PREMIER HUMBLER "DESPERADO" EDITOR

Senator Taylor, of New Westminster, and the editor of The British Columbian, who called Premier Oliver a "desperado," and then a "railway desperado," have backed up as a result of the Premier taking up what he asserted mis-statements and have come out with a full public apology printed in the editorial columns of the New Westminster British Columbian.

In his apology the Senator's newspaper says: "The British Columbian was in error yesterday in treating as conclusive the letter from Mr. Oliver in February declining to do what in the following October his government appears to have done."

"We may be permitted to point out, however, that Mr. Oliver's attitude did put in danger and would have prevented this estimated gain of a million dollars secured through later compliance with the request which he so positively refused."

In connection with this the Premier to-day made public a letter setting out the facts in this way: "I am not going to indulge in a lengthy newspaper controversy. I have said your statements in your editorials were a gross and untrue fact and inference. What were these statements?"

How Got Rid of Burning Feet

And Pains from Corns and Bunions Without Soaking, Powders, Plasters, or any of those things that are so-called "miraculous Foot Relief" for 20 Years.

Prof. F. T. McIntyre, well known world tourist and lecturer, says: "For years I was compelled to wear shoes two sizes too large, to be able to walk with any comfort at all. I tried powders, plasters, liquids and foot-treatment salvers, but the burning, callouses, and sores refused to go, while the pain from corns and bunions continued to torture both mind and body, which upset my entire nervous system."

None—Gypsy Foot Relief, referred to by Mr. McIntyre, may be applied in a minute, without fuss or bother. Sure, quick relief comes three minutes later, or the makers give back the little you pay. It is sold in this city by all good druggists including Merryfield & Duck, Hall & Co., Cyrus H. Boves, Vancouver Drug.

SHOPMEN VOTING ON STRIKE ISSUE

Montreal, Oct. 12.—The question of accepting or rejecting the wage cuts introduced by Canadian railways and affecting their shopmen will be submitted to a referendum. This morning the men's representatives here sent out ballots to be returned on November 1st.

Political Broadcastings

Attorney-General Manson said that he was not afraid to meet the Hon. H. H. Stevens, M.P., even in his own camp in response to the "charges" that Mr. Stevens has been hurling against him in order to amuse and rally Conservative audiences.

Just a year ago there were only 125 persons at the annual meeting of the Victoria Liberal Association. Last night there were more than 400, and other who could not get in at all as the hall and stairway were jammed.

It is not yet known just when Mr. Bowser will start his speaking tour of Vancouver Island. He has been planning to enter with before the Legislature meets at the end of this month.

To-day it was reported that as a result of Attorney-General Manson's lively come-back at Mr. Stevens, that Mr. Stevens may be brought to Victoria for a Conservative meeting.

STEVENS DID NOT TELL ABOUT BEER DISPOSAL

It was pointed out to-day that in his attack on the Attorney-General, Hon. H. H. Stevens tried to give the impression that a wholesale firm such as F. Q. Dawson & Co., in Prince Rupert, agents for the Victoria-Phoenix Brewery, were permitted under the liquor law in acting as brewery agents to dispose of beer in three ways: 1, to Government vendors; 2, to exporters; 3, to sub-agents.

These three outlets account for all the beer routed to the Dawson firm and this disposal is shown in the report to Victoria from the liquor board inspector.

However, when the report through treachery alleged by Mr. Manson was put in the hands of Mr. Bowser and Mr. Stevens, only the first part of it was made public and nothing said about the disposal of the beer set out in detail in the following pages.

Mr. Foster is a great traveler and he covers in personal inspection of his bureau between 45,000 and 50,000 miles annually. Six of the concerns managers have visited Victoria this year. Mr. Foster was here three years ago and Mr. Ham pays semi-annual visits to the city.

ACTION DISMISSED

1847 ROGERS BROS. SILVERPLATE

Furnishing the home with silverware

ASK yourself these questions before you purchase silverplate: Is it attractive? Is it well known? Has it stood the test of years? Is it the best of its kind? Can other pieces be added later in the same pattern?

This year's celebration of the seventy-fifth anniversary of "1847 Rogers Bros." answers "yes" to the above questions. Time has proved its quality, its desirability—and a wide variety of "open stock" patterns has long been one of its distinctive features.

For any kind of a gift this year, "1847 Rogers Bros." is particularly appropriate. Remember the date, 1847, as a symbol of finest quality. Emphasize it when you buy.

See the attractive chests and gift box assortments at your dealer's. No extra charge for the colorful packages.

ABSENT MINDED ACCUSED CONVICTED

A slight discrepancy in his story led to the conviction of Lum, charged with the murder of a woman in the back of a taxi cab in the city. Chief Fry told of the raid, when three men had been taken, and the police found the man in the back seat containing more paraphernalia were thrown from the windows at the entry of the police.

SHOULD EXCLUDE ORIENTALS TO STOP DRUG PEDDLING

"You can build all the institutions you like for drug addicts, but this will not cure the trouble so long as we leave it possible for our boys and girls to fall into the hands of the drug peddlers. The only way to get rid of the drug traffic is to get rid of the people who peddle it. We must demand that they be enforced. Furthermore, men who peddle drugs for money should be treated as murderers, for they are actually worse than murderers. If you are a taxpayer, you will be taking care of every one of these boys and girls for the rest of their lives. No wonder they are requiring wings built to our asylums, for we shall need them."

**Watch the Man**

See the changes one week brings

Millions of women know this new way of teeth cleaning. And the pretty teeth seen everywhere now show what it means to them.

If the man doesn't use it, get this 10-Day Tube for him. Then watch the results. See what changes will come in a week.

**That dingy film**

Most people who brush teeth in old ways have film-coated teeth. A viscous film clings to the teeth, enters crevices and stays. That film becomes discolored, particularly with men who smoke. Then it forms dingy coats. Tartar is based on film.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

No old-type tooth paste can effectively fight film. So all these troubles were constantly increasing, and beautiful teeth were seen less often than today.

**New discoveries**

Dental science, after long re-

search, has found two ways to fight that film. One acts to curdle it, one to remove it, and without any harmful scouring.

Many careful tests proved these methods efficient. Then authorities endorsed them, and dentists everywhere began to advise their use.

A new-type tooth paste was created, based on modern research. The name is Pepsodent. Then these two great film combatants were embodied in it for daily application.

**Not film alone**

But Pepsodent brings other great results which research proves essential. It multiplies the alkalinity of the saliva. That is there to constantly neutralize the acids which cause decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids.

Those are Nature's great tooth-protecting forces in the mouth. Every use of Pepsodent gives them manifold power.

Some fifty nations use it now

The use of Pepsodent has spread the world over, largely by dental advice. Careful people of some fifty nations now employ it daily. Thus it is bringing a new dental era. The glistening teeth you see everywhere now show how widely it is used.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

In one week you will gain a new idea of what clean teeth mean. And all in your home will always want those whiter, safer teeth. Cut out the coupon now.

Now advised by dentists the world over. All druggists supply the large tubes.

**CHURCH OFFICERS WERE ELECTED**

Methodist General Conference Reappointed Department Leaders

Acclamations at Session in Toronto Last Night

Toronto, Oct. 12.—Mild surprise was created at the National General Conference here last night when the delegates elected almost all the General Conference officers by acclamation.

It was thought that in some cases one or more nominations would be tendered because of the severe criticism of the "headquarters rule" offered by delegates throughout the sessions of the Conference, but when the names of the heads of departments and officers of the various organizations were offered, nominations were closed and they were given another term of office. The officers receiving acclamation are as follows:

- Secretary of Foreign Missions—Rev. James Endicott.
- Secretary of Home Missions—Rev. C. E. Manning.
- Secretary of the Board of Education—Rev. J. W. Stephenson.
- Secretary-Treasurer of the Superannuation Board—Rev. R. J. Simpson.
- Secretary of the Sunday School Section—Rev. Langford.
- Editor of The Christian Guardian—Rev. Dr. W. B. Creighton.
- Editor of The Sunday School Publications—Dr. A. C. Crews.
- Secretary of the Board of Finance—Rev. S. W. Dean.
- Secretary of the Forward Movement—Rev. F. C. Stephenson.
- Secretary of Evangelism and Social Service—Rev. T. A. Moore.
- Treasurer of the Mission Section—W. D. Watson.
- Treasurer of the Educational Fund—E. R. Wood.
- Book Steward of Eastern Provinces—F. W. Mosher.

**DEATH SENTENCES IN JOHANNESBURG**

Trials Are Result of Recent Rand Disturbances

London, Oct. 12.—(Canadian Press Cable)—According to Reuter's Johannesburg correspondent, the special criminal court appointed to deal with cases arising out of the riot in the Rand sentenced to death yesterday Herbert Hall and Dr. Lewis. They were convicted on a charge of inciting the crowd, during the disturbance in Johannesburg in March, to fire on occupants of a motor car, thereby causing the death of Lieut. Taylor.

**MINING REVIVAL IN THE YUKON**

Conditions Described by G. Black, M.P., Now in Vancouver

Vancouver, Oct. 12.—With the introduction of quartz mining activities and an appreciable revival in placer operations, the Yukon is making a steady recovery from its recent slump, according to Captain George Black, M. P., who has returned to his law office here after spending all Summer in the Territory.

He announced that valuable strikes had been made in the Beaver country, about fifty miles from Mayo. Not much was known about them yet, he said, but there were indications that the whole district was being mineralized, and several outfits had been taken in to continue work all winter.

Next Summer, he said, would see both the Keno hills and Alaska Treadwell companies take reduction plants into Mayo so that low grade ore could be handled. At present only gold is being shipped, but great dumps of lower grade stuff were being accumulated from the workings.

To Resume Work.

Many of the placer companies which had not been operating since early in the winter district will resume work next year, he said, and business generally was never better throughout the Yukon than during the season just closed. The tourist traffic had been all the boats could handle and extensive bookings for next year had already been made, he said.

Captain Black was a witness of the annual migration of the great caribou herd, which was seen crossing the Yukon River for a distance of fully 100 miles. The boat on which he was a passenger was surrounded by hundreds of swimming caribou at times, he said.

**OUTLIVED PERSONS MENTIONED IN WILL**

Death of Montreal Woman Discloses Unusual Situation

Montreal, Oct. 12.—Living to be more than 100 years old, Mrs. James Johnston is now found to have outlived everybody mentioned in her will, a quaint document published Wednesday.

"The testatrix commended her soul to Almighty God in the hope of a blessed resurrection, and her body to the grave, to be interred 'according to my means and station in life.' She willed that a warehouse and grounds in St. Helen Street should be mortgaged to secure her legacy to her son, James, for \$20,000. She willed to her daughter, Elizabeth, \$20,000, and the same property in St. Helen Street was to be mortgaged to secure it. The will would have given the residue to the widower, long since dead. Nearly all the executors named in the will are also dead.

