

## CARMI MURDERER HAS BEEN ARRESTED

### ATTEMPTED TO COMMIT SUICIDE IN CELL

### Recovery of James Dale, Who Killed Two Men, Is Regarded as Doubtful.

(Special to the Times.)  
Grand Forks, Oct. 18.—A clever arrest was made here yesterday by Provincial Constable L. A. Dinsmore when he arrested James Dale, the Carmi murderer, at the Great Northern depot when the train arrived here from Curlew, Wash.  
About 10 o'clock Constable Dinsmore, who was watching all the passengers who went into the depot, saw a man answering Dale's description, so he went up and asked him if his name was Smith. The man said, "No, my name is Dale," whereupon Dinsmore put him under arrest and placed him in the provincial jail.  
Shortly after he was locked up Dale attempted to commit suicide, hearily severing his jugular vein with an old knife. He lost considerable blood before he was discovered, and was taken to the cottage hospital at once. His recovery is regarded as doubtful.  
Under cover of darkness Dale succeeded in escaping from his cabin at Carmi and caught the train at Curlew. He was heading for Spokane when arrested.  
Dr. W. H. Dickson, the attending physician, says that Dale's chances for recovery are very doubtful, the danger being from blood poisoning and pneumonia more than from the wounds themselves.

### A Greenwood dispatch gives additional details of the tragedy, as follows:

"A dreadful and deadly shooting affray took place at Carmi, on the west fork of the Kettle river, fifty miles north of here, in which James A. Dale, an American, killed Peter Gorderau and Joseph Cella and wounded David Smith. The men were miners and prospectors. Smith was brought here. He was driven fifty miles, accompanied by Alexander Hood, who says that Joseph Cella and Peter Gorderau went from Beaverdell to Carmi Sunday night and were having supper at Dale's boarding house. The three men quarrelled after supper. Cella and Gorderau went to the latter's cabin, and while they were sitting there Dale started shooting through the windows. Smith was struck in the shoulder, then Gorderau in the neck and next Cella just under the heart. Both died instantly. Smith returned to consciousness and went out of the cabin, while Dale went in. Smith went to the post office and Dale afterwards started shooting at the post office, where some eight men were inside. One bullet penetrated the window, but did no harm.  
Gorderau and Cella are both Frenchmen; the former 45 years of age and the latter 22. Smith, the wounded man, is a Scotman, about 46 years old. Smith is not dangerously wounded."

## IMPROVEMENTS TO BEACON HILL PARK

### Ald. Douglas Has Plans for Construction of Seal Pool and Alteration of Bear-pit.

"In my opinion our park is somewhat neglected," remarked Alderman Douglas, chairman of the park committee of the city council this morning to a Times reporter. Ald. Douglas went on to state that the body over which he presides had been despoiled of \$1,500 by the civic solons, which money had been spent upon other departments. Part, he understood, had been laid out upon the streets and another portion upon the surveys and other investigations into the Highland district watershed. It wasn't his desire to appear to undervalue the importance of these works, but still he did not think that the fund ordinarily used for the maintenance of the Victoria park as a recreation grounds should be expended upon anything else but that for which it was intended.  
Ald. Douglas has made up his mind to protest vigorously against the course that is being followed by the council in respect to the park. This morning he asked the city assessor for an estimate of the cost of constructing a modern seal pool, with every provision for their comfort and convenience, somewhere in the vicinity of present bear pit. Having obtained figures as to the probable cost of such a structure as well as upon the building of a new and much improved bear pit, the chairman of the park committee will lay his views before the city fathers in forcible terms.  
Not only does Ald. Douglas believe that these changes should be made in order to beautify the park, and more especially to give the imprisoned creatures some enjoyment in their uneventful lives, but he thinks that some systematic method should be adopted in the extension to the Zoo and the general park maintenance. His suggestion is that the birds, animals and other curiosities which go to make up the exceedingly interesting menagerie should be removed from their present home to a point somewhere near where the bears are now confined. It would be impossible to install much

## RIFLE MATCHES AT CLOVER POINT

### THANKSGIVING DAY MEET FINE SUCCESS

### Sergt. Brayshaw Won D. R. A. Silver Medal With Splendid Record— Prize Winners.

The Fifth Regiment Rifle Association held the closing shoot for the season at Clover Point yesterday, and as the weather was good everyone attending had a very enjoyable time, more particularly perhaps as there were prizes for all who competed.  
Mention should be made of the excellent score recorded by Sergt. A. Brayshaw. He had 34 points out of a possible 35 at 200 yards, and at the 100 and 400 yards he just dropped two points at each, finishing with an even 100 out of 105. Besides winning the first prize in the first class he wins the D. R. A. silver medal, open to any member of the regiment. If he continues at the same gait at Bixley next year there is no telling where he may land, King's prize man possibly, and his friends would not be surprised. The popular captain of No. 1 company broke his previous record by making 95, and was warmly congratulated by the old members of the association, who expressed the hope that some day the regiment might have an officer on the Ottawa team.  
It is only necessary to say that Major Currie was range officer to indicate that everything went off in good order.  
Shooting commenced promptly at 9 o'clock, and was finished and prizes paid before 4 in the afternoon.  
There are some prizes still in the hands of the secretary, who will attend at the drill hall on Monday evening next, and all those who have not received their prizes must govern themselves accordingly.  
The following is the prize list:

First Class.  
D.R.A. silver medal and \$7.00—Sergt. A. Brayshaw ..... 100  
\$5.00—Hon. Sergt. F. Richardson ..... 95  
4.00—Capt. E. Angus ..... 92  
4.00—Sergt. Carr ..... 92  
3.50—Co. S. M. Owsby ..... 88  
3.50—M. Sgt. Lettice ..... 88  
3.50—Corp. Butler ..... 88  
3.00—Sergt. Major McDougall ..... 86  
3.00—Capt. W. P. Winsby ..... 85  
3.00—Gr. W. Duncan ..... 85  
2.50—Major Hibben ..... 70  
2.50—Sergt. Laurie ..... 65  
2.50—Major Gorderau ..... 64

## SUBMARINE BOAT LOCATED.

### Authorities Have Abandoned Hope of Saving the Crew.

(Associated Press.)  
Biserta, Tunis, Oct. 18.—The sunken submarine boat Luthi has been located, but the authorities are convinced that the two officers and fourteen men on board are long since dead.

## CANADA'S FOREIGN TRADE IS GROWING

### RETURNS FOR FIRST QUARTER OF FISCAL YEAR

### An Increase of Nearly Twenty-Seven Million Dollars Over Same Time in 1905.

(Special to the Times.)  
Ottawa, Oct. 19.—Canada's foreign trade for the first quarter of the current fiscal year shows an increase of \$25,774,478 over the same time last year. The aggregate total was \$150,422,900, compared with \$122,650,521 for the same time in 1905, making, as already said, an increase of \$25,774,478.  
The total imports amounted to \$80,190,527, an increase of \$12,148,882, and the total exports \$70,232,473, an increase of \$14,625,797.  
All branches of trade show an increase except fisheries, which show a decline of about \$600,000. There is over three millions of an increase in forest wealth, over seven millions in agriculture and over \$300,000 in manufactures.

## D. MANN'S DENIAL.

### W. G. Fowler, M. P., Got No Information Which Was Not Given to Others.

(Special to the Times.)  
Ottawa, Oct. 19.—D. Mann says that the information he gave G. W. Fowler, M. P., was what everyone got who went to his office, and was given to Mr. Fowler in the same way as to anyone else.  
Mr. Fowler in his evidence before the insurance commission said that he got valuable and secret information.

## BANK OF ENGLAND RATE.

### Has Been Raised to Six Per Cent.—Demands for Gold.

(Associated Press.)  
London, Oct. 19.—The Bank of England raised its rate of discount to 6 per cent. this morning. Changes in the discount rate of the Bank on any day except Thursday have been few and far between, and not since Friday, November 7th, 1890, just before the Baring failure, has the rate been put up to 6 per cent. The repulse in American exchange, indicating a renewal of the demands for gold and the probability of large withdrawals of the metal for Egypt, were the main contributory causes of the action taken by the Bank of England. The sum of \$5,000,000 in gold leaving the bank to-day is believed to be destined for Egypt, while financial circles anticipate very large purchases in behalf of the United States, irrespective of whether the rate of exchange does or does not render the transaction profitable. Reports are also current that the Imperial Bank of Germany is conducting a large bullion movement for Russian account, while Argentine is in the market as a purchaser of gold. The multiplicity of the demands for the metal, it is pointed out, emphasizes the necessity of protecting the already depleted reserves of the Bank of England.

## VIOLATED ANTI-TRUST LAW.

### Verdict of Guilty Against the Standard Oil Company of Ohio.

(Associated Press.)  
Findlay, Ohio, Oct. 19.—After deliberating 32 hours the jury in the case of the Standard Oil Company of Ohio against the Standard Oil Company of Ohio returned a verdict of guilty on the charge of conspiracy against trade in violation of the Valentine anti-trust law.  
The verdict was rendered at 4.35 this morning.  
The jury having announced its readiness to report exactly at 4 o'clock, the court and attorneys arrived in a hall hour, when the verdict was rendered as follows: "We, the jury in this case, find the defendant guilty in the matter and form as the defendant stands convicted on the information."  
Attorney Troup, for the defendant, said he wished to make a motion for a new trial of the case. Judge Banker assured him that all such motions would be entertained on a matter of course.  
The court at once adjourned.  
The penalty is a fine of from \$500 to \$5,000, which may be repeated for each day of the offense, or imprisonment of from 4 to 12 months.

