.

The State Tax Commission would administer the tax program. Procedures for levying and collecting the tax and distributing the funds collected are set forth in the Act.

The Act provides that the consumer ultimately shall pay the tax. The amount of the tax would be paid by the consumer at the time the cigarettes are purchased. Packs of cigarettes sold in Oregon would be required to have tax stamps or meter impressions affixed to them, indicating the tax had been paid. The state would sell the stamps or meter impressions to cigarette distributors, who would be required to affix them to packs of cigarettes sold in Oregon. Distributors would be given an allowance to reimburse them for their services in affixing stamps or meter impressions to cigarette packages.

Measure No. 1

Cigarette Tax Act

Argument in Favor

**Submitted by Legislative Committee provided by Subsection (3)
of ORS 255.421**

The proposed Cigarette Tax Act will provide property tax relief.

If approved, it is estimated that the cigarette tax at four cents per package of 20 cigarettes will produce \$10 million of new revenue per year. One-half of the net proceeds of the tax will be used to offset real and personal property taxes at the local level. The other one-half will be distributed to cities and counties since they, particularly, need new revenue.

Although the state itself has not levied any property taxes since 1941, the legislature recognizes that property taxes are the chief source of revenue for counties, cities, school districts, fire districts, etc., and that the costs of local government have been increasing yearly. It is also recognized that new sources of revenue must be provided to protect the property taxpayer.

In 1965, tax relief measures were enacted by the legislature, using state revenues to reimburse local governments for property taxes lost through senior citizens' property tax relief and for reduction of personal property taxes on inventories. A property tax relief account was established to provide money for local government from the state's General Fund. Seeking to give further aid, the legislature cast about for new sources of revenue, and it submits the cigarette tax as the one most acceptable for use in further offsetting property taxes.

Cigarette taxes, first imposed by states in 1921, have provided a remarkably stable source of revenue. Forty-eight states and the District of Columbia now utilize this tax, at rates ranging from two and one-half cents to 11 cents per package of 20 cigarettes. Washington's rate is 11 cents; California's 3 cents is increased by the general sales tax. Only North Carolina and Oregon do not tax cigarettes directly.

This tax will be imposed on many citizens not directly subject to property or income taxes. It will obtain some revenue from tourists. It will give some return to health and fire protection agencies which suffer expenses due to cigarette smoking. It is submitted that the measure is in the public interest and should be approved by the voters.

Except for a person selling cigarettes through a vending machine or machines, any person selling cigarettes at retail shall state or separately display in the retail premises a notice of the amount of the tax included in the selling price and charged or payable pursuant to this Act. The provisions of this section shall in no way affect the method of collection of such tax as provided by this Act.

Section 33. (1) For the privilege of holding or storing cigarettes for sale, use, or consumption, a floor stocks tax is hereby imposed upon every dealer at the rate of two mills for each cigarette in his possession or under his control for sale in this state at 8 a.m., Pacific Standard Time, on the operative date of this Act.

(2) The tax imposed by this section is due and payable on or before 20 days from the operative date of this Act. Notwithstanding any other provisions of this Act, any amount of tax imposed by this section which is not paid within the time required shall bear interest at the rate of one-half of one percent per month, or fraction thereof, from a date which is 20 days after the operative date of this Act, until paid.

(3) Every dealer, on or before 20 days from the operative date of this Act, shall file a report with the commission in such form as the commission may prescribe. Dealer reports shall state the number of cigarettes in the possession of or under the control of the dealer in this state at 8 a.m., Pacific Standard Time, on the operative date of this Act, and the amount of tax due thereon. Each report shall be accompanied by a remittance payable to the commission for the amount of tax due.

(4) The provisions of this section shall not apply to cigarettes owned and in the possession or control of a licensed distributor or to cigarettes stored in a bonded warehouse and which are nontax paid under the provisions of chapter 52 of the Internal Revenue Act of 1954, as amended.

Section 34. Every person desiring to engage in the sale of cigarettes as a distributor, except a person who desires merely to sell or accept orders for cigarettes which are to be transported from a point outside this state to a consumer within this state, shall file with the commission an application, in such form as the commission may prescribe, for a distributor's license. A distributor shall apply for and obtain a license for each place of business at which he engages in the business of distributing cigarettes. No fee shall be charged for such license. For the purposes of this section, a vending machine in and of itself, shall not be deemed a place of business.

Section 35. The commission, to insure compliance with this Act, shall require a licensee or an applicant for a license as distributor to deposit

with it such security as the commission may determine. The amount of the security shall be fixed by the commission but shall not be greater than two times the estimated average monthly liability shown in the monthly reports, determined in such manner as the commission deems proper. The amount of the security may be increased or decreased by the commission subject to the limitations herein provided. Except as provided in section 37 of this Act, the security shall be in the form of a bond or bonds executed by the distributor as principal and by a corporation, authorized to engage in business as a surety company in Oregon under ORS chapter 747, as surety, payable to the State of Oregon through its State Tax Commission, conditioned upon the payment of all taxes, penalties and other obligations of the distributor arising under this Act.

Section 36. Every bond shall contain a provision substantially to the effect that when the surety exercises its right to withdraw as surety, the withdrawal shall be effective on the first day of the calendar month after receipt of the notice by the commission if the notice is received on or before the 15th day of the month, otherwise the withdrawal shall be effective on the first day of the second calendar month after receipt of the notice by the commission.

Section 37. In lieu of a bond or bonds a distributor, under such conditions as the commission may prescribe, may deposit with the State Treasurer an amount of lawful money equivalent to the amount of the bond or bonds otherwise required, or he may deposit readily saleable bonds or other obligations of the United States, the State of Oregon, or any county of this state of an actual market value of not less than the amount of the bond or bonds otherwise required by this Act. The State Treasurer shall immediately notify the commission as to the time of receipt and the amount of money or value of bonds received by him.

Section 38. Upon receipt of a certificate of the commission setting forth the amount of a distributor's delinquencies, the State Treasurer shall pay to the commission the amount so certified from the money deposited with him by the distributor or from the amounts received from the sale of bonds or other obligations deposited with the State Treasurer by the distributor. Securities deposited with the State Treasurer which have a prevailing market price may be sold by him for the purposes of this section at private sale at a price not lower than the prevailing market price thereof.

Section 39. Upon receipt of a completed application and such bonds or other security as may be required by the commission under this Act, the commission shall issue to the applicant a license as a distributor. A separate license shall be issued for each place of business of the distributor within the state. A license is valid only for engaging in business as a distributor at the place designated thereon, and it shall at all times be conspicuously displayed at the place for which issued. The license is not transferable and is valid until canceled, suspended or revoked.

Section 40. The license of any distributor shall be automatically suspended upon the cancellation of his bond, or if the bond becomes void or unenforceable for any reason, or if the distributor fails to pay any taxes or penalties due under this Act. The license shall be automatically reinstated if the distributor files a valid bond, or pays his delinquent taxes, as the case may be. Upon the petition of any distributor whose license has been suspended under this section, a hearing shall be afforded him before the commission, pursuant to section 81 of this Act, after five days' notice of the time and place of hearing.

