

### FIRST IN GLENDALE

#### DR. R. E. CHASE'S FINE NEW HOME TO BE OF ADOBE CONSTRUCTION

A permit was taken out this morning for a 7-room house and a garage to be built for Dr. R. E. Chase at 219 North Orange by H. W. McMullin, who has built a number of residences of this kind, some in Arizona and some in Elliott Place, a short distance southeast of Glendale, but this is the first house of this kind of construction to be erected in Glendale. The estimated cost of the house is \$6500.

As explained to Mr. Van Wie by the contractor, adobe construction has been so perfected in the last few years that it has grown greatly in favor. Adobe soil is found in the hills near Glassell Park and Elliott Place. It is molded in blocks of the required size, much like bricks are made, but instead of being burned in a kiln for several weeks they are simply dried in the sun. When the walls have been built three coats of cement plastering are put on the outside and one coat of plastering on the inside, which makes the house cooler in summer and warmer in winter than a frame or brick house. The plastering is held firmly by nails being driven slantwise into the adobe before it is put on.

The building of the house will be watched with great interest, as the contractor declares, said Mr. Van Wie, that this construction is considerably cheaper than most other kinds.

#### E. J. JACKSON WILL RETURN TO GLENDALE

Elmer J. Jackson, who was formerly Overland agent in Glendale and went back to the old Illinois home early in the year to engage in the wholesale paper business recently wrote his Glendale friend of long standing, A. F. Webster, that he had sold his business and was coming back to Glendale to live. He had been invited by two brothers to take an auto tour of Eastern cities with them and expected to start for Glendale immediately on his return from that trip. He wrote that he had been homesick for Glendale ever since he left here.

#### MRS. A. B. HUNT SELLS

Mrs. A. B. Hunt, of 425 West Doran street, who conducted the attractive dahlia farm last year, has just sold her home to a Mrs. Williamson of Los Angeles, who, with her little eight-year-old daughter, will take possession in about a month. Mrs. Hunt has made no definite plans for the future and isn't quite sure whether she is glad to have sold or not; but she found the care of her grounds a great deal of work and is considering life in an apartment for a while.

#### HOPEFUL FISHERMEN

A party of enthusiastic anglers left this noon for Big Bear by auto for a three-day fishing trip. They went by way of Victorville as that is the only route open until June 1st. In the party were George Bentley, B. F. Cline, F. A. Terlutter, J. R. Bentley, T. S. Brown, J. Bentley, W. S. May and William P. McMullin, who proposed to be their host and entertain them in his cabin—MacMullin Lodge—which adjoins Knight's Camp.

### GLENDALE VS. ARIZONA

#### MR. AND MRS. WILLIAM DIXON FIND CLIMATE AT PARKER TOO HOT AND COME HERE

Mrs. Emma Sanford, sister of William R. Alexander of 1214 South Maryland avenue, arrived Sunday with her daughter and son-in-law, Mr. and Mrs. William Dixon, from Parker, Ariz. Mr. Dixon has been in the employ of the government as a teacher in the agricultural school on the Indian Reservation at Parker, but the heat was so great he was obliged to tender his resignation. Mrs. Sanford's home is in Bishop, but she had been making the Dixons a visit and so accompanied them to Glendale. The Dixons and Mrs. Sanford will probably make their home here for a time at least. Mr. Dixon has rented for a temporary residence a tent house on South Maryland near the Alexanders. Mrs. Dixon was a resident of Glendale and a member of the Alexander family several years ago before her marriage while she was attending the L. A. Normal.

### P. E. O. CONVENTION

#### GLENDALE CHAPTERS WELL REPRESENTED AT SUCCESSFUL STATE MEETING

Delegates to the P. E. O. Convention held Tuesday, Wednesday and Thursday of the present week in the Wilshire Christian Church, report one of the most interesting and successful gatherings the State organization has ever held. Glendale's three Chapters sent delegates, Chapter L. being represented by Mrs. Warren Roberts and Mrs. Dorothy Weller; Chapter B. A. by Mrs. Cross and Mrs. Case; Chapter A. H. by Mrs. Wattles, Mrs. Webster and Mrs. Turck. Wednesday was the day on which the addresses were made and there was quite a large attendance of members from Glendale. An especially fine speech was made by Mrs. Beatty of Los Angeles, chairman of Educational Fund and Recording Secretary of the Supreme Convention. Her address in the main concerned the educational fund. Another entertaining talk was made by Mrs. Carver, a state officer. She and members of her family took an auto trip to the Atlantic Coast and her account of it under the title, "Scenes Through a Wind Shield," was most interesting. The election and installation of officers which was most harmonious, there being no contest, took place Thursday, and the question box, a feature always enjoyed, was opened.

The floral decoration of the church was unusually attractive and officers and entertainers were showered with flowers throughout the convention. There were also fine musical numbers, one contribution of special interest being by Misses Grace and Luella Kellar, sisters, one of whom is a fine pianist and organist and composer of songs, her sister a singer and interpreter of the composition. They are both members of the P. E. O. Delegates to the number of 132 reported, and there was a large additional attendance made up of members of Southern California Chapters.