## COWBOYS KILLED BY BAND OF INDIANS

### BATTLE FOLLOWED ATTACK ON CATTLE CAMP

### Two Herders Were Slain and Number of Raiders are Supposed to Have Been Injured.

(Associated Press.)  
Chicago, Oct. 19.—A dispatch to the Chronicle from Omaha says:  
"An outbreak of the Ute Indians, who have been causing much trouble and worry in Wyoming all this summer, occurred near Gillette, Wyoming, Wednesday night.  
"In a battle between cowboys and Indians, two of the former were killed and a number of Indians are supposed to have been injured.  
"The battle occurred when the Indians attempted to raid a cattle camp and run off a lot of stock. The cowboys were in charge of the camp but resisted. The Indians secured the cattle and killed a number of steers, taking the meat to their camps."

## FINANCIAL STATUS OF LOCAL ASSOCIATION

### Secretary Grace Upon Y. M. C. A. Fiscal Policy—New Building—More Members Required.

An interesting address was delivered by Rev. A. J. Brace, the new secretary of the Y. M. C. A., at a recent meeting of the association. At the outset he said that he could do little else than outline the policy of the new fiscal year. During the canvass to clear the debt, which had been successfully accomplished through the energy of the president, H. J. Knott, and the generosity of citizens interested in the Y. M. C. A., a cheering discovery was the splendid feeling toward association work. Practically there were no refusals. Two, not at present being financially able, promised later for a building proposition.  
Secretary Grace, continuing, said: "The sentiment that a new building, properly equipped for men's work, is needed, is very strong in the city, and our plain duty is to cultivate and educate public sentiment and, thought along that line by proving ourselves through this winter's work, in short to 'deliver the goods,' and thus prove worthy of further confidence.  
"The association's budget annually is in the neighborhood of \$4,000. Membership fees meet about half of this. The Seattle association, through membership fees, raises 89 per cent. of their large budget. This is due to the splendid equipment of their association, and it means from our standpoint in Victoria that with an adequate building and equipment we might have 600 members or more, rather than less than 200—our present status; and consequently with extra revenue from new assembly hall and dormitory rooms for members away from home, the budget could very largely be provided for, instead of constantly making demands on the public. At the same time the association should not bear all its own expense, as is a civic asset to a community, and citizens generally interested should be given an opportunity to assist in such a philanthropic work.  
"After to-night's election committee will meet to discuss the budget, change of constitution and formation of their reports to the first meeting of the board.  
"A membership competition will soon be launched to enlarge the membership roll, and special attractions are under way to make an interesting winter's programme, but pre-eminently we stand for character building and are anxious to help all young men."

## ROJESTVENSKY ACQUITTED.

### Court Holds That He Was Not Responsible for Surrender of the Bedovai.

(Associated Press.)  
St. Petersburg, Oct. 19.—The court-martial which has been trying the officers of the torpedo boat Bedovai for surrendering her to the Japanese after the battle of the Sea of Japan, has found Capt. Baranoff and Capt. Gropner guilty of cowardice and sentenced them to be cashiered.  
Admiral Rojestvensky was acquitted, the court deciding that he was irresponsible on account of his wounds.

## MAYOR INTENDS LOSING NO TIME

### IN PRESENTING WATER BY-LAW TO CITIZENS

### Formalities Will Be Rushed Through at Special Meeting of Council To-Night—Other Matters

To-night a special meeting of the city council will be held for the purpose of advancing the by-law supported by Mayor Morley and Alderman Yates, another step through the channels it must traverse before reaching the ratepayers. This scheme provides for the buying of \$300,000, and its details have so often been outlined in public that it appears like waste of time and space to give another description. Although more money is asked for, the project seems to meet with more general favor than that which originated with the water committee of the city council and was defeated at the outcome of the forthcoming vote, public opinion upon the water question varies to such an extent, but it is safe to say that it will come nearer getting the required majority than was the case with the by-law which met with so decisive a reverse.  
Mayor Morley is anxious that there should be no "little delay" as possible in placing the matter before the citizens for their verdict. He argues that if anything is to be done it should be commenced without delay. There is, he says, no time to lose if the improvements are to be installed and in operation before another summer. Should the warm months come again and find the city unprepared he contends that the scarcity of water would be felt to a greater extent than ever before, and doubtless, the criticism of those in authority for their "neglect" would be even bitterer than has been the case in the past. He wants to give the citizens the opportunity, therefore, to register their opinion at the earliest possible date. Hence this evening's meeting.  
The expenditure provided for in the Mayor's proposal is made up as follows: For redistribution, \$125,000; for extending the 24-inch main to Elk lake, \$90,000; for cleaning the lake, \$17,000; for bank on high levels, \$15,000; for surveys of Highland and Sooke districts respectively, \$1,500 and \$2,500; for contingencies, \$35,000. This brings the total up to \$300,000; the sum mentioned. The Mayor points out that only two of the above amounts are investments in the present system exclusively, namely, the new main and the cleaning. The others, he explains, would be necessary, no matter what system they would have to be undertaken. It is the carrying of any new system. The heaviest expenditure of all is that for redistribution, and he emphasizes the fact that it would have to be done under any circumstances.  
As far as can be gathered the aldermen will offer no opposition to the Mayor's by-law. They will facilitate the carrying of it before the ratepayers, acknowledging the right of the Mayor's being heard after they have presented their case and been turned down.  
As soon as the by-law has passed the city council a public meeting will be called in order that the property owners may be made thoroughly conversant with its provisions.  
It is understood that the proposed liquor license by-law may be considered this evening. As this is a lengthy and important document the deliberations of the civic solons are likely to be even longer than usual.  
Another matter upon the tapis is a by-law to regulate locomotive engines, motor cars and other vehicles, and to regulate traffic and to prevent nuisances. Its main objection, however, is to place some restriction upon the speed of automobiles, which the city fathers consider run at much too fast a rate upon the principal streets of the city.  
The provisions of the present law are such as to make it somewhat difficult to keep the reckless chauffeur within the proper bounds. The new by-law is calculated to remedy that, and, if carried, will assuredly make it much easier for the guardians of the law to see that automobiles don't overstep a certain limit in their peregrinations about Victoria.  
In the first place the measure provides that no person, whether resident within the city or not, shall drive or act as driver of a motor vehicle without having registered his name with the city collector, the fee for which will be \$2, and in return the driver will receive a numbered badge which will be worn while driving upon the front part of his head-gear. No person under 18 shall act or be entitled to register.  
The by-law continuing reads as follows:  
"Every person applying for registration must produce a certificate from the owner and some resident electrical engineer to the effect that the person has given satisfactory proof of his ability to drive a machine and shall also satisfy the chief of police of his ability to drive.  
"Every person driving a machine through the streets must stop immediately on the demand of a policeman.  
"In the principal thoroughfares of the city the rate of speed of the motor vehicles shall not be more than six miles an hour, and at corners or sharp turns the speed must be reduced to three miles an hour, and when at a distance of twenty yards from a corner the driver shall sound two blasts of the

## FIRE AT TORONTO EXHIBITION GROUNDS

### LOSS AMOUNTS TO QUARTER OF MILLION DOLLARS

### Cook at Alberta Ranch Ended Life by Shooting—Football Matches in the East.

(Associated Press.)  
Toronto, Oct. 19.—Fire in two hours last night did \$200,000 damage to buildings on the exhibition grounds. The grand stand, horse, cattle and swine sheds and old main building were destroyed. The new buildings, being of cement, were uninjured.  
Cook's Suicide.  
Lethbridge, Alberta, Oct. 18.—Yesterday morning George King, cook at Whitney's ranch, ten miles from here, was found outside the door dead, and with a rifle across his knee. Deceased had been drinking heavily of late. The coroner's jury after investigating found that he had committed suicide.  
Doctors Meet.  
Calgary, Alberta, Oct. 19.—The council of the College of Physicians and Surgeons of Alberta is meeting here. The doctors will be in session for at least three days, as there is much routine business to transact. The council opened its proceedings yesterday morning.  
Wounded by Negro.  
Winnipeg, Oct. 18.—Louis Benwa, cook in a restaurant, was badly slashed with a knife in a fight with a negro last night.  
Chess Match.  
Winnipeg, Oct. 19.—Winnipeg Chess Club defeated Montreal in a match by wire yesterday by a score of 5½ to 2½.  
Record Attendance.  
Montreal, Oct. 19.—Before the largest crowd that has as yet graced University field in the local opening of the inter-collegiate football series, McGill scored a sweeping victory over Ottawa College yesterday afternoon. Score, McGill, 27 points; Ottawa, 1 point. Upwards of 4,000 witnessed the contest.  
Toronto Won.  
Kingston, Oct. 19.—Nearly two thousand spectators watched a slow game of Rugby yesterday afternoon between Queen's and Toronto Varsity seniors, which resulted in favor of Toronto by 12 points to nothing.  
Game at Ottawa.  
Ottawa, Oct. 19.—The greatest football crowd that has assembled in Ottawa since the College-Ottawa battle of 1903 thronged Varsity oval yesterday afternoon to see the Thanksgiving Day match between the Rough Riders and St. Patricks. The Rough Riders won by 16 to 0.