Section 41. Whenever any distributor fails to comply with any provision of this Act or any rule or regulation of the commission prescribed and

adopted under this Act, the commission upon hearing, after giving the distributor at least 20 days' notice in writing specifying the time and place of hearing and requiring him to show cause why his license should not be revoked, may revoke the license held by him. The notice may be served personally upon the distributor by an agent or employee of the commission or by certified mail; if by mail, it shall be addressed to the person at his last address as it appears in the records of the commission. The commission shall not issue a new license to a distributor whose license has been revoked unless it is satisfied that he will comply with the provisions of this Act and the rules and regulations of the commission.

Section 42. Except for the use or consumption of cigarettes by other than a licensed distributor, and as may be authorized under the provisions of section 46 of this Act, the tax imposed by this Act with respect to distributions of cigarettes shall be paid by distributors through the use of stamps or meter impressions. The commission shall furnish stamps for sale and provide for the sale of meter register settings for metering machines approved by the commission.

Section 43. Stamps and meter impressions shall be of such designs, specifications and denominations as may be prescribed by the commission. The commission shall prescribe by regulation the method and manner in which stamps or meter impressions are to be affixed to packages of cigarettes and may provide for the cancellation of stamps or meter impressions.

Section 44. An appropriate stamp shall be affixed to, or an appropriate meter impression shall be made on each package of cigarettes prior to the distribution of the cigarettes.

Section 45. (1) A metering machine may be used and a meter may be stored, transferred, transported, repaired, opened, set or used only in accordance with rules and regulations prescribed by the commission. Meters, meter register settings, or unaffixed stamps shall not be sold, exchanged or in any manner transferred by a distributor to another person without prior written approval of the commission.

(2) With the approval of the Department of Finance and Administration, the commission may enter into contracts with financial institutions, conveniently located with reference to distributors, constituting such financial institutions the commission's agents for the sale of stamps and setting of meters, and matters appertaining thereto.

Section 46. The commission by regulation may provide that the tax imposed by this Act with respect to cigarettes shall be paid without the use of stamps or meter impressions. The authority of the commission under this section and all regulations promulgated by the commission under this section shall terminate 90 days after the operative date of this Act.

Section 47. (1) Stamps and meter register settings shall be sold to a licensed distributor at their denominated values less a sum allowed as compensation to a distributor for his services in affixing stamps or meter impressions to packages as required by this Act. Payment for stamps or meter register settings shall be made at the time of purchase, provided that a licensed distributor, subject to the conditions and provisions of this Act, may be permitted to defer payments therefor.

(2) The compensation to distributors shall be at the rate of \$.00167 per package of 20 cigarettes for each package to which the distributor affixes an Oregon stamp or meter impression.

(3) The commission shall make a study to determine the reasonable costs of distributors in affixing stamps and meter impressions required by this Act, setting up classes of distributors by volume of cigarettes distributed

if this appears useful, and shall make a written report of its findings and recommendations to the Fifty-fifth Legislative Assembly.

Section 48. A licensed distributor may apply to the commission to fix the maximum amount of deferred-payment purchases of stamps and meter register settings which the distributor may make in any calendar month. Upon receipt of the application and the security deposit required pursuant to section 35 of this Act, the commission shall fix such amount. The commission at any time may designate the sales locations where the distributor may make deferred-payment purchases of stamps and meter register settings and fix the amount of such purchases which the distributor may make within each monthly period at the designated sales locations.

Section 49. Amounts owing for stamps and meter register settings purchased on the deferred-payment basis for a calendar month shall be due and payable on or before the 20th day of the next calendar month. Payments shall be made by a remittance payable to the commission.

Section 50. A distributor shall authorize in writing those persons who may order purchases of stamps or meter register settings for the account of the distributor at a location where stamps or meter register settings are sold. The authorization shall continue in effect until written notice of revocation of the authority is delivered at the sales location in such manner as may be prescribed by the commission.

Section 51. The commission may suspend without prior notice a distributor's privilege to purchase stamps or meter register settings on the deferred-payment basis or may reduce the amount of permissible monthly purchases fixed for the distributor, if the distributor fails to pay promptly for stamps or meter register settings when payment is due, if the bond or bonds of the distributor are canceled, become void, impaired, or unenforceable for any reason, or if in the opinion of the commission, collection of any amounts unpaid or due from the distributor under this Act are jeopardized.

Section 52. Any distributor who fails to pay any amount owing to the purchase of stamps or meter register settings within the time required, shall pay a penalty of 10 percent of the amount due in addition to the amount plus interest at the rate of one-half of one percent per month, or fraction thereof, from the date on which the amount became due and payable until the date of payment.

Section 53. The commission for good cause may extend for not to exceed five days the time for paying any amount owing for stamps or meter register settings purchased on the deferred-payment basis provided a request for the extension is filed with the commission within or prior to the period for which the extension may be granted.

Section 54. Every manufacturer selling and shipping cigarettes into this state to other than a distributor licensed by this state shall deliver with each sale or consignment of cigarettes a written statement containing the name or trade name of both the seller and the purchaser, the date of delivery, the quantity of cigarettes, and the trade name or brand thereof, and within 10 days shall deliver a duplicate of each such statement to the tax commission. Each cancellation or modification of the written statement and any other information necessary to the reconciliation of accounts shall be filed with the commission by the manufacturer at the earliest possible date.

Section 55. Every distributor and dealer or other person engaging in the sale of cigarettes through the use of one or more vending machines must register such vending machines with the commission and must affix

in a conspicuous place on each machine, on a decalcomania form supplied or approved by the commission, a statement substantially as follows (the blanks being properly filled): "This vending machine is operated by (name of operator, telephone number and place of business of operator). Vending Machine Registration No. _____, registered with the State Tax Commission on _____,"
(date)

Section 56. Every distributor and dealer or other person engaging in the sale of cigarettes through the use of one or more vending machines shall keep a detailed record of each vending machine operated for the sale of cigarettes, showing the location of the machine and the date of placing the machine on location.

Section 57. Every distributor and every person dealing in, transporting or storing cigarettes in this state shall keep on the premises such records, receipts, invoices, and other pertinent papers with respect thereto in such form as the commission may require, and each such paper shall be preserved for four years from the time to which it relates. During the four-year period and at any time prior to destruction of records, the commission may give written notice to a distributor not to destroy records described in the notice without written permission from the commission. Notwithstanding other provisions of law, reports and returns filed with the commission shall be preserved by it for four years and thereafter until the commission orders them destroyed.

Section 58. (1) Any transporter desiring to possess or acquire cigarettes for transportation or transport upon the highways, roads or streets of this state shall obtain a permit from the commission authorizing such transporter to possess or acquire for transportation or transport the cigarettes, and he shall have the permit in the transporting vehicle during the period of transportation of the cigarettes. The application for the permit shall be in such form and shall contain such information as may be prescribed by the commission. The commission may issue a permit for a single load or shipment or for a number of loads or shipments to be transported under specified conditions.

(2) Each transporter who shall transport or possess or acquire for the purpose of transporting cigarettes upon the highways, roads or streets of this state is required to have within the transporting vehicle invoices or bills of lading covering the shipment of cigarettes being transported which shall show the name and address of the consignor or seller, the name and address of the consignee or purchaser and the quantity and brands of cigarettes transported.

Section 59. The commission or its authorized representative, upon oral or written demand, may make such examinations of the books, papers, records and equipment of persons dealing in, transporting, or storing cigarettes and such other investigations as it may deem necessary in carrying out the provisions of this Act. In addition to any other reports required under the Act, the commission may, by rule or otherwise, require additional, other, or supplemental reports from distributors, dealers, transporters, common and private carriers, warehousemen, bailees and other persons and prescribe the form, including verification, of the information to be given and the times for filing of such additional, other or supplemental reports.