#### ANNUAL CLEANUP OF KENNETH ROAD

The annual clean-up of a 300-yard section of Kenneth Road just west of Pacific avenue is in progress yesterday. Every year this little stretch of road which is a slight depression with no outlet, is covered to a depth of several inches with soil that washes down during the rains from the fields to the north of it and it takes two men with teams and scrapers a day or so to remove the deposit. There is a similar situation in the dip in Kenneth Road just west of the Reynolds place, but it is not so serious as there is a broad outlet to the south for the dirt and gravel deposited, and also one in front of C. H. Toll's place.

### FROM ATLANTIC COAST

#### RELATIVES OF MISS MOULTON DISPOSE OF EASTERN PROPERTY AND COME WEST

Miss Minnie Moulton and Miss Ellen Churchill were pleasantly surprised recently by the arrival of Miss Moulton's cousins, Mr. and Mrs. Charles McCarty, from Portsmouth, New Hampshire, who have come to stay. They wrote Miss Moulton making inquiries about the climatic and other advantages of Southern California and she made a conscientious reply which was so satisfactory that almost immediately she received a message stating they would leave the 7th for Los Angeles. Inside of a couple of weeks they had sold their real estate and household effects and were free to start for the west. They say the demand for such things is so great owing to the suspension of building during the war and high price of furniture that it is not a question of finding purchasers but of picking and choosing from among those who compete for a chance to buy. They are now guests in the home of Miss Churchill and Miss Moulton on South Maryland and will make a leisurely survey of Los Angeles suburbs before investing in a permanent home. Glendale has impressed them very favorably and Miss Moulton hopes they will decide to buy here.

#### NATIONAL CONVENTIONS

The National Convention of the Republican party will be held in Chicago, beginning Monday, June 7th. The Democratic Convention will be held in San Francisco three weeks later—opening on June 28th.

### CALIFORNIA COUNTY POPULATIONS

#### CALAVERAS INCREASES MORE THAN ONE-THIRD; DEL NORTE AND COLUSA MAKE GAINS

(Special Service to Glendale Evening News)

WASHINGTON, May 22.—Census returns for 1920 from three California counties have been announced by the Census Board. Calaveras county now has a population of 6183 representing an increase since 1910 of 2988; Colusa county has 9290 or an increase since 1910 of 1558; Del Norte county has 2759 or an increase since 1910 of 342.

### SPECTACULAR LOS ANGELES FIRE

#### PLANT OF TURNER OIL CO. COMPLETELY DESTROYED; FLAMES MOUNT HUNDREDS OF FEET

(Special Service to Glendale Evening News)

LOS ANGELES, May 22.—One of the most spectacular fires in the history of Los Angeles today completely destroyed the manufacturing plant of the Turner Oil Company, with an estimated damage of \$200,000 or more.

The fire started when a spill containing lubricating oil overflowed, flooding an open fire. As a result a tank containing gasoline ignited and exploded. Before firemen arrived ten large tanks containing gasoline and distillate were burning. The flames shot hundreds of feet into the air. Firemen fought the blaze for about eight hours.

### DEATH OF CARRANZA

#### SAID TO HAVE BEEN ASSASSINATED WITH SIX MEMBERS OF HIS PARTY THURSDAY

(Special Service to Glendale Evening News)

MEXICO CITY, May 22.—Venustiano Carranza, deposed president of Mexico, with six members of his party, has been killed near the town of Tlaxcalatongo, in the State of Puebla, according to advices to Generals Obregon and Gonzales, here. The reports did not name the six men who were killed with Carranza. Earlier dispatches had said that Luis Cabrera, one of Carranza's ministers; General Juan Barraga, Chief of Staff; Aguirre Burlanga, prime minister; and Ignacio Bonillas, formerly ambassador to the United States, were with Carranza. The advices said Carranza was killed at 1 a. m. Thursday by a force commanded by Col. Rudolfo Herrera, formerly a Carranza commander. The telegram indicated the colonel with his men accompanied Carranza on his final flight into the mountains after the Rinconalda defeat. While the reports were vague, it was believed that Col. Herrera and his men revolted during the flight and turned against Carranza. In view of the fact that the telegrams referred to the killing of Carranza and his associates as "assassinations," it is believed they were slain without opportunity for defense. Later advices gave the name of the slayers' leader as "Barrera," who, these advices said, formerly was a commander under the bandit Pelaez in the Vera Cruz and Tampico district. Pelaez surrendered to Carranza in March and it was presumed that Barrera and his men joined Carranza at that time. The killing of the deposed president, these advices said, was the result of a plot led by Barrera and about fifty of his followers. Carranza was the first to fall, it was said. Then his followers were killed one by one. It is believed that the majority of Carranza's cabinet ministers were with him and were among the dead. General Murguía, formerly commander of Carranza forces in the federal district of Mexico City, was also reported to have been with the deposed president.

#### OREGON ELECTION RETURNS

(Special Service to Glendale Evening News)

PORTLAND, May 22.—Senator Hiram Johnson jumped into the lead over General Wood on the basis of figures on yesterday's primary elections received today. Johnson led in the race by 1480 votes.