## NEW TUGS ARE TO BE CONSTRUCTED

### TENDERS FOR ONE NOW BEING CALLED

### Great Demand for Steamers of This Class Reported in Local Ship- ping Circles.

It is probable that within the next month work will be commenced on the construction of a couple of new tugs in Victoria. One to be built for George McGregor, owner of the steamer Sade and part owner of the Venture, is to be completed within the next four months according to the plans of the Victoria shipbuilders who are now being invited. These tenders have to be all in by Saturday, and for some days the local shipbuilders have been figuring on the dimensions called for being: Keel, 90 feet; beam, 19 feet, and draught 10 feet. As will be seen from these figures the vessel will be a good size. It is intended to use her in general towing work.  
The second boat in contemplation is said to be larger still than this proposed steamer, and her dimensions will be something like those of the Albion.  
Speaking a few days ago about the work for tugboats, Mr. McGregor said that during the past season there has been a great deal for steamers of this class to do, and at present time he had more business ahead than would keep two steamers going. During the past year the demand for small craft has been increased by the work created by the canneries and traps. It might be supposed, however, when this was over that a number of the vessels thus employed would be disengaged. But the reverse has been the case. There has been plenty of work for all, and the result has been that often when a steamer has been needed in a hurry that trouble has been experienced. Not for years has the steamboat outlook in this province been so favorable as at present, and speculation in this line has been quite noticeable of late.

## DOMINION PARLIAMENT.

### Will Probably Meet on Thursday, November 22nd.

(Special to the Times.)  
Ottawa, Oct. 18.—Before the week closes Parliament will be summoned. It is likely that Thursday, November 22nd, will be the day of the meeting of the House.

## VISITING SOUTH END OF HIS CONSTITUENCY

### Ralph Smith, M. P., for Nanaimo, Makes a Trip to Various Parts of Riding.

Ralph Smith, M.P., accompanied by his son, arrived in the city on Wednesday and will remain until Saturday afternoon. Mr. Smith is here on one of his periodic visits in connection with various departmental matters that pertain to the many Dominion government institutions that are located in the vicinity of the city of Victoria and are in his constituency.  
The Esquimalt drydock, the Work Point barracks and Esquimalt fortifications, the Darcy Island leper station, the fish trap licenses, and the quarantine station at Wilsey Head are all matters that come within Mr. Smith's parliamentary jurisdiction and to which he has necessarily to devote a great deal of his time and personal attention.  
On the way to Victoria Mr. Smith paid a visit to the Indian school at Kuper Island, and speaks in terms of unqualified praise of the splendid work that is being done at that institution.  
The excellent condition of the equipment of the school and farm, and the conduct and deportment of the pupils, as well as the progress shown in their studies, reflect great credit on Father Verbeke, who is the head of the institution.  
Mr. Smith left for the quarantine station this morning in company with Dr. Montisambert and Dr. Watt. Tomorrow he will be at the fortifications with Col. Holmes, returning to Nanaimo by the evening train.

## FIRE AT FRISCO.

### Supreme Tribunal, Knights of Pythias, Gives Decision in Case of Worcester Member.

(Associated Press.)  
New Orleans, Oct. 19.—The Supreme Tribunal, Knights of Pythias, yesterday handed down a decision annulling the action of Grand Chancellor W. L. Ramsdell, of Massachusetts, in directing the expulsion of a member from Freedom Lodge, Worcester, Mass., on charges of having negro blood in his veins. The case was remanded for trial on its merits in the Grand Lodge of Massachusetts.

## CANNOT BE EXPELLED.

### Supreme Tribunal, Knights of Pythias, Gives Decision in Case of Worcester Member.

(Associated Press.)  
New Orleans, Oct. 19.—The Supreme Tribunal, Knights of Pythias, yesterday handed down a decision annulling the action of Grand Chancellor W. L. Ramsdell, of Massachusetts, in directing the expulsion of a member from Freedom Lodge, Worcester, Mass., on charges of having negro blood in his veins. The case was remanded for trial on its merits in the Grand Lodge of Massachusetts.

## FIRE AT FRISCO.

### FORMER BANK MANAGER ARRESTED

### M'GILL CHARGED WITH MAKING FALSE ENTRIES

### Rev. Dr. Lyle Advises National Council of Women to Steer Clear of Politics.

Toronto, Oct. 17.—On a warrant issued by the Ontario government, C. McGill, late general manager of the Ontario Bank, was arrested at 2:15 this afternoon by Detective MacKay at his room in the King Edward hotel. He is charged with making false entries during the past two years. He took his arrest quietly, remarking that he was ready to hear the penalty for what he had done. Late tonight McGill was released on bail of \$25,000. A statement was made yesterday that the assets of the Ontario Bank will probably realize more than 50 or 75 cents on the dollar for the shareholders. It will be at least two weeks before anything definite is known as to losses sustained by the bank. A summons has also been issued against President Cockburn of the Ontario Bank.

### Council of Women.

Hamilton, Oct. 17.—A note of warning sounded by Rev. Dr. Lyle in advising the National Council of Women of Canada, who are in session here, to steer clear of politics for all time to come, probably had some effect on the question of political equality. Last week a motion was adopted favoring the appointment of a standing committee on political equality, but yesterday this was rescinded. The quinquennial convention in 1909 will be held in Toronto.

### Marketing Wheat.

Winnipeg, Oct. 17.—The Canadian Pacific Railroad wheat market report for yesterday shows that 42,000 bushels of wheat and 32,000 bushels of other grains were marketed at Canadian Pacific Railroad points. Last year on the corresponding dates the figures were 625,000 and 36,900 bushels respectively. To date the quantity of grain marketed is 1,125,000 bushels of wheat and 1,27,000 bushels of other grains. Last year the figures were 15,325,000 and \$1,000.

### Y. M. C. A. Building.

Moose Jaw, Oct. 17.—Excavation work commenced this morning for the Y. M. C. A. building, a structure that will be three stories high, and will cost when completed approximately \$25,000.

### Request at Buckingham.

Buckingham, Que., Oct. 17.—Obstruction tactics by lawyers representing the interests of the strikers blocked progress in the inquest into the cause of the death of Detective Warner, which opened here today. At the close of the morning session only three witnesses had been called. Objections raised by C. Marechal occupied the greater part

of the time. Crown Prosecutor Guerin, who on behalf of the coroner is conducting the examination of witnesses, ruled adversely on most of the points raised.

### Will Appeal.

Montreal, Oct. 17.—Philip D. Hamill, who was found guilty last Friday by a jury in the court of King's Bench, of having robbed the Order of Railroad Telegraphers of several thousand dollars, was today sentenced to twelve months' imprisonment. J. P. Cook, counsel for Hamill, gave notice of an appeal.

### Insurance Commission.

Montreal, Oct. 17.—Loan transactions between the Sun Life Insurance Company and the Shawinigan Water and Power Company and investments of the former company in the bonds of the latter formed the topics discussed today's session of the insurance commission. T. B. MacAulay of the Sun Life being on the stand both morning and afternoon. The Sun Life became heavily interested in the purchase of bonds and also loaned largely to the Shawinigan company, at one time the loans amounting to \$250,000. The bonds purchased by the Sun Life amounted to \$110,000, these being purchased at 95 and sold at 90, representing a profit for the Sun Life on the deal of \$5,000 over and above interest. That the Sun Life had been affected by the stringency of the money market in 1903 was testified to by Mr. MacAulay, who related how the Merchants' Bank of Canada took over \$200,000 of the Shawinigan loan. The amount was afterwards resumed by the Sun Life at an advantage of one per cent, better rate and \$16,700 in stock bonds. In connection with the loan mentioned in the foregoing, it developed that the Sun Life did not want to show an overdraft at the close of the year 1903 in its reports to the department of insurance, yet this would have happened had not the Merchants' Bank of Canada taken up \$200,000 of the amount due by the Shawinigan company. While this would not have a serious condition, Mr. MacAulay asserted that it might lead to a misunderstanding not by the policy holders of the shareholders, but by the general public, and agents of other companies might have taken advantage of the report to show that the company was not in a good position. At the close of the session the commission adjourned until Tuesday next at noon.

### A Chill on the Liver.

Passing from a heated room to the piercing cold outside frequently sets up liver chill. Liver chill deranges the work of the organ, brings on a constant chilly feeling, a shivering sensation, a disinclination to touch anything cold. It also causes headache, dizziness, depression, constipation, heart-ache and digestive troubles. Treatments act directly on stomach and liver and cure liver chill and all its symptoms. All druggists sell at 50 cents a box. Send one-cent stamp to Bilean Co., Toronto, for free sample box.

### BILEAN'S AVERT ALL DANGER.

With excellent materials, chosen with taste, the Semi-ready tailoring has captured the fancy of men who a few years ago, would have scoffed at the idea of wearing a suit of clothes made the way one formerly had shoes custom-made. One can buy five widths in sizes and 175 styles—all fitting better than custom-made shoes, and the Semi-ready tailoring idea is divided into physique types, sub-divided into forms, and again into sizes.