**NEW AIR RECORDS EXPECTED AT MEET**

Plane Made 209 Miles an Hour in Michigan

Mount Clemens, Mich., Oct. 12.—Another demonstration of speed which shows, army and navy experts declare, that the coming Pulitzer Race will bring several new air records was made at Selfridge Field late yesterday. The flight was the first of the new Navy-Wright racer, known as the Mystery Ship. The plane was driven by Lieut. L. H. Sanderson of the marine corps at an unofficial rate of 209 miles an hour. To-day's two races at the meet are the Detroit Aviation Country Club trophy race and the multi-motored plane race.

El Paso, Texas, Oct. 12.—Buffeted by next waves as dangerous to her structure as hurricane waves to a ship at sea, the giant army dirigible C-2 landed at Fort Bliss yesterday afternoon from Roswell Field, Ariz., Cal., having made but one stop during the 150-mile trip. The flight was made in 16 hours actual flying time. The first 550 miles of the trip were made in exactly nine hours. The entire trip would have been made in about twelve hours if it had not been necessary to make the forced landing.

According to Major Strause, the entire journey was uneventful. The U-2 started its transcontinental flight September 14, for the purpose of clearing landing fields in various parts of the country and stimulating interest in lighter-than-air craft.

**NARCOTIC CAUSED MONTREAL DEATH**

Police Now Searching for Chicago Negro

Montreal, Oct. 11.—The alleged working of an international narcotic ring between Chicago and Montreal is the subject of an investigation of a Chicago colored man, who, members of the Montreal negro colony testified in court here yesterday, was connected with the murder of a woman in that city, were uncovered at the inquest into the death of Cleo Wine, 28, of this city, one of the latest victims of the drug traffic.

The jury held the Chicago man, "Lefty" Therin, responsible for Wine's death. Six men and a woman testified that Therin had a bad record in the United States and that he was reported to be a habitué between drug rings in Chicago and Montreal.

"Lefty" Therin is reported by the local detectives to have left Montreal suddenly on Monday night, a few hours before Wine died of narcotic poisoning.

**TURN HAIR DARK WITH SAGE TEA**

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't save the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces soft lustre and appearance of abundance which is so attractive. (Adv.)

**CHOOSING MEMBERS OF CHURCH COUNCIL**

Methodist General Conference and Church Union

To Be Represented by 150 Members

Toronto, Oct. 12.—At the session of the Methodist General Conference last night in the report of the Church Union Committee, which considered the method of electing the 150 members of the first Council, the basis of representation was recommended and adopted by the delegates as follows:

- Toronto Conference—Eleven ministers, eleven laymen.
- London Conference—Eight ministers, eight laymen.
- Hamilton Conference—Eight ministers, eight laymen.
- B. of E. Conference—Six ministers, six laymen.
- Montreal Conference—Eight ministers, eight laymen.
- Nova Scotia Conference—Five ministers, five laymen.
- New Brunswick and Prince Edward Island Conference—Four ministers, four laymen.
- Newfoundland Conference—Two ministers, two laymen.
- Manitoba Conference—Five ministers, five laymen.
- Saskatchewan Conference—Six ministers, six laymen.
- Alberta—Six ministers, six laymen.
- British Columbia Conference—Five ministers, five laymen.

This was on the basis of forty per cent. of the number of each conference delegation and total seventy-two ministers and seventy-two laymen, leaving one of each to be elected.

The committee further recommended that Rev. Dr. Chown, General Superintendent, and Hon. N. W. Rowell be the minister and layman, respectively, to complete the list.

**As Separate Units.**

The committee also recommended that the Conference delegations meet as separate units and nominate their prospective members and that the nominations be made by ballot without debate, and the vote be by the joint vote of laymen and ministers. In addition, it advised the election of two ministers and two laymen from each conference as reserve delegates, these to be elected in the same way. Should any further reserve be required, the General Conference special committee will make the selection.

**Nominations.**

Rev. A. M. Sandford, New Westminster, B. C., had a motion adopted at the evening session which provides that one day prior to the election of any General Conference officer to be placed in charge of a department, nominations will be received from the floor of the Conference, sufficient time to be allowed for as many nominations as the members may desire to make. The General Conference shall not elect any person as a general officer who has passed his seventieth birthday.

Montreal, Oct. 12.—Alfred Charbonneau, a carter, was yesterday sentenced to six months in jail and a fine of \$1,000, with the alternative of spending another six months in jail for having cocaine in his possession. Lee Yin, for a similar offence, drew a like sentence.

**Yorkshire Pudding**

Mrs. Miller has sent us the following Yorkshire pudding recipe. It is a good one and we are giving it a wider circulation:

Mix together one cup flour and one-quarter teaspoonful salt. Take one-half cupful water add Pacific Milk to fill the cup and mix thoroughly. Pour this into the mixture of flour and salt to form a smooth paste, then add two well-beaten eggs. Cover the bottom of a hot pan with beef fat and pour in the mixture to about one-half inch deep. Bake twenty minutes, basting after it is well risen. We know this is good because we have tried it.

HIGH TARIFF EFFECTS.

Europe has been driven to economize in her purchases in the United States for the very important reason that the depreciation of her currency has been accompanied by a general demand for economy.

American exports to Europe began to decline sharply in the month of July and the value of shipments for that month amounted in the aggregate to \$159,000,000 as compared with \$183,000,000 in the corresponding month of last year.

One of the most important features to be observed from a survey of these statistics is that the huge favorable balances in respect of the trade of the United States with Europe during the war, and even for a certain time before the war, are becoming a thing of the past.

Here is the crux of the whole business. If Europe buys less from the United States—and that follows as a natural consequence of inability to sell because of higher import duties—our neighbor to the South will be compelled to discover new outlets for her surplus commodities.

MR. LLOYD GEORGE.

His political opponents and journalistic critics have made up their minds that Mr. Lloyd George and his Government must go and go as quickly as possible.

The British Prime Minister has faced and successfully come through a number of difficult situations during the last six or seven years. He has made a number of mistakes.

It is more than likely that some of the hasty judgments that were formed in the tenuous atmosphere of the moment will already have been revised and may be capable of further adjustment after the Prime Minister has been given an opportunity to defend himself and his policy next Saturday.

On the other hand the great bulk of people in Britain are not quickly stampeded by the whirl of political machinery.

He is the last remaining war Premier. If he weathers this crisis it will constitute an extraordinary chapter of a truly eventful career.

VICTORIA TO SOOKE.

Residents in the territory traversed by the Canadian National Railway between Victoria and Sooke will have learned with considerable satisfaction that the gasoline car service will be put into operation at an early date.

It is not necessary to point out that frequency and continuation of service will depend entirely upon the volume of patronage obtained by the line.

On these and other equally obvious counts it is highly desirable that the settlers throughout the district to be served make up their minds to popularize the schedule by using the accommodation to the fullest extent of their requirements.

WHAT A GAME!

When the complete history of the last six weeks shall become public property the average individual may be able to apportion the responsibility for such a close call to a general conflagration in Europe as that which brought Great Britain and Turkey within uncomfortable distance of armed conflict.

In the meantime it is interesting to recall the salient fact that, in less than four years after the curtain fell upon the greatest carnival of human slaughter since the world began, two insignificant participants in that frightful combat took the law into their own hands and fought a war that has resulted in territorial aggrandizement almost overshadowing that involved in the Versailles Pact.

When Turkey entered the Great War as an ally of Germany her destiny was sealed by common consent among the Allies. The Treaty of Sevres implemented the "bag and baggage" understanding and Turkey in Europe became an insignificant particle on the new map.

How that self-same map is about to be changed again may be gathered from the provisions of the armistice convention which have just gone into effect.

The plain man will naturally ask himself whether the old diplomacy is capable of avoiding future wars. He will remember the recent incident between Greek and Turk as the crowning example of the stupidity of war.

NOTE AND COMMENT

Vancouver's experience of gunmen should put an end to "coddling the criminal."

not being made either a controversial or party topic may do so. We shall be constrained to differ.

Great Britain is working itself into an election heat with a vengeance. Meanwhile the Prime Minister is preparing to produce another rabbit from the hat.

Why not create a little diversion in the Dardanelles zone and hold a special series of the Olympic Games on the spot which has become so well known in the public mind?

DISCUSSED RURAL DEPOPULATION

Rev. A. F. Munro Addressed Cowichan Women's Institute

Times Correspondence. Duncan—The Cowichan Women's Institute held its monthly meeting on Tuesday afternoon, the president, Mrs. Leather, in the chair.

The Rev. A. F. Munro then gave a most interesting and instructive paper on "Rural Depopulation." He claimed that Women's Institutes were called into being because there was a rural problem, and that it was expected they would help to solve that problem by enriching and elevating rural life.

On these and other equally obvious counts it is highly desirable that the settlers throughout the district to be served make up their minds to popularize the schedule by using the accommodation to the fullest extent of their requirements.

COUNCILOR ALONE IN JITNEY LICENSE PROSECUTION

Test Case Made in Gorge Motor Bus License Dispute

A test case to place the legality of the recently passed Saanich Motor Vehicle Regulation By-law was brought in the Saanich police court yesterday afternoon in the hearing of T. Cooper, charged on remand with driving on the Gorge Road for hire without the necessary license.

The hearing was unusual in that the Saanich Council and members and most of the municipal staff were subpoenaed to appear as witnesses for the defence.

Chief Brogan and Constable Hastings, for the prosecution, described the alleged offence, stating they had witnessed the accused drive on the Gorge Road in Saanich for hire as they believed. Inspector Elliott, a witness, admitted that the Gorge Road in Saanich was a link between the Gorge Road in the city and the Island Highway.

History of By-law

Hector S. Cowper, municipal clerk, took the stand for the defence. Witness knew that the Gorge Motor Bus Company, Ltd., through Eric Hamilton, had drawn the attention of the Council to the condition of jitney competition prior to the framing of the by-law.

There were not two by-laws in force, but the first draft had been amended, and now stood in the place of the original. Power to do this was gained from section 26 of the Municipal Act, where power to amend and re-register a by-law was provided under certain conditions, conditions which in this case had been complied with by the council.

Buses Versus Jitneys

Questions as to license applications were received, six for the Gorge route. Of the latter three were from the Gorge Motor Bus Company, Ltd., the humanly bus applications received for this route.

The council had by a seven to one vote given the license to Hamilton for three buses, excluding jitneys, admitted without a petition 200 strong had been presented in favor of the buses, and one of some 110 or 130 in favor of the jitneys.

Councillor Robert Macneil said that three licenses had been written to the council in complaint of the lack of protection, and had declared he was forced off the Lake Hill route by a "bunch" competition held witness.

Macneil said he had been the sole opponent of voting the Gorge route licenses into the hands of one concern, the present council was considered to "create a monopoly in favor of the Gorge bus operators." The council had driven themselves into the position where they were but three licenses to be awarded for this route, and if witness had known as much about the situation then as now, he would have urged that the whole license question be thrown open. His objection to the actions of the majority council was in the method of limitation. Witness did not wish to impugn the motives of his brother councillors, who he credited with acting in all good faith, but in the opinion of witness the present system was a monopoly in favor of the bus line.

"If you are going to try and analyze the minds of the councillors we will sit here for a month," remarked the court.