### SUMMER PLAYGROUND

#### EFFORT TO SECURE OPENING OF MAGNOLIA GROUNDS DURING VACATION

The Civic Club, the membership of which is largely drawn from the southern section of the city and which meets in the municipal building at the corner of Los Feliz and Brand boulevard, held its regular meeting Thursday afternoon and was addressed by Mrs. Knox of Burbank. The speaker, who is interested in and identified with the Campfire Movement for girls, gave a talk and organized a camp among the twenty or more girls present at the meeting.

City Manager Watson was also present and addressed the club in regard to a matter concerning which he had received several letters from residents of the southern section, viz., the municipal playground in connection with the Magnolia School. He gave some statistics showing that the school grounds of the city represent about forty acres of which some five acres are occu-

piated by buildings. The balance is largely devoted to playgrounds and has cost in the neighborhood of \$110,000. He expressed the opinion that the city and school districts should co-operate to make these playgrounds available at all times throughout the year instead of spending money to create other playgrounds. To that end it might be possible for the city to assume the responsibility of the care and maintenance of such grounds when not in use by the schools during vacation seasons and at other times. He assured the club that representatives of the city would be glad to meet with a committee from the organization on the Magnolia grounds to see what additional equipment might be needed or what would be the cost of providing supervision during the summer vacation. The matter could then be presented to the City Trustees for action. The president of the Club, Mrs. Bacon, will name one or more representatives of her organization and the matter will probably be investigated along the line outlined by Mr. Watson. The grounds are already provided with ball fields and tennis courts, with swings and some other playground equipment.

### BOLD BURGLARY

#### HOME OF O. L. KILBORN RANSACKED AND ROBBED IN BROAD DAYLIGHT

The home of O. L. Kilborn and family, 217 West Lomita avenue, was burglarized yesterday afternoon. Mrs. Kilborn was at home, but was in and out frequently looking after her chickens. From indications the burglar entered by the front door, while Mrs. Kilborn was in the back yard, went upstairs and ransacked every room in search of money. Every dresser drawer was pulled out and the contents thrown on the floor, the closets ransacked and every bed turned inside out. When through with his search the intruder evidently watched his chance until Mrs. Kilborn was again in the back yard and coolly walked out of the front door as if he was a guest. A considerable sum of money which had been secreted in a cedar chest temporarily for a special purpose, was taken, and a smaller amount put aside for the payment of a telephone bill, also, but nothing else, so it seems evident the burglar did not care to cumber himself with anything but money, hence his thorough search of every possible hiding place.

It is disheartening to think that a house can be systematically searched and robbed while occupied, and the burglar enter and depart by the front door as if a guest in the home. It behooves every householder to see that the front door is locked every time the house is vacated even for a few minutes.

#### CHAPTER B. A. MEETING

Chapter B. A. of the P. E. O. enjoyed an unusually pleasant meeting Friday at the home of Mrs. E. H. Willisford, on North Orange street. A delicious luncheon was served to the 26 ladies in attendance and Mrs. A. T. Wintersgill was the assisting hostess. The program included a paper by Mrs. Guthrie on the Boy Scout Movement and readings by Mrs. Preston from a biography of Jane Addams, of Chicago, the distinguished founder of the first social settlement in this country. Mrs. A. L. Bryant, of Chapter L., was a guest and two ladies were present from the Burbank Chapter.

#### CHICAGO PRICES HIGHER THAN GLENDALE'S

A member of the Evening News office force recently received a letter from a brother living in Chicago to whom he had written quoting some Glendale prices on life's necessities. In the reply the Chicago man wrote that Californians were fortunate, for he had been paying 28 cents to 30 cents a pound for sugar and higher on all other commodities named, for several weeks.

#### FOSTER BRIDGE CLUB

Mrs. N. M. Tresslar entertained members of the Foster Bridge Club Friday at her pleasant home at 320 West Lexington Drive. A delicious luncheon was served at noon and then two tables were spread for cards, the players being Mrs. William Crawford, Mrs. Lester Jones, Mrs. C. E. Norton, Mrs. Claud Hilliard of Los Angeles, Mrs. A. H. Montgomery, Mrs. Helen Campbell, Mrs. Maurice Bondeaux, and the hostess. The high score was made by Mrs. Jones. Beautiful roses decorated the home of the hostess who carried out a pink color scheme in her luncheon appointments, the table being centered with pink and lavender sweet peas.

#### HARWOODS ENTERTAIN

Thursday evening E. E. Harwood, principal of the Cerritos Avenue School, and Mrs. Harwood, entertained with a dinner of several courses the members of the teaching staff of the school and also the parents and sisters of Mr. Harwood, who have recently come from the East. Covers were laid for twenty, guests being Mr. and Mrs. Palmer S. Harwood, Misses Myrtle and Matilda Harwood, Mr. and Mrs. Eustace B. Moore, Mrs. Annie Curtis, Mrs. Bertie Emery, Mrs. McReynolds, Mrs. Gray, Misses Bigelow, Small, Hamlin, Atwood, Miller and Schremp, the host and hostess and their three children. The table was very attractive in its floral and other appointments and following the dinner a jolly social evening of games and other diversions was enjoyed.