### POTATO FAMINE.

Dublin, Oct. 17.—Replying to-day to a deputation for the beginning of relief work in the West of Ireland, in consequence of the potato famine, the chief secretary for Ireland, Mr. Bryce, said he did not know yet the extent of the distress and was therefore unable to say what would be done in the way of relief. Speaking generally, the secretary said he did not think things were as bad as they had been described, and he did not take a gloomy view of the situation. If, however, he found that some of the work suggested was likely to be permanently valuable, he would recommend it, but he explained that he did not control the money and could only make recommendations.

### THE LADY POINTS THE MORAL.

Experiences of a Prominent M. P. in Buying Clothes.

T. P. O'Connor, M. P., who is very fond of experiments and chances of all kinds, entered a small London drapery shop "Chelsea" and ordered himself a suit of a delicate feminine touch everywhere perceptible—particularly a low-necked coat. The only person benefited by the transaction was the draper. And his wife, who tells the tale, also points the moral, "Mistis and cheap materials are always un-economical."

## BUSINESS SECTION OF TOWN DESTROYED

### Fire at Seneca, S. C., Is Believed to Have Been Started by Negroes.

Atlanta, Ga., Oct. 17.—A special from Greenville, S. C., says: "As a result of race troubles, Seneca, S. C., is in ashes. The work is claimed to be that of incendiary negroes seeking revenge for the dynamiting of the negro college here last week. "The fire burned rapidly, consuming the entire business section of the town, which has a population of about 2,500. "No fire fighting apparatus was available and the citizens were powerless to stop the flames. As a last hope, dynamite was resorted to. "The superintendent of the Seneca cotton mills, who was an eye-witness, brought the first news to Greenville. He says it is a matter of common belief that the town was fired by negroes. The fire was under control in about three hours. "Everything is quiet to-day, although some feeling shown by the negroes. No arrests have been made yet. The loss is estimated at \$150,000."

### CRIME IN CHICAGO.

### One Day's Record of Violence Includes Two Murders, a Suicide and Stabbing Affray.

Chicago, Oct. 17.—Two murders, a suicide, two men dying from knife wounds, an attempted lynching, and two men in jail on capital charges, constituted Chicago's record of violence to-day. Here is the list of crimes: Miss Mamie Nichols, shot dead by George Williams, a negro, who killed himself before he could be arrested. William Cheney, foreman of work on drainage canal, shot dead by Antonio Asfronta, a discharged workman. The murderer is in jail, but on the way there an attempt was made to lynch him. Assistant-General Passenger Agent Louis Diebel of the Northwestern railroad, fatally stabbed by unknown negro, whom he had asked to show his ticket. John Herbet, fatally stabbed by unknown highwayman. Of the two murders, that of Miss Nichols is the most mysterious. The young woman, who is of excellent character, had entered a drugstore, and stepped into the telephone booth. Williams appeared in the doorway, hastily crossed the store, jerked open the door of the booth, and shot Miss Nichols through the head. The drugstore rushed from behind the prescription case just in time to see the murderer level his revolver at his own temple, pull the trigger, and fall dead.

### CANNIBAL KING.

### Killed One of His Wives and Had Body Served For Dinner—Insane Monarch's Cruelty.

Marseilles, Oct. 17.—Mail which reached here to-day from Indochina brought another and more startling story of the horrors of King Thak of Annam, showing that he went to the extent of cannibalism. After killing one of his wives he caused the body to be cooked and served up for dinner, forcing his followers to eat it. The king's wives were bound and burned with boiling oil and subjected to other cruelties, while naked women were thrown into the cages of wild beasts, where they were devoured for the king. Finally the French authorities made him a prisoner. He has been adjudged insane by Dr. Dumas, of the French colony staff. The royal guard has been disbanded at the palace and the place has been placed under the protection of one hundred native soldiers, and the emperor's intimates of the palace have been executed, the majority of them were women who showed the marks of their cruel treatment. Others had been suspended by pinchers attached to the fleshy parts of their legs to increase their agonies.

### ALLEGED REBATE.

### Railway Officials Must Appear Before Grand Jury at St. Paul.

St. Paul, Minn., Oct. 17.—Subpoenas have been served by the United States marshal on the controllers and heads of the claims departments of the Great Northern railway at Omaha, St. Louis and Minneapolis, and the Wisconsin railroad, directing them to appear before a special grand jury of the United States on Tuesday next at the time of the opening of their respective departments. This action is said to have been taken as a result of the investigation of an agent of the department of justice of the federal government of the giving of rebates by the railroads of the Northwest in connection with shipments of freight.

### ACCUSED OF MURDER.

### Man Charged With Killing His Bride of a Week.

Smithville, Mo., Oct. 17.—Jesse L. Webb, a young St. Joseph merchant, was to-day arrested here charged with killing his nineteen-year-old bride of a week at this place on October 11th. At the time of the shooting Webb asserted that he and his wife had entered into a suicidal pact, because he was incurably ill with tuberculosis, and that she shot him and then killed herself.

At first it was believed that Webb was mortally wounded, but now it is said he will recover. The wife was shot four times and the authorities doubt that she was able to shoot herself so many times.

### Babies With Burning Skin.

### MOTHERS FIND ZAM-BUK A BOON

When a baby is constantly crying because of skin trouble, which needs "mother pity—child or mother's enemy," mother is worn out with nursing, and many a child suffers agony which could be avoided by application of a little Zam-Buk. For eczema, eruptions, chafed skin and the many "outbreaks" to which children are liable, Zam-Buk is unequalled. Mrs. Elliff, of St. John's West, Welland County, says: "Zam-Buk certainly does all you claim for it. My baby had a kind of rash—quite a lot of small spots and pimples on his head. I applied Zam-Buk and was delighted with the result. It healed the sores and in a short time removed all trace of the eruption. I have recommended it to several neighbors, who are much pleased with it."

Zam-Buk is suitable alike for adults and for the delicate skins of young infants. It is pure—there's the point. Contains no animal fat, no mineral coloring matter, but is made from vegetable essences. Zam-Buk cures also ringworm, ulcers, abscesses, barber's rash, scalp sores, piles, chapped hands, cold sores, chilblains, cuts, burns and bruises. All druggists at 50c a box or post free from the Zam-Buk Company, Toronto, upon receipt of price.

### JAPS AND HINDUS.

### Mikado's Subjects Alleged to Be Encouraging Anti-British Movement in India.

St. Petersburg, Oct. 17.—The St. Petersburg telegraph agency has received a dispatch from Tokio saying that the anti-British movement in India is receiving much encouragement from Japan where every effort is being made to foster a feeling of kinship between the two dark races of the East.

The Buddhists of the two countries are fraternizing and exchanging visits. The Hindu students now in Tokio, the correspondent of the agency continues, have just published an address in which they appeal to India to heed the call of "Asia for the Asiatics" and to rise and cast off the British yoke. Taking advantage of this Anglophobia, certain merchants of Japan have sent a mission to India to endeavor to supplant British merchandise for Japanese goods. Their efforts are meeting with a warm welcome.

### DYNAMITE OUTRAGE.

### Six Women Had Narrow Escape From Death at San Francisco.

San Francisco, Oct. 17.—Six women had a narrow escape from death early this morning, when a charge of dynamite exploded in the rear of a saloon on Pacific street between Montgomery and Sansome, blowing the structure into kindling wood and wrecking the back of the structure. The police have so far no clue to the identity of the perpetrators. George F. Migaldo, one of the proprietors of the saloon and dance hall, hints at a conspiracy directed against his life and business, but absolutely refuses to put his suspicion into words.

The explosion occurred after the saloon and dance hall had been closed, and after six women had retired to rooms upstairs. The police battered down the door and rescued them. Charles Peters was arrested last night and in his possession was found a piece of gas pipe on one end of which were stapes supposed to be blood. Peters is suspected of having been concerned in recent hold-ups and murderous assaults.

### V. V. & E. RAILWAY.

### Contract Let For Section From Cloverdale to Sumas.

"Work will begin immediately on construction of the first section of the Vancouver, Victoria & Eastern to be built from the coast eastward as a part of the 111 mile line intended to connect with interior British Columbia and the Great Northern branches in Eastern Washington," says the Seattle Post-Intelligencer. "Two contracts were let on Monday by the V. V. & E., one of which is for thirty-one miles of road from Cloverdale, B. C., to Sumas, the International boundary. "This portion from Cloverdale to Sumas, paralleling the International line a short distance to the north, will be finished within a year. No contract have yet been let for extension beyond Sumas to the East, but they will be next year, unless present indications fail. The British Columbia General Contract Company will build to Sumas.

"At the same time the contract for the Cloverdale-Sumas portion was let. One was entered into for an entirely new line between Blaine and New Westminster. This is known as the Boundary bay cut-off. It is twenty-one miles long and is to be a part of the V. V. & E. system. The present road from Blaine to the Fraser river is still known as the old New Westminster & Southern, although belonging to the present Great Northern coast line. The cut-off will skirt the shore of Boundary bay for some distance, and will run through a flat country, avoiding the heavy ridges and steep grades on the present route. It will cross the east and west line already constructed from Cloverdale to Fort Guichenon on the shore of the Gulf of Georgia, at Olivera, and will terminate on the south end of the Fraser river bridge.

"When the road is built over the Boundary bay route, the portion now operated from Blaine to the Fraser river will be abandoned. The tracks in front of Blaine, serving to-day only as a stub line or switch, will become a part of the through system, sending traffic across the waterfront of the international city instead of some distance inland, as at present. Ironsides, Rennie & Campbell will build the so-called cut-off.