"It is necessary to sit for a month I can't help it, it is a question of law, monopoly or favoritism," responded Mr. Elliott.

Thomas Cooper stated he operated his run from Douglas Street, at View Street, and went as far as Helmecken Road Esquimalt. His charges were 25, 10 and 5 cents respectively for fares from the longer, middle or short distances en route. Witness did not collect a fare in Saanich, where any person, who happened to be in his car at this time were there as a guest. He collected fares in the city before starting, and in the city again upon return. He gave "free rides" through Saanich, while his patrons became paying passengers again as they had crossed the municipal boundary. Witness said he gave all his patrons to understand that they must not offer him money in Saanich.

## OUTLINE OF HISTORY

The Romance of Mother Earth

TO-DAY'S INSTALMENT—28

### The Growing Power of Religion

With the beginnings of agriculture a fresh set of ideas arose in men's minds. We have already indicated how easily and naturally men may have come to associate the idea of sowing with a burial.

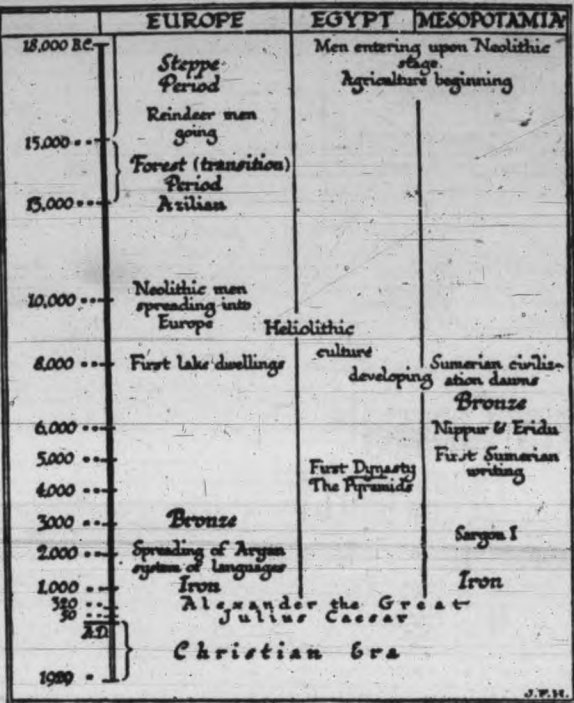

Sir J. G. Fraser has pursued the development of this association in the human mind, linking up with it the conception of apical sacrificial persons who are killed at seedtime, the conception of a specially purified class of people to kill these sacrifices, the first priests, and the conception of a sacrament, a ceremonial feast in which the tribe eats portions of the body of the victim in order to share in the sacrificial benefits.

Man." Sir E. B. Tylor (Primitive Culture) gave his attention mainly to the disposition of primitive man to ascribe a soul to every object animate and inanimate. Mr. A. E. Crawley, in "The Tree of Life," has called attention to other centres of impulse and emotion, and particularly to sex as a source of deep excitement.

The thing we have to bear in mind

other; his fears, his acts, were still disconnected as children's are. The Sense of Sin.

Confusedly under the stimulus of the need and possibility of co-operation and a combined life, Neolithic man was feeling out for guidance and knowledge. Men were becoming aware that personally they needed protection and direction.

is that Neolithic man was still mentally undeveloped, he could be confused and illogical to a degree quite impossible to an educated modern person. Conflicting and contradictory ideas could lie in his mind without challenging one another; now one thing ruled his thoughts intensely and vividly and now another.

cleansing from impurity, power beyond their own strength. Confusedly in response to that demand, bold men, wise men, shrewd and cunning men were arising to become magicians, priests, chiefs, and kings. They are not to be thought of as cheats or usurpers of power, nor the great of mankind as their dupes; all men are mixed in their motives; a

hundred things move men to seek ascendancy over other men, but not all such motives are base or bad. The magicians usually believed more or less in their own magic, the priests in their ceremonies, the chiefs in their right.

The history of mankind henceforth is a history of more or less blind endeavors to conceive a common purpose in relation to which all may live happily, and to create and develop a common consciousness and a common stock of knowledge which may serve and illuminate the future. In a vast variety of forms this appearance of kings and priests and magic men was happening all over the world under Neolithic conditions. Everywhere men were seeking where knowledge and mastery and magic power might reside; everywhere individual men were willing, honest, or dishonestly, to rise, to direct, or to be the magic beings who would reconcile the confusions of the community.

Reading in a broken voice for Christian treatment of Chinese school children, Trustee Mrs. Bertha P. Andrews attempted to persuade the City School Board last night to abandon its separate Chinese school policy. It was Mrs. Andrews' first move in the Chinese school controversy, and it did not succeed. The Board decided to hold another special meeting on the question so that Trustee J. L. Beckwith and Trustee Walter Walker, both of whom favor the separate school policy, can be present. This decision was not reached, however, until Mrs. Andrews had clashed with Trustee P. R. Brown, who, she intimated, was too young and inexperienced to oppose his opinion to that of older members.

Another queer development of the later Paleolithic and Neolithic ages was the development of self-mutilation. Men began to cut themselves about, to excise noses, ears, fingers, teeth and the like, and to attach all sorts of superstitious ideas to these acts. Many children to-day pass through a similar phase in their mental development. There is a phase in the life of most little girls, when they are not to be left alone with a pair of scissors for fear they will cut off their hair. No animal does anything of this sort.

As soon as the Board started to consider the letters of Chinese parents who are fighting the separate school policy, Mrs. Andrews read this written statement:

**States Her Policy.**

"I was absent from the city when the school Board considered this question, so I deemed it advisable to refrain from discussing the matter, hoping in the meantime that some amicable settlement of the question might be reached.

"The matter has now reached a stage when I feel it my duty to state just what my position is.

"I am not in favor of the action thus far taken by the Board.

"This action in my opinion is a violation of the fundamental principles of British justice, and even a greater violation of the basic principles of our Christian religion.

"However, in view of the present conditions I would like to suggest as a reasonable compromise the following plan. There are vacant classrooms at the Boy's Central, Girl's Central, South Park and possibly other schools. Open classes in these rooms to be attended by Chinese pupils who are below the entrance classes.

"When they are prepared to pass into the entrance class that they be allowed to do so, and pass into the High School with the other pupils and on the same conditions."

"Magic Murder."

In many ways the simplicity, directness, and detachment of a later Paleolithic rock-painter appeal more to modern eyes than does the state of mind of these Neolithic men, full of the fear of some ancient Old Man who had developed into a tribal God, obsessed by ideas of sacrificial propitiations, mutilations, and magic murder.

No doubt the reindeer hunter was a fearless hunter and a combative and passionate creature, but he killed for reasons we can still understand; Neolithic man, under the sway of talk and a confused thought process, obsessed by ideas of sacrificial propitiations, mutilations, and magic murder, he killed for monstrous and now incredible ideas, he killed those he loved through fear and under direction.

Those Neolithic men not only made human sacrifices at seedtime; there is every reason to suppose they sacrificed wives and slaves at the burial of their chiefs. They killed men, women and children whenever they were under adversity and thought the gods were athirst. They practiced infanticide. All these things passed on into the Bronze Age.

Hitherto social consciousness had been asleep and not even dreaming in human history. But it awakened it produced nightmares.

"I have heard one member who has been on this Board for many years say a great mistake had been made in this connection, and this view is widely held.

"Clergy and mission workers have said in this connection that Christianity had been set back a hundred years," Mrs. Andrews went on. "Some of the Chinese students are good Christians like ourselves. It is our duty to recognize this matter."

"I want it understood that I have gone thoroughly into this matter," Mr. Brown protested, in answer to Mrs. Andrews' criticism. "I have discussed the question with Chinese residents and," he added, "I have not asked to be excused each time this matter has come up."

"The question is are you going to re-consider the whole matter," Trustee Jay declared. "You have taken a firm stand. Are you going to reverse your decision?"

Trustee Mrs. Spofford said that the Board, in adopting its separate school policy, had been sincere in its wishes to do the very best thing in the interests of the Chinese and white pupils.

Should Stand Firm.

While Mrs. Andrews continued to murmur protests, Trustee Brown moved that the Board stand firmly on its separate school policy, but allow striking Chinese students until Friday to return to their classes.

"It's all very well for a young man who has not been here a year to talk to people who have spent a life time in school matters," said Mrs. Andrews, looking at Trustee Brown. "I have heard one member who has been on this Board for many years say a great mistake had been made in this connection, and this view is widely held."

## 98 Out of Every 100 Women Benefited

### An Absolutely Reliable Statement Important to Every Woman

Remarkable Results Shown by a Nation Wide Canvass of Women Purchasers of Lydia E. Pinkham's Vegetable Compound. **50,000 Women Answer**

For some time a circular has been enclosed with each bottle of our medicine bearing this question: "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

Replies, to date, have been received from over 50,000 women answering that question.

**98 per cent of which say YES.**

That means that **98 out of every 100 women who take the medicine for the ailments for which it is recommended are benefited by it.**

This is a most remarkable record of efficiency. We doubt if any other medicine in the world equals it.

Think of it—only two women out of 100 received no benefit—98 successes out of a possible 100. Did you ever hear of anything like it? We must admit that we, ourselves, are astonished.

Of course we know that our medicine does benefit the large majority of women who take it. But that only two out of 100 received no benefit is most astonishing.

It only goes to prove, however, that a medicine specialized for certain definite ailments—not a cure all—one that is made by the most scientific process; not from drugs, but from a combination of nature's roots and herbs, can and does do more good than hastily prepared prescriptions.

You see, we have been making, improving and refining this medicine for over 50 years until it is so perfect and so well adapted to women's needs that it actually has the virtue to benefit 98 out of every 100 women who take it.

It's reliability and recognized efficiency has gained for it a sale in almost every country in the world—leading all others.

Such evidence should induce every woman suffering from any ailment peculiar to her sex to try Lydia E. Pinkham's Vegetable Compound and see if she can't be one of the 98

## WOULD PLACE ALL UTILITIES UNDER CONTROL

Mayor Urges Board to Have Sweeping Powers

Plans for a Public Utilities Commission which would not only control the operation of the British Columbia Electric Railway Company but would supervise public waterworks, light, power, irrigation, land and sewerage operations, were outlined by Mayor W. H. Marchant to-day when he returned home from the Kamloops convention of the Union of British Columbia Municipalities. The Mayor urged that the plan be adopted by the Provincial Government in the legislation which is being drafted for the settlement of disputes between municipalities and public utility companies.

"The idea of a body which would deal only with disputes between municipalities and the British Columbia Electric Railway Company, as I told the municipal convention in Kamloops, is absurd," the Mayor declared. "Any such body should have power to deal with all the public utilities that affect the welfare of the public at large. It should be able to control not only privately operated public utilities but also public utilities that are operated by municipalities. In instance, be able to prevent municipalities that operate waterworks from charging people excessive rates, it should govern irrigation, sewerage, light and power. The needs of such a body is plainly evident in Victoria for the city water rates here are most unjust. The body I propose would be able to order the reduction of these rates."