Section 60. (1) The commission shall have authority, by order or subpoena to be served with the same force and effect and in the same manner that a subpoena is served in a civil action in the circuit court, or the Oregon Tax Court, to require the production at any time and place it may designate any books, papers, accounts or other information necessary to the carrying out of this Act, and may require the attendance of any person having

knowledge in the premises, and may take testimony and require proof material for the information, with power to administer oaths to such person.

(2) If any person fails to comply with any subpoena or order of the commission or produce or permit the examination or inspection of any books, papers, records and equipment pertinent to any investigation or inquiry under this Act, or to testify to any matter regarding which he may be lawfully interrogated, the commission may apply to the Oregon Tax Court or to the circuit court of the county in which the person resides or where he may be found for an order to the person to attend and testify, or otherwise to comply with the demand or request of the commission. The application to the court shall be by *ex parte* motion upon which the court shall make an order requiring the person against whom it is directed to comply with the request on demand of the commission within 10 days after the service of the order, or such further time as the court may grant, or to justify the failure within that time. The order shall be served upon the person to whom it is directed in the manner required by this state for service of process, which service shall be required to confer jurisdiction upon the court. Failure to obey any order issued by the court under this section is contempt of court. The remedy provided by this section shall be in addition to other remedies, civil or criminal, existing under the tax laws or other laws of this state.

Section 61. Whenever the tax commission has good reason to believe that any cigarettes are being kept, sold, offered for sale or given away in violation of the provisions of this Act or regulations issued under its authority, it may make affidavit of such fact, describing the place or thing to be searched, before any judge of any court in this state, and such judge shall issue a search warrant directed to the sheriff, any constable, police officer, or duly authorized agent of the tax commission, commanding him to enter and diligently search any building, room in a building, place or vehicle as may be designated in the affidavit and search warrant, and to seize such cigarettes together with any vending machine or receptacle containing them and any vehicle carrying them, and to arrest the person in possession or control thereof. If, upon the return of such warrant, it shall appear that tax payable upon the cigarettes seized has not been paid, the cigarettes, containers and vehicle, if any, shall be forfeited to the state and sold pursuant to section 62 of this Act.

Section 62. (1) Whenever the commission discovers any cigarettes subject to tax under this Act and with respect to which the tax has not been paid, it is hereby authorized and empowered forthwith to seize and take possession of such cigarettes together with any vending machine or receptacle in which they are held for sale and any vehicle in which they are being transported. Such seized cigarettes, vending machine or receptacle, and vehicle, not including money contained in such vending machine or receptacle, shall be forfeited to the state. The commission may, within a reasonable time thereafter, by public notice at least 20 days before the date of sale, sell such forfeited cigarettes, vending machines or receptacles, and vehicle, at public sale.

(2) Notwithstanding the provisions of subsection (1) of this section, the person from whom cigarettes were seized may redeem the cigarettes and any vending machine or receptacle and vehicle seized therewith, within 20 days from the date of seizure, by the payment of the tax due together with a penalty of 100 percent thereof and the costs incurred in such proceeding, which total payment shall not be less than \$100; however, such seizure, sale or redemption shall not relieve any such person from fine or imprisonment as provided for violation of any provision of this Act.

(3) Notwithstanding the provisions of subsection (1) of this section, the owner of such seized cigarettes, vending machine, receptacle or vehicle

shall have the right of redemption provided in subsection (2) of this section for a period of 60 days from the date of such seizure if he claims such right prior to the redemption provided for in subsection (2) of this section.

Section 63. To promote administrative efficiency, the commission may transmit information obtained under this Act to the proper officers of governmental units outside Oregon which tax tobacco products and which reciprocate in the exchange of relevant information.

Section 64. The commission may pay rewards to persons, other than officers or employes of the commission, furnishing information that leads to the recovery of tax from other persons guilty of violating the provisions of this Act. Such rewards shall not exceed 10 percent of the net amount of tax, penalty and interest recovered by suit or otherwise and shall be paid only in cases where such evasions of tax would not be disclosed by the audit of reports or from other information available to the commission.

Section 65. If a distributor fails to make payment for stamps or meter register settings when payment is due, the commission may compute and determine from any available records and information the amount required to be paid, including interest and penalties. One or more determinations may be made of the amount due for one or for more than one purchase. In making a determination the commission may offset overpayments with respect to purchases of stamps or meter register settings against underpayments for purchases and interest and penalties on the underpayments. The commission shall give the distributor written notice of its determination in the manner provided by subsection (6) of section 79 of this Act. Except in the case of fraud, every notice of a determination made under this Act shall be given within three years of the due date for payment of the purchase of stamps or a meter register setting.

Section 66. If the amount specified in the determination made under this Act is not paid within 10 days after service of the notice upon the distributor, the determination becomes final unless a petition for redetermination is filed with the commission within the 10-day period. The determination is due and payable when it becomes final and the amounts determined, exclusive of interest and penalties, shall bear interest at the rate prescribed by section 52 of this Act.

Section 67. The distributor against whom a determination is made under section 65 of this Act may petition for the redetermination thereof pursuant to section 81 of this Act. He shall, however, file the petition for redetermination within the time prescribed by section 66 of this Act and shall at the time of filing the petition deposit with the commission such security as it may deem necessary to insure compliance with this Act. The security may be sold in the same manner as prescribed by subsection (3) of section 80 of this Act.

Section 68. The commission shall, pursuant to regulations prescribed by it, refund or credit to a distributor the denominated values, less the discount given on their purchase of any unused or damaged stamps or meter register settings.

Section 69. The commission shall, pursuant to regulations prescribed by it, refund or credit to a distributor the denominated values, less the discount given on their purchase, of stamps or meter impressions affixed to packages of cigarettes which have prior to distribution become unfit for use, unsaleable or have been destroyed, or which after distribution have become unfit for use or unsaleable and have been returned for credit or have been replaced, and the commission has proof of the cigarettes not being used for smoking in the State of Oregon.

Section 70. No refund or credit for amounts overpaid for the purchase of stamps or meter register settings shall be allowed or approved after three years from the due date for payment of the purchase for which the overpayment was made, or with respect to a determination made pursuant to this Act, after six months from the date the determination becomes final, or after six months from the date of overpayment, whichever period expires the later, unless a claim therefor is filed with the commission within such period.

Section 71. Interest shall be computed, allowed and paid upon any overpayment for the purchase of stamps or meter register settings at the rate of one-half of one percent per month from the due date for payment of the purchase for which the overpayment was made, until paid, but no refund or credit shall be made of any interest imposed upon the claimant with respect to the amount being refunded or credited.

Section 72. When the tax imposed under this Act is not paid through the use of stamps or meter impressions, the tax shall be due and payable monthly on or before the 20th day of the month following the calendar month in which a distribution of cigarettes occurs, or in the case of a sale of cigarettes on the facilities of a common carrier for which the tax is imposed pursuant to section 20 of this Act, the tax shall be due and payable monthly on or before the 20th day of the month following the calendar month in which a sale of cigarettes on the facilities of the carrier occurs.

