AG 211

23 December 1947

SUBJECT: MI Reserve Commissions and Active Duty as Linguist Officers.

TO : Commanding Officer, Kyushu Military Government Region,
APO 929

1. In anticipation of a shortage of linguist officers in Eighth Army language units which can not be met by requisition on TIS, it is desired that enlisted linguists who meet the qualifications for appointment as MI Reserve officers be canvassed to ascertain who desires to apply for such appointments with a view to being placed on active duty in this theater as linguist officers.

2. Following are pertinent facts bearing on the matter:

a. Paragraph 8a, WD Circular 208, 1947, provides for direct appointment as second lieutenant, MI-Reserve, in a language specialty, in accordance with paragraph 17c (a), WD Circular 101, 1947, of applicants who possess an idiomatic knowledge of a foreign language and who are conversant through close association with the customs of the people to whom the language is active. Applicants must not have reached 39 years of age on the date of appointment. There are no requirements as to military service or grade. Processing of applicants will be in accordance with the provisions of WD Circular 101, 1947.

b. At the time an individual's final papers are dispatched to the Adjutant General for approval, and upon the recommendation of G-2, GHQ, The Adjutant General will be requested to place the individual on active duty simultaneously with his appointment.

c. The commission in MI Reserve will be permanent(subject of course, to pertinent regulations) but any tour of active duty will be based on a signed category statement. A reserve officer may resign his commission while not on active duty status.

d. Newly commissioned officers will be transferred from the unit in which they served as enlisted men.

e. MI Reserve officers on inactive status may expect available facilities for continuing intelligence training.

f. The length of time required to process applications for reserve commissions is not known.

1. The above references cover in detail the requirements of current mess management, food service supervision, mess forms and food service reports.

2. Personnel within each team responsible for mess management, food supervision and food service report will familiarize themselves with above references and take action to immediately correct all deficiencies and irregulatities in the unit mess, mess records, and reports to meet current requirements.

3. Information from the mess supervisor of the 24th Infantry Division indicates that all necessary mess forms may be obtained from the sales officer of the unit through which the team is supplied. Teams failing to secure forms from supply unit are requested to reproduce the forms if possible and if not to notify this headquarters immediately. Supply units have been supplied with forms and should be contacted before trying to reproduce the form or calling on this headquarters to supply same.

4. The following forms are required and will be kept:

1. Form 10-12 AGASF 1 Oct 45 Cook's Work Sheet
2. Form 10-13 WD AGO Abstract Cook's Work Sheet
3. Form WD AGO 420 1 Nov 44 Mess Attendance Record

5. Waste Fat Report. Incl 1 to Memo 60 above (Reproduce) Not Kept.
6. Rations Record. (Reproduce)

A 3 months supply of Form 420 with one copy of Form 10-12 is attached hereto.

5. Responsible personnel will see that all forms are complete, dated, totaled and signed before filing or forwarding to this headquarters. Many incorrect reports are forwarded to this headquarters necessitating undue delay and in many instances results in incorrect information being forwarded to higher headquarters.

6. Information has been sent to teams giving in detail the number of copies of food service reports required with date due this headquarters and information desired in report. Still some teams not only fail to supply requested information but even fail to render a report until specifically called upon to do so.

7. Food Service Reports have been very erroneous in the past and it is very obvious that incorrect reading and mis-interpretation probably mixed with some degree of indifference and neglect are responsible.

8. An inspection will be made during November of all team messes and it is expected that necessary action will have been taken to correct all deficiencies and irregularities and to install the records and forms necessary to meet current regulations.

9. Units with an over issue of rations may be called upon to reimburse the Government for the amount of the over issue, therefore the rations drawn should be closely supervised. Waste fats will be saved and turned in and the required records kept. Teams not saving any fats and greases will take the necessary action immediately to comply with current directives on the conservation of fats and greases.

SECTION II

1. Unless instructed to the contrary, all reports required by higher headquarters of I Corps Units, as published in List of External Recurring Reports, Headquarters Eighth Army, 31 January 1947, will be routed through this headquarters. It is desired that these reports reach this headquarters not later than 72 hours prior to "Due Date" at Eighth Army. This is the minimum time required by this headquarters to process the reports and forward same to destination. In the event any unit is unable to compile the required date required by the report in sufficient time to reach this headquarters 72 hours in advance of the "Due Time", then electrical means of transmission will be utilized to furnish this headquarters with the information contained in the report. Information furnished by electrical means will be immediately confirmed by a written report. An additional copy of all reports, referred to above, will be prepared for file at this headquarters.

2. The following additional instructions pertaining to reports required by higher headquarters are published.

a. Report of Municipal Water Supply Chlorination (Reports Control Symbol L-12). Prepared by Divisions and Kyoto Post Command. Requiring directives are Operational Directive No. 68, Hq Eighth Army, 1946 and Letters, Hq I Corps, AG 671 - H, 24 July 1946, Subject: Municipal Water Supply addressed to Commanding Generals 24th and 25th Divisions.

b. Report of Construction Procurement Demands Issued (Reports Control Symbol QCE-08) to be submitted so as to reach this headquarters not later than noon, third day of each month.

c. Estimates of POL required by Japanese Contractors performing work on Engineer projects on behalf of occupation forces (Reports Control Symbol G-4) will be submitted by Division or Area Engineers so as to reach Engineer Officer this headquarters by 10th of the month to cover estimated requirements 50 days thence. Not later than 20th of month prior to month for which estimate was furnished a report will be made to the Engineer this headquarters stating whether or not there are changes to be made in the actual amounts to be alloted to a special contractor.

d. Engineer Unit Technical Reports (Reports Control Symbol QCE-03-R1) will be prepared by each numberedunit and forwarded through intermediate headquarters, if any, so as to reach this headquarters not later than 5th of each month.

e. Construction Procurement Demand Status Report (Reports Control Symbol QCE-09) and Construction Summary Report (Reports Control Symbol QCE-10) will be prepared so as to reach this headquarters by 5th of each month.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

e. Is proper working space available? Yes.

f. Are ventilation and lighting adequate? Yes.

g. Is there a pantry? If so, give size, location, and equipment.

