

## A statement on the 2015 UK IPO Copyright Notice

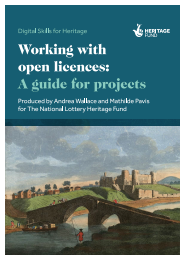

### *Voluntary alignment*

Can be voluntarily adopted and applied to existing digital surrogates and data for public domain collections where the GLAM claims and holds the rights

## A new open licensing requirement

### *Mandatory alignment for future funded projects*

Align obligations with other key funder policies, like the National Lottery Heritage Fund

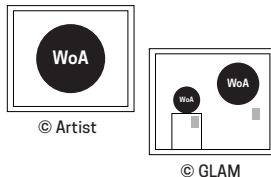

CC BY for all new original media produced through funding infrastructure

CC0 for all new digital surrogates, metadata, data, code, etc.

## Impact on in-copyright materials and collections

### *None*

Third party rights in the work and/or reproduction media remain with owner

Copyright and other rights in materials and/or collections remain with GLAM