### KILLED IN RUNAWAY

#### LITTLE PAUL STRATTON MEETS DEATH WHEN THROWN FROM WAGON

The body of little Paul Stratton, Jr., only son of Paul Stratton and wife of Imperial, was interred yesterday in Forest Lawn cemetery. He was a grandson of Lewis Stratton and wife of 1021 South Adams. The little fellow, who was 5 1/2 years old, went out to the ranch with his father and was riding on the high seat of a two-horse wagon when the team got scared at something and started to run. The father did his best to stop the maddened animals, but in vain. He did manage to keep them in the road, however, and made two turns successfully, finally reaching the main highway but there a stone was struck by the wagon and both father and son thrown off, the latter between horses and wagon and was internally injured, dying in a few minutes. The bereaved parents have one other child, a girl eight years old. Rev. C. A. Cole conducted the funeral service. The Stratton family lived in Glendale up to two years ago and number many friends here who sympathize with them in their bereavement.

#### STREAM OF WATER FLOWS DOWN BROADWAY, CENTRAL

For several days past Broadway and Central avenue have resembled some of the streets of Salt Lake City, Utah, with a stream of clear, sparkling water flowing down one side of each. The overflow from the Henry-Brown Company's manufacturing and bottling plant, where pumps are kept going almost constantly to carry to the proper place pure water for the making of beverages, is responsible for the stream, which runs down Isabel to Broadway, west to Central avenue, and then down that street for many blocks. It would be blithesome to see clear water running along the sides of many of our streets.

#### BROOKSIDE PICNIC

A party of Glendale young people arranged to picnic at Brookside Park today, two auto loads to leave between six and seven, another an hour later. They have planned to spend the day there, enjoying a picnic lunch at noon, and are to be chaperoned by Miss Riley and Miss Breneman, teachers of the Intermediate School. The party includes Margery Brown, Alice Ducey, Alice Kramer, Margaret Clarke, Dorothy Young, Virginia Thom, Margery Temple, Bertha Brown, Carolyn Ayars, John Lovell, Jack Alvord, Alex McPherson, Kenneth Hellyer, Frank West, James Frey and Robert Frey.

#### GREAT BUILDING GAIN

Glendale was tenth in amount of building permits in California cities for April and twelfth in the list of coast cities, ranking next to Sacramento and just above San Jose. Los Angeles was eighth among the cities of the nation in this respect while San Francisco dropped to eighteenth. In 200 cities listed in March and April there was a gain of \$40,000,000. New York City led as usual with \$42,000,000, as against \$23,000,000 in March.

### HEARS OF GLENDALE

#### MASSACHUSETTS LADY WRITES MRS. J. H. BRALY ABOUT HER "WHITE BREAKFAST"

Mrs. John Hyde Braly, who is the regent of the General Richard Gridley Chapter of the D. A. R. of this city, has been gratified to receive a letter from the regent of the Chapter at New Bedford, asking for full particulars of her "White Breakfast," which for several years Mrs. Braly has served to the members of her Chapter at the close of the year. It appears this function has become celebrated and the Massachusetts lady wants to follow her example. White is the dominating note of the breakfast, which is served about 12:30 and for which the guests dress in white. This year it will take place the first Thursday in June and the invitations are now going out. Mrs. C. W. Houston and Mrs. Gertrude Follansbee will be toastmistresses. Mrs. Braly says she is going to write her correspondent the full details of her hospitable plans and it is a pleasure to her to know that she has been instrumental in spreading the fame of Glendale.

## CAN'T BREAK 'EM

MEDIAN TELLS WHY FORD IS POPULAR CAR WITH DIRECTORS

"You can't break 'em, no matter you do treat 'em rough! They'll anywhere, do anything—and best all they're always good for a h. Why, in this present day and generation, a motion picture comedy that a Ford would be like cider thout a raisin or a mule without kick." So says Roscoe "Fatty" buckle, one of the best comedians at ever put on a pair of comedy nts or threw a custard pie. Mr. buckle had been asked to give his rsonal opinion and experience as what the Ford had done for the tion picture comedy industry, d was most enthusiastic on the bject.

"As one of the reliable assets of

the motion picture comedy industry, the flivver holds first place. I can remember back in the old days of the two reel comedies when custard pie was always one of the first things written in a script, whenever we were in doubt as to what to do for a laugh there was one sure rule and that was 'stick in a Ford.' Sure enough it was always good for a laugh.

