Answers to the above Questions—
No. 1.

Jeremiah Hughes Flour mill - Annapolis Maryland -
1. Grinding wheat Corn & Plaster Paris -

2. . .
3. . .
4. - five men employed besides 1 man & 2 boys as Coopers -
7 - Twenty Horse Steam Engine
8 - 1 pair of mill stones with bolting & screening apparatus
9 - 30,000 \$ in Improvements - movable capital
10 - 1500 \$ - besides about 800 \$ to the Coopers Annually
11 - 1500 \$ - " -
12 - Flour meal & Ground Plaster of Paris
13 -

14 - The Engine since its erection in 1816 has been generally constant at work but owing to some faults it does not drive all its machinery with sufficient force - it was erected to grind 100 lbs flour in 24 hours but has not exceeded half that amount - it is yet improving in condition & power it is expected to be made competent to its first design this season by additional boilers & a boiler - like other merchant mills the demand for and sale of its work is regulated by the flour trade - independent of merchant work it grinds for the neighborhood as a Grist mill -