## FIRST PRESBYTERIAN INAUGURATES SEASON

The Winter season in the Young People's Department at the First Presbyterian Church was officially opened last night when a social was held, and the nomination of officers took place. "Bill" Wilson, who was newly elected as president of the department, and who recently returned from his honeymoon, was presented with an electric grill, a present from the young people, and the Sunday School teachers. Rev. Dr. W. G. Wilson made the presentation. A programme of games arranged by A. McKinnon was then conducted, and an enjoyable evening was spent. Refreshments were served during the course of the evening. The election of officers is as follows: President, W. Hudson; vice-president, Miss A. Fraser; James Muir; secretary, E. Brechenidge; assistant secretary, Miss Crawford. Some sixty members attended the meeting and were given an illuminating address by Rev. Dr. W. G. Wilson who urged upon the members to enter enthusiastically into the Winter programme.

## MRS. A. GODWIN.

Stratford, Ont.—"I do think that Dr. Pierce's Favorite Prescription is one of the best medicines I have ever known for the ailments of women. I had for quite a long time been having inward trouble which caused me to become all run-down, weak and nervous, doctored, but nothing seemed to give me relief until I began taking the Favorite Prescription. This medicine gave me such wonderful relief that I am glad to recommend it to others."—Mrs. A. Godwin, 60 Brant St.

What Doctor Pierce's Favorite Prescription has done for others it should do for you. Get it this very day from your neighborhood druggist, in either liquid or tablet form, and write Dr. Pierce, President Invalids' Hotel in Buffalo, N. Y., for free, confidential medical advice. Send in cents to Dr. Pierce's Laboratory, Bridgeburg, Ont., if you wish a trial pkg. of the tablets.

## GYROS WOULD PASS LAST YEAR'S TOTAL

### Club Hopes to Establish New Record for Civic Voters' List

Even last year's record number of names will be surpassed on this year's voters' list if the Gyro Club's ambitions should be realized, for the members of that organization are in their present Get-a-Vote Campaign to send the total above all previous marks.

With five organizations in Calgary banded together to boost the registration there, and to get out to the polls in December the largest number of electors in the history of the prairie city, the Victoria Gyros feel that if they are going to win the Victoria-Calgary Civic Interest Contest they must surpass last year's achievement. The contest in question will be won by the city obtaining the larger total of votes at the annual elections in proportion to the population.

The registrations are on the increase, and it is hoped that the daily total will grow steadily larger until the voters' list closes on October 21.

A variety of inquiries relative to the registration were received by the firm of P. H. Brown & Company yesterday as the result of the announcement by the Gyro Club that a telephone call there would result in someone being sent out to take the declarations of any citizens who had found difficulty in making other provisions for registering. One office telephoned to ask that a Gyro call to register the employees who had paid their road tax this year, but had not

## YOUNG PEOPLE'S FORUM

Before a large attendance of members and friends of the Young People's of Metropolitan Church on Monday evening, T. W. Cornett gave an instructive resume of the history of Canada for the past year, making it the groundwork for a study of missionary problems in Canada which the young people of this organization are now entering upon. Miss Middleton, convenor of the missionary committee, in introducing the speaker, said that as a nation we have missionary problems in Canada as important of solution as any of the kind abroad and that the young people of to-day would do well to take this matter to heart in addition to assisting our development in other lines.

Mr. Cornett, in stating that Canadians, as a people, owed a great deal to the early pioneers who had given Canada so much of the freedom she enjoys to-day, declared that Canadians must now go on living the golden rule in their own lives and show "Oriental" and "Anglo-Saxon" friends alike that they can be real Christians. The need of to-day was for solidarity and not popularity, said the speaker, in public thought and undertakings. Alluding to some of the problems facing the people to-day, Mr. Cornett remarked that so far as the Pacific problem is concerned, if Canada as a nation does the Christian thing there will be no trouble on the Pacific. He urged young people to seize the first opportunity that came to them to travel, to "go and see something," stating that there was a danger of being too provincial or narrow in outlook, thus impairing efficiency. Notwithstanding shortcomings, "we are Canadians and we have a great future," concluded the speaker. Preceding the address, Miss Gar-

FINDS B. C. LANDS FOR WOMEN GOOD

(Continued from page 1.) Mrs. Peter McNaughton, of Gordon Road, in her report on immigration touched upon the question of the Oriental. She reminded her hearers of the quiet and insidious methods adopted by the Japanese in their "invasion" of California, where they hold hundreds of thousands of acres of land, and are rapidly propagating large families. The birth rate among the Japanese in California had risen from three to twelve per cent. in a few years.

mess were cultivating 26,913 acres of land in B. C., it was stated. Plea for Fair Play. Mrs. Gibson, of Duncan, opened the discussion and deplored the apathy of Eastern Canada to western immigration problems. She urged the women to support the Asiatic Exclusion League in its fight to secure federal legislation for the exclusion of the Oriental, her remarks being greeted with much applause. Mrs. J. D. Gordon pleaded for fair play for the Oriental and reminded the women of the help extended by the Japanese during the late war, when Japanese vessels in Esquimalt Harbor extended protection to these shores. She also made a plea for the Chinamen who had "pioneered" by helping to clear and open up the sparsely-settled districts of British Columbia.

IXION IS AWAY ON LAST VOYAGE

Will Be Replaced at Hongkong by New Turbiner Achilles

On her last outward voyage in the North Pacific service the Blue Funnel liner Ixion, Capt. A. T. Price, got away from Pier 2, Rihet wharves, this forenoon for Hongkong via Japan and China ports. When she has completed the discharge of her outward cargo at Hongkong the big carrier will be sent on to Liverpool via the Suez Canal. The Ixion has the longest service on the Pacific, possibly outside of the Protesilaus, of any of the ships of the Blue Funnel fleet plying on the North Pacific route. The Ixion will be replaced in this service by the new turbine steamship Achilles, which is now on her way from Liverpool to the Orient and is scheduled to call from Hongkong December 5 for this port via Japan.

Gasoline Car For C. N. R. Sooke Route

The picture reproduced above shows the gasoline railway motor car 15813, which is about to inaugurate a regular daily schedule between Victoria and Sooke over the tracks of the Canadian National Railway. The car made a trial trip on Tuesday, carrying Osborne Scott, general passenger agent, and J. R. Cameron, assistant general manager, and other officials of the Canadian National Railway, to the head of steel. The car was built by Ledoux, Jennings, Ltd., of Montreal. The car has a baggage compartment 11 ft. 9 1/2 inches long, fitted with removable seats, while the passenger compartment, 14 ft. 2 1/2 inches long, has seating accommodation for about 36 passengers. A schedule is being arranged for the car and will be announced very shortly.

TANKER HAS HUGE CREOSOTE CARGO

The British Tank Steamship Bound from Amsterdam to Pacific Coast

San Francisco, Oct. 12.—The marine department of the Chamber of Commerce has received word that the British tank steamer Sam Lambert had sailed from Amsterdam for the Pacific Coast with 2,000,000 gallons of creosote oil. Part of the creosote will be unloaded at Wilmington and the remainder at Seattle. This is the largest shipment of creosote to this coast in three years. The product is used for coating railroad ties and wooden piles used in wharf construction to prevent the teredos from eating holes in them.

TANK STEAMER MAY BECOME TOTAL LOSS

Block Island, N.I., Oct. 12.—The tank steamer Swift Star was pounding heavily on the beach near Black Rock to-day and indications are that she would be a total loss. The 23 men comprising the crew were taken off the wreck by coast-guardmen attached to Station 52 last night, and transferred in lifeboats to the submarine H-2 over 300 yards of rough water. The steamer went ashore Friday night.

DEFINITE POLICY WILL BRING RIGHT SETTLERS TO CANADA

T. E. Hockley, of Cunard Line, Says Constructive and Elastic Policy Wanted

There will be no general movement of desirable settlers from the United Kingdom to Canada until the Dominion Government announces a definite immigration policy. "What is wanted in Canada is a constructive and elastic policy to pave the way for a steady movement of a good class of land settlers," said T. E. Hockley, of the Cunard Steamship Company, who was in the city to-day after making personal and exhaustive study of the conditions pertaining to land settlement in Western Canada. The Cunard Line, operating a regular line of steamships in the Canadian service, is naturally interested in emigration from the Mother Country to the Dominion and a department is maintained in the London offices through which the intending emigrant is enabled to secure the most authentic information regarding conditions in the countries of the British Empire.

Lectures on Canada

Mr. Hockley is attached to this branch of the company's activities. When in England, he goes on lecture tours and with the aid of stereopticon views outlines to the probable settler the conditions under which he will be called upon to operate.

AFTER THE TOURIST

Dinner This Evening to Discuss Next Year's Business.

A concerted plan of action will be worked out by the tourist trade group of the Chamber of Commerce and the Victoria and Island Publicity Bureau to bring an even greater number of tourists to Victoria than visited here during the past season. The plan will also include the attraction of the Winter tourist, and at a dinner to be held at the Dominion Hotel at 6:20 o'clock this evening George A. Warren will outline what he intends doing on his trip to the leading prairie cities in the way of illustrated lectures to attract travel this way.

THE TOURIST TRADERS

The Tourist Trade Group of the Chamber is planning to hold "Victors' Nights" during the Winter for the purpose of making the visitors feel more at home, and of getting them acquainted with the people of Victoria. Mayor Marchant and the city aldermen, together with the directors of the Chamber of Commerce and others are invited to attend the dinner. The question of establishing an adequate camping site for motor tourists will also be discussed at the gathering.

### NEWS IN BRIEF

**Bank Clearings.**—Clearings for the week ending to-day were \$1,224,996, as compared with \$1,495,717 in the corresponding week of 1921.

**Land Settlement.**—The Land Settlement committee of the Chamber of Commerce, whose object it is to promote more settlement from among the better type of farmers, will meet at the Chamber offices at 4.30 o'clock to-morrow afternoon.

**Empty Boat Found.**—Found adrift off Broche Ledge, an empty row-boat, painted white with red on the bottom, was returned to the custody of the city police to-day. The boat contained no oars, but had two small rods hanging overboard, as if it had been used for trolling.

**Misses Diamond Ring.**—A few moments after he had sold a mouth organ to a man at 567 Johnson Street, S. Lavy, proprietor of a second-hand store, found that a diamond ring valued at many times the price of the mouth organ, had disappeared. The police are investigating.

**Juvenile Offenders.**—Convicted of participating in the breaking and entering a refreshment booth at the Royal Athletic Park, five boys were sentenced in the Juvenile Court yesterday to varying terms of suspended sentence. The more serious offenders got six months on probation. The ages ranged from twelve to sixteen years.

**Trial is Adjourned.**—An application for an adjournment of the hearing of the Haddington Quarries, Ltd., and others versus J. J. Coughlan, Vancouver, was granted by Mr. Justice Morrison in the Supreme Court Chambers to-day. W. J. Taylor, K.C., appeared for the plaintiffs, and M. A. Macdonald, K.C., for the defendant. The trial was set for December 13 by to-day's ruling. The plaintiffs seek \$28,000 damages for alleged trespass. The intended absence of counsel was given as one of the reasons for the adjournment requested.

