Application for
Your approval under Article 6
of the Law for Termination of
the Zaibatsu Family Control

Inagawa Jiro

Tokyo, February 5 , 1948.

Mr. Tetsu Katayama,

Prime Minister.

Sir,

Application for your approval under
Article 6 of the Law for Termination
of the Zaibatsu Family Control

As I am the president of the Yasuda Warehouse Co. I come under Article 3 of the above law. However, as the following evidences show, all the cases as prescribed in item 2 of Article 6, paragraph 1 of the above Law apply to me I file this application for your approval of the fact that I am not an appointee according to Article 6, paragraph 1 of the Law.

Respectfully submitted.

Jiro Inagawa.

Reason asking for your approval

On June 23, 1942, I was installed as director concurrently as manager, on April 1, 1943 as managing director and on June 28, 1946 as president, of the Yasuda warehouse Company respectively.

The Yasuda Hozensha, the central company of the Yasuda affiliates decided the disolution of their Zaibatsu structure at the board of managers renouncing the controlling right over the personnel affairs and all other arrangements, Octover 15, 1946. According to the above mentioned facts, it may be considered that the Yasuda Warehouse Company was under the control of the Yasuda Zaibatsu at the time when I was installed as director of the said company. However, when the Yasuda Warehouse Company intended to appoint any officers , they hitherto have not obtained the previous approval of the Yasuda Hozensha in writing, but in every case they used to make informal verbal report on the candidate they selected according to their ~~in~~ own decision, the Hozensha only recommending him for form's sake as officer's candidate to the Shareholder's general meeting.

Respecting to the above mentionded circumstances, the Yasuda Hozensha explain themselves that "In short, though our control over the matters relating to the personnel affairs in the affiliated concerns still looks in appearance to be exercised through its approval system, in reality this system is now existing

in name only, the installation being carried out by various method varying in its form according to the extent of the relations existing between our firm and the respective affiliated concern and in each case the matter thus fixed being reported to our firm just for the formality's sake."

Accordingly, I am convinced that my installation as director was carried out to meet the internal situation of the Yasuda Warehouse Company and not by the appointment of the Yasuda Hozensha.

In order to make it clearer I intend to explain the details of the circumstances under which I have been installed as director.

1. Details of circumstance under which I had been installed as director concurrently as manager of the Yasuda Warehouse Company.

At the time when the Yasuda Trading Company closed the business of their warehousing department on July 1, 1942 and the warehouses belonging to the Hakodate Branch were transfered to the Yasuda Warehouse Company, they wanted to have at least one person from among the employees of the said company, who is to hold a responsible position. Before that time, as I was engaged in the warehousing business as manager of the Hakodate Branch of the Yasuda Warehouse Company, so I consented to be installed as director concurrently as manager of the said company, fully believing that my promotion is solely due to their appreciation of my own ability as warehousing business man, and not in the least to the controlling influence of the Yasuda Zaibatsu.

2. Details of circumstance under which I had been installed as managing director.

At the time when I was installed as director concurrently as manager, the number of the standing directors was four

persons including the president, two managing directors besides me. However, as one managing director resigned from his post in order to go abroad, I was promoted to the post of managing director to succeed to him.

3. Actual state of executing my duties during the term I held the post of the managing director.

In the war time, on May 1, 1944, as the Yasuda Warehouse Company transfered the warehouseing business to the Japan Warehouse Control Company, warehouses, buildings and all equipments owned by us were transfered to them, together wi the managing director senior to me and a great number of officials. So that the warehousing business was actually went to the hands of the Japan Warehouse Control Company, some remaining in the company as the company continued to exist though in name only and in such condition as some measure for adjustment was necessary. At that time, both the president and I remained holding the positions of the standing directors in order to wind up the affairs of the company.
Before long, the then president resigned his post, it being succeeded by another president.