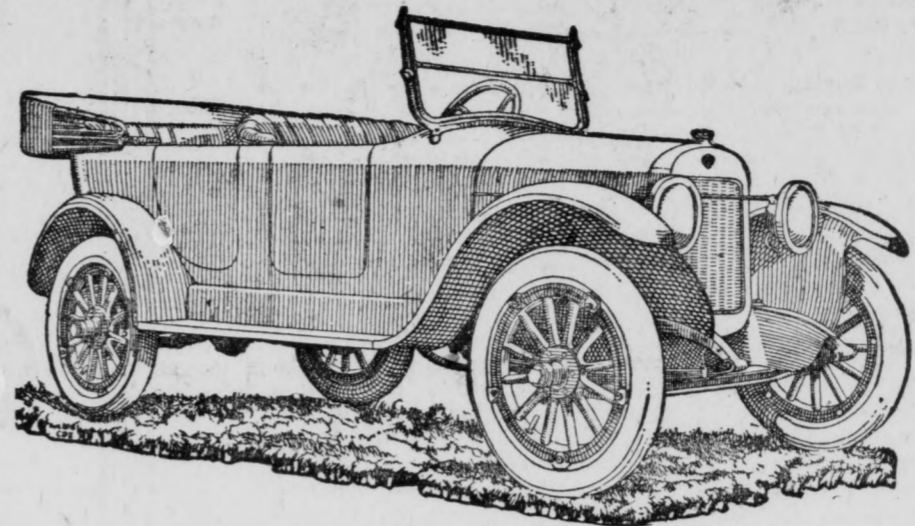

"And furthermore, believe me, there is no car made, either large or small, that could do the same stunts that the Ford has done in the motion picture comedies. It just isn't possible, that's all. Why, I can remember that in my time my old flivver has done most everything but jump through a hoop and roll over, and I'm not so sure but that it would have done that had it been necessary. Why, I've run that car into telegraph poles and over embankments and each time I've said to myself, 'here's the end of this flivver this time,' but that old engine still purred along.

"Hold on a minute and I'll show you that car," said "Fatty," or Roscoe, as he is called now, since he has said farewell to slap-stick comedy, stopped work on his new picture, "The Life of the Party," which he is filming for Famous Players-Lasky, and took us all out to inspect a very much battered flivver.

## MONEY IS NOT THE SOLE END OF MAN

Those production executives who are prone to believe that money is the only thing affecting the attitude of the workman toward his work will be interested in the following incident which occurred recently in a large Detroit automobile plant.

A certain workman was earning about \$8 a day grinding piston pins. Because of the shortage of stock, there were no piston pins to be ground for a time and he was shifted to the task of grinding distributor rods. The average production of a good man grinding distributor rods

## The Great Results that come from the Special Steels in a MAXWELL

There is a double advantage in the use of these special steels in a Maxwell.

1.—They Eliminate Superfluous Pounds, lighten the task of the engine, ease the burden on tires, make possible quicker acceleration.

2.—They Add Strength which insures endurance, dependability, uninterrupted performance, and infrequent repairs.

These special steels make possible the Maxwell construction

of great strength combined with light weight.

The light weight decreases the burden on the engine and their strength provides endurance.

They have been important factors in the success of Maxwell the world over, in its ever-increasing friendships, in its great growth.

Nearly 400,000 Maxwells are now in use. You cannot motor even in a foreign land, without meeting them.

## CROW-ELKHART MOTOR CARS

Multi-Powered

Multi-Powered

Refinement and convenience appeal to the women folks. What will gladden the heart of wife, mother or daughter more than the exclusive charm of the Crow-Elkhart's distinctive lines?

The perfect ease with which it can be driven, and the instant response of its multi-powered motor, makes it the ideal ladies' car, for shopping, for social functions, or for any purpose.

We still have immediate deliveries on these fine cars in Brown, Gray, Midnight Blue or Maroon.

STANSBURY MOTOR CO.

712 East Broadway

Terms Can Be Arranged

Glendale, California

in that plant is about 175 a day. This man, though new on the job, turned out nearly 300 a day, which netted him a little over \$14. Since it is the policy of this plant never to cut piece rates, he was assured that he could continue to earn that money, although, in the general opinion of the shop, the job is preferable to that of grinding piston pins in other ways.

Strangely enough, however, the foreman has had the greatest difficulty in keeping him at work on distributor rods until the stock for his piston pin work shall come in. He would rather lay off for the time being and then go back to his \$8 a day, grinding piston pins. The foreman has been unable to discover the reason for his apparently strange desire.

The incident is strange, to be sure, but it is entirely true. Such incidents, though comparatively unimportant in themselves, are practical indications of the fact that many things other than money considerations enter into the attitude of the workman toward his work and his company. As in this case, too, it is often difficult to determine the real factors behind such an attitude. In general, they cannot be determined without recognition and a careful investigation. The results of such an investigation would be significant and valuable.—Automotive Industries.

## Poor Pa

Said pa, one winter's morning,  
When he took a sudden drop,  
"How sad that water freezes  
With the slippery side on top!"

## Do you know that a

good job of vulcanizing will give you many more miles of service and no matter how bad the puncture or long the rip, it can be practically made into a new tire and in these days of high prices, it pays to investigate any process that will save you money. Good vulcanizing, the kind that we do, will greatly reduce your tire trouble and expense.

## PUT TO THE TEST

### PROTECTION FOR MOTORISTS IN PURCHASING STARTING BATTERIES

When it comes to buying a storage battery, the average motorist has to take a lot on faith.

However, there are two safe rules to follow which, if strictly adhered to, take all the uncertainty and guesswork out of buying a battery, placing it on the firm foundation of demonstrated facts, thus insuring complete satisfaction.

The first rule to be observed is to inquire carefully into the reputation of the company manufacturing the battery under consideration, and the second is to find out what service it has rendered other motorists.