Section 73. On or before the 20th day of each month, every distributor shall file on forms prescribed by the commission a report respecting his distributions of cigarettes and purchases of stamps or meter impressions during the preceding month and such other information as the commission may require to carry out the purposes of this Act; however, when any distributor regularly maintains and closes his books and records pursuant to a method utilizing periods ending each four calendar weeks, the commission by regulation may require different reporting and payment date for such distributor, conforming as nearly as practicable with the reporting and payment dates of other distributors.

Section 74. On or before the 20th day of each month every distributor required under section 27 of this Act to collect any tax during the preceding month shall file a report with the commission on forms prescribed by the commission showing the number of cigarettes with respect to which he was required to collect the tax and such other information as the commission may require to carry out the purposes of this Act.

Section 75. The distributor shall submit with each report a remittance payable to the commission for the amount of tax due and unpaid.

Section 76. (1) The commission for good cause may extend for not to exceed 30 days the time for making any report or paying any amount of tax required under this Act. The extension may be granted at any time provided a request therefor is filed with the commission within or prior to the period for which the extension may be granted.

(2) Any person to whom an extension is granted shall pay, in addition to the amount of tax, interest at the rate of one-half of one percent per month, or fraction thereof, from the date on which the amount of tax would have been due without the extension to the date of payment.

Section 77. On or before the 20th day of each month the common carriers and authorized persons specified in section 20 of this Act shall file with the commission a report of the sales of cigarettes made by them on the facilities of the carriers in Oregon in the preceding calendar month in

Such detail and form as the commission may prescribe, submitting with the report the amount of the tax due under section 20 of this Act.

Section 78. Every consumer or user subject to the tax resulting from a distribution of cigarettes within the meaning of subsection (2) of section 6 of this Act from whom the tax has not been collected under section 27 of this Act shall on or before the 20th day of the month following receipt of cigarettes file with the commission a report of the amount of cigarettes received by him in the preceding calendar month in such detail and form as the commission may prescribe, submitting with the report the amount of tax due.

Section 79. (1) If the commission is dissatisfied with the report filed by any person, or if any person fails to file a report, it may compute and determine the amount to be paid upon the basis of any information available to it. One or more deficiency determinations may be made of the amount of tax due for one or for more than one month.

(2) The amount of the determination, exclusive of penalties, shall bear interest at the rate of one-half of one percent per month, or fraction thereof, from the 20th day after the close of the month for which the amount of the tax, or any portion thereof, should have been reported until the date of payment.

(3) In making a determination the commission may offset overpayments for a month or months against underpayments for another month or months and against the interest and penalties on the underpayments.

(4) If any part of the deficiency for which a deficiency determination is made is due to negligence or intentional disregard for this Act or the rules and regulations adopted under this Act, a penalty of 10 percent of the amount of the determination shall be added thereto.

(5) If any part of the deficiency for which a deficiency determination is made is due to fraud or an intent to evade this Act or the rules and regulations adopted under this Act, a penalty of 25 percent of the amount of the determination shall be added thereto.

(6) The commission shall give the person written notice of its determination. The notice may be served personally or by certified mail; if by mail, service shall be addressed to the person at his address as it appears in the records of the commission, but the service shall be deemed complete at the time of deposit of the notice in the mail without extension of time on account of the distance between the place of deposit and the place of address.

(7) Except in the case of fraud, intent to evade the tax, or failure to make a report, every notice of a deficiency determination shall be given within three years after the date when the amount should have been reported.

Section 80. (1) If the commission believes that the collection of any amount of tax required to be paid by any person under this Act will be jeopardized by delay, it shall thereupon make a determination of the amount of tax, noting that fact upon the determination. The amount determined is immediately due and payable, with interest and penalty as provided in section 79 of this Act.

(2) If the amount of the tax, interest, and penalty specified in the jeopardy determination is not paid within 20 days after service upon the person of notice of the determination, the determination becomes final, unless a petition for redetermination is filed within the 20 days.

(3) The person against whom a jeopardy determination is made may petition for the redetermination thereof pursuant to section 81 of this Act. He shall, however, file the petition for redetermination with the commission within 20 days after the service upon him of notice of the determination.

The person shall at the time of filing the petition for redetermination deposit with the commission such security as it may deem necessary to insure compliance with this Act. The security may be sold by the commission at public sale if it becomes necessary in order to recover any amount due. Notice of the sale may be served upon the person who deposited the security personally or by mail in the same manner as prescribed for service of notice by subsection (6) of section 79 of this Act. Upon any such sale, the surplus, if any, above the amount due under this Act shall be returned to the person who deposited the security.

Section 81. (1) Any person aggrieved because of any action or determination of the commission or its authorized agent may appeal to the commission for a redetermination. The appeal shall be by way of written petition, verified under oath as to the truth of the facts asserted therein by the petitioner, stating:

(3) The commission shall grant or may require a hearing upon the appeal and, in connection therewith, shall:

 - (c) Regulate the course of a hearing;
 - (d) Hold conferences for the settlement or simplification of the issues;
- and

(e) Dispose of procedural requests or similar matters.

(4) The commission shall mail to the petitioner by certified mail its decision and order, which shall contain a statement of findings of fact and conclusions of law and a determination of the amount of tax, if any, due, and shall refund to the petitioner the amount paid in excess of the amount found to be due; provided, that where there has been an overpayment of any tax, penalty, interest or fee, the amount of such overpayment shall be credited against any other sum then due from the petitioner to the State of Oregon by reason of this or other Acts, and only the balance shall be refunded.

Section 82. An appeal from the redetermination of the commission under section 81 of this Act may be taken by the petitioner in the same manner as in income tax appeals in the Oregon Tax Court as provided in ORS 314.460.

Section 83. The remedy provided in sections 81 and 82 of this Act for review of the decision of the commission shall be available to any person subject to the provisions of this Act and shall be the exclusive remedy available to judicially determine the liability of such person for the taxes imposed by this Act.

Section 84. An appeal to the commission or to the Oregon Tax Court under this Act shall not stay proceedings to collect any unpaid tax if the commission believes the collection of the tax will be jeopardized by delay unless it be otherwise ordered by the court.

Section 85. The failure to do any act required by or under the provisions of this Act shall be deemed an act committed in part at the office of the commission in Salem, Oregon. The certificate of the commission to the effect that a tax has not been paid, that a return has not been filed or that information has not been supplied, as required by or under the provisions of this Act, shall be prima facie evidence that such tax has not been paid, or that such return has not been filed or that such information has not been supplied.

Section 86. In addition to all other remedies specified in this Act, action may be brought by the Attorney General, at the instance of the commission, in the name of the state, to recover the amount of any taxes, penalties and interest due under this Act, if the action for recovery is commenced within three years from the time the tax is due to be paid.

Section 87. The commission shall enforce the provisions of sections 1 to 89 of this Act and may prescribe, adopt and enforce rules and regulations relating to the administration and enforcement of sections 1 to 89 of this Act.

Section 88. The commission may employ accountants, auditors, investigators, assistants, and clerks necessary for the efficient administration of this Act and may designate representatives to conduct hearings, or perform any other duties imposed by this Act upon the commission.

Section 89. The commission is authorized to employ such personnel and prescribe and prepare such rules, regulations, forms and tables, between the date on which this Act takes effect and the operative date, as are necessary to the placing of this Act in operation.

Section 90. (1) Any person required to obtain a license as a distributor under this Act who engages in business as a distributor without a license or after a license has been canceled, suspended, or revoked, and each officer of any corporation which so engages in business, is guilty of a misdemeanor, and upon conviction thereof, shall be fined not more than \$1,000, or shall be imprisoned for not more than one year, or both, for each offense.