4. Details of circumstances under which I have been installed as president.

However, after the war was ended the then president resigned his post and warehouses and officials transfered to the Japan Warehouse Company were re-transfered to us, and

since December 1, 1945, the Yasuda Warehouse Company re-opened the warehousing business. At that time, I was alone holding the position of a standing director and about one third of warehouses owned by us was burnt out I had felt uneasy about the future prospect of the business having only the warehouses escaped from fire. But we desired fervently to reconstruct the warehouses burnt out in the air raid. Just at that time, the Hozensha had made public the disolution of them and renounced all the arrangements existing between us, so I had not any persons by whom I was given advices. Worried by this situation, at last I decided to shift andauditor to a director in charge of the general affairs' business and to nominate a director in charge of warehousing business and an auditor from among the employees. However, it happend that several important problems, such as financing the reconstruction of the war-damaged warehouses, the enactment of the Law for emergency measures for companies' accounting, planning of our reconstraction program, negotiation with G. H. Q. etc. arose in succession. So, as the number of the directors be-came short of solving these problems, I wanted to increase one director more. But as I coud not find out any suitable person from among the employees I got one of my reliable and intimate friends to assume the position of director from outside of our company, who can not become a standing director for his certain personal reasons, but is able to give me now and then his advices.

However, as the company was confronting with the important problems to be given advices continuously, we were compelled to have him to be installed as standing director. At that time, I hoped that the man to be nominated as standing director must be a man without any experience of holding the position of standing director in any company, having amicable character and always prepared to cooperate with us, and further, especially an expert in the field of financing. And fortunately I found out such person as above mentioned from the outside of our company and got him to assume the post of the executive director, at the same time when I was promoted to the president. Judging from details of the circumstances under which I have been installed as director and the fact that during the term of my holding the highest responsible position, any controlling influence of the Yasuda Zaibatsu was not at all exercised I am convinced that I am not an appointee.

5. I am a younger brother of a Hikoshiro Yasuda who married a daughter of Zengoro Yasuda.

I became an adopted son of Inagawa's from Sugiyama's and he became an adopted son of Yasuda's. However, I became an adopted son when I was four years old on February 6, 1893 when he was not yet born.

Eight years after I was born, he was born on June 5, 1901.

In addition to this fact, I became an adopted son of Yasuda's on December 5, 1930. At that time, I had already entered the

Kyosai Insurance Company (The Mutual Aid Life Insurance Company) after released from the Teikoku Seima (The Imperial Hemp Mfg. Company). I was shifted to the Yasuda Trading Company because I had experienced myself in the warehousing business at the time when I was working at the Takada Trading Shop. As above mentioned, I had been installed as director according to my own business career, and not on account of the fact that my elder brother was adopted by the Yasuda's.

The Certificate of Inagawa Jiro.

Translation of Certificate

January 30, 1948.

I, the undersigned, do hereby certify that Mr. INAGAWA, Jiro was installed as director of the Yasuda Warehouse Company being recommended by me who was at that time the highest responsible officer of the company holding the office of the managing director, for the reason that he is an experienced person as the Manager of the Yasuda Warehouse Department of the Hakodate branch of the Yasuda Trading Company.

As he was installed in his office under such circumstance with the ex post facto approval of the Yasuda Hozensha, no influence of the Zaibatsu's control over this installation was exercised.

Since then I have spent mostly my life in construction works of the electric power plant dams in the Shikoku mountains as the superintendent until I retiredits position in September 1945. To be appointed auditor had no relation with the Sumitomo Zaibatsu.

Misao Ueda,

Prime Minister, Tetsu Katayama;

In accordance with the regulation as set forth in the article 7 of the Decentralization Law of the Zaibatsu, I take the pleasure in submitting herewith my application for I am not applicable to the membership of the Zaibatsu as stated in the enclosures.

Remarks:

a) A statement of reasons; Japanese copies 2.
English copies 2.

b) A personal questionarie (Japanese and English) 3.

The Reasons Requesting Exemption From Being Ousted Out of The Service of The Zaibatsu (Financial Clique) Company.
(Concerning No. 2 of the 1st Item of Art. 6 of the Discentralization Law of the Zaibatsu)

1) I am niether the members of Sumitomo Zaibatsu nor spouse of their families nor parents, brother and brothers, sister and sisters, and child and children nor the spouse of them.

