being charged with a little repetition, will add the reservaing remarks.

A House fastitution has already been too long wanted
among us. The expense attending the sequinition of
thowledge in Schoole at a distance from us, has herefore
closed the door of Science against the poor student and
has caused this part of the country to be everyan with
Queck Doctors, to the destruction of beauen life. An Institution like that which we are about to establish, which will
have harmful at a new doors. impart instruction at the totion like that which we see about to emaining which which bring knowledge to our doors, impart instruction at the cheapest pessible rate, and afford the opportunities of Medical Education to all who may feel inclined to avail themselves of them, must lead to the advencement of Science and the rational treatment of disease by regular bred Physical Inclined to the service of the and the rational treatment of disease by regular bred Physiciana; and cannot fail in whatever point of view it is considered, to obtain the good wishes of every philanthrepist and friend of Science. Besides, to the Student of Medicine in the South West it will recommend itself by this manawerable reason for a preference over any similar fastitution at a distance; it will enable him to study discoses, and their treatment in the elimate in which he intends to practise, and will supply him with that information which is necessary for his successful peacies, and which he could not obtain except at home.

The undersigned respectfully invite the attention of the Students of Medicine in the South West, to the above the servations, and confident of success, announce; that