**Judgment Reserved.**—At the close of the hearing of Gerard versus Adams and others in the County Court yesterday, His Honor Judge Lampan reserved judgment. Miss Sarah Gerrard, a lady of 75 years of age, is the plaintiff and claims \$1,000 as the result of an accident which happened in front of the grocery store of the defendants, J. Adams and J. Evans, when the plaintiff claims to have been knocked down by a man unloading freight and sustained a fractured hip. The defence sets up that the accident was inadvertent and partially contributed to by the actions of the plaintiff. Judgment is reserved. A. D. Crease, K.C., appeared for the plaintiff, and Frank Higgins, K.C., for the defendant.

### Events to Come

The Women's Conservative Social and Educational Club will hold a meeting in the Campbell Building on Friday evening at 8 o'clock.

The Junior W. A. of St. Mary's Church, Oak Bay, will hold a sale of work and a tea at St. Mary's Hall on Saturday afternoon. Mrs. Luxton will hold a work and tea at St. Mary's Hall on Saturday afternoon. Mrs. Luxton will formally open the affair at 3 o'clock.

A general meeting of the Women's Auxiliary of St. Joseph's Hospital, will be held to-morrow at 3 o'clock, preceded at 2.30 by an executive meeting.

Margaret Jenkins Parent Teacher Association will hold their annual meeting and election of officers at the school on Friday at 8 p. m. All interested in the welfare of the school are cordially invited as several matters of special interest will be discussed.

The Women's Auxiliary to the Great War Veterans Association will raise funds for their hospital comforts fund by holding a dance at the Caladonia Hall, View Street, next Tuesday from 9 to 1 o'clock. A good orchestra will be in attendance.

At the New Thought Temple, 935 Pandora Avenue on Friday at 8 p. m. Dr. T. W. Butler will speak on "Increased Sensitiveness," the third in a series of talks on the sixth sense and its development.

On account of the large number attending the first rehearsal for the revue to be given in aid of Billy Muir, the committee in charge has secured the Victoria Club room, Campbell Building, in place of the Women's Institute room, Surrey Block. All

### KUMTUKS CLUB'S DANCE FRIDAY

"Unlucky" Day Chosen for Annual Social Function

Preparations have been completed by the Kumtuks Club for their annual dance to be held to-morrow evening from 9 until 1 in the Alexandra ballroom. The careful attention to detail which marked last year's successful dance has again been brought into play, and the members feel confident of the success of their social venture.

The music will be provided by Heaton's five-piece orchestra, a delicious sit-down supper will be served in several "shifts."

The ballroom has recently been decorated and several improvements have been effected in the balcony, providing ample accommodation for card players or spectators.

A few tickets are still available of members, or at Brown's, florists, View Street, or at the door to-morrow evening.

### CHIROPRACTORS DEFENCE LEAGUE FORMS BRANCH

A successful meeting was held in the Pemberton Building last evening to complete the organization of the Victoria branch of the B.C. Chiropractic Defence League. The purpose of the league is to formulate a public protest against the character of the Medical Act, and to support the claims of all schools of healing seeking to regulate their professions by adequate legislation.

The following officers were duly elected: Hon. president, Mrs. Bullen; president, the Rev. W. Stevenson; vice-president, Mr. Philbrook; hon. treasurer, Mr. Binn; secretary, Mr. Wingate White. To these will be added an executive committee of six. A mass meeting is being arranged for at an early date.

### BLUEFIT CABARET FOR BILLY MUIR

The Billy Muir benefit Cabaret, which is to be held this evening at the Vogue Cabaret, Yates Street, promises to be a big success. Quite a number of reservations have been made and it looks as if there would be a capacity crowd in attendance. Mrs. Marion Kennedy, soprano, and Leslie Smith, tenor, have kindly consented to sing several numbers during the evening, and as the Vogue orchestra has been enlarged for the occasion it is expected that the event will be thoroughly enjoyable. A small admittance fee is being charged and the total receipts derived through same will go to the Muir fund.

The event is being held under the auspices of the V. L. A. A. ladies' basketball and rugby players.

Dancing will continue from 9 to 1.

### UNDEFENDED DIVORCE ACTION

### PREMIER CAMPING ON STEVENS' TRAIL

Accuses Mr. Bowser's Rival of Bearing False Witness

Analyzes His P. G. E. Statements; "Tomahawk Handle Not Buried"

Premier Oliver to-day followed Attorney-General Manson in turning his guns on Mr. Bowser and the Hon. H. H. Stevens—particularly Mr. Stevens—for assertions that are being used on the swing-around-the-Province tour to rally Conservative forces.

"Knowing something of the brotherly love existing between Mr. Bowser and Mr. Stevens, I can imagine with what satisfaction the latter persists in resurrecting P.G.E. Railway matters for Mr. Bowser's benefit and how Mr. Bowser must enjoy hearing Mr. Stevens speaking of the legal effects of the agreements which, if he has ever read, it is very evident he does not understand," the Premier said.

"The pilgrimage of the three, the leader and the would-be leaders, reminds me of the story of the Indian chief who, on being complimented upon having buried the hatchet with some neighboring tribes, said, 'Me bury tomahawk, ugh! Him handle no bury!'

I notice that the Hon. Mr. Stevens has been speaking of matters of which he apparently knows little. I quote from the Nelson News report of his speech as follows:

"When Mr. Bowser left office there was in existence a bona fide contract with Foley, Welch & Stewart for the construction of the railway for \$5,900,000. The Oliver Government cancelled that."

"I would ask Mr. Stevens in all sincerity where this contract may be found. I have not seen it, and do not believe it exists or ever did exist."

The only agreement between the Government of British Columbia and the firm of Foley, Welch & Stewart for the construction of the P.G.E. Railway is that contained in Schedule A to Chapter 34, Statutes B.C. 1912, and in return for the construction therein set out the Government guaranteed the bonds of the railway company to the extent of \$10,000,000. Later in 1914 by Chapter 65 the mileage was increased to 480 miles and the guarantee to \$42,000 per mile, or \$20,160,000.

"In 1915 by Chapter 38 the Bowser Government took power to make a loan of \$5,000,000 to the Pacific Great Eastern Railway Co., one of the conditions of the loan being that the money was to be spent in and about the construction of the line of railway of the P.G.E. Railway."

In no place is there any suggestion that this loan was a contract with Foley, Welch & Stewart to construct the railway or to complete same, and in fact the construction to Prince George with the amount of this loan. The contract mentioned by Mr. Stevens simply does not exist—it is a case of Mr. Stevens bearing false witness. Let me quote the following words from paragraph seven, page 648 J of the report of the investigating committee on P.G.E. Railway affairs:

"It is estimated that on the basis of the (Welch's) contract price it will require to complete approximately \$12,000,000."

Another statement made by Mr. Stevens, according to The Nelson News report is that it (meaning the Oliver Government) spent \$21,000,000 and required for what? The inference from Hon. Mr. Stevens' statement is that we have spent \$21,000,000 and require \$5,000,000 to complete, what he alleges Foley, Welch and Stewart had contracted to do for \$9,000,000. I have already said that such a contract did not exist, neither is the statement true that we have spent \$21,000,000. I have before me a statement showing the liabilities of the P. G. E. Railway Company up to September 23 last; this statement shows the liabilities of the railway company at the time the railway was taken over by the Government, as \$25,240,911.47; amounts charged to P. G. E. Railway Company since line taken over by the Government, including interest to September 30 are \$18,902,186.30.

"So you see that here again Mr. Stevens has been bearing false testimony."

Again Mr. Stevens says in the original agreement left by the Bowser Government, there was a clause by which the G. T. P. would eventually take over and operate the road, and if it had been left intact, the road's bonds would now be absorbed by the Canadian National system. Bold John cancelled this by a stroke of his pen.

"Again I would ask Mr. Stevens when, where, and how was this cancellation done? I think Mr. Stevens' knowledge of law is on a par with his regard for the truth. The clause in the original agreement to which Mr. Stevens refers is paragraph two of Schedule B to Chapter 34, Statutes of 1912, and consists of an option which the C. T. P. Railway might or might not exercise under certain conditions, but there were no conditions under which the G. T. P. Rail-

### EXPECT NO TIE-UP AS RESULT OF NEW DREDGE OPERATIONS

In order to allow one of the Dominion Government dredges to pass along the channel at Rock Bay to carry out certain dredging operations in that locality, it will be necessary to remove the high tension transmission lines of the British Columbia Electric Railway entering Rock Bay sub-station to a new and temporary location, pending the completion of the work.

In conversation with a Times representative yesterday, G. M. Tripp, general superintendent of the B. C. Electric Railway Company, said: "We have arranged to carry out the removal of the transmission lines early Sunday morning, October 15.—Do not anticipate any interruption to the light and power services as a result of this work, but there is just the possibility of the first cars out of the barn being delayed a few minutes should weather conditions be against us on Sunday morning. In any event there will be no interruption to the lighting service, nor will the interurban trains be delayed in any way."

### BIG LEAGUE BALL PLAYERS ORGANIZE

Union Formed and Strike Will Be Called If Demands Are Not Met

Players Claim They Have Not Been Treated Right; Magnates Are Thinking

New York, Oct. 12.—Reports that major league baseball players were organizing an association to present demands to the club owners and to call a strike next Spring unless they were met, were taken up seriously by Gotham magnates yesterday.

None denied the existence of a movement which has been under way about a year under the direction of Raymond J. Cannon, a lawyer of Chicago and Milwaukee, but all of them professed ignorance of the movement's present extent, its purposes and its membership.

There has been little secrecy about Cannon's work. As the attorney for Oscar "Happy" Felsch and others of the Chicago "Black Sox" who were barred forever from organized baseball following the 1919 world's series scandal, Cannon is well known to the magnates.

From what can be learned, it appears that the movement is based on the dissatisfaction of players with the manner in which Commissioner Landis handled their affairs. It is expected that the specific aims of the new association include representation on the advisory council, elimination of the 10-day clause in contracts and the establishment of a board of arbitration to hear players' grievances.

### Cases of Dissatisfaction

Specific cases upon which this dissatisfaction is supposed to be based, are said to include those of Eddie Rousch, the Cincinnati star, who held out a long time for a salary of \$15,000; Babe Ruth and Bob Meusel, of the Yankees, and Bill Piercy, of the Boston Red Sox, who were suspended for barnstorming after the world's series last year.

The players identified with the movement also are said to nurse a belief that some ballplayers, who have incurred the displeasure of their employers, have been shunted out of the big leagues through secret agreements with the owners, each of whom is alleged to have agreed not to claim the ousted man under the waiver rule.

### Bar the Black Sox

The players, it is also reported, sensing that Attorney Cannon's connection with the "Black Sox" has resulted in the report that his main effort is to have the barred players returned to the fold, are insisting that the constitution of the association providing for the former White Sox players remain forever outside the barrier.

According to those in a position to know, the ground work of the association was laid in the National League and gained such headway that it was discussed by the magnates at their joint meeting in Chicago this Summer. The clubs in the other league are said to be fairly well organized and players of more than half of the American clubs are claimed to have been enrolled.