2) Moreover, I think that there was no agreement or recognition from the Sumitomo Honsha especially when I was selected to the member of Director of the Shikoku Central Electric Power Co., Ltd.. As a custom of the Sumitomo Zaibatsu, it may discussed before I was selected to the Director, but even the important personnel of the member of the clerks were customary discussed at the Sumitomo Honsha.

So, I think there was no special discussion to be made when I was selected to the Director of the Shikoku Central Electric Power Co., Ltd..

However, in the Sumitomo, even the director had been accepted the same treatment as well as member of clerks and there was absolutely no signification that the director was a representative of profit of the Sumitomo, these facts were announced by the Sumitomo Honsha as the regulation of control the personnel and actual handling in the Sumitomo.

3) I entered to the Shikoku Central Electric Power Co. (is called Sumitomo Co-operative Electric Power Co. now) as the civil engineer to carry out the construction work of the Yoshino-gawa Sunsui Electric Power plant in April 1939. Since then I have spent mostly my life in construction works of the electric power plant dams in the Shikoku mountains as the superintendent until I retired its position in September 1945.

During this period I was selected to the director of the company just holding the highest position in the Co.. Although I was neither given any actual power sub-managing director, nor the any actual power of the Director, in other words it was an honorary position which the company gave to me. Concerning my above works, it would be obvious that I was consistent throughout engaging the supervise position of the civil engineering works.

4) Besides the director of Sumitomo Co-operative Electric Power Co. I did not hold any other prominent positions in the Sumitomo Zaibatsu Co..

1-8 1-2-40

On My Circumstances of Promoting The Sub-managing Director At The Nissin Chemical Co. and Duties And Responsibilities During My Service.

Keizaburo Fujii, managing director,
Sumitomo Co-operative Electric Power Co.

The Sumitomo Co-operative Electric Power Co. was ordered to amalgamate with the Nihon Hassoden Co., on June 20, 1946. by the regulation of the munitional company after the transference of some portions of equipments to the Nissin Chemical Co. When we were taking all steps as we were ordered to do so, the war came to an end on August 15, 1946. Then we soon received the order from the authorities to withdraw the amalgamation with the Nihon Hassoden Co., but the transference of some portions of our equipments were already transfered to the Nissin Chemical Co., where the Niihama Dengyo-sho was authorized by the authorities and was set up.

Thus, the Sumitomo Co-operative Electric Power Co.was got off from the amalgamation with the Nihon Hassoden Co., but the conditions of our company on the technical and economical points of views were not the same as before due to transferende of the half portions of equipments and was hemiplegic and was hardly getting alone. As the temporary management, the Sumitomo Co-operative Electric Power Co. and the Niihama Dengyo-sho were managed monostically in order to solve those critical situations of the company. Consequently, I was promoted to hold the additional post, the head of the Niihama Dengyo-sho, in the Nissin Chemical Co. while I was themanaging director

of the Sumitomo Co-operative Electric Power Co., at that time.

To become the sub-managing director from the head of manufactory was the unwritten law at the Nissin Chemical Co. and so I was appointed as the sub-managing director of the Nissin Chemical Co. Of course the position which I was given was the nominal managing director and not given any actural power to consult about the management of that company. As stated above, my circumstances under which I was appointed as the head of the Dengyo-sho, it is clear that my post was utmost for the sake of convenient management to run smooth operation of the Sumitomo Co-operative Electric Power Co. as in the past and the profit and loss for the management of the Dengyo-sho shold be reverted to the Sumitomo Co-operative Electric Power Co. Essentially, it was just the same that the equipments which we had before, rented from the Nissin Chemical Co. and managed them as in the past.

Concequently, I attended at the meeting of the Board of Directors as the sub-managing director of the Nissin Chemical Co., but actually I had no voice in the matter for the general management of the company nor to take part.

From the above facts it is clear that I had no actual as the member of the Board of Directors during my service in the Nissin Chemical Company.