"Trains from Vancouver on the extension eastward from Cloverdale, will run south to Olivera, thence turn east. Construction of the V. V. & E. on the other side of the mountains is being pushed with vigor. The line is already built, with rails laid, thirty miles westward from Midway to Molson, and grading is completed for some distance beyond Molson toward the coast. Work has been commenced at both ends.

### THE ASHCROFT CASE.

### Action Against Peter Ryan Dismissed—Counter Claim Allowed.

Peter Ryan, of Toronto, has won the suit which was brought against him by the Ashcroft Water, Electric Improvement Co., and also wins his counter-claim for several thousand dollars which he brought against the company. Mr. Justice Morrison handed down his judgment in the case at Vancouver on Wednesday as follows: "Ashcroft W. E. & L. Co. vs. Ryan. Action dismissed with costs. Counter-claim allowed. Amount of account stated, found due defendant, accounting as to any other matters."

The plaintiff company sued Mr. Ryan for an account of the moneys received and disbursed by him under an agreement, and for damages for breach of covenant. Mr. Ryan's counter-claim was for several thousand dollars which he claimed to have lost by reason of the action of the other directors of the Ashcroft Co. The original company was owned by Ryan and John Shields, together with Shields' sons, and at a meeting in Ashcroft Ryan claimed to have been forced to sign an agreement for the sale of the assets of the company. He failed to carry out the agreement, and as he had received over \$50,000 from the company which had purchased the assets, Shields sued to recover the amount. Shields also wished to get possession of several timber limits throughout the province, but Ryan refused to allow the limits to be sold as assets of the company, as he claimed to have purchased them from the Dominion government and that they belonged to him personally. The case was heard several weeks ago by Mr. Justice Morrison.

HURRICANE WRECKED TOWN.

New Orleans, Oct. 17.—Nine lives were lost in the hurricane which swept the eastern coast of Nicaragua last Saturday, according to advices received here to-day. The loss of life was in the village of Pearlagra, which is reported to have been entirely destroyed.

The hurricane covered an area of several hundred square miles.

Two persons were killed and thirteen hurt when a car on the branch line between Barnwell, Cal., and Searchlight, Nev., went over an embankment.

Water boils at 212 degrees in a metal vessel, but in a glass vessel not until it reaches 216 degrees.

made in the play is bound to bring out a capacity audience for her here when she presents her newer vehicle. Miss Corcoran's leading support will be James N. Brophy, and the balance of the cast will be one of great excellence. The play gives Miss Corcoran excellent opportunities for her comedy abilities.

"As Told in the Hills."

One of the highest salaried companies appearing in melodrama will be seen in "As Told in the Hills," which will be presented at the Victoria theatre on Tuesday, October 23rd. The play is one that depends on the individual merits of the members of the cast rather than on scenic effects and situations in real life are improbable or impossible and the excellent acting of the several members of the company has met with appreciation.

"Cupid in Posterland."

A long list of names of clever local performers goes to make up the cast of "Cupid in Posterland," which the Woman's Auxiliary of the Provincial Royal Jubilee hospital will present at Victoria theatre on Thursday and Friday, October 25th and 26th, under the direction of the author, James W. Evans. They include: Old King Cole, Godfrey Booth; Foxy Grandpa, George Phillips; A. Piller Franklin, A. J. Jutes; Happy Hooligan, G. O. Pooley; Laughing Jim, R. C. Priory; Pollockman, M. J. Mason; Gold Dust Twins, Fred and Frank White; Buster Brown, Leon Wichter; Boy Blue, W. Fitch; Jack, W. H. Winsby; Prancing Percy, Raymond Johnson; Lady Bountiful, Dorothy Sehl; Mrs. Katzenjammer, Violet Brae; Jill, Mrs. Kent; Miss Muffet, Miss Dunsmuir; Bo-Peep, Anna McQuade; Mary Jane, Kazia Sehl; Fairy, Connie Jay; Cupid, St. Elmo Russell.

Included in the chorus and special musical numbers are the names of Misses Reed, Hall, Wilson, Foote, Newcombe, Clark, Day, Cross, White, Leary, Moreaby, Hanington, Mason, Mason, Newling, Whitelaw, Green, Bulwer and Nicholles, and Messrs. Cambie, Bain, Bell, Roame, Gordon, Taylor, Kent, Rochefort, Hopkins, Petch, Brown, Foote, W. Rochefort, Shaw, Jenkinson, Hardy, Collison and Brae.

The sale of tickets will open at the box office on Tuesday, October 23rd, at 10 a. m. The seat prices are placed at \$1.00 and 75 cents for the lower floor, and 50c, 75c, and \$1.00 for the balcony.

TRADES AND LABOR COUNCIL.

A Protest Against the Immigration of Hindus.

A meeting of the Trades and Labor Council was held on Wednesday evening, President Gray presiding, and F. P. Slavin, of the Laborers' Union, was reading those present.

The committee appointed to interview W. D. Scott regarding Hindu immigration has forwarded the following report:

Victoria, B. C., Oct. 18th, 1906. W. D. Scott, Esq., Superintendent of Immigration.

Sir:—Following on our personal interview with you in Victoria, we desire, on behalf of the Victoria Trades and Labor Council, whom we, as a committee, represented in this matter of Hindu immigration, to place before your department in writing the views of the council on this important subject.

We desire to state that while our council as a body representing organized labor, are not in any way averse to the introduction of a necessary and useful supply of labor to meet the necessities of the natural development of our industries, we are firmly convinced that in the best interests of the country that supply should be drawn from white labor sources alone, and we object most strongly to the introduction of any Asiatic coolie labor, and in relation to the present immigration of Hindus we are of the opinion that the following reasons are of an excellent nature for the bringing into effect of any legislation, however drastic, that would prevent the admission of these people:

1. That these Hindus by reason of their caste prejudices, peculiar religious convictions, loathsome habits and obnoxious manner of living, can never assimilate with white people, or perform the duties of desirable citizens of this country.

2. That the country from which they come (India) has long been recognized as a hotbed of the most virulent and pestiferous diseases, such as bubonic plague, smallpox, Asiatic cholera and the worst forms of venereal diseases, and however strict the medical examination at our ports may be, there is a constant danger of these people being the means of transmission of diseases to our people.

3. That the introduction of this class of cheap labor will be the means of exciting the very class of labor that is most essential for the progress and prosperity of the country, i. e., white workers, who, if paid a fair living wage, could settle here, maintain homes and rear families, and thoroughly fulfill the duties of citizenship. At the present time a number of our large employers employ cheap coolie labor for the reason that the supply of white labor is increased, the possibility of any addition to our white population from outside sources becomes greatly lessened.

4. That this country can well afford to be guided in this matter by the experiences of the Australian Commonwealth. For some years the ports of Australia were open to Hindus and other Asiatics who were British subjects, and the manner of living of these people, their peculiar loathsome habits, and the impossibility of their ever being admitted to citizenship, made it necessary for the Commonwealth, when the federation of the states had taken place, to enact drastic legislation to prevent indiscriminate immigration from India—even though the immigrants were British subjects. A strict educational test on the lines of the Natal Act, and stringent medical inspection, and other drastic exclusion regulations, were brought into force, with the result that these people are now practically excluded from Australia.

5. We would submit also that the scarcity of labor in this province was not of the class of labor that tends to bind up the province. It was mostly labor for which \$1.00 to \$1.50 per day was offered to adults, and we are of opinion that the industries affected could well afford to pay wages that would maintain white workers and their homes and families. If the positions in British Columbia now filled by Asiatics were filled by white workers living wages, then from amongst these workers there would soon grow up a sufficient supply of youthful labor for farmers, fruit growers and canneries, and for domestic service, and in the progress of the country in the future demands the introduction of labor from outside sources, we are of opinion that the government should look to the crowded centers of population in Great Britain for the additional labor to assist in building up the country in preference to allowing the admission of a race of people who can never be of any use to Canada as citizens, and whose very existence amongst our people is a menace to the well-being of the community.

We attach newspaper clippings bearing

OPERATION AVOIDED

EXPERIENCE OF MISS MERKLEY

She Was Told That an Operation Was Inevitable. How She Escaped It.

When a physician tells a woman suffering with serious feminine trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for just such operations.

Miss Margaret Merkley

There are cases where an operation is the only resource, but when one considers the great number of cases of menacing female troubles cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised an operation, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass. for advice, which is free.

Miss Margaret Merkley, of 275 Third Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness, shooting pains through the pelvic organs, bearing-down pains and cramps compelled me to seek medical advice. The doctor, after making an examination said I had a female trouble and ulceration advised an operation. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The ulceration quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well."

Female troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing-down pains, don't neglect your self; try Lydia E. Pinkham's Vegetable Compound.

on local experience with the Hindu immigrants.

(Signed) GEO. F. GRAY, A. JOHNSON, J. D. McNEVIN, Members of Com. Appd.

A great deal of discussion followed the reading of the protest, members of the council expressing themselves as opposed to the immigration of Hindus. A communication was read from the British Columbia, executive of the Dominion Trades Congress outlining the work to come before the convention in Vancouver on October 28th. In this connection the president said that remarks had been made that the proposed new party intended affiliating with either of the old parties, a move which he would stoutly oppose.