Thousands of motorists have solved their battery troubles for all time by applying this test to "Exide" Batteries, and in every case, the results have been eminently satisfactory. For in the first place, the "Exide" Battery is made by The Electric Storage Battery Co., the world's largest maker of storage batteries for every purpose. It is backed up by the skill and knowledge resulting from thirty-two years of manufacturing and engineering experience. And secondly, it has been the universal experience of "Exide" users that this battery is as good as human skill can make it.

Experience has also shown that "Exide" Batteries, owing to their compact, simple, rugged construction, require the minimum of attention and repair, but when adjustments are necessary, motorists have learned that "Exide" Service meets their needs in a broad-minded, liberal and efficient spirit that is unique in the annals of the automobile industry. This service is at the command of every motorist in the country—no matter where he lives and irrespective of the make of storage battery he uses.

## DRIVER, NOT MACHINE, TO BLAME

As a part of a research undertaken by the National Safety Council with a view to wiping out avoidable accidents in street traffic, a study is being made of accidents in some cities. During March in St. Louis there were 791 street accidents. As was to be expected, in a majority of them, 494, automobiles were involved, but analysis establishes that there is no ground for a hasty conclusion that motor vehicles are, therefore, dangerous machines.

In only 81 of the 791 accidents are the causes given as unavoidable, while in but 20 instances were mechanical defects found. It is made plain that negligence of drivers in a large majority of cases is responsible for accidents and this applies to horse-drawn vehicles and to street cars as well as to automobiles. Strict observance of traffic laws and regulations, regard for the rights of others, a due comprehension of personal responsibility, are some of the essentials to making the streets safer. It is not the automobile but the person in charge of it that is blameable for most accidents. Careful driving means lives saved and property preserved.

## NEXT YEAR'S ROADS

The greatest impetus ever known in this history of road-making in America is planned for the year 1920. The aggregate is almost \$700,000,000 for road building and road improvement.—Southern Motorist.

Dan (reading the paper): "Ere's a burglar escaped down a water-pipe."

Gaffer: "By gum! 'E must 'a' been thin!"—Sketch.

Some day, perhaps, the vice-presidency will become popular.

## THE UNIVERSAL CAR

### Surest Thing in the World

Two and two have always made four. There would not be more than three million five hundred thousand Ford cars in daily service—which is just about one-half of all the automobiles in America—if the Ford, as a reliable motor car, did not meet the demands of all classes of people everywhere and under all circumstances.

Two and two have always made four. If the material, the iron and the marvelous Vanadium steel used in the construction of the Ford chassis, were not of the highest quality known to the science of Metallurgy, then the Ford car could not have won its world-wide reputation for reliability.

Two and two have always made four. When replacements and repairs are required on Ford cars, the Ford owner will be wise in bringing his car to our place, because we use only the Genuine Ford Parts, and we have the Ford skilled mechanics, and all the Ford knowledge that goes to maintain the high standard of quality which is original in the Ford car.

When you want a Ford car or a Ford truck, and when you want repairs or replacements for the same, we earnestly solicit your business, assuring you of prompt attention, real Ford service, and economical Ford prices.

### TWO CARS WRECKED

DR. LUCAS' MACHINE RUN INTO  
BY ANOTHER, AND BOTH  
BADLY SMASHED

Dr. Gallagher of Los Angeles was returning to his office from a call in Eagle Rock this morning and as he drove down Brand boulevard at about 20 miles an hour, according to Dr. Lucas' observation, he drove directly into the latter's Overland which was standing in front of his dental office at 1243 S. Brand. This was at about 11 o'clock. Dr. Lucas' car was badly wrecked and Dr. Gallagher's Dodge turned over and also suffered serious damage. Two wheels were torn off and the whole front was wrenched and bent, but he was absolutely unhurt. Dr. Lucas' little boy, Obed, 8 years old, was in his car and was so badly scared, though entirely unhurt, that he came near dying.

Dr. Gallagher explained to Dr. Lucas that he thought he dozed-off for a moment, having lost considerable sleep of late, for he did not even see the car he struck.

### DETACHMENT FROM ROSS FIELD PASSES THROUGH GLENDALE

A detachment of 62 men under command of Capt. Perris passed through Glendale about noon today with full equipage, on their way back to Ross Field, Arcadia, from San Francisco, where they had been attending a big aerial meet. They were conveyed in 12 big trucks and three trailers. They left San Francisco four days ago and will reach Ross Field this evening. As they entered Glendale on the San Fernando Road one of the trucks struck a man named Gosney, who was working on the big new electric sign the city is having placed at the city's north-west gateway and he suffered a broken ankle. He was taken to the Glendale Sanitarium for treatment.

### NOTICE OF HEARING OF PETITION FOR PROBATE OF WILL No. 47118

In the Superior Court of the State of California in and for the County of Los Angeles.

In the matter of the estate of Charles Franklin Morton, Deceased. Notice is hereby given that the petition of Florence Isabel Morton, for the probate of will of Charles Franklin Morton, also known as Charles F. Morton, deceased, and for the issuance of Letters Testamentary, thereon to Florence Isabel Morton, will be heard at 10 o'clock a. m. on the 8th day of June, 1920 at the Court Room of Department 2 of the Superior Court of the State of California, in and for the County of Los Angeles. Dated May 17, 1920.