Section 107. This Act shall be submitted to the people for their approval or rejection at the next regular state-wide primary election.

BALLOT TITLE

CIGARETTE TAX BILL—Purpose: Levies a tax of 4 cents per package on cigarettes. One-half proceeds applied to property tax relief; one-half divided equally between cities and counties.

Estimate of Financial Effects: If the voters approve this measure, it is estimated, based on present population figures, that the state would collect an additional \$10,000,000 per year. Annual state administrative costs would be approximately \$155,000 plus distributor costs of affixing stamps, estimated at \$430,000. The 50 per cent of net collections earmarked for property tax relief would amount to about \$4,925,000 annually, or \$1.50 per \$1,000 of assessed value, beginning with 1967-68 property tax rolls.

The 50 per cent share divided equally between cities and counties would yield about \$2,460,000 in additional annual revenue for each. Each city would receive about \$2.20 per resident and each county \$1.25 per resident.

Due to the payment dates set out in the measure, anticipated collections in the first year (1966-67) would be less than estimated in the previous paragraphs.

Explanation**By Committee Designated Pursuant to ORS 254.210**

The proposed Constitutional Amendment, if enacted, will place the method of selecting the Superintendent of Public Instruction in the hands of the State Legislature. The office of the Superintendent of Public Instruction was established in 1872. It is the principal administrative office of the Oregon system of public schools. From 1942 to 1961 the office was filled by a state election on a nonpartisan ballot. In 1961, the State Legislature passed a statute making the office appointive by the State Board of Education. The Supreme Court in 1965 declared this statute unconstitutional and again making this position elective on a nonpartisan ballot. The proposed amendment presented to the people by Senate Joint Resolution No. 31 of the 1965 Legislature, would repeal the existing constitutional provision requiring the State Superintendent of Public Instruction to be elected by a vote of the people. This proposed amendment would give permission to the State Legislature to determine the method of selecting the State Superintendent of Public Instruction.

Measure No. 2

Superintendent of Public Instruction Constitutional Amendment

Argument in Favor

Submitted by Legislative committee provided by

Subsection (3) of ORS 255.421.

The 1961 session of the State Legislature gave the State Board of Education authority to elect the Superintendent of Public Instruction. The State Supreme Court, in a ruling made in 1965, said that a constitutional amendment is required to give the State Board of Education authority to appoint this official. The principal reasons for making the office appointive are listed below:

A good working relationship between the State Board of Education and the State Superintendent is assured if the official is appointed by the Board and he is responsible to them.

The State Board of Education is responsible for adopting regulations governing the public schools and community colleges. The successful administration of these policies requires that the State Board have authority to direct the work of the State Superintendent of Public Instruction.

The office of the State Superintendent should be nonpolitical. Professional competence and knowledge of public school problems of Oregon is required of this official, rather than political power or personal popularity with the voters.

Professional school people, the ones who should be candidates for this office, seldom indicate an interest in elective state office. There are several reasons for this. 1—They are busy in their own jobs and lack time for a state-wide campaign. 2—They lack the money to carry on such a campaign. 3—The successful operation of a school district requires a nonpartisan and nonpolitical approach. There has actually been only one candidate for this office in the last thirty years.

The office has functioned as an appointive one since 1961 and should continue to operate in this manner.

Measure No. 2

Superintendent of Public Instruction Constitutional Amendment

Argument in Opposition

Submitted by Various Groups

Ballot Measure No. 2 is a BAD BILL

It would deny you your constitutional right to vote for and select Oregon's Superintendent of Public Instruction.

As more and more of Oregon's school districts have become consolidated and larger, voters have lost more and more of their right to vote for people and matters concerned with Oregon education. Now, Ballot Measure No. 2 would deny you one of your last remaining opportunities to keep the administration of Oregon's educational system directly responsible to the voters of the state.

Passage of Measure No. 2 would, in fact, turn your right to choose the state official responsible for Oregon educational standards over to the State Board of Education, a board which itself is appointed. The State Board of Education has already previously attempted to seize this power from the voters in an act which the State Supreme Court ruled as unconstitutional.

VOTE "NO" ON NUMBER 2 . . . IT'S A BAD BILL

We, the people of the State of Oregon, pay for our public schools and our entire public program of education through millions of dollars of taxes each year. We want the very best education possible for our youths from this money, and we should have that measure of control over education which comes from electing our own Superintendent of Public Instruction. We need the very best qualified men available to us for this office . . . men who will be responsible to the people! Under our constitutional rights, if the people of Oregon do not think the Superintendent is seeing to it that we have the very best educational system possible, they can elect a better qualified man. If a man in this office should prove to be completely incompetent, the recall procedure can be evoked, if it remains an elective office. BALLOT MEASURE NUMBER 2 WOULD DENY US THESE CONSTITUTIONAL RIGHTS!

Should this measure pass, the State Superintendent would be appointed by a board who themselves are appointed. NO ONE directly responsible for Oregon's educational system on the state level would be elected by, nor responsible to, the people of Oregon.

VOTE "NO" ON NUMBER 2. IT'S A BAD BILL THAT WOULD DENY YOU YOUR CONSTITUTIONAL RIGHT TO ELECT OREGON'S TOP EDUCATION ADMINISTRATOR.

ROBERT B. DUNCAN
For United States Senator

Congressman Robert B. Duncan's announcement for the United States Senate placed him firmly in support of our nation's policy of resisting communist aggression without becoming involved in a nuclear third world war.

(Duncan's candidacy was reported widely in the nation's press. His Democratic opponent and the Republican Governor have joined Senator Wayne Morse in sharp criticism of our Viet Nam policy.)

(Concluded on following page)

(This information furnished by The Duncan for Senate Committee)

Duncan succinctly expressed his decision to run:

"I run because I believe that this is a critical period in the history of the United States and the free world. Judgments are being made and must be made of life and death importance to all of us. In Oregon the voices of potential candidates for the United States Senate in both parties have been raised in opposition to our country's policies. They vary in their emphasis. They offer a multitude of suggestions. Together they represent a discordant symphony of dissension and disagreement that can immobilize this country and, in my judgment, destroy our effectiveness as a leader of the free world and its best hope for freedom and peace."

Duncan has behind him ten years of solid legislative achievement and public service. Elected three times to the Oregon House of Representatives, he was Speaker for two consecutive terms, an honor that has come to no other man. President Kennedy recognized Duncan by appointing him to the Advisory Committee on Inter-Governmental Relations.

Elected first to Congress in 1962 and overwhelmingly re-elected in 1964, he distinguished himself by being chosen as one of four outstanding freshman Congressmen by a poll of newsmen, and by serving on the Agriculture and Interior Committees. Last year he was named to a coveted seat on the powerful Appropriations Committee.

Congressman Duncan has been a strong supporter of flood control, reclamation and conservation measures, and there has been more activity in his district than in almost any other. He has fought to preserve the integrity of the O & C forest and the distribution of revenues therefrom. From his position on the Appropriations Committee, he has exercised leadership in solving the nation's health problems; in securing funds to combat water and air pollution; and strongly supported Medicare and education; and was instrumental in preserving Camp White.

He has earned a reputation for economy and efficiency in government and for fairness and effectiveness. He commands respect from Congressmen and Senators from all over the U. S.