Mr. Slavin complained of the manner in which pay is kept back from employees at the dry dock, and the matter was referred to the executive.

Delegate Johnson on behalf of the organizing committee reported the formation of three new unions—the Bar-tenders', Teamsters', and Cooks and Waiters' unions.

Among the other business of the meeting was the adoption of the following resolution:

That this council strongly endorses the determined action of Mayor Buscombe in Vancouver in defending the best interests of his city by forcibly resisting the entrance of the Hindus, and while so doing the council would respectfully and earnestly ask the civil authorities of Victoria to take steps to prevent this city being made the dumping ground of these undesirable people, should any attempt be made to land them here.

THE CAUSE OF SORE FEET.

Examine them carefully and you'll probably find corns. Whether hard, soft or bleeding, apply Putnam's Corn Extractor. It's painless, it's sure, and above all quick to act. Insist on only "Putnam's."

A man named Scheve who tried to sell the French government the secret of the manufacture of the German nickel coated cartridge has been sentenced by the imperial supreme court at Leipzig to four years in the penitentiary for treason.

HEALTH

PREMIER WHITNEY'S EXPOSITION.

The editor of the Colonist says that yesterday the Chief Commissioner of Lands and Works (whose credibility is of course beyond question, as will readily be conceded by all who heard him give evidence in regard to his relations with the band of adventurers to whom he handed over Kalen Island) secured information from Ottawa to the effect that Premier Whitney had given an "emphatic denial" to the statement that during the inter-provincial conference he had given utterance to the expression that Premier McBride was "neither frank nor sincere."

The hole into which Premier McBride fell was dug by his own hands. Now the digger doubtless wishes he could pull the hole in after him.

JAPANESE TIMBER. To the Editor: My attention has been called to a paragraph in your issue of the 16th of August, and in view of the misstatements contained therein hence I write to you.

Further, during the war hardwood was really exported to the Pacific Coast over 100,000 tons being shipped, and no restriction whatever has been placed on the export of the same, and any foreigner, Canadian or American, can purchase the same here if he has the price to pay for it, no concession from the Japanese government being necessary.

STRANDING OF PRINCESS VICTORIA. To the Editor: Referring to a statement appearing in your issue of Wednesday, the 17th instant, made by the Rev. A. W. McLeod, in which he says: "The lighthouse was only a short distance from where the Princess Victoria struck, and he could affirm that there was no warning of any kind."

A TRAP FOR OUR PREMIER! The Toronto Mail and Empire says Sir Whitney's error was a snare for the feet of Premier McBride. No doubt about that, because it is such a very probable story.

WHEN ILLNESS COMES. Have you near at hand a remedy that will alleviate pain and help till the doctor comes? A wise thing is to have right in your home a bottle of "Nervine," which gives instant relief, and prevents disease from spreading.

CRUSHED TO DEATH. Ottawa, Oct. 19.—Andrew Graham, 19 years of age, son of John Graham, roadman on the Grand Trunk Railway, was crushed to death by a caboose passing over him at Glen Robertson.

of him, leaving the solitary one to his own devices.

So far from the Premier of Canada being anxious to lure the Premier of British Columbia into a trap, the Premier of British Columbia was so non-plussed by the unexpected liberality of the terms offered this province by the assembled premiers that he had a good deal of difficulty in acting the part arranged for him previous to his departure.

The proclamation of an intention to carry the appeal for better terms to the "foot of the throne" was anticipated; the "dramatic" posturing of our resourceful representative had been carefully arranged under the direction of that exquisite master of deportment, the Hon. H. P. Green; but the attitude of the other two conservative premiers proved rather embarrassing.

They evidently had not been told that the better terms conference was, regardless of every other consideration, and in defiance of all consequences, to be made an excuse for asking for a dissolution of the provincial legislature and an appeal to the people.

Whitney and Roblin would doubtless have objected to a deliberative assembly whose findings promised to be of such great consequence to every province of the Dominion being subordinated to the selfish political ambitions of a set of reckless gamblers.

Mr. McBride is neither frank nor sincere as a public man in his relations with his fellow men. His own supporters would be the readiest to bear testimony to the accuracy of the summing up of Premier Whitney.

The hole into which Premier McBride fell was dug by his own hands. Now the digger doubtless wishes he could pull the hole in after him.

RELEIVING THE QUEEN. While the boilers of the steamer Queen of the Pacific Coast Steamship Company, are being repaired at San Francisco, the steamer Spokane will be placed on the Queen's run between San Francisco, Victoria and Puget Sound ports.

TERRIBLE LOSS OF LIFE IN RAILWAY ACCIDENT. Petersburg, Oct. 19.—It is reported that one hundred persons have been killed or injured as the result of a railroad accident to-day at Oko, on the Moscow-Kurk line.

HINDUS AT VANCOUVER. All But Sixteen Have Been Liberated From Detention Shed. Vancouver, Oct. 19.—All except sixteen of the Hindus out of the hundred who arrived on Monday, have been moved from the detention shed.

W. W. CORY HERE. Deputy Minister of the Interior Is Visiting Victoria. W. W. Cory, deputy minister of the interior, Ottawa, his son and brother, are guests at the Dominion. Mr. Cory has come West on a three-week tour.

THE STEAMSHIP INDUSTRY. In their monthly freight and shipping report for the month of September R. P. Hirtel & Company say: "There is nothing of special interest to report for the month just closed."

THE STEAMSHIP INDUSTRY. The San Francisco grain and freight market is quiet, with union rates ruling, although several vessels not in the union, recently arrived at Portland, have accepted from 25c. to 30c. per cwt.

Shipping

On February 1st the C. P. R. steamer Princess Royal, now building at the yards of the British Columbia Marine Railway Company at Esquimalt, will be placed in service on the Victoria-Seattle run.

"The frame of the housework of the Princess Royal is now being built, and during the next three months her housework will be finished, her furnishings installed and she will be ready for commission by the date the agreement between the C. P. R. and the Alaska Steamship Company permits the former to operate a steamer on the Victoria-Seattle run.

MONTHLY REPORT. In their monthly freight and shipping report for the month of September R. P. Hirtel & Company say: "There is nothing of special interest to report for the month just closed."

THE STEAMSHIP INDUSTRY. The San Francisco grain and freight market is quiet, with union rates ruling, although several vessels not in the union, recently arrived at Portland, have accepted from 25c. to 30c. per cwt.

OVERDUE LIST. The list of overdue vessels upon which reinsurance is quoted is assuming large proportions. The German ship Peter Backers and the British ship Thalatta have been added to the list.

RELEIVING THE QUEEN. While the boilers of the steamer Queen of the Pacific Coast Steamship Company, are being repaired at San Francisco, the steamer Spokane will be placed on the Queen's run between San Francisco, Victoria and Puget Sound ports.

TERRIBLE LOSS OF LIFE IN RAILWAY ACCIDENT. Petersburg, Oct. 19.—It is reported that one hundred persons have been killed or injured as the result of a railroad accident to-day at Oko, on the Moscow-Kurk line.

MARKED PROGRESS AMONG ATHLETES

Y. M. C. A. PROGRAMME FOR WINTER MONTHS

Annual Report of Physical Committee Shows Advancement—Association Football Match—Notes.

At the recent annual meeting of the Young Men's Christian Association an interesting report was submitted by Ed. Whyte, chairman of the physical committee, outlining the work of the past season. A verbal statement was made by Instructor Gregory, which, after referring to the experience of past years, mentioned what was intended for the ensuing winter months.

Appended is the report of the physical committee: "Starting with the gymnasium there is only one month on which I can report, as the classes have only been in operation a little over a week for the present season. During the month of March the attendance at the different classes was as follows: Boys, total attendance, 174; average at each class, 22. Seniors, total attendance, 91; average at each class, 11. Working boys, total attendance, 78; average at each class, 10. Business men, total attendance, 72; average at each class, 9. Students, total attendance, 46; average at each class, 6. Basketball practice, total attendance, 85. Handball, total attendance, 14, making a grand total attendance at all classes for the month of 462. Total attendance in the gymnasium 600. Then as you are all aware the classes closed on April 1st.

The gymnasium classes were started again on Monday, October 8th, for the winter season, and although the attendance at some of these classes probably has not been quite so good as we had expected, still there is a decided improvement noticeable in the attendance at each class each evening. Before leaving the gymnasium I would like to call your attention to the improvements which have been made, namely, boarding the walls all around, thus covering up all the holes and completely doing away the deplorable look around the gymnasium, installing a new system of lighting, giving us increased light and making the gymnasium look cheerier and brighter. We have also, through the kindness of Mr. Harrison, of the Grand Hotel, been presented with a splendid punching bag board, which I am sure you will all appreciate very much. We are also having the gymnasium walls painted white, and the mats repaired. When all these things are completed we will have one of the best up-to-date gymnasiums in the city.

"During last winter our Association basketball team carried off the intermediate championship of this city without being beaten once, and further than that they also came off victorious in both games they played in the inter-city Y. M. C. A.'s series with the Vancouver Y. M. C. A., but our Vancouver friends managed to offset this somewhat by winning both games in the working boys' series. Our intermediate team deserve great praise, I think, for in addition to the above they had the credit of having given the famous Fifth Regiment senior team, champions of British Columbia, the hardest match during the last season, when they were only defeated by the narrow margin of three points.