Application in accordance with the Article 6 and 7 of the Law for Termination of the Zaibatsu Family Control

5 February 1948.

The Hon. Tetsu Katayama

Prime Minister

Misao Ueda

Sir,

Though I was designated as the official related to the Zaibatsu in accordance with the Article 3 of the Law for Termination of the Zaibatsu Family Control of the Law No.2, in 1948, I consider that I am not applicable to that official for the reason undermentioned. Then I apply to you to be approved that I am not the official related to the Zaibatsu in accordance with the provisions of para.1, Article6, and para.1, Article 7 of the Law.

At first, I state my personal history to certify that I should come under b. of para.1, Article 6 of the Law.

I was graduated at Waseda Daigaku in 1920, entered to Okura Shoji K.K. (present Naigai Tsusho K.K.), and served in the Head Office, Yokosuka and Mukuden Branch. On April 1938, I entered to Chuo Kogyo K.K. and since then, experienced the chief of Purchasing Dept. and the assistant chief of Oji Plant, I was appointed to the chief of Oji Plant. On 19 Aug. 1944, I assumed the position of director with Mr. Shigeo Tajika, chief of Working Dept. at that time, but resigned on 25 Sept 1945. On 14 Nov. 1945, I assumed the auditor, experienced the chief of Construction Committee of Akita Plant on July 1945, the chief of General Affairs Dept. of Head Office on Feb. 1946, I tendered my resignation to President Yeikichi Watanabe regarding to the tendency of the time. He earnestly requested me to stay in the position, and when Noson Tokei Seisakusho was established by sugestion of Mr. Toyohiko Kagawa, I assumed the director with President Yeikichi Watanabe. On January 1947, I resigned the post, but served as the chief of Tokyo Branch of the Company and retired on Dec. 1947. My assumption of official is the result that my endeavour to promote the production as the chief of Oji Plant was recognized by the officials of that time, and never been restricted by the Zaibatsu relatives. I consider that this point comes under b. of para.1, Article 6 of the Law.

In the next place, I state the point come under each of para.1, Article 7 of the Law.

1. I am not a spouse of one who belongs to or in the same family register of Okura Zaibatsu, neither a parent, a child, a brother and a sister of Okura Zaibatsu nor a spouse of them.
2. As mentioned above, I assumed the director on 19 Aug. 1944, and the auditor on 14 Dec. 1945, but as per attached paper submitted by Okura Kogyo K.K. to the Political Section of Central Liaison Office, at the time of my assumption, the arrangement that the previous approval be obtained from Okura Zaibatsu or Okura Kogyo K.K. did not exist, and I did not receive the previous approval for it.
3. Since my assumption of office in Chuo Kogyo K.K. I have never had actually the competence or the control beyond that of the Supreme Representative Officer as mentioned in the Certificates of former President Tasaburo Minagawa, and present President Yeikichi Watanabe.
4. I assumed the positions of officials of Chuo Kogyo K.K., and Noson Tokei Seisakusho, but I never have assumed four or more positiones of officials in the Zaibatsu Company of Okura Zaibatsu.

As mentioned above, I believe that I should come under b. para.1, Article 6 and para.1, Article 7 of the Law. Then I earnestly desire to you to be approved that I do not come under the official related to the Zaibatsu by your kind consideration.

Yours truly,

Kikuo Nakazawa
Auditor of
Chuo Kogyo Kabushiki Kaisha

To : Political Section, Central Liaison Office.

From : Okura Kogyo Kabushiki Kaisha.

Subject: Concerning the presence of the arrangement regarding assumption of the position of official.

Date, 29 December 1947.

Sir,

Concerning your reference abovementioned, we are glad to report as follows.

1. There has been no arrangement that the previous approval be obtained from the Zaibatsu or our company to assume as official of our company or the direct Zaibatsu affiliates.

2. In our company or our direct affiliate, the officials would be selected by the companies' own standpoints, then the original draft would be made, and only reported to the Zaibatsu on the occasion of our company or to our company on the occasion of our direct affiliate. It has been an usual fact that this draft is submitted to the general meeting of shareholders, and the officials are elected as in the draft. Still more, the officials of other relative companies have been elected entirely by the original intention of each company.