L. E. LAMPTON,  
Clerk.  
By H. H. Doyle, Deputy.  
JAMES F. MCBRYDE,  
Attorney for Petitioner.

juries. While it is too soon to determine with certainty, physicians are hopeful that her injuries will prove to be entirely superficial. The ladies were taken to a local hospital and are receiving the best of care. Mrs. Peck remained with her sister and friend for two days but returned to her home in this city Friday night.

The Pecks came to Southern California from Morganstown, West Virginia, about fifteen years ago. Mrs. Taylor was a scholar in a Sunday School class Mr. Peck taught there and he has known her from childhood.

### LUCKY ACCIDENT

AUTO STRIKES TELEPHONE  
POLE WITH FEARFUL FORCE,  
BUT OCCUPANTS ESCAPE

J. A. Pope, King Barton and Kid Williams are congratulating themselves on being alive. When they started for Big Bear early yesterday morning with visions of big catches of fish floating before their eyes, they thought they were mighty lucky mortals to be able to get away on so pleasant an excursion. An hour later they thought they were still luckier. When near Uplands a tractor coming in from a side street caused Mr. Pope, who was at the wheel of his new Studebaker 6, to speed up to 35 miles an hour to avoid it, making a sudden swerve at the same time. The turn was too short, however, and they skidded into a telephone pole with such force that crossarms and insulators were jarred from its top, and the machine

was badly wrecked, but the occupants escaped injury, miraculously, it seemed. Barton suffered a few slight cuts from flying pieces of the shattered windshield, but the others were not even bruised. The damage to the machine will cost about \$250 to repair.

The three would-be fishermen were so glad to get back alive that there was no room for regretting the fish they might have caught.

### FLIRTING WITH DEATH

An appalling number of people are killed or injured every year in automobile accidents, most of which are caused by careless driving. The saddest thing about the accidents is that the innocent suffer with the guilty.

When a fine stretch of road looms ahead many a driver feels a strong temptation to "give her the gas," but the wise driver does not follow the impulse to the danger point. Though the road looks safe, the dangers in front of a speeding car may be many. The width of the road, the curves and the traffic must be considered. What is safe speed at one place may be dangerous speed a short distance ahead.

A driver ought to have regard for the safety of those riding with him and of others using the road. Otherwise he will sooner or later learn a lesson, perhaps at the expense of life or limb. When someone is killed or injured reckless driving becomes a tragedy, and the driver must feel that he is guilty of murder even though he escapes the penalty of the law.

### NO AUTO SIGNAL

SISTER OF MRS. C. E. PECK IN-  
JURED IN COLLISION THROUGH  
DRIVER'S CARELESSNESS

Mrs. C. E. Peck of South Louise street was called to Pasadena Wednesday evening to the bedside of her sister, Mrs. W. R. Jones, who had been injured in an auto collision. Mrs. Jones and her friend, Mrs. D. C. Taylor, are from Morganstown, West Virginia, and are in the habit of spending the winter in Southern California. They have divided their time between Glendale and Pasadena, having relatives in both places. Their headquarters have been an apartment in The Victoria, at Pasadena. The two ladies were returning from a tour of Orange county in a new Sedan car driven by their chauffeur, a skillful, competent man at the wheel. At the Fullerton-Brea junction of the highway, a short distance north of the Pacific Electric bridge on Spadra they collided with a car driven by F. Palen of Brea. The Sedan had the right of way and there was no signal from Mr. Palen as to which direction he intended to take. The driver of the Sedan not having any guide to the intentions of the other man, made a mistake as to the direction in which he intended to turn and the two cars came together. The Sedan was thrown on its side and the two ladies were quite severely bruised but no bones were broken. It was at first thought that Mrs. Jones, who suffered more than her friend, might have sustained internal in-

## Sunday Services at the Churches

### PRESBYTERIAN CHURCH

Broadway and Cedar. Rev. W. E. Edmonds, Minister. Morning sermon, 11 o'clock, "The Duty of Paulfinding." Texts, Prov. 27:6, Luke 17:3. Evening subject, (Live Questions Series, No. 1), "Is Protestantism a Failure?" Next week will be "What of Mormonism?" The pastor will preach both morning and evening. Sunday School, 9:30 a. m. Junior Endeavor, 3 p. m. Intermediate, 6 p. m. Y. P. S. C. E., 6:30 p. m. The male quartet from the Bible Institute will be present at the Endeavor meetings to give several selections. Prayer meeting, Wednesday, 7:30 p. m. Subject, "Men Who Prayed." Read Ex. 4:1-8. Everyone cordially invited to all the services of this church. Strangers and visitors made specially welcome. "The Church of the Lighted Cross." Musical program: Morning—Quartet, "The Lord is My Strength" (James), Anna May Galoway, Mrs. Fannie Marple Retts, Mr. Allen McDaniel, Mr. Clifford Riggs; Tenor Solo, "I Will Put My Trust in the Lord" (Abbot), Mr. Allen McDaniel. Evening—Quartet, "We Are His People" (Caleb); Contralto Solo, "The Day is Ended" (Bartlett), Mrs. Fannie Marple Retts; also two numbers by the Bible Institute Male Quartet, Messrs. Eriburg, Duerksen, Eitzen and Janz, "Christ Receiveth Sinful Men," "Go Through the Gates."