"Handball was also very popular during the last season, and quite a number availed themselves of this popular game. "During last season our association was represented by teams in both the intermediate and junior grades of Association football, and although they were defeated, they made the other teams hustle to beat them.

"This year we have entered a senior and intermediate team in their respective grade of competition. Our senior team has played one game to date, and lost it I am sorry to say, but the intermediates have played one league match and won that by a score of 6 to 0. Besides this they have played three exhibition matches, winning two of them and losing one.

"In perhaps no other branch of this department's work has our association done so well as in the field and track sports, our team having taken part in nearly all of the athletic meets of any importance held in British Columbia during the past season, namely, our own sports held at Oak Bay on May 25th, the merchants' picnic at Goldstream on July 25th, Vancouver policemen's sports, in Vancouver on August 1st, Scotch sports at Oak Bay on August 11th, carmen's sports at Sidney on August 15th, Foresters' regional sports at Nanaimo on August 18th, Vancouver athletic club's sports at Vancouver on September 22nd and the Scotch sports at New Westminster on October 4th—springing to all 28 first prizes, 26 second prizes, 19 thirds and 4 fourths, or a total of 77. Not a bad showing at all for the first season which we have taken an active interest in this sport, and also when you come to consider the fact that only

three members of our team had ever taken part before in an open championship meet. "At these meets our fellows were up against some of the best men in the sport on the Pacific Coast, and I think that they are deserving of credit for the way in which they have acquitted themselves.

"I would like to just barely touch upon the field meet that was held at Oak Bay on May 25th. This meet was not the success that we had looked for financially, although we managed to clear expenses, and have two or three dollars left over; but it was a grand success in every other way, there being a large number of competitors and the events all being closely and stubbornly contested throughout.

"The physical committee are greatly indebted to the merchants of the city who so generously contributed the prizes for the various events.

"Our own track team being successful in carrying off first place with a total of 41 points, Vancouver A. C. coming second with 32 points.

In opening his address Physical Instructor Gregory stated that there were many things done last year which would be included in the programme of the next few months. But they would all be improved, he remarked, where the start and the end of the first round was 5 up. Byers steered in the afternoon play, but could not overcome the long lead and Travis ended the contest on the thirteenth green, 7 up and 4 to play.

"Handball will receive more attention this season than last, and the handball committee contemplates a good live tournament in the near future.

"A favorite game with the business men last year was valley ball.

"We are hoping this year to be able to organize three teams in the business men's class and form a league.

"One of the new features which will be of interest to those attending the gymnasium will be the organization of a business men's Bible class. This will be held on Wednesday evening, 8 o'clock. At a luncheon will be served for those who do not wish to go home to supper, for a small charge to cover expenses.

"Immediately after this class, the senior and working boys' leaders will meet with the physical director for one hour in the gymnasium. In this hour there will be some interesting and every member interested and busy during the long winter months.

J. B. A. MEETING. On Tuesday evening a special meeting of the J. B. A. will be held for the purpose of arranging for winter sports. A full attendance is requested.

ASSOCIATION FOOTBALL. WANDERERS VICTORIOUS. The Victoria Wanderers and the Garrison team tried conclusions yesterday afternoon in their match in the grounds, which resulted in a victory for the former by a score of 2 goals to 1. It was a close contest. The first half ended with a score of 1-1, the Wanderers leading.

Appended is the Victoria Rover team: Goal, W. Northcott; backs, W. Blackburn and A. Peden; half-backs, R. Thompson, J. Miller and E. Shank; forwards, J. Meredith, T. Peden, J. T. E. Palmer, T. B. Tye and L. S. V. York.

JUNIOR MATCH. To-morrow afternoon another match in the junior series will take place between the North Ward and Central teams at Oak Bay, starting at 1:30 o'clock. All players are requested to be out on time as they have to be finished before the senior match. It will be remembered that in the last game and intend repeating the performance to-morrow, while the latter say they are going to turn the tables. Both teams are evenly matched and a very hard struggle should take place. If North Ward players are victorious to-morrow they will be the winners of the league, as there is only one more game to be played. The personnel of the teams follows:

North Ward—Goal, S. Ross; full backs, F. Sweeney and C. McCarter; half backs, S. Lawson, R. Brown, and R. Hickey; forwards, J. Meredith, T. Peden, J. T. E. Palmer, T. B. Tye and L. S. V. York.

Central—Goal, B. Johnson (capt.); full backs, D. Campbell and C. Knox; half backs, W. Meyers, Ed. Bryndison and W. Colvin; forwards, R. Sargison (capt.), G. Agnew and T. Fullerton (left wing); reserves, A. Erb and E. Bolton.

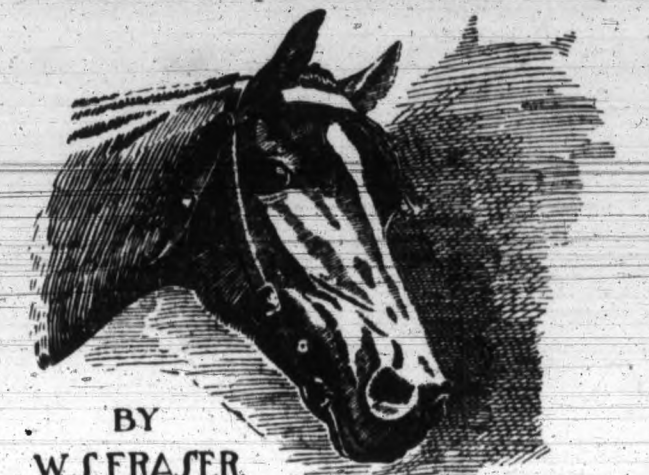

JUNIOR LEAGUE STANDING. The present standing of the junior league is as appended:

Table with 3 columns: Team, Played, Won, Lost, Dm, Pts. North Ward: 3, 1, 0, 1, 3. Central: 2, 0, 1, 1, 1.

but I want you to set square and fight a fair fight," Corbett said and said: "All right." When the bout closed Corbett walked over and grasped McGovern's gloved hand and the two smiled and exchanged courtesies.

GOOLF. TRAVIS DEFEATS BYERS. Hamilton, Mass., Oct. 17.—Walter J. Travis, of the Garden City Golf Club, gave Eben M. Byers, of Putsburg, the national title holder, one of the severest defeats that the latter has sustained in several years, in a thirty-six hole contest at the Myopia Hunt Club to-day. Travis led from the start and at the end of the first round was 5 up. Byers steered in the afternoon play, but could not overcome the long lead and Travis ended the contest on the thirteenth green, 7 up and 4 to play.

THOROUGHBREDS

BY W.S. FRASER.

CHAPTER XLIII.—(Continued.)

Allis went to the tea-table by her father's side, fearing to get beyond his hearing; she dreaded her mother's questioning eyes. What could be said in the accused man's defence, or in her own? Nothing, she could only wait.

"A square old-fashioned wooden clock on the mantelpiece of the sitting room had just dropped off seven million hours, when the faint echo of its music was drowned by the crunch of gravel; there was the quick step of somebody coming up the drive; then the wooden steps gave hollow notice. The visitor's advent was announced again by the brass knocker on the front door.

"I'll go," said Allis, as her mother rose. The girl knew who it was that knocked, not because of any sane reason; she simply knew it was Mortimer. When she opened the door he stepped back hesitatingly. Was he not a criminal—was he not about to leave his position because of theft?

"Come in," she said, quietly. "I am glad you have come." "Shall I just want to speak to you for a minute," said I would come. But I can't see anybody—just you, alone."

"I understand," she answered. "Come inside." "I am going away," he began; "I can't stand it here."

"You have done nothing—nothing to clear yourself?" "Nothing." "And you won't?" "No."

"Is this wise?" "It is the inevitable." They were silent for a little; they were both standing. The girl broke the stillness.

"Then I care not. Other men have had misfortune thrust upon them and have borne it without complaint, have had less to solace them than you have given me now, and I should be a coward if I faltered. Some day, perhaps, you will know that I am worthy of your faith. God grant that the knowledge brings you no fresh misery—there, forgive me, I have said too much. I am even now a coward. If you will say good-bye I'll go."

"Good-bye, my hero." She raised her eyes, blurred with tears, and held out her hand gropingly, as one searches in the dark, for the room whirled like a storm cloud, and just faintly she could see the man's "wrong" face, coming to her out of the gloom like the face of a god. He took her hand. "Good-bye," his voice vibrated brokenly; "if justice wills that my innocence be known, some day, may I come back? Will you wait, believing in me for a little?"

"Forever."

"He drew her to him by the hand he still clasped, and put his strong arms about her. What mattered it now that he had been falsely accused—what mattered it to either of them that he must accept the grim penalty of his endeavor? With them in the soft gloom was nothing but love, and faith, and innocence; and within the strong arms a sense of absolute security, as though the false accusing world had been battered, beaten down, and the victory theirs—love.

He raised the girl's face and kissed her. "Let God witness that I press your brave lips in innocence," he said; "and in this pledge I love you forever and ever."

"Amen," came from Allis involuntarily; it sounded to her both like the benediction of a high priest.

"Amen," he responded. To speak again would have been sacrilege.

He put her from him gently, turned away and walked quickly from the house.