Along with his attention to national and international problems, Duncan has been a real representative in Washington for each individual constituent. He can easily be reached and no problem is too small to receive his attention.

Congressman Duncan is a resident of Medford. He and his wife, Marijane, have seven children. He has worked all his life—in the corn fields of Illinois, the gold mines of Alaska, as a seaman in the Merchant Marine, in a bank in Chicago, as an insurance adjuster, and as a lawyer and public servant. He was a Naval aviator during World War II and is still a member of the Naval Reserve. He was educated at Illinois Wesleyan University, the University of Alaska, took correspondence courses from California and has a law degree from Michigan.

Congressman Duncan is a life long DEMOCRAT—not because of birth but because of belief. He believes the government should do for the people only what they cannot so well do for themselves; that government should function efficiently and economically. He believes that the greatest virtue in a public servant is to work untiringly and with integrity to accomplish the most good for the most number. Duncan's public service is a testament to this belief. He has continued his record of "Getting things done."

Taxes must be lowered so that the laboring man can spend his own wages instead of the Government spending all of it for him.

If we must give foreign aid, lets give food and keep our gold at home.

We must insist that the Federal Trades Commission enforce the existing laws so that the monopolies cannot control the markets. Competition brings prices down and quality up.

Interest rates are too high. The laboring man must use his credit to pay for his home and the other necessities of life. All high interest does is make the rich man richer and the laboring man suffers.

HOWARD MORGAN**For United States Senator**

HOWARD MORGAN IS

- A DEMOCRAT'S DEMOCRAT
- A FIGHTER FOR THE PUBLIC INTEREST
- A WORKER FOR PEACE WITH HONOR NOW

Nearly every newspaper in Oregon has paid tribute many times to Howard Morgan's honesty, diligence, independence of judgment and devotion to the public interest. A business executive and live-stock rancher, he has served with distinction and fairness in the legislature and in some of the most difficult public offices at both State and Federal levels.

Some will remember him as the most effective utility regulator Oregon ever had. Others will recall President Kennedy's appointment of Mr. Morgan to the Federal Power Commission where he won the rare and coveted Leland

Olds Award for Distinguished Public Service, an award never previously granted during the lifetime of the person honored by it.

That Award hailed Mr. Morgan for, among other things ". . . the example he has offered to every citizen of this country of a public servant who cannot be deterred by calumny, influenced by prospects of future gain, intimidated by threats, misled by propagandists or confused by the manipulations of the legal experts".

Mr. Morgan is a graduate economist, an overseas veteran of World War II and a reserve officer of the U. S. Navy. He has a wide familiarity with the economy of the state and the problems of its people, whom he has served in several capacities.

Howard Morgan has the brains, education, training, experience and, above all, the CHARACTER to be the kind of United States Senator you will take pride in.

You do not choose a United States Senator very often. IT PAYS TO CHOOSE WISELY WHEN YOU DO.

UNITED STATES POLICY IN ASIA

Although Howard Morgan's experience and interest in public affairs is exceptionally broad, his chief reason for entering this campaign for the U.S. Senate is his deep concern over our foreign policy, particularly in Asia, which he believes is heading our nation toward disaster. He minces no words and he means what he says.

"The record has persuaded me," Mr. Morgan has said, "that our initial involvement in a land war in Southeast Asia was a tragic mistake. Now our government is caught in its own flypaper and is engaged in even more tragic attempts to justify that mistake. These attempts have involved a consistent pattern of deception of the people by their own government, repeated escalation of the war as a means of substituting the brawn and blood of young men for the brains lacked by the old men who sent them to war, and the steady commitment of more and more Americans to an American land war in Asia.

"I shall work to support our fighting men with everything they need to see them through this ordeal safely. But I shall also seek and use every responsible means of disengaging them honorably from a land war in Asia, which General Omar Bradley has described as 'the wrong war, at the wrong time, in the wrong place, against the wrong enemy'.

"If our involvement in this war was a mistake, as I am persuaded that it was, then we must recognize that in military affairs, even more urgently than in the affairs of business and government, the first thing to do with a mistake is to liquidate it as quickly and honorably as possible. And the second thing to do is to prevent its repetition.

"The men responsible for this mistake hold great power, they are proud men, and some of them are arrogant. They will continue to resist exposure or remedy of their mistakes. They have rebuffed or avoided every remedial suggestion made to them by our own citizens as well as by the great nations which once were our allies. That is precisely why our nation stands alone in Asia today.

"In the last analysis it is up to the American citizen, in the privacy of the voting booth, to take the single action which these powerful men understand and cannot evade. If you want a bigger war, there are other candidates available and I suggest you vote for one of them. But if you want help in your effort to end this madness short of a national or world disaster, I am ready to help, and I ask your vote.

"I pledge you my word that if you entrust your vote to me I shall use it honorably, responsibly and diligently, in company with those Democratic Senators who are already fighting for you, to help bring this senseless war to a sane and decent conclusion serving the legitimate national interests of the United States."

Democrat**BEN MUSA
For Governor**

Senator Musa has served his state for 14 years as State Senator from his district and served as Governor of Oregon nearly 25% of the period 1963 and 1964 while he was President of the Senate. He was successful in securing legislation which will benefit the people of Oregon far into the future. In his first session of 1949 he introduced legislation to create an independent tribunal to which the taxpayers could appeal their grievances with the State Tax Commission. It took 12 years to bring this legislation to fruition in the form of the Oregon Tax Court. Ben Musa is known as the Father of the Oregon Tax Court—which is the first of its kind in the nation.

Ben Musa will fight long and hard for what is right and just. He is a Democratic Senator who is not afraid to stand up and be counted. He stands on sound principles and lets the chips fall where they may. He has supported every Democratic nominee for the presidency including Al Smith; F.D.R.; H. S. T.; Adlai Stevenson; J.F.K.; and L.B.J. He believes in the principles for which the Democratic Party stands and will work hard for those principles—regardless of all labels which might be pinned on him.

(Concluded on following page)

(This information furnished by Ben Musa for Governor Committee)

BEN MUSA says:

"There must be a continuing effort to keep local government under local control. Public officials must learn to serve the people instead of trying to dominate them. The Laws are made for the benefit of all citizens and are not the private domain of those who administer them.

"The problems confronting the state are acute—our economy is booming; but the tax burden for our citizens is staggering. The state must live within its income and resources in order to keep solvent—just as a family must. With state income taxes approximately 1/3 of Federal income taxes, we cannot burden the 80% of Oregon income tax taxpayers with an additional sales tax. A portion of the state income tax should revert directly back to the counties from which it was collected to help reduce home and farm property taxes. (Senator Musa submitted this proposition as early as 1949)

"The state's Administrative officers must learn to help the citizen understand the law, and show him that the laws work for him, and not against him.

"It is the duty of a Governor to make a sincere effort to work in harmony with the duly elected representatives of the people. This spirit was sadly lacking during the last eight years. We must learn to work together for the common good, and for the benefit of all the people. In the words of our late beloved and martyred President it is time to 'Ask not what your country can do for you, ask what you can do for your country'.

"Top priority must be given to make our highways safer. Law enforcement must be strengthened and adequate financing of the enforcement divisions is long overdue.

"Our natural resources must be preserved and nurtured, and this includes our air and water. We have the laws to do this, and these must be diligently pursued and executed.