No pantry.

h. Is there a bakery? If so, give size, location and equipment.

No bakery.

i. Walkin refrigerator? If so location. None.

j. Total refrigerator capacity: 65 cu ft. Chill. (See remarks).

k. Size and location of storeroom:

405 sq. ft. Located in separate building from kitchen.

Is it well ventilated? Yes. Rodent proof? No.

Properly safeguarded? Yes.

l. Describe any additional mess facilities: None.

9. <u>Recreational facilities</u>:

Troop Housing Data, Oita Mil Govt Team, dated 29 October 1947, cont'd.

10. Estimate the fire hazard. Is proper fire fighting and escape equipment available?

Fire fighting equipment adequate. Fire escapes available.

11. Assess carefully the quality of your troop billet. Compare it with all other troop billets you have seen in the Corps area, and particularly with others in your immediate vicinity. Does it compare favorably with the best you have seen? Is it outstanding in every respect? Are there a few weak spots? Is it substandard? Make a frank statement.

Have not seen any other Military Government billets in Kyushu Region. However, these billets are far below the standards of any Military Government billets in Kinki Region with the exception of those in Nara.

12. Indicate all improvements necessary to bring your troop billet to an outstanding level in every respect. Describe projects underway, approved or pending approval. Estimate costs involved in dollars. Be specific and reasonable. If necessary, use the services of engineer services available on central procurement demand for preparation of estimates.

Due to the basic construction of existing buildings it is impossible to bring these billets to an outstanding level. Projects underway are:

a. Complete remodeling of kitchen.
b. Partial rewiring of entire billets.
c. Painting the entire billets.
d. Repair of windows of entire billets.

Estimated cost $2,000.

13. How much of above can be accomplished under the existing procurement demand?

Complete remodeling of kitchen has been approved and work is in progress. Items b, c, and d above are pending approval but no doubt will be approved.

14. Remarks:

a. Paragraph 4 g: T/O strength of this organization is 26 EM. When unit is up to full strength it necessitates doubling up in the single rooms and tripling up in the double rooms. The square feet per man is reduced to 60.

SUBJECT: Conduct of Policeman Ikura, Nakatsu City

THROUGH: Oita Liaison Office

TO : Chief, Oita Prefectural Police.

1. This headquarters is in receipt of a letter from Yamamoto Yuriko, Hinode-machi Nakatsu City in which it is stated that Policeman Ikura, of the Nakatsu Police Department, is repeatedly under the influence of Sake and on occasion has fired his pistol while in such a condition.

2. The most recent indident in which Ikura was involved occurred on 13 October 47. On that occasion Ikura went to Yamamoto's house and, while under the influence of sake, created considerable disturbance.

3. Such actions by Police officials cannot and will not be tolerated whether on duty or off duty. All public officials, and particularly members of the police department, must conduct themselves at all times in such a manner that they will be above criticism by the citizens of the village, town, or city. It is only through such exemplary conduct on the part of police officials that law enforcement in this prefecture can be brought to the high degree desired.

4. It is requested that an investigation concerning the actions of Policeman Ikura, as alleged by Yamamoto, be made, and that a report of the investigation and action taken in the case be submitted to this headquarters not later than 25 October 1947.

TO: Oita Military Government Team

FROM: Yamamoto Yuriko, Hinode-machi, Nakatsu City October 14, 1947

SUBJECT: On bad police officer

I am an employee of Izumoya, Hinode-machi, Nakatsu City. Some of the police officers of this city annoy us. Last night a policeman, called Ikura, came to our house and raved under the influence of "sake". To make matters worse, he pushed down my comrade from the upstairs and she got hurt. He repeatedly is drunk and violent. He often fires a pistol.

The police authorities set at naught our complaint.

I should be much obliged if you would inquire into the matter.

SUBJECT: Report of Grave of Unidentified Pilot

THRU : Commanding Officer, Kyushu Mil Govt Region, APO 929

TO : Commanding General, I Corps, APO 301

1. On 9 October 1947, Mr. Akira Suga, Asami Kami-ku, Beppu city, Oita Prefecture came into this headquarters and made the following statement pertaining to the location of the grave of an unknown air force pilot.

"About 2 years ago I was a private first class in the 396th Infantry Battalion stationed at Irabu Island which is located about 100 miles northeast of Okinawa. In early part of May 1945, I don't remember the date, at 1300, a formation of 8 Grumman fighters flew over this island on a bombing and strafing mission. One of the planes was shot down by our Anti-aircraft Battery stationed on this island. Although I have not seen the actual crash, I saw the plane go down into the sea. Three days later there was a storm off the coast of Irabu and the body of this pilot was washed ashore. The pilot was about 20 years old and dark blond. He had no unusual scars or markings. I could not determine his height because both of his legs were crushed below the knees. We picked his body up and buried him about 50 meters from shore, where his body was discovered, in a shallow grave about 1 meter in depth and marked it with a pine grave post 10 CM square and 1 meter in length. Inscribed on it are the following Japanese characters 無名戰士の墓 (grave of an unknown soldier). This particular area is surrounded by pandana forests except along the beach. There are some 50 to 60 medium size pine trees which make an outstanding landmark. There are no roads leading into this area except trails and no inhabitants."