### FIRST METHODIST CHURCH

Corner Wilson and Kenwood. Rev. Clyde Monroe Crist, D. D., Pastor. Sunday School (graded) at 9:30. Prof. A. W. Tower, Superintendent. An "automobile race" is beginning this Sunday. Each class has a chauffeur and will choose its car this Sunday. It's a campaign that will bring results. Watch it! Preaching at 11 o'clock by Dr. C. E. Leitzell of U. S. C. Class Meeting, 12:15. Rev. C. R. Norton, Leader. Epworth League, 6:45. Mrs. Starkey's class of girls will have charge. A "live" meeting. Intermediate League, 6:45. (ages 12 to 16 years). Mr. L. C. Ceeds, Superintendent. For "the younger set," Brotherhood Round Table at 7

o'clock. Mr. A. G. Lindley, Leader. A place for men. At 7:45 installation of Epworth League officers followed by addresses from three college boys on "Life Service." The music for the day is of a splendid character. Miss Isabelle Isgrig, directing, and Mrs. H. W. Randall at the organ. The acousticon is installed for those needing it. The usher will direct you. Come to "A Church That Seems Like Home."

### FIRST BAPTIST CHURCH

Corner Wilson and Louise. Ernest E. Ford, Pastor. Sunday School at 9:30. Roy L. Kent, Superintendent. Morning worship at 11. Sermon theme, "Carrying Your Corner." Young People's Meeting at 6:45. Topic, "Being a Good Comrade." A Union Meeting with the Juniors and Intermediates. Evening service at 7:45. The women of the church will have charge of the service. Special musical numbers: solo, duet, chorus and violin duet. Address by Miss Bulah Bassett, a returned missionary from China. This is bound to be a very interesting and helpful service. Everyone is invited. Prayer meeting on Wednesday night at 7:45.

### CONGREGATIONAL CHURCH

Location, Central and Wilson. Dr. E. H. Willisford, Minister. 9:45 a. m. Sunday School. 11 a. m. sermon by the minister. Text, Isaiah, 32:17. "And the work of righteousness shall be peace; and the effect of righteousness, quietness and confidence forever." 6:30 p. m., Young People's meeting. 7:45 p. m., Dr. William Henry Bucher, just back from Red Cross work in Siberia, will be the speaker. He had a rich and varied experience with our "boys" in that far away land and also with the Russians. The doctor was 2000 miles in the interior, saw much of the social and industrial situation. He will tell about Bolshevism. Here is a great chance to get some important inside knowledge of a great world movement. The doctor is very glad to tell the American people how the money which they have contributed for Red Cross work has been used.

### CHRISTIAN AND MISSIONARY ALLIANCE

Meetings every Tuesday, 7:30 p. m. Gospel Tabernacle, 310 E. Chestnut street, corner of Louise. Full Gospel—Jesus Christ—Saviour, Sanctifier, Healer and Coming King.

**FEDERATED AID**  
The Federated Aid will meet in the Congregational Church on Monday, May 24th, at 2 p. m. Mr. and Mrs. Thos. Youngken of Africa will be the speakers. The women of all the churches urged to attend and bring their friends.

### CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist, corner Maryland and California avenues. Service Sunday at 11 a. m. The lesson sermon is from the Christian Science Quarterly Bible Lessons. Subject, Sunday, May 23, "Soul and Body." Sunday School at 9:30 a. m. Wednesday evening testimony meeting at 8. Reading room, 135 S. Brand Blvd., open daily except Sunday and holidays from 12 to 5 p. m. Also every Tuesday, Thursday and Saturday evening from 7 until 9.

### CATHOLIC CHURCH

Mass at 8 and 10:30. Sunday School at 9 a. m. Sermon in English at 10:30 service. Doors open for all. REV. JAMES S. O'NEILL,  
Pastor.

### NEW THOUGHT CENTER

Masonic Temple, Sunday May 23. Lecture by Dr. Frank Riley. Subject "In Tune With the Infinite" at 11 o'clock. Sunday School at 9:45. All welcome.

### UNIQUE SERVICES AT BAPTIST CHURCH

Next Sunday evening's services, May 23rd, at the First Baptist Church are to be conducted entirely by the ladies of the church, when the topic for the evening, the music and the ushering will all be carried out "a la feminine." At a recent evening meeting the men had complete charge and the ladies think they surely can do as well, if not better.

### Something Different at the Presby- terian Christian Endeavor

The Male Quartet from the Bible Institute will give several selections at the Young People's Society and Intermediate Society of Christian Endeavor in the Presbyterian church next Sunday evening. Also student volunteers will speak. All young people cordially invited to come and bring their friends.

### Advertisements

Mrs. Eustace B. Moore, who is the "Grade Mother" of the Seventh Grade, Cerritos Avenue School, has chaperoned the boys and girls of that grade on a trip to Venice today. A number of other mothers will be in the party and Miss Bigelow, the grade teacher, expected to accompany them.