"There must be a moral re-awakening among all people in the land. There must be a return to respect of law and order, and a fervent impatience with those who would destroy our American democracy. We cannot afford, under the guise of individual liberty, to have our hard earned freedoms cast aside. Taxpayers' hard earned dollars should not be used to teach insurrection in our tax supported institutions.

"It has been stated that it would take \$100,000.00 to finance a campaign for the office of Governor. I believe it is an insult to the intelligence of the citizens of this state for a candidate to spend more money securing an office than the salary that office will pay in four years. I can not nor would not indulge in such a luxury; and it is my belief the people of this state would not condone this kind of extravagance."

Ben Musa is a Certified Public Accountant, a former Internal Revenue Officer and has a broad experience in fiscal and commercial affairs. He understands responsibilities of government and its obligations to the people.

WALTER S. BLAKE, JR.

For Superintendent of Public Instruction

**ELECT WALTER BLAKE
FOR YOUR CHILDREN'S SAKE**
State Superintendent of Public Instruction

WALTER BLAKE will bring sound, basic education back to Oregon schools.

WALTER BLAKE has the training, the ability and the desire to really improve Oregon education.

He holds three college degrees in education, including a doctorate. He has had 18 years experience as an educator. Since 1958, he has been Dean of Students and Associate Professor of Education at Willamette University. His entire career has been devoted to improving the standards of education.

WALTER BLAKE is concerned about the inadequacies of present-day education in Oregon and the direction our educational philosophies are taking. **AND HE IS PREPARED TO DO SOMETHING ABOUT IT!**

WALTER BLAKE believes in more fundamentals and fewer frills in our schools. He is **AGAINST** centralized control of schools; he is **FOR** school control at the local district level. He is **AGAINST** having the office of Superintendent of Public Instruction be an appointive office; he is **FOR** having it remain an elective office.

WE CAN NO LONGER NEGLECT THE BASICS OF EDUCATION

ARE YOU SATISFIED WITH TODAY'S STUDENTS' ABILITY TO READ AND COMPREHEND?

Dr. Walter Blake says much more reading basics and skills must be taught in our schools . . . starting early in primary grades. Students are leaving high school reading only about 250 words per minute with 70% comprehension, yet if reading were taught properly they could be reading and understanding at least 1,000 words per minute.

DO YOU FEEL TODAY'S STUDENTS HAVE A PROPER UNDERSTANDING OF HISTORY, GEOGRAPHY AND ECONOMICS?

Dr. Blake would have these subjects taught separately . . . rather than inadequately lumped together as "Social Studies". American history can and should be taught with pride and conviction. Geography must teach the student about the world he lives in. Far too few students have even a minimal knowledge of good economic theory.

DO YOU BELIEVE TODAY'S STUDENTS ACQUIRE AN ADEQUATE KNOWLEDGE OF VOCABULARY AND WRITING?

Walter Blake would work to see that students graduate from our schools with a thorough knowledge of writing skills and an adequate vocabulary. The limited vocabularies of today's students contribute greatly to their reading and writing deficiencies. Students must also be taught how to write legibly, accurately and functionally.

DO YOU THINK TODAY'S STUDENTS ARE TAUGHT ENOUGH PHYSICAL SCIENCE?

Dr. Blake feels the gap in our present physical science curriculum comes close to a form of national suicide, and he stands prepared to do something about it. He would place much more emphasis on courses in biology, chemistry and physics, starting in elementary school.

ARE YOU PLEASED WITH TODAY'S STUDENT ATTITUDES?

Attitudes are learned, and Dr. Blake would work for the teaching of attitudes that develop respect for authority and law and order. The declining standards of many of our young people are highly dangerous to the society in which they live.

A VOTE FOR WALTER BLAKE IS A VOTE FOR FUNDAMENTAL EDUCATION. ISN'T THIS THE KIND OF EDUCATION YOU WANT YOUR CHILD TO HAVE?

LEON P. MINEAR

For Superintendent of Public Instruction

Dr. Leon P. Minear was chosen for the Superintendent of Public Instruction by Governor Mark Hatfield and the Oregon State Board of Education on the recommendation of the education profession. He has broad knowledge and experience in every area of public education as:

- A **TEACHER** in elementary school, junior high school, high school, and college for 12 years.
- **VICE-PRINCIPAL** of the University of California at Berkeley demonstration high school
- **PRINCIPAL** of Benson Polytechnic High School in Portland
- **PRESIDENT** of Stockton Junior College in California
- **COLLEGE TEACHER** at University of Denver, University of California, and Portland State College
- **SUPERINTENDENT OF TRAINING** for Pan American World Airways

(Concluded on following page)

(This information furnished by Minear for Superintendent Committee)

Under Dr. Minear's leadership, the statewide pooling of talent and effort to prepare public schools to teach young people in the Space Age has had encouraging results:

- **IN PUPIL ACHIEVEMENT** — Oregon schools have attached major importance to the teaching of the basic skills: reading, writing, and arithmetic. Oregon school children show an academic achievement up to one and one-half years in excess of national standards. Selective Service has reported that Oregon had the lowest number of rejectees for mental, physical, and moral reasons.
- **IN VOCATIONAL EDUCATION** — Extensive research and development is underway on a statewide basis to improve the quality of vocational programs and to make such opportunities available to all Oregon pupils.
- **IN POST-HIGH SCHOOL EDUCATIONAL OPPORTUNITY**—In five years Oregon's community college system has grown to serve almost 18,000 youth and adults.
- **IN INCREASED OPPORTUNITY FOR HANDICAPPED CHILDREN**—Oregon's special education programs have expanded to make it possible for over 20,000 mentally and physically handicapped children to participate in public school programs.
- **IN CLASSROOM INSTRUCTION** — Foundation funds have been used to finance the updating and upgrading of public school programs and to reduce the gap between new knowledge in subject fields and new knowledge about teaching and learning and actual classroom instruction and practice.
- **IN TEACHER EDUCATION** — The State Department of Education, local school districts, and Oregon colleges and universities have cooperated in a four-year \$3.5 million Ford Foundation financed effort to improve training of teachers.
- **IN SMALL SCHOOLS** — Eighty small high schools in Oregon have joined in a voluntary self-improvement effort with the help of the State Department of Education.

Dr. Minear's professional achievements have brought him national recognition and have brought credit to Oregon.

- He is one of ten Superintendents invited by the nation's school administrators and the U. S. Office of Education to advise the U. S. Commissioner of Education on federal, state, and local school problems.
- He serves on the National Advisory Committee to the Center for the Advanced Study of Educational Administration.
- He directed the U. S. Office of Education Study for a National System of Regional Research Centers.
- He has been invited to the White House for discussions on education with both Presidents Kennedy and Johnson.
- He has been an advisor or consultant to school districts, colleges, universities, several other states, and foreign countries in their educational problems.
- He is a member of the advisory board for the Grolier Society (Encyclopedia Americana, Encyclopedia International, etc.)

HIS CONVICTIONS:

- Our public schools must continue to strive to help young people build the values and attitudes necessary for responsible citizenship so that they will cherish and protect American freedom and democracy.
- There must be constant evaluation and improvement of education.
- Schools of uniform high quality must be maintained through wise and careful use of the tax dollar.
- Local school districts must be strengthened so that they may provide a full education program for Oregon's children.

Above all . . . I love Oregon . . . and hate war.

HOW should Oregon apportion its Legislature?

In a manner that is agreeable to the majority of Oregonians—this should be our constitutional right.