### Bad Time to Start

"I never knew of a more inauspicious time to start a ballplayers' union," President Heydler, of the National league, said to the Associated Press in his report. "Salaries are higher now than ever before and playing conditions are better. The club owners have met virtually all the players' requests. If a player has a grievance he can take it to Commissioner Landis, one of the fairest men in the world. No, I don't think the players should be represented by an advisory council. The advisory council is virtually Landis alone. His is the last word, though President Johnson and myself are members of the advisory council, and I don't think a player is silly."

### MISKE IS FAVORED TO BEAT GIBBONS

New York, Oct. 12.—Tom Gibbons, light heavyweight of St. Paul, arrived yesterday to complete training for his bout Friday night with Billy Miske, also of St. Paul, at Madison Square Garden. Despite the fact that in their previous encounters Gibbons has been the favorite to win over Miske, the short end of what wagers on the bout end of what wagers have been made in their coming bout.

### TEAMS LOSE PLAYERS

Seattle, Oct. 12.—The Salt Lake Pacific Coast League ball team, here this week, and the Seattle club, have each lost a player.

Brick Eldred, of the Indians, left last night for Sacramento, where his wife is seriously ill. Heine Sand, of the Bees, broke a finger in yesterday's game and is out of the line-up for the rest of the season.

## Looking For Early Opening of Hockey

### Pro. Teams Will Probably Be Seen In Action Soon After Middle of November; Annual Meeting of Coast Moguls to Be Held Shortly At Which Opening Dates Will Be Settled Upon; Fans Ask For Games In November

Coast hockey fans are going to see plenty of action this Winter.

Although no official announcement has been made, there is every indication that the season will be the longest on record and will open much earlier than has been the custom in the past.

Rumor has it that the annual meeting of the Pacific Coast Hockey Association, which in the past has been held around November 15, will be called about the end of the present month. At this gathering the opening date will be decided upon and the schedule drafted.

### Contracts Have Been Mailed by the Managers of the Victoria, Vancouver and Seattle Teams to All the Players They Want on Their Respective Forces This Season

Contracts have gone to a number of new players and it remains to be seen whether or not they will accept the terms of the Coast magnates.

Players Will Soon Be Here.

The first hockey games will probably be staged about the middle of next month and it would not be surprising if the hockey stars begin reporting in the early days of November.

### Lester Patrick, manager of the Aristocrats, has already announced that the St. Pats, of Toronto, world's champions, will appear in Victoria on Friday evening, December 1.

It is understood that the Coast moguls intend to have their own league operating before the champions appear on the Coast and in order that the players may put in their two weeks' training prior to the opening games it looks as though the hockey be done in Victoria before many days in November have flown by.

### Announcements Coming

Announcements are expected very shortly as to the date of the annual meeting of the Pacific Coast Hockey League. The fans can begin to look for a regular flood of hockey dope within the next few weeks.

The Coast League has been prompted to consider an earlier start in the season through suggestions received from some of the ardent fans who would pile into a rink and see a hockey game in the middle of Summer, November and the early part of December have always constituted an off season in sport on the Coast. The hockey fans have suggested to the Pacifics that some of the teams in these dates and the hockey moguls are planning to open earlier this season, making it the nature of an experiment.

### Interest in the forthcoming season is warming up in the prairie towns represented in the Western Canada Hockey League. Already the Edmonton and Saskatoon fans have booked full car per ton for the trip with their hockey teams and it is expected that these contingents will be augmented before the clubs set forth to conquer the Coast teams.

The Coast cities are getting a great deal of advertising out of the new inter-league series. The prairie folks are hearing all about Victoria and Vancouver and the advertising in the towns are receiving is the cause of much satisfaction on the part of residents on the coast, especially Victorians, who are constantly sending forth literature to get folks in the cold climes to come here and settle.

It is expected that many of the coast fans will accompany their teams when they make their tours of the prairie loop.

### The following rumors emanate from Toronto:

Hughy Lehman, goalkeeper for the Vancouver Pacific Coast League club, wants to do his net guarding in the east this year. There is talk of him going to Ottawa in exchange for Clint Benedict, the Senators' veteran.

The Pacific Coast League wants Mickey Roach and George Carey, of Hamilton. Percy Thompson is willing to let Carey go, but does not care to part with Roach.

Harry Cameron, of St. Pats, may go west, and St. Pats will not stand in his way, it is said.

New York, Oct. 12.—Miller Huggins, manager of the New York Yankees, has been re-engaged to pilot the club in 1923. It was announced last night. The decision, a formal statement said, was reached at a meeting this afternoon of the owners of the Yankees.

## LADIES' BASKETBALL TO FLOURISH HERE

### Eleven Teams Want to Play in Victoria Ladies' League This Season

Miss Huntley Elected President; Lack of Accommodation a Problem

Ladies' basketball in Victoria will flourish this Winter if sufficient gymnasiums and halls can be found to accommodate the various teams.

At the annual meeting of the Victoria Ladies' Basketball League no less than eleven clubs were represented. Muriel Landis, the league's president, stated that the intention of playing again. The new entries are from the Hudson's Bay, Normal School, Elks Swimming Club, Gordon's, Ltd., Victoria College, Spencer's, Ltd., and the B. C. Telephone Co.

### Looking for Halls

The officials of the league are scouting about looking for halls and as soon as they discover places suitable for games entries will be called for and a schedule drafted.

Miss Sylvia Huntley, of the High School staff, was elected president of the league. Muriel Landis, the local hoop star, will be the vice-president, with the hard-working Leo Dalsiel again holding forth as secretary-treasurer.

Another meeting of the league will be held next week to consider fresh business in connection with the league.

### Seek Challenger to Meet Bluenose

#### Four Yankee Schooners Competing in First Race of Elimination Series

Gloucester, Mass., Oct. 12.—A slapping whole-sail breeze out of the southwest, with clear skies and a running sea, provided perfect racing conditions to-day for the start of the sailing competitions among the fishing schooners of the United States North Atlantic fleet to determine which shall meet the Bluenose, winner in the recent Canadian races and international cup competition of last year.

Four schooners, representative of the ports of Gloucester, Boston and New York, went to the starting point off Eastern Point.

They were the Henry Ford, of Gloucester; the Elizabeth Howard, owned in New York but registered out of this port; the Yankee, Boston's leading representative, and L. A. Dunton, another Boston boat.

### Amateurs Heads to Get Together Next Week to Straighten Out Tangle

Winnipeg, Oct. 12.—Steps will be taken at a meeting of the Manitoba Amateur Hockey Association next week-end to straighten out the hockey tangle in this province, it was announced yesterday by President W. H. Sexsmith, of the association. While declining to comment, Mr. Sexsmith said he was hopeful that the lines-up of the teams for next Winter would be definitely arranged.

Briefly, the tangle arose when the M. A. H. A. by unanimous consent decided which teams of the Manitoba Senior Hockey League and the Winnipeg Senior Hockey League would comprise the Manitoba League, it being contended that too many leagues kept the brand of hockey at a low standard. The association decided on Brandon, Selkirk and the Victorias and Tigers of Winnipeg. The Falcons and Winnipeg of the M. H. L. and the Varsity, of the W. H. L., were left out.

The decision did not suit the M. H. L., which held a meeting and decided to do business as usual.

### CRUSADERS TO MEET

All members are requested to attend the meeting of the Crusaders football team at the Metropolitan Billiard Parlors, commencing at 7.30 o'clock on Friday evening.

"Pep grins a welcome. It was the grin of a kid who likes everything and everybody, and whom everybody likes.

A few questions soon revealed why Pep plays golf, all by himself, on the Polo Grounds. Wise John McGraw told him to "lay off" golf in the Summer; regular golf, that is. Why? Because the peppy "Pep" doesn't know when to quit. Left to his own devices he would chase a golf ball for 36 holes in the mornings and tire himself out for the baseball games in the afternoon. ## School Sports Are Off to Good Start

### Public Schools Association Opens Soccer and Basketball Leagues; Many Teams Have Entered, Forcing Association to Split Leagues Into Sections; First Games Were Played Last Week; Leagues Wind Up With the Term

With the pupils well settled in their new classes and bending their energies hard to master the mysteries of the new readers, harder sums and bigger words which come with promotion to higher classes, the Victoria and District Public Schools Sports Association has convened and drafted a programme which will provide some diversion for the youngsters in their leisure hours.

As a result of the deliberations of the Victoria and District Sports Association practically all the schools in town are vigorously getting their teams into the fastest and best condition to compete for the football and basketball cups which are at stake.

### Playing Good Games

The football and basketball leagues both opened last week and some good battles were staged. The players, however, are not in their top form and the managers of the various teams are spending a lot of time bolstering and strengthening their teams, devising new systems of play and those who have appeared on the losing end of the games to date are striving hard to redeem the lost laurels.

R. H. McInnes, more familiarly known as plain "Bob," principal of the Oaklands School, is the president of the School Sports Association. "Big" Knott, of Sir James Douglas School has been entrusted with the onerous duties of secretary, while W. C. Kieby will be the assistant secretary.

The other officers of the association are as follows: Honorary president, George Jay; honorary vice-president, George H. Deane; vice-president, H. S. Hearn; treasurer, Miss Fox, Girls' Central School.

### Leagues Split Into Sections

So many teams applied for entrance into the senior and junior football and basketball leagues will be continued until the end of the present term.

The football schedule is as follows:

#### North Section

October 3—Lampson Street vs. North Ward. George Jay vs. Victoria West.

October 10—Oaklands vs. North Ward. Lampson Street vs. George Jay.

October 17—Oaklands vs. George Jay. Victoria West vs. North Ward.

October 24—North Ward vs. Lampson Street. Oaklands vs. Victoria West.

October 31—Victoria West vs. Lampson Street. North Ward vs. Oaklands.

November 7—Lampson Street vs. Oaklands. Victoria West vs. George Jay.

November 14—Victoria West vs. Oaklands. North Ward vs. George Jay.

November 21—Oaklands vs. Lampson Street. George Jay vs. North Ward.

November 28—George Jay vs. Lampson Street. North Ward vs. Victoria West.

#### South Section

October 3—Boys' Central vs. Sir James Douglas. South Park vs. Margaret Jenkins.

October 10—Sir James Douglas vs. South Park. Margaret Jenkins vs. Boys' Central.

October 17—Boys' Central vs. South Park. Sir James Douglas vs. Margaret Jenkins.

October 24—South Park vs. Sir James Douglas. Boys' Central vs. Margaret Jenkins.

October 31—Sir James Douglas vs. Boys' Central. Margaret Jenkins vs. South Park.

November 7—South Park vs. Boys' Central. Margaret Jenkins vs. Sir James Douglas.