The girl sat for a long time a gray shadow in the gathering darkness. He was gone from her. It seemed as though she had scarce spoken the encouragement she wished to give him. It had been a meeting almost without words; but she felt strangely satisfied. The accusing revelation that had come from Crane in the afternoon had been a crushing blow. It was a mistake, of course; it wasn't true—somehow it wasn't true, but still it had stunned. Now in the gloaming she sat with an angel of peace; big, steadfast, honest

NOTICE. REVISED STATUTES OF CANADA.

1884, CHAPTER 22 AND STATUTES OF CANADA, 1886, CHAPTER 12. PROPOSED CONSTRUCTION OF WHARF IN WEST BAY, IN THE COUNTY OF VICTORIA. Notice is hereby given that, under and pursuant to the Revised Statutes of Canada, 1884, Chapter 22 and Statutes of Canada, 1886, Chapter 12, the undersigned, by petition dated this day, has applied to the Governor-in-Council for approval of the area, plan and site of the following proposed works, to occupy the foreshore and submerged ground adjoining or abutting on Lots 19 and 14, Block 3, Sub-division part of Viewfield Farm, County of Victoria, namely: To erect a wharf, 30 feet in length by 40 feet in width, connected with the shore by a floating approach 20 feet in length, situated on the shore of the said proposed work and a description by metes and bounds of the foreshore and submerged ground to be occupied thereby has been deposited with the Minister of Public Works, and duplicates thereof have been deposited in the Land Registry Office, Victoria, B. C. Dated at Victoria, B. C., this 25th day of September, 1906.

VICTOR JACKSONSON. Notice is hereby given that, 30 days after date, I intend to apply to the Chief Commissioner of Lands and Works for a special license of the Corporation of the City of Victoria from the following lands, situate in Coast District, British Columbia, described as follows: 1. Commencing at a post planted about 20 rods south of the N. W. corner of Lot 22, these lands north 30 chains, thence east 30 chains, thence south 30 chains, thence east 30 chains, thence north 30 chains to point of commencement.

2. Commencing at a post planted about half a mile north of a point about 2 miles up from the mouth of a small creek emptying into Frederick Arm, on the east side thereof, about half a mile south of the shore of the said Arm, thence north 30 chains, thence east 30 chains, thence north 30 chains, thence west 30 chains to point of commencement. Both of said locations containing about 100 acres each.

Located along 4th, 100th LUMBER CO. T. H. GAWLEY, Locator.

TENDERS FOR DEBENTURES.

Tenders, sealed and endorsed, will be received until Monday, the 22nd day of October, 1906, at 4 p. m., at the office of the undersigned, for the purchase in whole, or in part, of Local Improvement Debentures of the Corporation of the City of Victoria, amounting in all to the sum of \$10,728.22, and guaranteed by the municipality as a whole. The debentures are of the 5th day of May, 1906, will mature 31st day of May, 1916, are of the denomination of \$500 each (excepting the remainder), and bear interest at the rate of four per cent, per annum, payable half yearly, the principal and interest being payable at the office of the Bank of British North America, either in Victoria, B. C.; or Montreal, London, England, or New York, U. S. A.

The tenderer must state the price net at Victoria which he will pay. In addition to the net price the purchaser will have to pay to the Corporation the interest on the said debentures for the period between the dates of the debentures and the date of the receipt of the purchase money by the City Treasurer. A further offering of the same class of debentures, amounting to \$46,000, will be made before the end of the present year, and it is to be understood that the successful tenderer will purchase the new offering at the price accepted in the case of the present issue.

The Corporation does not bind itself to accept any tender. WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., September 22nd, 1906.

Look For Blood Humors

They Crop Out Constantly, Showing the System Needs Purifying. You're not satisfied with your looks. How can you be with such disfiguring pimples, such rough uneven skin? Blood is full of humors and it's no wonder you look and feel poorly. You are languid. Appetite is miserable. Sleep is hard to get. Snap and vim are lacking. High time to improve matters—but what's the proper remedy? Experience proves that Dr. Hamilton's gives instant effect. They tone the entire system, fortify the blood and impart a feeling of new life in a few days.

Unlike strong purgatives, Dr. Hamilton's Pills are exceedingly mild. They are made from concentrated vegetable extracts such as Mandrake and Butternut, and can be taken by young or old with absolute safety.

"I learnt something very valuable after using Dr. Hamilton's Pills," writes Miss Effie Thomson, of Meriden, Conn. "I used to have ugly pimples—pimples much embarrassed me. The tone and purifying effect of Dr. Hamilton's Pills completely restored me. My health is splendid and my complexion a great credit to this marvelous medicine."

Let your medicine be Dr. Hamilton's Pills. They cure so thoroughly. Sold by all dealers, 25c per box, or five boxes for \$1.25. By mail from N. C. Polson & Co., Kingston, Ont., and Hartford Conn., U. S. A.

AN Irish gentleman dismissed his cook for incompetence. She asked him for a character, and he gave her one. He wrote: "This is to certify that my cook Bridget W. has left my service on account of ill-health—my ill-health." Glasgow News.

TO LET-Board and rooms, piano and telephone. Bellevue, Quebec street, 2nd floor, across from Parliament Buildings. WHEN ANSWERING advertisements under this heading please say that you saw this announcement in the Times. A BUSINESS CAN GO WITHOUT ADVERTISING-So can a wagon without greasing; but in both instances it goes hard.

Why Not Try? There's no use getting mad if that For Sale sign you stuck on the front of your vacant house has not brought you a tenant or purchaser. Your sign has been read and re-read by practically the same people, who pass by it every day and who are too intent on other things to stop and look over the property. Now, if you would advertise in the real estate columns of the Times it would come before the eyes of all the people looking for real estate. This is because they are accustomed to have the Times tell them what property in Victoria may be had.

An Advertisement in the Times Will Give Returns

TO LET. Advertisements under this head a cent a word each insertion. TO LET-Room, and first-class board, with refined family. 15 George street, above Cook. and heartily singing the National Anthem. A social and sale of work was held by the St. John's branch of the Women's Auxiliary to missions at the residence of Miss Ard, Douglas street. It was well attended. An "At Home" held by the Ladies' Guild of the Metropolitan church in the afternoon and evening also attracted a large crowd. Refreshments were dispensed, and a pleasant time was spent by all members of the congregation and their friends present.

**INJURY SUSTAINED BY THE VICTORIA**

**HULL EXAMINED BY A DIVER YESTERDAY**

Water Flowed Freely Into Forward Hold and Tanks—Preparing to Haul Steamer on Ways.

When the Times goes to press this afternoon, it is expected that the Princess Victoria will be safely on the ways of the B. C. Marine Railway. An attempt was made yesterday afternoon to haul the ship out, but as she had first to be lightened at the bow, this undertaking could not be carried out at the appointed time, so the work had to be deferred until to-day.

It is impossible to say definitely what damage the ship has sustained. That she was down so much forward as to render it impossible to take her on the ways yesterday was due to the large amount of water that had flowed into the forward hold and tanks. The latter, it might be explained, is that portion of the ship between the outer and inner bottom, used for the carrying of fresh water ballast, while the forward hold is not the extreme bow, but that apartment just abaft the fore-pick.

A large ten-inch pump was placed in position to free these apartments of water, and, though an enormous stream was thrown for some time, it was soon found that it failed to lower the amount within the ship. A diver was then sent down to make an examination and reported for about three feet. This was just beneath the fore hold and indicates that some of the frames had also suffered. This was the largest hole seen, while aft from there no injury was noticeable.

To patch these holes up in a temporary manner was the next work for consideration, and before the pumps were started this afternoon it was thought that there would be no difficulty in raising the bow in a manner to permit the ship being taken on the ways.

Only for the damage that has been done forward, however, it would appear that the steamer has escaped injury. The work of repair will probably take a number of weeks and will be all the more difficult by reason of the fact that the steamer has a false bottom. While she is off the Victoria and Van-

cover run her place in service will be taken by the Charmer.

Of course there will be an investigation, a matter which Lloyds, in which the ship is heavily insured, would insist, but it is not likely that anything will be done along this line until the return of Capt. James Troup, superintendent of the C. P. R. coast service. The captain, as is well known, went to Ottawa a few weeks ago to attend a sitting of the Dominion lighthouse board. He is now on his way home, having, according to report, reached Winnipeg yesterday.

**TWO NEW VESSELS FOR THE SOUND RUN**

Last night in the city of Chicago, Chas. E. Peabody purchased for the Alaska Steamship Company two new vessels for the Sound trade.

The boats in question are sister ships and are at present operating in the excursion business on the Thousand Islands route.

The first of these, the Froquois, is a two-funnel vessel, 226 feet in length, and capable of a speed of eighteen knots. She has 46 staterooms and will, it is expected, be on the Victoria, Seattle run the first of the year.

The other, the Chippewa, is 220 feet in length and of about the same speed. She is a single funnel boat.

Both vessels are capable of accommodating about 300 passengers. It is expected that they will both be converted into oil burners on reaching the coast. They are much larger than the Indianapolis, which is about 180 feet in length.

**NEW ADVERTISEMENTS**

FOUND—English setter dog. Owner can have same by paying expenses. Apply Carney's Grocery.

ENERGETIC MEN WANTED, in every locality throughout Canada, to push up advertising matter and generally advise our new patented invention. Highest salary and expenses paid. No commission. Steady employment. Experience necessary. Write for particulars, Wm. R. Warner & Co., London, Ontario.