WHEN should water be exported from the State of Oregon?

After a majority of Oregonians are reasonably assured that the future needs of the State will be adequately protected.

WHY should "right to work laws" be left to the decision of Oregonians?

Because this is a vital question involving the right to belong and the right to dissent; should the time come to make a decision, the majority of the people of Oregon can be trusted to choose wisely.

WHERE does the war in Vietnam make sense?

To the majority of the people of Oregon? To the allies of the US?

To those members of the Congress who abide by their oath to uphold the Constitution of the US?

One thing is clear, this war suits the purpose of the power hungry, bureaucratic element of the Democratic Party and the profit hungry, warlord element of the Republican Party. This is an unholy alliance wherein the bureaucrats can boast of "peace and prosperity" while the warlords kill for profit. A declaration of war, or state of emergency, would bring on mobilization and controls—this would be frustrating to their aims—and gains; therefore, such action is avoided.

If, indeed, the security of the US is at stake in the rice paddies of Vietnam then it should require the attention and support of all Americans. It is not possible to uphold that war, as it is now being waged, and keep faith with the Constitution of the United States.

CORNELIUS C. BATESON**For State Senator, First District
Marion County, Position No. 2**

Cornelius Bateson will take to the Senate his reputation as one of the most promising and effective members of the legislature—a reputation he earned in six years of outstanding service in the House of Representatives.

A keen student of government, a persuasive speaker and debater, possessed of untiring energy and vitality, he has well earned recognition as one of the hardest working and most dedicated legislators. People of Marion County who have taken their problems to him have found him informed, interested and effective in helping them.

Bateson's wide interest and broad experience in legislative problems is evidenced by his appointment and long service on these important committees: Agriculture, Taxation, Labor and Management, Public Health and Welfare, and Financial Affairs. He has served as Chairman of the powerful Legislative Fiscal Committee and as Chairman of the Committee on Local Government.

A successful farmer, Bateson has been particularly active in efforts to relieve the heavy burden and unfair distribution of property taxes. He had an important part in passage of the Real Property Relief Act and the Inventory Tax Relief Act of 1965. "Both of these acts are steps in the right direction," Bateson says, "but much remains to be done before we make our tax system fair to the homeowner, farmer and businessman alike."

As the father of three children, ages 13, 11 and 10, Bateson is deeply concerned about the problems of education and the safety of citizens of all ages from crime, juvenile delinquency and vandalism.

In addition to operating his own fruit, vegetable and grain farm in the Salem area, Bateson is active in a wide range of business and community affairs. He is President of Blue Lake Packers, a director of the Oregon-Washington Vegetable and Fruit Growers' Assn., trustee and past president of the Oregon Horticultural Society, past president of his Rotary Club and a trustee of the First Congregational Church of Salem, where he is also a long-time Sunday School teacher.

A graduate of Salem High and Stanford University and a veteran of the Korean War, in which he served as a Marine officer, Bateson is also a volunteer fireman, a member of the Farmers' Union, a Boy Scout Troop Commissioner, a member of the Farm Bureau, American Legion, Elks, Macleay Grange, past president of the Salem Active Club and a member of the Salem Area Chamber of Commerce.

As an active and concerned member of his community, as an informed and effective legislator, as a Democratic precinct worker and former Chairman of the County Central Committee, Bateson has a record of service to the people's interest of which Democrats can be proud.

Marion County, Position No. 1**

Gayle Gilmour has the ability, the drive and the political courage to do the job you want done in the legislature.

An intelligent, far-sighted community leader, Gilmour has demonstrated his deep concern for the needs of Marion County citizens.

MRS. TOM (MARGUERITE) WRIGHT**For County Commissioner, Marion County, Position No. 1**

Blessed with natural beauty, abundant resources, and hard-working, independent, thrifty citizens, Marion County can continue to be the best place in Oregon to live.

But many problems remain: unfair property taxes, inadequate health and other social services, stream pollution, unpaved roads, waste and duplication caused by disputes within and between governmental units.

Hamstrung now, county government must be strengthened before such problems can be solved. Needed is action — by the Legislature, by the county commissioners, by the voters.

This year, voters have an opportunity to elect county commissioners who will provide practical, enlightened, honest, bi-partisan leadership in a time of rapid growth in population and economy.

MRS. TOM (MARGUERITE) WRIGHT is soundly qualified to become an effective worker on the three-member County Commission.

A Marion County and Salem resident for 18 years, Marguerite Wright, 40, has

proven ability to work well with people. She has served the public at city, county, and state levels of government as a member of:

- Salem Community Goals Committee • Salem Human Relations Commission
- Salem Art Association (Board of Directors) • Marion County Budget Advisory Comm. • Marion County Library Study Comm. • Marion County Health Department (health educator and Operation Valley-Health coordinator)
- Marion County Health Council vice president • Advisory Board on Nursing Services • Oregon Small Business Advisory Council • Oregon Civil Rights Advisory Comm. • University of Oregon Alumni Advisory Council to the President • State Dept. of Education (assistant publications editor) • State Justice Dept. (public information officer) • State Legislative staff.

In addition, Mrs. Wright has gained insight into community problems as Oregon Statesman editorial writer, Capital Press women's editor, Salvation Army Building Fund public relations consultant, Presbyterian Church worker, faculty member at Oregon College of Education.

An active Democrat, Marguerite Wright is past president of the Marion County Democratic Club, Salem Jane Jefferson Club, State Chairman for Operation Support for LBJ, and delegate to two state pre-primary conventions. She is the wife of Tom Wright, Oregon Statesman state editor. The Wrights have four daughters.

WALTER J. BREITENSTEIN**For County Commissioner, Marion County, Position No. 2**

Walter J. Breitenstein, is a 48-year-old native born citizen, reared on a farm in the Sublimity area of Marion County, Oregon. His education was received in Sublimity schools and U.S. Army programs. His wife, Virginia, and 7 children reside at Rt. 1, Sublimity, on a small farm adjacent to the Cascade Highway. He is a member of St. Boniface Church, Knights of Columbus and the Farmers Union. He has served in official capacities, on the Sublimity School Board and the Highland Bentgrass Association. His life-time occupation has been the farming and lumbering industries.

He is a veteran of World War II, serving in the South Pacific and Philippine areas, as a combat infantryman in plans and operations section of the Army. He was cited by the Commanding General VIII Army and holds the Bronze Star.

The ideas of Walter J. Breitenstein concerning good county government are simple but important:

1. Harmonious cooperation between all departments of county government is essential.
2. As Salem is the city and the seat of state and county governments, a close state-county-city relationship of cooperation and coordination should prevail so that each might benefit from the actions and policies of the other, whenever possible.
3. Taxes are the concern of everyone, and prime political fodder. They cannot be lowered when expansion is apparent and when public betterment is the aim and purpose. Taxes are an important segment of our economic system. They should be kept in line with the present economy in order to achieve intended goals and provide necessary services.
4. We must advance in our ideas and policies of government. New concepts of government that are likely to be beneficial and advantageous to the common good are worthy of study. If we are not advancing, we are automatically sliding backwards.
5. Marion County has been endowed with many of the best attributes of nature. Its forests, fields and waters but most of all its citizens must be preserved, protected and developed by good governing practices.

Walter J. Breitenstein firmly believes in the dignity of man. That goals of government should ever be: to benefit citizens and to uphold their rights. He requests your support at the polls.