### WEDNESDAY LEAGUE STANDINGS

Team	P	W	L	Pts.
Hudson's Bay	2	2	0	4
Weller's	1	1	0	2
Fitz's	1	1	0	2
Garrison	2	0	2	0

### WELLER'S START RIGHT

Weller's got off on the right foot in an effort to repeat their performance of last year by defeating the Garrison in a hard tussle. Both teams played splendid football and both goals were subjected to considerable bombardment. During the first half neither side was able to score and the second half had gone a long way before Hay tipped the ball into the Garrison net. Sweeton sent a nice centre across and Livingstone slapped in a vicious shot which Waggett, the Garrison goal, blocked but did not clear in time to prevent the quick-moving Hay from getting his toe to the ball and banging it into the net.

The offensive by Weller's was rewarded with a second goal a few minutes later, when Sweeton sent a smashing shot into the net.

The Garrison tried hard to save a whitewash, but the champions' backs were too many for them.

The teams in yesterday's play were as follows:

Hudson's Bay—Dunn; Heaton and Smith (captain); Woodley, Allan and Waude; Alcock, Stewart, Turner, Innes and Lynn.

Fitz's—Barber; Anderson and Clark; Bowden, Sharlock (captain) and Woods; Sharrock, Robbins, Clark, Johnson and Lynn.

Weller's—W. M. Baker; Copas and Newman; Hall, Sweeton and Baker; Stewart, Fletcher, Hay, Peden and Livingstone.

Garrison—Waggett; Spiers and Armstrong; Ward, Davies and Carvoaso; Cummings, Mitchell, Coulter, Bias and Husleiton.

### ORANGEVILLE WINS LACROSSE LAURELS

Orangeville, Ont., Oct. 12.—Defeating Weston by a score of 5 to 3 in the second game of a home-and-home series, the first ending in a four-goal tie, Orangeville yesterday won the Ontario Amateur Lacrosse championship. To game, which was played part of the time in a drizzling rain, was witnessed by a crowd of about 5,000 persons.

### EQUALS COAST MARK FOR WINS IN SEASON

#### Jakie May, of Vernon, Pitches His 34th Win, and Closes Gap on "Frisco Seals"

Los Angeles, Oct. 12.—Jakie May, Vernon's pitcher, tied the Pacific Coast League record for games won in a season, according to local baseball statisticians, when he twirled a 2 to 1 victory over Los Angeles yesterday, bringing his total to 34. All the runs were made in the ninth when French hit a double, scoring Hannah, and coming home himself on Zeider's bunt after advancing to third. In the last half Deal hit the ball over the left field fence for a home run, the sole Los Angeles tally.

#### Busher Was Wild

Portland, Ore., Oct. 12.—Portland tried out a young buster yesterday, Lefty Schwartz, who held Sacramento to two hits in seven innings, but gave six walks. In the eighth he more with two down and a pair of hits gave Sacramento three runs. Portland tied the score in the ninth, but two more walks, a double and a wild throw to the plate by McCann, gave the Sacs two runs and the game, five to three.

#### Frisco's Lead Shortened

San Francisco, Oct. 12.—With two men out and the bases full in the ninth inning, McWeeny, San Francisco pitcher, walked. Maders here yesterday, giving Oakland the first game of the series, 1 to 0. McWeeny walked three men in succession and failed to deliver a hit in the second inning when the Seals had the bases filled. The Seals' defeat advanced Vernon to within one and one-half games of tying the Seals for first place.

Krause and McWeeny waged a bitter pitchers' battle until the ninth inning. McWeeny then passed Lafayette and Cooper, advancing Brubaker who was on second to third. Maders was walked, forcing Brubaker home.

### B.C. VARSITY WILL NOT BE REPRESENTED

Vancouver, Oct. 12.—Believing that they have had insufficient training to put them in shape for the encounter, Athletes of the University of B. C. have decided not to send representatives to the inter-collegiate track meet next Saturday in Winnipeg.

### Hudson's Bay Score Second Soccer Win

The Hudson's Bay soccer team, which started the season with a surprising win over the Garrison, continued its march towards the Pendry Cup yesterday afternoon by turning back Fitz's newcomers by four to nothing in a Wednesday Football League fixture.

In the other game Weller's, last year's champions, made their initial appearance and took the doughty Garrison into camp by two to nothing.

The result of the games left the Bays in undisputed possession of first place, with Weller's second and Fitz's and the Garrison without a point.

Fitz's were not expected to win over the Bays. They put up a good fight and when the players became more familiar with each other's play the game will become no mean factor in the race.

#### A Great Scoring Bee

Yesterday the Bays broke loose in the first half and put on one of the fastest scoring bees seen here in football circles for a long time. They scored four goals, and an ardent fan said that by his watch the quartette of tallies was scored in five minutes. Jimmy Allen, the main cog of the Bays' machine, started the racket. Despite the heavy score against them the Fitzies came on in the second half and tried hard to score, but could not get away with it.

### TIA JUANA TO HAVE COSTLY NEW TRACK

#### Coffroth to Spend Million Dollars on One and One-eighth Mile Course

Los Angeles, Oct. 12.—Construction of a new racing plant to cost \$1,000,000 at Tia Juana, Lower California, with ground for it to be broken November 30, the opening day of the annual meeting, was announced yesterday by President James W. Coffroth of the Tia Juana Jockey Club, in a long distance telephone conversation from New York with Lewis H. Falk, publicity director for the club.

President Coffroth advised the location of the new track would be on higher ground where all danger of the racing being interrupted by heavy storm water, would be eliminated. The present track was tidily flooded in 1915, forcing suspension of racing for some time.

The new site will be southeast of the course now in use.

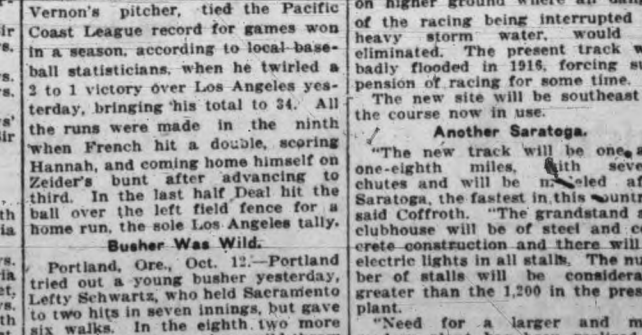

#### Another Saratoga

"The new track will be one and one-eighth miles. With several chutes and will be modeled after Saratoga, the fastest in this country," said Coffroth. "The grandstand and clubhouse will be of steel and concrete construction and there will be electric lights in all stalls. The number of stalls will be considerably greater than the 1,200 in the present plant."

"Need for a larger and more modern plant has been realized by the jockey club directors for the last two seasons and we have decided not to delay in beginning construction longer, as the plant now in use is inadequate."

"The new track will be ready for racing when we open the 1923 season."

### GIANTS' RIGHT FIELDER A GOLF BUG FROM TEXAS

New York, Oct. 12.—No wonder they call him "Pep" Young!

He's only a kid, with all the whole-hearted enthusiasms that go with the under side of 25. Yet the Giants' rightfielder is a veteran, too, for he became a full-fledged member of John McGraw's team back in 1917 when he was only 18 years old.

At the Giant clubhouse during the world's series an attendant was asked where Young could be found. It was 11 a.m.

"He plays right here, on the Polo Grounds," said the guide.

And sure enough, there was Young in the outfield, wallowing golf balls clear over the stand with his driver. Every shot meant a ball lost to the world forever, and it hurt Van's thrifty feelings to see so much gutta percha expended to no little purpose.

"Pep grins a welcome. It was the grin of a kid who likes everything and everybody, and whom everybody likes.

A few questions soon revealed why Pep plays golf, all by himself, on the Polo Grounds. Wise John McGraw told him to "lay off" golf in the Summer; regular golf, that is. Why? Because the peppy "Pep" doesn't know when to quit. Left to his own devices he would chase a golf ball for 36 holes in the mornings and tire himself out for the baseball games in the afternoon. Golf, Pep's ground style, leaves him with plenty of reserve for the afternoon, clean-cut youngster and one of the best dressers on the team.

Pep's Texas Drawl.

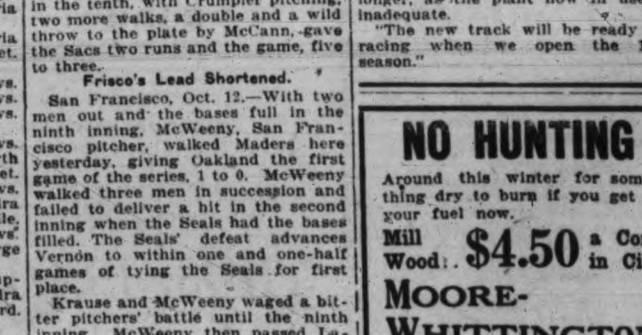

He talks with a southwestern drawl, as is proper in the case of a young man from San Antonio, where he lives with his parents in the Winter.

Although he owns a Texas irrigation farm, Pep doesn't rate himself as an agriculturist.

"Winter is when I get in my golfing," he explained, "at the Alamo Country Club or on the municipal links at San Antonio."

This Summer Pep—whose first name is Ross—has been sharing an apartment with Cunningham. He played right field for the Giants throughout the world's series and while he fumbled two ground balls in the first game he ran up a nice hitting average.

## "ROUGH SHOD" IS COLUMBIA THEATRE

Will Be Presented With Chas. Jones in Stellar Part

A long time ago an enterprising genius started the amusement world by producing the perennial "Uncle Tom's Cabin" with two Uncle Toms, an equal number of little Evras and a pair of the persistent "Lawyer Marks." Charles Jones has almost equaled the feat—unprecedented, we believe, in the world of moving pictures—by making two pictures at once.

This versatile and popular William Fox star is appearing this week at Columbia Theatre in the production of "Rough Shod" the final scene of which call for all the daring and skill of the favorite player. The "double

Columbia—"Rough Shod."  
Capitol—"Pink Gods."  
Playhouse—"The Bing Boys."  
Dominion—"Kindred of the Dust."

play" referred to, however, occurred in two other pictures.

Camera work on "The Fast Mail," a forthcoming Fox special in which Jones will figure, started several months ago, but was interrupted by an accident which compelled the actor to accept a hospital's hospitality for some time. Meanwhile contracts with a director and a large company of actors had been made for his recent picture, "Western Speed," which was to be begun upon completion of "The Fast Mail."

There was no way out of it, and when Mr. Jones was able to resume work before the camera, the new picture was started and "shooting" on the old one resumed.

Both sets of directors were insistent, and for eight weeks Mr. Jones

was led a merry chase, making scenes first in one picture and then in the other. Sundays, nights and the actor's every waking moment was utilized.

To make the matter more interesting, "locations" on the two pictures were half a hundred miles apart, and it was nothing unusual for the good-natured and hard-working star to "shoot" "The Fast Mail" in the morning and in the afternoon resume work on "Western Speed," fifty miles away, and then divide his time at night between two different sets in the big William Fox Hollywood studio, where interiors on "The Fast Mail" and "Western Speed" were made.

"Rough Shod" will close at the Columbia Theatre with the showing on Saturday night.

### PLAYHOUSE OFFERING GAINS POPULARITY

Ernie Petch and Reginald Hincks Earn Well Merited Praise

That "The Bing Boys" revue, which is the offering at the Playhouse this week, is the most popular potted opera to have been produced by the popular Yates Street theatre, was further emphasized last night when a capacity house greeted the second week of this production with rounds of applause, which indicated that the patrons were having a thoroughly delightful time listening to the humorous sayings and ditties, and witnessing the rural behavior in London of the Bing boys.

Reginald Hincks and Ernie Petch portrayed the Bing boys role. Their actions alone would have made the revue a success, but supported by a very able company, the Bing boys went over the top with the best production since the inception of the company.

Each appearance was the cause of vociferous applause. Not once was either of the rural lads allowed to depart from the stage without an encore.

Miss Eva Hart won admiration, as is customary by the dainty and winsome manner with which she departed herself during the play. Many musical numbers were rendered by her.

As Oscar Ashbin, Archie Fairbairn carried out his role of theatrical producer in a capable manner, while Bob Webb, as Jarge, secured a part

fitly adapted to his style of acting. Dave Dumbleton entertained with some excellent gags, as also did Miss Roberta Balcom. To discriminate between Marie McLaughlin as Moll and Lorna Green-shields as Mamie would be invidious, owing to the equality of their roles and the manner in which they filled them.

A comedy skit aroused much mirth among the audience at the commencement of the show, which will continue nightly, with a Saturday matinee.

### CAPITOL

When does a beard become whiskers?

That is the question raised by Richard Pennell, Paramount player, when someone tried to classify him with a bunch of the unshorn who had responded to call from the Laaky casting office for "whiskered types." Mr. Pennell has a handsome imperial, and has impersonated the English sovereign in several pictures, so he naturally was indignant.

"Those men have whiskers," said he, "but I have a beard!" Mr. Pennell plays an English general in "Pink Gods," a new production of the Playhouse, which features Bebe Daniels and James Kirkwood, and which is now showing at the Capitol Theatre.

This is a story of the South African diamond mines and illustrates the lure these gems, known as "pink gods" have for the average woman. The heroine plays the role of a woman who gets into serious trouble because of her love for diamonds and in the development of a highly dramatic story, many thrills are experienced.

### ROYAL VICTORIA

A sensational log drive through a raging torrent forms one of the salient features of "Kindred of the Dust," an Associated First National attraction, produced by Raoul A. Walsh, with Miriam Cooper, as its leading woman, which is now being shown at the Royal Victoria Theatre.

Ralph Graves, as the leading man, and W. J. Ferguson, one of the veterans of the American stage, took part in the scene. They were required to descend the log in order to run the logs as they dashed down the stream toward a waterfall.

And both were compelled by the exigencies of the scene to plunge into the water at the risk of their lives among the grinding giants of the forest.

"Kindred of the Dust" is from the pen of the famous novelist, Peter B. Kyne, and is one of the strongest stories ever translated into the languages of the silent drama.

### DOMINION

Leatrice Joy almost worried herself into a state of nervous prostration during the filming of some of the scenes of Cecil B. DeMille's production of "Kindred of the Dust" at the Dominion Theatre. She believed that she had ruined a well-nigh priceless emerald which had been loaned to her from the DeMille collection to wear in the picture.

The emerald, which Mr. DeMille christened "the green temptation" when he purchased it some time ago, is one of the most beautiful specimens of this stone in existence. Its color is the perfect "emerald green" that marks the aristocrat of emeralds. A flaw, common to emeralds, in nowise affects its beauty or value.

But Miss Joy didn't know either of the existence of this flaw or that flaws in emeralds mean nothing. After wearing the stone for several days in the picture she discovered that it seemed to be cracked on its under surface.

Without knowing how she could possibly have damaged it, she believed that she was responsible for this "crack" after a half-hour of intensive worrying, she ventured to tell the producer her troubles. She believed that she had cracked it.

Mr. DeMille explained that it was impossible to crack an emerald with anything less than a stamp mill and perhaps not with that, that the emerald had always had the flaw in question and that Miss Joy neither was nor could have been responsible for the supposed damage.

### COMING TO COLUMBIA.

Never in the 25-year history of the motion picture as a form of entertainment has such a marvelously popular reception of a picture been witnessed as in the case of the presentation of Arrow Film Corporation's "Ten Nights in a Barroom."

Although barely four weeks have passed since it was publicly presented, the reception of the picture in such great cities as Boston, Newark (N. J.), Reading (Pa.), Toronto (Canada), Philadelphia (Pa.), Utica (N. Y.), Providence (R. I.), Woonsocket, Pawtucket, Lawrence (Mass.), has been greater than that hitherto accorded to any motion picture drama. Be sure that if the public of these cities turns out in their thousands the depth of winter to crowd the sidewalks, to jam box offices and fill the theatre day after day, and week after week, there must be some marvellously magnetic quality in the picture. In this case its deep heart interest, a good story, good acting and the Arrow Film Corporation's unequalled exploitation resources. This great picture will be shown at the Columbia Theatre next week.

### FIRST PRESBYTERIAN CHURCH ANNIVERSARY CHOIR FEATURES

In connection with the celebration of the First Presbyterian Church anniversary the choir is putting on special numbers, and past members of the choir are invited again to take their places in the choir for this occasion. Anyone who would like to take part is asked to be present at the two practices, which will be held in the interval. Practice is on Friday at 8 o'clock.

## FRANK R. CARLOW IS LIBERAL PRESIDENT

Large Attendance at Association Meeting

By a vote of 205 to 130, Frank R. Carlow, local realty man, was elected president of the Victoria Liberal Association last night.

L. U. Conyers was nominated against Mr. Carlow for the presidency. There were 249 ballots cast, four of which were spoiled.

A. W. Staples, secretary of the association last year, was elected first vice-president. Mrs. James Pilgrim was elected second vice-president, and Sinclair Herd secretary.

Mr. Conyers, who has been treasurer of the association for the past fifteen years, was again unanimously elected to that position. The honorary presidents of last year were unanimously re-elected and are as follows: Rt. Hon. W. L. Mackenzie King, Hon. John Oliver, Premier of British Columbia; A. E. Fraser, Hon. John Hart, Minister of Finance; Dr. Lewis Hall and Wm. Ivel.

In extending his thanks to the association for his election to the presidency, Mr. Carlow expressed appreciation of the confidence placed in him.

"Between Two Factions." "I have thought from the beginning of this contest that it was not one between Mr. Conyers and myself but a contest between two factions that have existed for some years," said Mr. Carlow, who appealed to all members of the association to get together and make the organization one that could at any time elect the party it is supposed to support.

visitors for the energy and unerring purpose of the Victoria association was mentioned.

The New Quarters. The splendid quarters and facilities for promoting the Liberal cause in Victoria were referred to as an asset which made it possible to carry on social and political gatherings.

The finances of the association were reported to be in first-class shape and Mr. Carlow expressed the hope that the membership which recently had increased very greatly, would grow, and that the association would continue also to serve the good purposes of the past.

A feature of the evening's proceedings was the splendid music provided by the Liberal orchestra. Provincial Executive. Attention was called to the fact that the Provincial executive would meet in Vancouver on October 26 and the delegates from the Victoria association were elected as follows: Meadames Herd and Galbraith and

### OLD THORNY WITCH Part II.

Hatred and envy so filled the thoughts of Prince Carlo that he could not rest, and as he walked back and forth in the Castle gardens he was trying to think of some plan to prevent his brother from marrying the Princess, and also to get for himself the wonderful diamond star. Thorny Witch did not have to hear things to know where there was a person she could use for a victim. She saw with magic eyes the qualities she could play upon to gain her ends.

So, when she looked down into the garden where Prince Carlo walked, it was not the mortal, but the two-headed monster, greed and envy, with fiery eyes and lashing tail, that her eyes fell upon. Her eyes flashed with joy as she quickly guided her broomstick, steed from its lofty path among the stars into the palace garden. Prince Carlo was not brave, as you know; and when he saw the strange looking creature he started to run, but the Witch hastened to say: "Stay, if you desire to obtain your wish, for I have come to grant it to you, for in those days everyone believed in

Down dropped Prince Carlo, as the witch said.

the magic folk their power to work strange happenings and bring about good or evil, according to their skill; and stifling his fear with thoughts of gaining the wish nearest to his wicked heart, Prince Carlo stopped. "How do you know what I wish?" he asked. "I know many things, Prince Carlo," replied Thorny Witch. "You would wed the Princess Della, and you wish to obtain the diamond star that belongs to your brother, and both of these you may have if you will do as I tell you—and give me gold." "Gold?" repeated the crafty Prince. "How much gold do you want?" "Half of that which is stored in your father's stronghold," replied the greedy Witch. "But it is not yet mine," replied the Prince; "not until my father's death shall I come into possession of his wealth. What you ask is impossible." "Not if you listen to me," said Thorny Witch. "In two days your brother will not only possess the diamond star, but the beautiful Princess Della and all her wealth as well, and when he becomes King, not even you, with your broad lands and riches, will be as powerful as he will become when Princess Della becomes Queen. "Think it over, my clever Prince, and to-morrow night I will come for your answer." And without saying another word the Witch stretched her arms, and with palms down, waved her hands up and down three times and disappeared into the night. Prince Carlo entered the Castle and went to his room, but not to sleep. He sat thinking until broad daylight, and then, wondering if it might not have been a dream, he fell into a deep sleep, which lasted until sunset. "That night, in the big hall where the royal family dined, Prince Carlo caught sight of the diamond star beneath the lace ruffles of his brother's waistcoat, for Prince Carlo had worn the star every day since his mother pinned it on his breast, though it was never worn in plain sight. The sight of the star and the beautiful Princess Della, who was one of the guests that night at the royal dinner, proved to be too much for Prince Carlo. He must have them, at any cost. And when the Castle was silent and all the inmates slept, he stole out into the garden to keep his trust with Thorny Witch.

You are cordially invited to become members of the YOUNG MEN'S CHRISTIAN ASSOCIATION this "ROUND-UP" week

When you buy a good bond you are conserving your principal and buying an income.

Government and municipal bonds issued for the betterment of the community for new sidewalks, improved roadways, schools, water-works, etc., are secured by the good faith and credit of a municipality and its power to levy taxes for the payment of its obligations.

In buying such securities you not only are helping to better the communities, but you are placing your principal in the class of investments which affords the maximum of safety and greatest assurance of prompt and regular payment of income.

Selections may be made at present from bonds of Canada's most representative Governments and Municipalities. There is a wide choice as to maturity, price, and income.

Suggestions on request. A. E. AMES & CO.

GLOOMY OUTLOOK FOR BUTTER PRICE

New Zealand Will Do Very Little Exporting; New Cheese Included

There is every indication of a higher level on the prices of butter this winter, according to reports received from retail circles this morning.

But the effects of the severe summer is now only just coming to the surface, and the illustration which the market report offers to-day is not that might be termed a bright one.

In the first place very little storage was done this year on account of the decrease in supplies of butter, and this means that in case of a shortage during the winter there is very little stored stock to fall back on.

Number one Alberta butter was marked up to-day illustrating an advance of one cent, only to be followed by a fluctuation in the choice creamery brand which is now demanding 50 cents a pound.
